Faith

When weary of all the burdens of life,
When worn with its sorrow, contention, and strife,
When the "every-day" troubles seem bearing me down,
When so heavy the cross, so distant the crown;

'Tis then that the Master steals in unawares,
And I lay upon Him all my burdens and cares;
Then He says so softly, so gently to me,
'My grace, O dear child, is sufficient for thee!'

Yes, He is sufficient, and I know as I live,
Every morning fresh vigor and strength doth He give;
And I know when the hour seems darkest and drear,
My faint, weakest cry will that kind Father hear!

Now through a glass darkly, but *then* in that land
Whence cometh no night, "face to face" I shall stand;
And what troubled me here, since in part only known,
Shall be made clear as day in the light of my Home.

Broadview Swedish Seminary

Another school year with its blessings and privileges is now in the past. As we cast a retrospective glance over it, we can but exclaim, "Truly the Lord is good to Israel!" He has blessed our school in a wonderful way, and we praise Him for His goodness. The enrollment has been the largest in the history of the institution, a spirit of consecration has prevailed, and there has been very little sickness.

Besides growing in enrollment, our school is growing in other ways. Many improvements have been made during the past year. Among these may be mentioned the president's cottage, which was erected last summer; about two thousand volumes have been added to the library; the science laboratory has been enlarged; an electric washer and steam dryer have been installed in the laundry; many necessary articles have been purchased for the culinary department; a number of Holstein cows have been added to the

dairy; and a much-needed barn has just been built. Most of the material for the new barn is a gift of Brother Ben Bengtson of Forest City, Iowa. May the Lord open the hearts of more of our people to give liberally of their means now while they can be used, for the time will soon come when it will be too late to make our offerings.

During the first part of the year our music department launched a campaign to raise money for a new chapel piano. The donations came in slowly at first, but a new impetus was added this spring when our music teacher conceived the idea of a Piano-bond Campaign. Teachers and students worked enthusiastically, and in less than three weeks after the bonds were issued, we had raised over \$350. This, together with the \$200 we had raised during the winter, enabled us to purchase a \$1,050 Mason & Hamlin Grand Piano, which at a dedicatory program was formally presented to the Seminary by the music teacher on May 5. We consider ourselves fortunate in getting the piano for about half price.

Our Young People's Missionary Volunteer Society has conducted interesting programs during the year. A number of tracts, papers, and books have been sold or given away, besides sending out a club of the Swedish papers regularly. Fifty-three of our volunteers will be in the field this summer as canvassers, Bible workers, or tent masters. In response to a call from Elder L. H. Christian, secretary of the foreign work, two of our young women have entered the magazine work among the Polish and Bohemian people of Chicago. Surely we have a large foreign field at our very door.

On May 11 we witnessed the baptism of nine of our students. The occasion was one of solemnity which none of us shall soon forget. Our prayers go with these young brothers and sisters, that the Lord may help them to walk in newness of life.

The graduating class this year had thirteen members, seven finished the seminary course and six the academic. The class gave its program on Thursday evening, May 23. All the members showed thorough preparation and consecration. All, with the exception of two, will be actively engaged in the work this summer. Some plan to remain in the work, but the majority intend to return and continue their education.

Sabbath, May 25, will long be remembered by all who were present at Broadview on that occasion. Elder L. H. Christian preached the baccalaureate sermon, which was a discourse on "An Up-to-date Ministry." It was meat in due season. He appealed to all present as well as to the class to make their ministry meet the needs in the world today. The world demands up-to-date service. Why should God's people be content to give less than their very best? In the afternoon Elder M. H. St. John of Chicago addressed the students in his earnest and impressive way. He

brought out especially that our one business in the world is to give the third angel's message. Every talent should be consecrated to this one business. It matters little what our situation in life may be or where our lot may be cast, there are those around us who need the message we have to give. We were thankful that Elder C. L. Taylor could be with us to deliver the commencement address in the evening. The subject chosen was the class motto, "No Crown without a Cross." He spoke in his usual sincere, appealing way, emphasizing the importance of humility in every follower of Jesus.

