AN APPEAL TO WORKERS

While the selling of our literature is under the direct management of a department, everyone of us is responsible to help make it a success. The book men are not to be the only ones who carry this burden. Every president and worker should be working and praying to make the colporteur department succeed. When they preach, when they hear testimonies, and when they listen to prayers, they should think and study to find those who can be trained and developed to do this work successfully. They should cooperate to the extent of their influence and ability to get promising members into this service. Thus may all be assistant field men, with a burden and desire on their hearts to increase the corps of colporteur evangelists.

And in this the presidents and workers can have a great influence; for they hold their place in this work because they have influence, and persuasive power, and leadership, and strength. We will build up this work and make it strong in proportion as we all lift with our might and carry it on our hearts. We think we are very much burdened and have no time for this work, but one of our chief burdens is the distribution of literature. When presidents and workers cooperate with their field men in searching out consecrated members from their constituency, to enter the colporteur work, we certainly will turn a great army into this service. THE WEST VISAYAN MISSION

In reviewing the work of God during 1931 we have every reason to give thanks to Him. We have held ten tent efforts, and in addition many cottage meetings, and are glad to report 394 baptisms. We have organized 5 churches and 24 companies during the year, which makes a total of 54 churches and 49 companies for the Mission. Several of our church buildings were destroyed early in the year by typhoons. Most of these have been rebuilt and other churches have been erected. Inasmuch as we have no church extension fund at present, our brethren have had to raise the money for the building of these churches. This has been done in different ways.

Brother Alvarez, who is building a new chapel for barrio Maaos has used the singing method. He composed a campaign song to the tune, "Where Are the Reapers?" and has taken the members of the church to different places at night to sing the song. Brother Alvarez plays the guitar to accompany the singing. Already more than one hundred pesos cash has been raised in this way. The mission did not permit them to begin this plan until they went over their goal in Harvest Ingathering. This church is the result of one of the tent meetings during 1931. The work was started by the members of the La Carlota church.

Our Mission has been especially blessed through the work of our self-supporting medical evangelist, Dr. C. C. Vizcarra. Not only our brethren have been blessed through his untiring labors but the people throughout the southern islands have heard of this Christian doctor and have come for treatments and operations. The success of Dr. Vizcarra in performing operations, especially on goiter, has been a marvel to all of the medical men. Dr. Vizcarra is the only doctor who has successfully removed goiters in our mission territory. He is a faithful church member and pays his tithe regularly, therefore God is blessing him abundantly. Our mission committee desires to do more in the medical work, for it is the "right arm of the third angel's message."

I am glad to report that our new academy located on the island of Guimaras has been blessed during its first year of operation. We have an enrollment of ninety-four. In order to have a successful academy we must have good church schools. This we are endeavoring to do. One important matter which is now in the hands of the Union committee is the consideration of an urgent appeal for a self-supporting missionary school in the mountains of southern Negros. Land has been donated, buildings are to be erected and the teacher will be paid by these people. They have no public schools and they know the kind of work that is being done in our Seventh-day Adventist schools.

We have suffered a loss in our tithe and offering incomes for the year, although we have endeavored to promote faithfulness to the best of our ability. I

am happy to report that our academy, tract society, and the mission are out of debt. Our determination by the help of God is to "shun debt as we would leprosy." We are endeavoring to operate the mission with the following Filipino workers: Ordained ministers, 2; licensed ministers, 5; licensed missionaries, 6; licensed Bible women, 6; departmental and office, 5; church school teachers, 9; academy teachers, 4; colporteurs, 32. Grand total, 69.

It has been necessary for the departmental men to be connected with tent meetings for they are some of our strongest evangelists. We have a great need for more ordained ministers to properly take care of the needs of our many churches. Although we need more money and more workers, yet we realize that our greatest need is more of the Holy Spirit of God.

MICHIGAN CONFERENCE OFFICE MOVED

The Michigan Conference office will be moved from Holly and Grand Rapids to 115 West Allegan St., Fourth Floor Bauch Building, Lansing, Michigan, on Thursday, February 25.

It will take some time to get located and ready for work and it is quite likely that replies to letters will be delayed as well as orders for books and periodicals. We trust our people will be patient with the secretaries if they are not able to respond as promptly as usual.

