DEVOTIONAL SERVICE:

"O Worship the Lord," No. 6 in the Church Hymnal, was sung.

The delegates remained standing as O. O. Mattison, retired missionary and former General Conference Field Secretary, offered the opening prayer.

The Chairman, R. H. Pierson, introduced the devotional speaker as one who has served as a missionary, and is at present President of the North Pacific Union Conference.

April 2, 1968

W. J. Hackett read a statement from Christianity Today, January 19, 1968, by F. B. Huey, Jr., that "Rebellion, not obedience, is characteristic of our jet-age generation. This spirit is evident in our art, literature and morals in the revolt against law and authority in the talk of the death of God."

We can say no doubt without question that rebellion and change are more evident in the churches of the world than in the Seventh-day Adventist Church, yet we must be aware that we are somewhat caught up in the philosophies of our day as well as the tide of change that marks our present decade. This attitude and condition is not new. In every age, the people of God have been tempted to rebel against the true God and His ways. He read Isaiah 31: 1 and Isaiah 30:8, 9.

We have come to a time and a day when it is not only popular and intellectual, but sporty and smart to berate civilization's time-honored teachings, concepts, standards, and philosophies. There was a time when new perceptions must be found at least germinally in the fundamentals of the past. Modern intellect tends to let the pendulum swing completely to the other side and conclude that the older the source the less authoritative.

Some one came up with the slogan to describe the present-day swing in the words "The newest is the truest and the latest is the best." He feels this philosophy applies pretty well in the field of electronics, transportation, communication, etc. He questions if the change for the better in technology necessarily carries over into the areas of morals, standards, ethics, religion, and sociology. He expressed fear that we will become too enamored with science and technology and ignore inspiration and revelation.

He read Phillips' translation of 2 Peter 1: 12-19, and quoted from Sons and Daughters of God, page 335, a statement concerning human revelations having in all ages been given by God. Also he read from Education, page 170, a passage concerning the mysteries in the Bible and the certainty that it is the word of the living God, and human reason bows before the majesty of divine revelation. The Review and Herald of March 19, 1895, refers to the tendency to place reason and science above revelation. Great Controversy, pages 8 and 9, confirms the truth that the Holy Spirit communicated the word of God to the world by human agencies. The obedient, believing child of God beholds in it the glory of a divine power. As Seventh-day Adventist Christians today we need not only to stand for the mighty truths of revelation by word of mouth, but to let them be the very warp and woof and texture of our lives.

NOMINATING COMMITTEE:

VOTED, To appoint the following persons to serve as the Nominating Committee during the 1968 Spring Meeting:

R. H. Pierson, Chairman; W. R. Beach, Secretary; R. R. Bietz, Theodore Carcich, J. E. Edwards, K. H. Emmerson, W. J. Hackett, Richard Hammill, F. R. Millard, G. R. Nash, R. S. Watts, Neal C. Wilson, K. H. Wood.

THE SECRETARY'S REPORT:

The Chairman, W. R. Beach, said the past six decades have witnessed a steady march toward the present tangled situation in which we find ourselves. War, tension, and restriction becloud many horizons. Does this forbidding present and alarming future promise good or evil for the Christian church?

Religious leaders presently are giving considerable thought to the question, and so should Seventh-day Adventists. Enormous upheavals, they can be creative or catastrophic. To substantiate this view the decline of the Roman Empire is recalled. In Europe this decline gave Christian forces an opportunity to establish a new home base--an accomplishment which, from a human viewpoint, was to save the Church from disaster. At the same time a great new culture was born; while in Asia and Africa the Roman decline opened the way to Christianity's greatest defeat to date.

One thing is sure--the enormity of the present crisis is matched by the enormity of the opportunities we face. We believe the future will bring the Church of God to the greatest victories ever recorded since apostolic days. The outer stress and strain will produce inner strength. More important than the war in Southeast Asia, the explosive situation in the Near East, the worldwide racial tensions, or the short-sighted policies of closed frontiers, is the supreme fact of God's last messages to the world. We must concentrate on these.

Elder Beach referred to the shortsighted restrictions on the work in India.

April 2, 1968

He reported that the number of Roman Catholic and evangelical missionaries was reduced by 361 in six years. There is a very definite outlined and adopted policy in India to reduce the number of overseas Christian workers, and replace them if need be by national workers. There are important forces which see no difficulty in simply reducing the Christian forces in India. There was a reduction of 299 in the last year alone. We must not forget that today we are living in a very difficult situation in that part of the world. The restrictions on the horizon are very difficult.

The year 1967 justified our confidence. Every segment and institution of the Church was brought face to face with the world challenge. The response has been heartening, particularly in the commitment of workers to front-line responsibilities across the seas. Now, 9 world divisions (8 in addition to North America) are home bases from which faithful, well-qualified workers march to lands beyond. The total of new and returning workers, including 63 nationals (as against 43 last year), and 9 relief workers--the total workers sent was 808, which was 72 above last year's total, which was the record for all time.

Almost 60 per cent of all this group of workers was sent from the North American field. The number of new workers sent out was 56 more than the preceding year; the number of returning workers only 15 more.

There is a little change in the percentage grouping of our workers from North America. In 1966 the breakdown showed the number of health workers as having the highest percentage of all our workers sent overseas--33 per cent. Now in 1967 the number of health workers (physicians, dentists, nurses, and technicians) was 30 per cent, and the educational workers was 33 per cent. The ministerial group is now 24 per cent. The number of managerial and office workers has gone up 2 per cent; it is now 13 per cent.