Though our school year is ended, our work still goes on. We find that with our growing numbers, we must have more room, and so a campaign has been started to raise money for a new school building. William Carey said, "Expect great things from God, attempt great things for God." We are endeavoring to do both now, and hope to see great results. We need more room and we need more young people to fit themselves for work in the Master's vineyard. Though a large percentage of our students entered the field this summer, yet many, many calls remain unanswered. Brethren and sisters, what shall we do? What will you do? Dear Swedish young people, the Lord needs you to enter the recruiting station for Swedish workers. The harvest is ripe, but the laborers are few. Are you willing to say, "Here am I, Lord, send me"?

ANNA A. ANDERSON

A Great Task

Fifteen million people, just in our little corner! Think of it! Can thirteen thousand Seventh-day Adventists get this message before these millions and give them an opportunity to accept or reject it? This sounds like a big undertaking, does it not? And it is, but it can be done. It will be done some of these days, and some of us will awaken too late to have a part in it. We will have been caught napping. Really, dear friends, do you not think that after all these years of preaching the message in the Lake Union territory, and not yet having given all the people an opportunity to know this truth, that it is now high time that we were shaking ourselves awake and putting forth one big grand effort as a united body of thirteen thousand believers to place this truth into every home in these four states?

God expects us—He has made no other plans—to take hold of this work and finish it. He expects every one of us to get busy in our small corner and do our part quickly and faithfully. We must stop thinking that it is going to take another five years, or four, or two, or even one, before this message can possibly go to every person in the earth. God says that this work will be finished quickly, and some of these days it will be down to within six months, and four months, and three months of the time for its completion. But we will not know it. It will finish quickly, and at a time that many of us least expect it. Surely the end is nearer than many of us really dream.

By careful, regular, systematic work thirteen thousand believers in the Lake Union Conference could place the truth into every home in our whole territory

in less than three months' time. Think of it! We would only have to average getting the message into ten homes a day, to give every one of the fifteen million in our midst an opportunity to receive or reject it in three months.

The *Present Truth*, *Signs Weekly*, and our tracts ought now to be scattered by the hundreds of thousands throughout our field. Every church should feel the responsibility of placing the truth into every home in its community, yes, in the city and county in which it is located. Systematic work with the *Present Truth* and *Signs Weekly* should be started in every neighborhood. Which will be the first church in the Lake Union to start an aggressive campaign to place the truth into every home in the town or city where it is located?

J. L. MCCONAUGHEY

The Pressing Need of Teachers

In normal times our educational officers have experienced much difficulty in supplying a sufficient number of teachers for our local church schools. The shortage last year was more pronounced than at any previous time. Now that we are pushing a campaign to bring all our boys and girls into our own schools, it means that the need of teachers will be more pressing than ever before. We must increase the number of our elementary schools to accommodate the recruits from this campaign. The question of how to provide teachers enough has been a vital one from the beginning of our campaign.

In a recent letter to our educational secretaries and superintendents, the General Department of Education has suggested these four sources from which to draw an added teacher supply the coming year:

1. Seventh-day Adventist teachers now in the public schools.
2. Those who have formerly taught but are not now engaged in teaching.
3. The graduates from our colleges and academies.
4. Seventh-day Adventist graduates from normal schools.

Special Requests

Will every teacher, prospective teacher, or person who would consider teaching—who belongs to any one of these four classes—be kind enough to write to the union educational secretary or the educational superintendent of the local conference in which he lives, for more definite information about the need of teachers and how to enlist for teaching service in our own schools?

Will every reader of this paper who knows of any one belonging to one of these classes please write to the union educational secretary or the superintendent, giving such information as he may have about such persons?

There is no higher service that can be done to the cause of educating our children than to comply with these requests, and otherwise work and pray to the end that our schools may be adequately supplied with teachers. We are working earnestly to bring in the recruits, and we must not fail to make the best provision possible for their care and instruction.

Our Conference Work

At a meeting of the Southern Illinois Conference Committee, May 8, the writer was asked to take the presidency of the conference to fill the vacancy made by the resignation of Elder E. F. Peterson.

