That Wonderful Promise Again

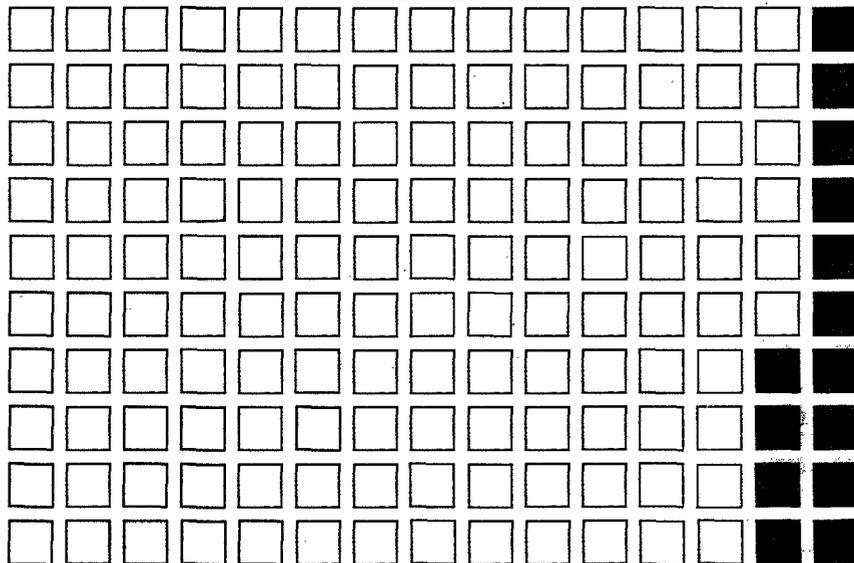

"My God shall supply all your need."
Phil. 4:19. If professed Christians really believed the provisions of this text, there would be less lamentation among them concerning failures in their daily lives. It seems too bad to tell the Lord that we believe all His promises, and then fail to avail ourselves of the benefits they provide. In this respect we are far behind the simple-minded heathen, who have lately awakened from their native blindness. Adopting the Bible as their standard of exercise, they, like Peter of old, when told to come to the Lord walking on the water, take the Lord at His word, and act accordingly.

One instance to this effect is worth relating. The *Springfield Republican* gives an account of a Japanese evangelist who has been stirring that empire from center to circumference by his fervid eloquence. This Mr. Kimura was turned out of his father's house at the age of sixteen years. He then sold newspapers to earn his bread, and was soon converted to Christianity. At the age of nineteen he found his way to America, in search of knowledge by which to win souls to Christ.

He found Mr. D. L. Moody holding meetings in Los Angeles, and crowded his way to the front of the audience. He stayed by these meetings until Mr. Moody was leaving for the North, and then ventured to tell the noted evan-

gelist that he wanted to study for Christian service. After a short talk with his auditor, he said, "Well, Mr. Moody, I have decided to go to the Moody Institute in Chicago." Mr. Moody asked him how much money he

could command for the purpose, and was greatly surprised at the answer, "Well, I have 35 cents." "But," said Mr. Moody, "how do you expect to study two years in Chicago on 35 cents?" The answer was quickly

The above diagram indicates a gain of \$5000 on the \$150,000 Fund since our last publication of the white and black squares. Work is going forward in nearly all of the conferences in the union to make the last fourteen squares white before the end of the year.

Elder W. S. Holbrook, who is soliciting in the Northern California Conference, reports that he has been able to secure an average of \$100 a day on this fund for the past few weeks.

We are confident that the loyalty of our people will not permit the fund to fail. But to meet the plan, all must be subscribed by the end of December.

Ask any of the leaders in the cause of God in the Pacific Union Conference what it will mean and how it will seem to have all of our educational indebtedness liquidated. Then ask your own heart what you ought to do to make this liquidation possible.

Israel wandered forty years in the wilderness, and then came up to the borders of the promised land, with the River Jordan yet to cross before they could enter. We have been wandering in the wilderness of indebtedness on our educational work for more than a third of a century. The River Jordan for us to cross is represented by the last few thousand dollars required to complete the \$150,000 Fund. This river must be crossed before the end of the present year.

given, "My God shall supply all your need according to His riches in glory."

