## THE MORNING COMETH

Ho, watchman, standing on thy tower,  
As years sweep onward in their flight,  
What signs in heaven attract thy sight,  
Predictive of the coming hour,  
When earth shall see the reign of right?  
What of the night? What of the night?  
And, pointing to the dim, gray light  
Just struggling up the eastern sky,  
A promise and a prophecy  
That day shall chase the dark that gloometh  
O'er heaven to hide it from our eye,  
The watchman saith, "The morning cometh!"  
And angels sing, "The morning cometh!"  
And earth repeats, "The morning cometh!"  
And "God be thanked!" our hearts reply.

## Mission Funds

Mission funds of all classes should be forwarded promptly by the church treasurer to the conference treasurer, and by the conference treasurer to the Union treasurer, and so on to the Mission Board.

When people contribute of their means for the work abroad it should reach those who have the care of this work in the shortest time possible. It is long enough at best, but when there are delays on the part of anyone along the line, it is likely to cause hindrance to the work.

The means obtained through the Harvest Ingathering campaign should be forwarded frequently, for the work just now is urgent and demands haste.

## Monterey, Michigan

### The Home of Elder Joseph Bates

Mrs. Moon and I, in company with others, went to Monterey to attend a general meeting, Nov. 5 and 6. This was a union meeting of the churches of Monterey, Allegan, Otsego, and Kalamazoo. The occasion was a pleasant, and it is to be hoped, a profitable one.

Monterey was the home of Elder Joseph Bates during the last years of his life. The church in which the meeting was held was built under the supervision of this servant of God. The house which he built, and in which he lived for several years, still remains, and we spent an evening visiting in this historic place.

The following is the inscription copied from the tombstone that marks the resting place of Elder Joseph Bates in the little cemetery near the church where he worshiped.

"Eld. Joseph Bates died March 19, 1872, aged 80 years.

"The early life of Eld. Bates was spent as a sea captain, during which time he gave his heart to God, and was ever active in the cause of Christ, being identified as a moral reformer of his day.

"In 1827 he assisted in organizing one of the first Temperance Societies in the United States. Subsequently he became a co-laborer with Wm. Miller in the great Advent Movement of 1844.

"At the close of the work, he became convinced of the obligation of the seventh day Sabbath, and with others founded the Seventh-day Adventists. He remained a venerated and beloved pastor until death."

### Our Medical Work, Workers, and Institutions

We have a few faithful, self-sacrificing medical workers. Those who are engaged in this line of work in our cities are accomplishing much for humanity and the cause of truth without drawing from the regular conference funds. This work should be appreciated and encouraged in every way possible by our people. Though these institutions may not be owned and operated by the conference nor are the workers under conference direction, yet they are ours and they stand as factors much to be appreciated in our work.

The Otter Lake Sanitarium, under the management of M. N. Dawson, is making a good record. Additions of room, equipment, and help have been made so that the institution is well fitted to meet the demands that are made upon it. Notwithstanding their heavy burdens they have been doing some noble work of charity.

Louis Kahn and wife, located at 106 First St., Jackson, Mich., are still having splendid success financially and otherwise. Their work is proving a decided help to the evangelistic work in the city.

The well-equipped and nicely-located treatment-rooms started by E. L. Sayers, in the Oakland Building, Lansing, across from the capitol, makes an addition to the work in that city that is sure to help and hasten the work. His work is more than self-supporting the first month.

Mrs. F. G. Haynes has successfully operated treatment-rooms in Detroit for a long time. She is now located near Woodward Ave., at 41 Glendale Ave., Highland Park. This is good work in a good part of the city.

Bright and capable young men and women can make this work a success in any of our cities. There should be scores of such institutions in the cities of our conference. To successfully work our cities we must have more medical workers who will co-operate with the general evangelistic work. I shall be glad to correspond with those who feel especially interested in this line.

E. K. SLADE.

"Faults in others do not look so large when our hearts are full of that love which suffereth long and is kind."

### Jackson, Napoleon, Onsted

After attending the good institute at Flint, I went to Jackson to assist Elder Wood in his work. They are planning to erect a new church building there as the congregation has outgrown the building they have been using for years. The attendance has doubled in the past year and the prospects are good for more to come in. They expect to build early in the spring.

