SINCE the Sweetwater camp-meeting, we have been giving our attention to Bible readings and personal work, and we are happy to report that good results are attending our efforts. In less than a week we had sixteen appointments for studies. Many of these have since developed into profitable cottage meetings of sufficient importance to demand the attention of the pastor of the Presbyterian church, for he seems to think it necessary to review some of the things that his friends tell him about them.

From the testimony of those who have been regular in attendance, his reviews have helped to confirm some of our readers in the belief of the truth.

Those who began keeping the Sabbath as a result of the tent meeting are growing in the knowledge of the truth and we hope the time is not far distant when they will unite with the church.

During the summer the church received \$250 from the sale of a lot that was donated at the time the church was built. This generous gift gave the church a sudden inspiration to make some needed repairs on the building, and plans are now on foot to add a church school room, install a baptistry and a new furnace. Three hundred dollars have been added in pledges to the original sum, and from the zeal with which the church has taken hold of the matter we hope to increase it two hundred more and make the church look new.

A good beginning has been made by the church with the Harvest Ingathering *Signs*, and we feel to rejoice over the bright prospects that are before us.

North Carolina

Elder Kime has been spending some time at Wilmington and Newbern, helping to get the work organized, and also visiting the isolated members in that part of our field.

From Gastonia, where Elder Nash is laboring, comes word that the battle is on. The Elder has been having some interesting talks with ministers of other denominations, and they have been exchanging their books for books which Elder Nash has. In this way some one will get the truth. Pray for the work there.

From reports already in from the Sabbath-school work we believe that we will reach the one hundred dollar mark for China on the thirteenth Sabbath of the quarter. What will it be next quarter? God will bless those who gave, and those who receive it

will appreciate the help we have given.

We have begun the Harvest Ingathering Campaign with earnest, and we will see much gathered for foreign missions this week. All who have not received the *Signs of the Times* for this work will please write to the North Carolina Tract Society for them.

Sweetwater Tennessee

THE work is onward in spite of all the difficulties that are in the way. Last Sabbath, eleven adults were present at the Sabbath service. Several people from the country are keeping the Sabbath and a few from the town. Last week a young lady, who has been taking the nurses course, in Knoxville, came down to spend a few days with her father, who is one of our new Sabbath keepers. She is a very intelligent girl and an adherent of the Quaker church. She was so impressed with the truth that she has resigned from her nurses course and desires to prepare for a place of usefulness in this work.

The enemy is working hard. The opposers of the truth have left no stone unturned to keep people away from the meetings. They have gone so far on two occasions as to give the mill people free tickets to the moving picture show, hoping thus to keep them away from our meeting.

We have taken the tent down and moved into a hall, and now they have become so stirred over this that they have given us notice to vacate at the end of the month. We do not know of any other place we

can secure for public services, but we trust the Lord to open a place somewhere.

Greenville, Tennessee

THE work of the Lord is onward in this place. Recently Elder Branson, Brethren Dillen and Russell visited us and we had some very good meetings. The last night Brother Branson preached, there was a free response to a call to seek the Lord. Our numbers are constantly growing and I am glad to report that a substantial class of people are taking their stand for the truth.

We are laying plans to erect a church building. A fine corner lot has been donated by a man who works in the post office. While he has not yet united with us, he expects to do so soon. This man is of most excellent character and his wife is already keeping the Sabbath. The Lord has wrought a great deliverance for some of those who have accepted the message.

We have discontinued meetings in the tent and have rented a hall for our services. At our last service the tent was nearly full, and the interest still continues good. As the conference has arranged so that it will not be necessary for me to go to Atlanta at present, I will remain and finish the work we have started.

Last quarter we had twelve Sabbaths since the Sabbath school was organized, but during this time our offerings amounted to \$14.40. This is very encouraging, for this is the youngest school in the conference.

Georgia News

THE tent meeting at Valdosta in charge of Elder S. T. Shadell and John F. Wright, still continues with fair interest. Notwithstanding the fierce opposition encountered, some precious souls are accepting the truth.

Brother D. G. Stephenson reports from Columbus some additional believers, among whom is a young Baptist minister. Brother Stephenson recently spent a day out in the field, drilling this young man in the canvassing work; an excellent way to start out.

Elder L. T. Crisler has just returned from a trip to Savannah, where he went to meet Elder Haysmer in the interests of the colored work. Plans are being laid for the erection of a church for the large company recently brot out in that place.

Mrs. Lulu Gregory passed thru Atlanta recently on her way to Dixie, where she will conduct the church school this year.

Excellent reports are being received from each of our church and mission schools. Nearly two hundred children and young people are in attendance.

Arrangements have been made to hold our next canvassers institute in Atlanta, soon after Christmas. A more definite announcement will be made later.

We are glad to see additional isolated members joining the Sabbath school department. The schools are working nobly to keep Georgia ahead on the fifteen-cent-per-week fund. The 13th Sabbath offering has been especially good. Our young people are raising money in a systematic way to support a worker in India.

A live interest is being taken in the Harvest Ingathering Campaign. Our first large order has been exhausted, and additional orders are being sent in direct to the Signs office.