A broad smile played on Mr. Moody's face, as he said to one of his associates, "Please remember this young man. He is going to Chicago to study." When the young man reached Chicago, he found a scholarship awaiting him in the Moody Institute.

This was the result of child-like faith in the promise of God. He passed his examinations without difficulty, and is now reaching thousands in Japan by his eloquent appeals for men to turn to God. Could the average Christian come to this simple artlessness, and act accordingly, nothing in Christian lines would be impossible to him. Reader, why not be as frank with the Lord, and receive the blessings in store for all who really believe? J. O. C.

Many at Work for Missions

That more interest is being taken by our people this year than ever before in the Harvest Ingathering is evidenced by the larger number of papers that are being ordered. Up to Oct. 26, 1915, 41,279 more English papers had been sent out from the Pacific Press than were ordered for the entire year of 1914; and 1914's orders for papers were nearly 8000 above those of the year previous.

Six union conferences and forty local conferences have now received more Ingathering papers than last year, the total number sent out by the Pacific Press being 724,342 besides 40,539 German, Danish and Swedish Ingathering papers mailed from College View, Neb.

Of the English Harvest Ingathering *Signs* 91,268, and 2337 foreign papers, have gone this year into the territory of the Pacific Union Conference, and more orders are being received each week.

These papers are being placed in the hands of the people. Under date of October 24, Prof. C. W. Irwin, president of Pacific Union College, writes:

"We spent Tuesday and Wednesday in the Ingathering work. I think about sixty of us went out. All told we raised about \$225. The next day I received a check for \$25.00 to be applied on the same fund, and yesterday a firm in San Francisco sent me \$20.00. This, with the other amounts which have been turned in, makes about \$272 which we have raised on the fund. We had hoped to get about \$400. We are planning to send out another company next week."

A letter just received from the East shows that this spirit of work is general. What we quote was written October 21:

"Fine reports are coming in from some fields. In the Atlantic Union the receipts up to October 1 are more than double what they were last year. There is evidently a much greater interest in this work this year than ever before. The General Conference office staff all turned out in this work on Wednesday, October 6, and while in our conference we are handicapped by having more members than we have territory for full work, the average brought in was considerably over what was required for the proportion per capita of the \$100,000. This proves again that those who work average enough to raise the entire amount and more. The trouble is with those who do not work."

CLAUDE CONARD.

The Harvest Ingathering Goal Shall We Reach It?

The \$100,000 goal is still before us unreached in our Harvest Ingathering work. For three years this same goal has been voted by the General and North American Division conferences. Shall we really try this year to reach it? The nearest we have come to it yet is \$56,282.99. This goal is on the basis of \$1.54 for each church member. Really it would seem that each conference ought to raise this. And it might easily do so if each church would gather in its share. And that depends upon whether each church member fulfils his part.

October 21 the Maritime Conference, Eastern Canada, sent us a telegram saying they were already out on their portion of the goal.

According to reports sent by conference treasurers to the union conference treasurers, on December 31, last year, the Pacific Union stood as shown by the accompanying table.

Before the colder weather comes on is the most favorable time to work with the Missions number of the *Signs*.

	Share of \$100,000	Amount Raised	Due	Honor Roll
Pacific Union.....	\$13803.02	\$7008.78	\$6794.24	
Arizona	360.36	134.80	225.56

Some people to whom we go will help. Others will not. But there is a real blessing in doing our duty whether we like it or not. There is some work we must do for the Lord that we do not like to do. But shall we pick out that only which pleases us? The Lord did not do that way. "He pleased not Himself."

God needs the help of every one just now whose heart He has touched with the love of this truth. He has work for you that you can do. Will you not persevere in your work with the Missions *Signs* this year until you know your conference has reached its portion of the \$100,000? Is this too large an amount to attempt to raise for God, when every field is open to us to give the message, and the Lord is holding, to some extent, the winds of strife for us to finish our work?

If you are out of papers, write your conference secretary for more. Let us resolve within ourselves to do more this year in gathering funds for missions than ever before. "God loves a cheerful giver" (and a cheerful worker too).

