COUNCIL IND. CONF. COMMITTEE

ONE of the most important committee meetings, held by the Indiana Conference Committee since my connection with the work, was held March 1 and 2, 1905, at our office in Indianapolis.

We have held but few committee meetings, as they are accompanied with more or less expense. But as there were a number of important matters needing immediate attention we not only called the whole committee together, but ten of our lay brethren and sisters, and the President and Secretary of the Lake Union Conference. Thus it will be seen that we had quite a large representative body.

A report appears in another column of this paper, from the lay brethren present, which will be read with interest by all. We were exceedingly gratified in having the counsel of these brethren, and all were invited to participate in the deliberations of the council, which they did, expressing themselves freely, and taking part in making the motions and transacting the business.

There was an entire absence of in-harmony—all saw eye to eye. The

one great desire expressed by all was, to adopt God's plans that the message may go with greater power, and souls be gathered into the fold.

Some of the questions discussed will be considered at length in future articles in the REPORTER. Delegates were chosen to represent this conference at the coming General Conference at Washington. It was also decided to let the General Conference have the use of some of our new family tents for this gathering.

The "Object Lesson" work was also carefully considered, and we hope to see this work finished in the near future.

The matter of encouraging young laborers in the work was quite thoroughly discussed, and there appears in this REPORTER an article setting forth the ideas expressed by those in counsel. The work of our church schools and the improvement of our teachers, making them more proficient was another important question considered and an opportunity will be given them to gain the needed qualifications.

Under what name shall the business of our conference be conducted? was another question. The name which is now employed is a nonentity. The Indiana Tract Society died years ago. Yet we have continued to use the name. It was decided to keep our accounts in the name, "Indiana Conference S. D. A." and hereafter let all mail, and make all checks and money orders payable to Indiana Conference, and not to any individual.

The medical missionary work, in the conference, was considered and in the future will receive more attention. Where shall our camp-meeting be held and when? was also considered. Also work with our tents the coming summer. The matter of carrying out the instruction of the conference at its last session, in asking those who have been on the pay roll of the conference, and unsuccessful in the work, to engage in other lines of work,

was thoroughly considered. And it was unanimously voted to carry out the instruction of the conference and testimonies regarding this matter. Accordingly, some have been asked to take up self supporting work after May 1, 1905. They will still hold their licenses, and have the privilege of going out at their own expense and demonstrating that the Lord has called them to the work. But it was unanimously decided that the conference ought not to be expected to carry a person over from three to five years to give him a chance to demonstrate that God has called him to the work.

Other matters were considered which will be reported later and more fully. Thus closed an important council, and our brethren went to their homes confident that God guided in the council. W. J. STONE.

CONFIDENCE BEING RESTORED

WE the undersigned, were by invitation of the Conference Committee, present at the council held in Indianapolis, March 1 and 2, 1905. Before entering upon the duties of the council, the president read a selection from the testimonies entitled, "Committee Meetings", after which all were invited to engage in a season of earnest prayer for the divine guidance and help of our Heavenly Father, to give wisdom in dealing with the important questions that might come before us. Many extracts were read from the testimonies bearing upon the questions considered. No action was taken hurriedly, but every item received most careful consideration, and the utmost freedom was granted every one present to express his convictions. And every decision reached was unanimous.

The object of this meeting was to lay plans for the future of the work in the conference, and we feel it our duty to say to our brethren and sisters throughout the state, that

we are in full accord with all the actions taken, and that after considering many of the perplexing questions that were brought before us, we were made to realize as never before, that the Conference Committee needs the sympathy, prayers, and hearty co-operation of all our people in the great responsibilities that we have placed upon them.

And we wish to say further, that we have great confidence in the present management, and believe our committee is endeavoring in the fear of God, to follow the teachings of the Bible and testimonies in conducting the affairs of the conference. May we all lend a helping hand and by our co-operation hasten the coming of our Saviour. Confidence is being restored in the present management of the affairs of the conference, advancement is being made, and if the principles adopted at this meeting are carried out, we believe there are brighter days for the work in Indiana.

In addition to the above named persons who were in attendance at the council, the President and Secretary of the Lake Union Conference were also in attendance, and their counsel was much appreciated.

