## GENERAL ARTICLES

### CONDITIONS HAVE GREATLY CHANGED

It is frequently stated to me, by letter or in conversation, that we do not see the work carried on today that we used to see carried on in the way of tent efforts at country places and small villages. These words have been uttered by some who have felt very much distressed, and who were inclined to criticize and to blame those who had the work in charge, feeling that a lack of interest, or efficiency, or attention to the work, was the reason for this condition.

This interest felt by our brethren and sisters is greatly appreciated. I believe that it should be the greatest ambition in the heart of every believer to see this message quickly carried to our neighbors and friends, and to our cities and villages in every part of the field. I believe that our ministers are working as hard and as efficiently as they ever have. I want to mention a changed condition, which is not understood by all our people.

When the message was first preached here in the East, there was a great awakening. To advertise a Seventh-day Adventist meeting in those days was to have a crowd. Tent meetings could be held in small villages, or even country places, with a great interest and a large attendance. As the message moved on west, the same condition prevailed. The writer well remembers that all through the Middle West, great meetings were held, in villages and on crossroads with the people coming in from the entire countryside, even though they did not have the means of conveyance we do today. The message

we had to bring to them was startling, yet no more so than it is now, but it was new. Seventh-day Adventists were unknown; the message we had to bring caused a great awakening, which made it possible for large and fruitful tent efforts to be held all through the field.

Now some of our good brethren and sisters say, "Why can not we see some of those rousing efforts in our county or in our town that we used to see? Why is it that our ministers are failing to do these things?"

There are places in parts of the world where the message is new, where, such meetings are being held, and large numbers are being brought into the truth as a result of the interest. The work we have to do in America now is more that of gleaning. It must partake more of the nature of personal work from home to home, and from heart to heart. In some of our large cities it is possible for us to hold large meetings, when they are properly advertised and carried on in the most tactful way. Even there it is becoming extremely difficult to deal with the people in a mass, because of this changed condition. We should not lose heart, but we should work more faithfully, and a larger number should take part in the various ways and means we have of reaching the family and the individual.

This is the time when the appeal comes to every believer to take his part in this personal work. We must do a work now that cannot be accomplished by sermonizing or by dealing with the people in a mass. The attractions of the world and the changed conditions which surround us, make that impossible. Yet it cannot be concluded that all have finally and definitely re-

jected the last warning message. Among our neighbors, and distributed in the villages and country about us, are those whom we may win one by one, through the use of our literature, through personal contact, and through earnest labor.

It should be the purpose of our believers throughout the field to recognize this changed condition, and enter into the opportunities that are offered to us in this great closing, gleaning work.

### ATLANTIC UNION COLLEGE

"ONE great object of our schools is the training of youth to engage in service in our institutions and in different lines of gospel work. The people everywhere are to have the Bible opened to them. The time has come, the important time when through God's messengers the scroll is being unrolled to the world." *"Testimonies," Vol. VI, p. 133.*

"It is to fortify the youth against the temptations of the enemy that we have established schools where they may be qualified for usefulness in this life, and for service for God. . . The love of God imparts more than finite energy, and qualifies for divine achievements." *Bible Echo, Sept. 1, 1892.*

"We should unite heartily in an effort to educate and train an army of young men and women in such a way that they will be consistent, well-balanced Christians, able to understand and explain the Scriptures." *Bible Echo Supplement, Sept. 1, 1892.*

The appeal made by the above quotations from the Spirit of Prophecy is bringing many of our youth into our schools. Parents everywhere are becoming interested in the education of the

youth for service for God. For more than forty years this old school has opened its doors to our young people, and many lands as well as the homeland have been blessed by the labors of those who were trained here. On September 17 the doors will once more open to fulfill the demands of the cause.

Young man, young woman, do they not open for you? God is waiting for you. Do not disappoint Him.

### TRAVELS IN MAINE

THIS letter leaves me in Aroostook County. I had planned to have Brother Barnhardt with me but at the last moment he could not come.

Mrs. Hale and I came to Pine Tree Academy Wednesday. I had hoped to find Brother Owens there, but he is still out soliciting students. If all that have promised come, something will need to be done in order to take care of them. I feel sure however, that if the school is filled to overflowing, the brethren will rally to the school and give us the money so that we can take care of the students.

Brother Thurlow and the boys with him are diligently working to store feed for the stock; and potatoes, beans, and other vegetables as food for the students. If the farm can be made to supply the milk and produce needed it will be a success.

In order to meet our appointment at Dyer Brook Thursday, we had to drive two hundred and twenty-one miles and then preach that night. The Lord gave us strength, and we kept the appointment.