T. E. BOWEN.

Arizona Newspapers

Newspapers of the Pacific Coast continue to print many articles about our work and workers and the sermons that they are preaching. During the Arizona camp-meeting, held at Phoenix, October 7 to 17, the two papers of that city published daily reports of the sermons and conference business, with the exception of one day, when the afternoon paper was very much crowded with advertisements. However, two reports appeared in the next issue of the newspaper showing the good will of the editorial management toward our work. Besides more than twenty articles printed in the Phoenix paper, similar news items were sent out by mail to every newspaper in the State of Arizona. From as long a distance as

FIELD TIDINGS

NORTHERN CALIFORNIA Yuba City

The close of the summer tent effort in the district of Wheatland and Yuba City, was marked by the blessings of God in many ways.

After moving the tent from Wheatland to Yuba City, for a time the outlook was far from promising; however, the Lord blessed our company with courage, and gave us favor with many of the people, and a substantial interest began to develop.

The needs of a place of worship were pressing. As a company we realized the danger in finishing the tent effort without establishing an organization and a home for the work in this section.

By the blessings of God we are thankful to be able to report a church organization of between thirty and forty members, several of whom are new and earnest commandment-keepers; also a neat chapel fully paid for, the first meeting being held in it the next Sabbath after the tent was taken down, and all within eight weeks from the date of our first public meeting.

A church school in charge of Sister Amy Rich is also an added blessing to this section of the Master's vineyard.

The writer, by request of the conference committee, visited the churches on the west side of the valley, embracing the territory between Colusa and Woodland.

The Ingathering work seems quite encouraging thus far.

An earnest call for help came from Maxwell. A vacant church building has been arranged for, and the first of a series of meetings will be held (with God's blessing) next Sunday evening. Because of these two efforts (on the east and west of the valley), our company may be divided in person, but thanks be to our dear Father, we are not divided in spirit.

Ingathering Campaign

I met with the following churches in the interest of the Harvest Ingathering campaign:

Santa Cruz, October 2. Held two meetings. Came to Monterey October

3, where we held seven meetings and quarterly meeting on the Sabbath. One candidate was baptized. On Sabbath October 16, we met with the church at Watsonville.

We enjoyed much of the blessing of God at these meetings. In each place a good interest was shown in the Ingathering campaign. Several members are at work, and meeting with success. *October 22.*

ANDREW BRORSEN.

CENTRAL CALIFORNIA Items of Interest

The writer met with the Laguna church last Sabbath.

Let us not slacken our efforts in the Harvest Ingathering campaign.

We were pleased to see such a good attendance of interested people last Wednesday evening at the Porterville tent where the writer gave a stereopticon talk on our world-wide mission work.

Elder B. L. Howe writes that a Sabbath-school has been organized at Waits with about thirty members. We pray that the Lord may bless this new Sabbath-school, and that many may be added to their numbers.

Sister Petra Tunheim's talks at Fresno and Selma on the work in Java were much appreciated. The Lord is going before His people. But more missionaries are needed, and we must supply more means for carrying forward the work.

Last week three persons were baptized at Tulare and another received into the church on profession of faith. This makes thirteen new members who have united with the Tulare church since Brethren J. R. Patterson and George Truesdell began their tent effort in that place.

"God is nowhere," was the infidel's motto; but his little girl spelled it to read, "G-o-d i-s n-o-w h-e-r-e." The Lord is surely here, going before His people, and the simple, childlike faith will be able to read in the opening providences in every land the handwriting of our God, urging us to go forward and finish the work. Let us spell it right.

EDUCATIONAL

Harvest Ingathering Campaign at Pacific Union College

A most excellent spirit has been manifest among the students at the college this fall, and when the Ingathering campaign was presented before the school, there was a good response, some eighty-five volunteering for the work. Careful preparation was made, students were divided into bands and territory assigned, and earnest prayer was offered that God might bless the effort.

It was not convenient for all the volunteers to go out at once, so about sixty went out on Tuesday, October 19, scattering through Napa and Pope valleys, including the unworked portions of Calistoga, St. Helena, Yountville and Napa, while a number spent two days in San Francisco, Berkeley and Richmond. The students were much encouraged by the president of the college taking his place among the workers, and all put forth a very earnest effort.

It was our prayer that we might not only find a spirit of liberality among the people, but that we might leave a blessing with them. We asked the Lord to prepare hearts for our visits, and the reports of the students and teachers indicated that this prayer had been answered in a number of remarkable instances. With glowing hearts the students reported their experiences at chapel on Friday morning, and accounts were given of how God had melted the hearts of the people, including some who met us with a spirit of bitterness, but who gave us a contribution with tearful eyes before we parted. More than one was found who desired our prayers, and some who became interested in present truth, thus opening the way for further effort with them.

