Not Lost

The look of sympathy, the gentle word,
Spoken so low that only angels heard;
The secret act of pure self-sacrifice,
Unseen by men, but marked by angels' eyes—
These are not lost.

The happy dream that gladdened all our youth,
When dreams had less of self and more of truth;
The childhood faith, so tranquil and so sweet,
Which sat like Mary at the Master's feet—
These are not lost.

The kindly plan devised for others' good,
So seldom guessed, so little understood;
The quiet, steadfast love that strove to win
Some wanderer from the tortuous ways of sin—
These are not lost.

Not lost, O Lord! For in Thy city bright
Our eyes shall see the past by clearer light;
And things long hidden from our gaze below
Thou wilt reveal, and we shall surely know
These are not lost. —Sel.

You will notice from the diagram that there have not been any funds received on the men's dormitory fund since our last report. We are expecting to see large changes in our next report. Are there not some individuals who would like to help us in a material way to change this diagram? When the squares are all filled with figures we will have money enough to put the dormitory in shape for occupancy. You have as much interest as you give dollars. Your treasures will be transferred from the fleeting and vanishing things of this life to the young men and women for whom Christ died. If you do not believe this, read the little pamphlet, Ella Simpson, Neighborhood Transformer, to see the effect our schools have on the youth.

One Soul

Why not win at least one soul to the Lord during 1919? It can be done if you set your heart to the task and believe God. Of course you must work and live the truth. Have a prayer list that you take to the Lord each day. Then give a kind word, a bit of literature, or a helping hand to each of these as often as possible. When one has given his heart to God, place another on the list. This kind of work will warm your own soul and result in the salvation of many others.

You are not too busy to pray, are you? You cannot afford not to pray. It is selfish prayer that is offered only in behalf of one's self, therefore let us offer our supplication for "all men." Time is very short, hence the need of most drastic methods in the finishing of

God's great work. It has been said by one, that "no one will enter the golden city who has not won at least one soul to God." But the person who can win one soul can in time win another. Let us give to others the precious light God has given us.

You have decided to strive to win one soul this year. Write the HERALD and tell us your purpose, it will cheer our hearts, and will encourage another to do the same, besides it will cause joy in the presence of the angels of God. Tell us of your plans today in a short but clear little note. We trust all our conference workers will set definite goals for souls for the present year.

Broadview and E. M. C. Institutes

I was glad to be at the Broadview Theological Seminary when our annual colporteurs' institute was held. This was a meeting that will long be remembered by the students, I am sure. Professor Olson, principal of the school, joined very heartily with me in the work of the institute which was combined with their spring week of prayer. Part of the time of each day was devoted to seeking the Lord. I can say of this school that the spirit of work was manifested as strongly as in any school I have ever attended.

They have an enrollment of 117, and of this number 75 are going into some line of our work this summer. I believe about 25 are going to take up the ministerial and Bible work, 20 are planning to sell magazines, leaving about 30 for the book work. It was indeed refreshing to see the students line up for service.

We have since held our annual colporteurs' institute at Berrien Springs College, with about sixty-five students taking the drill. This will include both magazine and book workers. Here we also combined the spring week of prayer with our institute work. I wish the readers of the HERALD could have attended our devotional service which was held twice each day.

I am very much encouraged with the outlook for the book work in the Lake Union for 1919. We have at present a little more than one hundred colporteurs

who have attended our institutes, and who intend to enter our work this year. There are yet several institutes to be held. We are planning for a goal of \$200,000 for the year. I believe we have reached the time when the message will go rapidly.

It seems good to see some of the sales that are being made at the present. A report came yesterday from North Wisconsin of \$142.60; another from North Michigan of \$189.40, and others are doing exceptionally well. The time has come when the third angel's message is past due to the world. Shall we not rally to the call, and help finish the work? Two mornings we had a colporteurs' symposium at our chapel hour, and the experiences related by the field secretaries were indeed inspiring.

We desire most earnestly that the brethren and sisters remember at the throne of grace the work being done by our faithful colporteurs.

The West Michigan Camp Meeting

Letters and inquiries have come to me about the date and location for our next annual camp meeting. I have been pleased to note the live interest felt by our people in reference to this important gathering. The most eventful year of our history has passed since our last meeting. Everything that would tend to stir and awaken the people has come into the months that have just passed. We should enter upon our camp meeting this season with our hearts more open than ever before and our lives devoted to the cause in the fullest way possible that Heaven's blessing may be enjoyed in large measure. By what means may we hope for protection and shelter in the stormy times that are coming if we do not avail ourselves of every opportunity for strength and for the renewing of our spiritual life?

We have the promise of excellent help—men from abroad whom God has greatly blessed in their labors and whose experiences have taken them out into fields that furnish them in the best possible way with material that will be for our inspiration and help. There will not be a conference session, so the time will be devoted wholly to the spiritual interests of the cause. It is expected that the meetings will be of unusual interest and very helpful.

