A New Year's Message From Your Union President

Dear Fellow-workers and believers in West Indies Union:

A New Year has dawned and we are one year nearer to the fulfillment of "The Blessed Hope" of seeing our Saviour appear in Power and Great Glory to take us to the promised mansions in His kingdom.

The year 1960, in spite of all the plans of the enemy to hinder the work of God, was a good year in many respects. While the reports for the last quarter are not in yet, I am sure that they will show that our membership has reached 33,000. The Lord has blessed His people, and there has been good increase in Tithes and Offerings. The colporteurs have sold nearly £50,000 worth of literature and the work of the lay preachers has been blessed with a good harvest of souls. New companies have been raised up and many who sat in darkness one year ago now rejoice in the light of God's truth. As we face the New Year we need a deeper consecration and a more perfect personal experience in the Divine life.

The Secretary's Message

It is a very old tradition to wish each other a Prosperous New Year. To the readers of the "Visitor" I wish to follow this tradition. My desire is to sincerely hope and pray that the words of John, recorded in 3rd John 2 may be your experience. "Beloved I wish above all things that thou may'st prosper and be in health, even as thy soul prospereth."

When we think of over 132 persons who have been injured on our highways here in the Island since December 22, we must thank our Heavenly Father for our preserved lives and continued health.

We have approached a time in man's development when we can see greater strides in intellectual attainment, in scientific discoveries, in educational advancement and supersonic speed. Man has reached his zenith, but not following the Divine Blueprint. He has reached a low ebb. There is no close harmony in man's relationship with his neighbour. He is

Treasurer's Message

Dear Believers in Christ,

I greet you today as your new Union Treasurer with a humble solemn sense of dedication and responsibility in which Sister Boyce, Pamela, Verla, Angela and Trevor join.

For the past six (6) years I have had the privilege of not only working in the Eastern part of the island but witnessing the onward march of the Advent Message throughout Jamaica. I firmly believe that our best days are still ahead for living and giving the Gospel Trumpet a certain sound.

At the recent third (3rd) quadrennial session of the West Indies Union, new plans and resolutions were adopted which will undoubtedly fire each loyal member throughout this territory with the challenge of "plus ultra" for Adventism.

My duty as your treasurer is not only to plan and disperse the funds of this growing field wisely, but to challenge every member to greater faithfulness in Tithing and generosity to a Cause that will soon gloriously triumph. "The experience of Apostolic days will come

Delegates in attendance at the Third Quadrennial Session of the West Indies Union Mission, December 9-13, 1960, Mandeville S.D.A. Temple.

Highlights Of Union Session

The Third Session of West Indies Union convened in the spacious new Mandeville Temple, December 9-13, 1960. Among the 85 delegates were Pastors W. B. Ochs, Vice-President of the General Conference for the North American Division, N. W. Dunn, Associate Secretary of the General Conference and E. E. Cossentine, Educational Secretary of the General Conference. Also attending from the Inter-American Division were Pastors C. O. Franz, Secretary, L. F. Bohner, Treasurer, and Dr. W. Brown, Educational Secretary.

Very inspiring devotional messages were presented daily by these visiting ministers. On Sabbath afternoon, December 10, there was an Ordination Service conducted in the temple when six young men were set apart for the Gospel Ministry. Five of these were from the West Jamaica Conference—W. Kirlew, C. E. Salmon, E. Wright, H. Douce and V. Miller. There was one candidate from the East Jamaica Conference, A. Hunter. Pastor N. W. Dunn preached a very inspiring sermon in which he stressed the importance of ministers representing Jesus Christ, the Chief Shepherd, Pastor C. O. Franz gave the Ordination charge, Pastor M. G. Nembhard, the Ordination prayer.

Pastor H. S. Walters, the president of West Jamaica Conference, welcomed the five candidates from his field into the ranks of ordained gospel ministers of the Seventh-day Adventist church. Pastor E. H. Schneider, the then president of East Jamaica Conference, welcomed the candidate from the East.

