TERMS: 25 CENTS A YEAR, IN ADVANCE.

PROCEEDINGS OF THE CONFERENCE OF
1900.

(Concluded from last week.)

SIXTH MEETING, June 7, 9:30 A. M.

The Committee on Nominations reported as follows: For President, W. A. Hennig; Conference Committee, P. A. Hansen, C. A. Washburn, J. W. Adams, J. W. Dorcas; Secretary and Treasurer, C. F. Stevens. It was recommended that the Corresponding Secretary of the Missionary Department assist the Conference Secretary, especially in keeping the Secretary's books and in carrying on the correspondence. All the officers nominated were unanimously elected.

SEVENTH MEETING, June 8, 9:30 A. M.

The Committee on Resolutions presented the following additional report:

Whereas, The Reading Circle Work, which includes a systematic study of the message and the field, is designed to be the foundation of missionary effort; and,—

Whereas, Many of our people do not yet fully understand its importance; therefore,—

9. *Resolved*, That we urge all our people to take up these studies in their homes, and encourage them to improve the opportunity, afforded by the summer vacation in reviewing the past Berean lessons, preparing to begin the new series in the fall; and that we invite our workers to give this work special attention as they visit the churches and isolated members.

10. *Resolved*, That an effort be made to circulate the new paper for the blind, "The Christian Record," as widely as possible among these unfortunate people in our State, calling upon the local societies for assistance in the way of furnishing addresses, and in providing the necessary means to send the paper to those too poor to pay the subscription price.

Whereas, The German work in our State is a part of the Third Angel's Message, and we be-

lieve that God has many honest souls among this people who would accept the truth if it were brought to them in a proper manner; and,

Whereas, The publishers of the *Review and Herald* have issued an Extra to the German paper, which it is their desire to circulate to every German family in this country, and money is needed to carry on this work; therefore,—

11. *We recommend*, That this Conference help to support this enterprise by donating freely of their money, and that as many as can take a club of papers, do so, and give them to their German friends and neighbors.

Whereas, But little has been done to bring the message to the attention of the Bohemians and Hollanders in our State; therefore,—

12. *Resolved*, That we make an earnest effort to circulate our literature among the people of these nationalities.

13. *Resolved*, That, while the Iowa Conference last year recognized the necessity of the creation of the Iowa Sanitarium and Benevolent Association, and by resolution authorized its organization, and still recognize the necessity of conducting the Sanitarium work in the form of a separate organization, still we hold that the Iowa Sanitarium is a creation of the Iowa Conference of S. D. Adventists; and,—

We Recommend, First, That it is the expressed wish of this Conference that the Conference Committee elected each year, become members of the Board of Trustees of the Iowa Sanitarium, and that the members of said Association be requested to concur in this resolution by electing said members of the Conference Committee as members of the Board of Trustees. Second, That, *Whereas* the Articles of Incorporation of said Iowa Sanitarium provide that the By-Laws of said Iowa Sanitarium Association shall provide for the necessary officers and their duties, we request the Trustees of the Sanitarium so to formulate their By-Laws that the manager of the Sanitarium be elected each year by this Conference at its annual election, these requests to take effect at the next annual meeting.

We further request that Article 5 of the Articles of Incorporation be amended by striking out the last part of the Article which reads as follows: "except that at no time shall any superintendent of said Association, physician, assistant physician, be a member or become a member of said Board of Trustees."

Whereas, The Spirit of Prophecy has spoken in favor of the establishment of industrial schools, and recognizing the impossibility of any one church undertaking such a work,

14. *We Recommend*, That the incoming Conference Committee endeavor to secure by gift, or otherwise, a piece of property suitable for the purpose of a small industrial school.

Resolutions 4 and 7 were then considered.

EIGHTH MEETING, June 8, 2:30 P. M.

Telegrams from W. A. Hennig were read by the Chairman, requesting that the Iowa Conference select another president. Resolution 8, pertaining to the debt on Union College, was read and discussed. Prof. Magan spoke of the plan for paying this debt, at some length, and answered the questions asked by the delegates. It was requested that the vote upon this resolution be taken immediately, and the resolution was unanimously adopted. The Committee on Resolutions was called on for an additional report, and presented the following:—

Whereas, The Lord has greatly blessed the work in our State, and thus increased burdens have been laid upon the Conference Committee; and,—

Whereas, There is need of trained men to aid in bearing these burdens; therefore,—

15. *Resolved*, That the Constitution of the Conference be so changed as to provide for a committee of seven instead of five.

Whereas, The Foreign Mission Board is largely dependent on the contributions of Seventh-day Adventists everywhere to carry the gospel to "regions beyond;" therefore,—

16. *Resolved*, That we heartily endorse the plan of the Foreign Mission Board in recommending that each individual lay aside ten cents each week for the foreign mission work.

