THE GREATEST THING IN THE WORLD

Only a few days ago I had the privilege of seeing whom I suppose is recognized as the greatest man in the world today—the President of the United States of America, Calvin Coolidge. A quiver went up and down my spine as the presidential train pulled into the little station where a few hundred people had gathered to catch a glimpse of the man who held the highest position this world has to offer. As our highly esteemed President came onto the rear platform and bowed with smiles to those who have loyally supported him, I thought of the little insignificant place that you and I hold in the eyes of the world, ah, but how much greater in the eyes of the King with whom we are associated in business.

Yes, the greatest thing in the world today is the King's business. Would you not rather be associated as a co-partner with the King in His business of saving lost men and women from their degradation and sin, than be lauded as the greatest man in the world, great though the position of the President may be? The giving of the gospel to "every nation, kindred, tongue and people" is the greatest business in the world today, and how glad we should be to know that we are associated with the King of the universe in His soul-saving work.

As the quarters speedily roll by, I cannot help thinking that the day is not far distant when "there shall be time no longer."

And how important it is that we prepare our hearts for that great day; and at the same time we are preparing for Jesus' coming, I am so glad that we have the privilege of helping some other poor souls to get to the kingdom.

Next Sabbath, September 29, is the 13th Sabbath, and you know that this is the day when every member of the conference, and all over the world for that matter, makes a splendid gift to missions. The specific work for which we shall be giving next Sabbath is the strengthening of the great Indian work of South America. How wonderful for our members all over the world to be united in such a great effort! It has been said, "The Seventh-day Adventists are the only people who have been successful in cleaning up the Inca Indians." Certainly we should be thankful that we have had a part in such a worthy work. And personally, I am glad that our 13th Sabbath offering next Sabbath goes to this needy field.

So, dear brother—dear sister, I pray that the Lord will impress you to make a special gift to the great Indian work in South America at this time. Surely, if there ever was a time when God's cause could use your means, it is now when there are so many pleadings from these poor Indians for teachers to teach them about the true God. Let us not forget that we are engaged in the greatest business in the world.

Let us all pray for thirteenth Sabbath; plan for thirteenth Sabbath; and when the final report is made known, may we rejoice to know that next Sabbath shall be recorded with the largest Thirteenth Sabbath Offering in the history of Northern New England.

Mrs. V. C. Townsend,
Sabbath School Sec'y.

SUNBEAMS

The deliveries have now been made and most of the students who canvassed this summer are back in school. Seven or eight have full scholarships. The boys who came to Northern New England certainly did well this summer. During the first two weeks in September about \$10,000 worth of books were delivered. We believe that good results will be seen from the distribution of this immense quantity of literature.

Word from our Branch Office in Peekskill, N. Y., has been received to the effect that they are still able to fill a limited number of orders for "Isaiah," Vol. I. We would suggest that you place your order now for the entire set of three volumes of "Isaiah." You will find them very interesting and helpful. The price is only 75c for the complete set.

It would be very helpful if, when you are ordering "Present Truth," you order by number from the latest list. We shall be glad to furnish such lists free of charge to all who desire them.

In the October number of the "Watchman Magazine" you will find an excellent article from the pen of our educational superintendent, Brother G. Dalrymple. An article by Brother W. E. Gerald also appeared in the September number of this periodical. The "Watchman" is one of our finest periodicals, and yet it is one of the lowest in price, only \$1.00 a year. Why not subscribe today?

Yes, we still handle health foods as an accommodation to our people who desire them. At present our stock includes four varieties of vegetarian meat, canned whole wheat, Vegex, ripe olives, and honey. Send for a price list. We pay the postage.

Our new book, "The Soul-Winning Sabbath School," is meeting a fine demand from those who hold offices in our Sabbath schools. It is almost impossible to keep a stock on hand. It is well worth the price of only \$1.50. Every Sabbath school officer should have a copy.

The new 1929 "Home Missionary Calendar" and "Morning Watch Calendar" have arrived. They are the best yet. Place your order early so as not to be disappointed. You surely will want a supply of both these calendars before the end of the year.

