J A P A N:

The session was devoted to the hearing of a report from I H Evans concerning his visits and observations in Japan. He reported that the native Japanese sanitarium, established by our Japanese believers under Dr Noma, in Kobe, had been successfully operating, and was bringing good results in the way of converts to the truth.

With this sanitarium in Kobe, it was felt that our sanitarium work under Dr Dunscombe should be established in some other city, and inasmuch as the workers desired to have time for language study before taking up their duties, the Japanese council decided to close the foreign sanitarium, and in the meantime a location was being sought near Tokyo, where school, sanitarium, and printing office might be established.

A cable message had just been received from Japan, advising the purchase of a five acre plot in the suburbs of Tokyo, at a price of about \$2000 an acre.

Dinner hour arriving, the Committee took a recess.

On reassembling, prayer was offered by A G Daniells.

After further discussing the land question, the question of the attitude of the government toward our work in Japan was considered.

The authorities raise question as to allowing us to secure title to property, owing to the fact that they had found some of our young men refusing to do ordinary work on the Sabbath while in military service. The government had, in fact, considered whether they should allow us to work in Japan. This being the situation, it was--

VOTED, That I H Evans be instructed to send a cable to Japan, to learn if they have assurance that our denomination would be given a title to hold property, in order that this question may be settled before authorizing the purchase of land.

VOTED, That if suitable arrangements can be made for holding property in Japan by denominational organization, we authorize the purchase of from three to five acres.

K O R E A:

Further time was devoted to a report from I H Evans as to the Korean work. He reported their call for further helpers, which will come before the General Conference; and also the need of houses for our workers in places where suitable homes for foreigners can be found. A place had been found in Seoul, the capital, which the brethren felt would make a good headquarters. It was agreed that these calls would wait until the General Conference.

C H I N A:

Similar report was given by I H Evans as to his visit in China, and the meetings and councils held in various parts of the field. It was--

VOTED, That we approve of the action of the China Mission Committee in their purchase of a site for the publishing house and mission headquarters, consisting of five acres in northeastern Shanghai, at a price of about \$6,800.

VOTED, That we approve of the redistricting of China into ten divisions; and that we concur also in the request of the China Mission Committee that the island of Formosa, belonging politically to Japan, should be made a part of the Chinese territory, to which proposition the Japan Mission Committee has already agreed.

Many calls for further help in China to man these different divisions, and carry forward the work, were discussed, but it was agreed that all further calls for help should await the decision of the coming General Conference.

CENTRAL AMERICA:

Letters were received from A L Philbrick and Miss Ida Shirley, of the Guatemala school, requesting that they be allowed to return to this country after the help arrives to release them from the Guatemala school. It was--

VOTED, That A L Philbrick and wife, and Miss Ida Shirley be recommended to return to America when they can be released.

Recess was taken for the dinner hour.

P R E S E N T:

A G Daniels, G A Irwin, I H Evans, G B Thompson, W A Spicer
Also D W Reavis.

Prayer by D W Reavis.

MISSIONARY DEPARTMENT:

The attention of the Committee was called to the fact that in the Year Book the Home Missionary Department was listed as a General Conference Department independent of the Publishing Department, by authority of an action taken by the General Conference Committee in its meeting January 3; whereas, in the spring council of the General Conference Committee, the recommendations calling for the organization of the Home Missionary Department provided that this new department should be a subdivision of the Publishing Department. It was, therefore--

VOTED, That the action of the Committee on January 3 be rescinded, so far as relates to the creation of a new department, and that the members then listed as members of the Home Missionary Department be appointed members of the General Conference Publishing Department; and that the general question of the relation of the Home Missionary work to the Publishing Work be referred for decision to the coming General Conference.

A G DANIELLS, Chairman.
W A SPICER, Secretary.

THREE HUNDRED AND FORTY-NINTH MEETING

GENERAL CONFERENCE COMMITTEE

March 19, 1909

P R E S E N T:

A G Daniells, G A Irwin, I H Evans, W A Spicer, G B Thompson, H R Salisbury. Also E R Falmer, D W Reavis, and T E Bowen.

Prayer by A G Daniells.

ORPHANAGE COLLECTION:

The chairman presented a letter from W C White, written in February, concerning a proposition which had originated on the Pacific Coast, in behalf of an orphanage for colored people, which Sister White had been shown should be established at Huntsville. Testimonies from Sister White in the matter were enclosed in the communications.

Those associated with Sister White had made the suggestion that a special effort be put forth in behalf of the April collection this year, so that conferences and unions might be enabled to appropriate one-fourth of the offering to this orphanage for the colored people. Sister White's helpers had felt that this would be the simplest way to meet this call which the spirit of prophecy has made, and that this item could better be attended to before the General Conference, inasmuch as from that meeting on the urgent calls for foreign mission advancement were sure to come in.

This communication had been overlooked owing to the chairman's absence from Washington just after it had been received, and he had only just discovered it. Further word now came that Northern California had adopted the plan suggested, and it was felt by the Committee that our conferences generally would heartily approve of the suggestion. It was, therefore--

Resolved, That we recommend to the union and local conferences that they make special effort on behalf of the offering for orphans and dependent aged the first Sabbath in April, with the view, if the committees can see their way clear to do so, of appropriating one fourth of the amount received to the building of a home for colored orphans, which the Testimonies have said should be established at Huntsville, Ala., in connection with the school and sanitarium for the colored; and we recommend that in public announcements our people be urged to give liberally with a view of enabling the conference committees to make this appropriation.

GERTRUDE DUNSCOMBE:

A request which had come to the treasurer from Dr Dunscombe, of Japan, was presented. He urged that his sister be invited to attend the Foreign Mission Seminary for special work, and that the bill be sent to him. It was—

VOTED, That we invite Sister Gertrude Dunscombe to attend the Foreign Mission Seminary and the coming General Conference, her brother, Dr Dunscombe, to pay the expenses, this action being taken with the understanding that her future appointment to Japan or other fields is dependent on the future decision of the Committee.

ETTA CORNISH, JAPAN:

A letter was read from Brother Walter Foster, stating that if the Mission Board would send his wife's sister, Miss Etta Cornish, a nurse and a Bible and paper worker, to Japan, he and his wife would support her in their home until she was able to learn the language, or her services were needed in the field.

Inasmuch as this offer meant the saving of a possible expense of some hundreds of dollars to the Mission Board, and inasmuch as Miss Cornish was recommended as medically fit and well equipped for work in any foreign field, it was—

VOTED, That we agree to the proposition made by Brother Foster, and invite Sister Etta Cornish, of Minnesota, to go to Japan.

Adjourned.

A G DANIELLS, Chairman.
W A STICER, Secretary.

E C AcMOODY:

The treasurer stated that Brother AcMoody was prepared to attend to the transportation of passengers and baggage during the General Conference, but that in addition to his present equipment he would need another team. He asked the General Conference to advance the price of the team and outfit, agreeing to refund the money at the close of the General Conference.

VOTED, That we employ E C AcMoody to transport passengers and baggage during the coming General Conference, and that the treasurer be authorized to loan him an amount not exceeding \$500 for the purchase of extra equipment, he to give ample security satisfactory to the treasurer.

OTTO MADSEN:

Letters were read from L R Conardi, saying that Germany could not see its way clear to bear any portion of the transportation of Elder Madsen to America; and from L H Christian, saying that Iowa, to which field Elder Madsen was recommended, did not wish to pay anything on the transportation.

Inasmuch as the transportation bill for Elder Madsen and family would be between \$300 and \$400, it was felt by the Committee that no action should be taken at present.

MERTIE WHEELER:

It was understood that Miss Mertie Wheeler, competent stenographer and reporter, of College View, desires work during the General Conference.

The General Conference was asked if it could not make further remittances up to this amount on the \$1400 remaining out of the \$2000 voted as appropriations a year ago.

Inasmuch as the institutional appropriations then voted were specifically understood to be available only in case funds were available with which to meet them, it was--

VOTED, That the treasurer be instructed to write E E Gardner that, with the mission treasury practically empty, and heavy calls coming in for expenditures in the regular field work, the Maritime brethren must plan to finance the academy themselves for the present.

VOTED, That we cable Germany, authorizing them to send Elder Madsen and family to America, to engage in the Scandinavian work in the West; and that the question of his transportation from New York to the West be taken up in conversation with representatives of the fields where he will engage in the work.

EXPENSE OF MEDICAL WORKERS QUALIFYING:

The chairman presented a report from the committee appointed to make suggestions regarding the advancing of funds to physicians qualifying for practice in foreign countries. The recommendations were adopted as follows:--

Whereas, In our endeavors to answer the calls from different parts of the world for medical workers, it is necessary for some of our physicians to incur extra expense to secure legal recognition in the countries to which they are sent; therefore,--

We recommend, That funds be loaned by the General Conference to those physicians on the following conditions:--

1. That those to whom loans are made give notes for the amount they receive, with interest at the rate of 5% per annum.
2. That the amount loaned be credited on their notes at the rate of \$250 a year during the time the physicians labor in the employ of conferences, missions, or conference institutions.

3. That the sums thus credited be returned to the General Conference by the conference or institution with which the physician may be connected.

----- NINETEENTH MEETING

GENERAL CONFERENCE COMMITTEE

June 13, 1909, 8 A.M.

Prayer by F.W.Spies and J.M.Fulton.

U. Bender was given some time to make a statement concerning West Indian Union affairs, no action being taken.

J A V A, J.W.HOFSTRA:

On request of J.M.Fulton, it was--

VOTED, That J.W.Hofstra, of West Michigan, be invited to make Java his field of labor.