At Napoleon, eleven miles east of Jackson, where there was a church years ago but had long since been permitted to go down, the standard of truth is being raised again. About a dozen are meeting regularly. The Lord blessed us there last Sabbath. On Tuesday Brother Wood and I went to Onsted where an interest had been aroused by Brother Brainard of Adrain. One brother and his entire family have accepted all the truth and he has given up a seventy dollar position to do so. He is now planning to go into the work.

The above incident proves that God is using the lay members to hasten on this work. I am glad He is going before us and we can go forward knowing He will give us souls for our hire.

Is He using you? If not, why not?

A. R. SANDBORN.

### Work among the Colored People of Detroit

I am glad to report a marked change in the progress of the work this month over that of last. Many doors have been opened to the reading of the Word, and more are being opened.

On Sabbath, October 22, our hearts were made to rejoice when three precious souls were lead forward in baptism. Many hearts were touched, and the Lord witnessed the scene by the presence of His Spirit.

Calls are being heard from many directions,—“Come over and help us.” Heretofore we have been conducting our Sabbath meetings at the home of Sister Elizabeth Goodman, who kindly consented to have us use her front room for a place of worship. And truly our hearts were made glad because of this privilege. For sometime we have been looking for a more favorable location, and I am glad to report that the Lord has wonderfully blessed us in this respect. We have found a place at the junction of Alexanderine and Revard Streets, just one block east of the 14th line going north, and three blocks east of the 14th line going south. Both of these are three-cent-fare lines.

The seating capacity of our hall is about one hundred, and our rent is only ten dollars per month. Surely the Lord has worked wonderfully in our behalf. We do most earnestly ask an interest in the prayers of the HERALD family, that God will continue to bless and prosper the work here.

### Canvassing Notes

Our institute at Flint was attended by the rich blessing of heaven. The kindness shown us by the brethren and sisters of the church was indeed an inspiration to faithfulness. We were favored by short visits from Elders Slade and Beebe and Brother Hiner. Their good talks were much appreciated. Elder Sandborn was with us during the entire time and carried the “Daniel and Revelation” class as well as preaching every night. J. B. Blosser helped us much during the latter part of the institute.

Some excellent workers are now in the field. Brother O. D. Pettit and wife, and Brother W. D. Moore have moved to Ithaca to work Gratiot County for “Daniel and Revelation.” It took two days to get settled, but in the three days left the

Lord gave Brother Pettit over \$45 worth of orders, while Brother Moore came in rejoicing with over \$60 after working four days and a half.

Brethren DeCamp and Collins are doing faithful work in Lapeer County. For some reason they are not receiving many orders, but we know that God will not allow their faithfulness to go unrewarded.

Brother A. H. Face is rejoicing because in his recent delivery, every customer was anxiously waiting for his book. Not one order was lost. I hope soon to see reports from O. D. Kittle, O. Nolin, Mrs. McClatchey, W. D. Fowler, O. L. Brittan, Mrs. Fasker, Mr. and Mrs. C. S. Countryman, Elder S. D. Hartwell, M. D. Day, and several others whom the Lord is calling to this work, but who could not consistently leave their farm work to attend the institute.

Pray for the canvassing work in East Michigan.

#### Wausau

November 10, I went to Wausau and remained three days. I held three public services, visited several isolated families out of town, as well as some of the believers in the city; and baptized two ladies who had recently accepted the everlasting gospel. One of these conversions is the result of Sister John Armitage's labors during the past summer, and two more of the same family are really convinced of the truth and will probably come with us later on. The other convert was the daughter of one of the Wausau church-members.

A few outsiders attended the meetings and expressed themselves as much pleased with and interested in the subjects presented. I joined the members one forenoon in distributing the *Review* special, and I put out fifty papers, receiving \$4 in money and had some interesting talks with the people.

A saloon keeper told me that he was a church-member and attended church, helping financially in its support.

I enjoyed my labors with the people at Wausau. We improved the time in counsel, study, and prayer, and I left them revived in faith, hope, and charity.

