Doubtless those who read this will be surprised, as I was, to learn that there were more than one thousand children and young people of the Southern Union in our schools last year, including all the elementary schools, Hazel, Oakwood and Ooltewah.

It has been only a few years ago that our largest Union Conference had but one thousand students in its schools. And it was then thought that this was a big accomplishment and a fact worthy of special note, as indeed it was.

We of the Southern Union today feel thankful for the progress that has been made in the educational work in our field.

We believe that the future holds still greater possibilities. Let us pray our Heavenly Father that He may watch over these youth, guiding them safely through the pitfalls and snares that the enemy throws about them, and that in due time they may make valuable workers for this needy field.

JOHN C. THOMPSON.

### Oakwood Junior College

is the only training school for the colored youth of this denomination. No one need fail to obtain an education for the lack of money. Here opportunity is offered students to work for their expenses the year round. Twenty-five per cent of our student body enters evangelistic work each year. For calendar and particulars, address the President, Box 414, Huntsville, Ala.

## ALABAMA CONFERENCE

### Alabama News Notes

Elder O. L. Denslow writes from Mobile: "I baptized two last Sabbath, and in about two weeks we will have another baptismal service." He says that the work is going nicely and that they will reap a goodly number of souls as the result of the tent effort.

It is a pleasure to say that Elder O. F. Frank and Brother M. L. Wilson are doing nicely in Sheffield. Had their first Sabbath meeting in the tent last Sabbath. Although it rained, yet six new ones were in attendance. Brother Wilson writes:—"By the way, things are getting 'hot' up this way. The preachers are riled up. See ad." He encloses an ad, showing that two of the churches have spoken against the Sabbath. But we believe that they cannot harm our work there. Pray for these workers.

Brother A. V. Ward arrived in Birmingham Sunday, the 13th, to connect with our Conference as Home Missionary Secretary. You should address all correspondence for this department to him at the Conference office. We trust that you will kindly cooperate with Brother Ward in his new work.

The meetings being held in Woodlawn, a suburb of Birmingham, by Elder I. M. Martin are meeting with splendid success. A fine crowd every night and the interest is growing. We look for and are confident of a fruitful harvest.

#### Campmeeting Notice

This meeting will be held in Montgomery, Alabama, this year. A nice grove has been secured in the outer edge of the

city at the end of the Oak Park car line. The date has been set August 21-31. The prospects are that we shall have an excellent meeting, so you should now begin planning to attend. More information of importance will be given later.

The recent trip made through the Conference by Prof. O. R. Staines and Elder J. F. Wright, with the book exhibit, proved to be a real success. In all about \$1600, retail value, of our books were secured by our people in the churches. These books in the homes of our believers will help them spiritually and will add much to the uplift of the work in more ways than one.

Owing to our increased book sales it has increased our work in the office quite materially. The committee found it necessary to secure more help for the office. Miss Gracie May has been secured and is already with us doing stenographic work.

We received a statement of almost two tons of Crisis books this week. Something over 7,000 of these have been unpacked this week. Several hundred have already been sent out. Our people certainly are doing good work in the handling of these small books.

We are glad to report four new recruits to our colporteur work—Brethren Myers, Jackson, Smith and Purdie.

### An Experience

"All things work together for good to them that love God, to them who are called according to his purpose." Rom. 8:28.

As the above passage states it is not a few, or this or that special thing, but "all" things that work together for the good of God's

children. Yet many a time we fail to see God's hand in the general affairs of our life.

Last week the above scripture came to me with a more marked meaning. The events of the occasion I here narrate.

On Tuesday, June 3, I started out on my summer's canvassing campaign. The weather conditions were very unfavorable, there being much rain day and night, from May 22. I put the matter in the hands of the Lord and started out in the rain.

About 1:30 p.m. in the day the experience began. I called on a family, the husband of which was off, and I was told might not return till night. The lady of the home purchased a 50c help, however. When I got out on the public road I met a wagon with a man and his sister, town-bound. I canvassed them and got their orders, but to make out their guarantee slips I had of necessity to ride a mile with them because of a shower which came up at the time. While thus occupied, the son of the home I had just left arrived. I returned there and took his order for a full binding "B. R." My next place of call was a house one-half mile away. It was my purpose to go on, but a shower came up which compelled me to wait awhile.