This invitation brought me to your field at the most important time of the year. The ministers were anxious to plan wisely and quickly for the tent efforts. The young people soon returned from school and the first big week of the summer's canvassing season has now been reported. These are also busy days for all departmental work.

Brother Russell, the Union educational secretary, visited us June 1-3, and in company with Miss Evans we visited Decatur, Du Quoin, Centralia, and Herrin in the interest of the educational work.

At DuQuoin some progress was made in laying plans for the establishment of a ten-grade advanced church school at that place. As soon as plans are completed, and the school is definitely decided upon, a complete and comprehensive notice will be given in the HERALD. At present we would be glad to correspond with any who would consider the advisability of moving to DuQuoin to give their children the advantage of such a school, providing it should be established.

I am glad to say that the work of the conference never looked more promising than at the time of Elder Peterson's resignation, and I most earnestly request the prayers and faithful cooperation of all our people, that the work of God may continue to prosper in this part of His vineyard.

I fully believe the time has come to push forward as never before in the work of soul-saving. For this reason we are manning four tent efforts for the season. One will be held in Decatur under the direction of Elder E. N. Sargeant; one in Belleville directed by Elder L. O. Drews; one in Freeburg directed by Brother C. J. Smith; and one in Springfield directed by Brother F. C. Phipps.

By the time this report reaches the reader, all of these efforts will be in operation. Let us remember them at the throne of grace.

One thing we lack in these efforts is a sufficient number of young people to assist in the Bible work. As we enter the cities, the demand upon our schools for consecrated workers is becoming more and more pressing every year. We cannot do this work without a large army of young men and women. The minister alone in a city is helpless. The Lord is earnestly calling for more parents to give their boys and girls that they may be trained in our schools for this important work. May God prevail upon hearts in Southern Illinois to supply the demand.

Upper Peninsula Camp Meeting

The Upper Peninsula camp meeting was held at Wilson, May 31 to June 5. There was not a large attendance, outside of the Wilson church, yet a number of the brethren came from the churches near about.

Five meetings were held each day and the attendance was very good at all these sessions. Special attention was given to the educational and young people's work, and a number of the young people present signed up to attend our schools the coming year.

Besides the local conference help, Elder Guthrie, our Lake Union president, and Professor Griggs, who will have charge of Berrien Springs College this year, and Mr. Fattic, who is assisting Brother Russell in the young people's work, were with us.

An excellent spirit pervaded the meeting, and at the close nine went forward in baptism, mostly young people.

The book sales totaled over \$60, and the foreign mission offering, including contribution to the improvement fund of the College, amounted to \$250.

It is indeed an enjoyable privilege we have of meeting those of like faith in a general gathering like this. We do not know how much longer such liberties will be ours, but we hope that all who attended the Wilson meeting returned to their homes strengthened and encouraged in this message, and resolved to do more earnest and faithful work in relating to others the wonderful truth we possess.

Location of Our Workers

In response to the many calls which have been repeatedly coming for the past few months, the committee has arranged for an additional force of six new

workers. These laborers are already in the field securing locations, and pitching the tents.

Elder Kelley will have charge of the work in Petoskey this summer. Brethren Howard Wilcox and Paul Heflin will assist him in this effort. The meetings in this city will begin Sunday night, June 16, and will be held in Petoskey church for a few weeks.

The work in Cheboygan will be continued. Elder Fenner and Brother S. C. Hannon will be located here. There are a number of French people in Cheboygan. This should be an excellent field for our French work, which Brother Hannon represents.

Another effort will be held in Grayling. Brother Wood and Ashley May will be busy next week getting things started preparatory to their beginning work. The people here have been calling for an effort for some time. Literature has been distributed in this place. We trust there will be a good fruitage of souls from here.

A fourth effort will be held in Big Rapids. Brethren Lamont Thompson and L. M. Petersen, of Berrien Springs College, will conduct the work in this place during the summer. It has been several years since an effort was held in Big Rapids, and there is not one representative of the third angel's message in this thriving city.

In Kewadin, Elder Piper and Brother Garland Bogar are planning to hold meetings. The members of the Eastport church have helped the work previously in this place by distributing a large number of the *Present Truth*.

