Work More and Give More

The reward awaiting the servants of God is glorious beyond our fondest dreams. We have all had pleasant surprises in this life, but these are as nothing compared to the great and wonderful surprise in store for the faithful at the coming of Christ. This reward will be in proportion to our labors and trials for the Lord. Only those that work will be paid.

God has given to "every man his work." His cause needs the aged and experienced. It needs the youth and even the little children. It needs those of us in the prime of life who have the rearing of children and many other heavy burdens to carry. We are all to work and all to help each other. The young men are not to think that the older workers could well be spared. There never before was a time that we needed those of long experience as we need them today. Our work and our message has more enemies and is in greater danger than any of us understand.

To labor for God is a blessed privilege. To wear ourselves completely out in His cause is of all privileges the highest. How often we say this! But do we really mean what we say? Could we not work a little more and deny ourselves a little more than we have been doing the past months or years? The Saviour today is calling for the burning zeal and self-denying faithfulness of the early days in this message. L. H. CHRISTIAN

Baptism at Hastings

Sabbath, July 11, we enjoyed a good meeting at the Hastings church. The day was fair and the attendance was most encouraging. Every seat was full, there being those present from Hastings, Carlton Center, Maple Grove, and elsewhere. The ordinances were observed at the church and then we repaired to the river where three went forward in baptism. Others were prevented from being present on account In the afternoon there was a sermon and of illness. testimony meeting at the church. It was decided to hold more of these union meetings. The work is onward and they are of good courage in the Lord at

Hastings. Their mission clock is up in a prominent place in the church and keeps good time.

Charlotte Tent Effort

After considerable delay the tent effort at Charlotte opened Sunday night with a large attendance. An excellent location was secured in the central part of town on Main Street. The tent has been pitched between two residences on a nice lawn.

Elder Anderson and I arrived here to pitch the tent Friday, July 3, but it had not yet arrived. Sabbath we met with the convention of Eaton County churches at Potterville. The tent arrived Monday morning but a portion was missing, having been lost in shipment. This has not been found, but by utilizing a piece sent us from Otsego we were able to put the tent in condition to commence meetings Sunday evening. As there has been a carnival in town this week perhaps the delay was providential.

The first service was a stereopticon lecture on the life of Christ; we were unable to seat all who came. We plan to use the stereopticon in connection with nearly all the services in place of charts. We trust that the interest manifested in this first meeting will continue, and we desire the prayers of our people for the advancement of truth in this place where the message has so long been known.

As Elder Anderson and I are alone, the church chorister and organist are assisting in the music. Brother Clinton Lee, now working in Eaton Rapids, will be with us Mondays and Tuesdays.

A Fourth of July Celebration

The young people of the Kalamazoo church, together with some visiting friends, showed their patriotism July 4 by an enthusiastic school program given in the Young People's Society. The three divisions of our educational system—the church school, academy, and college—were each represented.

A little girl, who has attended church school here in Kalamazoo during the past year, gave a few words on the subject, "Why I'd Rather Go to Church School than to Public School." Then a former student of Cedar Lake Academy told us what a year at that school has meant to her. One day at Emmanuel Missionary College was outlined by an E. M. C. student. Other subjects presented were: "The Bible on Christian Education," "The School as a Characterbuilder," "Social Life at E. M. C.," "Value of Room-mates," and "Where There's a Will There's a Way to Obtain a Christian Education."

A STUDENT

Notice

A general meeting will be held at Bauer, Sabbath, August 1. We hope to see all our people from Allendale, Leeland, Wright, Grandville, and Nunica at this gathering. Those from a distance are expected to bring a lunch. Elder Mc Vagh will be with us that day. Let us all try to attend this gathering of God's people. W. REEFMAN, Dist. Sup't.

Notice

A general meeting will be held at the home of Brother Klaas Siems, Fremont, on Sabbath, July 25. We cordially invite all our people at Denver, Hesperia, Holton, and Turin Lake. We especially desire all our young people to be present at this meeting. Those coming on the train will be met at station, 9 A. M. Those coming from a distance are expected to bring their lunch. We expect to have Elder McVagh and Sister Flora Williams with us. All come!

