General Articles

The Week of Prayer

Another Week of Prayer will come to us, beginning with Sabbath, December 15. Each succeeding year seems to be more important than any that has preceeded it. Thus we can sately say that the year 1906 has been the most encouraging and successful of any year in the history of God's work.

In the home-land, and in the foreign fields, there has been marked progress made in every branch and line of God's work. No note of discouragement has been sounded by any missionary in foreign fields. From Japan, Korea, China, India, in Africa, South America, and the islands of the sea, there comes from our workers one grand chorus of maise and thanksgiving for the privilege of being connected with God's closing work.

eternity than we were last year, dantly blessing his people. It is almost impossible for us to conceive of the rapid strides of bring to us reconciliation with pray and labor, and do all we the cause of God in one short any whom in the past we have can to lead others to a rich vear.

Among the Churches

Another month has passed and I am behind time with my report. I'spent several days at my home preparing for winter, after which I drove about forty miles to Edensville to visit some of the isolated members of the Ponoka church, intending to hold a few meetings and celebrate the ordinance. But a severe snow storm came up which prevented holding any meetings, as the twenty-five miles or more.

North Dakota

Meeting of Conference Association

The annual meeting of the North Dakota Conference Association of Seventh-day Adventists will be held at the Sheyenne River Academy, Harvey, N. D., Tuesday, Dec. 25, 1906, at 4 p. m. All delegates appointed by the churches, and those granted credentials by the committee for attendance at the conference are constituents of this Association and should be present at this meeting.

> JOHN G. WALKER, Chairman Board of Trustees.

Northern Minnesota

After returning home from the good Workers' Meeting in Minneapolis, and spending a few days with the church at Senjen, I started out on the missionary campaign and joined Brother Mead at Brainerd. After remaining a few days here we visited Crow Wing, Staples and are now at Batavia. We find the little companies in the northern part of the state badly scattered and torn. In some instances where we expected to find forty we find only ten. Most all have moved away and some have given up the truth and gone back to the world. We find a disposition on the part of most all to do Minneapolis church, but I love lead this dear soul all the way all they can to help raise the truth for which we stand, into his kingdom. \$150,000.

In the mid-Will the REAPER family re- dle of the program we took \$150,000 fund. Everyone present entered into it with a most cheerful spirit and in fifteen minutes time the brethren did their part, and we expect still more as a good many of our number were not present. I believe this company set a good example to be followed by all our churches that have not yet given toward the fund. Besides, this new little company, tho poor in this world's goods, have just donated about seventy dollars to the finishing of our church building. We ask the REAPER family to remember the work in this place before the throne of grace.

Work for All

with every fibre of my being. I We trust that God will verify am learning every day of the

self into something better. This is so good, and I long to tell everyone. I am sorry to say, the subject of God's goodness seems an unwelcome one to almost all, but I at least have the privilege of trying to work for my Master.

On a recent Sabbath morning, a normal Bible class leader, riding on the street car, noticed several of our people with Bibles -she turned to one, inquiring The reply the reason. was given that we are Seventh-day Adventists on our way to church. She then asked for literature. The following week I visited her but found her just going out to speak at a Presbyterian missionary meeting.

I was equally unfortunate a second time, as she was about leaving to attend a reception. but was able to arrange a definite hour for the following week. You may be sure I was with her at the appointed time and our study of the Word was such a happy hour for us both, that I felt abundantly repaid for all my effort.

She believes the Bible to be God's word, not fallible man's, and her expressions were many "Why have I never heard these things taught before?" and "Why don't the minister's teach them?" At the end of an hour she wanted to keep right on, but we arranged to have a course of Bible study and I am to go to her each week.

Indeed it renews one's courage to find one hungry for the best I am only a lay member of the thing in the world. May God

families located in a colony, all saved both to the cause here and We have felt so encouraged to within a short distance of the to the eternal joys of the earth hear the testimonies of our school building which erected this past fall. The building is 16 x 24 feet, built of rough lumber covered with tar paper, but is well lighted and is a very comfortable and pleasant little school room. The building as at present completed probably cost about fifty dollars, and when plastered and sided will make an ideal little school house.

Sr. Mable Diamond is teaching here, and one cannot help but be impressed with the influence there is among the pupils. At a recent testimony meeting every pupil took part, and each one is trying hard to accomplish all possible both mentally and spiritually.

At Milaca there are but two families. But these having the salvation of their children more at heart than the gaining of worldly riches, decided to hire a teacher and support a seven months school. The school is held in one room in a private house which has been fitted up with very little expense, and makes a very pleasant little school room. -

Sr. Lottie Ulvick is doing good work at this place, and everyone of the five pupils is endeavoring to live a life which will rightly represent their Saviour.

The brethren at these places have shown the right spirit in taking hold of this work. When the Lord speaks they obey. The Lord said, "To obey is better than sacrifice and to hearken than the fat of rams."

What has been accomplished at these places might be accom-

was made new,

W. W. RUBLE.

Lake Eunice

Two months ago or more, the Conference Committee decided that all our workers, as far as possible. should visit the churches between the Workers' Meeting in November and the New Year. It was thought that as the workers were through with their summer's work that it would be a sort of rest for them to come out amongst the churches, and that it would prove a blessing to the brethren.

But when we came to the Workers' Meeting the call came from the General Conference to the Minnesota Conference to raise a part of the \$150,000 fund to be raised for the work in the as announced in the Review. So to accomplish this work, it in a right way. And brethren was thought best to raise the let it be so, money at the same time that we were to visit the churches. > We are now in Lake Eunice and we feel sure that the brethren here will do their part. One brother promised twenty dollars when we presented the need, others wanted a little time to think it over. One sister said that she knew that this money would be raised whethet she helped or not, but she wanted to have a part in it. And it certainly is well for us all to cherish a similar spirit, whether we can do little or much, but let us have a part in this work, and the Holy Spirit shall dictate to every honest soul what he shall do. And every honest Sabbath-keeper ought to pray for the workers southern states and other fields just now, that we may be able to present the need of God's cause

Sunday forenoon we presented the needs of the cause and a liberal donation was made to the \$150,000 fund, about \$188 being contributed in cash and pledges. The afternoon was devoted to consideration of missionary work. Brother Fry was present with sample books and took orders for about fifty small books to be sold by the young people and children. The church purchased a good supply of tracts.

After the evening service nearly all improved the opportunity of expressing their freedom in God and their determination to be true to the Lord to the end. One lady decided to keep the Sabbath with God's people.

At Maple Plain the numbers are scattered and many of them away.

We visited scattered Sabbathkeepers at Dassel and Howard Lake November 29, and then went on to Montrose and staid over night with Dr. Hawkins. We held a meeting there that night and a response was made by all the sanitarium helpers to a call for means for the \$150,000 fund.

We were at Maple Plain November 30 to December 4 and visited the school and church, holding one preaching and one social service at the school, and six services with the church. The attendance of the church people was small, still the Lord came very near. We visited all in their homes who could not attend the meetings. We received about \$153 for the \$150,000 fund on this trip. We find our people
