### Be Strong.

Be strong!

We are not here to play, to dream, to drift;  
We have hard work to do, and loads to lift;  
Shun not the struggle—face it; 'tis God's gift.

Be strong!

Say not the days are evil. Who's to blame?  
And fold the hands and acquiesce—oh, shame!  
Stand up, speak out, and bravely, in God's name.

Be strong!

It matters not how deep intrenched the wrong,  
How hard the battle goes, the day how long;  
Faint not—fight on! tomorrow comes the song.

## GENERAL ARTICLES.

### The Palisades Camp Meeting.

This meeting was held according to appointment, September 12-22. The weather was all that could be desired, and a large number of our people were present at every meeting.

The evening meetings were conducted especially for those not of our faith, and our forty-foot round tent was too small to accommodate the people. Seats were taken from the church for those who could not find room inside the tent.

A deep interest was manifest by many who attended the services. For the last twenty-five years we have attended from one to three camp meetings every year, but this meeting was the best that we ever attended. We have read of the latter rain; we have believed that

some day it would fall upon us, and we thank God that at this meeting we realized something of its copious showers.

The last day of the camp meeting Elders Kennedy and MacGuire buried eighteen willing souls with their Lord in baptism.

Elders Kennedy and Macintosh are following up the interest, and will have another baptism in a few days. Almost the entire company of believers reconsecrated themselves for service. Several backsliders were reclaimed, and all said this meeting was the greatest and best ever held in Colorado.

Brother J. J. Jobe was present, and gave instruction in the canvassing work. Several good, earnest persons will take up this noble work which will add to our corps of house to house workers.

The workers present were Elders Kennedy, Mackintosh, Curtis and MacGuire, and W. F. Hills, J. J. Jobe and the writer.

Elder Curtis will, in a few days, be out among the churches.

Elder Kennedy will look after the interest in the immediate vicinity of Palisades for a time. After a few days of much needed rest, Elder MacGuire will continue his work especially for the young people.

I hope soon to be strong enough to take up good hard work in the field, and hope for great things at the hands of our God in building up his kingdom in the earth. Your servant,

G. F. Watson.

It has been decided not to increase the subscription price of Watchman October first, as recently announced by the publishers of that paper.

### Missionary Volunteer Work at the Palisades Camp Meeting.

For some time a desire has been expressed for a special effort in behalf of the large company of young people in Palisade and vicinity, and the camp meeting proved to be an opportune time for such an effort. From the first the meetings were characterized by deep spiritual power.

The plain, definite promises of the Holy Spirit found in the Bible and testimonies were studied and grasped by faith, and many engaged in earnest pleading for the latter rain. An intense love and burden for souls were felt and through prayer and earnest personal effort many were led to Jesus. The young people rejoiced in the most remarkable and direct answers to prayer as they made a deeper consecration than ever before.

When the meeting had been in progress for some time a large missionary volunteer society was organized, and we feel sure that the good work will go forward with great success if the same spirit is maintained.

There are many young people here who will, with a comparatively brief training, be ready for active service in the harvest field.

A splendid interest was taken in the Missionary Volunteer Reading Course, and other plans for the work, this winter.

It is our desire, if the Lord wills, to visit the young people on the Western slope in their home churches and assist in thoroughly organizing the Missionary Volunteer Department.

Our hearts are filled with deepest gratitude to God for his rich blessings at the Palisade camp meeting.

Meade MacGuire.

## FIELD REPORTS.

## Denver.

The Lord has been greatly blessing the work in Denver since camp meeting. We see quite a number of new faces in our services. We have more calls than we have been able to fill. We expect to see many souls gathered into the fold. Last Sabbath it was our privilege of baptizing three people. A number of others will follow soon. It causes our hearts to rejoice to see the work going. We believe that it is our privilege to see such as shall be saved added to the church daily.

G. W. Anglebarger.

## Loveland.

All will remember that we held a tent meeting in Loveland late this summer. E. E. Farnsworth and wife and Sister C. B. Watts assisted in this effort.

A good interest was growing when it was thought necessary that we take down our tents and go to camp meeting.

