

SUPPLEMENT TO REVIEW and HERALD

DECEMBER 7, 1897.

(News of the Week—Continued.)

—A peculiar disease has appeared among the horses near Mount Vernon, Ill., which proves very rapidly fatal.

—The American Electric Vehicle Company is to locate in Dayton, Ohio. The company will devote its entire attention to the building of horseless carriages, and will put up the largest plant for this purpose in the world.

—During the three years preceding 1897, which have been looked upon as years of special financial depression, the New York Times says that men of wealth have given not less than \$121,000,000 to found and endow colleges, libraries, museums, hospitals, and such public institutions.

—Professor Marsh, of Yale, has made an exhaustive study of the brain capacity of animals and of men. He has found that the average weight of the Japanese brain is greater than that of any other people. From this the supposition is that the Japanese will be, eventually, the dominant race.

—The mountain people of the South seem to be especially visited by the Mormons. Chattanooga is said to be the headquarters of some 400 Mormon missionaries, who give their time to proselyting among the residents of the mountain districts in Tennessee, Kentucky, Alabama, North Carolina, and Georgia.

—Brookline, Mass., has \$65,000,000 of assessed property, and only six paupers. It is the only town in America which has a complete public bath-house and swimming-pool, and the only place in the world where the public school instruction includes a course in swimming. Brookline's public bath-house cost \$40,000.

—A man in Decatur, Mich., has invented a metal railroad tie, which has proved eminently satisfactory in a test of four years, and which, it is believed, will supersede the old wooden ties. Metal railroad ties are already used throughout Europe. The special distinction characteristic of this tie is the method by which it locks onto the rail.

—The sugar-beet is an important factor in American industry. Claus Spreckels, the sugar king, has over two million dollars invested in beet-sugar refineries. One factory alone uses 3,000 tons of beets daily. To furnish all the sugar used in the United States would require about 1,400,000 acres of beet-producing land, which, it is estimated, would yield the producer some fifty dollars per acre.

—At Rumford Falls, Me., the largest paper-machine in the world is now in course of construction. It is to deliver a web of paper 150 inches wide at the rate of 500 feet per minute, or in a complete day's run of twenty-four hours, will turn out about 9,000,000 square feet, equivalent to five tons. A force of between forty and fifty men will be required to maintain and supply it with stock, etc.

—The enormous sale which attended the bringing out of the Revised Version of the Scriptures has collapsed entirely. One million copies were sold in this country during the first three weeks after its publication; but now there is little call for it, except as a text-book or book of reference. The American firms interested in the Revised Version are thought to have lost from \$500,000 to \$600,000.

Special Notices.

I AM in receipt of letters which I would like to answer, but the State is not given. My correspondents will please be sure to give the State as well as the post-office address. If any do not receive replies to their letters, they may know that it is because this has not been done.

MRS. S. M. I. HENRY.

SPECIAL ATTENTION!

I request of a large number of those who are desirous of availing themselves of our former offer to procure a set of the Testimonies for ten subscriptions to *Good Health*, we have decided to extend our offer to March 1.

CHANGE OF APPOINTMENTS IN MICHIGAN.

AFTER sending my appointments to the REVIEW, I was notified that I was expected to attend an important meeting in Chicago, December 7-16. As the work in our Conference may be advanced by the information to be received there in regard to city work, I think it best to change my appointments so as to meet with the churches as follows:—

St. Charles,	December 16-19
Saginaw,	" 20, 21
Bay City,	" 22, 23
Flint,	" 24-27
Lansing,	" 28, 29

The meeting at St. Charles will be a general meeting for the churches near there. We desire to see a good attendance at all these meetings. We hope that the brethren at Saginaw, Bay City, and Lansing will arrange their work so as to attend meetings in the daytime as well as in the evening. We have so short a time to be together that we shall need every moment to accomplish what we expect to do.

J. H. DURLAND.

IMPORTANT TO VERMONT.

A SERIES of general meetings will be held throughout the Vermont Conference this winter. The first of the series will be held in Burlington, December 16-20. The first service will be held Thursday evening, December 16, in the church. This will be the State meeting, and it is expected that Elder R. A. Underwood will be in attendance. Elder F. L. Mead is expected to attend the entire series, in company with some of the local workers.

The second of this series of general meetings will be held at Brownington, December 22-26. A notice as to where the other meetings will be held will appear in the December issue of the *Green Mountain Reporter*.