W. REEFMAN, Dist. Sup't.

News Notes

The last report from Brethren Hoyt and White at Stanton told of an increasing attendance and growing interest.

The executive committee held a meeting at Grand Rapids, July 15, at which plans for camp meeting were important items.

Elder Anderson and workers have the tent pitched in a favorable location at Charlotte and have started the tent meetings.

H. G. Bayley has resigned as pastor of the Kalamazoo church to take up, for a time, another line of work. He will live in Battle Creek.

Orders are coming in for tents for camp meeting, and delegates are being elected. The prospects are that we shall have a record breaking attendance at Charlotte, August 13-23.

On account of the serious illness of Sister Reefman, Brother Wm. Reefman has spent much time at home during the last month. Their daughter, who has been teaching in Chicago, is now at home with her mother.

The largest tithe was received from Battle Creek in June of any single month in recent years. The amount was \$1,353.42. For the same month the mission offering was \$169.03 and the two per cent only \$7.60.

The largest mission offering for the month of June came from the Berrien Springs church, \$360.49, an average of over 42 cents per week per member for the Berrien Springs church this month. Which one will have the largest per capita for missions in July?

In June, 57 of our churches in West Michigan sent monthly reports on time. Thirteen failed to report or were too late to be tabulated with the rest. Of the 57 reporting, 43 reported some two per cent and mission offerings as well as tithe. Fourteen of those reporting had no two per cent. It must be that some are forgetting that we voted to have no special calls if all took hold to raise two per cent. We may have to send out special calls to those who are not cooperating in the two per cent plan.

Bethel Principal

Prof. H. C. Elliott has been elected principal of Bethel Academy, and is now at Bethel in the interest of the school. W. H. THURSTON

A Bethel Rallying Call

The friends of Bethel Academy, and they should include every loyal Seventh-day Adventist in the Wisconsin Conference, will be glad to know that Bethel has a head. No matter how sturdy the body; no matter how active the members, if there be no head to direct activities, nothing can be accomplished.

All will be glad to learn that Prof. Henry T. Elliott, the efficient preceptor of the school, has accepted the unanimous vote of the board to act as principal for the ensuing year. The Union Department stands ready to cooperate in every possible way to make this school year a real success.

Now, brethren, rally to the support of your school. Fill it to its capacity. No school can exist without students. And our work can not prosper without schools. Encourage your boys and girls and build up your school—our school, the Lord's school—by filling it. CLIFFORD A. RUSSELL

An Opportunity to Work for Education

There is an opportunity for a number of young men to work on the Bethel Academy premises from now until school opens, credit being applied on tuition. Buildings are to be painted, a roof to be shingled, the heating plant to be overhauled, and other improvements to be made. Write to the principal, H. T. Elliott, Bethel, Wis.

The Italian Work in Chicago

Sabbath, July 4, was another good day for the little Italian flock in Chicago. Two dear souls were baptized and united with God's people. A large attendance witnessed the ceremony with songs and praises.

Sunday evening, May 31, a temperance program was carried out in our church at 1244 West Erie Street. The evening was stormy but about one hundred Italians were present. Elder Langdon was with us and gave a splendid talk for the occasion. The children, who had been instructed by our faithful Bible worker, Miss Vesta Cash, sang and recited both in the English and the Italian. Adults also took part in the program.

We are conducting three street meetings every week. We are usually disturbed by the children, sent by the Catholic priests, yet the interest demonstrated by the people is encouraging. One evening more than twelve Catholics followed us into the church from the outside meeting. In the street meetings we can not present successfully the entire message, but some are brought to the inside meetings; they also tend to take away the prejudice against us.

In order to carry on such meetings successfully many things are essential. One has to be careful what he preaches. From my little experience I have found it best to speak upon such subjects as "The Bible As the Inspired Word of God," "The Only Christian Guide," "Love and Sufferings of Christ," "Salvation through Christ," "Signs of the Times," and the "Second Coming of Christ." These are subjects that people will gladly hear. Since we commenced these meetings this year we have distributed one hundred gospels and seven hundred four-page tracts. We are looking for many blessings this year. Pray for the Italian work.