On the way we had a visit with Brother and Sister Clayton who are both very busy with the Harvest Ingathering. He may not be able to get all his churches over

the goal of \$10.00 per member, but many of them will go over. Already the churches are quite busy.

We found Brother and Sister Norman Ellis of good courage. Although they have not been able to have regular services in the little church, they are fighting the Christian battle bravely. May God finally give them complete victory. A number of the scattered members came in, and we had services in the little church, the first one for a long time. We are to be back with them and hold another meeting Sunday evening, August 24.

Friday, we had dinner with Brother Lester Ellis and family in Houlton, arriving at the home of Brother Lee Newcomb that afternoon. The church had been notified and we had a good attendance that evening.

Sabbath was a good day. Many were in attendance, even from some distance. Opportunity was given in the afternoon for all to speak, and many ringing testimonies were given. The good testimonies showed an excellent spirit among the members. They have the prospect of a fine potato crop which adds to their courage.

I am now at Sister Adams in Presque Isle, and will go on with Brother Meleen to his home tomorrow. We will visit the members in New Sweden while there, return to Westfield for meetings Friday evening and Sabbath, then to Dyer Brook for a meeting Sunday evening, and to Camden for Tuesday evening, arriving home Wednesday, August 27.

The plans for the Vermont trip at present are: Randolph September 6, Enosburg Falls and Richford during the week, and Wolcott for the Sabbath September 13. I also plan to visit Corinth, Lyndonville, and West Burke on this trip, getting them in as may be convenient.

D. U. HALE.

### NEW HAMPSHIRE DISTRICT

THE churches in the New Hampshire district started early in their Ingathering campaign, which is a good indication that

the people are eager to make their goal. We are urging the members to finish up the campaign in about ten or twelve weeks, before the severe weather sets in and the roads are closed to easy travel.

Thus far the goals set by the churches in this district are as follows:

Manchester .....	\$500
Concord .....	400
Keene .....	200
Claremont .....	200
Lebanon .....	100

These goals are in accord with the personal goal suggested by the Union. The goal for the district according to its membership, including isolated members, is \$2,000. We can reach this if all will do their share. We have not heard from Rochester, Wilton, Berlin, and Washington as to their goals, but hope we will receive word that they have set their goals for a full quota. Hurry, if you wish to keep up with the leaders.

If you think you are too timid and backward to take part in the Harvest Ingathering work, just read this experience.

An elderly sister in this State was obliged to take her horse to be shod. She started out at eight o'clock one morning to do her errand, and determined she would

solicit on the way. Taking a number of papers with her, she stopped at every house along the road, receiving a donation wherever she went. At the horse-shoer's she canvassed three men and received a dollar from each one. While waiting for her horse to be shod she went across the street to the grocer's, bought a few provisions, and canvassed the grocer and his customers. Not content with this she worked among the houses in the immediate neighborhood and stopped in time to get her horse, drive home, and prepare dinner for her husband. On arriving home she found she had received \$6.25 for her morning's work, had done her errands, and utilized every moment of her spare time in God's work.

This sister is as retiring and bashful as any I have met. Furthermore she is quite elderly; nevertheless she has a zeal for God's cause that surpasses that of many who are younger than she. This same sister solicits on the road, at fairs, and wherever there is work to do. Do you think she is getting a blessing?

#### PORTLAND

THE readers of the GLEANER will be interested, I am sure, to know how the Lord is blessing the work in Portland.

On the 13th of April we began a series of meetings in the church. The attendance has been good from the first and on some Sunday nights the church was packed to the doors. We are pleased to report that as a result of these meetings we have a large baptismal class organized, who will be ready for baptism about the first of September.

It is encouraging to see the members of the church take hold of the Harvest Ingathering. We hope to reach our goal of \$1,500 by the first of October.

We are planning on a good strong church school here this fall. We have already engaged Christine Dyer and Eleanor Larson to act as teachers of the two rooms.

With the Lord's help we expect to hold a series of meetings this fall and winter in a large hall or theater near the center of the city.

We are all of good courage and earnestly solicit the prayers of God's people throughout the Conference and Union that the Lord will continue to bless in our work for Him in Portland.

O. D. CARDEY.

ALREADY the Harvest Ingathering receipts from the various parts of our field, show that the interest is increasing. While the official notice reads that the campaign is really to start September first, the brethren, knowing that cold weather starts in early up in this territory, have set themselves to make an early start, and in this way gather in that which would be lost when actual snow and chilly blasts bar them from active work in this campaign. Our Conference goal is \$10,000 and our personal goal is \$10.00. Let those of us who are possessed of our full strength, go forth in this work, for some of the brethren are feeble in age and unable to go out, yet are included in the quota.