The date is June 12-22. The opening meeting will be at seven thirty Thursday, June 12. The location of the meeting is to be Allegan on the same beautiful grounds that we occupied last year.

The committee has been spending considerable time during the past few weeks in determining the location for this meeting. It may be a disappointment to some that we are going to Allegan again, and it is due that a brief statement be made regarding this. There are places that are less centrally situated that we have considered quite seriously, but it has been thought, through the best counsel that we could have, that one of the chief considerations in the

location of the meeting is to have a place that will be quite central for the people of all the conference. This cannot always be held to but it is of importance. In most conferences it is planned to hold a meeting two years in succession in one place that we may have the relief of the heavy expense of a change of location. An effort was made to get into Kalamazoo which would be very central and which would give some help to the work in that important city, but it seemed practically impossible to secure proper grounds and lumber in that place. To pay \$50 a thousand for the large amount of lumber we use did not seem advisable, and there were still other conditions making it questionable to locate there. With the most careful study brought to bear upon the question, it seemed most logical for us to use the beautiful grounds at Allegan another year.

It is hoped that our people will plan early for this important meeting. I hope that there may be a full attendance from every church. Definite instructions will appear in letters that will be sent out, as well as through the columns of the HERALD, regarding tents and other important matters.

Conference Action on Reporting

At a meeting of the conference committee of the West Michigan Conference held April 3, 1919, the following action was taken relative to the weekly reporting of missionary work in the churches of the conference:

"Voted that we endorse the following suggestive program to be followed by the churches in the matter of reporting home missionary work:

'The ushers are supplied with individual missionary report blanks during the intermission between Sabbath school and church service. Immediately after the opening of the meeting, and before singing the first hymn, the elder or leader announces that three minutes will be taken for collecting missionary reports. Without any delay the ushers pass the report blanks to every member present, including those on the rostrum. Following this procedure, a couple of minutes are allowed for each one to complete a missionary report for the previous week. At the signal by the elder the ushers come forward and quickly collect the reports. It is all done within a few minutes, and at a time when no phase of the service interferes. This makes it a regular distinctive feature of the hour's worship.'

This plan simplifies the question of when and how to get the individual missionary reports and wherever this plan is being used it is working wonders in reporting. I trust every church in the conference will put this indorsement of the conference committee into action.

LYLE C. SHEPARD, *Home Miss. Sec'y*

Personal Worker's Band at C. L. A.

About two months ago, under the able leadership of Frank Goffin, the Cedar Lake M. V. Society began active missionary work. The matter of sending the *Present Truth* to every home in the township in which we are located was taken up in church, and \$90 was soon raised to start the work. After sending four or

five copies to the five hundred homes, the personal worker's band started out to visit each home. We found some homes that did not care to receive it longer, but on the other hand we found many honest in heart who were glad to get the paper.

One man who was out trimming trees said when asked concerning the paper, "Yes, I want the paper, and I just had my girl write a card this morning to the man who was sending it. I tell you it is the truth. I showed it to my minister and he said it was an Advent paper but I told him I didn't care, it contained the truth anyway and I expected to read it."

I visited one prosperous farm home where they were very much interested in the paper. I gave the lady of the house Ella Simpson. She promised to read it and pass it on to all her neighbors. She said she didn't think a good work of that kind should lie idle. I left my name and address and she promised to send for *The Marked Bible* as soon as she finished this little book. This will open the way for correspondence or another visit.

One family in Brother John Kidder's territory has already begun to keep the Sabbath. They enjoy the *Present Truth* very much and have purchased two *Helps to Bible Study*, besides a number of our large books. Brother Kidder has had several pleasant Bible studies with them.

We have had many interesting experiences, and plan to follow up the good work which has been started. Surely there are many honest in heart all about us waiting for the message we have. What are you doing to give it? "There is need of *personal* labor for the lost." The personal touch does much toward bringing results. Let us be up and doing.

PAUL FORD

Home Missionary Items

In March West Michigan ordered 13,078 *Present Truth*. This is a decrease of 2,272 as compared with February. The total for the quarter ending March 31 is 33,070.

On April 1 the *Signs Weekly* subscriptions in this conference were 808. This is less than one subscription to three members. Use more *Signs*. "More *Signs*—More Souls."

The *Review and Herald* list shows that we are 110 short of the goal of 908. This is a loss of twenty subscriptions in one month, and now our per cent is 87 which is lower than it has been for several months.

To date, April 27, all the churches in the West Michigan Conference except one have reported missionary work for the first quarter of 1919. The report shows that 1,392 persons reported work, that 68,249 papers and tracts were circulated, that 5,005 books were sold, lent, or given away, and that the sum of \$442.02 was given to the home missionary work. This is surely a very encouraging report.

During this month I visited the churches at Greenville, Three Rivers, Kent City, Sand Lake, and Cedar Lake. A good work for God is being done in these places and I am glad to report that souls are being won to the truth by the efforts put forth by the brethren and sisters and children of these churches.

Present Truth, *Signs Weekly*, "World in Perplexity" and Marked Bible seem to be the literature used most.