The resolution as passed by the Foreign Mission Board reads as follows:—

That plans be immediately set on foot to arouse the denomination to united action in raising for foreign missions an amount averaging not less than ten cents a week for each church member.

"WORK in simplicity, and the Lord will work with the canvasser. The Holy Spirit will impress minds just as he impresses the minds of those who listen to the words of God's delegated ministers, who preach his word. The same ministry of the holy angels attends the one who gives himself to canvassing for books for the educating of the people as to what is truth."

THE SABBATH-SCHOOL.

CONDUCTED BY MRS. JESSIE L. ADAMS.

PROCEEDINGS OF THE IOWA SABBATH-SCHOOL ASSOCIATION.

THE twenty-third annual session of the Iowa Sabbath-school Association convened on the camp-ground at Ames, Iowa, June 4, 1900. The meeting was opened with song, after which Eld. Wm. Guthrie lead in prayer. The Secretary read a report of meetings held the preceding year, also a statistical and financial report of the Association. The President then spoke of the statistical part of the report compared with that of other Associations. It showed a greater number of schools than in any other State, and several hundred more members than in the whole European field,—only one State, Michigan, having a greater membership. She also spoke of the work done by the Association during the past year. Sixteen weeks were spent by the officers in the field, and one hundred and sixty-one meetings held. Two convention programs were sent out, and the reports from the schools show increased interest and better work done than ever before. Letters were sent to the superintendents, giving suggestions and questions for teachers' meetings, and the appreciative letters received show that they have been a help to the schools. A New Year's letter and greeting was sent to all the younger members, with the motto, "Study to show thyself approved;" and many promised to take the motto and follow it out the present year. Invitation cards were sent to the schools for house-to-house work. Following these remarks by the President, there was some discussion in regard to difficulties met in this work of inviting others to the school. Different plans for the work were suggested, and words of encouragement given. Questions were asked and answered, and a good interest was shown.

On motion the Chair appointed the usual committees. This was done by appointing as a Nominating Committee the committee already selected by the delegates for nominating Conference officers: E. E. Gardner, H. Nicola, C. A. Washburn, Wm. Guthrie, J. W. Adams; Committee on Resolutions, Mrs. Flora V. Dorcas, E. G. Olsen, C. T. Adams, Mrs. Florence Percival, A. Helen Wilcox.

The second meeting of the Associa-

tion was called to order June 8, 1900, and opened with song, followed by the reading of minutes of the last meeting. The Committee on Resolutions brought in their report, which was as follows:—

Whereas, The Spirit of God has spoken in regard to the importance of the daily study of the Sabbath-school lesson; therefore,—

1. *We recommend*, That special effort be made by Conference laborers and officers of schools, to encourage such study in each home.

Whereas, The present plan of supplying our schools with the *Sabbath-School Worker* is generally approved; therefore,—

2. *We recommend*, That the plan be continued another year, and that all our schools be encouraged to supply officers and teachers with the same.

Whereas, The helps sent to the superintendents, to increase the interest in teachers' meetings and to encourage a more thorough study of the *Worker*, have been appreciated; therefore,—

3. *We recommend*, That one-tenth of the total contributions of the Sabbath-schools be set aside for the support of the State Association, to be used in purchasing necessary supplies and to pay the traveling expenses of the State officers when traveling in the interest of Sabbath-school work.

Whereas, Sabbath-school conventions have been a means blest of God for the reviving and upbuilding of the Sabbath-schools in our State; therefore,—

4. *We recommend*, That they be continued, and that special care be taken to confine the program to the principles of Sabbath-school work; and that when possible Conference laborers assist in these conventions.

Whereas, A good work has been done in gleanings from the Testimonies, instruction with reference to Sabbath-school work; therefore,—

5. *We recommend*, That our Sabbath-school superintendents supply themselves with the volume entitled "Testimonies on Sabbath-school Work."

These were considered separately, voted upon, and carried. Each recommendation was quite fully discussed, especially the one recommending the using of only one-tenth for the work of the Association. Many of the delegates expressed themselves in favor of the resolution, and the general feeling, as expressed, was that officers of the Association were really Conference workers, and should be paid as such.

The report of the Nominating Committee read as follows: For President, Mrs. Jessie L. Adams; Vice-President, Eld. E. G. Olsen; Secretary, A. Helen Wilcox. These names were considered singly, and the officers elected according to the report.

MRS. JESSIE L. ADAMS, *Pres.*
MRS. FLORA V. DORCAS, *Sec.*

"WE want teachers who can teach, not merely those who can hear recitations; teachers who will consider and study each child individually, not treat him as a part of a bothersome whole."

Love is never lost. If not reciprocated, it will flow back and soften and purify the heart.—*Irving.*