The addition of these laborers will increase our pay roll quite materially. The only way we can continue this work for a length of time will be by our brethren paying a faithful tithe. Time is short, and the work must be done now. Our brethren can cooperate, not only by paying a faithful tithe, but also by holding up this cause daily in their prayers.

Colporteur Items

In one hundred five hours Brother Kaufman recently sold \$297 worth of "Bible Readings."

In thirty-one hours last week Brother Moore sold \$100 worth of books.

It seems good to have our students back with us again as they helped to swell our total sales last week to more than \$1,000.

Brother Bish writes encouragingly of his work. He put in only twenty-four hours, but the Lord saw fit to give him sales amounting to \$37.

Brother Grim comes along with a "good old time" report of forty-five hours and \$64.

Brother Ware got in more time than any other worker last week—fifty-one hours.

It always pays to put in "full time."

Brother Goodman writes, "I am going to try for a big week this week, and a stronger effort for full time, and trust the Lord for success."

In his usual order, Brother Bergherm sends in a good report for the first week—twenty-four hours, \$116 value, for the splendid old book "Daniel and Revelation."

Brother Frank Caton had a little surprise for us this week. We were not aware that he was ready to engage in the work, but the first thing we knew a report of forty-one hours and \$86 worth of orders came along for "Our Day." He writes, "I am enjoying the work very much."

In fifty-six hours Miss Samson secured orders amounting to \$117. She writes that she is of excellent courage.

Miss Harrison, who is located with Miss Samson, writes that God is richly blessing them in their work and requests that she and her partner be remembered in prayer.

Sister Bird of Terre Haute sends in a very encouraging report of her work. She says that her slogan is forty hours per week.

We desire the prayers and cooperation of our workers in this conference to the extent that a new recruit for the colporteur work be secured every week the remaining part of the year.

Indiana has a large, fertile field in which to sell books. We need many more consecrated laborers to quickly engage in this fundamental part of the work. If many of God's professed children in this conference would let the Holy Spirit show them their duty they would make immediate plans to enter the colporteur work and remain there until probation closes.

Let God speak to your hearts now, brethren and sisters, and delay not to engage in this work.

News Notes

To date we can report about 2,000 copies of the new book entitled "A World in Perplexity," sold. This is a wonderful book for this time, and we are glad that the churches are responding to the missionary call by dis-

tributing this book. One church has ordered 500, another 200, and we anticipate a very remarkable sale for this work.

The tent company at Fort Wayne reports a good interest and increasing attendance. The workers there are all of good courage in the Lord. Between four and six hundred people were in attendance at the Lafayette meeting each night last week, this being the first week of the effort. About eight hundred was the maximum crowd thus far. The Lord is blessing the workers and they are all of good courage.

The good word comes from the effort at Vincennes that there is a steadily increasing attendance and a manifest interest to hear the word of God.

The Indianapolis effort gives an encouraging report. People are coming to hear, and are enquiring "What do these things mean?" Last Sunday night the tent was packed, and all through the week a goodly attendance indicated the desire of the people in that place to get hold of God's message for this time.

On account of some changes that had to be made, it will not be possible for us to report the location of our academy until next week. There will be a meeting of the conference committee on Sunday, the 16th, at Indianapolis.

Elder Westworth attended the first few days of the Holly, Mich., camp meeting, and reports a most encouraging attendance for the beginning of such a meeting. Doctor Dunscombe, Brother Garnsey, and Sister Eastman from the Wabash Valley Sanitarium, were also in attendance at the Holly camp meeting.

The Indiana Women's Movement is increasing day by day. Goodly reports of a splendid enthusiasm is seen on every hand. The men are falling in line and we are hoping that the Lord will bless us in a very special manner in this movement.

The committee on location are busy and have had a number of places suggested as a future home of the Indiana Academy.

Brother Charles Marsh, recently of E. M. C., has been called to Indiana and will take charge of the Young People's work in our conference. Hereafter all communications intended for this department should be addressed to Brother Marsh in care of the conference office.

Sister Perkins, our new home missionary secretary, is busy out in the field and reports some excellent experiences in getting some of our people at work.

Brother Birt Summers, of the Musical Department of E. M. C., is doing very effective service in connection with the Indianapolis effort.