Although we have many ups and downs in the number of papers ordered, the resultant shows that we are steadily forging ahead. There is life-giving truth in our periodicals.

LYLE C. SHEPARD

Sabbath School and M. V. News

The young people have not been left out of the great home missionary revival which is sweeping our conference. From Lakeview we learn of a band meeting every Wednesday morning for prayer before starting out with *Present Truth*.

The Urbandale M. V. leader writes: "In the last list of seven names you sent for missionary correspondence, only one answered the letters but he is very much interested."

Watch for a report from the personal workers' band at Cedar Lake.

"We just went out in the strength of the Morning Watch verse: "Whatsoever ye ask in prayer, believing, ye shall receive," writes the Covert teacher, Mrs. Erwin Hicks, "and we earned \$11.98 for our missionary, Brother Shepard."

Grant Butterfield has completed five Junior Reading Courses since January 1918. One J. M. V. society is this month receiving thirty-six reading Course certificates. Most of the teachers report that the children are now reading the last book.

The Bauer society has its Attainment work well planned and expects to hold an all-day session May 14 at the home of one of the members when six will take the examinations.

Five members of the Cedar Lake Sabbath school last quarter received the bookmark for a perfect yearly record.

The Teachers' Training Course is taking well, one hundred having enrolled with more names coming in.

The following Sabbath schools observed Dollar Day March 29: Three Rivers, Bushnell, Fremont, and Sand Lake. Our total offerings for the quarter were \$3,998.86 which is \$1,280 more than ever given during any corresponding quarter.

The following Sabbath schools belong on the Honor Roll. They had their reports in before April 10. A large number have reported since and we look for the remaining fifteen reports soon: Albion, Allegan, Allendale, Bangor, Battle Creek, Bauer, E. M. C., Bedford, Benton Harbor, Brookfield, Carlton Center, Carson City, Cedar Lake, Charlotte, Decatur, Diamonddale, Douglas, Eaton Rapids, Edmore, Elkhart, Ind., Fremont, Gobleville, Grand Ledge, Grand Rapids, Hartford, Hastings, Holland, Holton, Homer, Howard City, Ionia, Keeler, Kent City, Kinderhook, Lacey, Long Lake, Lakeview, Lyons, Mendon, Monterey, Niles, Nunica, Otsego, Paw Paw, Portland, Pullman, Sand Lake, South Bend, Ind., Trufant, Three Rivers, Quincy, Wright.

EDNA L. WALKER

Cedar Lake Academy Items

We were very glad to have Elder Shepard with us Sabbath, April 26. His visit encouraged us to go forward more aggressively in our missionary plans. Members of our church and school are finding many interested persons in the vicinity as the result of papers

mailed and personal visits made during the past few weeks.

Professor Simpson recently returned from the Educational Convention at Washington. While in that city he visited several places of interest. The students have been very much interested in the report of his trip.

Borther Frank Goffin, our new farm manager, has recently sown ten acres to spring wheat. He expects to put the oats in this week. One acre west of the boys' dormitory has been set out to red-raspberry plants, and we expect soon to set out at least one-half acre of black raspberries. We are also planning to have a good strawberry patch and are securing Senator Dunlap and Warfield plants.

Brother H. A. Weaver and wife expect to leave Cedar Lake Monday, April 28, for Washington, D. C. Brother Weaver has been farm manager at the academy for the past three years and they leave many friends at Cedar Lake.

Evening after Sabbath, students and teachers were very successful in surprising the principal. The occasion was a birthday party. A very handsome leather traveling bag was presented to him.

The present week, April 26 to May 3, is being observed at the academy as our spring week of prayer. We are not holding any extra public meetings, but we are endeavoring in a quiet way to do some personal work that will be a great spiritual help to our young people. We feel that the year will be far from a success if our boys and girls do not all leave the school stronger spiritually than when they came.

News Notes

Please watch the next issue for the "Extra."

Elder E. K. Slade has been to Takoma Park to attend the Spring Council of the General Conference.

Mr. J. L. McConaughey made us a pleasant call at the office.

We are pleased to say that Mr. Fred Kaufman, our new field agent, is now with us and is energetically pushing his work.

The Pacific Press Publishing Association announces the new book "Questions and Answers" Volume No. 2. Those already having had No. 1, will surely appreciate the value of this. The book is issued as a premium to a yearly subscription to the *Signs* weekly or monthly, for \$2.15; both volumes 1 and 2 with a year's subscription to either periodical for \$2.75.

Brother Fred Kaufman of Indiana has been invited by the executive committee to take the field secretaryship in West Michigan made vacant by the transfer of Brother Maris to Indiana. Brother Kaufman has moved his family to Grand Rapids and he is entering diligently upon his work at once. All of those interested in this department of the work should address him at the conference address. We feel that Brother Kaufman comes well prepared for this important work and we bespeak for him the earnest and faithful cooperation of our people throughout the field.

Elder Slade spent sometime in Berrien Springs last week at which time arrangement was made for some of the advanced students to connect with the summer tent efforts. More definite announcement of the plans for the tent efforts will be made later.