The amount received from this effort was about \$270. Elder E. J. Hibbard will lead a company of students in another effort, and we hope to reach a goal of \$400. Some who went out last week wish to go again, and many who had never before participated in the Harvest Ingathering, declare that they will never fail in the future to engage in a work which brings so rich a blessing.

Broadview Swedish Seminary

We desire to call the attention of our brethren to this important institution for the work among the 2,000,000 Swedish people in North America. The blessing of the Lord has rested upon the school during the past year, and we have only a good report to bring.

The sacrifices made by the Swedish brethren, and the cooperation by all our brethren in this country, in establishing this school is evidence that we not only believe that this message is to be preached to every nation, kindred, tongue, and people, but are doing it. Before this or other schools were established for foreigners in this or any other country, the servant of the Lord said: "I have sore heartache as I think of the work in Switzerland, Germany, Norway, and Sweden." "Where there are one or two men struggling to carry forward the different branches of the cause, there should be hundreds at work." "America has many institutions to give character to the work. Similar facilities should be furnished for England, Australia, Germany, and Scandinavia." Volume 6, page 25. We believe that the establishing of these schools will not only give character to the work among the many foreigners in this country, but will result in strengthening the work in other places.

Last year fourteen states were represented by students, and scores of our young people have attended the seminary, and there received an inspiration to take up work among their own people, thus helping to carry the gospel to the world and finish God's work.

This year we hope to see a much larger attendance than any year heretofore, and we desire to enlist the cooperation of not only our Swedish brethren, but also our American brethren and educators. The Broadview Swedish Seminary is for every state in the Union, and for every union conference in the United States and Canada. Its mission is to supply workers for the whole field, and we hope all will help us in filling the school by encouraging all our Swedish young people from near and far to attend this seminary. Fourteen grades are offered and the regular academic course.

For further information and catalogue address the Broadview Swedish Seminary, La Grange, Illinois, R. F. D. 1, Box 20.

Lodi Academy Notes

The academy opened September 28 with a good attendance, which has increased to a total enrolment of 180 students,—105 in the academic department and seventy-five in the church school.

An excellent spirit prevails among the young people this year. No better proof could be cited than that the chapel is well filled every Friday night for devotional meeting.

The presence of Elder E. W. Farnsworth and Prof. M. E. Cady was much appreciated on opening day, and especially their addresses to the students. We also heard from Elder Clarence Santée, Elder D. T. Fero, and Prof. J. W. Rich.

Already a number of students have gone out in the Harvest Ingathering campaign, with much success. Later, a field day is to be given, when all, both students and teachers, will have an opportunity of joining in the good work.

That high aspirations and purposes are possessed by the students is well attested by the fact that a large proportion of them have joined either the ministerial or the foreign mission band. In both homes the students enjoy the privilege and blessing of active prayer bands.

The young people of the school have joined with those of the church in their young people's missionary volunteer meetings, which are held every Sabbath afternoon, with an attendance of over 200. There is also a missionary meeting held in the school every other Wednesday morning.

On the night of October 23 a reception was given the students by the faculty. It was a great pleasure to have with us then Elder and Mrs. F. M. Wilcox of Washington, D. C. The reception closed with an inspiring talk by Elder Wilcox, in which he set before the students the necessity for a definite purpose in this message.

SOUTHERN CALIFORNIA

Parent-teachers' Meeting, Glendale Church School

Tuesday evening, October 12, about sixty persons who are interested in our church school met at the home of Brother and Sister C. H. Jones, 144 South Isabel Street. A program had been carefully arranged, which proved to be very interesting and instructive.

The meeting was opened by prayer, Dr. C. A. Burrows asking God's blessing to rest upon us in a special manner.

A trio by Misses Lorine Colcord, Jessie Parrot and Mary Frank was enjoyed. Next on the program was a very instructive lecture by Miss Litta Hibben, her subject being "Mothers of Men." Splendid suggestions were offered on child training. We would do well by getting ideas from others on this very important subject. We are likely to get into a rut in our methods, and we really need to stop once in a while and compare notes with others.