Do not forget your order for "Sabbath School Quarterlies," Memory Verse Cards, color sets, picture rolls, etc. These items for the fourth quarter are ready, and your order should be placed at once.

PINE TREE ACADEMY

The close of the first week of school finds us a very busy and happy family. Our enrollment now stands at sixty-one. Five more applications have been received, and several others have written of their intentions of coming before the last of the month. We were very fortunate in having the president of our conference and his brother, Elder G. W. Wells, with us for the opening service and chapel hour.

The students new and old have taken up the busy routine of school work most quickly and willingly. A visitor remarked on the third day of school that it seemed as though we had been having school for several weeks. In spite of the abundance of rain and the rich clay mud there has been very little homesickness, and apparently no discouragement. God surely has been with us this first week of school, and we earnestly solicit your prayers every day this year that His will may be done in every thing here at the school.

Kenneth A. Wright,
Principal.

In submitting our first Harvest Ingathering per capita list in our 1928 campaign, we are pleased to find seven of our churches over the \$15.00 mark, and fifteen over the \$10.00 mark at such an early date, and it is especially pleasing that our three largest churches are among this number. Where does your church stand? We expect to publish another per capita

list at the end of September. Will you not promptly do your part to help your church reach its full goal by then?

The Lord is not only blessing our Harvest Ingathering workers with liberal offerings, but many good experiences as well. Sister Pearl Smith of our Troy church just sent the cheerful word that she has found five interested people. Sister Senn of our Herkimer company writes, "I have found three interested people, and two of them are already keeping the Sabbath." Sister Doellner of our Albany church reports fine Harvest Ingathering progress in Albany, and mentions twenty-two interested souls found thus far.

I am sure such faithful work is very pleasing to the Lord of the Harvest, and has made possible the gathering in of the fine sum of \$22,360.00 to date for the extension of His kingdom.

F. Bohner.

HARVEST INGATHERING PROGRESSOGRAPHS

Almost \$23,000 have been gathered in thus far in our field and according to our reports this good sum has been brought in by less than half of our membership. What a mighty work we could do for God if all would rally to the task. Have you done your part? If not will you not do it without further delay?

In their eagerness to bring in the mission dollars our loyal members do not lose sight of interested souls for 170 of these

have been found thus far. Utica leads with 37 while Buffalo and Albany report 29 and 24 respectively. Oneida, Rome, Salamanca, Schenectady and Troy are also entitled to honorable mention in this connection.

Regarding participation, our Niagara Falls church has an almost perfect record, 35 if its 37 members having taken part in the campaign thus far. No wonder they occupy such a high place on the honor roll, having brought in almost \$20 per member. Richburg, Olean, Albany, Binghamton, Buffalo East-side, Elmira, Oneida and Troy also stand high in regard to participating membership.

"We have gone over our goal" was the brief but significant message just received from Sister Nash of our Saranac Lake church. With the exception of a little lift Elder Scriven and I recently gave them, they have done it all alone and have certainly done well to reach their full \$15 per member at this early date. We know they will not stop there. We look for our Saranac Lake church to again occupy a high place on our honor roll.

Our Union Springs Academy has just had its second successful field day netting \$315 which makes a total of \$900 since school began and carries our Union Springs church over the \$15 per member mark. A fine spirit prevails among teachers and students and the outlook is bright for our school to even exceed the excellent work done last year.

If you or some member of your immediate family should be seriously ill during our next Harvest Ingathering campaign, making it impossible for you to participate to any extent, would you be able to give a similar testimony to one Brother Julius E. Belknap just sent in: "I shall never forget the pleasant times we have spent together Harvest Ingathering. The many happy experiences we have gone through while associated in this way will linger in my memory as long as I have any."

Let us remember faithful Brother Belknap and his sister, of our

Owego church, in prayer that the Lord may bless them healthwise; and let us also resolve that we who are able will make the most of this campaign and work "while it is day" so we will have no regrets should conditions make it impossible for us to labor for the Master another year.

