Report Of Manhattan Camp-meeting.

The meeting opened as appointed, October 5, but owing to rainy days preceding that date, a number of our people who had planned to attend, did not come. The attendance by our people was not large there being only about seventy present. But we are thankful to God that it is not the large number only that can have God's blessings. The Lord came very near to the people at this meeting from the first day, and there was an earnestness on the part of nearly every one each day until the close. The discourses presented were of such a nature as the present time demands. At present, when darkness is on every side, there is a light for God's people and as the light of the word by the aid of His spirit came in, many hearts were made glad, and those who had never given themselves to the Lord, sought refuge under the shadow of His wing. This meeting was one where the spirit of God ran from heart to heart and all the unconverted ones except one yielded to the spirit of the living God.

On Tuesday the 11th we gathered on the bank of the Blue River where all had the privilege of seeing eight souls buried in baptism. There were five others that desired to take the same step and will have it attended to at their home churches. There were two

others that united with the Manhattan church that had been baptized in other churches. One of these was the result of the Bible work that has been done here by Sisters Dean Lewis and Eva Barker. You will all remember that these girls have been working faithfully here since before the Wichita camp-meeting. God has blessed them in their work and we find that our good outside attendance is due largely to the fact that some seeds of truth have been planted in the heart and they desire to learn more.

We were made glad to see how earnest our people were when the good-byes were said. They would admonish each other to be faithful and live here for God that at the glad day of the Saviour's coming, they might all meet where the praises of the Lord could go up from their lips forever. In all there were fifteen baptized; some desire baptism and still the good work goes on, the tent being well filled every night. We hope to see many precious souls accept of Jesus. The laborers present at the meeting were Elders McReynolds, Trubey, A. E. Johnson, and Wallenkampf, and Brethren C. F. Parmele, C. W. Hardesty, and the writer. Elder Wallenkampf labored for the Swedish people and had a really good interest. Taking this meeting as a whole, it has been one of the best that I ever attended. We expect to follow up the work as long as it is God's will. Those remaining are Eld. Wallenkampf, Eld. Johnson, Srs. Dean Lewis and Eva Barker, and the writer. We ask that the readers of the Worker remember us here in their prayers.

Help The Colored People.

The first Sabbath in November has been set apart as a day to remember especially the eternal interests of the colored race in the South. Our people in all parts of this country will, on that day, make donations of money to as-

sist in properly fitting up the Huntsville Academy and in establishing small schools in several important places in the South. The need of the this effort is deeply felt by those who are earnestly working for the salvation of the colored people. Institutions and small schools can be established and many of those people for whom our Saviour gave his life, can be educated and saved by only a small sacrifice on our part. It means eternal joy to those who are saved, and great reward to those who assist in saving them. Let us all do something, and much will be accomplished. Our dear brethren, Geo. I. Butler, R. M. Kilgore, and N. P. Nelson, all men of many years' experience, old men in the work of the message, are there and are calling loudly for help for that work. They are men in whom we all have the utmost confidence. The means will be used to the best advantage in the work to which it is given.

C. McREYNOLDS.

An Opportunity For Young People.

The civilized world is watching with intense interest the terrible conflict in the east. At the time of this writing there is being waged probably one of the fiercest and bloodiest battles of history. Thousands upon thousands of young men of both nations have sacrificed their lives.

But there is another warfare which is of more importance than this. All Heaven is watching with intense interest the progress of this conflict with sin. And just now there is a call for young men and young women to enlist for the war. A great campaign has been planned which includes every man, woman, and youth, who knows the truths of the message for this time. Where are the young men and women who will heed this call as those above referred to have heeded their country's call? "Already many hearts are responding to the call of the Master

Worker and their numbers will increase." *Education* p. 271.

A mighty campaign has been arranged by the leaders in this work and it is encouraging to know that already many of the young people have taken it up. In one church this matter was recently presented by one of our workers and the young people at once organized for service, subscribing their names to the following statement:—

"We, the undersigned young people of the _____ S. D. A. church being in hearty sympathy with the Missionary recommendations passed by the recent General Conference Council, do hereby band ourselves together to assist to the extent of our ability in carrying on this mighty missionary campaign, which is to know no cessation until this gospel of the kingdom is carried to every nation, tongue and people."

First of all let our young people see to it that all our people who are not already subscribers to the *Review* have an opportunity to become such. The placing of the *Review* in every family of our people would mean much to the cause of God. Having gained confidence by this work, take up the Third Angel's Message series of the *Signs* and the special numbers of other papers to be published and carry them to the people. Your own spiritual life and the salvation of others depends upon your active efforts for other souls. The Lord will remove that spirit of fear as you take up your appointed work and you will realize that He will use you mightily in the salvation of souls. And "earth holds no privilege more precious than to give itself in behalf of the lost."

"Time is short,—

If thou wouldst work for God, it must be now;

If thou wouldst win the garland for thy brow,

Redeem the time."

M. E. KERN.

Is It I.