• F I N A N C E S:

I.H.Evans made a statement of the financial situation. He said that the receipts on the ten-cent-a-week plan fell short of ten cents per week by about \$108,000. He believed that if all would rally to get the ten-cent-a-week plan into actual operation, the amount thus received with the tithes turned over would carry out the proposed plans of enlargement, and even more. Ten cents per week from the Sabbath-keepers in this country would make \$338,000.

He believed that a competent person should be associated with the treasurer, to give attention to the ten-cent-a-week plan, keeping it before the union and state conference officers, and before our people in the Revlon.

As to the \$300,000 fund, he believed it should be launched this summer, and that the apportionate plan should be adopted, apportioning equitable proportions of the fund to each conference and union, thus locating responsibility. Other brethren discussed this plan.

CAMP-MEETING APPEALS:

It was decided by common consent that--

1. Those laboring in camp-meetings should advise that camp-meeting offerings for missions, unless specifically made for institutional purposes named in the \$300,000 fund, should go to the general evangelistic work and be counted as a part of the ten-cent-a-week fund for general missionary work.

2. That endeavor should be made to get conferences to vote one third of the tithe to the General Conference for mission work.

3. That the \$300,000 fund, to be raised within three years, be listed from June 30 to June 30, and that efforts be made to raise \$100,000 in the first year; and that in the raising of the amount the sum total be apportioned on the per capita basis among the different union conferences.

VOTED, That the chairman, treasurer, and secretary be a committee to write up a statement of the \$300,000 fund, and also to write to the union and local conference presidents.

VOTED, That the same committee be authorized to arrange the terms of the first call, deciding as to whether the amount called for the first year shall be distributed among all the fields, or whether certain interests should be listed first in the call.

SOUTH AFRICA:

Brothron H.J.Edmed and J.V.Willson were present, and on their representation the following actions were taken:--

VOTED, That we ask the General Conference Corporation to loan \$1000 to the South African Union Conference, for the establishment of the brush-making industry in the union conference, the loan to be placed at 5% for two years.

That the request from South Africa for the services of E.R. Palmer be granted, and that his time be extended to six months, if necessary, in order that he may spend some time in England also; and that he arrange to go at such time as his work will best admit.

That we request the Publishing Department to submit a name for general canvassing agent for South Africa.

That we invite Professor R.I. Ryan and wife to respond to the call from South Africa for another teacher.

H.J. Edmed stated that a certain person had privately promised money for a tent for Natal. The money is to be available in six months. He desires, however, to get the tent while he is here, so that he may open up tent meetings on his return to Natal.

It was the counsel of the Committee that the amount of the tent should be advanced to Elder Edmed, being charged to the South African Union, with the understanding that Elder Edmed will reimburse the union before December 31.

VOTED, That the treasurer be authorized to advance to Elder Edmed money for a tent, charging the amount to the South African appropriation, Elder Edmed to reimburse the union treasury by December 31.

The committee on the Boulder-Colorado Sanitarium presented a report, which was adopted as follows:--

Your committee on the Boulder-Colorado Sanitarium would respectfully submit the following:--

The Boulder-Colorado Sanitarium is an important institution, having a splendid location, and is capable of doing a great amount of good in the development of workers. It should be not only a sanitarium of the first class, but a training center for young people who can enter service for foreign fields. Its work should be strengthened, and strong teachers capable of training young people for workers should be giving their best efforts on behalf of the institution along spiritual and educational lines.

While the General Conference is in no financial condition to render direct financial aid to the Boulder Sanitarium, it is still in fullest sympathy with the principles for which it stands and the work which we believe it is appointed to accomplish. Therefore,--

We recommend, That the Central Union Conference take a great burden in assisting the trustees of the Boulder Sanitarium to accomplish the work which God has designed the institution should accomplish,--

(1). By helping along such financial lines as is thought advisable by the trustees of said institution and the Central Union Conference Committee.

2. By supplying the institution with the best possible help in the way of teachers; and aiding in the payment of their salaries.

3. By encouraging the young people in the union conference to take training at this institution.

4. By encouraging our people everywhere in their territory to assist in advertising the institution by sending to the institution patients needing treatment.

N.Z.TOWN'S RATE:

VOTED, That N.Z.Town, assistant secretary of the Publishing Department, be allowed to draw at the rate of \$18 per week.

W.W.PRESCOTT'S WORK:

Professor Prescott asked permission to introduce the question of his future work, as he felt anxious to get the plans under way.

He stated that careful reading of the instruction given by Sister White revealed the fact that while the cities of the East and South were specially mentioned, mention was also made of city work in the West and the North. In his own mind it had seemed to him that the instruction meant not so much that he should settle down in one town, as that he should conduct campaigns in many places.

As he had studied the matter, it had seemed to him that a tent might be provided for meetings, with perhaps a stereopticon outfit such as the General Conference had, and that two or three week campaigns might be conducted in various cities, the local conferences to cooperate both in preparing the way for such special effort and in following it up. Before such a campaign was opened the matter should be advertised, and reading matter should be distributed. Possibly a special effort with workers might be made through the city just preceding the opening of the campaign and during the service. Newspapers should be used in advertising the effort.

He suggested that his mind was rather led toward the South for the beginning of the effort, and inasmuch as Elder Washburn had been conducting quite a stirring campaign in Memphis, it seemed to him that Memphis might be a good place to begin; then pass on to other southern cities. It was--

VOTED, That the chair appoint a committee to report upon this plan in further detail. The chair named W.W.Prescott, I.H.Evans, W.A.Spicer; and it was agreed that Elder Daniells should be chairman of the committee.

The General Conference Committee,
Washington, D.C.

Dear Brethren:--

Following a consideration of the financial condition of the Pennsylvania Sanitarium by a council assembled June 16, 1909, in Philadelphia, at which were present members of the Board of Trustees and representatives of the General Conference, We the undersigned, members of the Sanitarium Board of Trustees, resolved to respectfully submit to the General Conference Committee the following plan for relieving the indebtedness of the Pennsylvania Sanitarium:--

Whereas, An examination of the institution's indebtedness reveals a total obligation of \$76,720 entered upon the books as follows: (1) Mortgage \$21,000, (2) Bonds \$24,300, (3) Bills Payable \$26,720, and Miscellaneous obligations \$4000; and,--

Whereas, The present critical condition of its finances would be relieved by securing the sum of \$30,000, and the institution placed in a position to fulfil its mission; therefore,--

We earnestly recommend, That that the \$30,000 be secured as follows:--

1. That Elders W.H.Heckman and B.F.Kneeland and Dr. W.H.Smith raise \$5000 in the Eastern Pennsylvania and New Jersey Conferences.
2. That Dr. W.A.Ruble through the instrumentality of the Medical Department of the General Conference raise \$10,000.
3. That the General Conference Committee secure opportunities for B.G.Wilkinson and others associated with him as representing the Columbia Union Conference to raise \$15,000 by presenting the needs of the Pennsylvania Sanitarium in other conferences.
4. That this money as fast as it is raised be deposited with the General Conference until the moment of safe and effective disbursement.
5. That none of this money shall be expended to meet any deficit in running expenses.

(Signed) W.H.Heckman
W.H.Smith
O.O.Bernstein
B.F. Kneeland
B.G.Wilkinson.

After thorough discussion, the following action was taken.

VOTED, That we urge the Columbia Union Conference to make provision for the immediate crisis in the affairs of the Philadelphia Sanitarium, to tide the institution over; and, further,--

That the question of the permanent relief of this institution and others similarly situated be referred to the next council of the General Conference Committee, to be held early the coming fall.

A request from the secretary of the Philadelphia Sanitarium Corporation that the General Conference Corporation loan the institution \$2500 at once, was considered, and the following action taken:--

VOTED, That we reply to the Philadelphia Sanitarium Board, stating our actual situation and actual inability to send them the loan called for, but that we will make an earnest effort to raise \$1000 as soon as possible to loan them, with the understanding that this loan is a part of the relief plan being inaugurated, and is to be advanced with the expectation that it will come back from the relief funds raised.

VOTED, That the treasurer be authorized to arrange with the sanitarium manager to handle for us the business of disposing of the lumber purchased for use during the General Conference.

A.G.DANIELLS, Chairman.

BLACK HILLS TERRITORY:

The report of the Committee on Reference concerning the location of the Black Hills territory, whether in the Wyoming Conference or the South Dakota Conference, was considered, and adopted as follows:--

Whereas, The South Dakota Conference is not in actual need of the income derived from the Black Hills District; and,--

Whereas, The Wyoming Conference appears to be in great need of the resources it not receives from the Black Hills District, and could not continue as a self-supporting conference without these; therefore,--

Resolved, That it is the sense of the Committee on Reference that the territory in the State of South Dakota which now forms a part of the Wyoming Conference should remain a part of that conference until the tithe paid by the churches in the State of Wyoming and in the Nebraska portion, equals the tithe of the Wyoming Conference for 1908, and that then the territory in South Dakota be transferred to the South Dakota Conference.

We further recommend, That from now on the Wyoming Conference direct their missionary endeavors to the raising up of churches in the State of Wyoming; so that the transfer of the South Dakota territory can be made as soon as possible.

Recess was taken to 1:30 P.M.

Resuming work, the treasurer stated that the local postmaster refused longer at his own risk to set out the Saturday mail, so that it can be secured Sunday morning.

