The World Calendar and the Peace Table

WE HAVE scarcely faced a more crucial hour than at this present time. A most drastic effort is being vigorously launched to bring about a revised calendar, entirely upsetting the weekly cycle as God has given it to mankind. There is plenty of money behind the scheme and the "World Calendar" promoters claim many of the Latin American countries and some countries of Europe as having gone on record in favor of the new reform. Our own nation is now weighing the matter carefully in our national Congress.

What the reformers hope is this,—that they can secure the support of certain influential nations before the "Peace Table" conference, and thus use this pressure to bear upon the participants at the Peace Table and all nations represented, and finally have the calendar adopted for the whole world. Things are happening rapidly these days according to the prophecies, and we have no time to lose.

Elder McElhany set the matter before us in the July 13 issue of the *Review* in a most appealing way. We are now ready for action. Every church in North America is asked by the General Conference to observe August 12 as provided for in the program pertaining to this matter. The material that appeared in the *Review* of that issue covering some six or more full pages has now been carefully put into book or pamphlet form and is well illustrated. It covers the whole story sufficiently and simply as well as forcefully. Several millions of this booklet should be immediately distributed so that the public may be thoroughly acquainted with the issue. We hope

By Wm. A. Butler

it will be instrumental in defeating this pernicious calendar reform idea. This is one of the grand opportunities God has given us to bring the truth to the front.

We do not know exactly the preliminary steps that will eventually lead up to a national Sunday law; in fact, it may come around in a very unexpected manner. We must bear in mind that we have not only to meet the question of a national Sunday law, but that Sabbathkeepers will be hindered and persecuted in observing the seventh-day Sabbath.

"The same masterful mind that plot-

ted against the faithful in ages past is still working to rid the earth of those who fear God and obey His law. Satan will excite indignation against the humble minority who conscientiously refuse to accept popular customs and traditions . . . not having a 'Thus saith the Scriptures' to bring against the Bible Sabbath, they will resort to oppressive enactments to supply the lack. . . . And we are not left in doubt as to the issue."—*"Testimonies," Vol. V, pp. 450, 451.*

We know that Satan's masterful mind and the wily opposer of the Sabbath is urging such moves as this to the front to confuse Adventists and deceive all mankind. But what an opportunity is ours just now! Every Sev-

Courage in the Storm

Black, angry storm clouds now unfold
This world in close embrace.
Oh, is there nothing that can hold
Before their threat'ning face?

When breakers roar and cables strain,
And stoutly blows the gale,
Will truth and virtue fast remain
Or will the moorings fail?

True faith and hope will ever stand
'Mid storm and tempest shock;
They were not built on shifting sand,
But anchored to the Rock.

Oh, youth, lift up thy languid head,
And let thine heart be stirred
By light of truth so freely shed
From God's most holy word.

God calls for young men, brave and true,
To join the battle grim,
Who will each day their strength renew
By comradeship with Him.

Fear you the storm will overwhelm
Before the night is through?
Remember, God is at the helm,
And that He cares for you.

The world now wrapped in darkest night
Will soon from sin be free,
For through the clouds that veil the light
Will burst eternity.

enth-day Adventist in North America is called upon to rally and unite in this crucial moment in distributing this new booklet, *Calendar Change Threatens Religion*. We are also putting similar material into the hands of our people in each of these other countries.

Every person in any kind of a public position whatever should have a copy of the book. Every person conducting any kind of business should have it. Every religious worker and all Sunday school teachers should read it. Then our church people should visit every home and either sell or give the copy to each family briefly showing the dangers to religious institutions as well as the inconvenience it would cause to business in general.

At camp meeting in one conference 17,000 of these booklets were ordered in just a few minutes; at another camp meeting 12,000 were ordered. We firmly believe our faithful people everywhere will help us distribute millions of copies. The price of the booklet is ten cents. Pray mightily that God may guide us just now in heavenly wisdom as His true watchmen.

AN UNUSUAL CHALLENGE

"War Food Administrator Against Lifting Whiskey Ban." This brief caption heading, a United Press announcement through the columns of the nation's newspapers a few days ago, presents an unusual challenge to every loyal temperance crusader, and especially to Seventh-day Adventists. In a terse, dramatic statement the dispatch stated: "Disapproval of the decision allotting August alcohol production to whiskey making was registered Wednesday by War Food Administrator Marvin Jones who contended that grain earmarked for alcohol could be put to better use. . . . Jones asserted that allocations to manufacturers of anti-freeze mixtures, medicinal alcohol and other products could have been increased if the August output were not authorized for whiskey."

Again we discover that the liquor interests are consistently continuing their "undercover" program to debauch a nation during one of the severest crises in its entire history—active participation in a global war designed to perpetuate the cause of liberty and democracy. They recognize that their cause would be lost in an open appeal for the release of alcohol for the production of whiskey at this momentous hour, when we are waging a winning fight on practically every battle front. In order to accomplish their nefarious designs, therefore, they have exercised their usual strategy through the nation's

War Production Board, and secured permission to make alcohol available for the production of whiskey.

There are at least two redeeming prospects to this tragic development that deserve emphasis at this particular moment. The first is the personal protest of War Food Administrator, Marvin Jones, in his statement that "grain, earmarked for alcohol could be put to better use." Every lover of the cause of temperance and, again we repeat, every Seventh-day Adventist honors this great American for his noble stand on a vital question at a crucial moment.

And we believe, too, that our sympathetic reaction to Mr. Jones' personal protest against this recent action of the War Production Board should challenge a very definite expression on our part. It is imperative now that we avail ourselves of every legitimate facility to support his stand, and literally propagandize the nation on the principles of temperance.

We are happy to announce to our people that a limited supply of the latest temperance

"Signs" is available for distribution at this strategic moment. During recent months more than a million copies were circulated in every section of the country. The accompanying reproduction of its cover page helps to visualize its unusual appeal to those who may have the privilege of reading its content. It appears at this moment that paper restrictions will forbid printing more than a sufficient number of the next temperance issue of "Signs" to provide for its current list. The situation furnishes an urgent reason for using the remaining supply while the moment is opportune.