Elder Beach expressed deep gratitude for the spirit of sacrifice and devotion that has continued to characterize the Seventh-day Adventist outreach. He marvels at the spirit of dedication and sacrifice on the part of the field and the General Conference, to give of their very best to the overseas work. "To go where the Church asks me to go," as one young man expressed it--to him that is a tremendous spirit. We ought to build monuments to that spirit. So may God keep His hand of grace and protection over the Church as we dedicate every energy to these achievements--today, tomorrow, and next year, until the work is finished.

WEST INDIES UNION MISSION--
UNION CONFERENCE STATUS:

A Survey Commission was chosen by the General Conference to give study to the possibility of raising the status of the West Indies Union Mission to that of a Union Conference. This commission accomplished its task and made a report to the Inter-American Division. In turn, the Inter-American Division has accepted the report of the Survey Commission and has recommended to the General Conference that Union Conference status be granted to the West Indies Union Mission.

VOTED, To approve the change of status on the part of the West Indies Union Mission to that of a Union Conference, effective as of July 1, 1968; and that this item be referred to the 1968 Autumn Council for action, and to the 1970 Quadrennial session.

April 2, 1968

TREASURY REPORTS:

K. H. Emmerson, Treasurer, said he had not planned to bring a formal report at this time, but would have the Treasury Reports and audited statements presented. He spoke of the real problems that perplex us. Even those who claim to be experts in the fields of finance really do not know what is going to happen. We are endeavoring to keep close to the situation in the hope we shall be wise enough through the help of the Lord to conduct our business in such a way that anything that might happen will have as little effect upon the funds of God's people as possible, so that we shall not be embarrassed, but that we can be assured of the maximum returns for the tithes and offerings our people have so liberally given.

The tithes and offerings and Ingathering--all of these are increasing. There are many needs and problems in the field that have to be met. In a co-operative manner and through the spirit of unity God's people will find a way to meet these problems. We thank the Lord for the very dedicated laity and working force He has in this Church. Down deep in their hearts the young people love this message and they want to be helpful. We as leaders and as responsible members of the Church should take every opportunity to get close to these young people, and to guide the abilities of these young people into the right channel. They will be a real help to this Church as we come closer to them. We have no reason but to be of good courage, for if the Lord is with us, who can be against us?

The Treasury Reports for the Spring Meeting of 1968 were distributed.

On request of the Treasurer, O. A. Blake, Undertreasurer, presented the Treasury Reports. He first presented the Balance Sheets, Statements of Operations, and Retained Net Worth for the twelve months ended December 31, 1967, for the General Conference of Seventh-day Adventists, also the Financial Statement for the Sustentation Fund. R. J. Radcliffe presented the Auditor's Statement, which was adopted, waiving the reading.

O. A. Blake next presented the Balance Sheets, Statements of Operations, and Retained Net Worth for the twelve months ended December 31, 1967, for the General Conference Corporation of Seventh-day Adventists. It was voted to waive the reading of the Auditor's Statement and to adopt it. The Balance Sheets, Statements of Operation, and Retained Net Worth for the twelve months ended December 31, 1967, for the General Conference Association of Seventh-day Adventists were presented. The Auditor's Statement was adopted, it having been voted to waive its reading. A statement concerning the North American Corporation of Seventh-day Adventists was also presented.

VOTED, To accept the 1967 Treasury Reports for the General Conference of Seventh-day Adventists, the Financial Statement for the Sustentation Fund, the General Conference Corporation of Seventh-day Adventists, the General Conference Association of Seventh-day Adventists, the Auditor's Statements; also the statement concerning the North American Corporation of Seventh-day Adventists, as follows:

- Securities in the amount of \$300,000.00 have been designated as "Funds-Functioning-as Endowment" for Oakwood College, the earned income from which is assigned to and becomes a part of the operating subsidy of Oakwood College.
- At the balance sheet date an agreement was in process of negotiation with Clyde and Mary Harris, providing for payment of life incomes to them in the approximate amount of \$30,000.00 per year, beginning in 1972. This contract when executed, will represent consideration for a fractional part of the value of the Milton Box Company Stock transferred to the General Conference by Clyde and Mary Harris during 1963.
- By resolution of the Board of Trustees of the General Conference Corporation of Seventh-day Adventists, the General Conference Corporation of Seventh-day Adventists co-signed an agreement between Loma Linda University and the New York Life Insurance Company to borrow \$10,000,000.00 for construction of the New Medical Center and also co-signed an agreement between Loma Linda University and the Security First National Bank for \$2,250,000.00 additional financing on the New Medical Center. These Construction Notes Payable of Loma Linda University on the New Medical Center were formalized in July, 1967. The principal and interest payments on these Construction Notes Payable are guaranteed by the General Conference Corporation of Seventh-day Adventists over a period of twenty years.

EDUCATIONAL GATHERINGS IN 1968--
AUTHORIZATION FOR:

On request of the Department of Education, and in harmony with the recommendation of the General Conference Officers, it was--

VOTED, To authorize the following Educational gatherings:

Pre-School Education	Andrews University	August 18, 19, 1968
Commission on Secondary Education	Takoma Park, Md.	Dec. 15 (2:00 P.M.)
		to Dec. 17 (12:30 P.M.)
Commission on Higher Education	Takoma Park, Md.	Dec. 16 (7:00 P.M.)
		to Dec. 17 (5:30 P.M.)
Commission on Elementary Education	Takoma Park, Md.	Dec. 17 (2:00 to 5:30 P.M.)
Board of Regents	Takoma Park, Md.	Dec. 17 (7:00 P.M.)
		to Dec. 19 (5:30 P.M.)

