SUPPLEMENT TO

Volume viii

July, 1945

No. 7

You and I are busy folk,
Trading toil for gold;
Winter just means chimney smoke,
Summer--seeking cold.

You and I might run away,
Leave some task undone,
Find the secret one sweet day--
That life is lots of fun!

--Diana Hunt.

This SUPPLEMENT is issued to
suggest a few diversions and use-
ful projects which will help each
one of us to find that
"Life is lots of fun."

JULY 24--Remember last year a group of Keepers went down to Mount Vernon by boat on Tuesday afternoon and how we enjoyed it? Some of us have been many times and we enjoy going again and again. The new Keepers will want to visit Mount Vernon. So! Tuesday afternoon, July 24, all the Keepers are invited to join a party to go down the river. The price for the round trip by boat and entrance to the estate, the home of our First President, is \$1. The boat leaves the Seventh Street Wharf at 2 o'clock. There will be an hour to spend there enjoying this historical mansion. Take a lunch to enjoy on the return trip. The boat docks at 6:30. Come along.

AUGUST 14--Lawn Party. If the weather is fine we hope to have it on the General Conference lawn, but a little rain can't spoil our parties, can it? Details later, but be sure to add this date to your social calendar.

SEPTEMBER 4--Bicyclists and Hikers Special. Both will arrive at the same spot and enjoy sack lunches at supper time. Save this date for heaps of fun.

SEPTEMBER ?--Three secretaries of the China Division, Mary Ogle, Mildred Dumas, and Rachael Landrum, left China for Manila when hostilities came too close in China. But, in Manila they were interned for some time. They are to be in Takoma Park in September and we would like to entertain them. Of course, the date cannot be set until we have more definite word as to when they will be here. We'll let you know as soon as we find out.

OCTOBER 15--When the air gets crisp and the leaves begin to turn gold, one always wants to get outdoors. We thought the Keepers would like an old-fashioned "cook-out", supper cooked over an open fire. We're looking forward to this date.

NOVEMBER 15--Musical. This will be rather formal, and admission by ticket to limit attendance to Keepers and their friends.

DECEMBER 18--Christmas Party. Older members look forward all year to the Christmas Party. New members have a treat awaiting them. This is always a joyous affair, and who knows Old Santa might be there.

BOOKS! BOOKS! BOOKS!

For Rehabilitation

Do you want to have part in the rehabilitation of the libraries of the Far East? Several Keepers of the Keys are already doing something for this project. What will YOU do?

Plan Something Definite

Some time ago a recommendation was passed by the club, giving opportunity for all Keepers to have part in the rehabilitation of our work in war devastated areas. A number signified their desire to do something by making useful articles for sale, the money realized thereby to be contributed toward this project. Some Keepers are as busy as bees! Two are growing and selling African violet plants, from which they hope to receive a nice sum.

Replacing Libraries in the Philippines

Elder Armstrong tells us that the libraries of the schools in the Philippines will have to be replaced; these are the Philippine Union College, Northern Luzon Academy, and the East and West Visayan Academies. While there is a general appeal to all our people to share in the rehabilitation of the libraries of our colleges, academies, and publishing houses by donating books, the Keepers of the Keys may have the privilege of contributing to one special library in the Philippines. Elder Armstrong says he will see that it is used as we designate. Dictionaries, encyclopedias, atlases, maps, Bible commentaries, and our denominational books are greatly needed. If we desire, a book plate may be placed in each book we purchase with - "Gift from the Keepers of the Keys, General Conference," etc. Elder Armstrong would like us to purchase a Webster's Unabridged Dictionary.

Sales Committee

Will YOU not share a little of your time in making something which may be turned into cash for the purchase of books for one of the Philippine libraries? It is not too late NOW to make a start, and join the enthusiastic Keepers who are already making articles for sale. A Sales Committee has been appointed to give you assistance in selling your

articles, if you are unable to do so. The members of this committee are:

Thelma Wellman
Katie Farnoy
Emma Howell

Join the Rehabilitation Project Now

All you need to do is sign the blank given you sometime ago, and hand it to a member of the Sales Committee. If you have mislaid your blank, another will be given you on request.

THE WORST IS YET TO COME!

The war isn't over yet--not by a long long way. Hostilities have officially ceased in Europe; but those "in the know" tell us that the worst is yet to come, in the Pacific area.

What can you do about it? Come to Elder McElhany's office at five o'clock on Monday or Thursday evening (both would be better!) and help the faithful few to fold Red Cross surgical dressings. There is desperate need for these, and we are constantly urged to produce, produce, PRODUCE! Won't you come over and help us?

You're busy, of course. Everyone is busy. There is something that you want to do, or need to do, every evening. But just an hour or two a week won't bankrupt anyone's "time budget." Especially not if you put Red Cross into your time budget! And it will be a real help in providing the so-much-needed dressings for the boys over there. What if your supper is an hour late once or twice a week? You don't have to eat it in a foxhole, or a slit trench, or a rubber raft!

Even when the weather is hot outside, it's cool in Elder McElhany's room, for it's air conditioned. So come and keep cool while doing your bit for those who are doing their best for you.