While thus waiting the respective husbands came. At the last mentioned home I sold 75c worth of helps. I then repaired to the first home and got that man's order and was invited to a sumptuous and appetizing meal, which I must confess I stood in need of, not having had any breakfast.

The time occupied was fifty minutes, and in that time the Lord blessed me with orders and cash sales to the amount of \$21.75. To Him be all the praise.

R. THOMSON.

Brother Frank Thompson sold about thirty small books and Watchman in an hour and a half. This was done in territory which had been worked several times. This seems to prove that the more people learn of the Third Angel's Message the more they want to know.

Brethren Castle and Schroader left Louisville Sunday for Irvington, where they are canvassing during "Big Week."

The Educational Superintendent organized a church school at Moreland and also one at Grove this week, and a Young People's Society at Moreland.

Bro. Wilmer Lyons called at the office today. He has recently come from Hinsdale, Illinois, to canvass in Kentucky.

Elder Keate and Brother Moore conducted a small colporteurs' institute in the office Monday morning to prepare several new canvassers for the work.

Review and Herald subscriptions, are coming in every day. Have you sent yours in? Remember the special price of \$2.50 for fourteen months' subscription lasts only during the month of July. Do not put it off any longer, but send your subscription in immediately.

Brother Paul Schuster and Brother Eldon Davis, Elder G. A. Davis' brother, are now canvassing in Barren County. They have very recently come from Battle Creek, Michigan, and are planning on returning to E. M. C. when the summer is over.

Miss Doris Davis, who is canvassing with Miss Inabinet in

Bell County, has been sick, but is much better now, and will soon be out at work again.

The Rally Day program was carried out in the Louisville Church July 12. Much interest was shown in the exercises, which represented careful preparation. The attendance was good and an interesting feature of the morning session was a baptismal service. There were six candidates, four of which were the fruit of Sabbath School work.

The interest continues good in the Louisville tent effort and many are asking for literature. The Bible workers are being kept busy.

Davisville is again on the map. The Young People's Society is determined to keep it there. We had a right good missionary report from them this time. Elder Keate and Brother Thompson visited Davisville together recently.

Elliott--Lois Virginia Elliott, daughter of Elder W. R. and Mrs. Elliott, was born June 24, 1917, in Nashville, Tennessee. After eleven days' illness she fell asleep in Jesus, July 16, 1919. The parents, four sisters and one brother mourn the temporary separation, knowing that soon the great Life-giver will restore her to them. Words of comfort were spoken by the writer from 2 Samuel 14:14.

Elder A. N. Allen.

The friends of Brother and Sister Forsythe will be pained to know that little James Meeker, their 11 months' old baby, died at their house at Hustburg, June 16, at 8 o'clock p.m. He was sick just a few days--was taken with dysentery, which finally developed into pneumonia. He was laid to rest in the cemetery near Brook Nook Farm, the home of Elder and Sister Martin, where he was born. How much his bright face and smiles will be missed in days to come. Funeral was conducted by the writer. C. N. Martin.

**At the Close of Day**

Pearl Paurica

On the shore of a beautiful river,  
I stood at the close of the day  
And the breeze wafted up from the meadow  
The fragrance of new mown hay.  
And the tiny waves flowing so gently  
Were lapping the sands at my feet  
And the bells of the cows in the pasture  
Seemed to make all things complete.  
The sun setting west of the river,  
Was turning the waves to bright gold;  
And along the quiet roadway,  
Were the sheep going home to the fold.  
The birds twittered softly and sweetly,  
In the trees gently swayed by the wind;  
And the lessons the day had taught me  
Sank deeply my heart within.  
And I thought when the day of life closes  
For me by the river of Time  
And my world weary eyes are seeing  
Fair lands of another clime,  
Will the sun of my life set in splendor?  
Turn the waves of death's sea into gold?  
May God in his infinite mercy,  
Gather all of his sheep in His fold?

## Is It Time To Cease Activity?

Every passing year sees more strenuous efforts made to place the religious element in control of affairs in cities, state, and nation. In these reconstruction days much is being said about the church taking its proper place. Great progress is seen in committing the nations to Sunday weekly rest. One of the covenants of the proposed League of Nations, submitted by the labor element, favors a weekly rest, which is to include Sunday whenever practicable. Now, as never before, is the time when the knowledge of religious liberty principles is needed.