There are many books being sold in Kansas the reports of which never find their way into the *Kansas Worker*, simply because those doing the work fail to report. To my knowledge there has been \$100.00 worth of books sold within the past four months, at one of our churches in Kansas, that has never been reported. I find it so wherever I go. You may think this reporting a small thing, (and so it is), but let us be faithful in the small things. Concerning the canvassing work, I read in

Vol. IV, p. 336: "These reports should find a place in our papers; for they are far-reaching in their influence. They will be a sweet fragrance in the church, a savor of life unto life. Thus it is seen that God works with those who co-operate with him."

Now some may not report because they have sold only a few books and do not care to have their name appear in the paper. If this is true, send in your report with the request that your name do not appear with it, and your report will appear in the miscellaneous column.

I believe God wants us to be faithful in every thing, be it great or small. Enough small things can be put together to make a great thing. Let us not leave a stone unturned that will advance the message. The time is coming when the Lord will say, "Well done, thou good and faithful servant," but if we ever hear that said to us, it will be because we will have been good and faithful—in how many things? All.

There is a decided move just beginning among this people, a mighty rush for the kingdom. Some one is going through to the kingdom; others perhaps will be left out, but none will be left out who are doing all they can to advance the cause.

"In the morning sow thy seed and in the evening withhold not thine hand; for thou knowest not whether shall prosper either this or that or whether they both shall be alike good." Eccl. 11:6.

C. W. HARDESTY.

Notice.

We are sending out notices this week to all who made pledges to the Sanitarium, before the Wichita camp-meeting who have not paid the last half of them. If you are on that list, and do not receive one do not feel slighted. We intended to send you one, if we did not. This money is what we are depending upon to get the building in proper condition to occupy this fall. If we do not get it the work will have to stop soon. Get it brethren and let this noble enterprise move on.

Board of Managers

I Believe.

Yes I most sincerely believe that there is no other call for money among all of the various calls now sounding, that is so important for Kansas people to heed, as that one for help to complete the Kansas Sanitarium. It is

progressing well but if not assisted now we will not be able to get into the building this fall. That will be very unfortunate, because we are paying out over \$60 per month from the earnings of the treatment rooms for rent which should be saved. Again if we do not come up well on our part, the people of Wichita will conclude that it moves so slow that it will never amount to much and they may not raise the last \$4,000.00 which they have promised and which is due next February. We simply must have within the next thirty days \$1,000.00 besides the pledges that are now due. Those who pledged at the Wichita camp-meeting, who can consistently do so, are invited to send in all or a part of the amount now.

To those who did not attend the state camp-meeting, I appeal especially. Will not some of you send in pledges and what cash you can? Quite a number of people who were at the camp-meeting, pledged \$100.00, each to pay within a year; one pledged \$200.00; many pledged \$50.00. I was made glad to receive a letter from one dear brother last week, who asked me if we would accept his pledge for \$50.00 more. Earlier in the year he had pledged \$50. Shall we not receive a good many of these? Any amount according to your ability will be acceptable, but don't fail to help in this time of need.

Field Reports.

North East District.

From different places we are receiving urgent calls for help. We hope soon to be able to answer some of these calls. The work that is being done by the workers, is as follows:—

Brother Fred Clark is following up the interest at Hiawatha, Sister Minnie Wheeler is at work following up the interest aroused by the summer school at Atchison. Sisters Bland and Hornbeck are struggling under great difficulties at Leavenworth. They have a poor place of worship and are paying high rent. There are some good people interested and some have begun to obey, but they have no suitable place to invite them. The church there after counseling with the President of the Conference and the workers have decided to build a small building. They are doing all they can and we believe that with the help that will come from the friends of the cause and the city,

we shall soon have a small building there.

The first church in Kansas City is being lead out in missionary work by Sisters Edith Hiatt and Mary Edwards. Since Jan. 1st. there have been twenty-seven taken into the church. Thirteen of this number were by letter. The church school work is doing nicely with brother H. M. Hiatt as teacher. The second church is beginning plans for a hard fall work in missionary lines. Brethren Bradford and Scott are looking after the interests of this work.

We hope all our people are laying plans to do all they can in this great missionary campaign.

Fralington.

It has been my privilege to work among the Scandinavians in the vicinity of Fralington for little over two weeks.

This territory was worked quite thoroughly by Bro. Martenson about seven years ago, and one family took their stand for the truth then. Others were convinced, but did not have the courage to step out.

We have now started a Sabbath-school, and several from the outside attend. Meetings are also held on Sundays, with a fair attendance, considering the size of the settlement. Some seem to be interested, and we trust something may be done that will cause them to see the importance of obeying all of God's commandments.

As this is only a small settlement of Scandinavians, I have ordered twenty sets of the "Family Bible Teacher," and will work with them between times in Fralington among the Americans.

It fills my heart with courage to see the joy that this message has brought to so many at Hepler; and my prayer is that others in this vicinity may accept this truth and walk in its light.

Opportunity To Work And Attend School.

We know of a few places in Lincoln where well-to-do families not of our people, will take girls who desire to attend Union College and let them work for their board. The accommodations are good. The parties pay the street car fare of the girls to and from school. We would not recommend any-

one to these places who is not firmly established in the truth, and able to correctly represent it. This furnishes an excellent opportunity to go through school with very little means. Let any young ladies who are interested, write me at once. Address M. E. Kern, College View, Neb.