Quantities are available at \$2 per hundred with a special discount rate of only \$15 per thousand while they last. Requests will be filled in the order of their receipt. Secure your supply NOW, and distribute this excellent issue of the temperance "Signs" in your community.—H. K. Christman, Circulation Manager.

▶ "Impossible" is a word to be found only in the dictionary of fools."

AFTER WAR— STRANGE, NEW PROBLEMS

A war-weary America will face enormous home front problems when peace comes. The return of twelve million fighting men and women to their homes, to permanent jobs, and to security, is one of the staggering tasks.

But that is only one episode in the drama. Disease and disability enter the picture, for millions of men will come back either as carriers of new maladies or as patients. Our army has been fighting malaria, typhus, bubonic plague, tropical fever, and other exotic diseases. We may expect that the fight against the ravages of these diseases must continue long after the war ends.

Mental illnesses will be a major problem in postwar America. Many of the men returning from the battlefields will have gone through mental and emotional crises that have left them "shell shocked" and neurotic. Thousands of youth are being discharged from the armed forces each month because of nervous diseases. These men will require our special care and understanding.

In the days ahead Christians must be modern Good Samaritans, bringing healing, comfort, and health to those in need. We are challenged by desperate times. God is calling His people to practical, consistent Christian living.

Our health principles are a mighty bulwark in this hour. Health, "A Doctor's Magazine for Everybody," is bringing counsel on building body defenses and on maintaining physical fitness. Health features simple, scientific methods of treating disease—hydrotherapy, massage and natural remedies. Health also gives its readers a picture of current medical research, of what is new in the treatment of disease.

"For America a new day is dawning," says Thomas Parran, M.D., U. S. Surgeon General. For every member of the church a new day of opportunity lies ahead. Are we prepared to give the message of health and temperance, the prescription for peace and happiness that God offers the world today? We can use every agency at our command for medical missionary work among our friends and neighbors. Health magazine, coming month by month to your loved ones, brings them counsel and inspiration in every hour of need. Merlin L. Neff

HAPPY REUNIONS. . . Smiles through tear-dimmed eyes . . . Dreams come true. . . All this and more when 12,000,000 heroes return home.

But there will be dangers and problems for which we must now prepare. "Never, until the United States entered this war, had the armed forces of a single nation been called upon to face practically every scourge known to man in almost every corner of the earth."

There's another war to be fought,—a war against disease and epidemics,—the aftermath of global war.

We face new times, for four out of every ten discharged from the Army for disability are emotionally or mentally unfit. These men will require our care and understanding.

Home life will be tested, for there is the danger that seven out of every ten war marriages will fail, say authorities.

SERVICE MEN'S BENEFITS—No. 2

THE Service Men's Readjustment Act of 1944 which became law on June 22 by the signature of President Roosevelt constitutes a part of the program of postwar adjustments necessary to bridge the gap between discharge or release from active service and reestablishment in civilian pursuits.

Generally speaking, to be eligible for the benefits provided the person must have served in the armed forces for a period of at least 90 days, unless sooner discharged for a disability incurred in service in line of duty, and such service must have been during the period beginning September 16, 1940, and ending with the termination of the war.

While benefits are provided immediately for those who have been discharged or released from the service under prescribed conditions, the general scheme of the legislation contemplates the offering of readjustment benefits particularly during the most difficult postwar period.

General provision is therefore afforded that the benefits may be claimed and secured within two years after discharge or release from the active service or the end of the war, whichever be the later, with an over-all limitation which will permit the serving of one enlistment after the end of the war and will permit the person so serving to receive the maximum benefit extended within the prescribed period subsequent to his later discharge.

Subject to the above, the following direct and indirect benefits for veterans of World War No. 2, and certain benefits of similar nature to veterans of prior wars are set forth under six separate titles of the Act.

The first of these follows:

"TITLE I. HOSPITALIZATION, CLAIMS, AND PROCEDURES

"1. Adequate organization of the Veterans' Administration to administer all veterans' benefits except employment.

"2. Adequate hospital facilities for the care and treatment of veterans for nonservice dis-

abilities or diseases as well as for disabilities or diseases incurred in service.

"3. The right to have explained to him before discharge or release from active service all rights and benefits to which he may be entitled as a veteran, and an opportunity, if he so desires, to file a claim therefor.

"4. The right to adequate posthetic appliances and necessary training to effect the greatest possible benefits in the use of such appliances.

"5. Adequate safeguards as against forced statements against interest.

"6. Adequate contact facilities in Army and Navy discharge centers, including those furnished by the service, by the American Red Cross, by national veterans' organizations, and by the Veterans' Administration.

"7. Prompt transfer of the essential records of service departments to the Veterans' Administration and prompt adjudication of claims for benefits.

"8. The right of review in cases of irregular discharge or release from active service, (a) by the Administrator of Veterans' Affairs to determine whether the person at time of committing the offense was insane, in event of which determination benefits to which the person would otherwise be entitled shall not be forfeited; (b) except in case of separation by sentence of general court martial, any enlisted man or officer may have a review by an authorized board to determine the correctness of such discharge or dismissal; (c) any officer retired or released to inactive status without pay may likewise have a review by an authorized board to determine retirement rights.

"Under both (b) and (c) above, the claim for review must be filed within 15 years after discharge or dismissal or within 15 years after the effective date of the act, whichever be the later." Carlyle B. Haynes

each of the following union conferences: Pacific Union, North Pacific Union, Columbia Union, and the Lake Union Conference.

The college field representatives, including Dr. H. F. Halenz, Elder W. E. Straw, and Professor G. M. Mathews, report that a sincere interest in Christian education is manifested by the young people of the Lake Union Conference with whom they are coming in contact this summer. Applications pouring in daily are alike indicative of such an interest.

Elder T. G. Bunch, president of the Michigan Conference, presented a challenging message to the student body at the chapel hour on Monday, July 17. Elder Bunch stated that all

life is associated with form, and that without life, the form is often valueless. It was also stated that a form of godliness is important, yet the fact was stressed that it, too, without life is merely an empty shell.

The faculty and students of Emmanuel Missionary College wish to send greetings to the student colporteurs of the Lake Union Conference. Reports of the success on the part of these students are eagerly read by the College family. Daily prayers ascend to the Throne of Grace that God will continue to bless and guide the colporteurs.