While places will be provided for all who attend these gatherings, it will be expected that all will come prepared to care for themselves, so far as is possible, in the line of bedding and provision. By all means may we go up to these meetings seeking for an outpouring of the Holy Spirit. Let there be a full attendance.

K. C. RUSSELL.

AN APPEAL TO DISTRICT NO. 2.

At the general meeting for District No. 2, held at Graysville, Tenn., November 9-16, a resolution was carefully considered and unanimously adopted to make Graysville Academy the central school of the district, and to place it upon the industrial basis. This action was in the light of the imperative need that workers be trained under the circumstances and conditions of the field in which they are to labor. A school established on the industrial plan will afford many worthy students an opportunity, by paying their way, wholly or in part, in useful labor, to obtain an education and training that will fit them to labor in the cause of God in this field.

We are fully assured that this step is in harmony with the light which God has given us by his Spirit. There are scores of young and middle-aged men and women in this territory who are anxious to receive the necessary instruction to fit them to engage in the work of the message for this time. We now appeal to the friends of the cause in this district to aid in carrying out the purpose of this resolution.

Our school needs to be supplied with adequate apparatus for the use of students and teachers. A library of choice books of reference is needed. Persons having standard works on history, literature, agriculture, physiology, and other branches of knowledge, also encyclopedias of general information, and who are willing to donate them to a worthy cause, will please correspond with Prof. W. T. Bland, Graysville, Tenn. The school will now need farm and garden tools and implements in good variety. Hoes, rakes, spades and shovels, cultivators, breaking-plows, field and garden seed-drills, two-horse wagon, cows, horses, and harness are needed at once. Above all, money is needed with which to purchase more land to cultivate, and to procure material for erecting some plain but much-needed buildings. The small school Home is full, and two cottages are rented to provide for the students now

in attendance. Building material is cheap, and land is reasonable in price. We sincerely hope every friend of the cause in District No. 2 will take an active interest in this enterprise, and begin to secure money and other supplies to enable the managers to place this school where we believe the Lord would have it.

We especially ask all the laborers of our district to present the importance of this matter to the brethren, and secure anything that will aid in getting the school established on the basis decided upon. Every dollar secured will be a help. The board of management has decided not to go in debt. We again earnestly ask the friends of this district to begin at once to work for the school. Please report to us, as fast as you can, the progress made and the prospect of what you are doing. We wish to know by Feb. 1, 1898, what we can count on, as at that time we wish to lay plans for the season. It is our purpose to have students do all the work of farming and building, as far as possible. Now if there are friends in other parts who wish to contribute to the work in the South, their help will be gratefully received and blessed of God. Write to us for further information.

DO YOU ADVERTISE?

If you have any useful, honest article which you wish to get before the people and the trade, advertise it in the *Youth's Instructor*. For over forty-five years we have published this paper, refusing all advertisements. However, as we are now changing its form into a weekly magazine, we have decided to accept standard advertisements of various useful articles. Of course we reserve the right to refuse any advertisement which, in our judgment, would not be suitable.

Our advertising rates will be sent upon application. The size of the forthcoming magazine will be eight by eleven inches, untrimmed.

For further information address REVIEW AND HERALD, Battle Creek, Mich.

"THE GOSPEL SONG SHEAF."

"THE GOSPEL SONG SHEAF FOR SABBATH-SCHOOL AND YOUNG PEOPLE'S MEETINGS," is the title of a book which we handle. It was gleaned by F. E. Belden, and comprises primary songs, intermediate songs, gospel and special songs, and old hymns and tunes. 240 pages. In two bindings as follows: board covers, 35 cents; silk cloth, embossed in gold, 50 cents.

How about your Sabbath-school? Are you well supplied with copies of this song-book? If not, send us your order now. Address all orders to REVIEW AND HERALD Pub. Co., Battle Creek, Mich.

A SUNDAY-SCHOOL SONG SHEAF.

BROTHER F. E. BELDEN, of Chicago, is also the author and publisher of "The Gospel Song Sheaf for Sunday-School and Young People's Meetings." Any desiring copies of this book may obtain the same by writing to F. E. Belden, care Bible Kindergarten and Music Co., Chicago, Ill.

PATTERN DRAWINGS FOR "A SCHOOL WITHOUT BOOKS."