We are glad to report that though our church is but ten months old, we have paid faithfully our quota of the twenty cents per week for the foreign mission fund, and on July 1, we stood \$2.48 ahead. This is certainly a very encouraging omen.

At present we are repairing and putting in order the basement of our church building on Erie Street, as the time is approaching to begin our church school. We have not as yet taken definite steps toward the establishment of this church school. We have no teacher in sight, neither school desks, and we have no money. However, we have the children, very bright boys and girls, and we must have the church school. We feel a little embarrassed, but we are confident that the Lord in due time will help us in our needs, for we are sure that He does not want our children in the public school. What do you think brethren, shall we have an Italian church school here in Chicago?

Field Experiences

Signe Jensen writes: "I am glad I can say that it has been an encouraging week for me. Monday I only took two orders and it looked very dark to me, but Tuesday, from the very first order I could see how the Spirit of God moved the hearts of the people and I took \$16 worth of orders that day."

Arabella James says: "Where I was delivering a "Best Stories" the mother locked the front door to keep the children out while she glanced over the work, and what did the children do but just run around to the back door and surround her. I enjoyed the scene very much. I delivered a German "Bible Readings" to a woman who has had rheumatism for ten years. She was indeed glad to get it and said she would have plenty to read now. It is delightful work to carry the truth to others."

It is indeed a "delightful work" to carry the printed page to those who know it not, and are starving for truth. Who else wants to join the army of the Lord for this very service? J. A. APPLEGATE

News Items

Pastor G. E. Langdon baptized eleven persons in the Chicago Central church Sabbath, July 11. Three were from the Englewood church and will unite there.

Brother H. P. Waldo and wife of Kankakee have moved to Chicago, and have charge of the conference home, 48 N. Sacramento Boul. Mrs. Waldo is matron.

No doubt all are anxious to know of the prospects of Pastor O. O. Bernstein coming to Chicago for a large tent effort this summer. We have received word from him that he is still ill and the doctor advised that he move to the country and take a complete rest for some time. He has moved to Garden City, Minn., to his wife's parents and will work on a farm as his strength permits, hoping thereby to improve rapidly. Since the season is so far gone it has been decided to drop the tent meetings and to begin meetings in a hall about the first of October, if Brother Bernstein is able to come at that time.

Our churches are making a special effort to raise the foreign mission apportionment this year. Several of the churches are on time with their new clock. We trust all the churches will use this clock to good advantage. If we raise our apportionment, all above the fifteen cents a week per member will be returned to our conference to apply on our school debt. Our school is guite heavily in debt and if all our brethren will take hold of this with faithfulness we can soon liquidate every debt in our field. We have about 1,350 members, according to our books. The return to our conference would be \$2.60 per member if we raise our full quota, which would amount to \$3,500 a year to apply on debts. We are not far behind this year and can easily reach the mark and have our clocks keep correct time. Please make a special effort that we may not only help the foreign mission work, but receive the benefit in our own conference and thus be free of debt.

Elder Langdon has been out of the office for two days, endeavoring to settle the location for camp meeting. The location at Batavia can not be obtained. Some other town will have to be selected. He and Elder Covert are negotiating with parties in Aurora and Downer's Grove. We hope to announce next week the definite location. Remember the date, September 3–13. Efficient help is promised from the North American Division Conference. Plan now to come. Order your tents from the tract society.

Among the Churches

Sabbath, July 4, it was my privilege to meet with the churches in Springfield in quarterly meeting; the blessing of the Lord attended the services.

Sabbath, July 11, I met with the church at Danville. We held quarterly meeting and had a baptismal service. The day was one long to be remembered. The Lord is blessing the efforts of the brethren and sisters there. Two new ones have taken their stand for the truth. It is our plan, a little later, to follow up this work, and we are praying that the Lord will give us a strong company in this city to hold up the light of truth. A. J. CLARK

Camp Meeting

When this paper reaches you, it will be but five weeks until our camp meeting. The Lord has blessed in helping us secure a beautiful location. We have the city park at Altamont. There is an abundance of shade, good water, and other conveniences which make our location an ideal one.