Sister John Armitage came up from Portage to be present at the baptism, and remained a week, by my request, to hold further Bible studies with interested parties. “The entire church, acting as one, blending in perfect union, is to be a living, active missionary agency, moved and controlled by the Holy Spirit.” Vol. 8, page 47. So may it be.

W. H. THURSTON.

#### Merrill

Elder T. G. Lewis recently visited the Merrill church and gave some good practical instruction that was appreciated by the church. On the Sabbath he baptized three of our young people and four were admitted to the church. We praise God that these four from the lambs of the flock have given themselves to be used in the Master's service.

### From Our Canvassers

One of our canvassers who changed his location since camp-meeting, writes that he knows that he is just where the Lord wants him to be, and is trying to make his delivery the best yet. He writes that recently he met a lady who was looking for a book like his, and said with tears in her eyes that she wanted one.

Another canvasser, a lady who is supporting her family of three children by canvassing, writes that at times Satan holds up many troubles before her, but with God's help she means to keep on.

Another canvasser writes that it is the devil's plan to keep

him from the work, but with God's help he must overcome. Another reports that he has made a failure in trying to farm and canvass, too. Hereafter he plans to attend strictly to the book work.

Brother Frank Elzea and Brother Wm. Nohr of Almond, have recently located at Princeton where they will canvass.

Brother Harris Smith has been disposing of some property and will again enter the work at Loyal.

I earnestly ask our people to pray for our faithful canvassers, and especially at family worship on Monday mornings, at which time Satan applies all his forces.

We want God to be glorified by the response of those whom He is calling to the canvassing work. If you are interested, write to me and I shall be glad to help you get started.

*Grand Rapids, Wis.*

FRANK HALDERSON.

### Reporting

I wish to call the attention of conference laborers to the matter of reporting. It is not the idea that we want reports simply to make a showing, but everywhere I go our brethren and sisters ask me why we do not have frequent reports from our laborers. They desire to hear from them of what they are doing, some of the experiences and results of their labors. This is certainly due our churches and I wish to impress upon all our workers the importance of sending in frequent reports for publication in the *HERALD*.

We do not want long-drawn-out articles, but brief reports given, items of interest, brief experiences in your work and results of your efforts and labors.

I trust that every one of our workers will frequently send in such brief reports of their work for the benefit of our people generally. Please remember this and let us hear from you often.

W. H. THURSTON.

### INDIANA

#### Harvest Ingathering Campaign

We are still receiving orders for the Harvest Ingathering number of the *Review*. More than 12,000 copies have already been sent out to our people and with the orders coming in, we hope that it will reach at least 15,000.

No one need think that it is too late to order, as the papers are still to be secured.

When we consider the loud calls that are coming from the foreign fields and then learn from the General Conference that the treasury is empty, it behooves us to labor as never before. More than \$30,000 was raised for the support of the work in the foreign fields by the disposing of the Harvest Ingathering number of the *Review* last year. Shall we not do even more this year than we did last?

Still awaiting your order for papers, I remain,  
Yours in behalf of the Indiana Conference,

MORRIS LUKENS.

#### Hartford City and Muncie

After our splendid meeting at Marion an account of which will be found in another part of this paper, it was my privilege to visit Hartford City, Sunday night, November 13.

Brethren Tindall and Garnsey who until recently labored in the Southern California Conference, are now holding a series of meetings at Hartford City. Meetings began October 10, and from the first there has been an excellent attendance. Some have already begun to keep the Sabbath and others are deeply interested. Brother Tindall's parents, also his brother and sister live at this place, the brother being a prominent physician there.

The three news-papers of the place have been giving very favorable reports of the meetings, each one printing a portion of the sermon daily. This has not only been the means

of advertising the meetings, but has placed the truth in many homes in all that part of the country.

Calls are coming to these brethren to come to other places in that vicinity and hold meetings, two churches having been offered them free of charge. The whole community just now seems to be stirred over the third angel's message.

Brother Tindall is preaching on the doctrinal points four nights in the week and Brother Garnsey gives health lectures two nights each week. They use stereopticon views, especially with the health lectures, and as they are presenting these things in a matter-of-fact way, the truth appeals to the thinking people of that place.

On the night which I attended the meeting, the church could not hold all the people, and some when they found no vacant seats were obliged to leave the church.