The parent-teachers' meeting properly conducted could and should be the

means of imparting strength and encouragement to both parents and teachers.

Sister I. C. Colcord delighted her audience with a chalk talk on South America. This talk was very instructive and entertaining. Beautiful scenes of the mountains, valleys and rivers of that very interesting country were portrayed.

A report of the school was then made, showing that fifty-seven pupils enrolled at the beginning of the year. At the present time fifty-three pupils are in attendance. The teachers reported that the spiritual condition of the school was excellent. We were especially pleased with this.

A dictionary has been needed for some time, and as a result of presenting this matter, \$6.00 was subscribed. Other matters of interest regarding the school were discussed.

Refreshments were served, during which time all had an opportunity of becoming better acquainted. When the time came to go home, all seemed to be agreed that a most profitable evening had been spent. Other gatherings of this nature are planned during the winter.

C. E. KIMLIN.

San Fernando Academy

We are glad to report to the union that San Fernando Academy has opened with unusually good prospects. During the first month of school the ladies' and gentlemen's dormitories have been occupied to their full capacity, and the overflow of young men are comfortably situated on the third floor of the academy building, and the young ladies in the home annex.

The majority of our students are from the Southern California Conference. Nearly thirty are from the Southeastern Conference. Twelve are from the Arizona Conference, our Phoenix intermediate supplying us; one each from Honduras, Peru, Hawaii and Australia, and three from Mexico, children of Carranza's Washington representative.

Prof. H. G. Lucas, assisted by Brother Celian Andross, organized our school for the Harvest Ingathering campaign. Parts of Los Angeles and the San Fernando Valley were thoroughly canvassed. The results of our first day's work were over \$100 and blessed experiences. We hope Brother Andross will come again next campaign day.

The school has been fortunate in having the services of Brother Nagel, of South China. He has rendered valuable help in teaching classes and in giving instruction both to the school and church.

Celian Andross, representing the young people's department, emphasized the standard of attainment and the reading courses. He received a very encouraging response.

Elder W. F. Martin and Prof. I. C. Colcord visited the school, and spoke to the students. Their talks were appreciated.

"A pull, a strong pull, a pull altogether."

I feel that Fernando Academy should have the willing support of all our people. The four weeks I have spent here with the school and church have been only to convince one more and more of the reasonableness of the plea for the \$150,000 Fund for our Pacific Union schools.

It has been seven years since I last visited this place, and all the time I have been in China the San Fernando school has gone on, as before, training efficient workers to help finish the great work.

I find here a company of students, who, with a very few exceptions, have their eyes on the fields beyond. I had the privilege of holding several meetings with both school and church, and spent three days with the students, in the Harvest Ingathering work. Some of the meetings were of a revival nature. The last evening I was with them I baptized fourteen.

The school needs some help by way of equipment, and I trust our people will soon see that this need is supplied.

S. A. NAGEL,

Missionary from Waichow, So. China.

Are the Dead Alive?

If the saints go to heaven at death, why the need of a resurrection? Ever think of it in that way? Every number of the *Signs Magazine* contains some incontrovertible thought as good as this one. The December number, now ready, is no exception. In it you will find "Prophecy and Progress," "Perilous Times Predicted Instead of Peace," "Strange Gods in Christendom," "The Star in the East" (a good Christmas article), "Cause of Weakness in the Churches To-day," "Sunday Observance." Do not forget your friends and neighbors.

BOOK WORK

Our Fresno Institute

We were favored the past week by having Brother F. E. Painter with us during the institute which was well attended, and a number have already begun to put into practise what they have learned.

Elder N. P. Neilsen gave the opening address, and Elder Adams conducted a Bible study daily for the benefit of the class. During the week we found a number of people who were interested in our faith. Some said they would attend our church. One Catholic lady, after stating that she was a Catholic, turned to leave us standing at the door, but came back and gave an order.

We have been using the "Back-to-the-Bible-Movement" introduction, which works well. Now is the time to do our work, as many people want to know what the war is leading to, which opens the way to explain our books to them.

