THE CHRISTIANIA PUBLISHING HOUSE.

Dear Brethren of the Kansas Conference:

I hope that all will bear in mind that Sabbath, July 5, has been set apart by the General Conference Committee as a day in which our people shall remember the needs of the Christiania Publishing House. We should not only remember it in our prayers, but we should also remember it in a substantial way, by giving liberally of our means for its support and relief. It will be necessary for the denomination to raise about \$30,000 in order to wipe out the indebtedness resting upon the institution. Can we count on you to assist in the good work of discharging the obligations resting upon it? I hope that all may be impressed to donate to this worthy cause and to donate freely so that it may have removed from it the burden of debt which has so long hampered it in its work. In speaking of the Christiania Publishing House, Sister White says:

"That which is needed now is genuine sympathy and decided help. We should individually consider the necessities of our brethren. Let every breath devoted to this matter be used in speaking words that shall encourage. Let every power be employed in actions that shall lift. All heaven takes an interest, not only in the lands that are nigh and that need our help, but also in the lands that are far off. The heavenly beings are waiting and watching for human agencies to be deeply moved by the needs of their fellow-workmen who are in perplexity and trial, in sorrow and distress."

"Every facility we have in Europe for the advancement of the work is needed; every institution should stand in a healthy, flourishing condition before an ungodly world. Let all who realize the nearness of the Lord's coming act their faith. When we see one of God's instrumentalities languishing, let those who have a heart and soul in the work manifest their interest."

Shall we heed the words of the Lord's servant and come up to the help of the Lord in this matter.

Your brother in Christian love,
E. T. RUSSELL.

MISSIONARY NURSES' TRAINING SCHOOL.

In the preparation for the new building later in the fall, the Sanitarium managers desire to start unusually large class in the Sanitarium Missionary Nurses' Training School. This is also necessitated by the increased demand for

Sanitarium nurses which is appearing in all parts of the United States and the world. A well trained Sanitarium nurse always has abundant opportunity for self-supporting employment.

The requirements will be made quite exacting. Only persons in good health and those who expect to devote their lives to medical missionary work will be received. A preparatory class will be organized for the benefit of those who have not prepared to begin the regular nurses' class.

Some employment can be given, but employment cannot be promised to all at first. Board and room will be furnished at the low price of \$1.75 per week. Tuition will be given free.

There is an increasing demand for medically trained workers. At least five hundred well trained workers could be employed at once. In no direction is there a field of greater usefulness open for young men and women who love God and humanity and who desire to devote their lives to noble service. The training given at the Battle Creek Sanitarium is unequalled. There is not a place in the world where young men and women get so thorough a preparation for a grand and useful life service and in a work which so much needs to be done.

Those interested in this matter should address at once
Training School Department,
Battle Creek Sanitarium,
Battle Creek, Mich.

SUMMER ASSEMBLY AND EDUCATIONAL CONVENTION.

In a 50 acre grove of beech and maple overlooking the St. Joseph river, on Emmanuel Missionary College farm near Berrien Springs, Michigan, the summer school for 1902 will be held. The date of opening was June 12; the length of the term 10 weeks. From August 10-20, the last ten days of the assembly, educators from all departments of the work will meet in conventions with the church school teachers and summer school students. The educational work is growing. Every person having God given ability to teach should have a part in this annual gathering. It is an inspiration to say nothing of the opportunity for a thorough study of most practical subjects for teachers in church and intermediate schools. The assembly is under the auspices of the educational department of the General Conference. The course of study is complete and is so arranged as to give teachers progressive work year after year.

Do not fail to read the announcement, a beautiful 16 page pamphlet sent free.

Every church should have a school. Every church should be represented by a student at the summer assembly. Tuition free; tent rent free; board on the European plan. No teacher can afford to miss the assembly. For particulars address E. A. SUTHERLAND, Berrien Springs, Michigan.

REPORTS.

KANSAS CITY.—The colored work in this city is still moving along, but not as fast as desired. Among the drift, I have found some who are sound and anxious to investigate present truth.

Much opposition is here; but amid all the hinderances, some are taking their stand for the truth. My heart and mind is in the work. I am gaining rich blessings. My courage is good. I ask the prayers of all, that God may give power to speed the message.

Yours in Christ,
SYDNEY SCOTT.

INDEPENDENCE.—I have canvassed 5 hours for Heralds of the Morning, and God has given me 24 orders and one for Gospel Primer, amounting to \$33. I have been struggling against difficulties on account of rain, as it rained almost the whole week, so that I could not go very fast. In some places the creeks and rivers are up so I have to go a mile or two out of the way to get across and I can't go much more than two miles an hour so it goes pretty slow. I am in the best of courage and mean to go forward because Christ is my Captain and He never lost a battle. The promise to me is God's strength is made perfect in my weakness and let him take hold of my strength and he shall make peace with me. I expect better success after harvest. Pray that the Lord will guide me in this work.

Rox Post.

INDEPENDENCE.—We are fully convinced that when we go out with the printed pages in the name and spirit of the Lord he will go before us and prepare the hearts of the people to receive us and the message we carry. Last week was our first work this season in the field, and the prospects were that much of the crops along the rivers would be destroyed by high water. We had heavy rains each day save Monday, but have worked between showers (in the mud and water) and the Lord blessed us with good experience, and orders, too. Mr. Post's orders amounting to \$33 and mine to \$38. The Lord said the Gospel of the Kingdom should be preached to all the world in this generation and it must go, it will go and He calls on you and me to carry it, shall we not obey His call and receive the blessing there is in the work for us. May God send laborers into His harvest is the prayer of your brother in the work.