The president of the conference recently met with the following churches: Elkhart, Berrien Springs College, Berrien Springs Village, and Grand Haven. Good interest and earnest activity is reported in all these places.

Letters intended for the office should be addressed to the conference or to the tract society and not to D. K. Royer, as sometimes in his absence attention to such letters might be delayed. Please therefore address communications intended for the office to the West Michigan Conference or Tract Society.

Important Announcements

Educational Rally

It has been definitely decided to hold a special educational rally in the city of Indianapolis May 9-11. It is quite necessary that we decide definitely our educational work before the camp meeting, and we therefore call this special meeting. Those who have been invited to attend are the elders and workers and a number of lay members, so that there will be present a goodly representation of the conference. We feel that there are none better qualified to make a wise decision, and to give proper counsel than the elected officials of the conference and local churches.

The first meeting will be Friday night, when there will be preaching. Again Sabbath morning, the theme being "Christian Education and the Need of Seventh-day Adventist Schools." On Sabbath afternoon there will be a special meeting for the benefit of the elders and officers of the church. Then on Saturday night we shall open the question of the Indiana Academy, which discussion may continue on Sunday.

It is the purpose of this meeting to plan and study the future of our academy. We must adopt a definite educational policy at this time; for I believe we have been unsettled sufficiently long to come to a proper decision. Three important questions will come before this body. First, shall our academy remain at Beechwood, and shall we build up a stronger educational center there? Second, shall we move the academy to a new and more suitable location where we can get more and better land? Third, shall we drop the academy plan for Indiana, close the doors at Beechwood, and let our children go where they will?

We are coming up to an important issue. The conference officials of Indiana and the Lake Union are ready to know the will of the Indiana people on the question of education. The time has surely come when Indiana must speak very definitely in reference to the education of her children, and I hope that there will be a unanimous interest in this important department. We must build up our school to accommodate our needs, and whatever the decision of this meeting, I hope that every believer will cooperate and lend his assistance for its accomplishment.

Camp Meeting

The time is rapidly drawing near when we must have your order for your tent. I hope that you will not delay ordering what you need. You will remember

the announcement that appeared in the HERALD last week. It is very essential that we know just what you need so we can make the proper provision for you. I am glad to note the interest prevailing among some of the churches in reference to camp meeting. There is no reason why we should not have a very large attendance. Let us put forth the same effort for this special meeting that we have for former camp meetings. We shall try to secure Elder Daniells, Elder F. M. Wilcox, editor of the *Review*, and also Elder C. S. Longacre, secretary of the Religious Liberty Association.

Remember the time—May 29 to June 8, at Frankfort. Come for the very first meeting and prepare to stay until the close.

C. S. WIEST

Wabash Valley Sanitarium

A Correction

We are glad to report that Mrs. W. W. Shepard is rapidly improving in health and it will not be necessary for Miss Edith Shepard to remain here at the sanitarium with her mother, so Miss Shepard is resuming her work at the Indiana Conference office. For this reason she will not be able to carry the teaching work in connection with our training school as planned and stated in our article, "Special Preparatory Course," which appeared in the April 23 issue of the LAKE UNION HERALD.

Now Is the Time for Action

"A season of great trial is before us. It becomes us now to use all our capabilities and gifts in advancing the work of God. . . . The time is right upon us when persecution will come to those who proclaim the truth. . . . Religious powers, allied to heaven by profession, and claiming to have the characteristics of a lamb, will show by their acts that they have the heart of a dragon, and that they are instigated and controlled by Satan. The time is coming when God's people will feel the hand of persecution because they keep holy the seventh day."—*Volume IX, p. 227, 229.*

A recent letter received from Brother Graham, circulation manager of the *Liberty Magazine*, contains among others, this paragraph: "You have probably noticed before now the activity which the clergy are manifesting in getting a Sunday law enacted for the District of Columbia. It is their plan to introduce a bill favoring this into Congress at its next session. This session, according to press reports, will probably be called in May, or at the latest, by the first of June. With the extra session called so soon it will mean that this particular Congress will be in session nearly two years before it expires by limitation. Because of the length of this Congress it would seem as though the religious element would be able to get some decisions on their bills before final adjournment. From now on there will no doubt be interesting developments in religious liberty affairs which will make it necessary to carry on an educational campaign setting forth the principles which underlie this sort of legislation."

While this activity will center at the national capital, yet the men who will be besieged will come from every legislative district in the United States. It is

the custom of politicians to listen very closely to the voice that comes from the business and professional element in the home district. In view of this we recommend a general circulation of the second quarter *Liberty*. This number has been prepared with the above facts in mind, hence every article in the issue is right to the point.

In Indiana there are approximately two hundred college presidents and school superintendents, seven hundred editors, and thirty-two hundred attorneys. How many of them are in your territory? These men ought to be receiving *Liberty*. Are they? Let us all do our part. Let every church see that this number has a large circulation. Fifty or more copies will be sent to one address for four cents each. *Now is the time for action.* Let all have a part in this important campaign.