DISTRICT SIX, MICHIGAN CONFERENCE

During the first week of this month I had the privilege of helping Elder Keiser in Pontiac in revival meetings. The weather was bad, and quite a number were kept from attending the meetings, but those who came received a great blessing. Sabbath especially was a day the brethren will not forget. The Lord came near to all. When the call to surrender was made, nearly everyone responded. Several took their stand for the first time. During this short series, intensive personal work was kept up. Several men who had been unable to overcome the tobacco habit, through prayer and full surrender,

got the victory. It is just wonderful what the Lord will do for souls when we get in real earnest for their salvation. That week at least eight men threw away their tobacco.

Elder Keiser has a good interest and the prospects are most encouraging. He already has a baptismal class, and the calls for personal interviews are so urgent that he and his Bible worker are kept busy.

The same could be said of Elder Peden at Flint. His Sunday night meetings are so large that there is hardly standing room. He has over one hundred interested persons. He says that it is impossible for him and his Bible worker, Sister Bolinger, to attend to all the calls for interviews and Bible studies. He is now organizing the whole church to cooperate with him, and quite a number of the members are giving Bible studies.

The openings are many but the laborers are few, and the only solution to this most important problem is that we train our members to work for souls.

ADELPHIAN ACADEMY

A few days ago we organized our senior class here at Adelpian. This fact has caused the writer to do some meditating relative to the product of the school. Moreover this line of thought has been stimulated by the fact that the faces of our seniors of last year day by day look down upon my desk from a frame hanging near.

As I study one face after another of this 1931 group I find myself much more concerned about their present and their future, than I am about their past. As to the past I will simply state in general that the lives of these young people were a blessing and an inspiration in the school. As to the future, that is known only to the One who knows the end from the beginning. I am glad, however, to be able to tell the story as it relates to the present.

There were eight young men and five young women in the class. Eleven of these young people today are in advanced training schools and the other two are waiting only until the necessary arrangements are completed in order that they may join them. Six of the twelve are attending Emmanuel Missionary College. Their names are as follows: Neil Litchfield, Esther Ernest, Grover Fattic, Helen Crapo, Bernard Steen, and Kent Taylor. Russell

Lemmon is attending Pacific Union College, Madeline MacArthur is enrolled at Broadview College, Kenneth Knight and William Sunday are at Madison, Tennessee, and Celia Stone is in the training school for nurses at the Wabash Valley Sanitarium. Donald Dean is working for his father this winter and laying plans for college next year and, temporarily, Mary Scribner is working in a private home. These young people are earnest, ambitious Seventh-day Adventists, eager to do their part in the Lord's closing work.

I will tell you now some things about the class of '32. There are fifteen members in this class. Ray Olmstead, who was assistant field secretary in East Michigan last summer, has been chosen class president. Ray's sister, Frances, is valedictorian, and his cousin, Eunice, is also a member of the class. Richard Powers is vice-president and his sister, Mildred, is treasurer. Velma Rendel is class secretary. It is an interesting fact that the school expenses of seven of these persons has been or is being entirely paid with labor. One young man is finishing his fourth year in the school, having been here summer and winter, and during this time he has paid the school no cash. Another member is supporting his family this winter and paying his school expenses by firing the furnaces. Still another young man year after year has earned his tuition and the tuition for two sisters by working for the school. One young woman is paying her way this year by assisting in the business office. Last year she was graduated from a commercial course in a high school and now she is using that training to help her in securing a Christian education. Another girl earned her tuition working in the kitchen during the summer, and now she is earning her board and room working for a family in the neighborhood. We are really proud of such earnest, faithful young people.

When parents are debating as to the advisability of placing their children in our schools I would suggest they give earnest consideration to the product of the schools. Some who enter these centers of training do not remain long enough to receive any particular benefit. The work of the school should be judged only by its finished product.

YOUTH'S CONFERENCE

Those of you who attended our youth's conference at Lansing two years ago will want to go this year. What we are hoping you will do is to bring

two or three others with you this year, and let us have every youth in Michigan present at this conference on the evening of April 20.

