### Senior Camp

WE WISH you could have been with us at Camp Pottawottamie on Gull Lake for the week end of August 26-29.

Thursday evening after supper we all gathered in the dining room around a roaring fire and played games and sang. Friday the skies cleared and we

enjoyed swimming and boating in the clear waters of the lake. After being well fortified with good food prepared by Mrs. L. E. Bishop we were ready to enjoy an evening around a camp-fire on the point. It was indeed beautiful to hear the words of the hymns floating out on the clear night air. Then the more than fifty young people retired to the various cabins for a good night's rest.

Sabbath dawned sunshiny and clear for which we were so thankful. When breakfast was over we had Sabbath school led by Elder D. W. Hunter and an after service conducted by Elder

R. R. Bietz. In the late afternoon we all loaded into canoes and "the tub" and journeyed up the lake where we enjoyed our young people's meeting on the terrace of an estate on the mainland. We ate sack lunches for supper and soon were homeward bound while the sinking sun painted the landscape with almost indescribable beauty. We passed boats whose sails were "red in the sunset." Our own canoes were golden as we paddled over the tranquil waters. Each youth was touched with the nearness of God in nature as the sun sank in the west.

We came home refreshed, and determined in our hearts to set our sails

### Some More Changes

In the calling of Elder B. E. Wagner from our union, we have lost a valued and successful laborer. Under his leadership the sales of subscription books greatly increased in the last 6½ years, and his services have been greatly appreciated. As he and his family go to the large field in the Southern Union we are sure that the prayers of their friends and associates will follow them.

We are pleased to announce that the Union Committee has elected Elder W. A. Higgins of Michigan to carry on the book work in the union, and the field extends to him a hearty welcome.

Elder R. R. Bietz, Missionary Volunteer Secretary of the union, has been called to the presidency of the Texico Conference and is accepting this responsibility. During the two years he has served as the union secretary for this department, his activity and good will in the field have been much appreciated. The Lake Union is making a good contribution to the Southwestern Union and we all bespeak for Brother Bietz success in his new responsibility.

We are happy to report that Elder T. E. Lucas of the Michigan Conference has accepted the call to the secretaryship of the Missionary Volunteer Department of the union and will soon be taking up his duties in this capacity.

As these brethren leave us and as these brethren come to us, let us believe that the Lord is directing in the work that they have been called upon to do.

### Opportunities for the Technically Trained Adventist Youth

This is a changing world, and the variations, so evident in the industries due to the impact of total war, have made themselves felt with forcefulness in the schools and institutions of our church. The nation is short a half million technically trained brains, but this is as nothing when compared with the tragedy of the shortages of qualified, skilled, consecrated youth who will fill the vacancies on the staff of Seventh-day Adventist organizations.

Schools plead for matrons, deans, teachers, and managers. Hospitals beg for nurses, cooks, and directors. Conferences are unable to advance into the waiting fields because of the lack of young ministers, even though the treasury is full. Unscrambling the present war conditions will call for a larger number of skilled young people to do the work of the world and the church. This is the time to train for service.

There are still promising youth in our churches who cannot attend our own schools to obtain the necessary technical training so that they can fill these demands for leaders, because they lack money. God has blessed most of us with temporal blessings. Let us share with these youth our blessings by giving freely to the EDUCATIONAL AND IMPROVEMENT FUND ON SEPTEMBER 18. Needy and promising young people may be aided in preparing for the work.

Sunday was a pleasant day and one long to be remembered by those present. Our eating capacity was reached too soon, the time passed too quickly and the time to say good-bye came before we realized the week end was over. We all agreed that it was good to have been at Camp Pottawottamie and we thank Elder Hunter and his associates for a good time.

### Special Colporteur School

"Were it not for the efforts of the canvasser, many would never hear the warning."

In order to train for successful service the many who desire to become soul-winning colporteurs, a special colporteur school will be held September 26-29. Those desiring to avail themselves of this opportunity to prepare for successful service, write at once for particulars. Address W. A. Higgins, Box 900, Lansing Mich.

### News Notes

ELDER W. A. Higgins spoke at the Pontiac church on Sabbath morning and in the afternoon visited the church in Howell. He reports a number of fine prospects for the colporteur work from the Pontiac area.

Elder T. E. Lucas and Brother Hugh Forquer visited the churches of St. Johns and Ola on the Sabbath. At St. Johns they are over their Ingathering goal and at Ola they expect to be over in a short time.