WITH every copy of "A School Without Books" sold by us, we also send, free of charge, a complete set of pattern drawings, consisting of over twenty patterns, with instructions, prepared by the author, Martha Watrous Stearns. These patterns are so arranged that by the use of ordinary carbon-paper and a pencil, their outlining may be easily traced upon the cardboard out of which the models are to be made. Size of each sheet, 15 x 19 inches. They are drawn to scale, and will prove very useful in making the serviceable and attractive series of articles indicated in the author's book.

The Price of "A School Without Books," together with the above separate patterns, is \$1.50, post-paid. Price of pattern drawings, without the book, 40 cents, post-paid. Send for circular and further information, to REVIEW AND HERALD Pub. Co., Battle Creek, Mich.

"THE EASTERN QUESTION."

WE are more than happy to announce to the REVIEW readers our forthcoming book, "The Eastern Question." Further particulars concerning its size, price, etc., will be given next week. The volume is now ready for the bindery, and we shall soon have it on the market. If you wish an up-to-date treatise on this great problem of the nations, prepare to order a copy as soon as it appears.

THE "MEDICAL MISSIONARY."

SOME reasons why this journal should be read and extensively circulated:—

1. It is published in the interests of the medical missionary and philanthropic work of the denomination, and represents us before the world in that sphere of activity.

2. It contains practical instruction in the best methods of carrying on the various lines of gospel and Christian Help work. This instruction is needed in our churches and in our homes everywhere.

3. In it you will find incidents of thrilling interest, which are happening in connection with our rescue missions in Chicago and elsewhere. These incidents, showing, as they do, that God is, in a wonderful manner, working for the salvation of the most abandoned, outcast, and criminal classes, cannot fail to inspire the reader with new hope and courage.

4. It keeps its readers posted with reference to the work that is being done in the Haskell Orphans' Home and the James White Memorial Home, as well as our medical missions in India, Africa, the South Sea Islands, etc.

Surely such a journal has a large field of usefulness; and just now, when we are being told, through the Spirit of prophecy, that the Lord would have us devote special attention to this line of effort, the subscription list ought to have a large increase.

We often hear of churches that want something to do. Why not take the *Medical Missionary*, study its contents in the Sabbath meetings, if necessary, and then begin to make an organized effort to follow the Saviour's example in relieving the wants of the poor and the afflicted, and doing good in a practical way unto all men?

If you are unacquainted with the paper, send for a sample copy, which will be cheerfully furnished you, and then look around and see if there is not some one else who would be interested in it. Address orders, inquiries, etc., to *Good Health* Pub. Co., Battle Creek, Mich.

HELPING THE POOR.

"For ye have the poor with you always, and whensoever ye will ye may do them good."

There are a great many ways of doing good to the poor. Some need food; others need clothing; still others may be supplied with these things, but may need assistance in gaining an education, etc. These are only a few of the many ways of helping those who are needy.

A lady in one of the Eastern States has just brought to our attention another way of assisting the poor among us. She has sent us a check for nine dollars, asking us to send the ADVENT REVIEW AND SABBATH HERALD for one year to six different families of Sabbath-keepers in her locality. She says: "These six families are going to pay us by the month for the paper. We feel that they must have it."

There are scores of families of our people who are deprived of the weekly visits of our church paper because they are not able to pay for it, and we feel sure that there are many who would be glad to assist such ones by doing as this sister has done. Will not those who are able to do so look around, and see who is in need of such help?

"Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

REVIEW AND HERALD PUB. CO.

FOR NEARLY SEVENTEEN YEARS.

To show how the *Youth's Instructor* is appreciated by its readers, we quote the following from a letter recently received from one of our Tennessee subscribers:—

"I have been an earnest and devoted reader of your paper for nearly seventeen years; and I can say, after careful examination, that it is the very best paper for young people that I have ever seen."

If you have never seen the paper, be sure to send at once for a sample copy. After you have read it, subscribe for it. If you subscribe without delay, the paper will be sent you from now until Jan. 1, 1899, for only 75 cents, the regular price for one year.

The *Youth's Instructor* will soon become a magazine. The price will then be \$1 to all subscribers. However, if you subscribe before the change is made, you will receive the magazine for the same old price, 75 cents.

Address all orders and inquiries to REVIEW AND HERALD Pub. Co., Battle Creek, Mich.