I have just returned from Washington, where I discussed with the brethren the help we need for this council. They are planning to send help from the General Conference, and we are planning big things for this coming together of the young people of Michigan. You come, and we will try in every way we can to make it entirely worth your while.

I am anxious that you shall plan to come, not just for the week-end, but come on Wednesday night for the very first session and stay through until Sunday. Come and stay through, enter into the spirit and the study of the group and organization, and let us make this a worth-while conference for all the young people of this newly-organized conference of Michigan.

Our total attendance two years ago reached over 2,500. I wish this year we might have 3,000 of our young people together from the very first night. Help to work this out, will you? And you, parents, lend your cooperation to the plan. We are depending, also, upon the help of the district leaders and workers in the conference to get this word around to the young people of the state who are not reading, perhaps, the LAKE UNION HERALD regularly and who might for some reason miss the announcement of this conference. Pass the word around and let us take for our slogan, "All the young people of the churches of the Michigan Conference at Lansing April 20."

We are arranging for the Temple House, and rooms will be at the disposal of those who come at the very lowest possible available figure. We have the cooperation of the Lansing Parent-Teachers' Association, and of the Chamber of Commerce in securing rooms for us.

Begin right now to plan and save for this event, so that you will not come up to the hour and find that you do not have money to come.

OFFICE ADDRESS, 1488 PURE OIL BUILDING, 35 EAST WACKER DRIVE, CHICAGO, ILL.

PRESIDENT, R. E. HARTER

THE CONFERENCE PLAN

Here is the plan that has been made by our conference committee in regard to cooperation with our churches and members in the systematic distribu-

tion of our literature. The plan upon which we worked last year was good and effective; but the plan this year is even more economical, simple to follow, and where it has been tried, proved more effective.

Instead of distributing thirteen numbers of *Present Truth* week by week to each home, five copies have been selected for such distribution. With the third or fourth number is delivered an envelope containing a brief printed letter. This letter invites them to cooperate in introducing this paper to others. They are invited to give the addresses of three or more friends or acquaintances to whom they would like a few free copies sent. They are also invited to make a contribution of twenty-five cents or more to help in this good work with the assurance that in return for their contribution and for supplying the addresses, they will receive a year's subscription free. Those who make a contribution should be supplied with a regular subscription for *Present Truth*, and should be visited or written to in a month or two to make sure they are receiving the paper and make inquiry regarding their interest in the paper. This same plan is also splendidly adapted to work by correspondence.

The Cost

The regular cost of *Present Truth* is \$7.50 per thousand copies assorted; but the churches that order these five copies by the thousand lot will get them at \$5 per thousand; the conference pays the remainder of the cost. Small companies and isolated members may order a small quantity at 60 cents per hundred. These rates apply only on the five copies used in this plan. The envelopes and letters for use in this plan are furnished free of charge.

Remember, please, that for \$5 a church gets 1,000 copies which will contain 200 each of the five numbers and also 200 letters and 200 envelopes to use with these papers. Thus for \$5 any church is able to reach 200 families or approximately 1,000 people by this simple and effective plan. Those wishing to mail them out should ask us for special information as to rates of postage and best methods of handling the papers by mail.

Numbers Selected

The numbers selected are not included among the copies which are contained in this year's subscription list. The five numbers are as follows and should be distributed week by week in the order as listed here, and should be ordered by the numbers as given:

No. 129—Billions of Gold: Millions in Want;

No. 102—The World Outlook; No. 140—Prophecies Fulfilled and Fulfilling; No. 141—Keeping Well or Getting Well; No. 105—Behold the Lamb of God.

Great interest is being shown in this plan throughout the field and I trust that every church board of officers will give it careful consideration and begin at once by ordering a supply from the missionary literature fund, urging every member as far as possible to take some part in this work by at least reaching five homes each week.

HINSDALE SANITARIUM CHURCH

The Hinsdale Sanitarium church began the year 1932 with a constituency of 368 members. This shows a net increase in membership for the year 1931 of twenty-one. The tithe paid by the church for the last year was \$20,505.81; the sum contributed for missions was \$6,410.75, or a per capita per week of 36 cents. Besides the above, the amount of money received for home missions, needy poor, etc., was \$1,825.90, making a total of \$28,742.46. These figures do not include the benefactions and charity work of the Hinsdale Sanitarium and Benevolent Association.