O. B. HALL

Canvassers' Experiences

The following letter from Brother Brodt, who is working in Warrick County, has just come to my desk and I pass it on for the readers of the HERALD:

"Dear Brother Maris: This is Sunday, and I am staying over the week-end with a man that bought an 'Our Day' after I had explained the Sabbath truth to him. His wife is now keeping the Sabbath and he wants to, but he has a family of six children and has to work seven days a week. He wants to get a little farm where he can raise his children and send them to church school. He (not his family) has not eaten pork since I stayed all night the first time, a month and a half ago. The mother is teaching her children the truth. Oh, that more of our brethren would enter the canvassing field and reach out for these hungering souls! It brings much happiness to me to see how this family grasps the truth. This man is an oil-well pumper and gets \$1,200 per year. This has been the happiest Sabbath and Sunday I have spent in a long time."

Brother Verne Payne writes: "The Lord has blessed me again this week, and I am of good courage, looking for a good delivery next Monday. I received an order this week for a book in German to be delivered by parcel post, getting the price of the book in advance. The German minister helped this week by telling me, after he had examined the book, that it would be all right to sell to his congregation. He already had the book in his library, which he said he found to be a very valuable help. I have had many other good experiences this week, for which I truly give God the praise."

There are many counties yet without a colporteur in this great state.

News Notes

The central effort that is being conducted by Brother Hubbard at the Masonic Temple, Indianapolis, is being well attended. We believe that a good interest has been awakened.

Elder Hofstra writes of the success of his meetings at Elnora. They are well attended, and every indication is that there will be some Sabbath-keepers as a result of this effort.

Elder Wiest spent Friday and Sabbath, April 25 and 26, at the Beechwood Academy. The school closed on Sunday, April 27. He will visit the Elnora church on Tuesday.

Brother O. B. Hall visited the church at Maxwell on Sabbath, April 26.

Brother Raymond Gardner of Chicago gave a very interesting and helpful talk to the members of the Twenty-third Street church Sabbath.

What the Bethel Church Did

Those who attended the elders' meeting at Bethel Academy did not leave without being convinced that a new boys' dormitory is imperative. The school board and conference committee finally voted that if the Bethel church and people here would dig the basement and put up the foundation wall, that that would constitute their share of the building.

As soon as possible, we set to work in earnest to secure the pledges in labor and money for this work. The teachers of the school donated over \$200; the business men in Arpin have given us in the neighborhood of \$300; some of the ladies of the church, and members who could not perform labor, gave approximately \$100 more. The boys in the dormitory pledged themselves for over 100 days of labor, and the members of the church, not included in this list, have promised us altogether 100 days of day labor, and over 140 days of labor with teams.

Taken altogether, the amount thus raised to apply on the basement and foundation wall is something over \$1,700 in value, if we value a day's labor at \$2.50 on the pledges, and work of a team and man for a day at \$5. This is a straight average of over \$10 per member for every man, woman, and child in the church. I am certain that our churches will be encouraged by this. The pledges for labor were from one day to fifteen days a piece. The donations, then, ranged from the value of \$2.50 to \$50. We commend this record to the rest of our churches as a worthy example.

Notes from Fond du Lac

In February the Sabbath school superintendent gave all the children a vault to put their offerings in for the Thirteenth Sabbath. They were encouraged to earn the money for this offering. The kindergarten class proved to be real missonaries. They went out and sold holders that were made by the mothers, and each one earned more than one dollar for the thirteenth Sabbath. After the vaults were given in, the children told how they earned the money. One little boy said he sold holders but did not have enough; another one was disappointed because at one place they bought all he had, and he could not go any farther.

Teachers' meeting is held every Thursday evening. The attendance is very good; some attend who are not teachers.

On February 2 the Ladies' Dorcas Society was organ-

ized. Since that time we have earned five dollars which will be used for missionary money. When we meet prayer is offered for definite things; a chapter in the Testimonies is read; the remainder of the time is spent in sewing. BERTHA BELDING

Convention at Green Bay

The members of the Green Bay church, together with some from the near-by churches, met Sabbath morning, April 12, in the opening service of the home missionary convention. The Sabbath school department was represented by its secretary, and many helpful thoughts were brought out as to how the Sabbath school could best do its part in the work of soul winning.

At the close of the Sabbath school, Elder Bristol spoke to us. As we listened to his stirring appeal we were led to a deeper consecration and determination to work as never before in giving this message.

The days following were devoted to studying ways by which each one may have a part in this work. The educational department was represented by the secretary. The needs of our schools were presented at this meeting, and the plan of securing means for this work by the sale of "World Peace" was considered, and between six and seven hundred of these books were ordered. As a practical demonstration that these books will sell, a few of us went out and in less than two hours sold sixty of the World Crisis series and forty-two Marked Bible.

One day was devoted to *Present Truth* and about five hundred were placed in the homes of the people. This work is to be continued in a systematic way. May God help us each to do faithfully our part in gathering in the precious sheaves.