The third quarter *Liberty* is just from the press. It is well illustrated, the cover being especially attractive. It is one which will sell anywhere. Some of the leading topics considered are:

The Menace of Bolshevism.

Religious Freedom Assailed in Virginia.

True Sabbath Observance and Physical Rest.

The Sunday Closing Bill Defeated in California.

New York Legislature Favors Baseball and the Moving Picture.

A Bit of Religious Controversy in Pennsylvania.

Religion and Politics in a Bad Mixup.

Concerning the New Plan to Close Sunday Theaters.

The Church in Politics.

The above are a few articles which appear in the third quarter *Liberty*.

It would be well to circulate this number among leading citizens in your community. Price in bulk, 50 or more copies to one address, 4 cents each. If mailed to a list of names, 5 cents each. Place orders today with your tract society.

## Little Sins

"When the great traveler, Henry M. Stanley, was pressing his way through the forests of darkest Africa, the most formidable foes that he encountered, those that caused more loss of life to his caravan and came the nearest to entirely defeating his expedition, were the little Wambutti dwarfs. So annoying were they that very slow progress could be made through their dwelling places. These little men had only little bows and little arrows, that looked like children's playthings; but upon these tiny arrows there was a small drop of poison which would kill an elephant or a man as quickly or as surely as a Winchester rifle. Their defense was by means of poison and traps. They would steal through the darkness of the forest, and waiting in ambush, let fly their deadly arrows before they could be discovered. They dug ditches and carefully covered them over with leaves. They fixed spikes in the ground and tipped them with the most deadly poison and then covered them. Into these ditches and on these spikes, man and beast would fall or step to their death.

"One of the strangest things about it was, that their poison was made of honey. Let us learn the lesson of these little dwarfs, and beware of the honeyed fascination of sin. Remember that all sin is under the ban of God, and if a thing is wrong in the sight of God, no amount of pleasure in the doing of it can make it right, or save it from the awful punishment which belongs to sin."

It is the devil's plan to lead us into transgression with the excuse, oh, such a little thing does not matter!

Some give as a reason why

they do not keep the seventh day as the Sabbath, that it is a minor matter, and the Lord will not condemn them so long as they keep one day. But they are violating one of the plain precepts of God. If you should leave a piece of work with your boy, and tell him to perform it on a certain day, and he should decide that some other day would do as well, and should go fishing the day you told him to do the work, you would not call that a small matter.

No more does the Lord. He has said in His word, that the seventh day is the Sabbath, in which we are not to work. Exodus 20:8-11. To violate this plain command is a serious matter with God.

### Converted by Reading One Copy of the Watchman

"I thought I would write a few lines to let you know that I am still devoting a few hours a week to selling your magazine.

"I first became interested in the truth a little over two years ago by reading the 'Watchman.' I subscribed for it a few days after receiving the copy from a friend and am still receiving it every month.

"I was baptized about two months ago and I am now looking forward to the baptism of my husband in the near future.

"When I realize how that one magazine brought me out of darkness, I know that it can do the same for others.

"That God may bless this branch of the 'Threefold Message' is my earnest prayer."

### Special Offerings for 1919

Colored Work..... Oct. 11  
Annual Offering..... Dec. 20

## July 31, 1919, Is Fast Approaching

On that Date the Special Offer of Fourteen Months' Review Subscription for \$2.50 Expires

Send Your Renewal or Subscription Before that Date

The REVIEW is read by believers in every section of the globe. Outside of the United States and Canada it goes to 102 different countries. Many subscribers in these foreign lands must wait weeks, and even months, after the paper is printed before they receive their copies.

These brethren appreciate the REVIEW for the message of good cheer which it brings to them and for the information which it contains.

Verily the REVIEW is a strong medium which helps to bind the great body of believers together in one common faith.

If our brethren at the ends of the earth are willing to wait weeks and even months for a copy of their church paper, is there any excuse for English-reading believers in the Southern Union Conference, where the paper is received by date of issue, or at the most within a day or two later, not subscribing?

1. The *Review* is a highly spiritual paper. You will receive an inspiration and an uplift from reading it that you cannot secure from any other source.

2. Reading the *Review* will strengthen your faith in the message and in the Word. As you read in its pages of events now taking place, which are fulfilling prophecy, your belief in the fundamental teaching of the Advent Movement will become more firm.