From Our Old Friend.

I have been canvassing straight along without a break now for twelve years, and I aim to stick to it until the Lord says it is enough. We moved to Texas two years ago. I did not owe a cent when we left, so you see a canvasser can make a living for a family all right. We have a home of our own here and are making a good living. I have a buggy, two ponies and a cow all paid for.

A. J. Jensen.

A Sad Accident.

A card was just received which tells of an accident to our dear brother R. H. Brock. His team ran away and his shoulder was mashed; collar bone and some ribs broken. We extend our most sincere sympathies to him and his family in this affliction. We pray that the spirit of God may be his daily comforter and that he may be enabled to understand the lesson, designed to impart in permitting this to come upon him.

C. McReynolds.

Notice.

The Central Union Conference Home for Mission Workers which has been conducted in St. Louis, will be closed after October 31st, as the workers are now being called to their home Conferences.

The Life Boat Mission, No. 2022 Chestnut St., in charge of Mrs. Holliday, may be able to accommodate those who wish to stay with Sabbath keepers while in the city.

A. D. Gilbert.

I visited the Thayer school recently and am glad to say that it is moving off nicely. The primary opened with

26 pupils, which has increased materially. The Intermediate opened with 17 and it has increased so that we were called upon last week to purchase ten more seats for them. The teachers Bro. Dan. E. Huffman and Estella Sechrist are full of courage and the spirit of God is in the school. They are working the town thoroughly with our small literature preparatory to selling larger books to those who become interested. We consented to allow Brother Dan. Huffman go into the school as principal, having public work of the ministry for a while because we feel that the Thayer school is of great importance to the work of the Lord. We think the right man is in the right place.

News and Notes.

Permanent address of Elder A. R. Ogden is, Wichita Kansas, Sta. A.

Our new company at Hepler, is about to buy or build a church.

Our church at Glen Elder, is about to begin to build a house of worship.

The El Dorado church building is progressing. The foundation will soon be done.

Our little church in Leavenworth, is raising money to build a church. They are working hard and sacrificing much.

Sister Lucy Adams has been doing excellent work canvassing at Wells-ville, north east of Ottawa, recently.

The Ottawa church will secure another teacher in order to release Brother Peckover to go to Central America.

Elders Hanhardt and Crane were negotiating for 18 acres with a good large house on it just across the road north of the sanitarium grounds.

Elder A. R. Ogden has been down again with Malaria for a few days. He is reported better again. He is having a hard struggle to get away from it.

Bro. J. W. Wilson is now canvassing in Edwards Co. He reports wheat and corn fair with good prices, and every one seems to have some cash.

Elder A. R. Ogden has bought a nice plat of ground, 5 acres all set in fruit trees and small fruit, just a-

little west of the north west corner of the sanitarium grounds.

On account of throat trouble Bro. W. G. Dick who has spent the summer with his wife in the work in Ft. Scott, will go at once to Florida.

Brother Queen, near Greeley Kansas, writes that he has been taking a nice lot of orders for large books and now he is ready to go to work and devote his time to that work.

J. C. Yates of Eureka writes that he has sold his farm and will be ready in a few days to enter a canvassing

company. He believes the Lord is coming and shows his faith by his works.

Brother C. E. Peckover and wife will be off in about two weeks for the Panama Mission field under the direction of the Mission Board. He still remains an employee of the Kansas Conference.

The great missionary forward movement or campaign for November, is the greatest move ever inaugurated in the history of this people. Get ready to make it all in your county and community that it should be.

Brother A. R. Kellar, our German minister who broke down in health, three or four years ago has recently traded his property near Wathena, Doniphan Co., Kansas, for property near the California sanitarium and has removed with his family to that place. He reports much improvement in health.

A general council of the Conference Committee, the District Superintendents and the Medical Missionary Association trustees was called to meet in Wichita last Monday 9: A. M., and will continue three or four days. The missionary campaign, missionary conventions for Oct. 29 and Nov. 26, and arrangements for the week of prayer, Dec 10-17, are some of the great questions they are to consider.

Elders L. F. Trubey and McReynolds and Brethren C. W. Hardesty, Graham and C. E. Peckover were with the Topeka church last Sabbath. A good audience was out. After a sermon by Elder Trubey in the forenoon on the parable of the ten virgins, a rousing missionary meeting was held at 3: P. M. A committee was appointed to arrange for the missionary convention Oct. 29 and to see to ordering the literature for the missionary campaign.

Tuesday night, Oct. 4, the Wichita Sanitarium had a very pleasant call by Dr. Myrtle Lockwood who has spent two years in Japan in mission work and having spent the last three months visiting parents and other relatives in this country, she is now on her way back to Japan. She will take two experienced nurses with her. She gave a stirring talk on the work in Japan to the workers at the General Conference Council the last day of the council.

Wanted:—A light team and wagon or buggy for its keep to travel among churches and scattered Sabbath-keepers in the interest of missionary work.