VOTED, That we request the Washington post office department to authorize the postmaster at Takoma Park to place our Saturday's mail in a box, secured by a padlock, outside the post office, so that we can get it Sunday morning, the General Conference assuming all risk.

THIRTIETH MEETING

GENERAL CONFERENCE COMMITTEE

July 2, 1909

P R E S E N T:

A.G.Daniells, I.H.Evans, F.Griggs, M.E.Kern, E.R.Palmer, K.C.Russell, W.A.Spicer. Also T.E.Bowen and N.Z.Town.

Prayer by N.Z.Town.

H.H.VOTAW:

A letter from H.H.Votaw asked whether the Board would consent to his returning to Burma by way of the Pacific, mentioning the fact that his wife's people were paying her fare.

It was informally agreed that the Board would not object to his returning by way of the Pacific if the expense were not very materially greater, inasmuch as it would afford him opportunity to see something of the Chinese field, with which Burma is somewhat related.

R.B.THURBER, BURMA:

A letter from R.B.Thurber was received, expressing himself favorably toward the invitation to Burma. It was--

VOTED, That we assure Brother Thurber that we will send him forward by the first of October, so that he may feel safe in disconnecting from the East Michigan school.

VOTED, That we request the East Michigan Conference, if they feel free to do so, to ordain Brother Thurber at the coming Michigan meeting.

C.T.EVERSON'S WORK:

VOTED, That we recommend to the Lake Union and the Northern Illinois Conference the proposition that Elder C.T. Everson, formerly of Rome, labor for a time in behalf of the Italians of Chicago.

DR. INGERSOLL:

An account was submitted by Dr. Ingersoll, reporting his expenses in passing examinations in London, and his transportation to America.

Inasmuch as he was on furlough on the wage of the General Conference, it was felt that in auditing this account for the British school work, it would scarcely be fair to award him a wage that would bring him through such special advantages with a credit due him. It was, therefore--

VOTED, That the account of Dr. Ingersoll be audited on such a basis that the account is squared, the award on salary to meet merely the receipts, which represent his living expenses and school fees.

K O R E A:

VOTED, To invite R.C.Wangerin and wife, of Wisconsin, to make Korea their field of labor.

M. LESLIE RICE:

A letter was read from Professor Lucas, of San Fernando, and from M.Leslie Rice, of that school, in which the latter volunteers for Japan. Inasmuch as China is the field calling especially for solid student help, it was--

VOTED, That M. Leslie Rice's case be referred to W.A. Spicer and J.N.Anderson, in case they are able to meet him at the Southern California campmeeting, and that if conditions seem favorable, the decision be made by them as to his appointment for China.

WEEK OF PRAYER:

VOTED, That A.G. Daniells, W.A. Spicer, and I.H. Evans be a committee to report on the Week of Prayer Readings.

SOUTH AFRICA, G.H. CLARK:

On request for counsel from the Publishing Department, it was agreed that it would be a profitable thing if Brother G.H. Clark, under appointment for South Africa, could go forward at once to England, and spend a very brief time there getting acquainted with their field by actual canvassing, before going on to South Africa; E.R. Palmer feeling also that his work in England would be a help to the canvassing work in that field.

TYPEWRITER, ASIATIC DIVISION:

VOTED, That a typewriter be secured for use of the Asiatic Division of the General Conference; and further, that we grant to this Division the photographic apparatus belonging to the Mission Board.

A.G. DANIELLS, Chairman.
W.A. SPICER, Secretary.

THIRTY-FIRST MEETING

GENERAL CONFERENCE COMMITTEE

July 4, 1909

P R E S E N T:

A.G. Daniells, I.H. Evans, W.W. Prescott, K.C. Russell, E.R. Palmer, F. Griggs, B.G. Wilkinson, M.E. Kern, W.A. Spicer; also C.M. Snow, D.W. Reavis, W.A. Colcord, A.J.S. Bourdeau, F.M. Wilcox

Prayer by C.M. Snow and A.G. Daniells.

CHRISTIAN ENDEAVOR CONVENTION:

Brothren connected with the Religious Liberty Department were present to ask counsel regarding a campaign during the Christian Endeavor Convention in St. Paul, a telegram having been received from Minnesota, asking what the plans were.

It was the opinion of the Committee that the effect of giving out literature that would be counted opposition literature at these general gatherings would be productive of more harm than good, and it was felt that in such cases the better course would be to sell "Liberty" and our regular literature through Minneapolis and St. Paul immediately following such a great convention. In this way the reading matter would be more likely to be read than when distributed in bulk in the rush of a large convention, and delegates present would not go back to their homes feeling that the Seventh-day Adventists had aimed an attack upon them in their national convention.

VOTED, That M.E.Kern be encouraged to attend the Christian Endeavor Convention, in order to study its plans and work, with a view to getting suggestions for our own young people's work, it being understood that he could hold some meetings to good advantage at different points during the visit.

SYRACUSE CHURCH:

A statement was presented from the treasurer, showing that altogether the General Conference has invested in the Syracuse church \$2005, the same representing the amounts borrowed by that church from parties who left their estates by legacy to the General Conference, including also a large amount of interest.

The New York Conference appealed to the General Conference to release this obligation, inasmuch as the church could not pay it. However, as it was understood that the church property itself was well located in Syracuse, and that the land itself was a valuable piece of property, it was --

VOTED, That the treasurer be authorized to propose to the New York Conference that the General Conference would release its claims to the property on receipt of \$500, thus reducing the gift to the church to \$1500.

I.H.EVANS' PROPERTY:

The Chairman stated that I.H.Evans, under appointment to the Asiatic Division, was in perplexity as to what to do with his house, as it was essential to him to dispose of it in some way, in order to get his affairs settled up. It was impossible for him to go with the house merely rented to those who would not be responsible for it. Suggestion had been made that it be secured for a home for medical students attending the George Washington University.

VOTED, That the chair appoint a committee of two to act with himself in giving consideration to the matter, and report to the Committee.

CEMETERY:

The Chairman stated that Mayor Platt had just called him out to speak of the plan under way by certain real estate brokers to establish a cemetery in Takoma Park, and it was requested that our people, in view of their property interests here, unite in protesting to the town council against such a franchise.

VOTED, That I.H.Evans and A.G.Daniells be a committee to draft such a protest to present to the town council.

Adjourned.

A.G.DANIELLS, Chairman.
W.A.P ICER, Secretary.

THIRTY-SECOND MEETING

July 6, 1909

P R E S E N T:

B.G.Wilkinson, W.A.Spicer. Also W.Z.Town.

Prayer by W.Z.Town.

F.O.RAYMOND, INDIA:

VOTED, That missionary license be granted to F.O.Raymond.

Question being raised as to whether F.O.Raymond understood that it was the mind of the Committee that he go as a self-supporting worker after reaching the field, it was--

VOTED, That Brethren Daniells, Evans, Spicer, and Thompson talk with him. (Later in talking with these brethren, F.O.Raymond fully accepted the proposition to go at his own risk, absolving the Board from future responsibility, he himself taking the responsibility both as to going and as to his support.)

EDUCATIONAL MAGAZINE:

VOTED, That in view of the decision to issue an educational magazine, we discontinue the eight-page supplement in the Review, and notify the publishers to this effect.

CORRESPONDENCE SCHOOL:

The committee on the correspondence school work reported, their report being adopted as follows:--

Location: Washington, D.C.

Management: Department of Education. Board of Directors: M.E.Kern, F.Griggs, W.E.Howell, Mrs. F.O.Chase, Matilda Erickson.

Principal: W.E.Howell.

Support: Tuitions. The average price of each lesson should be about 25 cents. It is estimated that 150 lessons a week may be reasonably expected. One person should be able to examine and correct this number of lessons each week after the lessons are prepared. The preparation of the lessons should be attended to before regular correspondence work is undertaken. 150 lessons per week at 25 cents per lesson should yield an income of \$37.50 per week. Additional help to be paid by the lesson as needed.

VOTED, That A.G.Daniells and I.H.Evans be a committee to talk with W.E.Howell regarding the financial part of the correspondence school work and his own salary, it being understood that he will work at the salary of assistant secretaries.

BERTHA J. KING:

A letter was read from Bertha J. King, stating that after two rounds with the Burma fever, the difficulty staying by her for nearly a year, she felt that she ought to return, and proposed to come home third class.

VOTED, That we authorize Bertha J. King to return, and if it seems wise, the secretary cable India so that she may assist Sister Shaw in returning with her little ones, thus securing servants' rates on the ship.

A.G.DANIELLS, Chairman.
W.A.SPICER, Secretary.

THIRTY-THIRD MEETING

MRS. SUFFICOOL:

VOTED, That in view of the advanced age of Sister Sufficool, of Wisconsin, Bible worker, recommended to the Southeastern Union, the climate in the South, and the fact that no provision is made for her transportation, we advise that the recommendation of the Committee formerly made be not carried out.

DR. INGERSOLL:

A letter was received from Dr. Ingersoll, accepting the decision of the Committee that he would be paid for his time in England only sufficient to bring him out even, with no surplus. But he reported that at the General Conference he made a pledge for missions on the strength of what was coming to him at the former rating, and this left him unable to pay the pledge at present.

VOTED, That we credit Dr. Ingersoll on his account with the amount of the pledge, fifty dollars.

ELIZABETH McHUGH:

VOTED, That the treasurer be authorized to settle with Miss McHugh, Southern Bible worker, at the rate of \$7 per week.

A. G. HOLMES' SALARY:

On request of the Southeastern Union as to what salary allowance would be made A. G. Holmes and wife, of Wisconsin, now in the Southeastern Union, it was--

VOTED, That we authorize the Southeastern Union to add \$11 per week to their appropriation on account of the salary of A. G. Holmes and wife.