THE TEN-CENT-A-WEEK PLAN

ONE brother writes: "We think the ten-cent-a-week plan is the best thing that has ever yet been devised for raising money for foreign missions. Our little church for one year gave \$18.40. We introduced the ten-cent-a-week plan, and nine months of the next year we raised \$388.50. Nearly all of our church take hold of this plan with enthusiasm, and each week finds them ready to contribute to help foreign missions."

Another brother writes: We believe this plan ought to be universally adopted. It brings good cheer, hope, and confidence to those who endeavor to carry it out."

An elder, mentioning their effort to average ten cents per member, says:

"This plan works hardship to no one. In our church where some are so poor that they are not able to give so much as ten cents per member, we have them give what they can, and the rest of us make it up. It is a real blessing to our church."

If all would take hold of this ten-cent-a-week plan, what an impetus it would be to foreign mission work! An income of over three hundred thousand dollars a year would mean nearly three times as many workers in the field as we are sustaining at the present time.

We believe that if every member of the denomination will faithfully adopt this plan of donating to missions, they will reap a double blessing therefrom. One blessing will be in the distant fields where missionaries are sent to win souls for Christ, and the other blessing will be in their own souls.

We trust this coming season every church in the United States will take up this systematic plan of giving.

MISSION BOARD.

I wish I could emphasize the importance of all engaging heartily in adopting the ten-cent-a-week plan for the support of our foreign work. If this was heartily entered into by all our people, it would supply abundant means so that many of the special offerings that are now called for could be dropped out. I wish to urge upon all our church officers the importance of placing this matter frequently before our churches, and see that envelopes are provided for this offering. If you will notify our office we will see that you are supplied with envelopes free for this purpose, and the envelopes should be passed out one Sabbath and then gathered in the following Sabbath. Do not leave this work for the children to do. After the opening hymns, speak of the matter, and make it a regular practice to have the proper persons take up this collection. God will bless every church that will enter heartily into this work.

W. J. STONE.

We have a good line of Bibles at the Tract Society office.

BROTHER GEO. B. Lane of Kokomo has severed his connection with the Triumph Food Co. He was very much disappointed with the company and their methods. Four days was enough for him.

A TRACT WITH A RECORD

LESS than a month ago the Review and Herald Publishing Association of Washington, D. C., began the publishing of the tract "An Appeal to Clergy." Before the first edition of 40,000 was off the press, orders were received for more than the whole edition, and another edition of double the size was printed, making in all 120,000. This too was ordered, the tracts were finished, and another edition of 40,000 was at once put on the press. These flowed out to all parts of the country in like manner and yet another edition was necessary, making in all 200,000. This is also gone, and still another edition of 40,000 is on the press and orders are already in for a large part of this.

Thus in about a month practically a quarter of a million copies of this tract have been ordered. It is indeed gratifying to think of the amount of good that will be done by this publication. It was prepared by a number of our ministers, sent to the clergy of Washington, D. C., and published in the Washington "Post." It presents the Sabbath question so perfectly minister or lay member cannot but appreciate the vital truths contained therein.

Let the good work go on. If you are circulating this tract, keep it going. If not, send to your tract society for a supply. 40 cents per hundred, \$3.75 per thousand, post-paid.

REVIEW AND HERALD.

MARTINSVILLE

FROM Brother Olmstead's report for the month of February, I take the liberty of printing the following.

W. J. S.

Dear Brother Stone:

I suppose it is not necessary to speak of the work here, as Brother Buhalts has doubtless told you how it is going. But I want to say, that we are of good courage in the Lord as we see his work advancing here. One of my readers of whom I had very little hopes, has begun keeping the Sabbath, as well as three others during the month of February. Ten more of my readers are very favorable. At present I have five public night meetings each week, then I visit and hand out the Bible Teacher during the day. I am kept busy, but heartily enjoy it.

Yours in the Master's service,

J. F. OLMSTEAD.

Pepple, Mrs. Mary M. Werner, S. C. Shanbaugh, W. E. Vaughn, Ellsworth Light, Mrs. Wm. Partridge, A. L. Miller.

This is good. Shall we not have a longer list of subscriptions for March? Let all take an interest in our little home paper, and watch the progress of the work in Indiana.

