VÖL. 3

GRAYSVILLE, TENNESSEE, JULY 12, 1911.

NO. 26

Southeastern Union Conference Directory

Office Address, 169 Bryan St., Atlanta, Georgia.

President, Charles Thompson, Graysville, Tennessee.

Vice President, C. B. Stephenson, Alpharetta, Georgia.

Secretary and Treasurer, W. H. Williams, Office Address.

Educational Secretary, H. M. Hiatt, Office Address.

Missionary Agent, V. O. Cole, Graysville, Tennessee

Medical Secretary, J. H. Neall, Office Address.

Y. P. M. V. and Missionary Secretary, H. M. Hiatt, Office Address,

What Are You Going to Do About It?

Well, what are you going to do about it? About what? you say. About getting an education, and making preparation to act your part of carrying the message that God has given us to carry to the world. Where are your interests? Are you making preparation to engage in some trade, simply for a livelihood? Are you planning on staying in this world a lifetime? Do you believe the message of Revelation 14?

These, to my mind, are important questions, which ought to be asked candidly by every young man and woman, and a candid answer ought to be expected.

As the days come and go, the hold Satan has upon this world is tightening. He expects soon to close up every avenue of carrying this message to the world. Omnious signs are happening; and God by his Spirit is urging every one who knows this truth to do everything that is possible to carry it quickly to the world. Some of our young people may feel that there is too much time spent in preparation; but if there were but four years to do the work in, it would be better to spend three of these years in making preparation to do this work right, and the one year in actual labor, rather than to spend one year in a hurried, unsatisfactory preparation, and three years in labor.

The new calendar of the Southern Training School is ready for distribution. Would you like a copy? If so send us your name. This calendar contains some excellent cuts of the school and its surroundings, contains carefully written explanation concerning the courses of the school. It is full of interest to every person who desires an education. We are anxious to become acquainted with you if you are interested in school matters. Sit down and take careful record of yourself. Look the situation squarely in the face and read in the light God has given you what ought to be your course, then remember that what God asks a person to do, may always be done. May you have wisdom from above to make proper decisions and wise plans for future preparation.

The Southern Training School is anxious that every eligible young man or woman in its territory be seen in its halls, making a preparation to do his God given work.

M. B. VANKIRK.

Half the Time Gone

THREE years were given in which to complete the work of the "Ministry of Heeling" campaign. Half of that time is now gone, but half the alloted work is not done. All the books and journals that should have been sold by this time have not been sold. The share of financial help expected for our institutions has not been received. As individuals and as conferences, we still have some unfinished work to do, at least in some instances.

It has taken some time to get the campaign started and there have been many other interests to demand attention. But this work is now fairly well under way, and its importance is being recognized. Further delay will hardly be consistent or wise. This movement was launched only after the most earnest planning on the part of our responsible brethren, to meet a most urgent need of an important branch of our work. It is the one plan upon which we are dependent for relief for our sanitariums. We must not come up to the close of time without having realized our full expectations, as this will mean the continued crippling of our medical work. Our sanitarium's interests very much need this help and we cannot afford to let this opportunity of securing it go by without it.

Time will pass just as fast the next year and a half as it has the last, and unless we take advantage of the time while we have it, precious privileges and opportunities will go with it. What has been done so far gives us ample evidence that definite results are obtainible. The reports that come in from those who are at work are most encouraging. Returns are in proportion to the efforts put forth. As individuals and as a people, we may determine how much shall be accomplished by this movement.

Shall we not guard against delaying too long, those of us who are delaying? Shall we not take hold more vigorously and push this work actively until we see its accomplishment? The work can be done, but of course it will be only by putting forth the efforts to do it; not by merely letting the time go by. Let all join in this denominational movement to make it a grand success. It takes you to help make it so.

L. A. HANSEN.

Four Years in Florida

A FEW days ago I read a report of the progress of the work in the Iudiana Conference, and thought perhaps the readers of the FIELD TIDINGS would be as much interested in a report from Florida as I was in that report. I will confine myself to the progress the work has made during the past four years,—the length of time of my personal acquaintance with the work here.

We have had many difficulties to encounter in our work, but the Lord abundantly blessed, and success has attended our efforts. The ideal climate of Florida has made it possible for us to run our tents' continuously, winter and summer, and almost every effort has been productive of fruit. The reported membership of the conference four years ago was 400, and now it is 700. We had sixteen churches, and now there are twenty-eight. Some of our old churches are being greatly reduced by removals and apostasy, and one of the new ones is also; so that we may have to drop them from our list; but our present membership cannot be much, if any, inflated, for we have done some thorough pruning in many of our churches.

The Lord has wonderfully blessed financially. Each year has marked an increase in tithes; gradually gaining from a little over \$6,000 to over \$10,000 for last year. I have before me the figures showing the tithe receipts from October I to June I of each of these four years as follows:

October 1, 1907 to June 1, 1908, \$4,278.92; 1909, \$4,923.36; 1910, \$6,364.66; 1911, \$7,158.51.

We have been enabled to liquidate a net indebtedness of \$854.66, to give the General Conference \$1250 surplus tithe, and have left a net present worth of approximately \$5,000. Our total donations to missions last year was something over \$4,000. The last report sent me from our Union Conference office, showed that the Florida Conference had paid over \$300 more than an average of ten cents a week for each member, notwithstanding our great increase in membership.