HURLOW. I N D I A:

A letter was read from W. J. Fitzgerald, stating that Brother Hurlow was just finishing his nurses' course in Watford, and ready to go on to India, according to the understanding when Miss Boardman, his fiancée, was appointed to that field a year or two ago.

VOTED, That we recommend to the British Union that if it can be arranged, Brother Hurlow spend a year at the Watford school, under appointment to India one year from this time.

G.F. WATSON, SOUTH DAKOTA:

VOTED, That we recommend G. Watson, of Colorado, to the Northern Union for the South Dakota presidency.

After the recess L.M. Bowen, and Drs. Kress, Ingersoll, and Sisco met with the Committee.

SWEDISH DEPARTMENT:

A letter was received from S. Mortenson, of the Swedish Department, saying that he was sometimes called, as at present, to go to a place away from home to spend six months or a year in the work. He is to do this in Brooklyn. He asked whether his wife should go with him, she being able to engage in the work and render good service in singing and playing.

VOTED, That we authorize Elder S. Mortenson to have his wife associate with him in his work where he is to spend six months or more in one place, the General Conference to pay her transportation.

NEGRO DEPARTMENT:

VOTED, That we amend the provision of members of the Negro Department by adding a second representative in addition to the presidents of the union conferences having missions, this additional representative being understood to be the man in charge of the mission work.

SANITARIUM FINANCES:

The Chairman presented the financial standing of a number of sanitariums in various parts, carrying so heavy an indebtedness that according to all prospects, they are unable to work their way out without special relief.

He presented the recommendation of the Columbia Union Conference in a recent meeting in Ohio, at which it was proposed to develop special means for aiding the Philadelphia Sanitarium.

The Committee felt decidedly that it would be easier for them to go in for general relief of institutions than to take one institution, like the Philadelphia Sanitarium, as the object.

The Columbia Union committee proposed that \$200,000 be added to the \$300,000 fund, the additional to be for institutional relief in this country.

On this basis the Committee felt that they could raise the money about as easily as the \$300,000 alone.

The question of the relief of institutions demanding help was considered, and it was--

VOTED, That we recommend the calling of a council of the General Conference Committee, the conference presidents, and such heads of institutions as it may be practical to call together, to meet at College View, Nebr., following the International Publishing Association meeting, to consider the launching of the \$300,000 fund, and the advisability of providing a fund to help needy institutions in this country.

LOMA LINDA:

The question of the scope of the Loma Linda College work in the training of medical missionary evangelists was considered, and it was--

VOTED, That the chair appoint a committee of four, to act with himself, to bring in a recommendation regarding the same. The chair appointed W.F. Prescott, W.C. White, W.A. Ruble, and W.A. Spicer.

S.A. NAGEL, CHINA:

VOTED, That we counsel S.A. Nagel to go on to China in the autumn, allowing his wife to follow some months later, if it seems clear to him to make that arrangement.

DR. W.C. FATTBERT:

VOTED, That the General Conference pay the transportation of Dr. W.C. Fattbert to Loma Linda, provided he finds it possible to make arrangements to take six months' work there, and the Mexico committee concur in this recommendation.

A.G. DANIELLS, Chairman.
W.A. SPICER, Secretary.

I.H.EVANS' HOUSE:

The committee on I.H.Evans to China reported as follows:--

The sub-committee appointed to consider the matter of I.H.Evans' house reported that no feasible plan could be worked out to make use of the property as a home for medical students. If Brother Evans were given time, he would dispose of the house without consideration. But pressing the sale now, in order to respond to the call of the General Conference, was likely to result in the loss of a thousand dollars, which he felt he was not in a position to sustain, having lost by coming to Washington. He had stated to the nominating committee at the General Conference that he could not allow his name to go before the Conference for the Asiatic Division unless consideration were given to the financial loss in closing out his affairs just now. The sub-committee advised that in the interests of the important work waiting in the East, involving in any delay much more than the loss named, that the General Conference share half the loss on the hurried sale of I.H.Evans' house, up to \$500.

VOTED, That the report of the sub-committee be adopted.

NEW JERSEY APPROPRIATION:

VOTED, That we appropriate to the New Jersey Conference for its foreign work in its great cities, one half the income from the coming Harvest Ingathering campaign in that conference..

LOMA LINDA:

The committee on the Loma Linda Sanitarium presented the following report, which was adopted:--

The Loma Linda Sanitarium is an important institution, having a splendid location, and is capable of doing a great amount of good in the development of workers. It should be not only a sanitarium of the first class, but a training center for young people who can enter service for foreign fields.

While the General Conference is not in a financial condition to render financial aid to the Loma Linda Sanitarium (beyond the salary of a Bible teacher), it is still in fullest sympathy with the principles for which it stands and the work which we believe it is appointed to accomplish; therefore,--

We recommend. That the Pacific Union Conference co-operate with the trustees of the Loma Linda Sanitarium in carrying forward the work which the institution should accomplish,--

1. By helping along such financial lines as it mutually agreed upon by the trustees of said institution and the Pacific Union Conference Committee.
2. By aiding the institution to secure the best possible help in the way of teachers; and aiding in the payment of their salaries.
3. By encouraging our young people to take training at this institution.

We further submit the following resolution:--

Resolved. That we recognize the Loma Linda College of Evangelists as a special training school for medical missionary workers for the world-wide field, and encourage it to maintain and strengthen its efforts to provide a course of study for the training of workers combining the qualifications of the highly trained nurse with those of the practical evangelist; and further, that before giving counsel as to the suggested plan of adding to their faculty and equipment so as to give one or two years' medical study that would be accepted by a recognized medical college as part of a regular medical course, we request definite information concerning the changes involved in adapting their courses of study to this purpose, the requirements of such colleges as would affiliate on this basis, and as to what such a plan would involve financially.

A.G.DANIELLS, Chairman.
W.A.SPICER, Secretary.

THIRTY-SEVENTH MEETING

GENERAL CONFERENCE COMMITTEE

July 27, 1909

P R E S E N T:

VOTED, That the General Conference assume Brother J.L. Shaw's account at the sanitarium for five weeks, inasmuch as he was a foreign delegate to the Conference, and as such entitled to free entertainment.

GREATER NEW YORK:

M.L.Andreaseon desired especially to lay before the Committee the situation in Greater New York. It was felt that the time had come when strict measures should be taken to organize the foreign work there, and especially to put the Italian and Hungarian work on a better basis. Elder Andreaseon felt that efforts to organize the work and require satisfactory service would, perhaps, lead to difficulties that might temporarily cut the work down, and he wished the Committee to understand the situation.

The Committee gave counsel that they felt that Brother Andreaseon was justified in insisting that a change should be inaugurated in the methods of work, so that the Greater New York committee could feel that efficient service was being rendered.

E.L.CARDEY'S ACCOUNT:

VOTED, That we allow E.L.Cardey, formerly of Central America, twenty-three days' time at \$14 per week, this representing the time between the General Conference and his acceptance by Southern California.

An account for transportation for A.L.Philbrick and party from Central America to California was presented, and it was—

VOTED, To authorize the treasurer to pay it.

VOTED, That the General Conference pay the fare of Brother E.W.Ingle to Melrose.

On receipt of a letter from M. Encoch, of Bermuda, telling of the efforts the little company there have been making to relieve their church from indebtedness, it was--

She inquired if it would not be proper to return to them \$500 that was given by Elder Van Horn at one time to the missionary cause. Covert, W.C.Foreman, T.S.Dock, R.Hook, H.Hansen, and others.

A.G.Daniells in the chair.

After remarks by the Chairman on the need of the special blessing of the Lord on the Council, prayer was offered by Brethren Olsen, Irwin, and Daniells. The Chair spoke of topics to be considered, of which the following are the main items:--

1. The raising of the \$300,000 fund.

While raising this fund for special institutional work in foreign fields, the regular mission funds must be maintained, and increased to keep pace with the missionary advance. The Chairman reviewed the very encouraging increase in laborers and tithes and offerings during the last eight years of the present decade. The one item requiring attention is the small increase in membership in the North American division.

As the result of the efforts to enlarge, forty-one different lands have been opened by us during the last eight years.

The demands of the general work are about one thousand dollars a day. If the ten-cent-a-week plan could be put into execution, it would yield nine hundred dollars a day, and the addition from the tithe would readily make up the balance and allow of new work. In order to bring about the actual achievement of ten cents a week, it is necessary that not alone the General Conference Committeemen take upon themselves this work as a personal obligation, but every conference president and every church elder must take the burden of seeing that the thing is done, and every individual believer must likewise put his shoulder to the burden to see that in his church or company the amount is regularly raised.

2. The financial needs of our sanitariums.

The Chairman called attention to the remarkable growth of our sanitarium work during the last eight years. The sanitariums have increased from 27 to 80, the physicians from 70 to 111, the nurses from 404 to 966. This has been a very rapid growth seemingly in the providence of God to meet the crisis that developed some years ago in this department of the work. This increase has meant a large increase of sanitarium liabilities. The Council should consider especially twelve institutions whose liabilities are in excess of one half their assets, one half the assets being considered all that any institution ought to carry in liabilities, so that the remaining half of the assets should be security to the creditors. In these twelve institutions the total liabilities exceeding one half the assets are \$257,000. The sanitariums have not received the consideration which our schools have received. The schools have passed their crisis, and while in the last eight years they have increased from 14 to 83, only one or two are in really serious financial straits.