Please turn in all Harvest Ingathering money on hand whether little or much without fail Sabbath, Sept. 29, properly marked, so we may know just where we stand at the end of September. You may not think that your dollar or two would amount to much anyway but if several hundred people throughout the conference would think the same way and hold it back until it had grown larger it would amount to a considerable sum.

Visitors

Elder Kaplan, from our Brookfield Jewish Department, and Elder Scriven, our Atlantic Union Home Missionary Secretary, have recently favored our field with a short visit.

Their timely and helpful messages, as well as their assistance in Harvest Ingathering field work, were much appreciated by our people, and we shall be glad to welcome them again.

Attention Church Treasurers Please

It hardly seems possible that so many should forget, but thirty of you have failed us with your Harvest Ingathering report to Sept. 15. May we count on you to mail your report card each Saturday night or Sunday during the remainder of the campaign, as it is important to have a complete and up to date report from each church each week?

September 29, Thirteenth Sabbath

Just a few more days now and we will have an opportunity to show our appreciation for the good work done by our laborers for the South American Indians. This surely has been one of the most fruitful fields. Think of 8500 precious souls in the Inca Union alone in a few short years.

The "Mission Quarterly" and Elder Haynes' articles in the

"Gleaner" have pictured the needs and possibilities to us most vividly, and I am sure our conference will again respond nobly to the call from this important part of the Lord's vineyard. Elder Stahl, in a recent letter to me, reports splendid success at his new station. Other laborers for the Indians are likewise reporting rich blessings so let us loyally stand by them so a still greater work may be done in the days to come.

INGATHERING NEWS

Poughkeepsie First to Pass

\$10 Goal

As was expected, the Poughkeepsie church is the first to pass the general church goal of ten dollars per member in the Harvest Ingathering. Sabbath, September 15, they reported \$557.72, which is \$67.72 over the church goal at ten dollars per member. However, the special goal they have set for themselves is \$1000, or more than \$20 per member. Within another week or two we expect a report that this goal has been reached. Never have we seen such enthusiasm in the Harvest Ingathering as has been evident in the Poughkeepsie church this year.

A Unique Device

The temple has a special Harvest Ingathering goal device—a lighthouse separated from a world by eighteen feet or more. This distance is spanned by a sign on which is painted a scale, each degree of which represents \$25, the whole representing \$600. This is the goal of the Temple each Sabbath. While they are receiving reports of the Harvest Ingathering the congregation sings, "Send the Light," and as reports are given the light from the lighthouse advances toward the world. When the day's goal of \$600 has

been reached the world breaks into a blaze of vari-colored lights. The Temple is the first church to pass the thousand-dollar mark.

The report from the First Harlem church for September 15 shows \$367.47. This is a splendid gain over the same time last year, when they reported less than one hundred dollars.

We greatly appreciate the help that has been given us by Elders Scriven and Kaplan. Each spent a week in our field, visiting a number of churches and leading out in field-day work.

General indications are that we have made a better beginning in the Ingathering than a year ago, and we hope that the splendid enthusiasm with which we have begun will not abate until we have reached our conference goal of \$28,000.

J. B. Frank.

M. V. INGATHERING

The German Brooklyn Volunteers had an Ingathering field day, Sept. 16. A fine army gathered together at the church, dispersing from there to various points of Long Island. These youth are putting forth a united front, and, headed by their pastor and leaders, we assure this society success. We shall be interested in learning how soon they will reach their \$250.00 goal.

The work is generally going forward. The English Brooklyn youth are certainly in their places again. The Temple youth, Italian, Swedish, Bronx German, and the whole Up-state is active. Poughkeepsie is still leading hard. We wonder about the outcome, for the societies are all anxious to reach their goals. We are so pleased to note that the colored youth are taking a strong hold. Second Brooklyn is determined to soon have the goal.

Volunteers, your enthusiasm is inspiring. Now let us press ahead and not slacken our pace until the end is attained—\$5,000.00 for missions solicited by the youth of Greater New York. Let each in his place do his very best and use every opportunity to make this a

real missionary effort. Keep your eyes open for souls who are interested in the message.