C. L. DAVIS.

Read This

Thursday of last week I canvassed with Brother Harris at ----. During the day we called at the Catholic convent, and were royally received by one of the Sisters of Charity. After a brief preliminary introduction, we gave her a canvass. She was much pleased with the book, but said at first that they could not afford to take the book, as they were dependent upon the money given them for support and the upkeep of the convent. I suggested that they take the book, and give Mr. Harris his board for a few days in payment for the same.

At this suggestion the sister whom we interviewed took the book and went to see one of the sisters of longer experience, but before going out of the room, said they could not let any one come there and board. A silent petition went to God that they might come to a favorable decision. In a few moments, she returned with a dollar in cash, telling us that they would pay that much, and that Mr. Harris might take two meals a day for the rest of the week as payment for the balance due on the book. Not only did they place their order for the book, but they very kindly wrote a recommendation for it. Surely the Lord does go before

the faithful canvasser to prepare the hearts of the people.

During the day the Lord blessed us with \$14.00 worth of orders, and when night came, we had collected \$6.00 in cash.

Last Sabbath I had the privilege of meeting with the little church at Monterey. At the opening of the service, a lady, who had just recently accepted the truth through reading "Bible Readings" and the *Signs of the Times* was taken into the church. One of our colporteurs sold a copy of "Bible Readings" to her neighbor a few years ago. After the neighbor purchased the book, she was not very much interested in it. One day our new sister called on this neighbor, and during her stay asked her some questions on Bible subjects, as she had read some copies of the *Signs*, and was much interested in the truths it contained. The neighbor whom she was visiting told her that she had a book that would be a help to her, and that she might take it home with her. She gave her the copy of "Bible Readings," and as a result, she is now rejoicing in the truth. The book, in connection with the *Signs*, did its work, even though the party who bought the book did not heed its teachings.

The campaign with our home workers' books is now on, and some good reports are beginning to come in.

A sister came into the office this morning to get some books and to tell us how she had been getting on in the work. It is her first trial in canvassing with these books, but the Lord greatly blessed her. She worked about sixteen hours and took 33 orders; value, \$17.00. She says it is surprising to find how many people there are who really want these little books.

We do hope and pray that many of our sisters will begin this work now, and go to the homes of their neighbors, and let them see what a beautiful array of books we have for children and older people, too. Now is the time to get into this work. Are you planning to have a part in it? Do not wait too long, for the holiday season will soon be here. If you have a prospectus, use it. If you do not have one, send for it as soon as you read this.

Great Men Quoted

Dr. Lyman Abbott, the great preacher, Cardinal Gibbons, head of the Catholic Church in America, Rev. Thomas S. Gregory and Rev. Charles Finney, have something to say on the Sabbath question in the December number of the *Signs Magazine*. You will

also find this paragraph from a recent issue of the *Literary Digest*: "There never has been given any entirely satisfactory reason why the seventh day of the week should be abandoned as a day of rest." Tell your tract society how many copies you can use.

Those Lessons in Prophetic History

The lessons in "Prophetic History" by Max Hill are completed, and are in good type, being bound in strong manila cover. These lessons will be a great aid to the pupils in studying the great prophetic books,—Daniel and the Revelation,—and also will conserve the teacher's time in preparing for class work. Since the author has gone to the expense of publishing these lessons for the benefit of teachers and pupils, and at the special request of the former, it is hoped that the books will be used in all the schools of the union. Orders will be promptly filled by addressing the author at St. Helena, Cal. M. E. CADY.

Arizona Newspapers

(Continued from page 2)

Prescott, we heard of these articles being published.

The "Sabbath Question" "Coming of the Lord," "Bible Significance of the War, and Turkey's Downfall," "Peace and Safety Cry," "The Millennium" and other subjects were given to the public through these newspaper articles. As a result of the advertising given the meetings through the papers and circulars placed in the homes of the people, the interest of the public was good throughout the ten days of the meetings.

Some of the Arizona laborers have been writing up their sermons for the newspapers, and report an increased interest as a result. People who had seen the reports in the paper requested Bible readings. The workers say the editors seem glad to get their "copy," and usually give it a good place in the paper. One of our workers engaged in conversation with a traveling man whom he met on the train, and as soon as the man learned our brother was an Adventist, he said, "O, yes, one of your prominent leaders died not very long ago. I was reading about it in the newspaper."

Thus is the attention of thousands being drawn to our work and message, and God is using this means to reach their hearts and save souls.