On the way to Indianapolis from Hartford City, I stopped off at Muncie and spent a little time visiting with Elder and Mrs. U. S. Anderson. Elder Anderson reports excellent success as a result of his tent effort this summer. Six are now keeping the Sabbath. Several others are about to do so. He is now holding Bible readings every night in the week, having preaching services Sabbath and Sunday nights.

Excellent reports are coming in from all of our other laborers, which shows that God is blessing the efforts put forth in our State.

MORRIS LUKENS.

#### Grass Creek

The general meeting at this place was held November 9-13. Brethren Pool and Spohr were present and rendered acceptable assistance. The church attended quite well throughout. At the evening meetings there was a good attendance from without, and on Sunday evening the house was filled and the closest attention was given to the truths presented. There was no representation from any of the Seventh-day Adventist churches in this part of the State. We long for the time when this class of meetings will be properly appreciated.

This church has ever had a considerable number of young people connected with it. Some have been trained for service, others are being trained, and still others will soon enter upon training for the Master's work.

Some of the members are standing loyally for the work in tithes and offerings, while there are others who do not seem to grasp God's financial plan. Brother N. L. Taylor was present the last day and gave acceptable assistance. A business meeting Monday evening concluded the series.

W. A. YOUNG.

#### Marion General Meeting

The general meeting at Marion, November 9-13, was a most excellent and profitable one. Elder Lukens, N. L. Taylor, R. C. Spohr, Mrs. Carrie Lukens, Mrs. R. W. McMahan, and the writer attended this meeting. All but the latter were present only a part of the time. We would not forget Elder F. M. Roberts of Jonesboro who was with us most of the time.

The Marion, Jonesboro, Michaels, Muncie, Kokomo, and Barber's Mill churches were represented. All in attendance seemed to enjoy the services and entered heartily into the spirit of the meeting.

The evening services were well attended by those not of our faith and the preaching was therefore along the special lines of present truth. In the day meetings, all the departments and special lines of work received attention; a willingness to work and to be faithful watchmen at their posts of duty seemed to be the mind of all. The Sabbath-school and young people's conventions were both instructive and inter-

esting, and we believe much good will result therefrom. The Sabbath-school offering for missions amounted to \$10.31.

The Missionary Volunteer Society of Marion, although small, is doing a good work, sending *Liberty* to all the young people's societies of other denominations in Marion. We hope that societies in other places will do a similar work.

There was one addition to the church at Marion, an estimable young lady who may become a valuable worker among us.

The Marion meeting was one which we feel will prove a real benefit to all the churches represented.

A. L. MILLER.

### General Meetings in Indiana

There are three general meetings yet to be held in our conference. Those who have attended the general meetings thus far have expressed themselves that they have been more than paid for the effort put forth in attending. It is to be hoped that our members living in the vicinity of the places named below will plan to attend the general meeting nearest their home. You cannot afford to miss this, as valuable instruction will be given that is of lasting benefit to all.

Meetings are as follows:—

Linton, - - -	November 24-27.
Middletown, - - -	December 1-4.
North Vernon, - - -	" 1-4.

#### Canvassing Work

Thinking that it might be of interest to the HERALD readers to know that the canvassing work is still struggling for an existence here, I am writing a few lines in regard to it. I have recently returned from a short trip in search of recruits, and also spent two days working with one young man.

We are of good courage here although the work may seem to be moving rather slowly at present.

I thoroughly believe that, "the canvassing work, properly conducted, is missionary work of the highest order, and it is as good and successful a method as can be employed for placing before the people the important truths for this time."

### Canvassing Experiences

We have been having some blessed experiences here in the canvassing work, and thinking the readers of the HERALD would be interested, we give some of them.

One of our company after canvassing a small town was on the way to another. He was impressed to get off the car at the first crossroad, which he did and at the first seven places he sold seven books.

Another canvassed a lady who had read "Great Controversy" and had been looking for the book. She said she

would read the book again and that she wished her daughter to read it also. We find many who are waiting for the truth found in our books.

While a Methodist minister was being canvassed one day he said, "You have talked enough, show me the paper you sign," which was quickly done. Nine of his church-members took the book.

## ITEMS OF INTEREST

**Emmanuel Missionary College**

Mr. and Mrs. A. E. Stafford will spend the winter with Mrs. Hoyt.

