Souls Accepting the Truth

WHAT is more inspiring than to see souls accepting the truth? It does one so much good to witness the power of God's truth transforming the darkened mind.

There is nothing that tends more to revive a church than for them to see souls being saved thru their efforts. Even angels are not too busy to stop and have a special season of rejoicing when a sinner is born into the kingdom of grace.

We are glad to report that a taste of this heavenly joy is being experienced in many places in the Georgia Conference. One of our sisters recently received a telegram to come at once to a woman in another town who was lying at the point of death. Several physicians had given her up to die. She was not of our faith, but knew something of the treatments given by our people. The sister administered some treatments, and then prayed earnestly for God to heal her. Within twenty-four hours she was up and walking about the place. Some

Bible readings were given, and literature left in the home. Since then, the entire family have taken their stand for the truth.

Our Bible worker in Valdosta reports four new Sabbath keepers who have recently taken their stand in that city. An increasing interest demands that we hold a series of meetings there as soon as possible. We hope this can be done soon after campmeeting. At Savannah, five members have been added to the church since our last visit. There are twenty new converts there awaiting baptism. A commodious church building, that will seat three hundred people has been purchased from the Methodists. It is located in one of the best residence sections of the city.

In Atlanta, the series of meetings being conducted by Elder Haynes, in the Broughton Tabernacle, continues with interest. The meetings have now continued for five weeks, and the testing truths of the message are being presented. A high per cent of those who attend are deeply interested, and already a number have taken their stand. Last Sabbath was an especially good day. It was the first Sabbath service held in the Tabernacle for outsiders. The Spirit of God was manifestly present, which was evidenced by the general response made to an appeal made at the close of the sermon. Practically the entire audience moved forward, signifying their determination to surrender all to God and keep his commandments.

Among these were a number of new Sabbath keepers and some backsliders. Each of the new ones gave ringing testimonies of their joy for the new light received.

We are encouraged to believe that God has many precious souls in this

great city of Atlanta who will come into the light of present truth. Let us hope, work, and pray for the success of the different series of meetings that are now being conducted in our conference.

To the Florida Volunteers

Our latest quarterly report to the union secretary is very encouraging, as compared with the one just preceeding it. Of the nineteen items, or lines of work, making the body of the report, our societies reported work in all but two; viz., Offerings to Home Missions; Signers obtained to the Temperance Pledge.

Three of our organizations failed to report. Their reports would have increased our totals materially, and would have been highly appreciated. It will not be inappropriate for them to come in first next time, including in their reports for the current quarter, all items of last quarter not reported.

We should remember that the system, or order, in the church requires individual reports to each local society, and the society reports to the conference secretary, quarterly. These reports may seem small to us, but the small things go to make up large ones. For a really small work and small report, notice Mark 12:42. Small only as man views it. Small indeed, but how acceptable! Notice its setting.

The faithful reports of our Savior's ministry of love and mercy give to us the Gospels; the reports of his faithful apostles give us The Acts. Then have we any good reason to withhold reports of our own efforts

to advance the light of the same gospel—the work of the same Saviour?

Young People's Day. It is almost here. We want it to be the biggest and best day yet, in the Volunteer work in the state of Florida. The Lord will help us to make it such, because it is His glory and the ad-

vancement of his cause of truth, we labor.

All churches and companies of Sabbath-keepers are requested to observe this day (May 25) by carrying out the program as given in the *Review* of May 9. A generous offering,

which should be sent to Mrs. R. G. Stringer, Drawer 28, Orlando, Florida, is requested and hoped for.

May the Lord bless all the Volunteers, all their labors, and all for whom they work.

There is a possibility of some of the donations being duplicates of S. S. donations—small amounts donated by isolated ones new in reporting.

Missionary Volunteers of Georgia, I am sending the promised comparative report, feeling sure that faithfulness and good work shown by these figures will provoke others of us to good work also.

We can never be satisfied as long as our aim is the life of Christ developed in our lives, but deep gratitude and thankfulness is felt that young hearts have responded to the "call of the hour" and have gone forth to labor for Jesus.

An Easy Way to Sell

"Ministry of Healing"

For those who say they can't canvass, a way is now provided whereby they can have a part in the sale of "Ministry of Healing." A leaflet has been prepared that does the canvassing. It gives a brief description of the book, and sets forth the plan of its sale, telling of its dedication to the sanitarium work.

This leaflet is to be placed in the book, allowing it to project a little so as to attract attention. It is to be signed by the person presenting

Southeastern Union Conference Church Schools

DURING the past school year there have been held in this Union; twenty-five church-schools. This does not include the Southern Training School at Graysville. These schools were located as follows:

Florida, Conference: Fort Ogden, Orlando, Jacksonville, St Petersburg, Little Bayou, Sneeds Island.