#### NORTHERN VERMONT DISTRICT HARVEST INGATHERING

SINCE the report contained in the GLEANER of August 13, we have had four outings in the interest of the Harvest Ingathering for missions.

##### Orleans

Sunday, August 10, four from the Orleans (Brownington) church, in company with the writer, paid their respects to West Derby, Vermont. After about six hours of endeavor the company was pleased to learn that they had gathered \$21.86, which with other Harvest Ingathering donations brings the Orleans church over one-third their quota.

##### Richford

It does not seem possible for all churches to go out when they would like to, or for all people to do so, but it has so occurred

## THE BATAVIA TENT EFFORT

It was a real pleasure to the writer and Brother C. R. Gibbs to visit the Batavia tent, and we both were accorded a royal welcome by Elder Ice and his corps of workers.

A tent effort was held in Batavia four or five years ago, and it was a question whether we should so soon attempt a second effort. Our people there are few in number, and it seemed to us that something should be done at once to strengthen the work. The effort opened with a

good attendance Sunday night, July 13. We are conservative in the statement that on week nights no less than one hundred and fifty have been present while on Sunday evenings, three hundred or more have come out. Almost all of these are outsiders, for we have only a handful of Sabbath keepers there.

When I was there August 14, they were in the midst of the Sabbath question, and every day souls were deciding for the truth. Elder Ice told me that already fifty person had signed to keep the Sabbath, and others are in the valley of decision. This rejoices our hearts. We verily look for a harvest of souls as a result of this effort. The offerings are good, and the courage of the workers is excellent. Let us pray for Brother Ice and his workers.

By the time this reaches the readers of the GLEANER, we shall have visited the following churches: Niagara Falls, Burt, Lockport, Jeddo, Collins Center, Bolivar, Olean, Salamanca, Jamestown English, Jamestown Swedish, Randolph, and Fredonia, and shall also have visited the Dorsey Home.

#### UTICA DISTRICT

WE are in the midst of the Harvest Ingathering campaign in our district and a short report may encourage others to begin the good work.

In Utica we began to work with the papers on Saturday night, August 9, and on Sunday, August 10. We received \$153.00. Two auto loads went out to smaller towns and villages and worked with the papers.

On Sabbath, August 16, we took up the reports, and found we had received \$462.00 which was more than our quota of \$10.00 per member. The following Sunday, we gathered in \$225.00 with two bands working. This brought the total to August 17 up to \$687.00, or \$15.61 a member. We are going on until we reach \$20.00 a member, and hope to make it by August 23.

The Rome church has nearly reached its quota of \$230.00, and

will go on until they reach \$400.00. Sister Washbond of this church has nearly reached \$100.00 through soliciting her friends and former donors to the cause.

The Vienna church is now organized into three bands each having a goal of \$150.00 or a total of \$450.00 for the church. They have started and have over \$50.00. This is a country church whose nearest city is ten miles away. They reached over \$400.00 last year, and are again working for a high mark.

Our church members in Herkimer have made a start on their goal of \$350.00 and although their quota is only \$100.00 they decided to exceed their 1923 record which was \$262.00.

We have in the Utica church four bands with names of ten church members on each of the four white cards. Above each of these band cards is a ladder with eight rounds in it. On each ladder is a doll representing Africa, China, Japan, and India respectively, all appropriately costumed. These dolls climb up the ladder as the money comes in, thirty dollars moving a doll up one round. We shall see which band reaches the top first.

The writer has also provided a neat ribbon bookmark in different colors, each color indicating a stated sum of ten, twenty-five, fifty, or one hundred dollars. As fast as these amounts are reached by individuals, the appropriate ribbon is given out. Some members already have the set of four.

We shall report soon regarding the progress of the campaign.

#### PROVIDENCE

It has been some time since we have reported to the GLEANER Family. We are glad to say that the work in this city is onward. Since our last report we have had several baptisms and a goodly

number have been added to the church. Eighteen have been baptized recently and nine were baptized in a previous baptism which has not been reported in the GLEANER. Several have united with the church who had been baptized before coming into this message and were satisfied with their first baptism.

Our meetings are well attended and a number are looking forward to baptism in the near future.