Miss Edith Shepard stopped in Homer on her way to the Hillsdale Sabbath school and picked up young Gerald Rowley who accompanied her to Hillsdale. The Sabbath school there are very happy about their new room for the children's divisions.

The churches of Alma, Ithaca, and St. Louis had their regular union meeting last Sabbath and Elder H. P. Evens was present as speaker. They have their plans completed for the church school which serves these three

churches. In the afternoon Brother Evens accompanied Elder Potter to the Titus church. They are over their Ingathering goal and expect a good overflow before the campaign closes.

Elton Dessain spoke in Cadillac on the Sabbath and on Sunday and Monday assisted the church treasurers at Evart, Cadillac, and Ionia.

Elder D. W. Hunter took the eleven o'clock hour at the Battle Creek Tabernacle last Sabbath and in the afternoon spoke at the Lansing Missionary Volunteer meeting.

Elder H. F. Brown met with the East Detroit church Sabbath morning. This newly organized church is the result from merging the former Roseville and St. Clair Shores churches.

Adelphian Academy enrolled 150 students on the first day of registration.

### The Time to Act

AN ARMY strikes when the prospects for a successful advance are the best. If it waits too long, unnecessary effort is expended and additional lives are lost. In God's army we have been told "We have no time to lose. The end is near. The passage from place to place to spread the truth will soon be hedged with dangers on the right hand and on the left. Everything will be placed to obstruct the way of the Lord's messengers, so that they will not be able to do that which it is possible for them to do now. We must look our work fairly in the face, and advance as fast as possible in aggressive warfare. From the light given me of God I know that the powers of darkness are working with intense energy from beneath, and with stealthy tread Satan is advancing to take those who are now asleep, as a wolf taking his prey. We have warnings now which we may give, a work now which we may do but soon it will be more difficult than we can imagine. God help us to keep in the channel of light, to work with our eyes fastened on Jesus our leader, and patiently, perseveringly, press on to gain the victory."—"Testimonies," Vol. VII, p. 22.

If God calls, there is danger in delay, danger for you and those you may help. We know that there are many who are planning to engage in the colporteur work. This is the hour for advance. This is the time to *act!* The honest hearts call for light. Heaven awaits your response. Why not contact your field secretary now? Address Field Secretary, Box 900, Lansing, Michigan.

THOSE WHO WISH TO MAKE WILLS OR LEGACIES, PLEASE CORRESPOND WITH THE INDIANA CONFERENCE, 310 EAST 23RD STREET, INDIANAPOLIS, INDIANA.

### More Changes

THE Indiana Conference Committee met Sunday, September 5, in the conference office and made some very important decisions we are sure our people will be interested in. Possibly some of these decisions will bring disappointment in one or two cases, but we want to assure the brethren and sitters that we are doing our best to supply help for every part of this field.

Principal E. E. Bietz was given a leave of absence for one year to finish his Master's degree in the Nebraska University. Consequently, someone was obliged to take his place. L. L. Murphy was chosen as head of the school to be the temporary principal, and Brother Elbert Tyson, Jr., takes the place of Brother Murphy as Bible teacher.

Brother Richard Mitchell and Sister Frances Vaughan are to remain in Kokomo for a time to finish the good work that the tent effort accomplished during the summer. Brother Mitchell will visit in the Logansport church once a month in addition to his responsibilities in Kokomo.

Elder Summerville is to locate in South Bend. Brother Kenneth Kennedy, who has been working with Brother Vandeman in the tent effort at La Porte, will locate at Gary and be the superintendent of that district.

Elder DeWitt Osgood of North Dakota will be moving to Indianapolis the first of October. Brother Elliott, who has been working in the city of Indianapolis, will still continue his labors in that city and very likely assist in the field work where there is no settled pastor.

Recently Elder Latham moved from

Lafayette to Bloomington and is nicely settled there carrying on his work.

Elder O. K. Butler, who was in Bloomington, is now in Terre Haute.

We trust that our people will be patient with us until we can secure the necessary help to take care of the needs of the field. We should at this time pray that God will send laborers into the harvest.

S. E. WIGHT

### Baptisms

WE BELIEVE that our constituency in Indiana will be cheered to hear of the number of baptisms which have been conducted recently. On August 28 two baptisms were held here in the state—one in the North Side Indianapolis Church by Elder W. R. Elliott and one in Versailles by Elder H. K. Haladay. On Sabbath, September 4, two more services were conducted—one at Richmond where seven candidates were buried with their Lord and the other at La Porte where seventeen took their stand in connection with Brother Vandeman's effort there. These people were baptized by Elder S. E. Wight and Professor Thiele from Emmanuel Missionary College. We are looking forward to another baptism at La Porte soon.