THE NEW YEAR-BOOK

Much has been added to the new Year Book, that has never before found a place therein. Such as the Fundamental Principles of our faith, Rise and Progress of our work, making it a most valuable work, with the directories of all our institutions, organizations, conferences, names of workers, etc., to circulate among our neighbors in doing missionary work. There is no more valuable book published than this, containing in a concise manner just the information we would be pleased to give our neighbors. Then too, every family of Seventh-day Adventists ought to have it for their own use as it is an invaluable book for reference. Order of the Indiana Conference at once. Price 25 cents. W. J. STONE.

SUCCESS WITH PETITION

THE filling of blanks of Petition against Sunday Legislation was a grand success in Patricksburg. With a few exceptions they were readily signed.

It was certainly encouraging to see how our neighbors and friends stand in relation to religious liberty. Pray for our little church, that we may be a bright and shining light to those around us. We have an attendance of nine, and those nine are faithful in attending Sabbath-school and prayer services.

Canvassing with the Petition was a great help to all. Others would have readily added their names, had space permitted. N. CARAHOOF.

NOTICE

THE spring term of the Boggstown Manual Training Academy opens March 30. Owing to special advantages, this will be one of the most profitable terms of the year. I would like to correspond with any who are interested in our school. An opportunity will be given a limited number of young men to pay a part of their expenses in labor.

Kindly write me if you are interested. B. F. MACHLAN, Prin. Fairland, Ind., R. F. D. No. 1.

ANNOUNCEMENT

THE management of the Battle Creek Sanitarium Training School for Missionary Nurses desire to announce that a new class will be organized April 1, 1905. None will be received except those who give evidence of a sound Christian Experience and who desire to devote their lives to Christian philanthropic work. Boys and girls are not wanted. Only mature persons of sound and settled character and principles are desired in this work.

Graduates from this course will be free to engage in work wherever Providence may direct them.

For information address The Battle Creek Sanitarium Training School for Missionary Nurses, Battle Creek, Michigan.

A GOOD DAY AT LOGANSPORT

SABBATH, Feb. 4, was a good day for the little company at Logansport. Only once since 1898 had they had the privilege of an ordinance meeting. Brethren B. F. Anderson and John Charles, of Denver, came over and conducted the quarterly meeting services. We were also favored with the presence of W. H. Anderson, who gave an interesting talk on his work in the "Dark Continent." The school voted to give Brother Anderson the S. S. donation of the day, amounting to \$1.00. At the close of the service, an offering of \$4.63 was taken up for the work in Africa.

Brother C. D. Wilson and Bertie Wilson, father and son, (two new Sabbath-keepers of Royal Center), were also present. They were greatly rejoiced to have a part in this, their first meeting of this kind.

Altogether, it was a very profitable occasion,—the Lord coming very near to the church.

L. F. ELLIOTT.

TITHES FOR FEBRUARY, 1905.

FEBRUARY was a short month, but we were indeed gratified to see so large a tithe. Read the Report in this paper and correct any mistakes. On March 1st, over four hundred dollars of tithe was received at the office, but this was one day too late to get into the Feb. report. We will ask our brethren again, to send in the tithe so it will reach the office before the last day of the month if possible, or it will not appear in the tithe report until the following month.

NEWS and NOTES

SEND 25 cents for the REPORTER for one year.

SISTER NIEHAUS is now engaged in Bible work at Connersville.

ELDER CURTIS' visits to Rock Lane recently were timely and a help to the work there.

READ carefully the article by Elder Stone regarding encouraging new workers to enter the work.

J. F. STEELE is holding meetings with the Rock Lane church. He reports some interest and good as a result.

ELDER HAGLE is holding meetings with the North Liberty church. We have not heard the interest since his arrival.

SISTERS PIERCE and LAY have a number of interested persons with whom they are holding readings in Indianapolis.

HAVE you the envelopes for weekly offerings to missions? If not, order from the Indiana Conference, and they will be sent free.

ELDER J. C. HARRIS was at West Liberty holding meetings at last report. May God greatly revive the work in our church there.

U. S. ANDERSON reports that his interest is still good at the Beath School House, and that souls are being established in the truth.

ELDER F. M. ROBERTS is holding a series of meetings with the Olivet Chapel church. Pray that there may be a spiritual reviving there.

J. F. OLMSTEAD reports four new converts through his efforts, who took a stand for the whole truth during the month of February. This is good news and cheering to our brethren whose prayers follow our laborers.

