By ballot, the committee for nominating the board for the following year was chosen. ## Halley's Comet

It is predicted by eastern astronomers that the heavenly visitor will, in a short time, be visible to the naked eye. The comet will soon pass behind the sun, and as soon as it reaches the point where its rays will not be dimmed by the sun, the dwellers of the earth will be treated to a sight unequalled for many years.

## Lincoln goes Dry!

The agitators on both sides of the saloon question held several mass meetings during the week prior to election. C. A. Town, of New York City, and Mayor David S. Rose of Milwaukee, Wis. very ably discussed the liquor side of the question. Their ability as orators was unsurpassed, altho the arguments were very weak. Mayor Love, of Lincoln, the Mayors of Holdrege and Omaha, Dr. Bixby of Lincoln, and other influential men of Lincoln representing the anti-saloon cause met the arguments of their opponents in a very forceful way.

Monday evening hundreds of people were congregated in the city anxiously waiting for the returns from the polls as the contest was one of the closest ever experienced in Lincoln. As soon as the votes were counted, a whistle blew short, sharp, staccato blasts which announced the fact that Lincoln went dry. It was carried by a majority of 936 votes.