3. The *Review* will keep you informed regarding the plans of such great organizations as the National Reform Association, Federal Council of Churches, and other societies and organizations, the work of which will vitally affect the believers in our message.

4. The development and progress of this message is faithfully reported in the *Review*. An isolated believer who reads the *Review* regularly each week is better informed regarding the work of the third angel's message than the believer who has the best of church privileges, but denies himself of the *Review*.

5. The *Review* contains thirty-two pages each week, all of which are filled with material written for the special purpose of giving Seventh-day Adventists the information and help which they need to develop characters that will stand the tests before us and gain eternity at last. There is nothing light or trifling found in it. It is such a paper as you would wish your children to read. It is the best kind of periodical to use in missionary work.

No Seventh-day Adventist can afford to be without the REVIEW.

REMEMBER, if you subscribe or renew before the close of July—the Seventieth Anniversary month—you will receive a subscription of FOURTEEN MONTHS for \$2.50.

DO NOT DELAY, but hand your renewal or new subscription to your church missionary secretary, or send to your Conference Tract Society office.

### No Paper Next Week.

This word has already been passed out to some, and to make it general, we announce it again that there will be no WORKER issued next week, as the custom has been to publish only 50 copies a year, dropping one during the holidays and one in mid-summer. Correspondents please bear this in mind—nothing needed for next week.

### Publishing House Notes

One of the largest carloads of books ever shipped by the Southern Publishing Association was forwarded last week to the Atlanta Branch. Among other items, it contained one hundred boxes of "Bible Readings."

Brother C. E. Schofield, of the General Conference Business Office, but who is under appointment to Brazil, is spending a few days at the Southern Publishing Association studying our cost system preparatory to taking up his duties as Secretary, Treasurer and Auditor of the Brazilian

Union Conference in which is located one of our mission publishing houses.

Prof. A. W. Spalding and Elder D. E. Robison, who have been attending the Bible Conference in Washington, are expected home this week.

Among recent additions to the Publishing House family, we are pleased to mention the following: C. E. Lofton, Miss Minnie Triplett, Miss Helen Curtis, Miss Schwartz, Miss Minnie Brown, Miss Helen St. Clair, Mr. Chauncey Smith, and Eugene Ward. At this writing the Home Office force numbers eighty-three.

The new press recently ordered has now been installed, and it is expected it will be in operation this week. The press-room, as well as a part of the bindery, is running twenty-four hours a day, and even then it is with difficulty that we keep up with the heavy demands being made upon us this summer.

The Colporteurs' Summary for June established a new record. The largest previous record for one month of the three Unions comprising the Southern Publishing Association territory was about \$94,000. That was a five weeks' report, while the June report for this year was but a four weeks' report, and yet it amounted to something over \$152,000. Nor is this all. The indications are that July will exceed this by a large margin. Surely we are living in the day of God's power and when His work is to go forward with great rapidity.

### Southern Junior College

#### Notes

Our wheat and rye were thrashed last week, there being 157 bushels of rye and about 120 bushels of wheat.

The septic tank for the girls' dormitory is now completed, and the drain will be completed this week.

This past week several bushels of tomatoes have been put up for winter use. We have canned about 200 gallons of kraut, and have more in the barrels ready to put up.

Next week will be "Peach Week." We plan to can about 1,000 gallons of peaches from the orchards at Cohutta, Ga.

The contract is being made with the Southern Railway so that the electric power lines of the school can be placed along Southern right-of-way. We hope to have electricity in in about a month.

A corn cutter for use in preparing sweet corn to can has been shipped to us from the Fountain Head School. This will be a great help to us in taking care of the supply of sweet corn.

The Flexotile flooring for the bathrooms is now here and will be put down as soon as possible.

Brother Kennedy is putting up a cottage between Professor Wood's house and the boys' dormitory. This will be occupied by him temporarily until the teachers' cottages are built, and will then be used as a students' cottage.

Miss Sarah Peck, assistant educational secretary of the Elementary Department, spent Wednesday and Thursday of last week at the school. While here she gave the church school teachers much helpful instruction on how to solve many of the problems that they meet in teaching.

Brother Watson, from Florida, is spending a short time at the school. He is returning to his home, having spent some time at the Madison Sanitarium.