We regret very much that this interest must be largely dropped at so important a time. Brother Farnsworth had to go back to teach in Union College. Miss Watts has been engaged to teach church school in Boulder, and can only go to Loveland over Sabbaths and Sundays. This latter will be a good help.

My own field being changed for the present, makes it impossible for me to care for the interest awakened by the tent effort. This also explains to the brethren and sisters in many places in District No. 1 why I cannot now fulfill to them some promises I have made. If the way ever opens I will gladly render the help I promised. I am sure the Conference Committee will do all it can to meet the needs of the whole field, according to their best judgment and the workers available. I ask you to pray that the work of God may prosper in my hands both here in Colorado Springs and elsewhere.

It was my privilege to go up to Loveland for a few days after camp meeting. On Sabbath, September 7, I baptized four. This makes nine I have baptized in Loveland since the tent meeting began late in the summer. Others desire baptism later. I am pleased to be able to report that I found two more keeping the Sabbath this time. The Lord is certainly blessing his work in Loveland, and there is a great field

there for labor—a field that appears to be white unto the harvest.

H. M. J. Richards.

## Western Slope Camp Meeting.

Dear Echoes Readers:

Thinking you might be interested to know the outcome of the Western Slope camp meeting, September 12 to 22, we are glad to say it proved very satisfactory. There were present the following laborers: Elder M. Mackintosh, of Burlington; and Elder Meade MacGuire and J. J. Jobe, of Denver; G. F. Watson, W. F. Kennedy, E. H. Curtis, W. F. Hills and Lida Moore, of the Western Slope. Considering the busy times of the year, the attendance was good and the meeting was a success. There were several representatives in from the different churches. We appreciated the help rendered by the brethren from the Eastern Slope.

Sister M. MacGuire was present at the meeting, and sold a large number of Bibles and books. The preaching during the day was of a practical nature. It certainly revived much of the old time zeal. We enjoyed a fresh baptism of the Holy Spirit. The power of God attended each service. Sinners were converted and backsliders reclaimed. Sunday, September 22, eighteen dear souls were buried in the watery grave. The visiting brethren, as well as the members in and around Palisades were much encouraged.

Several have remarked that this was the best meeting they ever attended. It created a large interest from the outside. Elder Mackintosh and the writer have been following up the work. There are several who seem to be very much interested.

Brethren, pray for the work on the Western Slope. Let us seek God for greater power, that we may finish the work and go home to glory.

W. F. Kennedy.

## A Peep Into Our Sanitarium.

It was the fifth of September, 1907. A day in autumn, you see, though not one of those "Melancholy days, the saddest of the year." No, but rather one of vernal green, glorious sunshine and balmy air. To the people of Boulder it was one of Colorado's far-famed, ideal days, borrowed, as it were, from Gloryland. At the Sanitarium it was no less than this, for there a heavenly atmosphere pervaded all.

The hour was noon, and a man was seen ascending the steps leading to the surgical ward. Soon a trained nurse had him in readiness upon the operating table. Standing round about, were three physicians, three nurses, and the patient's wife.

The surgeon said to an assistant "Will you offer a word of prayer?" All bowed heads while the doctor prayed: "Our Father in heaven, we thank Thee for Thy goodness and for life. Wilt Thou bless us in our effort in behalf of suffering humanity. Bless Brother — and strengthen him for the great work Thou hast given him to do. We ask it in Jesus' name."

Then came the ether, and as the last moments of consciousness were all but gone, he called to his wife with the little strength at his command, "They are G-o-d's p-e-o-p-l-e."

At the hour of four a faint consciousness returned, and with it came the last conscious thought, and its expression in words: "They are God's people." Just then he heard so distinctly a nurse saying to one by his side: "They tell us that is the way it will be in the resurrection; death is but a blank. When the dead are brought to life their thoughts will begin where they ceased at the hour of death."

After days and nights of suffering and helplessness under the care of kind hearted, skillful nurses and consecrated physicians, the distress is past; and the patient finds life sweeter and more abundant than before, and hope brighter; while his heart is yet more firmly fixed in its purpose to live for Jesus and eternity.

As we note how the management, the physicians, the nurses and the helpers in the various departments of this institution appear in their deportment to be here for the one purpose of letting the Christ-life make manifest to all the principles of righteousness in connection with the true health reform, and caring for the sick, we can not but recall the gracious words sent us so recently from the Giver of every good and perfect gift: "LET IT LIVE!"