Battle Creek Academy

Closing days at Battle Creek Academy revealed some most faithful and devoted work on the part of our faculty of seven teachers who worked untiringly to build up the educational feature in the Battle Creek church.

Tuesday evening, the 4th, was class night. In spite of the fact that this is the first year grades eleven and

twelve have been taught, four young ladies completed the prescribed course. Assisted by the juniors and others these young ladies gave a pleasing musical and literary program.

On Wednesday night fourteen were promoted from the eighth grade with appropriate promotional exercises. On this occasion an offering of \$142 was made to the local work.

On Thursday evening Elder Guthrie gave the address to our twelfth grade class and Brother Judd, president of the board, presented the diplomas.

Battle Creek has enjoyed the largest patronage of any year, having enrolled nearly two hundred sixty in all grades. Some changes necessarily come in our faculty for next year but we feel a kind providence has sent us efficient substitutes. We regret that we lose any of the faithful workers of the past year.

The library this year was increased by 1,500 additional volumes. Three hundred twenty-five dollars was expended on science equipment. Two new rooms were built in the basement for class work.

The parent teacher association is worthy of mention. This has been a well-regulated, well-organized association for the upbuilding of the local school work. It was they who put in the beautiful flowery shrubbery, purchased the victrola for the children, encouraged and fostered the school gardens. They have devised means for financing these enterprises. We feel that these efforts which have cost time and money, together with the excellent programs and school spirit engendered thereby, are worthy of more than a passing mention.

This school is ready for a visit from the accrediting committee, and the educational department feels to commend Battle Creek for their hearty cooperation and long strides taken this year in aggressive school plans. They are already planning for still greater things for the coming year. The Battle Creek board, backed up by faithful and loyal support of a liberal church, are boosters for the best and noblest in Christian education. The Lord will reward their faithful efforts in souls won for service.

EDUCATIONAL SUPERINTENDENT

Our Canvassers

Brother Fred Wiggins, working in Berrien County, says: "Last Wednesday it rained all day, but in spite of this I worked on, and it was my best day in the week. That night at nine o'clock I sold my last two books. When I started back to my stopping place for the night I had to cross a large creek that had overflowed the road. It was necessary for me to take off my shoes and wade. My courage is good."

The canvasser meets high water just as he meets any other obstacle and conquers.

Brother Ferney, who is working in Newago County among the Scandinavians, writes: "After you left me Wednesday, I secured three more orders for "Great Controversy" and one for "Our Day," making the day's total value in orders \$55." Brother Mulholland, a Cedar Lake student who is working with him, says that he felt lonesome after I left him out on the road last Thursday, but "I braced up and took one more

order that evening, making thirteen in all. My courage is good."

Recruits are coming in, and the work will be finished before long. Dear reader, do you not have a desire to be used in this great soul-saving work? I shall be glad to be of assistance to you. Address me at Box 55, Grand Rapids, Mich. W. B. MARIS

East Michigan Conference

Office Address, Holly, Mich.
President, A. J. Clark

Long Lake

We have just closed a short tent effort at this place, with good results. Ten adults accepted the truth, and some have returned to their Father's house again. A Sabbath school was organized and officers elected.

This company expects to build a church. We are of good courage. B. HAGLE

"He will change our vile bodies, and fashion them like unto His glorious body."

Fresh from the Press

In a recent speech before Congress, President Wilson made the statement, "A supreme moment of

history has come." To our people there now comes "a supreme moment," an unequalled opportunity.

Elder A. G. Daniels has written the very latest book on the Great War, dealing with the subject from the standpoint of our message. "A World in Perplexity" is the title of this splendid volume and it is indeed timely.

In every instance the reader's attention is turned to the prophetic word for light and help during these trying days. But you must see and read this wonderful little book before you can fully appreciate it. More than 100,000 copies have been printed, and its circulation will doubtless go by leaps and bounds. One brother after reading his copy ordered a thousand for immediate use.

The price of "A World in Perplexity" is 50 cents in the cloth and 25 cents in the paper binding—liberal discounts in quantities of ten or more. It is unusually well illustrated and will be an easy seller.