Recent visitors on the campus include, Elder J. L. McElhany, Elder W. E. Nelson, and Dr. J. E. Weaver, all of the General Conference. Dr. Holger Lindsjo, of Walla Walla College, is also spending a few days at E. M. C.

THE LIBRARY HABIT

JUNE 4 brought to a close an unusually busy year for the College Library. Because of the accelerated program of many students, circulation showed an increase of almost 8000 books over the year before, with a total of 47,493 two-week and reserve books withdrawn during the year. More than 1200 books were added, bringing the total collection to 30,432. Among the new acquisitions are many books of general and current interest, especially on the war and postwar plans.

College students, in spite of the many school activities, take time to read books not required by their scholastic

programs. Last year 7,766 books, or twenty-six per cent of the two-week book circulation, were withdrawn for personal use. These students are forming habits that will assure their continued reading of good books long after their formal schooling comes to an end.

The staff encourages the use of the library, both for study and for independent reading. Free access to the stacks gives students opportunity to handle and become acquainted with a large number of volumes. Books sent to the dormitories each week end provide recreational material close at hand when it is most desired. Bulletin boards and published lists tempt both students and faculty to enjoy recent acquisitions.

The College Library will welcome both old and new students to its doors when school opens September 18.

ARLENE MARKS

THOSE "WHOM WE HAVE LOVED AND LOST AWHILE"

ONE hundred and twenty-six dollars in thirty-seven hours, one hundred and forty-nine and one hundred and forty-six in forty-five hours, two hundred and three, "each week I've been out," are the reports coming to my desk from many of you in the colporteur field. Incidentally, you will be glad to know, girls, that each evening in our worship hour there is reserved a corner of silent prayer from one hundred lips, just for you. And the above report is our answer.

And oh, yes, about our summer school! We have the largest enrollment ever, two hundred and thirty-seven. There are one hundred in the dormitory, the largest summer-time group yet. Chatter over Bible, history, education, home economics, mathematics and science remind one of the pursuit of winter-time subjects.

Mr. Hannum has gone, but Mr. Kelley and Mr. Phipps are holding up the standards of our organ vesper hour. The mellow light from the summer sun creeping through amber windows

causes us to remember you, and we do, at this eventide hour.

Stretching away from the buildings are long, long rows of green things, growing at the insistence of our farm hands for your table use next winter. There are the tomatoes (and they are just about to ripen), and beets (and they will be Harvards next winter, remember?). Swiss chard, peppers, long slender beans, promises of things to come as you labor on. There seems to be a definite connection between the long, dusty rows of the hoers which runs right into your dusty roads as we are doing our bit for you back here on the farm.

And do you know, girls, that right now, July 9, as I write this, there are already one hundred and thirty girls whose applications are in, and rooms reserved for next year, many more than last year at this time. Now let me pause and share with you for a moment an anxious thought, wherever will I put so many more girls, but we will find a place. These old buildings have been bulging for many years, and there has always been a way.

I have met some excellent prospects at the Illinois camp meeting, where Elder Straw and I spent some time. Keep your best campaign efforts in action all summer, and bring your friends around, girls, when I come to other Lake Union camp meetings, so we can all talk over school plans together.

Why wouldn't you as former residents of South Hall be glad to know that the second floor is to have the nicest of tile bathrooms, completely equipped, in the room next to the wash room toward the library. Furthermore, some rooms on the first and second floor will have partitions to make them two-girl rooms, only. Remember how you wished for more two-girl rooms?

Our campus is beautiful this summer, girls; the spacious green lawns, flowers in abundance, busy bird parents feeding their young unafraid

within a few feet of our footsteps; the long golden fingers of sun-rays caressingly touching everything with gilded tips in late afternoon and early evening; the "twilight's red glow," and against that the melancholy cry of the mourning dove. "A veritable Garden of Eden," quoted one.

Soon the leaves will be turning, and the nights will be chill; the robins and mourning doves will have gone; the apples will be all red and ready, then you "whom we have loved and lost awhile" will be back, and we will be glad that our preparation is done, and our prayers for you have been answered.

GO TO COLLEGE

"LET the youth who need an education set to work with a determination to obtain it. Do not wait for an opening; make one for yourselves. Take hold in any small way that presents itself. Practice economy. Do not spend your means for the gratification of appetite, or in pleasure-seeking. Be determined to become as useful and efficient as God calls you to be. Be thorough and faithful in whatever you undertake. Procure every advantage within your reach for strengthening the intellect. Let the study of books be combined with useful manual labor, and by faithful endeavor, watchfulness, and prayer, secure the wisdom that is from above. This will give you an all-round education. Thus you may rise in character, and gain an influence over other minds, enabling you to lead them in the path of uprightness and holiness."—*Christ's Object Lessons*, p. 334.

If you wish success in life, make perseverance your bosom friend, experience your wise counselor, caution your elder brother, and hope your guardian genius.—*Addison*.

SUMMER EVANGELISM NOW IN PROGRESS

For some time we have been planning to hold a series of evangelistic meetings in the city of Springfield, capital of our state, and I am happy to announce that a strong tent effort is now being conducted there by Elder H. H. Schmidt and his coworkers. Brother Harold Calkins and Miss Marion Blasius are associated with Elder and Mrs. Schmidt. We have supplied the Springfield workers with a splendid new three-pole tent. There were more than 325 people present for the opening service Sunday night, July 9, and the latest reports indicate that the attendance and offerings have been good each night. We are praying that the Lord will bless these workers with a large number of souls.

Elder R. J. Winders opened his tent effort in Pekin, Sunday night, July 9, with an attendance of nearly 150. Pekin is a much smaller city than Springfield. We feel confident that the Lord will bless Elder Winders and his associates, Brother John Haynal, and Mrs. Lula Young, as they proclaim the gospel in the city of Pekin.

An open-air meeting is being conducted in Princeton by Elder W. P. Ortner, and Brother and Sister Orren

Bachelor are assisting in the effort. Brother Ortner reports that he has a very fine location for his meetings, and while the attendance was rather small the opening night, it has greatly increased since then and the outlook is very encouraging.

Brother C. T. Richards is conducting a tent effort in East St. Louis, and a number of the young people from his church have been organized into a choir to assist in the meetings.