CHURCH CALENDAR--ALTERATION OF DATES:

A request was presented from the Temperance Department to the General Conference Officers that we look into the circumstances of the move by one Union to change the These Times campaign from April back to February, but that in the meantime they approve the request by the Temperance Secretaries in that Union to carry on a direct-mail program as soon as feasible presenting the membership plan to our people; with the understanding that (1) the membership presentation incorporate the proposals being made by the General Department for membership and that (2) the Listen sponsorship plan be presented in the churches on February 24, according to the present church calendar.

There followed careful consideration of this item and the matter of altering dates in union fields. The agreement was reached that since the Calendar of Special Days and Offerings is fixed at the time of an Autumn Council there should be strict adherence to the dates voted. Any changes to be made should be given careful study when the Church Calendar is set up at the Autumn Council.

ANDREWS UNIVERSITY--
EDUCATIONAL WORKSHOP:

VOTED, To authorize the holding of an Educational Secretaries and Superintendents and Elementary Supervisors' Workshop at Andrews University, February 24, to March 13, 1969, this date to be listed with the authorized meetings at the time of the 1968 Autumn Council.

SUSTENTATION POLICY--
HARRIS PINE MILLS:

In order to deal fairly with all employees of a denominationally operated woodshop which may be taken over by Harris Pine Mills, thereby changing the status of the employees in this industry, it was--

VOTED, That the following words be deleted from paragraph 55 of the Sustentation Policy: "and if he does not return to denominational work after a period of

April 2, 1968

service at Harris Pine Mills, he must have a minimum of twenty recognized years of denominational service credit prior to employment at Harris Pine Mills in order to be eligible for sustentation benefits." The revised paragraph will then read:

"55. The continuity of a worker's service shall not be considered broken when by regular call, or transfer, handled through denominational channels he accepts employment at the Harris Pine Mills; it being understood that the time spent in the employ of Harris Pine Mills shall not be counted toward sustentation service credit. The personal service record of denominational workers accepting employment at Harris Pine Mills shall be forwarded to the General Conference Sustentation Committee for safekeeping at the time they make the transfer of employment." Further--

VOTED, That we recommend this revised paragraph 55 for incorporation in the policy at the time of the 1968 Autumn Council.

WELCOME:

R. H. Pierson spoke of the presence in the meeting of E. E. Cossentine and W. A. Benjamin; also Dr. Ernest Ching and Harry Schirillo, from the West Coast. He said we are glad they are with us.

Announcements of committees were read by D. W. Hunter.

Adjourned at 12 noon.

C. P. Sorensen, who served many years in the Far East, offered the closing prayer.

Recommendations from the Committee on Estate Planning and Investment Counseling were adopted as follows:

DEFERRED GIVING PROMOTIONAL FILM:

VOTED, That authorization be given for the production of a promotional film in color on deferred giving and that the cost be apportioned to the organizations and institutions participating and purchasing copies of the film.

INVESTMENT OF TRUST FUNDS IN DENOMINATIONAL PROJECTS:

VOTED, That the investment policies of the denomination be rigidly adhered to with respect to the investment of all funds held in a trustee capacity.

AUDITING OF TRUST ASSETS:

VOTED, That the General Conference Auditing staff associate with the union auditor in auditing of trustee accounts of all organizations and institutions.

GENERAL CONFERENCE INVESTMENT FUND--EQUITIES PORTION:

VOTED, That the General Conference Investment Fund Operational Procedures' Section IV be amended to permit investments in equities in an amount not to exceed approximately 75% in place of the present policy which permits approximately 65%.

GENERAL CONFERENCE INCOME FUND:

VOTED, That effective April 1, 1968 Section XVII of the General Conference Investment Fund Operational Procedures be amended to read as follows:

Section XVII -- General Conference Income Fund

In addition to the Fund, there shall be established a separate General Conference Income Fund which may be used for the investment of the cash corpus of life income agreements written by denominational organizations and institutions and for any other funds requiring a relatively high current income yield. This fund shall be governed by the following provisions:

A. It shall be operated essentially the same as for the Fund proper and by the same personnel, but it shall have its separate bank accounts, accounting records, and investment portfolios. The accounts shall be maintained on a unitized basis.

B. The primary objective of this fund shall be to provide a relatively high current investment income while preserving capital; enhancement of capital shall be of a minor and secondary consideration. A flexible investment diversification policy shall be followed as determined by the Securities Committee of the General Conference, and may include all types of suitable investments.

April 2, 1968

C. Net realized capital appreciation on the life income agreements units in this fund shall, until called, be retained for reinvestment, thereby providing additional capital on which current investment income may be earned.

GENERAL CONFERENCE INVESTMENT FUND AND INCOME FUND--
UNITHOLDER DEPOSITS:

VOTED, That it be assumed by the General Conference in accepting funds for investment by organizations and institutions that 50 percent of the corpus of annuities and other irrevocable trust agreements is being retained by the trustee organization in the field for investment in mortgages on real property as authorized in paragraph 11, page 245, of the General Conference Working Policy pertaining to safeguarding funds of the cause.

VOTED, That institutions and organizations may have the prerogative of placing funds in the General Conference Investment Fund or in the General Conference Income Fund, and that funds may be interchanged at any time upon authorization from the respective unitholders at the unit valuation at time of transfer.

ESTATE PLANNING AND INVESTMENT MEETING--1969:

VOTED, That an Estate Planning and Investment Meeting be held March 16-21, 1969, in Dallas, Texas with the following personnel being authorized to attend:

General Conference: W. P. Bradley, K. H. Emmerson, Boardman Noland,
R. E. Osborn, Neal C. Wilson, all Auditors

General Conference Institutions: Personnel engaged in deferred giving and investments as authorized by controlling boards.

