VOTED, That we authorize the treasurer to allow the transportation expense of Mrs. Geo. McCready Price from California to Berrien Springs, amounting to \$95.62.

EXCHANGE OF R W BICKETT AND CECIL HIGGINS:

There was some discussion as to the desirability of giving young men a training both in a local conference office, and also in the General Conference Treasury Department, with a view to fitting them for work in secretary-treasurer lines in foreign fields. One of the workers in the Treasury Department at the present time is willing to accept a call to a mission field but he has had no experience in local conference work.

It was therefore suggested that an exchange might be worked out, whereby this worker could be taken into a local conference office, and the local conference man be brought to the General office, with the idea that both men would hold themselves subject to a foreign call. In this way two men would be in training for foreign work.

VOTED, That we request the Atlantic Union and the New York Conference to release Cecil Higgins, to connect with the General Conference Treasury Department, New York taking in exchange R.W.Bickett, of the General Conference office, the General Conference to meet the expense of the transfers, and it being understood that both men will hold themselves subject to call to foreign service.

VOTED, That we release Dr. Gordon Reynolds from the call to medical work in Bolivia.

N.Z.TOWN--EUROPE:

Letter was received from the Southern European Division, protesting against the action of this Committee in canceling the visit of N.Z.Town to that division. They report arrangements all made for a number of publishing meetings in which Elder Town's presence is very much desired and needed, and they urgently requested that Elder Town be allowed to carry out the program as planned.

VOTED, That cable be sent to Europe, withdrawing objections to N.Z.Town's itinerary in the European Divisions.

EXPENSE OF PROMOTION OF EXTENSION FUND:

VOTED, That the treasurer be authorized to charge the expense of the promotion of the Extension Fund, in 1928, against the overflow of that fund, in view of the fact that there was an overflow last year.

HOSPITAL-DISPENSARY -- SHANGHAI:

The following cable was received from Shanghai, dated March 19: "Range Road clinic lot very valuable. We favor constructing hundred bed hospital instead fifty. Five stories. Cost sixty thousand gold, forty thousand cash good pledges. Undertake raise balance during construction. Public most sympathetic. Sanitarium overtaxed. Cable consent."

The matter was discussed at some length, but in view of the fact that Elders Shaw and McElhany are on their way to the Pacific Coast, to attend annual constituency meeting there, at which there will be present quite a number of union conference presidents, as well as other members of the General Conference Committee on the Coast, it was felt that the cable message should be passed on to them, with the conviction of the members here that the matter be referred back to the Far Eastern Division, for consideration in their Division Council soon to be held, the decision of the Far Eastern Division Council to be brought to the Spring Meeting of the General Conference Committee for final action.

C.A.RUSSELL--DES MOINES:
