Chapter 1 - Analysis

ABOUT THIS REPORT: Impact of "Christ for Europe"

About this Edition of the ASR. On April 11, 2023, during the Spring Meeting held at the world headquarters, GC President Ted Wilson announced the Christ for Europe initiative. Two major evangelistic campaigns took place across Europe in May and September. More than 150 international evangelists signed on to cross the ocean "to preach, teach, and baptize" in more than 1,500 European locations in both months. The Christ for Europe initiative is "the most extensive outreach conducted in Europe in the history of the Adventist Church" according to Duane McKey, Adventist World Radio (AWR) president. In this edition of the Annual Statistical Report, we will explore the impact of the Christ for Europe initiative by examining the impact on accession statistics in European territories of this unprecedented campaign.

Accession Overview. Charts 1-3 show individual bar graphs of accessions from 2019 to 2023 for each European division participating in the Christ for Europe initiative. The purpose of these charts is to show whether the campaign has helped increase accessions in these divisions in the year 2023. In looking at the charts you will see that accessions decreased sharply in 2020, during the worst of the Covid-19 pandemic. Accessions began to rebound in 2021. By the end of 2023, accessions again increased: marginally for the Inter-European Division (up .9%), emphatically for the Trans-European Division (up 15%, though net accessions were still less than in 2019), and moderately for the Ukrainian Union Conference (up by 2%). The increase in the Trans-European Division is quite impressive since they are a smaller division, with 90,510 members, and with a population estimate of 207,671,000.

Questions. This data raises questions which are beyond the scope of this publication to answer, but that does not mean we should not ask them and invite other researchers to seek the answers. How effective was the Christ for Europe initiative overall? Was it worth the time and effort from international evangelists? Could this same approach also be successful in other divisions, such as in the African or Asian territories? What are the most effective ways to reach the post-Christian populations of Europe?

Standard Charts. Charts 4-6 all demonstrate that 2023 accessions have continued a steady climb from the year prior. In fact, with 1.465 million people added to the church, 2023 saw the highest number of net accessions of any year in church history, exceeding the 1.383 million added in 2018. Nearly every division saw an increase in accessions since 2022. In Chart 4, you will notice a large increase in accessions in the West-Central Africa Division with a remarkable 29% increase from 2022. Following closely is the East-Central Africa Division, with an impressive 26% increase from 2022. In Chart 5, you can see that, thanks be to God, over a 10-year span, accessions continue to increase (with the exception of the Covid year of 2020). In Chart 6, it should be highlighted that, even as accessions increased, the number of losses was 13% down on 2022, yet, with a total of 836,905 living losses, 2023 was the third highest year for net losses.

Chapter 7 - Global Mission

GLOBAL MISSION

The Church's Presence, Outreach, and Mission

Challenge of Global Mission.—The Global Mission document voted at the 1989 Annual Council and endorsed at the 1990 General Conference Session seeks to create an awareness, in concrete measurable terms, of what the gospel commission means to the church today.

Monitoring Global Advance.—Table 1 below lists major unentered regions of the world according to conferences or missions rather than by countries. It is based on a challenge of Global Mission: to place a church among each one million of earth's population. To locate regions where the ratio of churches to population is less than 1:1,000,000, we have used the *2024 Seventh-day Adventist Yearbook* to find those conferences or missions with low church-to-population ratios. For example, in the Bangladesh Union Mission of the Northern Asia-Pacific Division the West Bangladesh Mission has a population of 34 million and 31 churches. Therefore, on average, each church serves a population of 1.1 million people. Progress is indicated in the fact that in 1990, each church served an average of 2.2 million people.

This view of the global challenge shows in which conferences or missions the great challenges lie in relation to the Adventist "presence." (For a definition of "presence" see "Definitions" in the next column.)

A column is provided to show the "Population Estimate (Millions) Per Church 1990 or When Organized" for comparison. The basis for these entries is the 1991 Seventh-day Adventist *Yearbook* or the *Yearbook* representing the year of the field's organization after 1990. In some cases the 2023 ratio is larger than the earlier ratio. This may be due to a population that is growing more rapidly than the church or to official revisions in population estimates, rather than to a loss of churches. In some cases the fields that existed in 1990 no longer exist by the same name or territory so a direct comparison is impossible. In other cases growth of churches has lowered the ratio below 1.0. These are being eliminated year by year as church growth occurs. This occurred last year when the Greek Mission of the Trans-European Division established its 11th church in a territory with a population of 10.6 million people.

The number of churches is taken from the 2024 edition of the *Annual Statistical Report*; population statistics are for mid-2023 and are published in the 2024 *Yearbook* as provided by the Population Reference Bureau of Washington, DC.

Some countries with a population of one million or more yet with little or no Seventh-day Adventist organizational structure are shown in parentheses.

Table 2 lists all countries and some areas of the world and shows church-planting activity and general growth, including the number of ordained ministers, churches, companies, and members, for each country.

Although isolated Sabbath keepers or Seventh-day Adventists from other countries are known to reside in some countries where there is no organized church, the data here corresponds to official reports from the divisions.

The "Ordained Ministers" column excludes those who serve in administrative positions at the union and division levels.

Definitions.—Officially, what is a "country or area of the world?" For the purposes of this report, it is a separate political or geographical entity. Because the Seventh-day Adventist Church does not involve itself in political affairs, the reader should attach no special significance to the presence of certain names in the list or the absence of others. The countries and areas shown in the accompanying Global Mission tables are taken from the United Nations Statistics Division, Standard Country and Area Codes Classifications (M49) list, excluding areas without political autonomy or permanent populations.

"Presence" means the existence within the territory of an organized church. "Established work" exists in a country or area of the world when one or more of the following criteria have been met: (1) when an organized church meets regularly; (2) when a mission station, healthcare facility, or school is functioning regularly; or (3) when a regular full-time denominational employee is based in the country or area carrying on outreach or soul-winning activities through such units as a Sabbath school, an organized company, or a language school. Seventh-day Adventist work is not considered to be established in a country or area when it is limited to a series of evangelistic meetings, literature-evangelist work not based there, scattered Sabbath keepers, employees traveling through, or temporary service by regular employees, student missionaries, or other volunteer employees. Countries or areas where the church does not have established work are listed in Table 1a on page 106.

The "number of countries and areas of the world" is derived from the United Nations M49 list downloaded July 15, 2024, less the areas excluded for the reasons mentioned above. This makes our count 235.

Symbols Used in Table 2:

+ Improvement, but percentage calculation is impossible because the beginning figure is zero.
– Decrease in growth.
( ) Negative number.

GLOBAL MISSION
(GM) Table 3
10/40 Window

Matthew 24:14: "And this gospel of the kingdom will be preached in the whole world as a testimony to all nations, and then the end will come." NIV

The 10/40 Window describes a rectangular-shaped region of the world map in the eastern hemisphere between the 10 and 40 northern lines of latitude, which includes North Africa, the Middle East, and Asia, where more than 60% of the world's population live. This region is home to some of the largest people groups who do not have access to the Gospel message. The majority of the world's least evangelized countries and a great number of the poor are within the 10/40 Window. It contains three of the world's dominant religions: Islam, Hinduism, and Buddhism, plus the non-religious. Much of this region also has Biblical and historical significance.

Note 1—Per Capita after 1921 decreased because of inflated European currency values transposed to gold basis.

Note 2—As of 2008, 'Unions of Churches' are being counted as unions, no longer as local conferences.

Note 3—Total General Employees column does not include credentialed and licensed literature evangelists.

Note 4—As of 2014, credentialed employee counts include both full-time and some part-time credentialed employees.