Union Conferences: Personnel engaged in deferred giving and investments as authorized by controlling committees; also all union auditors.

Local Conferences: Personnel engaged in deferred giving and investments as authorized by controlling committees.

The above meeting is to be included in the actions of the 1968 Autumn Council.

TRUST ADMINISTRATION WORKSHOP AND MANUAL:

VOTED, That a Trust Administration Workshop be held in connection with the next Estate Planning and Investment Meeting, and that a manual to be used in connection with this workshop be prepared by the following committee:

Fred MacDonald, Chairman; Richard James, Vice Chairman and Secretary;
Alva R. Appel, I. E. Anunsen, J. B. Bogle, H. D. Burbank, C. M. Laue, Frank McMillan, R. E. Osborn

Further, That this committee also give consideration to the preparation of a standardized trust agreement format which, with adaptations, could be used in general throughout the field.

April 2, 1968

The recommendation on "Home and Automobile Loans to Workers--Source of Funds" from the Estate Planning Committee was referred to the 1968 Autumn Council.

The recommendation on "Association Personnel Titles" was referred for further study to the Statistical Advisory and the Yearbook Committee. Action can be taken later by the General Conference Committee and the Autumn Council.

ASSOCIATION OF SELF-SUPPORTING INSTITUTIONS:

Wesley Amundsen has submitted his resignation to the ASI as Executive Secretary of that organization, and this has been accepted. It was --

VOTED, To record the resignation of Wesley Amundsen and to express our appreciation for the tireless and able service he has given over 43 years in our work. He has been connected with the ASI for the past seventeen years.

The Executive Committee of the ASI has recommended that C. H. Lauda succeed Wesley Amundsen as Executive Secretary.

VOTED, To approve the recommendation that C. H. Lauda be appointed Executive Secretary of the ASI.

SUSTENTATION AND RETIREMENT FUNDS--COMMITTEE REPORT:

The 1967 Autumn Council provided that separate retirement funds be maintained and administered by the General Conference. Since 1961 a record has been kept of the disbursements from the Sustentation Fund for sustentation beneficiaries of publishing houses and hospitals. It has been the plan for these organizations to pay into the Sustentation Fund sufficient to cover the disbursements from the fund for sustentees of these organizations. Each year the Autumn Council has set the payroll percentage which was to be used in calculating the contribution to the Sustentation Fund from these organizations. During the seven-year period 1961-1967 inclusive, there have been years when the contributions to the fund were not sufficient to meet the actual expense of these organizations, and in the case of hospitals there have been years when the contributions have exceeded the actual expense. Any overage or shortage of actual receipts compared with actual expense has been absorbed by the Sustentation Fund. On December 31, 1961 the balance in the Sustentation Fund was \$8,216,486.16. The total expense for the year 1961 was \$4,369,078.98; therefore, the Sustentation Fund Reserve amounted to 188.06% of the annual operating expenses as of December 31, 1961. It was --

VOTED, 1. That a portion of the Sustentation Fund Reserve as of December 31, 1961 be transferred to the separate Hospital Retirement Fund and the separate Publishing House Sustentation Fund in an amount equal to 188.06% of the disbursements from the fund during the year 1961 for sustentees of these organizations, thus allocating an equitable portion of the total Sustentation Fund Reserve to each of the three separate retirement funds, namely: The General Sustentation Fund; The Hospital Retirement Fund; The Publishing House Sustentation Fund.

On this basis the allocation of the Sustentation Fund balance on December 31, 1961, would be as follows: General Sustentation Fund, 79.89%; Hospital Retirement Fund, 14.05%; Publishing House Sustentation Fund, 6.06%.

April 2, 1968

2. That interest earned and dividends received by the Sustentation Fund during the period of 1961-67 be apportioned and transferred to the Hospital Retirement Fund and the Publishing House Sustentation Fund on the basis of the percentage rate of earnings in the total Sustentation Fund applied to the computed reserves annually in the Hospital Retirement Fund and the Publishing House Sustentation Fund.

3. That beginning January 1, 1968 each separate Sustentation and/or Retirement Fund receive its proportionate share of the investment income, including interest, dividends, and realized capital gains, according to the percentage each individual fund bears to the total sum of all funds, and further, that each fund be charged its proper share of the actual operating and administrative expenses.

4. That each Seventh-day Adventist hospital and retirement home in the United States pay into the Hospital Retirement Fund in behalf of non-Seventh-day Adventists employees prior to January 1, 1968, an amount equal to \$360.00 for each non-Adventist full-time employee who has been in the employ of the institution for a period of three years or more on January 1, 1968, and that where significant amounts are involved the payment may be made over a two-year period ending December 31, 1969.

5. That in setting up the special retirement fund for non-Adventists in the General Conference, the balance in retirement funds for non-Adventists (other than medical institutions' employees) now being carried in the various union conferences and/or institutions in the United States be transferred to the General Conference special retirement fund for non-Adventists. This is to include funds from all organizations (other than medical institutions) computed on the basis of the regular sustentation percentage on the payroll of non-Adventist employees for the years 1965, 1966, and 1967, whether the funds were actually set up or not.

6. That the Publishing House Sustentation Fund maintain a balance equivalent to three times the amount of the preceding year's Publishing House Sustentation expense in harmony with the provisions of the General Sustentation Fund and also the Hospital Retirement Fund. It is recognized that this goal may not be achieved immediately, but that the annual contributions to the Publishing House Sustentation Fund should be increased moderately so that this objective may be achieved over a reasonable period of time.