3. Superintendents are to be selected for India, China, and Japan, the health of Elder H.N. Campbell's wife precluding their leaving for India.

4. Plans for the Thanksgiving Ingathering Campaign.

5. Winter revivals in the churches.

6. What can be done to increase the tithe.

7. What shall be done to work the great cities.

It was agreed that the Council should meet from 8:30 to 12:00, 2:30 to 5:30, 7 to 9.

It was voted that the evening session should be an open session this evening, and the general public be invited while the question of the increase of the tithe was considered.

A.G. DANIELLS, Chairman.
W.A. SPICER, Secretary.

--o--

FORTY-SIXTH MEETING

GENERAL CONFERENCE COMMITTEE

College View, Nebr., Oct. 5, 1909, 7:30 P.M.

--o--

A.G. Daniels in the chair.

Prayer by Wm. Covert.

The evening hour was devoted to a discussion of the way to secure a larger tithe. It was stated by the Chairman that the average tithe paid in America was \$12.60, representing an income of \$126 per year. It was agreed by all that counting wives who did not earn an independent salary, and children not wage earners, the average tithe per year ought certainly to be twenty dollars. Brethren Underwood, Thompson, Watson, Robinson, Russell, and Westworth took part in the discussion of the topic, emphasizing the following points:--

More attention should be given to the agitation and study of the question among the people. It was suggested that one lesson each quarter in the Sabbath-school might be devoted to tithes and offerings. The ministry must be more pronounced in preaching upon this subject. In each church the church officers should give attention to it and one or more persons be assigned the duty of gathering it. In Georgia attention given to isolated Sabbath-keepers from the conference office raised the tithe nearly fifty per cent.

Meeting adjourned without definite resolution.

A.G.DANIELLS, Chairman.
W.A.SPICER, Secretary.

THE \$300,000 FUND:

The method of raising this fund was discussed, and it was--
VOTED, That the \$300,000 fund be launched January 1, 1910.

In discussing the manner of raising it, motion was made, apportioning the sum among the union conferences, according to membership. An amendment was moved, providing that the union tithe should be the basis of apportionment. After full discussion, the amendment was not accepted and the original motion was carried unanimously as follows:--

VOTED, That apportionment of the \$300,000 fund be made to North American union conferences on the basis of church and company membership, each union to be left free to formulate its methods of raising the fund according to its own judgment, the word apportionment suggesting not an obligation laid upon unions from without, but an invitation to each union to assume the blessed burden of raising its proportionate share of the full amount so greatly needed in the mission fields.

FORTY-NINTH MEETING

GENERAL CONFERENCE COMMITTEE

College View, Nebr., Oct. 6, 1909, 7 P. M.

--o--

The topic for the evening, introduced after the prayer service, was the time and nature of the coming union conference sessions. The Chairman and other members urged the need of making the union sessions not only a time for the transaction of business, but a time of great uplift spiritually for ministers and laborers. Earnest words were spoken by different members as to

the need of a deeper experience in order to face the work before us. The ~~summer~~ service led into a special season of seeking the Lord in prayer and a testimony meeting, in which the Lord especially blessed the committee, and which continued until the hour for adjournment had long over passed.

UNION COLLEGE:

E.T. Russell, chairman of the Union College Board, stated that the necessity existed for providing facilities for the Normal Department. The Board had known that for some time a feeling had existed among the Germans and Scandinavians in favor of establishing these departments apart from English school work. Before undertaking the erection of any further quarters for the Normal work, it was desirable that the question of the foreign departments should be settled definitely, inasmuch as the Normal Department could be accommodated in the college building if the foreign departments remove.

VCTED, That a time be set for the consideration of this matter.

FIFTY-FIRST MEETING

GENERAL CONFERENCE COMMITTEE

College View, Nebr., Oct. 7, 1909, 2:30 P.M.

---00---

A.G. Daniells in the chair.

SANITARIUM INTERESTS:

After the prayer season, the Chairman stated that it was proposed to take up the sanitarium interests from the following points of view:--

1. Financial needs of institutions.
2. Business management.
3. Professional standard.
4. Spiritual standard.

FINANCIAL NEEDS:

The Chairman stated that the reports showed that in the last eight years there had been a gain of 53 sanitariums, 41 doctors, 562 nurses. This splendid growth and the loyalty of this Department to the work must be considered in connection with the state of the financial situation. Necessarily such a rapid growth had brought with it not only an increase of assets, but an increase of liabilities, and now the necessity was apparent for concerted action in reducing these liabilities.

Various brethren discussed the financial question, and L.M. Bowen read a paper on the business management of sanitariums. After further discussion, it was--

VOTED, That the Chair appoint a committee of thirteen to present recommendations regarding the relief of our sanitariums from financial embarrassment.

The following were named: I.H.Evans, G.A.Irwin, W.T.Knox, Dr. W.A.Bable, H.W.Cottrell, W.B.White, L.M.Bowen, A.T.Robinson, R.A.Underwood, W.C.White, E.T.Russell, D.R.Callahan, W.H.Heckman.

A.G.DANIELLS, Chairman.
W.A.SPICER, Secretary.

FIFTY-SECOND MEETING

GENERAL CONFERENCE COMMITTEE

College View, Nebr., Oct. 7, 1909, 7 P.M.

---0---

After singing and prayer service, the topic of the evening was announced as---

SPIRITUAL INTERESTS OF OUR SANITARIUMS:

Testimony was borne by many of the brethren as to the spiritual power in the sanitarium work, and the results accruing to the cause in the conversion of souls who received their first impressions of the truth at our institutions. Considerable attention was given to the question of cooperation between conferences and sanitariums, and the splendid missionary field that a conference minister would find in our sanitariums as chaplain.

Emphasis was given to the fact that continually our sanitariums are graduating nurses whose services ought to be conserved by the conferences, so that they may not work at random but as direct agents of the conference.

More attention, it was agreed, should also be given to making use of our sanitariums as a base from which to carry on educational work among our own people in the churches and camp-meetings.

Adjourned.

A.G.DANIELLS, Chairman.
W.A.SPICER, Secretary.

After the prayer season the time was given to a discussion of a report presented by the Publishing Department.

PUBLISHING WORK:

E.I. Palmer, of the Publishing Department, presented a report, which had been formulated in the meeting of the publishing house managers. On motion to adopt, the report was discussed item by item, and after amendment, was adopted as follows:--

1. That we recognize that our conference tract societies, by virtue of their location and their appointed work, are the natural and proper agents and promoters of all our periodicals circulated in their respective territories; and that we urge each conference to man its tract department with efficient workers, in harmony with the plans adopted by the Publishing Department, so as to be able to conduct this line of work efficiently.

Whereas, The cost of production of our various periodicals has increased to such an extent that the margin of profit on them is hardly sufficient to meet the expense of their publication, and many of them are being issued at a loss; therefore,--

2. We recommend, That the prices of these periodicals be raised as follows:--

Review and Herald, yearly subscription-----	\$1.75
Youth's Instructor, in clubs-----	.75
Sabbath-school Worker, in clubs-----	.30
Signs of the Times Weekly, single subscriptions-----	1.75
" " " " in clubs of 5 or more-----	1.25
Our Little Friend, single subscriptions-----	.60
" " " " in clubs of 5 or more-----	.50
The Watchman, single subscriptions-----	1.00
Gospel Sentinel, in clubs of 5 or more-----	.30

3. That the state tract societies select agents for the 10-cent magazines, give them the necessary instruction, assign territory, and handle their orders; and that the publishers of these magazines cooperate in organizing this line of work by supplying these magazines only on the order of the conference tract society, as soon as the conference tract society is organized to handle the work in harmony with this recommendation.

4. That prices to agents be as follows on the 10-cent magazines:--

New Subscriptions-----40 per cent discount.
 5 to 40 copies----- 5 cents each.
 50 or more copies----- 4 " "

5. That the conference tract society receive 10 % discount from publishers on all new subscriptions, renewals, and clubs for periodicals and magazines, which are solicited by them or their agents and pass through their hands.

6. That the following schedule of discounts be adopted:--

Rates to Publishers Branches and Organized Missions	Rates to Conf. Tract Societies		Rates to Regular Agents	Rates to Conf. Employees	Rates to Church Societies	Rates to Individual Purchaser
Subscription	70%	60%	50%	50%	40%	30%

Books						
Trade	40%	25%	Net	Net	Net	Net
Books					(a) 15	(a) 15
Text Books						
Including	30%	20%	"	"	"	"
Song Books						
Tracts	50%	30%	"	"	"	"
					(b) 15	(b) 15

- (a) 6 copies or more.
 (b) Unbroken packages.

7. That freight and all packing and shipping expenses on one hundred pounds or more, on all classes of literature mentioned above, be paid to destination in the United States and Canada (duty not included) by the shipper, whether manufacturer, branch house, or conference depository, excepting freight to publishing houses and branches in the United States, which shall be limited to subscription and home workers' books.

8. That the above rates be given to organized foreign fields, all freights, packing and shipping to be paid, so as to furnish the goods at these prices free on board ship, it being understood that any publisher may and ought to make better prices to foreign countries on special lines of books, or on large quantities, in all cases where the cost will justify it.

9. That our standard subscription books, such as "Patriarchs and Prophets," "Great Controversy," "Thoughts on Daniel and the Revelation," "Home and Health," and "Practical Guide to Health," be issued in three bindings: cloth, marble edges; half leather, marble edges; full leather, marble edges, and that the retail prices throughout the United States and Western Canada be 3, 4, and 5 dollars respectively.