I HAD good success with the Petition. The Lord was with me in my work. I have learned a great lesson. I feel more than paid for my time.
H. J. HERSHBERGER.

A REPORT from the Signs office says, "The SIGNS list increased at the rate of over fifty a day the past two weeks." This is good. Who will help to swell its circulation?

BROTHER H. S. BROWNING reports excellent success in placing our literature in the homes of the people in Indianapolis. Why not a hundred persons be engaged in this work throughout the state with the same success?

ELDERS YOUNG and STONE were with the Muncie church Sabbath, Feb. 4. It was a good day for the Muncie church, and all were greatly encouraged. They have hopes that a church building may be erected there this summer.

Now is a most interesting time in our work at Washington. The Review gives a full report each week of the work there. If you are not a subscriber for our good old Review send in fifty cents for four months. You can not afford to be without it.

ELDER STONE spoke to a large congregation in the Twenty-third Street S. D. A. church, Indianapolis, Sunday night, February 5. The subject was, "The Signs of the Times." A number not of our faith were in attendance and gave excellent attention. These services will be continued each Sunday night for a time.

OUR brethren should now be alive to the work in which we are engaged, and circulate thousands of pages of the new tracts. Send in your orders by the scores for the "Open Letter" to the clergy of Washington. It is the best thing out. Also order the new Religious Liberty leaflets, 1, 2, 3, and 4, and give them to your neighbors. They are timely.

THE work in Anderson is prospering. One-hundred or more homes are visited each week by the pupils of the school here. Between seventy-five and eighty-five persons are attending Bible readings conducted in private homes. "This Gospel of the Kingdom must be preached in all the world for a witness." We believe Anderson to be included, and every member of the school and church is devoting some time each week to aggressive missionary work. Eternity alone will reveal the result of this labor.
GROVER R. FATTIC.

A WORD FROM MEXICO

THIS country must be warned, and what is done must be done quickly. Already there is agitation for Sunday rest, closing of stores, etc., and the Roman church is constantly increasing her hold on affairs. Already in some places the Reform Laws are practically a dead letter, and the civil power is dominated by the church, while priests and nuns go boldly forth in defiance of law.
GEO. M. BROWN.

OBITUARIES

DIED at her home near Tell City, Ind., Dec. 30, 1904, Sister Hittie Hendershot, wife of Brother L. C. Hendershot, aged 29 years, 3 months, and 8 days.

This dear sister never made a profession of religion until she accepted the truth eight years ago, and since then she has developed a true, noble Christian character. The Christ-life revealed in her, endeared her to all with whom she came in contact, and in departing this life, left an exceedingly bright evidence of acceptance with the Lord. The funeral conducted by the writer in Mt. Zion church, was largely attended by loving friends and neighbors.
J. E. COLLINS.

DIED near Tell City, Ind., Jan. 25, 1905, Sister Harriet E. Collins, mother of Brother J. E. Collins, aged 64 years, 1 month, and 3 days.

Ten years ago, Sister Collins accepted the doctrines taught by Seventh Day Adventists, and since then has been a faithful and devoted member of the church. Her love for the truth was manifested by her many deeds of kindness. As long as she was able to walk, she could be seen every Sabbath in her seat at her beloved church.

Funeral service was conducted by the writer.

SUPPLEMENT.

MARCH 15, 1905.

NEW RECRUITS

For some time I have been thinking that there are many persons throughout our conference, bright intelligent persons of good address, who ought to be engaged in some line of work, helping to spread the message. We ought to have a dozen sisters training for Bible work. Those, who have such a burden for souls that they would study up different subjects and go out and hold readings with their neighbors.

There ought also to be a score of young men developing the talents God has given them in preparing discourses and going out to country school-houses and wherever there are openings and holding a series of meetings. We would not advise everyone to engage in such work, but where our churches have persons of ability whom they think would make a success in public work, let the church urge them to develop that talent: and go out with them; sing and pray for and with them, and help them to bring souls to Christ and a knowledge of the truth for this time. There should be much more of this kind of work done, and not wait for the conference to take them up and place them on a salary. This is in harmony with God's plan. Then when these persons show that they have ability in soul winning, the conference will only be too glad to assist all such worthy persons.