UNIFORM RETIREMENT AGE FOR MEN AND WOMEN:

Recent changes in the denominational wage scale in the North American Division provide that the basic wage scale be the same for all individuals in a specific classification. In the Hospital Retirement Plan adopted by the 1967 Autumn Council no difference was made in the retirement age for men and women. After careful consideration, it was --

VOTED, To recommend to the 1968 Autumn Council that effective January 1, 1969 the retirement age for women employees as set forth in the Sustentation Plan be the same as the retirement age for men for all denominational organizations in the North American Division, and that in harmony with this plan paragraph 50 of the Sustentation Policy be deleted and paragraphs 48, 49, and 51 be revised to read as follows:

April 2, 1968

"48. An individual who has reached the age of sixty-five, or one who has reached the age of sixty and who has given thirty-two years of service, may elect to retire and receive sustentation benefits, in which case the employing organization shall supplement his retirement allowance to full salary for six months. (See paragraph No. 71 for continuance of salary for six months when individual is granted benefits because of disability or has less than 25 years of service.) The employing organization may also elect to place on retirement and to recommend an individual who has reached the age of sixty years and who has given thirty-two years of service, for benefits from the Sustentation Fund, provided that in the event of his being admitted to the Fund the said organization pays to the Fund the equivalent of his salary for six months in addition to supplementing his retirement allowance for six months. This provision is not a guarantee of continuous employment to the time a worker reaches the age of sixty years. In case of retirement because of physical infirmities, the six months' appropriation to the Sustentation Fund shall be waived.

"49. This regulation which provides that age shall be the basis of retirement if the applicant has reached the age of sixty-five, or at the age of sixty has given not less than thirty-two years of service to a Seventh-day Adventist organization, is not intended nor should be interpreted as suggesting that these are retirement ages irrespective of health, ability, and opportunity for service, but the regulation should be understood as merely setting a minimum limit when age alone may be considered a determining factor in granting or electing retirement.

"50. All applicants for sustentation benefits who are under sixty-five years of age, unless they have reached the age of sixty and have thirty-two years of service to their credit, shall submit with their application a medical report from a physician recognized by the Sustentation Committee, and no worker shall be admitted to the Sustentation Fund who is below sixty-five except for serious disability unless he is past sixty and has thirty-two years of service."

SABBATH SCHOOL PROMOTION FILM:

A 17-minute color film on our medical work in the Australasian Division was shown to the Committee. It will be very effective in promotion work, and may be ordered from the Sabbath School Department.

One Hundred Fifteenth Meeting

GENERAL CONFERENCE COMMITTEE

April 3, 1968, 9:30 A.M.

DEVOTIONAL SERVICE:

F. L. Bland, General Conference Vice-President, led in singing No. 116 in the Church Hymnal, "Dear Lord and Father."

E. E. Cossentine, formerly Department of Education Secretary, not retired, led in prayer.

As Chairman for the morning business session, F. L. Bland said what a joy and privilege is ours to approach our heavenly Father's throne in worship before we attempt to take up the duties of the day. He introduced H. H. Schmidt, President of the Southern Union Conference, as the one to bring the message from God's Word.

H. H. Schmidt said that recorded on the pages of history, both secular and profane, is the fact that the world has proclaimed its great heroes. Most of these men were proclaimed as victorious over enemy forces. Some were greater than others as victors. We think of Alexander riding into Carthage; we think of General Pershing, who engaged in a victory march to Paris, and returned to New York. These and others named were not only honored as conquerors, but also as victors over enemy forces. Most of these men symbolized glorious achievements, something accomplished.

Revelation gives us a picture, and certainly the record foretells an event which will surpass anything the world has ever seen. He then read Rev. 19: 11 and 16, concerning a white horse, and He that sat upon him, having on His vesture a name written KING OF KINGS and Lord of Lords. Here John pictures this army riding on white horses. This is just what he saw in vision from the pages of history. In Revelation 19 we have an insight not only of a brilliant spectacle, but we are privileged to get an insight of the Victor.

News writers were present at the testing of the hydrogen bomb. After the explosion took place they could hardly find words to describe it. It was something they hardly expected, beyond their imagination. They were pressed to know what to say. Elder Schmidt spoke also of the launchings from Cape Kennedy and the description of what was seen by those in action.

In Revelation 19 we have an insight of the Victor--Christ Jesus Himself at the head of an army, which fires the imagination. Matt. 24: 30, 31, and Luke 21: 27. The scene involves apparently numberless angels, the blowing of trumpets, the flashing of lightning, the rolling back of the heavens--something even beyond the imagination of the writer to describe. The impressive part is the sight of the victorious King, a General riding at the head of a force mounted on white horses. Historically there is nothing more impressive than a victor riding at the head of an army.

April 3, 1968

In Great Controversy, page 642, Sister White uses almost the identical language of the Bible. What a scene that will be! What an hour for the redeemed of all ages to come to, for those who have been engaged in battle against the forces of evil, against Satan and his forces. This will be a tremendous hour. 1 Cor. 15: 57--"Thanks be to God, which giveth us the victory through our Lord Jesus Christ." This is the only way we will have victory. It will be a glorious victory.

The greatest experience of a Christian worker in this cause is the manifesting of one Christian grace above all others and that is the Christian grace of patience. Vol. 4, p. 116--"The Lord frequently places us in difficult positions to stimulate us to greater exertion. In His providence special annoyances sometimes occur to test our patience and faith." Heb. 10: 36 speaks of the need of patience. It takes a great deal of patience and suffering and endurance to understand God's will and to give way to it.