Altamont is a small place but there is considerable outlying territory from which we can draw. The camp meeting is being preceded by a tent effort conducted by Brethren Nethery and Shepard, and we are looking forward to a large attendance and much of Heaven's blessing. The Word of God says: "Let us not forsake the assembling of ourselves together, and so much the more as we see the day approaching."

The drought which we are having, the distress of nations, the advancement of the work, and many other things tell us that the end "draweth nigh." We cannot afford to miss this annual feast and the spiritual help which we shall be able to receive. We should take this time to meet with God's people and receive that blessing which is needful to prepare us for our heavenly home. We are looking forward to a large attendance, and I believe everyone should plan immediately to be with us at this time.

The conference committee voted in January to urge our people to be faithful in the two per cent, and stated that those who paid it from the time of our elders' meeting would not be asked to pay their tent rent, but that their rent would be paid from the Two-per-cent Fund; so all individuals who have assisted in making this Two-per-cent Fund, will have their tent rent paid from this fund. But you will all be able to see that it would be impossible for us to pay all the tent rent from this fund, and it would not be fair to those who have been faithful in donating The plan that we have inaugurated is to this work. this: We do not wish this year to rent tents of other conferences and have to pay freight and express as we had to do last year, so we are asking our people where there are only two in a family to use a half tent, but where there are more, of course, they will have to have a full tent.

The rent of tents this year will be as follows: 14x16, \$4; 12x16, \$3.50; the smaller tents and some of the older ones will be rented for \$3. Cots and chairs will be rented at the same prices they have been rented for in previous years.

The camp meeting will be preceded by a workers' meeting commencing Wednesday, August 19, and continuing until the opening of camp. Let us begin to pray now that the Lord will abundantly bless us during this time and give us a rich spiritual feast.

We expect to have with us as help outside the conference, Elder L. H. Christian, president of the Union; Elder Charles Thompson, president of the Northern Union; Elder C. F. McVagh, president of the West Michigan Conference; Prof. O. J. Graf and others from the Union. Let us all begin now to plan to attend our camp meeting. A. J. CLARK

Notes of Progress

Brother J. C. Stotz secured \$57 worth of orders last week in the city of Decatur.

Brother A. P. Schwartz writes: "Thank the Lord fon His goodness. He gave me seventeen orders in four days."

Miss Emma Hein of Peoria writes: "The Lord has

certainly blessed us most wonderfully. Praise the Lord for His mercy and goodness to us poor sinners."

Brother Falconer writes that everything in Clinton County is drying up, but in spite of this fact the Lord enabled him to secure orders at four consecutive houses.

Brother Stibbs says, "I want to stand the test and follow on until the end."

All will be glad to learn that in thirty-eight hours last week Brother Wall secured orders amounting to \$100. Since January 1 Brother Harry Livesay has secured orders amounting to \$515.

In 42 hours last week the Lord gave Brother Ray Logan forty-four orders amounting to \$68.80, making altogether \$352.80 worth of orders in 301 hours. Brother Logan is but fifteen years of age, away from home and loved ones, but he says, "I am of good courage in the Lord and feel like pressing on to help give the message."

Brother Jerry Suda delivered \$133.50 worth of books last week in twenty-three hours. Brother John Evitts writes, "Tuesday while working in a river bottom where everything was washed away last year, and the drought has been also, I secured orders amounting to \$36."

J. L. Wilson says: "The Lord has blessed me this week 31 with orders, value \$101. Brother Lager says, "Vigilence is the watchword—pray." Brother E. A. Craig writes, "If I don't take orders I will, at least, be found trying—that is all we can do anyway. The Lord gives us the orders."

News Notes

Mr. C. W. Curtis reports a large and much interested attendance at the tent in East Alton.