10. That publishers cooperate in maintain uniform styles of binding, retail prices, and discounts, and that no important changes be made except as the result of mutual agreement between publishers and other interested members of the Publishing Department.

11. That the financial policy recommended by the Publishing Department, and adopted at the General Conference, also the above recommendations be put into effect January 1, 1910.

ROYALTY QUESTION:

Two recommendations in the report not adopted were as follows:--

That authors be asked to accept a flat rate royalty on subscription books, based upon 5% of the retail price of the standard cloth binding, no extra royalty being required on more expensive bindings.

That authors who have not already done so be invited to cooperate in the great work of issuing our books in many languages at reasonable prices, by relinquishing their royalty on all translations of their works.

In the discussion of these, it was--

VOTED, That a committee be appointed representing all interests in the matter, and that these questions be referred to that committee for consideration and report.

SCANDINAVIAN & GERMAN SCHOOL INTERESTS:

O.A. Olsen, secretary of the Foreign Department, introduced questions which had been discussed by the representatives of the Scandinavian and German work. For some time these nationalities had been considering the question of establishing separate schools, to be devoted to the special interests of their own work. The Foreign Department secretary called upon L.H. Christian, G.F. Haffner, and S. Mortenson, who spoke with reference to the needs of their respective departments, and this was followed by remarks from Elder Olsen himself. The following resolution was thereupon introduced and adopted:--

Whereas, There is a large and growing need of more German, Swedish, and Danish-Norwegian laborers; and,--

Whereas, The training which students get in the German and Scandinavian departments of Union College is not such as meets the demands of the field; and,--

Whereas, Money to build German and Scandinavian schools can be secured, and there are both teachers and students at hand for such schools; therefore,--

Resolved, 1. That we favor the establishment of a German school, a Swedish school, and a Danish-Norwegian school, as soon as money can be secured so that there would be no debt on the schools.

2. That the schools be owned by the union conference in which they are located, and that they be managed by said union, in connection with the Secretary of the North American Foreign Department and the advisory committee of the language to which the school belongs.

3. That it is understood there shall be freedom given to secure the money necessary for the establishment of these schools from all parts of the country.

VOTED, That a committee of ten persons be appointed by the Chair, to give the establishment of these schools further consideration.

The Chair named O.A.Olsen, L.H.Christian, F.Griggs, G.F. Haffner, S.Mortenson, C.C.Lewis, F.T.Russell, R.A.Underwood, Allen Moon, C. Santee.

The editor of the "Christian Record," Brother Miller, presented the need in his department of further equipment for the enlargement of their work, and after discussion the matter was referred to the Committee on General Recommendations for report.

BOOK EDITOR:

The Secretary of the Publishing Department called attention to the action taken at the recent General Conference, recommending the appointment of book editors.

After brief discussion, it was agreed without action that the matter should be referred to the Committee on Recommendations to bring in a report.

THE \$300,000 FUND:

The committee appointed to summarize the resolutions on the \$300,000 fund presented the following report, which it was agreed should stand as the full statement of the matter, and as a substitute for all the former actions taken during the Council relating to the \$300,000 fund:--

Whereas, At the late session of the General Conference it was recommended that \$300,000 be raised to supply institutions already required in foreign fields for the proper development of our work, these institutions to consist of schools, printing plants, and sanitariums; also to erect homes for missionaries where conditions require; and,--

Whereas, There is great need in many lands for immediate use of this fund; therefore,--

We recommend, 1. That the systematic raising of the \$300,000 fund be begun early in 1910.

2. That the responsibility of raising this \$300,000 be assumed by the union and local conferences of North America, apportionment being made on the basis of church and company membership as published in the statistical secretary's report of membership for 1908; that this membership be adhered to until the fund is raised; and that on this basis the apportionment stand as follows:--

Atlantic Union	-----	\$24,892.80

Southern	-----	64,172.60	"
Southwestern	-----	22,036.80	
Canadian	-----	4,233.60	
West Canadian	-----	4,027.20	

3. That we invite Seventh-day Adventists in all the world to join the North American union conferences in raising this fund.

4. That the making up of this fund be completed by December 31, 1912.

5. That all donations to this fund be paid through the regular channels.

6. That treasurers be instructed to report and forward all receipts on this fund, together with all other funds, monthly: churches not later than the 25th of each month, state treasurers not later than the 5th of each month, union conference treasurers not later than the 10th of each month.

7. That in the raising of this fund each union conference is free to pursue such policy as it may elect.

8. That the General Conference treasury department publish monthly a report of all receipts in the REVIEW AND HERALD, by union and local conferences.

9. That the General Conference treasury department report monthly to local conferences all money received on this fund from conference territory not having passed through the regular channels.

10. That we request the Sabbath-school Department to provide from one to two Sabbath-school lessons each quarter on tithes and offerings.

11. That the SIGNS OF THE TIMES be invited to open its columns in behalf of this fund, as well as in behalf of other missionary enterprises; that it report to the General Conference treasurer monthly, by individuals and conferences, all receipts on this fund, in order that due credit may be given.

SANITARIUM REPORT:

The committee appointed to consider sanitarium interests presented a report, which was discussed item by item, the first two recommendations being adopted as follows:--

We recommend, 1. That as General, union, and local conferences, we render to our sanitariums and those connected with them in their institutional work the fullest possible cooperation, and to make more effective this cooperation, we suggest the following,--

(a) That General, union, and local conference sanitariums be assisted by said conferences supplying and supporting efficient chaplains, who may also act as Bible teachers for the institutions, giving special attention to qualifying nurses to do efficient Bible work.

(b) That our physicians and sanitarium workers be encouraged to take a deep interest in the evangelical work of the conference, as well as in the spiritual work of the institution with which they are connected, and that whenever possible they unite with the ministers of the conference in their evangelical work.

(c) That we urge all our people to rally to the support of our sanitariums by distributing advertising literature among their acquaintances; and, further, when in need of medical help to patronize our institutions, as well as to urge their friends and neighbors to do the same.

(d) That all conference employees be earnest advocates of the sanitariums in their conference, recommending the institutions to those in need of medical aid.

2. That union and local conferences endeavor to arrange for the employment of all graduate nurses who have satisfactory recommendations from the institutions from which they have been graduated, and to make this effective we suggest the following,--

(a) That each union conference create what may be termed a Nurses' Bureau, whose duty shall be to provide employment for graduate nurses from our institutions.

(b) That these nurses be employed to give their time to caring for the sick, distributing literature, conducting health schools, engaging in Bible work and the holding of cottage meetings, and in such other medical missionary work as the conference employing them in counsel with the Nurses' Bureau may direct.

(c) That these nurses receive a fixed salary from the conference in which they labor, and that they turn their earnings into the conference treasury on such plan as each conference may arrange.

(d) That the conference cooperate in the most sympathetic manner with the work of the nurses, helping to make their work effective, and give to them the same hearty support they give to other conference employees.

The time for adjournment having come, further discussion of the report was deferred, and the meeting adjourned.

FIFTY-EIGHTH MEETING

GENERAL CONFERENCE COMMITTEE

College View, Nebr., Oct. 11, 1909, 8:30 A.M.

A.H. Daniells in the chair. Season of prayer engaged in.

SANITARIUM REPORT:

The report of the committee on sanitarium work was taken up further, and Nos. 3 to 8 were considered and adopted as follows:--

3. That, in order that our medical work may prove the entering wedge to the third angel's message, we recommend that when practicable, medical workers who are qualified to lecture on health topics, conduct health schools, minister to the sick, distribute literature, and connect with the evangelical tent efforts in our larger cities and elsewhere.

4. That when the trustees of any institution find they are operating said institution at a loss, a council of the leading brethren in the territory in which the institution is located be called to devise a policy by which the institution may be operated without loss.

5. That the General Conference Committee appoint a committee of three experienced sanitarium workers, whose duties shall be, when called upon by union or local conference institutions, either singly or as a committee to visit the same, study into their financial management, train laborers for efficient service, give advice as to how to minimize operating expenses and to increase receipts, and, in every possible way, help to place the institution on a paying basis, it being understood that the services of this committee shall not in any way involve the General Conference financially.

6. That the conference calling for such help meet the transportation and salary of said committee, or member, while in their employ.

7. That the management of each sanitarium, in order to make the institution more effective in the service of God, endeavor to place the institution upon a self-supporting basis, and that such changes in management and operating be made at the earliest possible date as will enable the institution to cover its own operating expenses and promptly meet its obligations.

8. That when the establishment of a sanitarium is contemplated in any conference, counsel be had with the constituency of the local conference and the executive committee of the union, and that no steps be taken in the erection of said institution until sufficient funds have been contributed to make the enterprise safe; and we counsel against the establishment of numerous institutions, but rather urge our people to active service in behalf of those established, and the diffusion of the principles represented by them.

SIXTY-FOURTH MEETING

GENERAL CONFERENCE COMMITTEE

College View, Nebr., Oct. 12, 1909, 7 P.M.

G.A.Irwin in the chair.

The Committee met in the Scandinavian chapel, with the conference presidents attending. After prayer business was proceeded with, and the Committee on General Recommendations presented a report, which was discussed and the following items adopted:--

M.L.ANDREASON:

That in harmony with his desires, M.L.Andreason, president of the Greater New York Conference, be recommended to give his time to the Scandinavian work in that conference and in the Atlantic and Columbia Unions.

R.D.QUINN:

That R.D.Quinn, of Montana, be recommended to take the presidency of the Greater New York Conference on the retirement of M.L.Andreason.

