ONE HUNDRED NINETY-SIXTH MEETING

GENERAL CONFERENCE COMMITTEE

January 8, 1911

P R E S E N T:

Prayer by M. F. Kern.

R. P. MONTGOMERY, SINGAPORE:

The committee appointed to select a worker for Singapore reported, and it was—

VOTED, That we invite R. P. Montgomery and wife, of the Foreign Mission Seminary, to go next month to Singapore.

BAHAMA ISLANDS, CREDENTIALS:

VOTED, That ministerial credentials be granted to Elder W. A. Sweany, of the Bahama Islands, now made General Conference territory; and missionary license to Mrs. W. A. Sweany, and Samuel H. Coombs.
W.E. GILLIS:

VOTED, That missionary license be granted to W.E. Gillis, and Mrs. W.E. Gillis, of China.

DR. H.C. MENKEL, INDIA:

Communication was read from Dr. H.C. Menkel, stating that he had found it impossible to continue longer in India, on account of his health, and hence the selection of another physician for India would be necessary.

It was agreed that consideration of the latter would await the return of W.W. Prescott with full particulars.

WEST AFRICA, MACHINERY:

Communication was presented by the treasurer from Elder D.C. Babcock, describing their need of a gasoline engine and other machinery in their industrial school work, success having attended their efforts to manufacture wagons and carts, orders coming in beyond their ability to fill without power machines. He stated that if this machinery could be provided they would be able from the product of their plant to secure funds for opening the mission out-station for which they had called for $500.

VOTED, That the treasurer be authorized to secure the machinery ordered by D.C. Babcock for the West Coast mission.

F.W. FIELD:

The question of Professor F.W. Field's future work was considered. Consideration was given to the fact that his family is now in this country for the education of the children. He himself has been in charge of the training school work in Japan since the beginning, and as at his age the prospects of mastering the Japanese language are not favorable, it was felt that it would be making more use of Professor Field as a strong teacher if he could be associated with the educational work in this country. It was therefore—

VOTED, That we invite Professor F.W. Field, of Japan, to plan to return to America, to engage in educational work in this country, at the close of the present school year in Japan.
CHURCH MANUAL:

In harmony with the action taken by the recent council, favoring the issuing of a small church manual, giving instruction as to church duties and relationships, and the work of church officers, it was—

VOTED, That G.P. Thompson, A.J.S. Bourdeau, and O.A. Olesn be a committee to prepare such a manual.

CAMP-MEETING WORK:

A communication from the Atlantic Union Conference Committee was considered, requesting the General Conference Committee to give attention to the program at our camp-meetings. The Atlantic Union Committee had felt that the increasing pressure for time at the camp-meetings by representatives of special lines of work suggested some counsels of reform, in order that the general spiritual interests of the meeting might not be neglected.

It was felt by the Committee that this was a matter which each union should deal with in its plans for meetings, inasmuch as it rests wholly with the unions as to the number of special interests that they desire represented in the camp-meetings. But in order that some general recommendations might be suggested, it was—

VOTED, That E.P. Palmer, D.H. Kress, and A.G. Daniels be a committee to consider this question and make some general recommendations.

CAPE CONFERENCE PRESIDENT, SOUTH AFRICA:

Communication was read from the president of the South African Union, speaking of the possibility of a call at some later time for a president for the Cape Colony Conference.

It was felt that with the pressure for men at the present time, it would be best for us not to attempt to make any definite recommendation until it was ascertained whether the necessity for sending a man would arise.

LYNN BOWEN, SOUTH AFRICA:

The work of Brother Lynn Bowen, of the Foreign Mission Seminary, came up in connection with South African and West African matters, and it was felt that his special gifts as industrial school farm manager, and his wife's gift as teacher, indicated some of the South African missions as the place where he would be of greatest service. It was therefore—
VOTED, That we recommend Brother Lynn Bowen to the South African Union brethren as a strong man for some of the industrial missions.

F.S. BOLTON, WEST AFRICA:

VOTED, That we invite F.S. Bolton and wife, of South Dakota, to come to the Foreign Mission Seminary, under the plan of provisional appointment to the mission fields, having in mind the possibility of their responding to the call for teachers for the Waterloo mission school, West Africa.

S.B. HORTON:

The Religious Liberty Department reported that during February there would likely be need of help in working among Congressmen and Senators, in opposition to National Reform influences. It was stated that Elder S.B. Horton, religious liberty secretary of the Atlantic Union, would be able to render good service, and that that union was willing to continue his salary if the General Conference would pay his transportation.

VOTED, That we comply with the suggestion regarding Elder S.B. Horton, paying his transportation to Washington and return, for work during February in the national Congress.

MISS ROBERTS, STENOGRAPHER:

VOTED, That the rate of Miss Dora Roberts, stenographer in the Religious Liberty Department, be fixed at $8 per week.

PAPERS ON CITY WORK:

Reconsideration was given to the form of publishing the papers on City Work read at the recent council. In the study of the question it was felt that a pamphlet would reach few of our people, while to put the papers one by one in the Review would reach all our people, while at the same time giving those who desire to preserve the papers the opportunity of saving the pages on which they are printed. Inasmuch as the papers often cover the same ground, it was felt that it would be more appropriate to print them one by one each week in the Review. It was therefore—

VOTED, That the papers on City Work be published in the Review.