The dear Lord is wonderfully helping us in refinishing and refurnishing the church building which was purchased this last spring. The work will soon be completed. We are looking forward to the great meeting which is being planned for the coming dedication. We expect an unusual attendance. We are expecting ministerial help from the General and Union Conferences and also ministers are expected from the nearby conferences. This meeting will undoubtedly be one of the most spiritual, most interesting, and one of the largest meetings ever held in this conference. If all goes well with our plans and with the help and blessing of our Heavenly Father, the time of this meeting and dedication will be September 13, 14, and 15. Everyone who can attend is cordially invited and each one will receive a very warm welcome from the church of Providence. Brethren and sisters, plan to come. We sincerely ask your prayers for God's continued help and blessing. Sincerely your brother in the Blessed Hope,

#### HARVEST INGATHERING WORK ON MARTHA'S VINEYARD AND NANTUCKET ISLANDS

REPORT of the company in the Harvest Ingathering work on Martha's Vineyard and Nantucket Islands has been received. We should be pleased, if space would permit, to publish the entire report, for the company has had many interesting experiences which show that the Lord does lead in this work.

Although there were seven or eight other drives in progress on these islands, \$620.72 was gathered in ten days by Brother and Sister Schnetzler and Brother and Sister Knipschild. The biggest day for any one worker was \$44.45, Sister Schnetzler receiving this amount. \$83.73 was the largest amount received in one day by the company.

The report states: "We came together three times each day for earnest prayer. The burden of each one was to bring the light of God's last message and work to the people and to receive funds to send on to the mission fields. The Lord overruled every obstacle and gave us favor with the people. We started out with a goal of \$50 a day for our company of four workers.

"We have many names to whom we are going to send literature. Many have said to us, 'We will look for you next year

and we hope to give more than we have this time.' We have enjoyed our work and God has blessed us.

"It has been evident that God has been directing our attention to this section of our State where no systematic work has ever been done to spread the light of the Third Angel's Message. The blessings and marked success of the Big Week on Martha's Vineyard, resulting in the placing of hundreds of dollars' worth of our books in the homes of the people, led us to make definite plans to visit this island and the Island of Nantucket in the Harvest Ingathering campaign."

"He shall not fail nor be discouraged, till He has set judgment in the earth, and the islands shall wait for His law." Isaiah 42:4.

A SABBATH SCHOOL, which has been organized as a result of the tent effort being held in Fall River, Massachusetts, is meeting regularly in the tent at 2:00 p. m. The work and interest are growing and we hope to raise up a church before the end of 1924. We are also expecting to see results from the work done on Martha's Vineyard Island where we are holding a cottage meeting and making weekly visits.

that when we have returned to Richford, I have found enough of the willing workers who, by some sacrifice, would agree upon a field day so that a car full could go forth together. Although they had had one field day, on Thursday, August 14, six persons went from Richford to Newport, and returned with about \$25.00. There is territory enough for one more field day in Newport.

#### Bordoville

Tuesday afternoon, I found it necessary to go to Burlington incident to securing permission to solicit at fairs. Though the notice was short, three from the Bordoville company proved themselves worthy descendants of the Green Mountain Minute Men, by

cheerfully volunteering to accompany me as far as Underhill and solicit till my return. Results were good for the time available.

#### In Conclusion

Let us quote some pertinent Scriptures and precious promises.

"Thanks be unto God, which giveth us the victory through our Lord Jesus Christ." I Cor. 15:57.

"Let us not be weary in well doing; for in due season we shall reap, if we faint not." Gal. 6:9.

"He that goeth forth and weepeth, bearing precious seed, shall doubtless come again with rejoicing, bringing his sheaves with him." Ps. 126:6.

"Let us consider one another to provoke unto love and to good works." Heb. 10:24.

#### OBITUARY NOTICES

ROBIE.—Bernice M. Robie was born in Haverhill, Mass., March 30, 1877, and died July 3, 1924, on the anniversary of her father's death.

Our sister was converted at the early age of ten years, and joined the North Congregational church of Haverhill. She was a very devoted member of that church, living a consistent Christian life. At about the age of sixteen, with the same earnest conscientiousness, she became a Seventh-day Adventist, joining the Bradford church.

She became the wife of Charles Robie in 1902, and though handicapped by disease, she ever remained faithful to her God and her faith, and we believe she has finished her course and kept the faith; therefore, a crown awaits her.

Words of comfort were spoken by the writer from John 11, and interment was made in the Kensington Cemetery.

J. W. FREIBERGER.

TOWNE.—Alan Robert Towne, son of Mr. and Mrs. Roy Towne, was born at Leonardsville, N. Y., July 10, 1921, and met death by accident at Adams Center, N. Y., July 6, 1924. Three sisters are left to feel the loss of their only brother. The parents trust in the Blessed Hope. The writer used Matt. 18:2, 3, as the text for the funeral service.