In Vol. 7, p. 14, it states that "God and Christ and the heavenly agencies are working with intense activity to hold in check the fierceness of Satan's wrath, that God's plans may not be thwarted." What greater promise could we have than that as soldiers of the cross! The Spirit of Prophecy makes it clear we will not be without scars in pressing the battle to the gates. One of the first signs revealed at His appearing will be the prints of the nails in His hands. May we be victorious first of all in our everyday living. May we some day soon be a part of the victorious army that shall enter the city. May we receive the crown of victory, which shall be a crown of rejoicing.

Cree Sandefur, President of the Columbia Union Conference, and C. O. Franz, General Conference Associate Secretary, led in prayer.

At 10:10 A.M. attention was given to the Agenda. Item No. 12--Sabbath School Visual Aids, was referred to the General Conference Officers for further consideration.

1968 AUTUMN COUNCIL--ATTENDANCE:

VOTED, That the following be invited to attend the 1968 Autumn Council:

1. Union Secretaries and Treasurers
 2. Local Conference Presidents
 3. The General Conference Officers to select up to thirty others.
- (Included in this number on a rotating basis would be union auditors, college presidents, departmental secretaries, and medical institution administrators.)

HEALTH FOOD SERVICE:

VOTED, That the financial provision for the General Conference Health Food Service be on the following basis:

1. That for 1968 and 1969 the yearly budget of \$20,000 be covered by contributions from divisions on the following basis:

April 3, 1968

Australasia	\$5,000
North America	5,000
Northern Europe	2,500
Central Europe	2,500
South America	2,500
Southern Europe	1,250
Trans-Africa	<u>1,250</u>
	\$20,000

2. In 1970, North America and Australasia would continue their contribution with the General Conference budget providing the remaining \$10,000; while in 1971 the General Conference budget would make the total provision.

BURMA--LETTER FROM KALEE PAW:

W. R. Beach read excerpts from a letter written by Kalee Paw, President of the Burma Union. The letter was dated March 28, 1968, and referred to the Union year-end Committee which was followed with the Section Committees and Annual Meetings. He wrote assurance that good plans have been laid in all sections for the work in 1968.

They have received a cable from the Division stating that all three of the former officers of the Burma Union have been re-elected to continue service for another four-year term. The Burma Union brethren have accepted this as God's will. He requests prayer for them and the work. They have 85 churches with a total membership of 3,989. The work of their Bible Seminary is still functioning well. There are 26 students in the present class. They have opened up work in many new places during the last two years.

Beginning with the 1968-'69 school term all schools in Burma will be closed on Sabbath. In all respects the work of God is progressing. He sent greetings.

VOTED, To reciprocate and send greetings in return.

CZECHOSLOVAKIA--CABLE FROM:

The following cable from Praha was read:

ADVENTIST LEADERS CZECHOSLOVAKIA HUNGARY POLAND AND DIVISION REPRESENTATIVES ATTENDING CHRISTIAN PEACE CONFERENCE SEND GENERAL CONFERENCE LEADERSHIP FELT GREETINGS STOP MINDFUL YOUR SINCERE DESIRE WORLD PEACE WE PLEDGE FULL SUPPORT YOUR CONTINUED EFFORTS IN FAVOR PEACE BROTHERHOOD ALLEVIATION SUFFERING AND ELIMINATION ALL FORMS DISCRIMINATION HATE AND VIOLENCE (Signed) THE PARTICIPANTS.

VOTED. To acknowledge this message and send greetings to the brethren in Eastern Europe, through the proper channels.

REPORTS ON EVANGELISM:

A. C. Fearing, Ministerial Association Associate Secretary, said:

I have good news for you. The church membership in the North American Division for the year ending 1967 is 401,970, a gain over last year of 10,956! We had 23,456 baptisms during the year 1967. This is over 2,000 more baptisms than we had the year before.

April 3, 1968

It is interesting to know that we have 2,592 ordained ministers; 920 licensed ministers. That is a total of 3,512 ministers which gives us 6.7 people baptized for each ordained and licensed minister in the denomination.

Fifty-four members of the General Conference staff, including officers, departmental secretaries and their associates, will be participating in the 1968 program of evangelism around the world. Many of these evangelistic campaigns will be held in North America, yet others will be held overseas. This will include Elder Pierson who will be conducting his evangelistic campaign overseas this year. Everywhere one goes he hears and sees and feels the great program of revival, reformation, and evangelism.

It is inspiring also to note that in the year 1967 there were 161 conference administrators in North America who conducted or participated in an evangelistic campaign.

In a letter just received from the Inter-American Division, we learned that in the City of Bucaramanga two evangelistic campaigns are in progress. They are conducted four nights a week in two different churches. Two services are held each night in the two churches. The author, Luis Florez Q, tells us that something has happened in old Colombia that has never happened before. There are so many people in each session that they are unable to accommodate all of them. While the first program is going on, multitudes are forming outside, waiting for the second program to begin. When the doors open, an avalanche of people rush in, and the ushers actually have to pick up people who fall down from being pushed by those behind them. They have just invited four more ministers in to help the pastors in the city, and they calculate that 4,000 persons have heard each subject presented and that there are about 1,500 interested ones.

Word comes from Manila concerning Pastor J. R. Bailey who is conducting evangelistic meetings in the Manila Center. At present they have 2,500 interests. They have already secured 80,000 additional Voice of Prophecy enrolments and are working to secure at least 6,000 more. Three hundred people are remaining each night for a Bible study class.