Georgia Conference: Alpharetta, East Lake, Dixie.

South Carolina Conference: Spartanburg, Cherokee, Campobello, Greer.

North Carolina Conference: Asheville, Greensboro, Albermarle, Maple Grove, Baker Mountain, Hildebran.

Cumberland Conference: Braxton, Knoxville, Copper Ridge, Black Oak Ridge, Pikeville.

Three of these schools, Jacksonville, Alpharetta, and Baker Mountain employed two teachers each. In all, there was an enrolment of over four hundred students. This suggests to us the meaning of that testimony which refers to the army of young people which if rightly trained would prove a great power to our work. Several teachers from the above schools have already signified their intention to attend the summer school at Graysville, which is to begin May 28 and continue one month. Others who will take up the school work for the first time, will also attend, and still others who are preparing for later service. We earnestly pray that God will impress the importance of this normal school upon the minds and hearts of conference officers, church school officers, and teachers alike. Teachers, do not forget the date. All should arrive by May 27, otherwise it will break into the opening exercises the first day. Drop a line to the Business Manager, Professor R. V. Cory, Graysville, Tennessee, stating when you expect to arrive, whether night or day and whether from the north or south. Bring with you your school books, some bedding to furnish above the mattress, articles with which to tidy up your room, and above all, the blessing of God and His abiding presence in your hearts. Everything will be done that can be done to make your stay at the Training School both pleasant and profitable.

the book. Calling on the prospective customer, it is only necessary to leave the book, stating that you will call in a few days. Ample time should be allowed for examination of the book, probably leaving it over Sunday.

Copies of the introductory leaflet may be had from your tract society or from the Medical Department of the General Conference, Takoma Park, D. C. The leaflet is free. Get a few, place one in each book, call on a few neighbors, and leave the books. Then about a week later call again. You will find the way open for you to say anything that may be in place. Some may be ready to purchase the book without any more being said. The plan is already being worked, and good success is reported. Try it.

Florida Institute

As the time for our colporters' institute is drawing near, I hope that there are none who are thinking that they cannot avail themselves of the opportunity of meeting together and studying the best methods of working, and seeking the Lord most earnestly for wisdom in carrying forward the work that He has called us to do.

The men of the world meet for counsel; they find strength in so doing. Why can we not do the same, and thereby strengthen ourselves for the work that is of so much importance?

The Lord has told us that now is the time to get our publications before the people. This being true, is it not high time that we put ourselves in readiness so we can say as did Isaiah, "Here am I; send me"?

I am quite sure that we all wish to work in harmony with the plans that are laid by those whom we have put in positions of trust, and to do this satisfactorily we should meet and counsel together.

This institute to be held at Orlando, Florida, June 3—13 is intended for that purpose, and will be a great blessing to all who may attend if we rightly relate ourselves to it.

The instructors who are expected to be present are, V. O. Cole (Union agent) L. D. Randall. (manager of supply house at Atlanta) Elder R. W. Parmele. We also hope that Elder W. L. Bird will be able to be with us most of the time.

By attending these gatherings, we also train ourselves to work in harmony with those upon whom the heavy responsibilities of the cause rest. This is as the Lord would have it, as his works are all harmonious in every detail.

In harmony with the Lord's instructions, and their earthly leaders, the children of Israel met three times during the year to worship him who made the heavens and earth,

and to get the needed counsel and instruction. If they were in need of this, how much more should we seek for the best counsel that can be obtained, when we have such an important work before us!

As there is no time lost in sharpening tools, so there is no time lost in studying the best methods of working in the cause of God; so let us come, one and all, prepared to do all we can to make this institute one of the best. We can do it. Will we do it? It all depends on us. The Lord is ready and waiting to co-operate with us by sending his holy angels to be by our side.

The railroad fare will be paid both to and from the institute, and board and room will be free while in attendance, to all regular colporters and those who may wish to enter the work as regular colporters at the close of the institute. All will be expected to go directly to their appointed field from the institute, so come prepared to enter the work immediately.

Let the prayers go forth from unfeigned lips, "God be merciful unto us and bless us, and cause his face to shine upon us . . . that thy way may be known upon the earth, thy saving health among all nations." Psalms 65:12.

H. A. SHREVE, State Agent.

At the S. T. S.

THE Training School finished its year's work Tuesday, May 21. The commencement exercises, beginning Sabbath, with the baccalaureate sermon by Elder Stephenson, including an interesting program rendered by the alumni Sunday night, and closing with the graduating exercises on Tuesday night, passed off pleasantly and with profit to all.

A class of four representing two courses, received their diplomas at this time.