Educational

We have every reason to be of good courage for our school work. With a most efficient group of teachers in all of the schools, the days mark progress. The grammar enrollment seems to be unusually large this year, and in some cases we are put to the stretch for room to seat the pupils but our courage is good and we need every boy and girl in the church school.

Greater New York Academy is right in line again. The enrollment is larger than last year, and the new quarters are very home-like. Somehow, congestion and difficulties never dampen the ardor of this student body. G. N. Y. A. is their school, no matter where its building is. That's fine, and now let us make the school better from year to year. Harlem Academy, too, has many omens of encouragement. A most enthusiastic teaching force is aiming ahead for success.

WORK AMONG THE COLORED BELIEVERS IN SOUTHERN NEW ENGLAND

It is with deep gratitude and praise to God that we write of the progress of His message among the colored believers in Southern New England.

A little more than five years ago, when I connected with the work in Boston, I found a faithful company of believers worshipping in a little house in Roxbury. Although poor and few in number, these dear people had implicit faith in God, and were doing all within their power to warn the colored people of Boston to prepare for the soon coming of Jesus Christ. After organizing our forces for the great task which confronted us, we commenced to work. With unwavering faith in the Lord, we con-

ducted hall and tent efforts; campaigns were held to raise funds with which to purchase a suitable place of worship for the people of God. We have seen the fruits of our labors in Boston, and today we have a beautiful place of worship favorably situated in the heart of the city. With more than a hundred members keeping the commandments of God, the church is prospering although our problems are many. We have a faithful membership, an active and alert group of officers, an exceptional local elder, Brother Cox, who conducts services in my absence and carries on all activities in the church, assisted by the faithful leaders of the Boston No. 2 church. We have just begun a church school with Miss Miriam Burgess, of Washington, D. C., as our teacher. We have enrolled twenty bright boys and girls who are anxious to attend a Christian school.

In Springfield, Massachusetts, there is a church of about thirty-five members, with Brother A. W. Clarke as pastor, who is doing faithful work in spreading the truth in that city. A very active and wide awake company of believers is located in this city, working faithfully to reach every goal set by our conference.

In New Haven, Connecticut, there is a church of forty-five believers with Brother J. W. Jones as the pastor. With his members Brother Jones has been doing faithful work building up the church spiritually, financially, and numerically. A church school has been begun with Mrs. Anderson, of Washington, D. C., as teacher. Seventeen boys and girls are enrolled.

On the 15th of July we began our tent effort in this city. With Brother Jones, as assistant; Mrs. Katherine Baker, our Bible worker; Mrs. J. W. Jones conducting a Bible school for the children; Brother Stanley Douglass and Brother Hughes in charge of the literature work; and with prominent physicians of New York, Boston, and New Haven, rendering splendid assis-

tance, we have conducted a Bible and health Chautauqua, for more than two months. Doctors Louis T. Wright, and Fred T. Reid, of New York City, have given lectures on cancer and tuberculosis. Doctors T. E. A. McCurdy of Boston and C. L. Marshall of New Haven, have lectured on diseases of men and women, and other important topics. The department of public health of the state of Connecticut has furnished us with more than five thousand tracts on various topics and charts for display and advertising. We have had exceptional music rendered by the choir of Brother Jones' church, with Miss Lavina Drayton as pianist and leader.

Our meetings have been well attended, and the Spirit of God has led many precious souls to take their stand for the truth. There are more than forty persons deeply interested whom we expect to see embrace the message before the close of the year, as the result of our effort. Our first baptism was on Sabbath, September 15. Elder Barrett, our president, preached the sermon and I baptized eight precious souls, while three others were admitted on the profession of their faith. Another baptism will be held on Sabbath, September 20, at which time we are hoping to have twenty more ready to go forward with their Lord. Sister Katherine Baker, our faithful Bible worker, is remaining with the interest to assist Brother Jones.