During this time also we have started the Florida Sanitarium, which is now rounding up the third year of successful operation with a good showing of gain. This institution is solely owned and operated by the Florida Conference. It has been a success from the start, notwithstanding the influences that have continually warred against it.

The sanitarium property consists of about fifty acres of land, one main building, two stone cottages,—one for conference and sanitarium business offices, and eight wooden cottages, besides store houses, barn, and school building for primary and intermediate students. The institution also owns a herd of seven cows, mostly Jersey stock, two good horses, etc.

That the sanitarium is appreciated by the citizens of Orlando is shown by the fact that the Board of Trade, recently voted to make an effort to raise a fund of \$5,000 to assist in the erection of a new modern main building. \$2,000 of this fund is made up, and work on the building is begun. We will move only as fast as money is in hand for the work. Our ideal climate enables us to do this. We trust that our own people will not allow the Gentiles to outdo them in generosity to this noble undertaking. This enlargement has the endorsement of our Union and General Conference presidents. The new building once finished and fully complete, the institution will be complete. There are two beautiful lakes on the premises on which the patients enjoy rowing and motoring. There are no pressing debts on the institution, and the net present worth is about \$10,000, all accomplished during the past three years, starting

without funds, and having had no financial help from the General or Union Conferences.

A primary and intermediate school had been started at Fort Ogden just before my connection with the work in Florida. The work has been carried on there since by Prof. B. D. Gullett. Under his efficient management the school has made a good impression upon the citizens of that locality, and the students have made good progress in learning. It has not enjoyed the patronage of pupils from other parts of the state that we wished it might, but it has moved steadily forward, and we hope for better days for it in the future. Recently some very material improvements have been made on the buildings, and the school is now in better condition for work than ever before. As Professor Gullett has been called to other work, we would be glad to get in touch with a good man and wife to take charge of the school and the home. Would suggest that our brethren contemplating moving to Florida would find there an opportunity to help and be help-

The saying "In union there is strength" has never seemed truer to me than during my experience in Florida. I have never labored in a conference where the laborers have been more united than in Florida. Without exception their aim has been to push the work rapidly and vigorously. This unity, blessed of God, is sure to bring the best results. I have greatly appreciated the support of my fellow-laborers, and wherever my lot may be cast in the future, their kind words and helping hand will not be forgotten.

R. W. PARMELE, President Florida Conference, Orlando, Florida.

FIELD TIDINGS

Published Weekly By The Southeastern Union Conference Of Seventh-day Adventists GRAYSVILLE, TENNESSEE

Subscription Price

25 cents a year

T. D. Rowe, Editor

Entered as second class matter Feb. 16. 1910, at the Post-office at Graysville, Tenn., under the Act of March 3, 1879.

Cooking Oil Notice

Your first chance to buy the highest grade of deoderized vegetable cooking oil direct from refinery and save middle-man's profit. Pure, healthful, delicious. Bbl. (50 gallons) 60 cents a gallon; one-half bbl. (31 gallons) 62 cents a gallon; 5-gal-Ion can \$3.50; 4-one-gallon cans \$3.20. Cash with order.

LOOKOUT COOKING OIL Co., Chattanooga, Tennessee.

South Carolina

DURING the past few days I have visited the following places: Campobello, Columbia, Union, Spartanburg, and Woodruff.

Sabbath was spent with, the Campobello church. After a sermon on the "Rise and Progress of our Work," we celebrated the ordinances together. This was indeed a good meeting and the Lord came very near. Even the hearts of the children were touched, and every one present bore testimony to the fact that they were of good courage and determined to be faithful to the end.

At Columbia the colored workers were just closing their tent effort, and this week they will move to another town, (probably Winnesboro) and begin a new effort.

Elder Strachan expects to spend Sabbath and Sunday, July 8-9 at the Georgia colored campmeeting, and return to South Carolina on Monday to join the other workers in the Winnesboro meeting.

The tents are being taken down at Greenville this week, and will be shipped to Woodruff. By the time this reaches you the workers will be on the campground at work pitching the camp.

Everything indicates that the attendance this year will be much larger than it has been before in this conference.

Arrangements are being made to have everything as convenient as possible for all. Bed-springs can be rented for twenty cents and chairs at fifteen cents.

A book stand and food store will be conducted by Brother Manous.

Let all try to come prepared to take some of our good books home with them. You can buy them cheaper at campmeeting than at any other time.

If there is anyone in the conference who is not planning to attend this meeting, I beg you to reconsider the matter. There is still time enough to get there, and you can ill afford to stay away. If it is impossible for you to stay through the entire meeting, come and stay for a

part of it. Half a loaf is much better than none.

W. H. BRANSON.

With the Savannah Church

I SPENT a week, June 15-22, with the Savannah church, conducting services every night. Five united with the church Sabbath, and on Sunday, six were baptized. The Lord greatly blessed the church. There are several who will be ready for baptism

Sabbath and Sunday, June 24 and 25, was spent with the tent meeting at Cordele. Six have begun to keep all. the commandments of God there, and others are in the valley of decision. Brethren Clark and Spaulding are binding off the work.

The colored campmeeting will begin in Macon, June 29. We expect to be connected with this meeting more or less for ten days.

C. B. STEPHENSON.