Mr. F. H. Johnson returned to the office last Monday, after a two weeks' vacation at his home in Wisconsin.

The First Springfield church has fresh paper on its walls, and other minor improvements have been made which adds much to its appearance.

Elder Ferris and Brother Smith are presenting the Sabbath question at the gospel tent in Pana to a small, but much interested congregation.

Elder Clark returned from the Lake Union Committee meeting held in Berrien Springs last week, after which he went to Altamont, later to Alton where it is expected a church will be organized.

Mr. Carl Meves of Marion, Ill., spent last week in Springfield, trying to find a location to start treatment parlors. A suitable location has been secured, and Brother Meves plans to have all arrangements completed and ready for work within a few weeks.

Are you going to be at camp meeting? Definite plans are being laid by all the workers and conference committee. Let one and all do the same. Come to receive all the benefits of the meeting, and come to receive God's blessing by numbering yourself one in the ranks of truth.

A Different Field of Labor

As the message advances it seems necessary to change men to different fields. It was quite a surprise to us to receive an invitation to connect with the work in East Michigan, as we were beginning to feel very much at home in Wisconsin; but desiring only to be where the Lord wants us we accepted the invitation and we are now located at Holly.

I trust that the readers of the HERALD will pray that the Lord may use us in advancing the work in this part of the vineyard, also that Brother Belding may have wisdom from above as he leads out in the work in Wisconsin. H. W. JOHNSON

The South Bend Church

This church is a little one, less than thirty members, and not all resident. The present membership is larger by eight than it was a year ago. The additions are all new people received by baptism. This little church has demonstrated one thing, and that is that although there are no people of means connected with it,—every member is dependent on his individual labor,—yet for the past two and a half years this company has contributed its full share of mission funds, and more. Since the amount required has been raised to twenty cents a week, the church has still met its

full share. In 1912 the amount in excess of fifteen cents a week for the entire membership for the year was fifty-four dollars. For the year 1913 South Bend contributed something more than the full fifteen cents a member for the first six months, and the amount was in excess of twenty cents a member for the last six months. So far this year the record has been maintained. The majority of the members are sisters. All are poor but by the blessing of the Lord this record has been made. What has been done for South Bend can be done for almost any church in the land and greater things than these. ALLEN MOON

Report of Labor at Como

It was with deep regret that we were unable to secure a favorable location at Richmond for our tent effort. While we found two beautiful places, we were refused them, although we offered a good large money consideration.

We then, after counseling with our conference president, came to Como in answer to a call made by Sister Grace De Land, a church school teacher from the West, who was at her mother's home spending her vacation.

Como is situated upon the Muncie and Portland Traction Company line. We are located in the midst of a good farming community,—rather a quiet place when compared with the bustle of the city. We feel certain that if any community ever needed the quickening power of the third angel's message it is this one. The people are very kind, but totally indifferent to their soul's salvation. We have a fairly good attendance during the week, considering the busy time, and a large attendance Sunday evening.

We shall be in the midst of the Sabbath question when the readers of the HERALD read this. We earnestly request the prayers of our brethren that the dear Lord will give us souls as the result of the effort put forth this summer at Como. M. H. SERNS

Camp Meeting

I presume a large number of our people are planning to attend camp meeting at Mt. Pleasant, August 20-30, and this is well. I hope we can have a large delegation. The meetings each year are, and should be better. The nearer we get to the end the more we see of the wonderful working of God.

In Volume II, page 600, we read these statements: "Let all who possibly can, attend these yearly gatherings. All should feel that God requires this of them. If they do not avail themselves of the privileges which He has provided for them to become strong in Him and in the power of His grace, they will grow weaker and weaker, and have less and less desire to consecrate all to Him. Come, brethren and sisters, to these sacred convocation meetings, to find Jesus. He will come up to the feast; He will be present, and will do for you that which you need most to have done. Your farms should not be considered of greater value than the higher interests of the soul."