Pastor A. C. Stockhausen, president of the West Indies Union, presented each of these candidates with a Certificate of Ordination.

God has marvellously blessed the work in the West Indies Union. The membership at the time of the previous session in 1956 was 26,043, and at the end of the third quarter of 1960, the Union reported a membership of 31,947. During the Quadrennial period there were 11,093 souls baptized; an average of 2,773 each year.

The annual Tithe income has shown an increase of 87% during the last four years. The following should be of great interest to our believers throughout the West Indies Union.

Ingathering: The amount of Ingathering solicited in 1959 shows an increase of 59% over that of four years ago. In 1956 the amount solicited by our believers amounted to £11,265. In 1960 we were happy to report that the amount solicited was £18,376 0 0. God has richly blessed our believers materially.

Tithe: In 1956 our Tithe reported was £75,478 and for three quarters of 1960, £96,928. The objective of our work is the salvation of souls. When we have lost this great objective, our programme becomes boring and without inspiration.

Sabbath School: Our Sabbath School membership in 1956 was 25,219 and up to the close of the third quarter of 1960 we had a membership of 36,486.

Education: We are glad to report that throughout the West Indies Union there is a growing consciousness that we must save our youth by giving them the ad-

vantage of a Christian education. In 1956 there were 30 elementary schools with 31 teachers and an enrollment of 2,434. In 1960 we are happy for the growth as you will see that we are now reporting 39 Elementary schools with 63 teachers and an enrollment of 4,246. The enrollment in secondary schools also shows a remarkable growth. We are pleased to report that the enrollment of West Indies College in the Primary, Secondary and College levels was 332 and in 1960, 578.

In this great movement of ours we are always anticipating changes and so we were not alarmed as the Lord calls men of various talents to serve in His cause. The following individuals were elected to serve as Departmental Secretaries in the West Indies Union:

M.V. Ed. & Pub. Rel.	H. A. Mills
H.M., S.S. & Temp.	E. H. Schneider
Pub. Sec.	B. Hurst
Mins. & Rel. Lib.	M. G. Nembhard

We recognize that there are greater heights to be reached and so we are united in praying that the Lord may truly use us in 1961 in helping those who are still outside the ark of safety to enter before it is forever too late.

—M. G. Nembhard

New Arrivals At West Indies College

They have been long in coming but finally they have arrived and we are happy to have them. West Indies College is happy to have an addition to its family in the person of Dr. and Mrs. Julius Korgan and their four children, Douglas, Dwight, Allan and Heather.

Dr. Korgan takes up duties as Professor of history and social science. He holds a Doctorate from American University, Washington D. C. in modern history; a Master's degree in Biblical Languages, S. D. A. Theological Seminary, a Master's degree in ancient history and classics, Nebraska University; also a B. D. in Old Testament studies from S. D. A. Theological Seminary. Mrs. Korgan holds an M. A. degree from Andrews University.

The Korgans have seen service in the Southern African Division and should be in a position to contribute much to our educational programme at West Indies College.

Union Colporteur Institute

A joint Institute of East and West Jamaica colporteurs convened at the Ken-cot church December 26 to January 1. There were about 130 colporteurs in attendance besides leaders and instructors and co-operation which carried tors. Every meeting was a high-light, and every moment thoroughly enjoyed and abundantly beneficial. Elder W. U. Campbell, speaker at the opening meeting, set the stage for a spirit of friendliness which carried through the entire session. Dr. Haye in his powerful discourse on the nearness of the end brought many amazing bits of world happening to our attention and gave desire and opportunity for deep heart-searching.