PRESIDENT, M. A. HOLLISTER

MISSIONARY VOLUNTEERS

It is a great pleasure to pass on to the Missionary Volunteers of Indiana the news that 1932 started with the largest number of reports received in the records of the conference. It shows faithfulness on the part of our leaders and secretaries in reporting. I want you to notice these figures: Thirty-five societies reported this month, leaving only three societies that did not send in their reports on time. This is truly an unusual record. I hope that every month of this year will prove just as successful for the Missionary Volunteers of our state.

I also want the Missionary Volunteers of Indiana to know that we are planning some very interesting things for them, which will be announced later.

Elder Gordon Smith, of the Union, and the writer expect to conduct a meeting for the young people of Indianapolis, March 4 to 14.

I also want to call your attention to the fact that we are going to have our leaders' and secretaries'

council some time in April. The date will probably be April 28-30. Definite word will be sent out about this later.

Determine that your reports shall be in this office every month on time. This will do much to help the Missionary Volunteer work. W. C. LOVELESS

A SPECIAL OFFER

That we are living in a time that demands action is indicated by the rapidity of movements of the Sunday law forces in introducing bills for Sunday observance in the District of Columbia.

In order that our people may do an aggressive work scattering the *Liberty* Extra, it was voted by the conference committee in session at Bethel Academy February 15 to pay for half of the cost of this special number of *Liberty* that our churches will faithfully use in distributing to their neighbors and friends and securing signatures to the petition.

Brethren, this is a time in which immediate action is very important. Soon the congress session will be over. What we do we must do quickly. Send your orders immediately to the Wisconsin Book and Bible House.

CLOUDS

Cloudless lives are not the most beautiful. A life with clouds of struggle and sorrow, all lighted up with the rays from the Sun of Righteousness, far excels in beauty any sunset ever seen. The spray thrown up by the rushing torrent of Niagara greatly adds to the beauty of the falls, because the sun paints rainbows upon it. And so lives with Niagara torrents of struggle are more beautiful for the clouds raised by such struggle, if they are flooded with light from heaven. There is one place where clouds are never seen, and that is the desert of Sahara. Desolation and death are twin monarchs there. The lives which have been richest in good works have been like the life of the Man of Sorrows, full of clouds, and a bow of promise on every cloud.—A. C. Dixon.

"A BOOK A MONTH"

In a certain home there had been considerable sickness. A brother had visited the family occasionally, carrying cheer and sympathy to them. It was good medicine. The last time he called, the lady of the house said to him, "I believe you people have the truth for these times." She had been reading some of our literature, and although the brother was worn for sleep she begged him to explain some of the prophecy of Daniel to her sick husband, while she sat near and listened.

Today there is a restlessness and anxiety, indeed, a real heart's desire, on the part of many around us **for the truth, for the genuine gospel.** We are bidden to watch for such, plan to help them, plan to place in their hands the literature that will lead them to study the Word of God for their own souls' sake.

In every neighborhood there are those who are waiting for the light of present truth. We are to make it a part of our business to do more individual work for such inquirers. The promise contained in the following instruction from the Spirit of prophecy will not fail: "Visit your neighbors, and show an interest in the salvation of their souls. Tell those whom you visit that the end of all things is at hand. The Lord Jesus will open the doors of their hearts, and will make upon their minds lasting impressions."

Let us be prepared, dear fellow workers, with the message-filled literature that God has given us. "A book a month" (small or large), sold to a friend, a neighbor, a merchant, a stranger, might be the very means of starting a chain of influences far greater than men can measure. God uses simple, humble efforts very often to accomplish His mighty purposes. It is for us to cooperate with His ordained agencies. The literature ministry is certainly one of them, and old and young can assist in this wonderful field. There is both profit and pleasure in it. Please write your Book and Bible House secretary for book information. ERNEST LLOYD

"THOMAS A. EDISON ON THE IMMORTALITY OF THE SOUL"

Shortly before the death of Thomas A. Edison, it became known that he had materially changed his ideas about death and the hereafter. In commenting on this topic, the newspapers were at a loss to understand the cause of Edison's reversal of opinion. In the March *Watchman* Dr. Daniel H. Kress sheds what is probably the first light on the real reasons Edison had for his changed opinion. In his article, "Thomas A. Edison on the Immortality of the Soul," Dr. Kress tells of the personal contact he had with Edison that may have had a bearing on Edison's change of view.

