† Mission fields supported by the Foreign Mission Board, the Mission Board receiving all their tithe.  
 ‡ This amount would be considerably increased, had full reports been received from the mission fields.  
 \*\* These are laborers not enumerated in Conferences and missions named above, but are granted credentials by the General Conference, and hold membership in the various Conferences, most of them paying their tithe where they hold membership.  
 †† Tithe received by the General Conference from individuals, and not accounted for elsewhere.  
 ‡‡ This is three fourths the entire amount paid by Battle Creek church, the remaining one fourth being included in amount reported Michigan Conference.  
 §§ Total laborers on Conference pay-roll, including the three classes here designated, and any others in the employ of the Conference.  
 ¶¶ Previous reports have not given separate statistics unorganized companies and isolated Sabbath-keepers. Some Conferences in former years have included these in their church membership; hence the actual gain in the number of Sabbath-keepers is not so large as the apparent gain, which is 11,764 for the past year. Several Conferences have recently revised their records, and in some instances the membership for the fourth quarter has been reported as considerably less than previous quarters. In these cases an average of the four quarters has been given.