The devotional meetings at which Elders Culpepper, Stockhausen, and Walters respectively presented the message were very inspirational, and the

periods of instruction in which Elders Culpepper, Hurst, Grant, Morgan, Brethren Hutchinson, Duncombe, Wallace and Miss Edna Parchment participated were most interesting and enlightening. Elder Culpepper carried by far the largest portion of the instructional programme and rendered valiant service. His presence brought comfort, refreshing, joy and inspiration. In fact, it just would not have been Institute without him. In this brief summary of the most wonderful week of 1960 in the colporteur ranks, we wish here to insert a note of deep appreciation to everyone who contributed, whether in great or small measure to make this Institute the outstanding success that it was, not forgetting Elder Fred White, pastor of the Kencot church and Mr. V. H. Percy the Headmaster of Kingsway High School, who so graciously made the facilities of the church and school available to us.

Friday evening's meeting was very impressive. Preceding the Colporteur Symposium, which was scheduled for that hour, all lights went out except just

Secondary Curriculum Reorganized

A changing community with changing emphases demands re-evaluation and sometimes reorganization of the school curriculum. Changes in a community are reflected not merely in productivity and material life, but also in the thinking and behaviour of its people. The Christian philosophy of education makes the school responsible for the development of the total personality of the child, and admits, on the basis of individual differences, that the mind seeks its nourishment at different levels.

The *Unesco Chronicle*, June 1960 in an article on Secondary Education states, "The awakening of mind and interest and the enrichment of personality will come, in some cases, through a study of humanities, in others through arts and crafts, in still others through technical subjects. These are different foods of culture through which the mind seeks its nourishment." For these reasons the West Indies Union Education department seeks to broaden the curriculum to include new and more varied subjects in the Secondary Schools.

The plan provides for a general Core of 10 subjects during the first three years of secondary schooling and a common Core of 5 basic subjects during the last 2 years. This type of organization provides opportunity for a form of specialization in three 'Streams'—Science, Social Studies, Fine & Practical Arts.

This plan is in keeping with good educational practice. Here is another quotation from *Unesco Chronicle* of June, "...We have to remember that there is a common core of the human personality which needs to be fed on a certain core of basic subjects which have been traditionally cherished. Provision has to be made for them in any properly organized curriculum. Broadly speaking it may be said that in the lower secondary stage, the specialized subjects should be of an exploratory character and occupy a main place in the curriculum. But as the student moves to the higher secondary stage, these subjects will not only become more specialized but will occupy a larger place in the curriculum."

The West Indies Union has adopted the Core and 'Stream' plan below and recommends it to its Secondary schools for study and implementation.

Proposed Core Curriculum — Secondary Schools —

NOTE: This Core establishes a broad base to provide an opportunity for assessing the student's strengths and weaknesses in any given subject, and to help the student to select fields for later concentrated study. The plan provides for a minimum of 28 class periods per week to be conducted in all Secondary Schools, with the understanding that if a school finds it impossible to do so it should present the reasons to its board and have the change sanctioned.

West Jamaica News Notes

The year 1961 started out on the right foot in West Jamaica. On January 2, approximately 300 laymen, most of whom are church leaders, met in a Leaders' Council in the newly constructed Mandeville Seventh-day Adventist Temple.

Indeed it was a soul inspiring experience to see these faithful brethren coming in from every corner of West Jamaica for a wonderful spiritual feast at the beginning of the new year.

Elder H. S. Walters, Conference president, was general chairman of the council and Elder A. C. Stockhausen, re-elected president of the West Indies Union, was the devotional speaker. Indeed the presence of the spirit of the Lord was felt as several of these faithful leaders shared some of their experiences with us. For instance, one brother Mundell, who had been a leader in the Baptist Church in Leicesterfield, Clarendon, for about forty-five years, told us that he had been "serving the Lord under nine commandments for the past forty-five years but now, thank God, I am serving the Lord under the whole ten commandments."