The Richmond baptism has come about as the result of lay efforts being conducted by Brother O. Green and Brother Henry Rodenberg.

On Sabbath, September 11, another baptismal service will be held at Gary which comes in connection with the colored effort conducted by Brethren Henri and Crowe.

We are sure that Indiana will be happy to receive these new additions and we urge the prayers of our people that the Lord may look upon the hearts of many others here in the state that they may unite with God's people.

### He Calleth for You, Too

THE experience of Martha and Mary contains many valuable lessons for us today. On one occasion, at the death of their brother, Lazarus, Jesus appeared to Martha and tested her faith in Him by saying, "I am the resurrection, and the life; he that believeth in Me, though he were dead, yet shall he live: And whosoever liveth and believeth in Me shall never die. Believest thou this?" (John 11:25, 26)

This direct question was positively answered by Martha, and then she secretly went and called her own sister, Mary, saying: "The Master is come, and calleth for thee."

Yes, dear fellow believers in Illinois, there are multitudes in the Illinois Conference dead in sin, and we need many Marthas today to go and call them to the feet of the Master. Yes, He calleth for you, too. Won't you enlist now and help us carry our truth-filled literature to the perishing souls all around us?

The last few weeks of the year are the best for selling our literature. Scores of our sisters can do excellent work in helping to sow the gospel seed and at the same time earn good wages. Surely He calleth you, too. Won't you write your Book and Bible House or field missionary secretary today and ask for instructions about getting started in the literature ministry? A beginners' institute to help you learn the technical part of the work is being planned soon, so get your application in early. Address your inquiry to Box 29, Brookfield, Illinois.

## My First Impression of Broadview Academy

AFTER being in Broadview Academy for two days, one of the things that has impressed me the most is the friendliness of the fellow students—always ready to take you into their midst and to make you one of them. From all that I see and hear, no three people could be better liked than the two deans and the principal. The faculty members also are willing and waiting to make you one of the large school family. They do all they can to place you where you will be the happiest.

The gymnasium and organs will attract the person who has a mind for sports or music. We have several good ping-pong players, and I'm also looking forward to the basketball games!

Yes, Broadview Academy made a good impression on me, and I know that it will be a lasting one. The girls' parlor is beauty itself. And the food! It is really delicious! I can speak for those who have never seen Broadview before, and have only heard about it. It will be home to you, if you will only come and see for yourself.

It isn't too late to come. It is never too late. So we will be expecting to see you at Broadview soon!

## Junior Camp

THE 1943 Junior Camp is history. It was a week of very pleasant camping, and when the last day of camp arrived, many were reluctant to leave. The weather was ideal and was packed with interesting features. The Morning Watch circle, prayer bands, flag raising and lowering, crafts, nature, first aid, swimming, boating, three square meals, and campfire left only forty-five minutes a day for a rest period.

The Camp Druce Lake staff was the best I have ever worked with, all were faithful to their duties and responsibilities. It was also the most spiritual camp we have ever conducted.

Surely in these times we need to emphasize true values.

The evening programs were planned weeks ahead of time, thus giving the various individuals opportunity for thought and study. The Sabbath morning consecration service was an inspiration and a blessing. Many of these Juniors are looking forward to baptism in the near future. Several of the young people came to camp with the purpose of being baptized and others joined them in the beautiful service at Druce Lake, Sabbath afternoon, when seven were baptized by Elder Schaffner, one of these being his own son.

It was good to be there, and we regret that more than thirty paid applicants failed to come, due to the many cases of infantile paralysis in the Chicago area. The ninety-five Juniors who were at the camp will be just that many boosters for our 1944 camp.

ROLLIN A. NESMITH

## News Notes

ELDER LENHEIM reported a very fine meeting with the believers in Marion on Sabbath, August 28. He officiated at a baptismal service for Elder Berry, at which time fourteen people were baptized as a result of the summer tent effort held by Brethren Berry and Calkins.

While in the southern part of the state, Elder Lenheim also visited the tent efforts being conducted by Elder Kroeger in Alton and Brother Richards in East St. Louis. The Alton effort has been well attended and is progressing nicely. The prospects are bright for a good harvest of souls. The attendance at the effort in East St. Louis has been fair, and Brother Richards feels that there is a large personal interest which will produce good results.