Ample provision is being made for those who attend. In my notice of the meeting last week, I spoke of the necessity of ordering supplies early as those who order first will be supplied. Some may want to drive through. To such I would say that provision has been made for pasture for their teams a little distance from the ground. A dining-tent will be in operation upon the ground conducted by Brother M. Stephens.

Elder L. H. Christian, Prof. C. A. Russell, and Prof. J. G. Lamson will be present at this meeting; also we expect some General Conference help, but it has not been decided yet just who will come.

Brethren and sisters, we cannot afford to miss the benefits of this meeting. Let us come praying that the blessing of God will be with us, and I am sure that we will receive much good from the few days we spend in seeking the Lord together. J. J. IRWIN

General Meeting at Brutus

There are a goodly number of scattered believers in Emmet and adjoining counties. About fourteen years ago a general meeting was held at Oden. Most of these Sabbath-keepers find it impossible to attend our annual camp meetings, so we have decided to hold a short meeting at Brutus commencing Thursday night, July 23, and closing Sunday night, July 26. An invitation is extended to all the believers living near to make an earnest effort to attend these meetings.

All our preaching tents being in use, we will use our dining-tent which, although not ideal for the purpose, will serve very well.

All who come should be prepared to take care of themselves, as there are only one or two families at Brutus and it would be impossible for them to care for others and attend the meetings also.

We are shipping a few small tents from Petoskey to provide sleeping accommodations, and as this is a short meeting everyone can bring a supply of victuals with them.

We hope Elder Webster will assist in the meetings, and Brother Kellman and myself will be present from Petoskey. J. J. IRWIN

Gladstone

After the good camp meeting here in June, Elder R. J. Bellows and the writer were left to follow up the interest developed during the camp meeting.

The attendance has not been large but one encouraging feature is that the same ones come out every night. Of course some have been sifted out since we have presented the more testing phases of the message, but new faces are noticed frequently, so we keep about the same sized audience.

Some few have already begun the observance of the Sabbath and are eagerly studying the other features of the message with us. Others are thinking deeply and we are hopeful of a number more taking their stand with us before we close our meetings. The dragon is aroused as usual when the Lord is doing a work for the people. One woman, whose heart is with us and wants to attend regularly and has signified her intention of obeying the Lord, has been strictly forbidden by her husband, who is a Catholic, to come near us. There are some Catholics attending who are tired of the priestcraft of the Catholic Church, and seem to drink in all the message they can comprehend.

We rejoice with you in these fruits of the labor performed here. We solicit your most earnest prayers for an abundant harvest here. E. F. PETERSON

Of Interest to E. M. C. Students

During the last term of school the Missionary Volunteer Society of the College became interested in an evangelist in the province of Hunan, China, by the name of Hwang Dzen Dao. We expected a word from that field soon after school closed, telling us of this evangelist and his work. This word has come in the form of a letter from Elder R. F. Cottrell, which follows:

"We note with interest what the Young People's Society of Berrien Springs is doing. Please tell them of our sincere appreciation. With young people in school it usually means a real sacrifice to take hold of a work with such enthusiasm.

"Hwang Dzen Dao is now located at Heng Djou, and so it will not be easy for me to secure a statement or letter from him at this time, but perhaps I can do so later. He is now drawing \$17, Mexican money, a month, which at the present rate of exchange is just a little less than \$8.50 in U. S. currency.

"There is no question but that the growth of the work in this province has been due in larger measure to his earnest work than to any other human agency. We now have twelve churches in Hunan, and five of these are in the Heng Djou district where Hwang S. S. is located. In company with one of us foreigners he usually visits each of these places twice a year. And at times he makes a trip around alone. He is certainly growing as a speaker. There is none in Mandarin speaking China that can present all phases of the meswith greater power and clearness than can he.

"His wife is now in school at Heng Djou, though outside of school hours she seems to be doing quite a little Bible work. His daughter is also attending the same school and will soon be classed as a young lady. He desires to fit both his wife and daughter for church school work." We think the time is not far distant when we should ordain Hwang S. S. to the gospel ministry."