Elder H. W. Kibble opened his large Chicago effort last Sunday night. Associated with him are Brother J. Parker Laurence, Miss Josephine Dunn, and Mrs. C. E. Thompson.

Elder C. J. Smith preached his first sermon in his tent at Pontiac last Sunday night. He is being assisted by Brother Walter Echols, a graduate of Emmanuel Missionary College.

May I request an interest in your prayers in behalf of these evangelists and workers. Now is the opportune time for us to proclaim the third angel's message. There are many towns and cities in the state of Illinois that have not yet heard this truth, and it is our desire and hope that we will be able to reach these places with the advent message as quickly as possible.

L. E. LENHEIM

GOD SPEAKS: JOHN RESPONDS; WILL YOU?

IN THE Revelation record, first chapter, verse eleven, is a very definite command which is worthy of our consideration and special attention. John was instructed by God to perform a definite task, that of writing a book, which he set out to do. He accomplished well his task. And I suppose there is no book more loved in all the Bible by Seventh-day Adventists than the book of Revelation.

But John's task did not end with just the writing of that book. He also had the responsibility of sending it to the people of Asia. We might liken John to one of our Publishing Depart-

ment secretaries who today is charged with the same responsibility of sending the word of God to the people. We do not know just what method John employed for getting the books to the people, but we can well imagine it was something similar to our method of sending out our godly colporteur evangelists from home to home to study, pray, and labor for lost souls, and appeal to them through the message of the "Great Book of Books" to give their hearts to God and be saved.

Would it not be wonderful to know just how many of those books John wrote and sent to the people. Well, perhaps some day we shall know.

We do know that here in Illinois during the first half of 1944 we have succeeded in delivering more than seventy-seven thousand dollars worth of our message-filled books and papers which God has inspired His servants to write. We would like to increase this to many times that figure by the end of the year. But we need help.

We need men above the draft age. We need a large army of women who can go out with our health publications and take subscriptions and also sell our children's books, such as Bedtime Stories and Bible Pictures and Stories. We need several of our sisters who will devote all or part of their time to selling single copies of our magazines in the cities and towns all over Illinois. We need several men to volunteer to carry the books out into the country among the farmers, who are being sadly neglected and who have plenty of money with which to buy at this time. Some of our older brethren and sisters are the ones who should consider this very seriously right now. Many mothers could spare a few hours a day and a few days a week. Won't you help us while we have the opportunity? This privilege may be denied us a year from now.

One sister past sixty years of age told me today that five souls were baptized

last year as a result of books she sold, and she was able to devote only twenty-five hours per week to this work. A brother in his late fifties here in Illinois had the joy of seeing thirteen souls baptized in fifteen months as a result of books he sold. One book, "Great Controversy," sold several years ago in this state, has been the means of twenty-six persons, all relatives, accepting the message. Another book influenced seventeen people into the message. Two of them now are colporteurs. So God is still sending the books and hearts are still responding to the message. Won't you let Him send you? Write for information and instruction to the Illinois Book and Bible House or to the Publishing Department Secretary, Box 29, Brookfield, Illinois. Say: "Here am I, send me."

NEWS NOTES

Mrs. Ella Leuenberger has recently taken up work as Bible instructor in Danville. There seems to be a good interest in that city, and Brother Marsa expects to have another baptism within the next few weeks.

Elder R. A. Nesmith has just returned to the office after a trip to southern Illinois. He preached at Du Quoin Sabbath, July 15, and conducted a baptism at Springfield, Sunday evening, for Brother C. C. Arburthnot, who has been doing a very fine work among the colored people in that city.

Elder F. F. Bush baptized four people at the South Side church on Sabbath, July 15. One of these new members joined the church at Harvey and the other three united with the South Side church.

Word has been received from Mr. Edward Nachreiner that he is enjoying his work at the Theological Seminary. He has a full program, and feels that he will be greatly benefited by his studies this summer.

Elder L. E. Lenheim spoke at the West Central church on Sabbath,

July 15, and Mr. E. L. Green met with the Waukegan church.

We are sorry that it has been necessary for Miss Louise Mattausch to enter the Hinsdale Sanitarium for rest and treatment, and hope she will have a speedy recovery. She is very anxious to resume her work as Bible instructor in Rockford.

The speaker at the Humboldt Park church in Chicago last Sabbath was Elder Henry Grundset, who has recently connected with the Pacific Press as Danish-Norwegian editor.

COOKING SCHOOL POPULAR

In connection with the Indianapolis evangelistic campaign, a cooking school was conducted by Elder H. K. Halladay. There were eight two-hour classes during the month of June. From the beginning the cooking school proved popular. Ladies interested in the message and new believers, together with many of our church members, availed themselves of the opportunity. All expressed themselves enthusiastically over the tasty dishes that were prepared. Elder Halladay's experience in cooking proved very valuable and the instruction on healthful cookery, balanced meals, wrong combinations, and adequate dietary will prove a blessing to the homes represented, as long as time lasts.

MRS. EDITH CROSS

WINAMAC CHURCH SCHOOL

ANOTHER of our churches has definitely decided to follow the instruction found in the Spirit of prophecy and provide a school for the children of the church.

Winamac is not a large church. Their membership is 33. Most of the families live in the country. It will mean taking the children to school and going after them at the close of school. Some will have to pay heavily to meet the expenses that come in operating a school. These obstacles and privations do not alter the plans of this church. Having the children of the church in a church school outweighs any hardship that may be encountered.

A nice schoolroom is being prepared. New floors are being laid. Additional light will be provided. Blackboards and good desks will be purchased. We expect Winamac to have a high rating when checked with the new rating booklet.

I am wondering if there are former teachers in the conference who would help us fill the many calls we are receiving for teachers. Churches are asking for schools. These schools should be started. Children should be gathered into our own schools. They should be taught by capable, consecrated teachers. Those who could arrange their work so they could teach a school this winter, please correspond with the educational superintendent.

INDIANA'S BANNER WEEK

INDIANA'S colporteurs are of good courage and laboring enthusiastically. In their Banner Week from July 9-15 they have turned in a report of orders taken of well over \$5000, a report that has been equaled only on one or two previous occasions, and the deliveries for the week are more than \$3000, a record that has rarely been equaled in the "Hoosier State." We give the credit to God, and the working of His angels upon the hearts of the people.