Adjourned.

A.G. DANIELLS, Chairman.
W.A. SPICER, Secretary.

That we advise Elder H. Wilbur to go on to China in February, if practicable, leaving his family to follow later, if necessary.

VOTED: To accept the proposition agreed to by Brother Haffner with the brother making the gift and the North Dakota Conference officers, to divide the proceeds between the Russian school, foreign missions, and the North Dakota industrial school.

SIGNAPURE:

It was agreed that the secretary, treasurer, and F.P. Palmer would act as a local committee to consider the call for a second man for Singapore.

VOTED, That in view of the straitened condition of the treasury and the difficulty found in planning to accede to just a few requests for additional help this year from needy mission fields, we report to South Africa that we do not see how it is possible to make appropriations this year for the return from South Africa of Elder I.J. Hanks and wife, and of Dr. Thomas and party; and that this year it seems impossible to plan for furloughs to America save in cases where conditions of health make action imperative.

TWELVE HUNDRED THIRD MEETING

GENERAL CONFERENCE COMMITTEE

February 19, 1911

PRESENT:

Prayer by E.P.Palmer.

BIENNIAL COUNCIL DELEGATION:

The committee on delegates to the biennial council in Europe from the General Conference office made their report.

In view of the fact that it was understood in the full meeting of the General Conference, when the General Conference term was changed to four years, that there would be rather a full meeting of the General Conference Committee at this biennial council, to review work already done and to plan for the following two-year outline, it was felt that it would not be proper at this time to restrict the delegation from the General Conference office to only the general officers.

It was understood also that the Publishing Department could do useful work in institutes and otherwise in Europe preceding the council, and that the Educational Department had also work it could do to advantage.

The committee reported that the following should attend the council: A.G.Danielle, W.T.Knox, O.J.Olsen, W.A.Spicer, H.F.Salisbury, M.E.Kern, F.B.Palmer, G.B.Thompson.

The report was adopted.
WEST AFRICA:

Communications from West Africa were read, in which Elder D.C. Babcock asked that some of those who are ill might be allowed to return to America for a time for their health.

The Committee felt that a much more economical means of getting necessary change would be for these workers to go to England.

It was felt also that in order to secure thorough counsel as to the conduct of the work in West Africa, it would be well to have Elder Babcock attend the biennial council.

VOTED, That we advise that Sisters Babcock and Lewis, of West Africa, be granted a furlough in England, if necessary on account of their health, and that we invite Elder D.C. Babcock to attend the biennial council in Friedeneau.

Adjourned.

A.G. PANIELLS, Chairman.
W.A. SPICER, Secretary.

UNION WORKERS: TITHE:

In reply to the question as to where union officers and workers should pay their tithe, it was:

PERFORMANCE OF MARRIAGE SERVICE:

Regarding the question submitted concerning the performance of the marriage ceremony by a licensed minister in Norfolk Island, it was:

VOTED, That in view of the fact that our regular practice has been that only ordained ministers should perform the marriage service, we recommend that in the situation in Norfolk Island, the union conference take the matter up with the civil authorities, and in case it is found in conformity with the law regulating the performance of the marriage ceremony, that special authorization be granted the ordained elder of the local church to perform the service.

AGREED, That all but F.P. Palmer shall return immediately after the Council, in time for camp-meeting work.
APPROPRIATIONS FOR 1911:

The treasurer presented an outline of receipts and disbursements for 1910, and of the calls for 1911, preparatory to going into the budget of appropriations.

The disbursements in 1910 were $400,194.

The calls listed from home and foreign fields make up $445,973.

The prospective receipts for 1911 were put by the treasury estimate at $401,345.

This, with the making up of last year's deficit, means, roughly, that the scrutiny of the estimates should result in cutting down upwards of twenty per cent.

A letter from E. Frauchiger was presented to the Committee, in which he set forth his financial situation. It was agreed that 300 marks be allowed Elder Frauchiger for the year 1911 toward his rent, but that he be advised to find a cheaper dwelling. His present lodging is costing him 300 marks annually. In view of the expense he had had in moving recently into the suburbs of Constantinople, he was allowed 1300 piasters extra. The Chairman invited the hearty cooperation of the two German Union presidents in his efforts to secure just the best procurable men for future conference presidents in Brazil.

It was thought that Elders Daniels and Knox should attend the German-Swiss meeting; if either of these cannot come, E.P. Palmer is expected in his stead.

It is the advice of the Committee that she complete her work in America and take the midwifery course in England, as soon as circumstances allow; and in case financial help is necessary, the European Division would favor our rendering her some assistance.

VOTED, That Brethren Oster and Dirksen be advised to visit northwestern Persia, calling at Urmia and Tabriz. They will remain at one of these places until they hear from us, after having reported to us fully the conditions and the outlook as they find them there.

DOUGH OF VICTORIA NYANZA:

While, under the circumstances, we acquiesce in the purchase of the dhow secured by Brother Ohme for service on the Victoria Nyanza, yet we would request for the future that where such large sums are involved, the European Division be first consulted before such an outlay is made.

In the German Unions, the money will be sent direct from the subtreasury.

VOTED, That if there be any surplus after the accounts are closed for the year 1910, the same should be carried forward to the regular funds of 1911.