The young people were interested in Evangelist Wang to the extent of about \$80, which was pledged and nearly all paid in to the treasurer. I hope that all who have not paid their pledges will do so after reading this excellent report. Where could you invest to better advantage in souls for the kingdom?

We have just had a very successful Board meeting at this place. Many questions of the greatest importance to the work of God in this Union were considered. Of these there will be a full report in future numbers of the HERALD. During the discussion of the situation as it actually faces us one member arose and read the verses found on this page. They express the firm determination of all who were present to lift every burden and to forward the cause of God.

Reasons Why You Should Take the "Herald"

It tells what our schools are doing.

It tells what our ministers are doing.

It tells what our colporteurs are doing.

It is easy to read and worth reading.

Those who read it most appreciate it best.

It has filled its place better this past year than ever before.

It reaches nearly every Seventh-day Adventist home in the Lake Union Conference.

It is the only weekly means of communication between the conferences and churches.

It fills the same place in our home work that the good old *Review* does for the field at large.

It needs your subscription and that of your brother in the church to fill its sphere perfectly.

College

The wheat was thrashed last week,—a good yeild. Summer school enrollment has reached seventythree.

The barn is filled with the largest crop of hay we have ever had in it, and two cuttings of alfalfa remain to be harvested.

The College building, printing office, and North Hall now stand forth in a beautiful coat of gray. The painting of the Ladies' Dormitory and the laundry will also be completed in a few days.

Charles Marsh says, "Have just finished cultivating and hoeing my 'debt' potatoes and they look fine. Prospects are good for a large crop. Am hoping and working to the end that we may have a college free from debt. Have heard from most of the boys and all are enthusiastic." A personal letter to our students and patrons giving the resolutions passed by the Lake Union Conference Committee concerning the debt, will be sent out in a few days. The letter will also contain the spring term grades and solicitor's cards for the students. May the Lord give us favor in the sight of His people as we work together to "roll away the reproach."

H. B. Lundquist writes: "The \$100 dollar week for 'God and for our E. M. C.' became a reality the very next week after the pledge was made. It amounted to \$101.50. God is thus openly blessing to show His ap proval of our campaign. Maybe the last HERALD with the students' testimonials wasn't inspiring! I read and reread them. Put some more in; it's almost as good as a students' meeting."

Howard Wilcox writes: "School begins again nine weeks from Wednesday. I am glad. I believe it will bring together a larger number of students more determined to train themselves for aggressive work than ever before. Somehow the call of service is speaking to every fibre of my being and I can not but believe that all the students feel the same necessity of putting forth their greatest possible strength now. 'Every man's task is his life preserver.'"

Floyd Smith, who is engaged in evangelistic work this summer at Charlotte, Mich., after mentioning some of the difficulties encountered in starting the work said, "When I saw the number out tonight in this place where the gospel of the third angel's message has been so long known, I felt more than repaid for all the trouble we have had. I love E. M. C. and all its associations, but I shall be glad when I can enter the work without a break. I think the colporteurs' morning prayer hour should include us in the evangelistic work, too."

Every one who enters the pearly gates of the city of God will enter there as a conqueror, and his greatest conquest will have been the conquest of self.—Mrs.E. G. White

The Psychology of Doing Things

Somebody said that it couldn't be done. But he, with a chuckle, replied That "maybe it couldn't," but he would be one Who wouldn't say so till he'd tried. So he buckled right in, with the trace of a grin On his face. If he worried, he hid it. He started to sing as he tackled the thing That couldn't be done, and he did it.

Somebody scoffed: "Oh, you'll never do that; At least no one ever has done it." But he took off his coat and he took off his hat, And the first thing we knew he'd begun it; With the lift of his chin, and a bit of a grin, Without any doubting or quiddit, He started to sing as he tackled the thing That couldn't be done, and he did it.

There are thousands to tell you it can not be done, There are thousands to prophesy failure; There are thousands to point out to you, one by one, The dangers that wait to a sail you; But just buckle in with a bit of a grin, Then take off your coat and go to it; Just start in to sing as you tackle the thing That "can not be done," and you'll do it.