M. O. DOUGLASS.

HUMBOLT.—For some time I have been thinking that I should send a report to the WORKER, as no doubt you are all interested in knowing where the workers are and what they are doing.

On May 21 I went to Elsmore with the intention of holding about two weeks meeting. I spent four days there and done some visiting but each evening just at the time for meeting it would come on a rain. However, besides that difficulty it was a very busy time, if there had been no rain. I met the company on Sabbath and enjoyed their lively Sabbath School. There were about thirty members present. The Sabbath school seemed to be in a prosperous condition. On account of the inclemency of the weather I thought best not to remain longer there, so came back to Humbolt and the next week went to Burlington to spend the Sabbath and also Sunday. I delivered five sermons and baptized two willing souls. I then returned to this place and pitched our tent and have been holding meetings every evening since with a good interest. The tent is crowded to its capacity.

Brother Stone who was to connect with us has not been able to leave his wife alone on account of sickness, so wife and I have been holding the fort so far alone. Remember the cause in this place and pray that God will connect with the work in such a way as to find all honest hearted men and women with this saving truth.

Your brother in the Master's work,
I. G. KNIGHT.

GARDEN CITY.—As per announcement we opened our meetings at this place on June 11, but with not a very large congregation to talk to. However, from the very first the attention has been of the best and the attendance regular. We would like to have had a better hearing, but praise the Lord for the few. We realize it is the Lord's work and according to the promise, His word will not return unto Him void, but will accomplish that whereunto it was sent. This we already see demonstrated to more or less extent. There are at least six individuals deeply interested and are searching for truth, besides about forty others who are reading tracts, etc.

We feel very much encouraged with the prospect here, and trust the readers of the WORKER will remember us with their prayers and if any one has clean copies of the Signs of the Times, Review, Youth's Instructor, Little Friend, etc., he desires to put to good use we shall be glad to receive them to use here.

Yours for the work,
N. T. SUTTON,
C. E. PECKOVER.

HOLTON'S FIRST SABBATH SCHOOL CONVENTION.

On account of several unavoidable reasons we could not hold our Sabbath School Convention in March, so May 11 was selected. We were able to secure the park free for this occasion. Six thousand years ago the Word was spoken for trees, grass and flowers to grow, and they are there and also every modern convenience. The weather was fine. Our membership, without any exception were there and as fully acted a part of the program. The Convention was pronounced by all to be a "perfect success,"—"It was excellent." "I can't tell you how glad I am that we have had it," was heard from many and one of our children said to me "Oh! I think it was fine. I wish we could have another one." Every one said they learned something and were much benefitted. Not one besides myself and children had ever attended a convention, so it was a new undertaking; but as it is an idea or plan of God's own, for the benefit of His people, of course, we might expect this convention a success as well as others.

Something was written on all the vital points of our school, and these subjects were mingled with appropriate recitations, songs and a good measure of God's spirit. It was truly a joy to us all. And undoubtedly more so on account of the effort and special prayers that became necessary to make it a success. In God is all power and through Him we are able to do all things to His glory.

Mrs. M. C. LEE.

SUNDAY LEGISLATION IN CONGRESS.

Several bills for more strict Sunday enforcement in the District of Columbia have recently made their appearance in Congress, and an interesting public hearing on the matter was held before the District Commissioners on May 27. This hearing will be reported in the July Sentinel of Christian Liberty. The importance of this matter should secure for that number of the Sentinel a wide circulation.

This issue will also be a special number in that much of the matter contained in it will have special reference to the principles of the Declaration of Independence and the present striking national trend away from them.

Subscription price to the Sentinel is but \$1 per year, and large numbers should send in their orders in time to receive this number. Arrangements should also be made to dispose of thousands of extra copies. A special low rate of five cents per copy will be made when ordered in lots of ten or more.

Address orders to Kansas Tract Society.

GOOD HEALTH.

This year there will be no special Midsummer number. The regular July number will take its place and we have endeavored to make it strong, attractive and effective. It will be well illustrated and particularly attractive in the presentation of the following articles:

LIFE OF MRS. S. M. I. HENRY.

"MY MOTHER'S LIFE" is the life of Mrs. S. M. I. Henry, who was widely known, loved and honored. Everyone, without exception, who has purchased this book has been made better for having read it. It has made the burdens of many an anxious mother lighter and impelled her to have faith in God for the accomplishment of the work God has given her to do. Her history is carefully traced under the following chapter headings: Childhood, Girlhood, School Days, The Young Woman, A Wife, Motherhood, First Public Work, A Widening Field, Evangelist, Shut in and Reaping the Harvest. 353 pages.

Reduced from \$1.50 to \$1. Order from Kansas Tract Society.

A copy of the June Sentinel of Christian Liberty has just come to hand. This number is a large one, containing sixteen extra pages. From an examination of its contents we believe it to be the best one ever issued. Some of the main topics considered are: The only Hope of Self-Government, by Alonzo T. Jones; The Anglo Saxon in the Philippines; the "Rapprochement" with Rome; and Another Sunday Bill in Congress. The Sunday Enforcement Department has much more in it than for the same length of time before, showing that all over the country this movement is steadily growing. The publishers printed a few hundred more copies than were needed to supply their list and will send them post-paid in lots of ten or more for five cents each. This is an excellent opportunity to get the truth out among the people and we trust that many of our people will take advantage of it. Address orders to