Truly then, if we who are in the field, laboring in word and doctrine, improve every opportunity of speaking a word in favor of the Colorado Sanitarium we will be found working together with God in giving life and strength to this plant of His Providence, which is endeavoring in the Savior's

strength to do its part in proclaiming the everlasting gospel.

May it not fail nor be discouraged till it shall have fulfilled its mission to mankind.

### Campion Academy.

To the Brethren and Sisters of the Colorado Conference:

The instruction of the Lord to this people in regard to establishing schools in the country is plain and explicit. Your conference officers have moved according to their best judgment, in the fear of God, in providing commodious school buildings in a very pleasant location at Campion Switch for the Eastern Colorado Academy.

But buildings and teachers alone will not suffice for such a school. We must have furniture (some was promised at camp meeting), fuel, lights, books, and something to feed boarding students. These you will recognize as absolute necessities. But the school board has no money.

We believe God called us here. We believe that God has young people in Eastern Colorado who want an education definitely for workers in His cause. We also know that God will bless those who will come to the aid of His work in helping start schools. Is there not some brother or sister who will gladly place from one to twenty acres of land in the market to sell and give the proceeds to the school? One thousand dollars is needed at once to furnish and start the school properly.

Perhaps some one has, or would get and donate to the school, some one or more of the following articles. If so, please write to the undersigned before sending. We very much need a horse and cow, some chickens, washing machine, tubs, etc., cooking and table dishes, dining tables and linen, dining chairs and silver ware, screens for windows, sewing machine, globe and maps, dictionary, encyclopedia, books for library, book-cases for library, rugs for reception room, mops, mop pails and wringers, plow, hoes, rakes and shovels; your sympathy, your prayers and your children.

As yet we have no money to buy furniture for the rooms. All money for this purpose should be forwarded through the Tract Society office.

Yours for the cause of education,

Frank A. Page.

The canvassing work is still progressing. While some have dropped out, and others have entered school, still God is raising up others to take their places in the ranks that the good work may go on.

Canvassers, let us put in full time. This is the best time in the year to sell books. People will buy books for Christmas. The Lord told us several years ago that "much more efficient work could be done in the canvassing work that has yet been done," and those who have believed that and have gone to work in earnest have demonstrated

it. Brother Fred Payne, last week, in Colorado Springs, took \$51.45 worth of orders, and this is his second week in the work. Brother Charles F. Mahr took orders to the amount of \$138.25 last week near Greeley and Windsor.

Brethren and Sisters, God is blessing this work and those engaged in it. Don't you want a part of it? Let the members of all our churches take hold and sell all the books they can in their home towns and neighborhoods from now until Christmas. God will bless your efforts. Write to me for particulars. J. J. Jobe.

### The Next General Donation—October 5.

The work in behalf of the colored people in the United States of America is one of the most interesting missionary works that we have to do in our home field. Not that these people are not intelligent and susceptible to religious influences; they are more than all this, but many of the people have no knowledge whatever of the third angel's message.

We are very anxious that the colored people shall be brought in touch with the living teacher of the third angel's message. This means a large outlay of money, because there are but few who can work in behalf of any class of people on a self-supporting basis.

It has been arranged by the General Conference that at the quarterly meetings, the first Sabbath in October, a donation shall be taken in behalf of carrying the third angel's message to the colored people of the United States of America. This fund is distributed to the south and south-western territory, ten per cent going to the work in the Atlantic Union Conference in behalf of the colored people in that territory. If our people fully understood the great need of funds with which to carry forward the work in behalf of these people, I am sure there would be a very liberal donation. There is great need of more work being done and we are encouraged by the good results that we see from the labor already bestowed. School houses and churches have been built for the people in nearly every conference in the South, and there are one or more workers giving their exclusive time to preaching the third angel's message to the colored people in each state.

We earnestly entreat our people everywhere to make a liberal donation this year in behalf of the work in the South. Send all donations through the regular channels of your state treasury.

Let us pray that the blessing of God may be with the workers who are giving their lives to the spread of the message among the colored people.

I. H. Evans.