This is but a fragment of the good news that we have coming to us constantly. Truly the Lord is performing miracles with His Spirit-filled ministers around the world. We are seeing the fulfillment of Isaiah 33: 3--"Call upon me, and I will answer thee, and shew thee great and mighty things, which thou knowest not." We can expect to see more and more of great and wonderful things for the people of God in the closing scenes of life's history.

R. H. Pierson expressed appreciation for this very fine report from North America. We have heard of the wonderful things going on in different parts of the world. He said his heart is stirred as he hears what is going on in Burma and Eastern Europe. We are going to hear some most stirring stories that will come out of this Church in the next few years. His heart is still stirred to know that the Trans-Africa Division baptized more than 31,000 last year.

At our doorstep this is as challenging as anything that has come from any part of the world. North America has baptized or added by profession of faith over 23,000.

April 3, 1968

He expressed appreciation to each of the leaders and to our fine departmental leaders, to our union presidents, and every one that is having a part in soul winning here in North America. There is danger, however, of our settling down and being complacent. This work will not be finished until the last person responds to the last appeal for acceptance of Jesus Christ. There are still many large cities in North America as yet untouched. Let us get together and make 1968 the greatest in our history of soul winning.

Why are we here in this Spring Meeting? It is not merely to solve problems; it is to lay plans for the winning of souls. That is why we have organizations and institutions. Let us continue to place emphasis on soul winning--every department, every church, every individual in some phase of soul winning. We should not begin to limit our God. The work must begin in our hearts--in my heart, in the hearts of the leaders of this movement. Let us join our hearts and our hands and our prayers to the greatest forward movement this denomination has ever known.

Harry Schrillo, from Sepulveda, California, related experiences he has had in holding meetings and studying with families. In some cases the wife was a Seventh-day Adventist and the husband had not been baptized, or otherwise. He reported the blessing of the Lord and success in his work, so that now whole families are in the truth. We have an untold reservoir of souls we could bring in, he said, and thus have families united. The laymen can be encouraged to do this work.

F. L. Bland said this is a beautiful example of what God can do when a layman goes into a home and conducts Bible studies and five people are baptized.

J. L. Dittberner, President of the Northern Union Conference, related a conversation he had with Harry Schrillo. Brother Schrillo had given a Bible study the evening before he flew over night to attend the Spring Meeting. We need to recognize the sincerity and dedication our laymen have.

N. R. Dower, Ministerial Association Secretary, reported: Twenty-five young people including two young ladies are now members of a Preachers-of-Tomorrow Club which was organized at the beginning of this year in Singapore. This came about as a result of a special youth program of faith sharing which has literally changed the course of many of these young lives. They are without exception the product of Buddhist homes and are facing real problems as they seek now to prepare for the ministry of the Word. They have their hearts set on working for Chinese people and are anxious to be ready when the door opens for a thrust in the vast population of their home country. Sixteen of these young men are now enrolled in the theology course at Southeast Asia Union College. This, we feel, is a real answer to prayer as there is developing a real worker shortage in Malaya and in many other parts of the Chinese-speaking world.

As a result of a Voice of Youth meeting which was held in our school in Bangkok, Thailand, a thrilling story has unfolded which is related to us by Elder John F. Harris, the Bible Teacher and Pastor of the Church. Following the Voice of Youth meetings Elder G. T. Bertochini, youth leader for the Far Eastern Division, conducted a Week of Prayer and decision meetings. At the close of his meetings an earnest call was made for those who desired to become Christians to join a baptismal class and become members of God's remnant Church. In response to this call 204 young people made their decision and are now in baptismal classes which are being conducted currently each week in the school.

April 3, 1968

Many of these young people face real hardships for they come from non-Christian homes. It is our earnest prayer that many of these young people will follow through and become baptized members of God's remnant Church. This is a mighty miracle of divine grace and has brought great hope and inspiration to our work in all of Thailand.

Theodore Lucas, Secretary of the YPMV Department, said that Dr. Ernest F. Ching, of Seattle, Washington, who is an elective member in attendance at the Spring Meeting, talked with Paul DeBooy and shared with him his burden in the interest of youth evangelism. These lay people throughout the world field are the ones on whom we must depend to lead our young people into a great effort to finish the work.

WERBER JOHNSON--RESIGNATION;
APPRECIATION FOR SERVICE:

Werber Johnson, an Associate Auditor, and who has served the denomination for more than forty years, has indicated a desire to retire about Nov. 1, 1968.

VOTED, That we record the desire of Werber Johnson to go on retirement as of November 1, 1968; that we agree to this, and recommend his name to the Sustentation Committee for consideration. It was further--

VOTED, To record our appreciation for the faithful and dedicated service given by Werber Johnson.

R. B. CALDWELL--ASSOCIATE AUDITOR:

VOTED, That we pass on to R. B. Caldwell through the Inter-American Division an invitation to connect with the General Conference as an Associate Auditor; and that he be elected to this position.

W. L. KILROY--HEALTH FOOD SERVICE:

On November 9, 1967, a plan for the implementation of a General Conference Health Food Service was adopted. The staff of the General Conference Health Food Service is to consist of a Secretary and an Office Secretary. A budget was set up for the salaries and travel expense.

The Nominating Committee has recommended the name of W. L. Kilroy, who is the head of our Health Food work in Australasia. He has served in the Division and with the Sanitarium Health Food Company for about twenty-four years, and with the Health Food program for a number of years beyond that. He has made visits to other parts of the world, and has a very fine grasp of the Health Food work around the world.

VOTED, That we pass on to W. L. Kilroy through the Australasian Division a call for him to connect with the General Conference Health Food Service as Secretary.

