OPENINGS IN ABYSSINIA:

Elder C.K.Meyers, who has just returned from visiting our mission fields in East Africa and Abyssinia, reported the work making good progress in the Tanganyika, Kenya and Uganda fields. In Abyssinia there seem to be providential openings, especially for medical work. The Emperor, with whom Elder Meyer was privileged to have a personal interview, has proposed to make us a gift of \$25,000, besides the land, for the establishment of a hospital. He also requests that we recommend to the Abyssinian government two doctors to take charge of a new maternity hospital which has recently been built in Addis Abeba, the capital.

Word concerning these openings in Abyssinia has also come from the Northern European Division, which has the direction of the work in the Abyssinian field, and they request counsel as to how they should relate themselves to the offer of the Emperor.

VOTED, That a message be sent to the Emperor of Abyssinia, thanking him for his kind offer of land and money for a hospital, and assuring him that we will recommend to our Northern European Division that they study the matter carefully when they have a representative in Abyssinia next winter.

VOTED, also, that we assure the Emperor that we will endeavor to find two doctors whom we can recommend to the Abyssinian government for the maternity hospital in Addis Abeba.

VOTED, That we counsel the Northern European Division to accept the gift of \$25,000 offered by the Emperor of Abyssinia for a hospital in Addis Abeba, the capital, provided the Northern European Division Committee feels they will be able to care for this work in future years within their regular budget, without extra appropriation.

CHINA'S REQUEST FOR A DOCTOR FOR MEDICAL SCHOOL:

A request was presented from the China Division for the appointment of a doctor, to serve full time on the faculty of the St. John's University Medical School, this in connection with the desire of the China Division to provide in China full medical education for our Chinese young people.

VOTED, That we advise the China Division that in view of the fact that we anticipate a still further cut in budgets, we do not deem it advisable for them to inaugurate such a program as is contemplated by this call for a physician to connect with the St. John's University faculty.

COMMITTEE ON INVESTMENTS:

A committee which had been appointed by the officers submitted a report, which was adopted as follows:

Whereas, In these days of financial uncertainty and depression it becomes increasingly necessary to exercise the utmost care in investing all surplus funds, reserves, or trust funds of the General Conference, the General Conference Corporation and the General Conference Association; and,

Whereas, In view of these times the responsibility to the denomination of making these investments is a very serious one, and creates a burden which it is unfair to ask our treasurer to bear unaided; we therefore,

Recommend, 1. That a standing Committee on Investments be appointed annually by the General Conference Committee.

2. That this committee shall authorize all buying, acquiring, selling or otherwise disposing of all securities now held by the General Conference, and all that shall hereafter be acquired or purchased.

We further recommend, That the following be appointed to serve on this committee: J.L.Shaw, C.H.Watson, I.H.Evans, H.H.Cobban, J.L.McElhany.

TRANSFER OF TITLES TO PROPERTY IN JAPAN:

During the years of our work in Japan, all our mission property in that field has been held in the name of individuals, inasmuch as the government would not allow title to be held by a foreign corporation. The government has now consented, however, to the transfer of these properties either to the General Conference Corporation or to a legal organization to be formed in Japan, and the brethren there ask for authorization to make such transfer, and for some financial assistance in meeting the expense.

VOTED, That we authorize the Japan Union Mission to proceed with arrangements for transferring either to the General Conference Corporation or to a legal organization to be formed in Japan, all titles to mission properties now being held by individuals; and in view of the fact that until such transfer is effected our property rights are in jeopardy, inasmuch as under Japanese law property held by an alien reverts to the government on the death of such alien, we authorize the treasurer to appropriate from the Emergency Fund up to \$3000, to assist in meeting the expense involved in this matter.

VOTED, That the treasurer be authorized to meet the full amount of the medical expense of Mrs. L.G. Jorgensen; and that in view of the fact that exceptional circumstances make it necessary for Mrs. Jorgensen, in order to obtain special treatment, to live in a city where rents are high, they be given \$10 a month as a rooming allowance.

VOTED, That we approve of E.F. Hackman's attending a Home Missionary Convention in Pittsburgh, May 29 and 30.