Mrs. DeCamp and Miss Lewins spent Sabbath with friends at the College.

Mr. D. T. Olds will take up work in the office of the East Michigan Conference at Holly, Mich.

Paul Pearce and Carlton Brackett spent Sabbath and Sunday at Mr. Brackett's home in Allegan.

Elder M. N. Campbell, president of the Iowa Conference, visited with relatives and friends a few hours last Sunday.

Last Sabbath an excellent temperance program was given by the Young People's Society. Mr. Cavanaugh, an attorney from the village, gave an address on "How to Meet the Arguments Used by the Saloon."

Mr. and Mrs. Harry Colburn are employed as teachers in the Stuart (Ia.) Academy. They are enjoying their work very much. Mr. Jesse Layman has recently been added to that faculty. Roy Luchenbill is assistant business manager there. Wm. T. Marshall and G. V. Corkham, former students of E. M. C. are members of the senior class of Stuart Academy.

The chapel period, Monday, Nov. 14, was devoted to a discussion of the needs of the Normal Training School. This should be made the center of training for the teachers of the Lake Union Conference, and the buildings and equipment are not, at present, what they should be for this work. This resulted in the taking of about fifty "Christ's Object Lessons" by the students, the proceeds to be given to the equipment of the school. This is a good example for those not in the college.

**Southern Illinois**

The Decatur Sabbath-school has purchased a fine organ.

Miss Minnie Hooker spent a few days last week at her home in Vandalia.

Brother Clarence Emerick is doing splendid work in Vermillion County.

Brother and Sister Dent are having good success in the southern part of the State.

What was the result of your effort with the Harvest Ingathering number of the *Review*?

Brother J. A. Applegate of Hancock Co. although working under adverse circumstances, is placing a number of books in the homes of the people.

Brother W. E. Bailey has been having good success the last few weeks. He has set his stake for \$50 per week, and has nearly reached that mark.

Miss Martha Craig is at Flanagan, Ill., with her nephew and niece, Dr. Hewitt and wife, where she went for a rest. She is much improved in health.

Elder Bristol and Brother Fishell visited the Twin City church, Sabbath, November 5, and spent the following Sabbath with the company in Bloomington.

Brother Hugo Mitzelfelt has been on the sick list for a few days but is now able to work again. He reports eight exhibitions and six orders, Friday of last week.

Brother E. F. Ferris writes that the work at Carterville is onward and the outlook is encouraging. There is a lively interest in the Bible studies given in the homes of the people, and the Sunday evening meetings are well attended.

We received the following encouraging words from one of our aged Sabbath-keepers, a member of the Conference Church: "I am eighty-four years old. I manage to piece a quilt once in a while and I sell it and I pay tithe on what I make. I wish I could help more but I do the best I can and praise the Lord for that."

Elder Stureman writes from Peoria that he holds cottage meetings every evening, and two Bible readings every day. About eighteen attend his Thursday evening meeting. He speaks of some who are deeply interested and anxious for their neighbors to hear the same truths. The prayer meeting is well attended and the attendance on Sabbath is increasing.

The Swedish Broadview Seminary is making nice progress in its work and

they seem to be of good courage.

We expect to have baptism at Princeton soon. Five persons are awaiting baptism. We hope to organize a church there this winter.

The school at Sheridan reports success in its various lines of work. They had the best yield on the farm of any year during the history of the school.

The students of Fox River Academy have ordered 300 copies of the Missions number of the *Review*, and have sent to the treasury \$20.82 on account of the Harvest Ingathering.

Elder Wm. Lewsadder has been nursing his afflicted father-in-law at Wellman, Iowa, for the last two months. He does not know when he can return to his work in this conference.

Brother R. Gross of Chicago entered the canvassing field last week with a "Daniel and Revelation" prospectus under his arm. We are looking forward with interest to the receipt of his first report.

Brother O. A. Wolcott recently moved his household goods to Princeton where he will be located for some time. He will look after the interest developed there by the camp-meeting and other meetings that followed.

Brother C. R. Magoon has returned to Aurora from Princeton where he remained for a time to assist in following up the work after the camp-meeting. Also Sisters Hibben and Phillips have returned from Princeton to their former field of work in Chicago.

Probably the greatest drawback that confronts us is that so few persons are gathered into the fold of Christ through the labor of our evangelistic workers. We are praying that this matter will soon make a decided change for the better. We are probably getting along as well as the average conference in this respect, but are praying for more fruit.

We have lately contracted for the putting up of the brick wall of the church for colored people in Chicago, and also for the carpentry work. We now know that the cost of the complete building will be \$4,600. This includes the cost of the lot. It is going to take a great effort to get in money enough to settle our bills. Now if each reader of the *HERALD*, who has not sent in anything on this fund, would send us a dollar or two we would greatly appreciate it. A decided effort will be made in a number of our churches soon to help out on this fund.

Our members are giving considerable attention to the Harvest Ingathering, but not as much as we wish they were. We have written to every church in the

conference setting before them the situation fully, showing what has been done by each church for the first nine months of the year in the way of making offerings to missions, and asking them to make up the deficit so that at the close of the year we will be able to pay in full, the amount of 10 cents a week for each member in the conference for the year. We will make a decided effort to bring this about.

Elder J. C. Harris has received 1,000 copies of the Harvest Ingathering *Review* to be used in Ottawa. He expects to call on every family in the city with this paper. He may need more papers before he finishes visiting the 15,000 inhabitants of the place. He will also visit the churches in Saint Anne, Watseka, Kankakee, and Pontiac to assist them in their Harvest Ingathering work. We wish a thousand persons connected with this campaign would work for it as Elder Harris is doing. In this way they could handle a million papers and encourage our people to dispose of a million more.

A meeting of the conference committee was held at the Life Boat Home, 528 E. 33d Place, Tuesday of last week. Elder M. H. Serns, who with his family is living in the Home, met with the committee and gave a brief report of the work he is conducting there. He now has a Bible class of nineteen members, all of whom are much interested in the studies given, and are doing practical missionary work each day by visiting the homes of the people with our ten-cent magazines and relieving their wants in many ways. He reported also that four adults had been baptized the previous Sabbath at the 46th St. church.

#### Wisconsin

The organization of a church at Cumberland has been postponed until sometime in December.

The deer-hunters are killing about as many men as deer. Six men shot in one day,—for a little sport life is sacrificed.

The Missions number of the *Review* may be used successfully until the close of the year, and if you need more papers, send in your orders.

Elder Paul Sheppler will begin laboring among the French people the first of December and will devote considerable time during the winter to field work.

A general meeting for District No. 1 will be held at Ladysmith, November 30 to December 5. This will be an important meeting and a good attendance is expected.

Two young ladies, one at Superior and one at Wausau, are preparing to enter our educational work as teachers next year. As more teachers are prepared more schools will be started.

The "Little Flock" at Wausau regret that they could not have a church-school this year. Twenty children of church-school age are in the public school. They are planning for a church-school next year.

Our field missionary agent is devoting considerable time to the Harvest Ingathering campaign, and also expects to sell a goodly number of "Ministry of Healing" before the time of the Bookmen's Convention.

One of our workers while distributing the special *Review* had a conversation with a religious saloon-keeper. He said he was a church-member, attended church and contributed to its support. He took a paper and gave a quarter.

The December magazines are beautiful and attractive within and without, and those of you who have not yet ordered a supply of these would better send in order at once as they will sell well all through the month of December.

The holidays are almost here and now is the time for our people to send in orders for Home Workers' books to sell to your neighbors and others. You should give the tract society two weeks' time, therefore please order early that you need not be disappointed.

We shall be glad to receive from librarians and individuals, reports of your experiences with the special *Review*. The letters containing such experiences, from the isolated and others have been a most interesting feature of this work during previous years, and we can often glean from them that which will be an inspiration to others.

#### Clearwater Lake School

Elder Stebbeds has just moved into his new house.

Those wishing to communicate with Elders Reed, Stebbeds, or the principal of the school, from any part of the State, can do so over the long distance telephone.

A young people's society was organized by Elder Wellman a few weeks ago. May God add His blessing that our dear young people may become interested in the salvation of those for whom Christ died.