Here are some of the individual reports:

DEDICATION AT MANISTEE

FRIDAY afternoon, July 14, Elder and Mrs. T. G. Bunch, Mr. and Mrs. Earl Robbins and Mrs. Marjorie Rey left Lansing en route to Manistee. They stopped at the home of Brother and Sister F. B. Wells on the shores of beautiful Lake Cadillac and found them preparing to move into the city because the home they had occupied for two years had been sold. Their new address is 427 E. Nelson St., Cadillac.

Arriving in Manistee we found Brother H. H. Crandell, pastor of the Manistee church, just returning from paying the last bills against the newly erected church building which was to be dedicated the next day. Only those who have seen the original structure which has now been transformed into a very attractive house of the Lord, can appreciate the final results.

An old residence located on Maple Street was exchanged for the former meeting place of our Manistee believers and Brother Crandell and his asso-

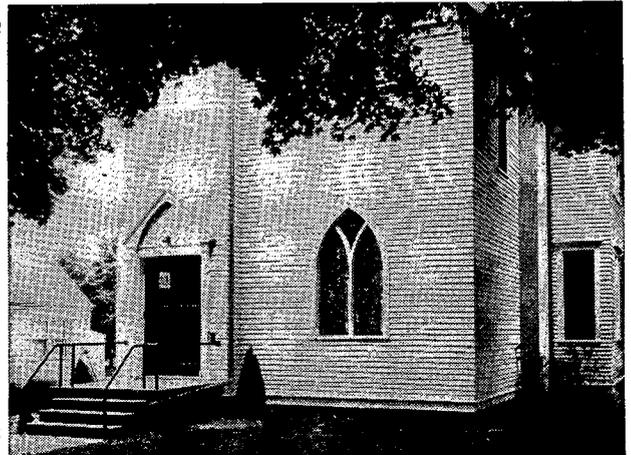

ciates began the task of remodeling. A beautiful little auditorium with seating capacity of 125, a minister's room, prayer meeting room and appropriate entrance comprise the first floor. A good heating system and rest rooms have been installed in the basement and on the second floor there is ample room for the various departments of the Sabbath school. The walls are of ivory wall-paneling and the ceiling is of white tile insulation material. The buff-tan woodwork effects a pleasing contrast to the walls and the frosted glass windows on the sides allow for good lighting. The front of the building is made especially attractive with the installation of a very beautiful stained glass window and the tower at the top of the building adds to the dignity of the structure. The outside is painted white and the lawn has been landscaped and appropriate shrubbery added.

Sabbath school began at 10:00 with Mrs. H. H. Crandell as superintendent. Visitors came in from Irons, Frankfort, Ludington, Cadillac, Bear Lake, and Traverse City and the church was filled to capacity with many standing. Mrs. T. G. Bunch conducted the lesson study for the day and Brother Earl Robbins sang a number of solos with Mrs. Grace Niesen accompanying. Elder T. G. Bunch spoke at the eleven o'clock hour and used for his subject, "This Climactic Hour."

In the afternoon Brother Robbins gave a 20-minute sacred music program with Mrs. Eleanor Haynor of Ludington accompanying. The dedicatory service was scheduled for 2:30 and Mr. Geo. D. Kruse, city treasurer, expressed the appreciation and satisfaction of the city officials at the accomplishment of the local pastor and congregation. Pastor Raymond L. Boadway, president of the Manistee Ministerial Association, paid high tribute to the work of Brother and Sister Crandell and the believers in Manistee and the surrounding territory. Elder Bunch gave the dedicatory sermon under the title, "The House of God and the Gate to Heaven." Among other challenging thoughts, he stated, "The only thing that makes this building holy and different from other buildings is the presence of God in it." Following the prayer of dedication and benediction a baptismal service was conducted at the First Street beach with four candidates going forward with their Lord in this sacred rite.

Members of the church in Manistee and the many visitors and friends will not soon forget this significant day in the history of our work in that place. The many floral pieces gave evidence of the high esteem and confidence of the local merchants, various churches and friends of the congregation. May this new sanctuary now

dedicated to the worship of the living God be indeed the house of God and the gate to heaven.

HELP NEEDED DURING CAMP MEETING

THERE is still a need for additional help in the dining room, on the grounds, in the sanitary department, and other general lines during the camp meeting period. We invite those interested in working in the dining room to write to E. D. Calkins, 284 W. 23rd St., Holland, Michigan. If you can help us in any of the other departments please address your reply to A. E. Mobley, Box 900, Lansing 4, Michigan.

The state law does not permit us to employ anyone under fourteen years of age. Those between fourteen and seventeen, inclusive, must furnish us with a work permit that you have secured from the proper school authorities. It will be too late to get such a permit if you wait until you come to the campgrounds. Information as to how you may secure a permit will be sent to you if you make such a request to the conference treasurer.

We would ask that you accompany your application for work with a letter of recommendation from your district pastor.

A. E. MOBLEY

NEW HOME MISSIONARY SECRETARY

ELDER H. F. Brown, who has carried the responsibilities of the Michigan Conference home missionary department for the past six years and the Michigan Temperance Association for the past two years has accepted a call to head the home missionary and Sabbath school departments of the Lake Union Conference, the change to be effective when his successor arrives to begin his duties.

I am sure I speak for the members of the conference committee, the con-

ference laboring force, and our believers in general, in expressing deep and sincere appreciation for the efficient and energetic manner in which Brother Brown has conducted his work, and in assuring him of our continued prayers and cooperation as he assumes his larger responsibilities in a field which includes the Michigan Conference. We wish Elder and Mrs. Brown Godspeed in their new home and mission.

We are glad to announce that Elder R. H. Wentland of the Colorado Conference has accepted our invitation to assume the duties of the home missionary department of the Michigan Conference and will arrive in a few days to become acquainted with the work and field before moving his family and household effects to Lansing.

Elder Wentland has had years of experience in the homeland and mission fields and is a good speaker and energetic worker and I am sure our workers and people throughout the conference join the office family in extending to the Wentlands a most hearty welcome.