HAROLD E. SNIDE.

ARLIN.—Lilly E. Heisler was born in Halifax, Nova Scotia, April 3, 1889, and died in Laconia, New Hampshire, July 21, 1924. On March 20, 1920, she was married to Everett E. Arlin, and to this union were born three children. Sister Arlin, with other members of her family, accepted the third angel's message under the labors of Elder William Guthrie in the year 1904. She was a most consistent Christian, and a devoted wife and mother. Three small children, a husband, and two step-children with other relatives mourn her loss. Words of comfort were spoken by the writer from Psalms 101:6. Interment was at Franklin, New Hampshire.

H. P. GRAM.

*Review and Herald*, please copy.

GARNSEY.—Charles E. Garnsey was born at Evanston, Illinois, July 17, 1876, and died at Hampton Beach, N. H., June 3, 1924, at the age of 47 years, 10 months, and 20 days. He was converted in 1905 and united with the Seventh-day Adventist church, of which he was an earnest and devoted member until the time of his decease.

He graduated from the nurses' course in Loma Linda in 1909, in which institution he afterward acted as head gentleman nurse for some years. He then spent three years in evangelistic work, since which time he has filled positions of trust and responsibility along the line of his profession in the Wabash Valley, Washington, and New England Sanitariums, joining the staff of the latter institution March 1, 1924.

During his last year at the Washington Sanitarium he developed tuberculosis of the kidneys. He improved in health for a time after going to New England, and had a great desire to live that he might devote his services to the work of the New England Sanitarium and Hospital. But later

the disease took on an aggravated form and he gradually grew worse until the end came. He leaves to mourn their loss, a devoted wife, father, mother, and three sisters, beside other more distant relatives and a wide circle of fellow-workers and friends.

A number of friends from the New England Sanitarium attended his funeral, which was held in a cottage by the sea where he spent the last days of his life. Words of comfort, consolation, and hope were spoken by the writer, after which we laid him to rest in a beautiful cemetery at Hampton village.

## NEWS NOTES

Because of her marriage, Miss Ella Osborn, for several years a successful teacher in the Intermediate Department of the Normal School, has resigned. Her many friends here wish her much of the blessing of God in her married life.

\* \*

Mrs. Bertha Peake will take the position of critic teacher of the Intermediate Department of the Normal School. She will also supervise the work of the Normal Arts Department. Her long and successful experience will bring added strength to our work here.

\* \*

At a time when so much activity is going on in the field on account of the Harvest Ingathering work, the question of the GLEANER Editor is not so much, "Where is the copy to come from," but "What copy shall I leave out?" The shorter the reports and articles at such a time the more certain may you be that they will be used. So do not fail to write your reports; they are wanted for the GLEANER. Brevity, however, creates the greatest interest for reading.

MARRIED at the South Lancaster church, Tuesday, August 12, Mr. Walter Lynn Place to Miss Mayme Belle Gage. After the service in the church at which Elder E. K. Slade officiated, a number of guests assembled at the home of the bride's parents, where a reception was held and a pleasant hour was spent. Brother and Sister Place will be at home in Washington, D. C., early in September where he will teach in the Normal Department of the Washington College.

TUESDAY evening, August 12, Herbert A. Nelson of Somerville, Massachusetts, and Ruth E. Nichols of Rochester, New York, were united in marriage by Elder W. W. Rice. Earnest prayers follow them that their uniting may make for strength and helpfulness in

the Lord's work. They will make their home at 146 Upland Road, Cambridge, Massachusetts.

## CONTROVERSY OVER EVOLUTION AND OTHER IMPORTANT SUBJECTS

THE California State Board of Education gave three hours on Monday, August 4 to arguments for and against teaching evolution in the public schools. Elder Nichols, who was present, has reviewed the incident, and sets forth the real principles involved, in an editorial in the August 26 Signs. George McCready Price also has written an article on evolution particularly dealing with the finding of numbers of Dinosaur eggs which some scientists claim are ten million years old.

Did you know that the Methodist Church, which for many years has maintained a ban against dancing and theater-going, has removed that ban? Prof. W. G. Wirth has discussed this problem under the title, "A Pleasure-Mad Generation."

Will the claim of spiritualists that great men like Caesar, Napoleon, Washington, and Lincoln will soon return to the earth, be fulfilled? Elder Ice has convincingly answered this question.

All these valuable articles will be found in the September Color Number of the Signs. Why not help your friends to see the true meaning of these conditions by circulating this paper? Ten copies or more cost only 4 cents each. Order from your Conference Tract Society.
