SCHOOL ACCREDITING:

A statement was read, which had been prepared for
presentation to the Commission on Institutions of Higher Educa-
tion of the North Central Association of Colleges and Second-
ary Schools. It outlined our denominational educational system
and set forth the reasons why in connection with the question
of accrediting we feel our colleges should be exempt from the
endowment requirement of the Association. It also requested
exemption for Emmanuel Missionary College and Union College
from the decision of the Association requiring that schools
accredited as junior colleges should not do senior college
work unless they secure accrediting as senior colleges by 1933.

Some suggestions were made in an endeavor to clarify
certain points in the statement, and it was--

VOTED, That a committee be appointed by the chair,
to incorporate these suggestions, and that then the statement
be forwarded to the Commission.