MICHIGAN COLPORTEUR RALLY

MICHIGAN colporteurs were the guests of district 28 on the week end of July 1-2 at the annual midsummer rally. A large group of both full-time and student colporteurs responded to the invitation to attend the two-day session held at Ithaca and neighboring territory. Field secretary, Leonard Abelson, in charge of the rally, conducted the meetings. Also present to assist were Elder Higgins, Lake Union Conference field secretary, Elder Strahle of the General Conference Publishing Department, Elder H. P. Evens and Hugh Forquer of the Book and Bible House.

The group convened in its first meeting to hear Elder Higgins speak

at the Friday vesper hour. The Sabbath services, held in the Ithaca church, were in the charge of the colporteur guests. L. A. Pomeroy, assistant field secretary, as acting superintendent, conducted the Sabbath school which featured a mission talk by Elder O. H. Christensen, a returned missionary from China. Elder Krick, pastor of the Flint church, taught the lesson of the day. Special music was furnished by a girls' trio. Elder Strahle, veteran colporteur, spoke at the eleven o'clock hour. Frances Pollard, E. M. C. student, played a violin solo following his talk.

A potluck dinner contributed by the church members of the district, was served in the park followed by a special afternoon meeting at which all the colporteurs were introduced and many were called upon to relate their experiences. This meeting was especially inspirational. The many thrilling experiences pointed to God's hand in the colporteur ministry. Startling figures were produced to show how book sales are increasing. Comments by secretary Abelson, a pep talk by Elder Higgins, a review of several contacts with governmental officials of various nations by Elder Strahle, and vocal music by a male quartet added to the inspiration of the hour.

A Sunday outing at the cottage of G. M. Gruesbeck at Crystal Lake, with opportunities to swim, speed-boat ride, and play baseball, delighted the group. A bountiful picnic dinner complete with a seemingly endless supply of potato salad and ice cream was served.

A sincere vote of appreciation goes to Elder Potter and the church membership of Ithaca, St. Louis, Alma, Clare, Mt. Pleasant and Riverdale for their splendid hospitality in opening their homes to lodge the colporteur guests, and in providing food for them. The entire week end was indeed a period of spiritual and recreational refreshment.

IMPORTANT CAMP MEETING INFORMATION

DATE: AUGUST 15-27. Campers must not arrive before Sunday, August 13, except those who have been called in to prepare the camp. As usual no meals will be served in the cafeteria or sold at the Hot Foods stands on the Sabbath. All should therefore provide for their own Sabbath meals.

Eastern War Time will be observed on the campground. The Sabbath school in all divisions, will begin promptly at 9:15 which is 8:15 according to the time observed in the western part of the state. The Sabbath morning preaching services will begin at 11:00 E.W.T. and 10:00 C.W.T. The use of two different times in the state produces many inconveniences but there is nothing we can do to correct it.

Be sure to bring food rationing coupons for purchases in the campground store which must be operated on the same basis as other stores. If kerosene is used for cooking purposes ration coupons must be obtained of your local board before you leave home.

Dogs and cats will not be permitted on the campgrounds, nor radios in the cabins, rooms, tents or trailers. Car radios may be used only when tuned low enough so as not to be heard outside the car. These restrictions apply during camp construction as well as during camp meeting. Please do not embarrass the camp authorities or inconvenience yourselves by attempting to transgress these regulations. When exceptions are made rules become a farce.

All parents will be expected to assume full responsibility for the control of their children at all times. The leaders of young people and children rightly refuse to relieve parents of their God-given responsibility in this matter.

Let all remember that the camp meeting is not a picnic nor the grounds a recreation park. The occasion is not

a vacation but a holy convocation to seek the Lord for the purpose of deepening the spiritual experience of those who attend. If it fails here our coming together will have been in vain. Pray and cooperate that this may be a camp meeting that will have the approval of heaven.

NEWS NOTES

THE ONAWAY Junior Academy drew the attention of our conference president, Elder T. G. Bunch, conference treasurer A. E. Mobley, and educational secretary D. V. Cowin last Tuesday when they met with the local board and made plans for continuing this ten-grade school which is in many respects Michigan's pioneer school project. Returning to the office on Wednesday Brother Cowin visited Flint in the interests of securing additional teachers for some of Michigan's 37 schools.

The first part of last week field secretary L. E. Abelson visited some of the student colporteurs and assisted them in making deliveries. On the Sabbath he met with the Detroit Grand River Church where Elder S. A. Kaplan of New York spoke at the 11:00 hour. He is very anxious that the 200,000 Jews in the city of Detroit be given opportunity to hear this message and the congregation responded encouragingly.

Another baptismal service was conducted at Lansing on Sabbath, July 15, with 11 new believers being added to the church as a result of the Venden effort.

Elder and Mrs. H. F. Brown, Miss Edith Shepard, Mrs. Robert Warner, Miss Bethel Rice and Elton Dessain joined in the Sabbath school rally at Adrian last Sabbath with a large number in attendance remaining both morning and afternoon.

The boys' camp at Gull Lake closed with the final features, an over-night hike, and a contest for model planes with about forty boys participating in the contest. We are indeed thankful

to report no serious accidents and no sickness throughout the camp period. The first girls' camp is now in session and it will be interesting to note if their appetites exceed that of the boys who were capable of consuming 90 loaves of bread in one day. The latest word from the girls' camp indicates 109 girls registered up to Tuesday evening with more coming in.

Conference treasurer A. E. Mobley is still visiting some of Brother Klein's churches and last Sabbath met with Carson City and Ola.

At Carson City he reports a fine attendance. The Kleins write that they are greatly enjoying their work at the Theological Seminary as are Mrs. B. Davison and Miss Frances Blake who are also in attendance.

Mrs. James Eaton is dividing her time between the conference office and the Junior Camp and is kept working at top speed and for long hours in both places, but we think she enjoys it and her services are appreciated.

CAMP WIJUMIVO IN THE HEADLINES

THE Drummond section of Camp Wijumivo has overwhelmingly surpassed all expectation! Sixty-seven junior campers enjoyed the blessing of Wisconsin's Camp Wijumivo in deluxe fashion. The majority of those enrolled were new campers. Their expressions of gratitude for the memorable days they enjoyed, forecast an overflow for next year. The Federal Government has already responded favorably to our request to use the grounds for next year. The rest will be up to our boys and girls and you. "If you want to be a J. M. V. just come along with me. . . ."