The colored brethren and sisters are working hard to reach their Harvest Ingathering goal. Our goal is \$12.00 per member. As an integral part of our conference we must do our part to keep the Atlantic Union Conference in the lead throughout the United States. We are of good courage in the Lord. Our goal is to establish a church with a church school in every city in Southern New England. Our plan is to carry this message to every corner of this harvest field to warn men and women to prepare for the soon

coming of our Lord. We desire the prayers of our brethren and sisters for the continued growth of the work among the colored believers in Southern New England.

Herbert D. Greene.

ing those years that she learned the truth about the state of the dead and Bible baptism. Later, in 1891 she learned of the Sabbath and became a Seventh-day Adventist, and was an active member until she became an invalid eleven years ago.

She was married in 1874 to Matthew Doloway and is survived by two children, Mrs. O. S. Page of Binghamton, N. Y., and Mrs. H. N. Stevens of Montrose, Pa., who had her care during her last years of long invalidism. Sister Doloway was cheerful and considerate, notwithstanding her sufferings, and held unshaken faith in the Saviour to the end. We believe she will rise with the saints when Jesus comes.

SPECIAL ANNOUNCEMENT

The Sabbath school held during the Fall Council, September 29, in Springfield, will be one of interest. The school will open promptly at nine-thirty A. M. The senior and youth's divisions will meet in the Municipal Auditorium under the supervision of Mrs. L. Flora Plummer, secretary of the General Conference Sabbath School Department. None can afford to come late, an early start means arriving on time.

The junior, primary, and kindergarten divisions will hold their school in the First Church of Christ, the Congregational church, just a few steps across the park from the Auditorium. The conference secretaries with experienced workers for children will have charge of this division. The children are asked to bring their "Sunshine Song Book."

Remember the time and place, September 29, Springfield, Mass. Come prepared to make it the best Sabbath school ever held, and may we remember it will be the thirteenth Sabbath.

Mrs. J. Schnetzler.

ATLANTIC UNION COLLEGE

It seems but a short time since we wrote you about graduation last spring, and here we are again at the opening of another school year. While we miss our Senior Class, we are glad to know that they are taking their place in the world's work, with the people who do things.

It seems good to hear the old College bell again, as it calls together a happy group of young men and women with ambitions high and courage invincible.

Wednesday evening, although the weather was disagreeable, a large number gathered in the College chapel for the official opening of school. Although we missed the president of our Board, Elder E. K. Slade, we were glad that it was possible to have Elder G. W. Wells from the General Conference, and Elder F. D. Wells, from the Northern New England Conference, with us.

The message given by both speakers was timely. Elder E. E. Miles usually gives us something to think about, and he did not disappoint us this time. We were delighted to have Elder H. C. Hartwell speak to us, as he at one time was a member of our College Board. Elder J. K. Jones felt that he did not need to say a great deal in appreciation of the College, as he and his wife had just driven four hundred miles to intrust their daughter, Marjorie, to us. Elder Jones touched a very high point there, as doubtless he expressed the thought of two hundred other parents. As a faculty we stand in silence before such a responsibility, and humbly pray God to forgive our blindness, and to make us worthy of so great a trust.

Of course we were pleased to hear from the president of our College, Professor O. M. John, and we all stand ready to help him in every way possible.

The usual Friday evening students' meeting had the old time ring, as the young people thanked God for past blessings, and expressed their determination for the future.

Elder C. K. Meyers, of the General Conference, preached a very impressive sermon Sabbath morning. He took for his text Mark 4:11, and made the application to India and its great need.

A delightful program was given in the Sabbath school by the children, under the direction of Mrs. Caroline Kelley. A large number of visitors were in attendance.

Saturday evening brought us the annual faculty reception. We were glad to meet new friends, and to renew the acquaintance of the old ones. A short program consisting of music and speeches was given.

Again we want to thank you for your interest, inspiration, and advise of past years. It is with the greatest confidence that we approach this new year, feeling that the same spirit of cooperation and loyalty always exhibited by our patrons and friends, will be ours during the year 1928-29.

Violet E. Morgan.