J.C.FOSTER:

That J.C.Foster, of Montana, be recommended to take the presidency of that conference on the retirement of R.D.Quinn.

FOREIGN MISSION SEMINARY:

Whereas, The Washington Foreign Mission Seminary, which was established by the Gland Council, has already accomplished a good work in the preparation of men and women for gospel effort, and has demonstrated its value to our mission enterprises; and,--

Whereas, There should be in attendance at the Seminary a larger number of students of that age, education, and general experience which qualify them for a speedy preparation for active service in foreign fields; and,--

Whereas, This school must depend for its patronage upon the field at large; therefore,--

Resolved, That we hereby express our appreciation of the work already accomplished by the Seminary, and we reaffirm our belief in its importance, located, as it is, in connection with our mission headquarters, to the work of our Mission Board. And, further, to the end of making the Seminary of still more value we urge our local conferences to work more earnestly in searching out those men and women who by means of proper courses of instruction may be quickly prepared for foreign service, and in encouraging them to attend this school, assisting them financially when necessary.

A recommendation, requesting the release of Elder John Holbrook from Western Washington, in order to take charge of city mission work for foreigners in New York City, was referred to the officers of the Committee, inasmuch as the discussion made apparent the fact that there was no means in the treasury at present allowing of the opening of this work, although it was generally agreed that the work ought to be done.

G.A. IRWIN, Chairman.
W.A. SPICER, Secretary.

SIXTY-SIXTH MEETING

GENERAL CONFERENCE COMMITTEE

College View, Nebr., Oct. 13, 1909, 2 P.M.

INDIA, CHINA, JAPAN:

The committee appointed to nominate superintendents for various foreign fields presented a report, which was adopted as follows:--

For China, Elder W.A. Westworth; India, Elder Morris Lukens; Japan, Elder C.A. Burman.

LOMA LINDA MEDICAL SCHOOL:

J.A. Burden presented the matter of the Loma Linda medical school. It was stated that the cost of securing a charter for the school would be about \$75, which would be all the funds necessary to be applied this year to carry out the ideas of the managers as to necessary requirements, \$1000 having been subscribed for equipment at the Southern California camp meeting. The following resolution was presented and adopted:--

Resolved, That we recommend the Board of Management of the Loma Linda College of Evangelists to secure ~~a renewal of the~~ charter for the school, that it may develop as the opening providence and the instruction of the Spirit of God may indicate.

Considerable time was given to a discussion of the plans and work of the school, and also to the financial situation and the necessity of refraining from further increase of heavy liabilities.

WESTERN CANADIAN UNION:

On request of H.S. Shaw, president of the Western Canadian Union, it was--

VOTED, That we recommend Elder J.G. Walker, of North Dakota, for the presidency of the British Columbia Conference; and Elder Andrew Nelson, of Oklahoma, for the presidency of the Alberta Conference, the latter recommendation depending upon the acceptance of the call to Japan by Elder C.A. Burman.

INTERNATIONAL PUB. ASS'N:

VOTED, That the General Conference pay the salaries of the three foreign secretaries in the International for one year, beginning July, 1909.

A further request from the International that a Sabbath's collection be set apart early in 1910 was considered, and without action it was not deemed advisable to adopt the suggestion, it being the opinion generally that no more collections should be added to the four regular ones already listed. It was felt that it would be better to recommend that special contributions for the International be solicited by workers from those able to give.

At the close of the session, which was to be the final meeting of the council, Elder Daniells spoke of his thankfulness to God for the results of the council, affording as it had, opportunities for the workers in different departments to study one another's problems and to join together in helping the different departments of the work to accomplish the purposes for which they had been established.

After a season of prayer the council adjourned.

A.G. DANIELLS, Chairman.
W.A. SPICER, Secretary.

\$300,000 FUND, DATES OF REMITTING:

On recommendation from the treasury department, it was--

VOTED, To amend the item adopted at College View relating to the dates when monthly remittances on the \$300,000 fund should be closed, setting these dates as follows: for the church treasurer the last day of the month; for the state treasurer the tenth day of the month; for the union treasurer the fifteenth.

DR. LAURETTA KRESS, NEW YORK:

The treasurer presented from Dr. Kress an account of the expenses and salary of Mrs. Kress and two nurses while conducting health conventions in the Greater New York Conference. Inasmuch as no provision had been made for the expense of this work, it seemed that the General Conference was the only place where the account could be settled.

VOTED, That we add to the appropriation for Greater New York, \$300.62, to cover the salary of Mrs. Kress at \$20 per week, the salary of the two nurses at \$9 per week and their transportation, including also the expense of the cooking school demonstrations above receipts, amounting to \$17.

SOUTHEASTERN UNION, AUTOMOBILE:

VOTED, That we add \$350 to the Southeastern Union appropriation, and that we give the Kansas Conference credit for that amount, covering the gift of the automobile donated to missions in Kansas and turned over to the Graysville Sanitarium at the College View council.

INDIA, CABLE RE SANITARIUM:

A cable had been received from the India mission saying, "Sanitarium property available, \$10,000. Cable." From former correspondence it was understood that this meant that our brethren at Mussoorie had found a sanitarium property which they felt suitable to their work and they wished to purchase it.

Owing to the financial situation, it was- voted to cable them the word, "Impossible."

INDIA, GOOD HEALTH:

It having appeared in the minutes of the India mission committee that they were planning to get out a little monthly good health journal in India, it was--

VOTED, That the India committee be counseled to defer launching their health magazine enterprise until further counsel can be given, and until there is a better chance to extend the circulation of the magazine.

INDIA, MILTON ST. JOHN:

In response to the long continued call from India for an evangelistic laborer to work in the great cities in the English tongue, it was--

VOTED, That we invite Milton St. John, of Southern California, to make India his field of labor, and ask the Southern California Conference to release him for this purpose.

CREDENTIALS:

VOTED, That missionary credentials be granted Dr. AL Gregory and wife, under appointment to Mexico.

Recess was taken until afternoon.

On resuming in the afternoon, O.A.Olsen was present.

INDIA, G.K. OWEN:

Inasmuch as Elder Shaw and wife had returned from India, it was thought probable that Elder G.K.Owen would eventually return. Having rendered good service in his way in India at his own expense for years, it was felt that the Mission Board should bear his return expenses.

VOTED, That at the General Conference assume the return expenses of Elder G.K.Owen from India when he desires to leave that field.

MRS. W.S.HYATT, FURLOUGH:

In response to a letter from R.C.Porter, saying that Mrs. W.S.Hyatt, after many years of service in South Africa, desired to make a visit to her aged parents, it was--

VOTED, That Mrs. W.S.Hyatt be granted a furlough, the General Conference paying her transportation to America and back.

SOUTH AFRICA, "DESIRE OF AGES":

In response to a letter asking counsel regarding the propriety of endeavoring to bring out in South Africa a Dutch translation of "Desire of Ages," and quoting figures which had been received, it was--

VOTED, That we advise South Africa that it is the judgment of the Committee here that they would better plan to receive the book from Europe, and not to attempt so large a work in local publishing until they have the field end of the work built up so as to be sure of handling the editions of a large book in sufficient quantities to pay the expense of production.

" EL CENTINELA":

On report from Brother Steele, of Porto Rico, concerning the Spanish paper, "El Centinela," the following action was taken:--

VOTED, That we urge upon the West Indian Union that the policy of "El Centinela" be quite decidedly changed so as to give more matter now pertaining to the message, that the paper may be an influence to bring people into the truth.

GUATEMALA SCHOOL:

In response to a request from the West Indian Union, it was--

VOTED, That the Committee is unable to furnish further funds for the prosecution of school work in Guatemala City, but that the Committee would regret if on this account the school work has to be closed in that Catholic country.

IDA THOMPSON, FURLOUGH:

VOTED, That Miss Ida Thompson, now in this country, be granted a year's ~~summer~~ furlough on furlough pay.

E.H.WILBUR, FURLOUGH:

VOTED, That E.H.Wilbur and wife be granted a year's furlough, to begin as soon as satisfactory arrangements can be made to care for their work in the province of Canton.

VOTED, That Otis J. Fisher and wife, of Southern California, be invited to make China their field of labor, and that the Southern California Conference be requested to release them for this purpose.

VOTED, That Dr. M.M.Kay and wife, in private practice in Southern California, be invited to make China their field of labor.

VOTED, That we authorize the purchase of the land described by J.P.Anderson, calling for but a small outlay, providing those responsible in the field consider that it is advisable.

PHILIPPINES, "THOUGHTS ON DANIEL":

Word having come that the brethren in the Philippine Islands had half of "Thoughts on Daniel" translated into the Tagalog, and had figures on printing and promise of some help from Australia, it was--

VOTED, That we encourage the Philippine brethren to go ahead and bring out "Thoughts on Daniel" in the Tagalog, providing satisfactory arrangements can be made with the copyright owners; and that Elder Finster be advised to accept Australasia's offer of assistance, and that instruction be given him as to the best method of handling the printing contract, so that if possible pay for the edition may be made as the books are sold.

VOTED, That I.H.Evans, W.W.Prescott, and W.A.Spicer be a committee to make arrangements for the authorization to translate and adapt the book to the needs in the Tagalog.