We were especially favored this year in having with us Brother Lucas from the union and Brother W. H. Andrews from Oklahoma. We are glad Elder Unruh was able to spend some time with us as well.

The beauty spot on the shore of beautiful Pigeon Lake dotted with modern camp buildings offered a setting for J. M. V. home-coming that nothing else can duplicate.

The staff which served so faithfully and untiringly to make this camp a cherished memory in the hearts and minds of our boys and girls was as follows: General camp superintendent, M. J. Perepelitza; boys' director, Vern Hoffman; girls' director, Mrs. Blanche Jones; treasurer, Mrs. T. E. Unruh; crafts, Mrs. E. R. Orrick; crafts and vocational honors, Myrtle Johnson; camp nurse, Mrs. Paul Vineyard; camp hostess, Mrs. H. J. Perepelitza; kitchen, Mrs. Julia Pitts, Mrs. M. H. Odegaard, Myrtle Herwick, and Alice Herwick; maintenance, M. H. Odegaard; life guard and waterfront, Mrs. Blanche Jones; girls' counselors,

Valera DeHaven, Ramona Ellis, Helen Rein, Mrs. B. A. Jones, Mrs. M. C. Kidd; boys' counselors, Paul Weichert, B. A. Jones, M. C. Kidd, Earl Peters, and Lawrence Waite.

A campfire Investiture service was conducted Sabbath evening at which time a Master Comrade, several Companions, Friends, Builders and Sunbeams were invested for Christ.

The Waupaca Camp Wijumivo will begin July 30-August 9. Plan now to be there! Parents encourage your boys and girls to be there! This is your camp, will you help us help your youth?

DISTRICT ONE

THE Ingathering work in district 1 is on the march. The Superior church is organized into eight bands including the singing band. We hope to organize two additional bands shortly for special solicitation. The singing band goes out once a week, and so far have averaged about twenty dollars each time they have been out singing. Brother J. Levens and the writer are working in the business section of Superior with very good results. In order to reach our goal, the territory throughout the district must be worked thoroughly. Our aim is to visit every home and business establishment. If this is done, we feel confident we will go over the top.

During the past few weeks we have been placing the *Signs* temperance special into the business district and homes of Superior. This, no doubt, has helped materially in giving us favor with the people. In spite of the fact that we have circulated this temperance literature, many of the tavern keepers are very willing to contribute to our work.

Last week, while visiting in Washburn, we found those who are studying the message through the correspondence method happy in having the privilege to study in this manner. One young man who was taken into the service before he fully accepted the truth sends an offering now and then

which is to be used as the company sees fit. The funds received recently are to be used in behalf of the juniors who wish to attend Junior Camp at Drummond in July. The Lord has been good to us in providing such a wonderful place in which to have our Junior Camp. We are hoping that our believers will make it possible for every boy and girl in the district to attend. Surely our funds can be used in no better way at this time than for the edifying of our children and instructing them to walk in the ways of the Lord.

We are endeavoring to use every avenue of approach to bring souls to a knowledge of the truth. We solicit your prayers in behalf of the work in this part of the field.
M. H. ODEGAARD

DISTRICT TWO

"So BUILT we the wall; and all the wall was joined together unto the half thereof; for the people had a mind to work." Neh. 4:6. Here lies the secret of the success of God's cause in the days of Nehemiah. There was much to accomplish and the task was not altogether easy. In fact, there was a great deal of opposition in that long ago day, yet success crowned the united effort of a willing people.

Perhaps this same principle is more clearly demonstrated in the Ingathering work than in any other endeavor, because to succeed fully in this work, the people must have "a mind to work." In district 2 this Ingathering work has progressed nicely up to the present time. Many of the members in the churches of this district are farmers and are very busy during the planting season, nevertheless they have gone out when called upon by their district leader and as we have gone together into town after town the Lord has blessed our efforts so that we have secured substantial increases in offerings over previous years. This has been true in almost every place to which we have gone."

We have no large cities in our territory, so we must go to small towns and in country territory. At this writing we have raised over half of our district goal. The first group to pass the goal is Exeland, and we say congratulations to you for your good work!

We have received a fine donation from one man again this year of \$200. He made a similar contribution last year. We trust that all our members in the district will continue their efforts until the Ingathering work is finished.

The last week in May brought to a close a successful school year for the Clear Lake church. The teachers, Edgar Grundset and Miss Helen Lunz, prepared an interesting program for the closing exercises on Thursday evening when two young people graduated from eighth grade and seven from the tenth grade.

Sabbath, June 3, the Clear Lake church group gathered at beautiful Moon Lake to witness a baptism of three young people from the school and one elderly brother who has accepted the truth during the last year. May the Lord bless these four and make them strong in His service. Other baptisms will follow in several other places during the summer.

Pray for the work of God in north Wisconsin.

MADISON

IN THESE days of strain and stress it is cheering to read of the progress of the work in Wisconsin. The Madison district, which has not reported for sometime, is glad to bring through the columns of the LAKE UNION HERALD a brief report of the work in this part of the conference. We are happy to see progress here, though we wish that it were more outstanding. However, we praise the Lord for the blessings we have received and are receiving.

"The joy of seeing souls redeemed, souls eternally saved, is the reward of all that put their feet in the footprints of Him who said 'Follow Me.'"—*"Desire of Ages,"* p. 523. The members of the Madison church entered into this joy on Sabbath May 27, when twelve persons followed their Lord in baptism. Among this group were those who had suffered persecution from their own kinsmen. They, however, went forward with their Lord, regardless of the opposition they must endure in their home. We are happy to state that one couple with whom we have been working for nearly two years was among this group. He was a devout Catholic, but slowly the light of truth penetrated into his heart, upon which he gave up his former church. The next problem was that of getting his Sabbath. Being a barber, how could he dare approach his employer on the Sabbath question when the heaviest work came on the Sabbath? However, finally he took courage, and to his surprise he was granted his Sabbath as well as retaining his work. This meant also witnessing for his Lord. He informed his customers that he no longer would be at his barber chair on the Sabbath, giving them the reason, and to his delight these have also changed their visitation to the shop to the days when our good brother is present. Well, you can imagine, it is a pleasure to see the radiance that beams from his face. We thank the Lord for this experience.