MINUTES of the General Conference Committee held March 28, 1968, were approved.

DEVOTIONAL SERVICE:

M. V. Campbell, Chairman, read two paragraphs from Testimonies, Volume 9, pages 19 and 20, under the topic "Called to be Witnesses." He stated this applies to us very much in our day. If there ever was a time when prophecy was being fulfilled rapidly and when things change almost over night, we are living in those times now. It is time for us to be more serious and more active in speaking of our belief in the second coming of Jesus Christ, and that it is very near at hand.

J. DeWitt Fox, Editor of Life and Health Magazine, led in prayer.

REPORTS:

D. S. Johnson, Associate Secretary, said several reports have been received from the Far Eastern Division expressing thanks for the provision made for the broadcasts over Radio of Free Asia from Seoul. The brethren in Korea will be preparing the Korean broadcasts. Elder Milton Lee will be preparing the material in Chinese, and this will be used for the Chinese broadcasts.

Elder Johnson said he thought the Committee members would like to know that the provision of \$10,000 planned is being implemented and very soon broadcasts will be made from Seoul to China and North Korea.

E. E. Cleveland, Associate Secretary in the Ministerial Association, gave a report concerning evangelism and a breakdown as to baptisms during 1967, as follows:

5	(3 in North America)	baptized	390 to 602
2			275 to 287

Wood

OTHERS PRESENT:

D. A. Delafield, N. W. Litchfield

DEVOTIONAL SERVICE:

R. S. Watts, Chairman, read passages from pages 716-720 of Prophets and Kings. In these passages it is evident God's people are being prepared for this momentous hour. He read "Today, in the spirit and power of Elias and of John the Baptist, messengers of God's appointment are calling the attention of a judgment-bound world to the solemn events soon to take place in connection with the closing hours of probation and the appearance of Christ Jesus as King of kings and Lord of lords." He remarked that it is tremendous the scope of the work to be done just before the coming of Jesus Christ. That which Israel failed to do, God will through the remnant Church accomplish today. All the promises of a great ingathering from the Gentiles, given to ancient Israel--on condition, will be fulfilled to God's people in this last hour. What a privilege to be a leader and worker for God at this particular time!

Opening prayer by A. V. Pinkney.

REPORT:

H. D. Singleton, Associate Secretary and Secretary of the North American Regional Department, gave the information that W. W. Fordham, in Haiti, in his first baptism baptized approximately 300. They were expecting another baptism this past Sabbath.

DEVOTIONAL SERVICE:

Opening prayer by O. A. Blake.

The Chairman, R. H. Pierson, read Col. 4: 12, 13. He said there are quite a number of little-known heroes of the cross mentioned here in this area of Colossians. This man Epaphras especially--to him a common individual, like most of us are. He was a servant of Christ, and one who served his own people. He was a man in touch with the common people. He prayed hard for them all the time. He believed in intercessory prayer. He carried heavily on his heart a burden for the folks there at Colosse. He prayed earnestly for them. The believers in Colosse were subject to tests, trials, and temptations, and he was praying they should stand fast; that their hearts would be open to the appeals of the Spirit of God and that they would be wholly devoted to doing God's will. All of us get into difficulty sometimes. It is good to have friends who can vouch for us because of their close relationship all the time. Epaphras worked tirelessly for the people at Colosse, and also for the people in Laodicea and in Hierapolis. He was an indefatigable worker; tireless in his working for others. Elder Pierson said that if you want to find a very rewarding study read the last eight or ten verses of the chapter.

REPORTS:

D. A. McAdams, Secretary of the Publishing Department, stated that today the Church operates 44 publishing houses in the world field. We print literature in 260 different languages. We have 2,213 men and women working in these 44 publishing houses.

Last year (1967) our world publishing house sales reached \$38,567,887.08; the largest sales record ever reached in the history of our Church. This is a gain of \$1,305,998.75 over 1966. We are thankful for the men and women in the publishing houses who produced the literature. We are thankful for the more than 6,000 literature evangelists out in the field who distributed the literature last year.

April 25, 1968

We have about 10,000 men and women devoting their full time to the publishing work. We are thankful we can represent this faithful group of workers.

Last year, 8,373 souls were baptized who were first contacted by literature evangelists. We in the Department are constantly promoting the plan of greater evangelism.

M. E. Loewen, Secretary of the Department of Public Affairs and Religious Liberty, said an emergency situation has arisen regarding Federal employees, that will eventually affect all Seventh-day Adventist employees. He requested W. Melvin Adams, an Associate Secretary in the Department, to present the facts.

W. Melvin Adams said this has to do with a report from labor union spokesmen and informed newspaper men that President Johnson is considering a new Executive Order relating to Federal employees and their relationship to labor unions.

Many Seventh-day Adventist Federal employees across the United States have strong religious convictions against joining or supporting labor unions. These people can be protected from religious discrimination in their Federal employment by President Johnson reaffirming the present wording of Executive Order 10988 which provides:

"Employees of the Federal government shall have, and shall be protected in the exercise of, the right, freely and without fear of penalty or reprisal, to form, join and assist any employee organization or to refrain from such activity."

Elder Adams suggested that Committee members write to the government and also to the White House, and also as they speak in the churches, encourage our church members to write and protest any change in the present wording of Executive Order 10988.

MINUTES of the meeting held April 18, 1968, were approved.

H. C. MORTON--NAME RECOMMENDED
TO SUSTENTATION COMMITTEE:

H. C. Morton was voted a permanent return from North Peru by action of the General Conference Committee on April 4, 1968. Appreciation was recorded for their long and faithful service--approximately thirty-eight years in South America.
