Articles General

Missionary Work

I behold a time now some years past. I see a company of people, old and young together, gathered in a church basement. After singing to God's praise and asking his blessing they all arrange themselves in a definite manner. Upon a table I see a pile of blank paper, each sheet being large enough to wrap newspapers for mailing. Near by is a pot of paste. I see some of the young folks go the table spread out the blank paper and put paste on it, then carry it to the different ones in the room each of whom are sitting at desks with a pile of the Signs of the Times before them. As fast as the Signs are wrapped they are carried to some desks where some young people are sitting with pens, ink and lists of names and addresses before them ready to address the papers.

Presently a large number of papers are ready for the mail. Then there is a meeting where all seem to feel perfectly free. They talk over the experiences

When the exerceises are about to close I see a venerable patriarch who talks much of how it was in 1844 come forward and all bow with him while he asks God to bless the literature being sent out, to bless the children and help them to continue to love Jesus, to guide the young that

The Book Work

Since my last report I have been traveling and visiting among our brethren in the interest of the book work. Because of the inability of trains to run on scheduled time I have failed to arrive at some places on time. However, the reason for delay has been well understood by those who have expected to meet me.

I have visited our brethren at Canora, Carlton, Rosthern, Waldheim, Borden, Milfort, and at present am at Meota near North Battleford. At some of these places there is only one family or one member living. I find that nearly all are of good courage.

The past winter has been very severe and many of our people have had experiences such as only those can relate who have passed through it. We know of none of our people who have been absolutely destitute. The dear Lord cares for his people, he has promised to supply their needs, not the things they may desire.

At each place above mentioned Our church school at this we held from two to five services, interest was shown by the pupils people of his own nationality,

(German.) As he does not speak or understand English he took all or part of the study and are planning to work with the does not feel disposed to attend drill in the two classes, "Great "Family Bible Teacher" and get our institute at Regina. We are of has already been sown, that it him to go ahead in the work, good courage inasmuch as we may bring forth precious fruit trusting in God. The address know God will bless this part of to his honor and glory. We are is Jacob F. Siemens, Borden, his work as he has promised. Sask. Brethren, may we remember this young man at the throne of grace each day that his work may be blessed of heaven.

Between now and April 1 I plan to visit the brethren at Old Battleford, Dundurn, and Hauley. To look at the map, this province does not look one half as large as to travel in it. It is hard to realize that it contains almost as much territory as North and South Dakota. We endeavor to do what we can day by day and trust God to send us more help as soon as it is best for us.

I find very few of our people who have a burning zeal to go directly into active missionary work. Brethren, surely the harvest is great. The vineyard contains the ripening fruit. The master says, "Go work today in my vineyard." Shall we answer "Here am I Lord, send me."

Thoughts Worth Considering

As the lovely spring days have that we have had the privilege some of the beautiful texts of Scripture that describe this time

One text in the Song of Solo-On account of the snow melt- vines with the tender grape give ing and the roads becoming im- a good smell. Arise come

There are some beautiful "Steps to Christ" that I wish to

"The poet and the naturalist nature, but it is the Christian who enjoys the beauty of the earth with the highest appreciation, because he recognizes his Father's handiwork and perceives his love in flower and shrub and tree. No one can fully appreciate the significance of hill and vale, river and sea, who does not look upon them as an expression of God's love to man.

"God speaks to us thro his providential workings, and thro the influence of his spirit upon the heart. In our circumstances and surroundings, in the changes daily taking place around us, we may find precious lessons, if our hearts are but open to discern them. The Psalmist says, 'The earth is full of the goodness of the Lord.' 'Whoso is wise, and will observe these things, even they shall understand the lovingkindness of Jehovah.' "

These thoughts are precious to my soul and I hope they will be so to some other lover of nature. Yours for truth.

Church Work

The first two Sabbaths in March I was at Herman. We held some evening meetings during the week. The annual quarterly meeting was held at which officers were elected for church and Sabbath school. Two members were received by letter. The treasurer's report showed that the brethren were paying tithe. The report of the mission secretary showed that a good degree of interest in missionary work is in this church.

God the coming year also. All should prove the Lord that the of their summer's work. Since windows of heaven may be opened and a great blessing poured out.

I next visited Drywood, remaining nearly a week. elder and deacon was ordained here. The Lord's blessing was in all our meetings. He loves with you alway."

Children's Mission Band

At the time of our last report, in the REAPER of February 19, We trust ail will be faithful to the children of our Mission Band had reported \$281.17 as a result that time a few more of our number have been heard from. Laura, Jamie, and Ramone Ellis sent in An their offering of \$1.50, and Vernon Emmerson of Grove Lake put \$1.00 of his money into the Christmas offering and still had his people. I go to visit other some chickens that he had not places with his promise "I am disposed of. Vera, Elsie and Bernice Godding have just sent in their donation of \$2.10, and the children at Milaca hfty cents more. This makes a total of \$286.27 for missions from our Mission Band last year.

> We have now reached the time when we must begin to plan for another year. I hope each one of the children are thinking about this. One little boy says he wants to try raising ducks next that they wanted to have a part in the work again this year. This is encouraging.

> I am sure the Lord will bless the efforts of our Band as they work together for him.

> > ELLA E. MERICKEL.

Park Rapids

Thinking perhaps it would be ering circumstances, attendance of interest to the REAPER family
