SITUATION IN TANZANIA

The situation in Tanzania was discussed. As developments in that country have a tendency of suddenly accelerating it was

AGREED, to permit the Tanzania Union to open an external account in shillings in Nairobi and further that permission be granted to TU to use any savings of Expatriate workers for current operation on the understanding that the necessary information be passed on to the Division Treasury so that a trust fund for such workers, who might agree to this arrangement, can be set up in the Division.

R. H. MILLS - QUESTION REGARDING PERMANENT RETURN

WHEARAS, having just received a letter from R. H. Mills in which he expresses surprise that the Division acted so soon on his permanent return and

that he would very much like to return to work in the Division, it was

AGREED, To inform Brother Mills that:

1. The news of his medical condition was passed on to us by the Ethiopian Union President, Elder H. Palm who came to Beirut in connection with the Midyear meetings.

2. The Ethiopian Union Overseas Committee took the following action:

VOTED, To recommend to the Afro-Mideast Division that the furlough voted for R. H. Mills in N.E.D. 228, p. 81, and A.M.D. 70-90, be cancelled, and that he be granted a permanent return to the United States, effective as soon as possible, for health reasons.

3. The Division officers held the matter in abeyance until the Medical Secretary of the Division, Dr. Sheffield who is located in Nairobi, had had a chance of studying the x-ray and report on R. Mills.

4. After medical consultation word was passed on to Ethiopia by TELEX for Bro. Mills to remain until the 20th or so of May, but instead it was learned that he left on the 8th of May in spite of counsel to delay his departure so that the Division auditor could take over from him.

5. This hurried exit gave added weight to the urgency of the physical condition of Bro. Mills.

6. Upon medical recommendation the Division Committee took an action on May 6, for R. H. Mills to go on permanent return.

7. A nominationg committee was then appointed.

8. The nominating committee only reported on May 9, and Brother L. G. Diamond was appointed Treasurer of the Ethiopian Union.

The Officers wish to restate that the only reason for recommending R. H. Mills for permanent return was based on the very best medical counsel available.
