## SPANISH VOICE OF PROPHECY (LA VOZ DE LA ESPERANZA) GROUP VISITS INTER-AMERICA

During the recent five-week tour of La Voz de la Esperanza group to ten countries of INTER-AMERICA, 60,000 people heard their programs in churches, parks, theaters and auditoriums.

In BOGOTA the group was received at the Presidential Palace by the president's son, Dr. Felipe Lopez, who is also the president's private secretary. Appearing in the photo with Dr. Felipe Lopez (holding King's Heralds record) are the following: Dr. Milton Peverini (center of photo), speaker and director of La Voz de la Esperanza; Pastor Tulio Haylock (left), IAD communication director; the King's Heralds quartet; and Pastor Raimundo Pardo (right), communication director of Upper Magdalena Conference.

Dr. Felipe Lopez (left) eloquently expressed his gratitude to Pastor Raimundo Pardo (right) for the visit to Colombia of La Voz de la Esperanza.

---  
The largest Voice of Prophecy graduation that the Belize Mission has had in the last five years was held in BELIZE at the time of the visit of Dr. Milton Peverini and the King's Heralds quartet. Eighty-five percent of the graduates were non-Adventists; and Pastor G. O. Gregory, mission president, states there will be concentrated follow-up evangelism.

The president of GUATEMALA, Gen. Kjell Eugenio Laugerud, received La Voz de la Esperanza group at his residence. He had invited the members of his cabinet, the army chiefs of staff, the president of the supreme court and the president of the national assembly to hear Dr. Peverini and the King's Heralds.

When Dr. Peverini and the King's Heralds quartet arrived in SAN SALVADOR, they were met at the airport by the mayor who gave them the keys to the city and declared them honorary citizens of El Salvador. From the airport they were rushed to their appointment at the National Gymnasium where nearly 10,000 people were waiting for them.

In PANAMA, Pastor Luis Alana, conference president, presented a record to the minister of education representative at a Voice of Prophecy graduation for 2,500 graduates.

At the same gigantic graduation service in Panama, Dr. Milton Peverini presented a special diploma to Professor Elena Graham for being responsible for 525 of the graduates.

Pastor Robert Folkenberg, president of the Central American Union (right), is pictured as he presented a King's Heralds record to Mario Sandoval Alarcon, vice-president of Guatemala.

Those who had the privilege of attending the personal-appearance programs of the Spanish Voice of Prophecy group in Inter-America will not soon forget the beautiful hymns of the King's Heralds (pictured above), the inspiring messages of Dr. Milton Peverini, nor the Christian fraternity of the Adventist family.