Elder W. P. Ortner recently closed his airdome effort in Moline. Mrs. McAlister is assisting him in following up the interest and it is hoped that a number will be baptized as a result of this effort.

## Program of Christian Education 1943-1944

ON Tuesday, September 7, twenty-three church schools opened their doors to service in an endeavor to administer to the needs of the youth of our state.

We are happy to introduce to the fellowship of Wisconsin church schools three new sister schools whose churches were very eager to operate for the welfare of their boys and girls. These are:

Reedsburg  
Merrill  
Racine (home school)

It is indeed gratifying to observe the interest of the school boards in promoting Christian education, and an en-

deavor to repair their school plants, in order that they might justify their existence.

God has ordained that these schools should carry on a mighty work in behalf of our youth, and it gives us joy to cooperate with the churches in making this program possible.

In spite of the hardships encountered in providing teachers for these schools, we are happy to announce the following engagements made possible by the faithfulness of these teachers divinely called to be leaders of our youth:

Beloit .....	Alfreda Costerisan
Berg Park .....	Marian Steigenberg
Bethel .....	Evelyn Dreier
Clear Lake .....	Edgar Grundset
	Helen Lunz
Clearwater Lake .....	Daisy Sterns
Eau Claire .....	Jewel Nolin

Let us work and pray earnestly that these schools may really accomplish for our boys and girls what God has in His providence ordained.

### News Notes

BROTHER Lewis spent the week end of September 4 in Elder Holden's district. On Sabbath morning he spoke to the La Crosse church.

Poy Sippi had the pleasure of a visit from Elder Unruh on Sabbath, September 4. We are sure they enjoyed having him with them.

Brother Perepelitza was in Madison this week end. He spent the time profitably in visiting prospective students for the academy and the church school.

Brother Hoffman, our genial principal of Bethel Academy, was in Madison over Sabbath. He was looking up prospective students for the academy. He tells us that all indications point to a large enrollment. We rejoice over this and sincerely hope they may have both dormitories full and running over.

Elder McClure at the present time is on an itinerary with Elder Joyce. They are in the northwestern part of the conference. We are looking for a fuller report from them soon.

Reports are still coming in from church treasurers indicating that Ingathering is still the big thing in Wisconsin. It surely looks as though we will reach the overflow goal of \$30,000.

Last Sabbath Brother Lawry visited the Milwaukee English Church. A good report was given by Brother Kidd, one of the local elders, regarding the progress being made on the church auditorium. The work is going along in fine shape. The plastering is all done and the carpenters are trimming out this week.

### Annual Workers' Meeting

THE annual workers' meeting of the Wisconsin Conference was held August 31 to September 2. The place of meeting was the Bethel Academy. The first day was spent in hearing reports from the district leaders and pastors, and in studying conference office reports. It was most heartening to note the progress that is being made in every branch of our denominational work. The topic that received thorough study concerned itself with a more extensive program of evangelism in this conference. It was inspiring to note the anxiety which our workers carry for the rapid finishing of God's work. During the fall and winter months every worker will be engaged in holding meetings either in public halls or in our churches. It was agreed that an attempt be made to have Sunday night meetings going on in all of our churches even though

many of these meetings must be conducted by trained laymen.

Elder H. T. Elliott, associate secretary of the General Conference, spent the entire time with us. His heart-searching devotional studies not only encouraged but greatly challenged the workers. His participation in all the round-table discussions was deeply appreciated.

Principal Hoffman and members of the academy faculty did much to make the stay of the workers on the campus pleasant. Miss Brewer, the new matron, having just arrived, gave an excellent demonstration of fine cooking.

The report of our soul-winning activities indicated prospects for a goodly number of baptisms and additions to the church this year. The financial report for the conference showed a splendid increase in tithe and in mission offerings. It was pointed out, however, that the increase in our missions giving has not kept pace with the increase in the income of our people. It is to be hoped that in these prosperous times our people will contribute to the support of God's work, at home and abroad, "according as God hath prospered." The Ingathering reports indicated a determination on the part of the churches to reach the \$30,000 mark in 1943.

In every way the 1943 workers' meeting was a profitable one.

### Worry

What plows deep wrinkles in the face?  
What robs of beauty and of grace?  
What makes gray age come on apace?  
    'Tis worry.