TRANSLATIONS IN MISSION FIELDS:

The minutes from India, and correspondence from other fields, showing that many of our workers were suggesting taking chapters from our printed books, or making translations of portions, in order to supply their people with proper instruction, it was felt that some action should be taken quickly covering this matter, so that we should not get into confusion in the fields. Therefore the following action was taken:--

Inasmuch as our missionaries giving their lives in service in the dark corners of the earth and acquiring various languages, are being moved as with one accord to get out literature in the vernaculars; and inasmuch as they are now frequently reporting that they have begun the translation of this or that tract, pamphlet, or book, in whole or in part, or are making an abridgement or compilation from selected chapters of our books, to adapt the matter to the needs of their people; and inasmuch as this production of literature in the languages other than the leading languages of Europe must be a labor of love with no financial profits as a whole, but sustained by our missionary contributions;--

Resolved, That, in order that our workers in these fields may not move forward in this matter without proper arrangements with publishers or authors, we ask our publishing houses and authors to grant as a gift to our mission fields the privilege of making translations of our books, pamphlets, or tracts, in whole or in part, or preparing compilations or adaptations, in all languages other than the leading languages of Europe, such permission being granted only to the regularly appointed committees in general charge of our missions in the various fields.

R.A.CALDWELL, FURLOUGH:

R.A. Caldwell, of the Philippine Islands, having requested help to secure a furlough during the heated season, it was--

VOTED, That on request of R.A. Caldwell, the Mission Board pay the transportation of himself and wife from the Philippines to Shanghai, where he proposes to engage in self-supporting canvassing work during a furlough season.

E.F.COUNTER:

VOTED, That on account of the responsibility of caring for his mother and his family, we release E.F. Counter, printer of the Pacific Press, from appointment to Japan.

ELDER STUCKRATH, WISCONSIN:

Elder O.A. Olson having explained that arrangements had been made by the Foreign Department for Elder Stuckrath and family, of Germany, to labor in Wisconsin, it was--

VOTED, That the General Conference pay the transportation of Elder Stuckrath and family from Germany to New York, and that Wisconsin be asked to pay his transportation from New York to Wisconsin.

LODI CHURCH REQUEST:

A request having come from Brother Colvin, of the Lodi church, that they be allowed to select and support a worker in some mission fields, it was--

VOTED, That the secretary submit to the Lodi church the names of several California workers being just now appointed to the fields, with the suggestion that their support be assumed if agreeable to the church.

SUNDAY SCHOOL CONVENTION:

VOTED, That G.B. Thompson, Mrs. L.F. Plummer, and M.E. Kern be the representatives of the General Conference at the world's Sunday-school Convention, to be held in Washington in May, 1910.

W.A. SPICER, Secretary.

SIXTY-NINTH MEETING
GENERAL CONFERENCE COMMITTEE

October 26, 1909

G.A.Irwin in the chair. Prayer by K.C.Russell.

INDIA, CABLE RE SANITARIUM:

A cable having just been received from India saying, "Shall we borrow?" the meeting was called to consider the reply. It was understood that this meant that the brethren had a very desirable property which could be secured for \$10,000, and that they would be able to borrow the money.

It was the opinion of the Committee, however, that with the requests to go ahead with enterprises by borrowing money which have come from Japan and China, and now from India, the Mission Board treasury would be involved in the greatest of difficulty if once we began to borrow large sums for the building up of institutional work in the mission fields. It was therefore,--

VOTED, That we cable to India the word "No."

The members of the Committee present, however, expressed themselves as deeply regretting the situation by which so much had been done in America on borrowed capital, tying up means so that in great fields where there is nothing it is impossible to provide for one institution. It was felt, however, that the safer plan would be to let the raising of the \$300,000 fund bring relief to these mission fields, so that in countries where the numbers are few and the financial backing practically nothing, our workers shall not be tied up and kept from the evangelistic field by financial perplexities.

Adjourned.

G.A.IRWIN, Chairman.
W.A.SPICER, Secretary.

TRANSFER OF L.F. STARR:

On the reading of a letter from L.F. Starr, who had been forced to retire from the Chesapeake Conference on account of his health, it was--

VOTED, That inasmuch as the Committee called L.F. Starr to the East, and now on account of health he is obliged to change to a western climate, we authorize the treasurer to pay the transportation of L.F. Starr and family from Maryland to Wyoming.

J.W. CHRISTIAN:

On request that the rate of J.W. Christian be fixed, and on the supposition that he would live for the present in Graysville, Tenn., or Huntsville, Ala., it was--

VOTED, That we authorize J.W. Christian to draw at the rate of \$18 per week, subject to audit.

VOTED, That we authorize the secretary of the Negro Department to secure a typewriter for the office.

W.A. WESTWORTH, CHINA:

The chairman reported an interview with Elder W.A. Westworth while attending the Florida camp-meeting, and brought word that Brother Westworth and wife felt free to accept the call to China.

They desire a school in China so that their children may not be left without school privileges, and attention was called to the fact that the General Conference had voted, authorizing the brethren in the East to open up school work for the benefit of the children of missionaries, tuition being charged, and it was felt that the working up of this matter would rest with the brethren in charge of the work in that field.

SOUTHEASTERN UNION PRESIDENCY:

The chairman reported that the Southeastern Union committee would be pleased to accept Elder Charles Thompson to fill the vacancy in the union presidency.

VOTED, That we ask Kansas and the Central Union to release Elder Charles Thompson, and that he be invited to accept the presidency of the Southeastern Union; and we further recommend Elder W.H.Thurston for the Kansas presidency.

A bill was presented from the Washington Sanitarium for cash which they paid out for the operation on Dr. Bertha Selmon during the General Conference, the sanitarium having made no charge for treatments and entertainment. Inasmuch as Mrs. Selmon was here as the guest of the General Conference, and the ir expenses were extra heavy while on furlough in this country on Chinese salary, it was--

VOTED, That we meet the expense for the operation on Mrs. Selmon, amounting to \$42, charging the same to the emergency account.

VOTED, That the chair appoint a committee of three, to act with Elder O.A.Olsen on matters relating to the North American Foreign Department.

Prayer by M.E.Kern.

NORTH AMERICAN FOREIGN DEPT:

The sub-committee appointed on the North American Foreign Department matters reported, their report being adopted as follows:--

1. That the headquarters be located at Chicago, Ill.
2. That the secretary secure the necessary office equipment, such as desk, table, chairs, typewriter, etc.
3. That the secretary secure a competent stenographer, who shall also be a working secretary.

VOTED, That we invite F.M. Wilcox to respond to the invitation from Boulder to attend their nurses' graduating exercises, and that he arrange to spend some time at different points on the journey to and fro.

C.A. BURMAN DECLINES:

A letter was presented from C.A. Burman and from Sister Burman, regarding the call to Japan. Brother Burman felt that his known lack of ability for the learning of languages would make it unwise for him to accept the call to a field where a difficult language was to be learned.

As the matter seemed reasonable from the point of view of the information given, it was agreed that we would look elsewhere for the Japan superintendent.

Adjourned.

CITY WORK:

The committee appointed to report on the campaign for eastern cities brought in a report, which was adopted as follows.

The committee reported the discussion that had been had of city work at the Atlantic and Columbia union conferences, and the result of work which had been done in Philadelphia, New York City, and other points.

The committee favored the establishment of a city mission in the suburbs of New York, with the idea that it would be a city mission training center.

The efforts in New York have been very encouraging the last year, and in Philadelphia especially so. The General Conference had been appropriating about \$6,000 to the work in Greater New York during the last year. It was evident that additional campaigns in these cities could be undertaken only as the General Conference made additional appropriations. It was, therefore--

VOTED, That in planning for appropriations for 1910 the following amounts be set apart as available, if possible, for work in the eastern cities:--

Portland, Me., \$500. New York (extra), \$5,000.
 Philadelphia, \$1500. Baltimore, \$1500. Richmond, Va., \$1500.
 Washington, \$500. New Jersey, \$1500. Making a total of \$12,000.

B.G.Wilkinson, president of the Columbia Union, asked for counsel and recommendation regarding presidents for the Chesapeake and West Virginia conferences.

VOTED, That we recommend to the Columbia Union, J.W.Lair, of Colorado, for the West Virginia presidency, and C.A.Burman, of Alberta, for the Chesapeake presidency, providing these arrangements are satisfactory and can be put into execution.

It was suggested that in case Elder Burman was called from Alberta and could be secured, that the name of Elder Andrew Nelson of Oklahoma, be suggested to the Western Canadian Union for the Alberta presidency, as in some of the northwestern fields he would have great advantage in his knowledge of the Scandinavian.

AUDITOR:

VOTED, That E.P.Brown, of the Columbia Union, be asked to audit the General Conference books.

Adjourned.

A.G.DANIELLS, Chairman.
 W.A.SPICER, Secretary.

PHILADELPHIA SANITARIUM:

The meeting was called to consider the recommendations made in joint committee during the meeting of the Columbia Union Conference at Baltimore.

The College View council had voted that if it was found necessary a call should be made to relieve the Philadelphia Sanitarium. The proposition made at Baltimore was that \$40,000 should be raised by asking our people to sell 600,000 copies of the ten-cent magazines, as Life and Health, the Signs, and the Watchman.

It was stated that the Philadelphia sanitarium had a mortgage of \$15,000 falling due in April, with no provision to meet it, and a second mortgage of \$6,000 falling due in July, with no provision to meet it. The discussion of the topic was over the question as to whether the magazine plan of attempting to raise this amount would be better than a call for straight donations from the people.

After discussing the matter, it was agreed that further information should be sought as to the terms on which magazines could be secured, and in the meantime a few days' delay would allow Elder W.T. Knox, the treasurer, to be with the Committee, to join in the councils.

Adjourned.