A friend of the school who is not an Adventist, has offered our boys a job of clearing five acres of land adjoining the

school farm. He offered to pay \$100 and let us have the first two crops. We consider it a bargain.

A number of persons have been here lately to look up land with a view of locating here. Others have written for information. We hope the Lord will send us substantial people, those who will be a real help to the school and the community.

The dormitory is completed and it is a model of its kind. The interior finishing is of Georgia pine, stained with burnt umber. The building is two stories and a half high and contains eight rooms. It is located about twenty rods east of the school building. The latter has recently been kalsomined, making the rooms appear very nice. New seats have been purchased, the blackboards were slated, so we are now well prepared to operate a good school.

#### North Michigan

The brethren of the Petoskey church have harvested their crop for the Acre Fund.

Let your fourth Sabbath offerings be liberal, then invest in tracts and papers for circulation among outsiders.

Our missionary secretary of the Riverside church reports four keeping the Sabbath through the efforts of the members. We pass this on for the encouragement of other missionary societies.

If your missionary secretary neglects to pass the report blanks among the members, please remind him of it, then don't wait to be reminded what you should do with the blank, but let it be a reminder each day throughout the week that you must do something for Jesus.

We give the names of the churches reporting missionary work during the months of September and October. It is to be hoped that others will follow their good example. The names are as follows: Eastport, Omer, Leetsville, Riverside, Iron River, Cedar Run, and Wilson.

#### West Michigan

We learn from Elder W. Ostrander and others who live in Saginaw, that they are having an epidemic of small-pox there, but we know of none of our people who have it.

We understand that there will be a general meeting for the Lake Union Conference at Berrieu Springs, January 9 to 12, and at this time the work in our cities will be considered.

Brother J. H. McEachern sends us in the names of two substantial men for the canvassing work. Our hearts are made glad when we see such men entering this very important work. Watch for their names in the canvassers' report next week and the weeks following.

The work with the Harvest Ingathering number of the *Review* is still going on in East Michigan, and the orders are still coming in. It is not too late yet to send in your order for some of these good papers and circulate them among your friends and ask for a gift for the work.

The best cooking oil that is made, \$4.50 for 5 gallons. California ripe olives \$4.50 for 5 gallons. Will make a lower price in quantities, to tract societies, sanitariums, and schools. The best cereal coffee on the market \$1.92 per case, 24 one-pound packages to case. Write the East Michigan Tract Society, Holly, Mich.

We are very much encouraged with the present prospects for the canvassing work. Brother McEachern is succeeding in getting our people to see that this is a very important work, and needs the very best talent and most earnest Christian men and women that can be found. We are glad to see this kind taking up the work.

The tract society secretary sent Miss Hattie Hamer, who is attending school at Berrien Springs, on the strength of a first class scholarship earned with the

magazines last summer, a check for \$19.50, which is a rebate of  $\frac{1}{2}$  cent per copy offered by the publishers and tract societies to all who will sell enough magazines for a scholarship. This brings the price of all the magazines sold by Miss Hamer, (3900) down to  $3\frac{1}{2}$  cents per copy.

In the *Review* of November 10, on page 24, is a short article by Elder W. A. Spicer, secretary of the General Conference, entitled, "What Will Our People Say?" We wish all of our people would read this article, and then ask themselves the question, Am I doing all that I can with this special *Review*, and with the means with which God has entrusted me, to bring about a better financial condition. Brethren, let us see to it that we who have made pledges to the \$300,000 Fund, pay those pledges; and we who have made no pledge nor given anything for missions, make an offering at once; and we who have already given, give again.

Mrs. D. H. Lamson has returned from a three weeks' visit with relatives and friends at her old home in Hillsdale.

Mr. Merrit Munger of Genesee and Mr. Clifton Day are the latest arrivals at the academy. We are looking for several others, soon.

The board has recently purchased a piano for the school and the use of the music students. We are all very much pleased with the instrument. The music teacher is especially pleased as she will not have to lie awake nights any more, devising schemes for twelve hours practise in a ten hour day.

Most of our students spent a day in going out with the special number of the *Review*. As a result of that day's work nearly forty dollars was realized. We still have some very promising territory that has not been canvassed and when the work is finished we expect the above amount will be very materially increased.
