VOTED, To grant the request of the Nile Union for the services of Wadie Farag to attend their colporteur Institute, June 17 to 21.

NILE UNION  
ADVENTIST INSTITUTE  
BUILDING  
760

The Nile Union for the past two years has been in the process of moving their training school, and have been without proper educational facilities for their young people. The need is urgent for provision for their young men in the upper grades, and inasmuch as land has been purchased for a new school site, it would be very desirable to plan early for a portion, at least, of the administration building so that school work could be carried on at an early date. However, funds are not available for this project, although a request is being placed in the 1954 Class IV Budget for the school buildings.

The Union Committee has appealed to the Division for an advance of £Eg. 3,000 against any 1954 specials that may be coming to them as granted by the coming Autumn Council. As a committee we are sympathetic with the appeal from the Nile Union Committee, yet on the other hand we do not feel that it is a good plan to advance funds that have not already been voted. However, in view of all the circumstances, it was

VOTED, That we authorize an advance of £Eg. 3,000 to enable the brethren to proceed with providing educational facilities for the new Adventist Institute, with the understanding that in so doing, other fields and interests of the work shall not be penalized in the making of this advance, and it shall be taken from any funds available for the Nile Union for 1954 special appropriations.

BUTROS SUSTENTATION  
761

VOTED, That a regular sustentation blank be forwarded to the Nile Union, requesting that Benjamin Butros fill out the same and return to the Division for study prior to any action placing him on sustentation.

NILE UNION--CALL  
FOR LATIFA FARAG

VOTED, To pass on to the Middle East Press Board the call from the Nile Union for the services of Latifa Farag.

DENOMINATIONAL  
ACCOUNTING  
766

At a recent meeting of the Middle East College Board consideration was given to the advisability of giving some practical instruction in denominational accounting, and it was thought desirable to secure standard forms for various phases of denominational accounting. In order to secure such material, it was

VOTED, That a committee consisting of C. C. Morris, A. W. Fund, George Yared, M. C. Grin, and E. J. Green be set up to get the desired materials and assist in any other way possible with the program of the college to offer some training in denominational accounting.