Entered as second-class matter July 23, 1914, at the Post-office at Loma Linda, California, under the Act of Congress of March 3, 1879.

THURSDAY, NOVEMBER 4, 1915

Elder E. E. Andross spent a portion of this week at Mountain View attending the publishers' and bookmen's meeting which is being held there previous to the fall council at Loma Linda.

Brother Charles Bennett, our ship missionary at San Pedro, wrote recently to the secretary of the Southern California Tract Society, as follows: "I am endeavoring to place the literature sent to me by yourself and others in places where I trust it will accomplish a good work for the Master. We now have a large fleet of navy boats in the harbor, so would like to receive papers containing articles on the war."

Elder J. O. Corliss met with the Long Beach church last Sabbath. He reports an excellent time and says that in the closing part of the service ten persons pledged themselves to pay \$1.00 per week to the end of the year for missions, and ten others pledged to pay 50 cents per week for the same length of time. There is no reason why such a program should not be largely entered into by our churches as a permanent arrangement.

A large number of workers are now arriving at Loma Linda for the fall council of the General and North American Division Conference committees. This meeting will begin Friday, November 5. There will be present besides the General and Division officers from Washington, D. C., all of the union conference and local conference presidents, the union canvassing agents, publishing house representatives, and a number of our brethren from Europe, Asia and South America.

Elder Reaser has returned from Central California to the southern part of

the state in his solicitation on the \$150,000 Educational Fund. Elder Holbrook has been working in the Northern California Conference. Active efforts in behalf of this fund are being made in the Bay section of the California Conference and in other parts of the union territory. In many places our brethren are responding nobly to the end that this entire fund may be subscribed by December 31.

The RECORDER has had information that three sisters have taken first steps toward establishing a private home for the care of neglected children, near Eagle Rock, Cal. So far it is but an untried experiment, but may turn out to be a blessing to some young souls. It may be that later on more can be said officially concerning this enterprise. At any rate, the RECORDER wishes the Lord's blessing on those who have entered upon this line of work for Him.

You will be glad to know that the German edition of "Life Sketches of Mrs. E. G. White" is just about complete. We expect to be able to fill orders within two weeks' time. This is something to which our German brethren have been looking forward, and we shall greatly appreciate your uniting with us in giving it publicity. The price, as you know, is uniform with the English, cloth \$1.00, flexible \$1.50. The exact title is "Leben und Wirken von Ellen G. White." Your orders will be greatly appreciated.

A clipping from the *Sunday Watchman* of Australia for June 13, 1915, has the following which we give without comment of our own, because it is well known, even among Catholics, that the priest referred to (Priest Phelan), makes many a rash statement. So here is the extract for what it is worth to the reader:

"I never invite an angel down from heaven to hear mass here. This is no place for angels. The only person in heaven I ever ask to come down here is Jesus Christ, and Him I command to come down. He has to come when I bid Him. I took bread in my fingers this morning and I said: 'This is the body and blood of Jesus Christ,' and He had to come down. That is one of the things He must do. He must come down every time I say mass, at my bidding."

The *Lutheran Witness*, however, re-

ferring to this blasphemous statement says:

"Lest someone think that he was not correctly quoted, remember that this sermon is printed in the priest's own paper, of which he himself is editor."

President Wilson and Carranza

Carranza, the man whom President Wilson is charged with having acknowledged as leader in Mexico, is being characterized by the Catholic press throughout the country as a villain of the worst kind, and already the President is being warned that unless he changes his selection he will suffer at the next election.

Carranza, as well as all the Mexican leaders, is tired of Catholic rule, and is determined that it shall not further despoil the country.

A prominent Mexican statesman furnishes a thirteen page article in the October *Protestant*, showing what Catholicism has really done for Mexico, and in view of the present agitation the people should know the truth along with the Catholic side of the issue as given in the daily press.

Now is the time to circulate this important number, while it is a live issue. Fifty copies, \$2.00; 5 to 40 copies, 5 cents each. Address your tract society office.

College of Medical Evangelists Constituency Meeting

In harmony with the adjournment taken March 24, 1915, a special session of the constituency of the College of Medical Evangelists is called to convene at Loma Linda, Cal., at 11:30 A.M., Nov. 10, 1915, for the purpose of transacting such business as may properly come before the meeting.