BROADVIEW COLLEGE NEWS

Prof. M. E. Cady spent February 1-3 at Broadview College. He spoke in chapel on the importance

of truth in every phase of life. In several classes he emphasized the necessity of using the voice correctly. He demonstrated the correct and incorrect use of the throat by means of the autophonoscope.

The a cappella choir will make its initial appearance for this year on Saturday evening, February 20, at the Scottish Old People's Home, Riverside, Ill. The program of songs that has been prepared tells the story of the birth, life, death, and mission of Christ, together with the reward of the faithful.

The fourth year academic English class visited the Tribune Tower February 11. They saw motion pictures of the process of making the paper, from the time it was a tree in the timber area of Canada to the finished product sold on the streets of Chicago by the newsboy. Then they went through the Tribune plant and saw the actual process of making the paper. On account of the illness of Mrs. Wakefield, the academic English teacher, Miss Leech, the primary critic teacher accompanied the class.

An impressive ceremony took place during the meeting of the Alpha Rho Gamma Club, Sabbath evening, February 13. The active members of the club stood in the form of a large circle, each holding a candle. Miss Irma Berner, the vice-president of the club, read a poem, which was a call to each girl to be a light bearer for God. After prayer, by Miss Hanger, dean of women, each girl lighted her candle at a tall taper on the table and then passed on to receive the badge of honor, which Miss Esther Trefz, the president of the club gave her. The president then challenged each girl to live up to the ideals of the club, never allowing the badge to be dishonored. As each girl watched her candle burn, she resolved to be a true Alpha Rho Gamma.

Mr. and Mrs. Alvin Johnson, of Emmanuel Missionary College, spent a few hours, Sabbath, February 13, visiting Miss McGee. Both Mr. and Mrs. Johnson have been Miss McGee's students.

Mischa Elman, the world renowned violinist, played at the La Grange Sunday Evening Club, February 14. Many students took advantage of this unusual opportunity.

The Broadview Sabbath school is improving in its three goals, slowly but steadily. The reason may be that the missions exercises, under the guidance of Mrs. Josephine Edwards, have been so appealing that the hardest heart could not refuse to respond.

A musical recital was given in the college chapel, Saturday evening, February 13, by the students of both the vocal and piano instructors.

EMMANUEL MISSIONARY COLLEGE NOTES

Saturday evening, February 13, the department of music presented the college concert band in its annual recital. Admission tickets were sold in order to obtain funds to furnish the old science laboratory in the basement of the music building as a permanent rehearsal hall. The plan is to purchase drapes and other materials to improve both the appearance and acoustics of the hall.

Miss Stanley, head of the department of home economics at the college, was the speaker of the evening at the last E. M. Club held in Maple Hall. Her subject was etiquette and correct dining-room decorum. Questions which had previously been written were discussed and answered.

The hour for the meeting of the Missionary Volunteer Society has been changed from Sabbath afternoon to Friday evening. It now alternates with the vesper service. Sabbath afternoons are always busy ones at E. M. C. for the Missionary Volunteers. Two jails are visited, Bible readings are given, and literature is distributed, not to mention the Master Comrade tree and bird study groups which are always active.

In order to gain a true and sympathetic understanding of the Japanese, the officers of the History Club asked Mr. Izuho Okinaka, our own student from Japan, to speak at their last meeting and present the Japanese side of the conflict in the Far East.

The Expression Club has recently found its place among the various activities at E. M. C. At its first meeting Mr. Heller, acting as temporary chairman, turned the hour over to discussion as to how the club

should be governed and the benefits its members could rightfully expect to receive. Its object is for improvement in every field of expression, and the plan is to have every member participate as often as possible.

Friends of Miss Anita Herrmann, class of '29, were pleased to see her on the campus over the week-end. Five of the Fox River Academy students came with her including the sister of Miss Sylvia Pappan, the brother of Miss Elizabeth Sherman, and the sister and brother of Miss Virginia Wier.