Sabbath School Honor Roll

The following names are on the honor roll for prompt reporting the first quarter of 1919:

Where Are Your Children?

The greatest asset of the church today is its young people. Some of our brethren and sisters have failed to realize this and as a consequence a large percentage of young men and women, who ought to be in the Lord's work are today giving their best years of service to the world. Some parents seem indifferent as to the salvation of their children. Indifference is the greatest sin among Adventists. How can we expect the young people to take an interest in the message of salvation as long as their parents value it so lightly?

Some time ago I visited a church in this conference that has been organized for many years. While there I made some observations, extending over a period of about twenty years, relative to the spiritual condition of the young people of Adventist parentage. I found that forty-eight children had grown to manhood and womanhood within the pale of the church. Of this number, nineteen make a profession of keeping the Sabbath. Quite a number of these have married unbelievers and as a result are finding it difficult to live Christian lives. Some, because of unfavorable marriage relations, are careless or discouraged and their influence for the right is neutral.

As far as I can ascertain not one of the nineteen is giving his entire time as a conference employe or missionary to the Lord's work. Such conditions are anything but encouraging. If this church were in a class by itself, it wouldn't be so bad, but I fear that a great many are in a condition to give a very similar report.

Surely it is high time that we bestir ourselves and do something to save our young people. We can never expect God to bless our churches until the spirit of consecration and service takes the place of indifference and pride.

My brother, my sister, will you not make a desperate effort to save the young people of your family and your church? It may mean hardship and sacrifice on your part to lay such plans as are conducive to the salvation of your children, but by all means do anything, everything, to save your children.

All Records Broken

No doubt all records in book sales in this conference have been broken. During the last three weeks, 8,290 copies of "World Peace" have been sent out to the different societies in East Michigan. Our people are a loyal people, and they have a mind to work.

No doubt all are awakening to the shortness of time and the need of our getting to work.

We are living in a day of great things. The world is carrying on large enterprises, and accomplishing things which are almost unbelievable, so why should not we? In each of these books there are 128 pages, so there were 1,061,120 pages of literature sent out to the different societies in this field. Surely these seeds will spring up and bear fruit.

We have kept a record of the number of books used by each society, and are printing this list here, thinking it will be of interest to you, and also that you may compare the enthusiasm of your society with the enthusiasm of your sister churchès.

Hillsdale

Our second quarterly meeting for this year was held March 29. Out of thirty-five members twenty-four responded personally or by letter.

We have ordered for missionary purposes three hundred *Present Truth* and have asked for one hundred of the April 8 *Signs Weekly*. We have used about forty of the Marked Bible.

When I was in Ohio last fall, a lady come to the home where I was visiting one day and asked if we could tell her where she could get the book, "Shiloh, the Man of Sorrows." She had a description of the book. She wanted it for a niece who was indifferent to religion. We secured the book for her. Later she came back and wanted two of the same book—one to keep and one to lend. This is one of Sister Stuttle's best books.

MRS. MARK MORRIS

News Notes

Mrs. George C. Bessette, librarian of the Lapeer church is spending a little time at the Hinsdale Sanitarium taking treatments.

Brother Moore spent Sabbath, April 26, with the church at Durand. The company there is small, but wide-awake.

Did you read the article in the *Review and Herald* of April 24 entitled, "The Bolshevist Peril and What It May Mean to Us"? If you are not a subscriber to the *Review*, why not subscribe now?

The camp meeting will be held at Lapeer, June 5 to 15. Plan now to come the first day and stay till the close.

Professor Thurber and Mrs. Williams attended the recent Educational Convention held at Washington, D. C.

Brother E. R. Thiele has been spending a few days at Berrien Springs. On his return he visited the Lansing church.

In this paper we are reporting the number of "World Peace" used by each company or church in this conference in the past three weeks. To date we have received orders for 8,290 copies. The Union has ordered enough books to make two stacks as high as Washington Monument.

Elder Westworth attended the Spring Council of the General Conference last week.

Have you paid your apportionment to the Educational Fund?

Brother Fred Otto, who is selling "Our Day," is meeting with very interesting experiences. He writes: "At a home where I called I was showing the book to a German lady when a young woman came rushing in and asked if that was a Bible book, and I told her it was. I then asked if I might step in, as I had been showing my book through the window. She very readily asked me in. She then told me that she was a Catholic and she was looking for truth. She gave me an order for 'Our Day' and asked that some one might give her Bible studies. I, of course, promised to send some one to her that they might study the Scriptures together."

Band Leaders' Meeting

The band leaders of the Chicago West Central church met on Wednesday evening at the Chicago Mission Home. There was a large attendance and a most lively interest was manifested. It was very encouraging to receive the reports of those leaders who have organized their bands and have been holding two or three services since the organization. None of the leaders reported a full attendance of their membership, but as conditions were cited it was evident that some were unavoidably detained from the meetings.