Some of the major objectives for 1961 were discussed and accepted, and as we make every effort to attain these objectives, the work in West Jamaica will make rapid strides ere the close of 1961. The following are some of the goals that were set: Souls 2,500; Ingathering £10,000; Bible Studies 1,000,000; and Branch Sabbath Schools one to each church. Under God we hope to accomplish more than this for 1961 so as to hasten the return of the soon coming King.

Still looking forward, we see in the not-too-distant future two outstanding events, our Union Youth Congress—June 29 to July 2 in Kingston when we hope to have approximately 700 delegates from the Bahamas, Cayman Islands, Turks and Caicos Islands, East and West Jamaica; and Youth Camp in West Jamaica, August 2—9. Let us all continue to pray for the work, not only in West Jamaica, but throughout the world-field and may every consecrated Seventh-day Adventist do his part in preparing himself and others for the "great day of God Almighty."

— H. L. Douce

The antiquated town of Falmouth has taken a new lease on life in a physical as well as a spiritual way. Several improvements that have taken place in this once apparently neglected town, have served to bolster the spirit of its citizens.

Things seem to be really "purring" in Falmouth now and no less so, is this glorious Advent Message, which we believe and share. Pastor W. Kirlaw (who was ordained on December 10) conducted an effort and was happy with the results thereof. On November 6, twenty-precious souls were buried with their Lord in baptism, and this appears to be the straw that is going to break the camels' back because their fairly new church is now bursting at its seams.

Pastor Kirlaw is actively campaigning for a new edifice with the plan of leaving the present building for sole occupation by the thriving Primary school.

Indeed, the sparks of Pentecost are flying all around us. Elder R. Williams of Southern St. Ann and Pastor T. Mc Leary of Southern St. Elizabeth have already gone over their one hundred (100) baptisms for 1960 and there are several Pastors way above the fifty (50) mark. The servant of the Lord tells us that this work will close with no less a demonstration of power than marked its opening. The literal fulfilment of this is being witnessed in West Jamaica. Please continue to pray for the work in this field and let us be faithful in discharging our responsibilities that we may hasten the coming of our Lord.

Traffic Laws Of Health

Your health is your bank balance in the bank of life. Daily wear and tear of living tends to deplete this bank balance. To safeguard it against depletion, make the daily deposits in terms of plenty of regular sleep, rest, fresh air, recreation, meals with wholesome foods, emphasizing external and internal cleanliness, regular fresh fruits, green vegetables, and dairy products. Check up this bank balance with periodic health examinations.

The laws of health demand that you pay as you go. When you speed, you squander. Keep the wear and tear of living within your health budget. Practice rigid health economy.

Youth speeds along the open highway of health, but the adult is driving in a congested traffic of increasing health hazards. Therefore, the traffic laws of health, slow down to moderation in all things, and don't crash the red lights of physical and mental excesses—

one focusing on a picture depicting the Angel of Revelation 18:1 flying over the West Indies Union territory scattering truth-filled literature. Just at that breath-taking moment Elder Hurst rose to his feet. "One evening at dusk," he began, "Robert Louis Stevenson stood as a boy at the window of his home and watched the darkness envelope the city. His nurse called him to come and sit down as he couldn't see anything out there, but young Stevenson insisted, 'I can see something wonderful. There is a man coming up the street, making holes in the darkness'. It was the lamplighter. In the truest sense, Jesus Christ is the Divine Lamplighter. He came into the world to make holes in the darkness of sin, ignorance and despair. 'I am the light of the world' He said. 'He that followeth Me shall not walk in darkness, but shall have the light of life.'"

The Divine service at Kencot on Sabbath December 31, at which Elder Culpepper was the speaker, and the solemn celebration of the Lord's Supper at four o'clock Sunday morning, January 1, at which time Elder Schneider presented the message, climaxed the session and left in a divinely peaceful and spiritual atmosphere a group of literature evangelists filled with wonder at the glory and love of God and determined to keep alive the inward urge to turn on the light, as it were, so that others may not walk in darkness but may "have the light of life."