Here is an opportunity for which we have been looking. Don't miss this chance to give our message a wider circulation through this our latest book on the second coming of Christ.

The strawberry season is about finished here, and the hulling "bees" over. This season 2,260 quarts of strawberries were canned.

A very pleasurable farewell gathering was held this week for George Simpson and family the evening before their departure. Games were played, a short and interesting program was given, and refreshments were served. Mr. Simpson has been with us nine years, and as he goes to his new work as principal of Cedar Lake Academy our best wishes go with him.

Miss Graf has returned to E. M. C. after a vacation spent at Madison, Wis. She will remain here for the summer school.

Walter Murray spent a day at the East Michigan camp meeting in the interests of *The Student Movement*. He plans to visit two or three more camp meetings to boost our paper before school starts.

Mr. Green and Mr. Smith have gone for a few days to Battle Creek to attend to some business of the farm department.

Nora Willaman and her mother are here for a short time before going to South Wisconsin, where Miss Willaman will be educational secretary. She will be at E. M. C. for the summer school.

Otto Johnson arrived Friday to take up his work at the print shop. He is Eli Lane's successor. Mr. Lane leaves Tuesday for Springfield, Ill., where he will engage in tent work.

Announcements were received this week of the wedding of Howard Wilcox and Katherine Smith at the home of the latter in Hartford, Mich. Elder Wakeham performed the ceremony. Both are alumni of E. M. C. and we give them our best wishes and congratulations.

The chimney on the south of the College building has been torn down. It was only a vanity, anyway. The work on the remodeling of the building is progressing quite rapidly, but will hardly be ready for use for the summer school.

Mr. O. R. Staynes of Nashville, Tenn., Home Missionary Secretary of the Southern Union Conference, stopped here on his way to Battle Creek. He is a former teacher of E. M. C. He is making the trip by automobile.

Our canvassers outside of this Union are still doing well. In Georgia, Miss Cunningham sold \$98 worth of books in three and one-half days. Miss Vail sold \$50 worth in about two days. G. Mosser Taylor, in

North Carolina, sold \$125 worth, and his partner, Hila Shepard, \$117 worth last week. Mr. Perrin in Kentucky, also is above the \$100 mark.

Hollis Russell and Victor Davis rode on their bicycles to the Allegan camp meeting for the week-end. Mildred Russell and Hilda Nielson, who is visiting her, expect to go to camp meeting the first of this week.

During spare moments Mr. Babienco has made a large map of the world, showing countries, states, principal cities, and all our important institutions. It is a work of art, and we are proud of him.

Summer school begins in two weeks. We home folks are all looking forward to it.

CLARENCE M. ELLIOTT

Summer School

The College Bulletin is out announcing the Summer School for 1918, from July 2 to August 13. In connection there will be held an institute, as usual. Representatives from the General Department will be present at this time. On the faculty list are seventeen names. Professor Griggs, president of the College, will be in charge.

An unusually strong lecture course has been provided which will be free to all. Those of our teachers who are in attendance or any who are under appointment to teach will be given free transportation to and from the school, will be charged no tuition or room rent, and will be allowed \$2 per week to be applied on board. One hour's work will be expected from all.

If you have not received an announcement and desire one, send request to Emmanuel Missionary College, Berrien Springs, Mich.

C. A. RUSSELL

"Enclosed find 25 cents for renewal of my subscription to your most valuable little paper. I don't want to miss an issue of it. Please begin this renewal where my subscription ended. Send the back numbers," writes one of our subscribers.

Another sister when sending change of address wrote: "Will you kindly change the address of my mother's HERALD . . . She feels it to be one of her best friends and wants it to be wherever she is."

Recently a lady wrote the publishers of the *Present Truth* for a copy of this paper containing certain statements, explaining that she found a piece of an old *Review Extra* in a packing box that contained the statements quoted, and stating that she was exceedingly anxious to get the entire paper. This number of *Present Truth* proved to be No. 17 of the 1917 *Present Truth* Series.

It is not the great service and the lofty aspirations which receive the approval of God, but the love and consecration through which the service is performed, be it little or great.—E. G. W.