It was emphasized that every band in the local church should be a prayer band. It is also true that no band of individuals can continue in prayer without obtaining results. The results are sure to be missionary in character. Therefore, how logical for our large city

churches to combine the prayer and missionary meetings into one. That is exactly what is being done in the Chicago field and the project promises large results.

A considerable amount of work is being done in our field with the *Present Truth* distribution, magazine and small book circulation, although not nearly as much of the latter two as there should be.

It is encouraging to see an ever-widening interest being taken in the foreign language peoples. This is a work that has for a long time been neglected. It is next to impossible to take a package of books, magazines, and tracts in the English and start out almost anywhere in this city and not run onto a half dozen different languages. These people are much easier to sell to than our own American people. The wonder is that our good brethren do not use very large quantities of the foreign books, magazines and tracts in excess of that which is being used at present.

I earnestly appeal to our local church missionary committees and band leaders to give much prayerful study to this most important question and enlist the interest of our people in the church in this ever-widening field of evangelism.

Chicago Items

Mr. H. W. Johnson, tract society secretary of the North Wisconsin Conference, called at the office last week.

A. J. Clark has left for Washington to attend the Spring Council.

Elders St. John and Woodman, Chicago evangelists, leave for Washington Sunday night to attend a meeting called in the interests of the city evangelistic work in connection with the Spring Council.

We have just placed an order for our camp meeting stock of books, and plans are being laid for a fine display of books and tracts in foreign, as well as the English language.

We hope that all are planning to attend the camp meeting which will be held June 26 to July 6 on the same grounds as last year at Berwyn. Further announcement will be made next week regarding this meeting.

Russell Harrison, our bookkeeper, who has been ill for some time is convalescing and expects to return to his work in a few days.

The Victory Loan drive is at its height. Parades, headed by brass bands, pass the office hourly each day during the big drive.

To date 7,000 "World Peace" have been ordered by the Chicago tract society office, 6,000 of which have already been taken. We plan to use 12,000 to 15,000 before the close of the year. This is the book that should be circulated just now, and if you have not had a part in this work, send in your order at once.

"We see with our vision imperfect,
Such causes of dread or fear,
Some that are far in the distance,
And some that may never be near;
When if we would trust in His wisdom,
Whose purpose we cannot see,
We would find, whatever our trial,
As our day, our strength shall be."

A Good Report

The following letter was received from Brother Emanuel Remsen: "When I added up my account at the end of the week I could see clearly that the Lord had answered prayer. I did not expect to do so well because the whole township is Finnish, but I found honest souls among them.

"As I was canvassing a family late in the afternoon, an old gentleman who was visiting at the place invited me to go home with him for the night. He is living all alone, having lost his wife last fall. After a good supper which he prepared, we conversed on the condition of the world and our Saviour's soon return, after which he asked me to have prayer with him. In his prayer he thanked God for having sent me to him and he pleaded earnestly to be guided into the truth. Next morning we had prayer again and a little Bible study, after which I canvassed him and secured his order. How could I expect anything else after hearing his earnest prayer for truth? It would be hard to give up canvassing and working for souls when their prayers for help ring in my ears. Woe is me if I do not do this work! Remember me in your prayers." H. W. JOHNSON

Walderly Notes

Spring is here. We see and hear the robin, song sparrow, phebe, and other songsters on every hand. The beautiful trailing arbutus fills the air with its delicate odors as the lads and lassies pass in and out of their classrooms.

The canvassers' institute for the students was held at Walderly, April 29 to May 2. Brethren Davis and Colton were here with timely advice and counsel for all who wish to go out into the canvassing work this summer.

Professor von Pohle returned last Friday from his trip to Washington, D. C., where he attended the Educational Convention.

The English department gave an interesting program Saturday night, April 26. Selections from Whittier, Riley, and other American poets were recited. This was the second of a series of programs to be given by the English classes. The next program will be given by the rhetoric class, Saturday night, May 3. The subject this time being a debate on the following: "Resolved, That the newspaper is a great popular educator and that it has done much for the world."

A number of the students and teachers are doing their bit for the Educational Fund by selling the book, "World Peace," in the vicinity of Walderly.

Come to Walderly next year and get ready to help finish the work in this generation. O. P. WILSON

"World Peace"

The workers of the tract society have all been out with the new book, "World Peace," and had some

good experiences. Conditions not permitting my going out during the big week beginning April 27, I went out last week. I spent eleven hours canvassing and sold 160 of these books. This shows that the books can be sold and I was glad to find the large number of people that were anxious to read on these subjects. We have a good stock of the books so that we can fill orders promptly.

H. W. JOHNSON

What Walderly Has Done for Me

I have learned many good lessons which would be of great value to any young man or woman. By the help of the Lord, I plan to have an active part in the closing work. Theodore Joyner.

Being here has given me a desire for a better preparation for the Lord's work. Harold Moses.

The privilege of association with teachers and students here has helped me to form higher ideals. Jewell Hanson.

Walderly has taught me a number of things already, the greatest being to trust in the Lord more than I ever did before. Opal Peak.