A Correction

In the article which appeared in FIELD TIDINGS last week under title "Cumberland Notice" instead of reading "The Graysville, Brayton, and Daylight churches will be visited by Brother D. W. Dillen" it

FIELD TIDINGS

should have read "Graysville, Branton, and College churches," and instead of saying that the "churches at Knoxville and Missionary Ridge will carry on this campaign under the leadership of Elder H. L. Shoup" is

should have read "Knoxville and Copper Ridge". Elder Shuler will visit Athens and Lenoir City.

The writer is responsible for these mistakes.

More About the Selukwe Reserve

PLUMSTEAD, C. P., South Africa,
September 18, 1912.

My dear Friends in the General Conference Sabbath School Department:

It gives me great pleasure to acknowledge your valuable services in working up so large a thirteenth Sabbath offering, thru the Sabbath schools, for the opening of the Selukwe Reserve Mission.

There is something remarkable about the over-ruling of God's providence in the opening of this mission station. We applied for the lease two years ago. It was granted, and a year ago Elder Anderson called on the officials and was informed that they were just ready to send out the papers for signature. Almost another year passed. When I called at the government office, they said the papers were not there, and they supposed they had been sent out for the signature of our mission superintendent. When informed that he had not received them, they began looking them up by writing to their office at Bulawayo. The application had been made at the office in Salisbury. The feature that seemed to us remarkable was that the papers were found and sent to Brother T. J. Gibson for signature just at the time when we learned that you were taking the thirteenth Sabbath offering for the opening of the Selukwe Reserve Mission.

After the General Conference Committee decided that they could not grant the appropriation we asked, we felt that we must go right on with our plans in faith, although we could not see where the money would come from for the opening of this station when the lease was obtained. We can now very easily see that the Lord knew how it was coming all the time. He held the lease in abeyance until the proper time, and shaped the plan for the thirteenth Sabbath offering to meet the needs of the Selukwe Mission just at the moment when we were ready to enter upon the work.

I wish to express my appreciation to you personally for the interest you have taken in the matter, and to assure you that it is greatly appreciated by the South African Union Conference, and the Selukwe Mis-

sion. You can imagine that it was
quite a surprise to us, for we had
not the slightest hint that you were
doing anything of the kind until the
American papers, containing the ap-
peals for that purpose, reached us.
At first we thought that it must be a
mistake, and that the name of the
mission for which the collection was
being made was a mis-print. When
we saw by other reports that it was
confirmed, we thanked God and took
courage.

Assuring you that we are most
grateful for the substantial interest
the Sabbath-schools have taken in
the work in Africa by sending the
money for the original opening of
the work in this field, by aiding, by
the constant Sabbath-school offer-
ings, in the general offerings for the
support of the foreign mission work,
and by this special offering in this
time of our need for the opening of
the work in the Selukwe Reserve;
and further assuring you that the
interest thus taken by the Sabbath
School Department in our work in
Africa places us under renewed ob-
ligation to devote ourselves faith-
fully to the advancement of the work
in this great field, and that we con-

The Watchman

Thanksgiving cover design illus-
trates the proper spirit that should
enter into this occasion. Among
the many articles that will appear
are "The Blessings of Liberty," in
which will be sent fourth the God-
given principles of self-government
and freedom of thought, "The Origin
of Evil" in which will be clearly
shown by the editor the true nature
of the controversy going on in this
world. Those who do not understand
why wicked men prosper will see it
more clearly after reading this article.

The great struggle in this world
is not between wicked and righteous
men but between the source of good
and the source of evil. "The Great
World Controversy" will be an inter-
esting editorial showing how ag-
gressive, opposing influences are seek-
ing to overthrow the eternal prin-
ciples of God's government.

"God's Eternal Purpose" by H. C.
Hartwell. This article will endeavor
to set forth the reason for all things,
outlining the great fact that God's
original purpose for man, while be-
ing temporarily thwarted by the
evil one will ultimately be resumed
and carried out, and this will include
the destruction of sin and its
author, preparing the way for God's
purpose to be realized in all its purity.

"The most Christian Powers and
the Unholy Turks" Prof. P. T.
Magan. This article will be one of
the most interesting of the Eastern
Question series, and should be read
by everyone.

"The Pre-existence of Man" by
A. L. Manous. This writer will
show in his interesting way the

fallacy of some of the many ideas
so prevalent in the world, to-day con-
cerning the origin of man. So many
people strive to annul the simple Bi-
ble record that man was created in
the image of God.

"Taoism" by I. H. Evans, a mis-
sionary of large experience in Orient-
al fields. In this article he will en-
deavor to show how this is one of
the many delusions that have been
fastened upon the Chinese mind dur-
ing many centuries of religious dark-
ness.

"Congress Yields at Last" by S.
B. Horton. This article will show
how the image to the beast is being
slowly but surely formed in this
country. The determined efforts on
the part of some to secure legislative
recognition thru some of their relig-
ious measures is one of the signs of
the times and should be closely
followed.

Altogether, we believe in view of
the growing Catholic aggression in
this country, that this number should
be circulated far and wide. Can
you not assist in this by ordering
twenty-five copies to be circulated
among your neighbors?

Rates in quantities: five to forty
copies, five cents each; fifty or more
copies, four cents each. Subscrip-
tion price, \$1.00 per year. Order
thru your local tract society.