What weighs us down with loads of care?  
What wraps in gloom this earth so fair?  
What ends too oft in dark despair?  
    'Tis worry.

What chases kindly sleep away?  
Makes labor bitter all the day?  
And banishes each cheering ray?  
    'Tis worry.

What paints the future dark and drear?  
Makes phantom foes seem real and near?  
And racks us with tormenting fear?  
    'Tis worry.

What fills the mind with gloomy doubt?  
What crowds our faith in Heaven out?  
What puts the soul to utter rout?  
    'Tis worry.

Oh, why then should we anxious be?  
Does God not care for you and me?  
Just trust Him, and He'll set us free  
    From worry.  
    —O. S. Hoffman

### A Laugh

A laugh is just like sunshine,  
It freshens all the day.  
It tips the peak of life with light,  
And drives the clouds away;  
The soul grows glad that hears it,  
And feels its courage strong—  
A laugh is just like sunshine  
For cheering folks along.

A laugh is just like music,  
It lingers in the heart,  
And where its melody is heard,  
The ills of life depart;  
The happy thoughts come crowding  
Its joyful notes to greet—  
A laugh is just like music,  
For making all life sweet.  
    —Selected

### Spread Thy Wings

Under the shadow of Thy wings,  
Thy children put their trust!  
When foe assaults, destruction stalks,  
Weak victims of strife's lust  
Will find in Thee a safe retreat—  
Our refuge is Thy mercy seat!

Within Thy secret place we hide,  
When fear strikes wild alarm;  
A shelter sure, we flee the world,  
Safe by Thy side!—No harm  
Can here molest our harrassed hearts,  
Safe from the foe's destructive darts!

Thou art our strength, our comfort, peace,  
When might and strife force claims;  
Thou art our parcel and our hold,  
When nought of earth remains!  
Spread Thy protecting wings alway,  
Lord, save us in this evil day!  
    —Louise C. Kleuser

### A Smile

"Nothing on earth can smile but  
man! Gems may flash reflected light;  
but what is a diamond-flash compared  
to an eye-flash and a mirth-flash! Flow-  
ers cannot smile; this is a charm that  
even they cannot claim. It is the pre-  
rogative of man; it is the color which  
love wears, and cheerfulness, and joy  
—these three. It is a light in the

windows of the face, by which the  
heart signifies it is at home and waiting.  
A face that cannot smile is like a bud  
that cannot blossom, and dries up on  
the stalk. Laughter is day, sobriety is  
night, and a smile is the twilight that  
hovers gently between both—more be-  
witching than either."—Henry Ward  
Beecher.

## Agricultural Scholarships

ALL THROUGH the writings of the servant of the Lord great stress has been placed upon the importance of a training along agricultural lines in our schools. In fact we have been told that agriculture should be the ABC of the education given in our schools and that all our school farms should be under the direction of well-trained farm supervisors. As a people, we have tried to place proper stress upon this line of training, but in reality we have come far short of the blueprint and the design that the Lord had in the molding of our whole educational system along these practical lines.

We had planned that agriculture should be taught in the elementary

school as well as in the academy and college, and to some extent this has been true. However, as we have quite recently analyzed our whole agricultural program in the Lake Union we find that we have come far short. In several of our recent meetings we have voted to place greater stress upon the teaching of agriculture in all of our schools from the elementary schools clear up through the college.

Emmanuel Missionary College is perhaps the best equipped to offer a thorough training in agriculture of any of our senior colleges, and quite recently it has been designated by the General Conference as the one particular college to offer upper division work in this field and thereby be able

to grant a major in this line of training. With our agriculture department here at the college headed by four well-trained men of long experience—L. N. Holm, V. H. Campbell, Glenn Houck and W. H. Wohlers—we are prepared to offer to our young people who are interested in agricultural lines a very splendid type of training.

At the last meeting of the Spring Council held in New York City during April of this year, an important decision was made as pertains to the training of young men to engage in agriculture work. It was pointed out there that we have a great dearth of men who are well enough trained to become managers and superintendents of our school farms and teach classes in agriculture. As an indication of the denomination's support of this type of training and to encourage more of our young men to pursue this particular course, it was voted that each union conference grant two \$150 scholarships a year to young men who are interested and show promise of success in this line of work. With the added stress that our government is placing upon this line of work and the light of the importance that it has been given in the Spirit of prophecy, we trust there will be a number of our young men who are properly qualified for this training and will take advantage of the opportunities that are being offered for further training in this particular field.