Notes

Camp meeting will be held June 19 to 29. The place will be announced later. We are expecting a good attendance.

H. W. Johnson visited the Branch Office at South Bend to select the stock of books for camp meeting.

Elder F. A. Wright visited the conference office recently and took home with him a good stock of the book, "World Peace."

Elder Irwin and Brother Copeland visited the churches at Bloomville and Merrill and had some interesting and profitable meetings.

Brother Colton is attending the colporteurs' institute at the Walderly Academy. A number of the students are planning to spend the summer vacation in the colporteur work.

Elder Wikander and Brother Schebo are visiting some of the Scandinavian churches of the conference and were recent visitors at the conference office, holding meetings at Ashland and Washburn while here.

In a Friendly Sort o' Way

When a man ain't got a cent, and he's feeling kind o' blue,
An' the clouds hang dark an' heavy, an' won't let the sun-
shine through,

It's a great thing, O my brethren, for a feller just to lay
His hand upon your shoulder in a friendly sort o' way!

It makes a man feel curious, it makes the tear drops start,
An' you sort o' feel a flutter in the region of the heart:
You can look up and meet his eyes; you don't know what
to say

When his hand is on your shoulder in a friendly sort o' way.

Oh, the world's a curious compound, with its honey and its
gall,

With its cares and bitter crosses, but a good world, after all.
An' a good God must have made it—leastways, that is
what I say,

When a hand is on my shoulder in a friendly sort o' way.

—James Wilcomb Riley

An Apartment of the Soul

Conscience is an apartment of the soul—an apartment wonderfully constructed. It seems to be central. It is connected with every other apartment in the dwelling. On examination, however, it will be found that, for the most part, the doors are all locked. The floor is thick with dust. The dust is its carpet. The room is very dark. The windows are glazed over with webbed dirt. The light is shut out and the whole apartment is dismal. The man who owns the house does not frequent this room.—*Beecher.*

Emmanuel Missionary College Notes

The young women gave the young men a most pleasant reception in the dining room the evening of April 28. The room was uniquely decorated and the program showed good preparation and excellent talent.

Prof. C. L. Benson, our president last year, now the dean of Union College and also the professor of history, spent two days at the College last week. We were glad to see him and he was pleased to notice the growth of our school. While here he gave three lectures on biblical interpretation for the evangelical department.

Edwin Thiele, a graduate of 1918, was among us for a few days recently. He enjoys his work as home missionary secretary of East Michigan.

Principal E. Dick, of our school in Alberta, Canada, was here in search of workers on Wednesday. In his chapel talk he gave us greetings from our former students who are now teaching in his school, Miss Harriet Beardsley and Mr. and Mrs. Henry Klooster.

Pastor H. H. Dexter visited his daughter Bessie this week. We appreciated his talks of his experience in France. He is now head of the French work in this country. Miss Dexter was also favored with a visit from her uncle, Mr. Lloyd G. Hill, who is returning to the East after attending to his interests in Alaska.

H. W. Johnson, of the North Wisconsin Conference, called at the College last week.

Two academy principals of this Union were here during the week, Professor Thurber of Adelpian and Professor Elliott of Bethel.

A. Paul Heflin is visiting his mother and friends at the College. He is helping out in the printing office.

Dr. R. R. Cranson, a dentist from the village, gave a talk in chapel on the care of the teeth.

Anti-Tobacco Annual

Of the Anti-Tobacco Annual, the general secretary of the W. C. T. U. Loyal Temperance Legion of Michigan writes as follows:

"Once again I am sending to you for copies of your Anti-Tobacco Annual of Aug. 1917 date. This makes my third or fourth order, but it is the best publication I can find for my work with the children and their leaders. People are "*De-lighted*" with it and it presents the truths so plainly and clearly that all may see. This must be our next great objective, now that we are beginning to see the end of the liquor traffic."

Pertinent Questions

Are you giving God and the interests of His kingdom first place in your life?

Are you giving unhurried time to Bible study and intercessory prayer for a lost world before beginning the day's work?

Which are you, a praying believer or a prevailing intercessor?

Have you a personal prayer list?

Have you a family altar in your home?

Have you led even one soul to Christ this year?

—Selected.

"A rose to the living is more

Than sumptuous wreaths to the dead;

In filling love's infinite store,

A rose to the living is more

If graciously given before

The hungering spirit is fled—

A rose to the living is more

Than sumptuous wreaths to the dead."

Nurses' Class at Madison Sanitarium

The next class in the Madison Sanitarium Training School for Nurses will begin July 10, 1919. This is an opportunity for a number of young men and woman to get a thorough training and practical experience in the care of the sick. This is an accredited school and the graduates are eligible to take the State Board examinations and register if they wish to do so. It is the aim of the management to keep the missionary phase of the work before the minds of the students, and recently plans have been made for aggressive work in the city so that the students may have the privilege of engaging in this line of work. Requests for application blanks may be sent to Superintendent of Nurses, Madison Sanitarium, Madison, Wisconsin.
