# The Statistical Report for 1920

## A REPORT SHOWING FIFTY-EIGHT YEARS OF PROGRESS

The following pages present the fifty-eighth annual report of the Seventh-day Adventist denomination, covering the year 1920. Complete returns were received from all the fields with the exception of the African and Southern Asia Divisions, for which estimates have been made, based on returns for the former year. The reader will observe that the returns from Europe are more complete than they have been for a number of years. These returns include figures for Russia, being the first reports received directly from that field since the outbreak of the war.

### Churches and Members

The number of organized churches now stand at 4,541, a gain of 285 during the year. The membership of churches at the close of 1919 was 178,239, and at the end of 1920, 185,450, a gain of 7,211. The number baptized during the year was 19,683, an increase of 2,921 over the number of persons baptized during the preceding year.

### Laborers

At the close of 1920, the total laborers connected with the denominational work stood as follows:—

Column 2, 1906-10 includes Treatment Rooms

For a number of years the figures in Summary 8 have included information regarding certain sanitariums and treatment rooms, and of those connected therewith, which were listed in Table 2 as being under private management, but are now omitted from this report. This omission will account for the apparent decrease in the above figures.