It is not in harmony with God's plan, or the manner that our work was carried forward in its early history, to take unexperienced persons and place them at once on the conference pay roll, with a good salary. Men had to go out and by bringing souls into the truth demonstrate that God had called them to the work. And in those days, strong men were developed, churches were raised up, and the work made progress. But a new order has come in, which has been a detriment not only to the work but to the workers.

I quote the following upon this point from a testimony in "*Gospel*

Worker," pp 48, 49:

"Those who think they have a work to do for the Master, should not begin their efforts among the churches: they should go out into new fields, and *prove* their gifts. In this way they can *test themselves*, and settle the matter to their own satisfaction, whether God has *indeed* chosen them for the work. They will feel the necessity of studying the Word of God, and praying earnestly for heavenly wisdom and divine aid. By meeting with opponents who bring up objections to the important points of our faith, they will be brought where they will obtain a most valuable experience. They will feel their weakness, and be driven to the Word of God and prayer." "Men who think they have a duty to preach should not be sustained in throwing themselves and their families at once upon the brethren for support. They are not entitled to this until they can show good fruits of their labor." Test. Vol. 1, p. 446.

Thus we see God's order in the development of workers. There may be exceptions to the above rule, where worthy persons in order to gain an experience, may need a little assistance. God who has his eye upon the work and every worker, will see that all the needs of his faithful servants are supplied, and will influence by his spirit those in charge of the work, so that they will see the necessities and needs of his children, and thus all needed assistance will be rendered.

All are not called to preach or do Bible work, any more than all are called to enter any other avocation. If any feel a call to enter the work, make your mind known to your church. If your church will recommend you, feel free to go out and do missionary work either by holding Bible readings or speaking, and develop the talent God has given you. We will be glad to see scores of persons entering the work in this manner, and God will see that in due time you are exalted to the position you should occupy. I shall be glad

any time to hear from either our brethren or sisters who feel that they ought to enter some line of missionary work, upon the plan specified above. W. J. STONE.

LIGONIER

We enjoy the reports of other churches given in the good little REPORTER, so we send in a report of the work here that others may have the pleasure of reading what the Lord has done for us.

Elder W. D. Curtis came to help us in our quarterly meeting January 14. The Lord came very near to His people at this time and that to bless. Six were received into the church by letter, two were re-insated, and one came in on his confession of faith. We were a happy little company then, but God had even more blessings to bestow upon His people. Elder Curtis remained with us and preached such wonderful truths that we felt we were indeed partakers of the living bread from heaven. During the meeting five others united with the church. Oh, how we praised the Lord for his goodness!

We also organized a Young People's Society of eleven members. All are eager to do something, and help to give the Third Angel's Message to the people of Perry Township. We trust that many precious souls may be brought to a saving knowledge of Jesus by our missionary work. We desire the prayers of all who are interested in the winning of souls, that all may be done to His honor and glory. MRS. W. L. LAMB.

PAUL commends soldierly qualities in the disciples of Christ. Vigilance, tact, and force,—each in its place—is necessary. Vigilance in watching opportunity; tact and daring in seizing opportunity; force and persistence in crowding opportunity to its utmost possible achievement; these make for success. Ponder these soldierly uses of opportunity. These are the harbingers of success. Think on these things.

SCHOOL PLEDGES

We again publish in this issue of the Reporter the list of pledges to the Academy, giving credit for all money sent in during January and February. Let any mistakes be made known to the office.

We are very much in need of money on these pledges. Shall we not have many remittances before the first of April, and save us the trouble of writing you a personal letter calling your attention to your pledge? We shall greatly appreciate remittances large or small.

GIVING is really a test of love and devotion. What we love, that we shall want to help. To withhold help from the object of our professed devotion is to prove that we really have no love for it. The question is not so much what others will do with our money as what we will do with it.

ELDER R. W. MUNSON writes as follows from Batavia, Java, where he spent a few weeks: "Since coming here I learn that only after forty years have they got a Chinese Christian community of about fifty or sixty. We have about thirty [in Sumatra] after five years. This is encouraging, and I feel like extending the work to this island. There are many more Chinamen here than in Padang. There we have only 8,000, while in the district of Batavia alone there are 100,000. There are probably not far from a quarter of a million Chinese in Java."