During the winter session of the

Theological Seminary at Takoma Park, the leader of this district was permitted to attend that school for a term. This was an experience that had long been coveted. The good obtained will be remembered for years. In fact every worker in the cause of truth, should have the privilege to attend, which would mean a great blessing for everyone. During my absence, I am happy to say the work in this field went along very well. A fine spirit prevailed everywhere. The one thing which surprised us on our return was to learn of the misfortune of fire in the Oakland church. However, it is now fully repaired, and we feel we have a nicer and better church than before the fire. "All things work together for good."

Just now the Ingathering program receives the major portion of our attention. While we have the highest goal we have ever had, we are confident that in a short time we shall see it attained. At this date we are well under way. As a whole I believe the work goes easier this year. The name Seventh-day Adventist is becoming more prominent. Recently I had occasion to visit with the First Congregational minister who told me of one of their boys returning from the Solomon Islands. His testimony was that the natives could not be trusted. They would steal, drink and smoke. The only ones to be trusted are the Seventh-day Adventists. Under all circumstances they can depend on them. Should they leave anything in their care, no matter when they would return, they would find it as they left it. Surely we must say there is power in the gospel. And as men of the world see the transforming power of the truth they will be impressed to support this work.

As we look at our work here, we are not satisfied. We long for greater attainments and more souls. Kindly remember to pray for the outpouring of the Holy Spirit in this district as well as in the entire field.

Through the years since, this message had been her star of hope. Ardentely she worked, bringing the message to others. For twenty-three years she was employed in the organized work as a Bible instructor, which enabled her to lead many souls to Christ. This seemed to be her burden even to the end. Three brothers and three sisters mourn her passing. Funeral services were held in the Frauchi Funeral Home of Madison. She was very active in church work, assisting her husband in his gospel ministry. As a teacher in our schools, her efficiency, devoted life, and personal work, endeared her to pupils and students, as well as parents, and thus she was successful in shaping and molding the lives of many for Jesus Christ. Her talents as a musician, both instrumental and vocal, contributed in no small way to soul-winning endeavors. In her gospel ministry in song, hearts were touched, and souls were won for the Maser. At the time of her death she was serving as treasurer of the Temple church where her husband is pastor.

Before coming to New York City two years ago Elder and Sister Taylor labored in the Michigan Conference for sixteen years. The Detroit Grand River Church was their last place of service in that conference before they accepted the call to New York.

Dwillard.—Mrs. Ruth Margaret Dwillard was born at LeRoy, Mich., Oct. 10, 1900; and died June 4, 1944, at Kalamazoo, Mich., Mrs. Dwillard was an outstanding worker in the Ingathering work. LITERATURE EVANGELISM IN THE LAKE UNION

A NEW day has dawned for the literature work in the Lake Union. Each conference, with its efficient corps of secretaries, is establishing new records in literature distribution.

The year 1943 was a record year in sales of our books and magazines, but 1944 is destined to far exceed any previous year.

The following comparison of the reports for the first six months are very revealing.

Month	Del. '43	Del. '44	Gain
January	\$18,594.90	\$34,157.60	\$15,562.70
February	24,615.30	31,507.45	6,892.15
March	26,142.45	51,951.20	25,808.75
April	30,078.50	34,381.00	4,302.50
May	30,286.00	42,938.09	12,652.09
June	27,833.35	49,019.07	21,185.72

Total \$175,550.50 \$243,954.41 \$86,403.91

The financial records have been remarkable, but the interests that have been found are even more wonderful.

We have never known a time when so many interests were being reported by the colporteurs. Some of the new colporteurs who have only been working a few months already have had the thrill of seeing souls baptized as a result of their efforts.

These are days of opportunity for the circulation of message-laden literature. Pray for these trail-blazers of the advent army.

“Working Christians are the happy Christians. You never hear the lark sing sitting on its nest; it sings when out on the wing. So if the churches get nestled down on easy cushions, satisfied with hearing one or two sermons a week, they’ll not sing much.”

SELF VS. GOD AND THE CHURCH

She was an efficient much appreciated clerk in a drug store. The hours were acceptable. No trouble about Sabbath. But was she in the place God wanted her in this crisis of the ages? Was this a proper place for one with her health, talents, and knowledge of this message and the Great Commission?

It was heartening to the college visitor to hear her answer the questions she had raised herself. It was a firm and meaningful "No." Someone else could sell drug store merchandise but no one else could do the work God had chosen for her in this time of crisis.

So she is coming to E.M.C. to secure training for this "special work" God would have her to. And the most wonderful thing about this true story is that it is being duplicated in every place I visit. God is laying a burden upon the hearts of our young people to be about their "Father's Business" and it is a most heartening sign of the times.

TO OUR FRIENDS IN MICHIGAN

It has been three weeks since we left Emmanuel Missionary College. To be frank, our hearts were a bit heavy as we bade "good-bye" to the dear ones there with whom we have worked for so many years.

We are now located in Fall River, about a mile from the new school property. Our furniture has not yet arrived and we were living in an empty house until our nearest S. D. A. neigh-

bor, fourteen miles away, brought us his lovely house trailer to use.

We have been out in the Ingathering work and have spent a week at Bethel helping in the haying and other farm

work. The workers there are carrying a heavy load as at present they have no farm manager.

We love Wisconsin and its good people and know we shall be happy in the Lord's work in this field.

ADVENT YOUTH IN ACTION

Summer Training Camps

By THEODORE LUCAS

OUR Father's mercy beamed brightly upon the junior camps from which I have just returned as did the silvery moon and golden sun.

If you want to see advent youth in action—visit one of our summer training camps for juniors. You'll find action there—action of the fastest, finest kind.

ILLINOIS

Illinois Missionary Volunteer secretary Rollin Nesmith blazed a trail for his junior campers this year to Camp Seymour, a well-equipped Y.M.C.A. camp located on a small spring-fed lake near Decatur. One hundred eighteen juniors attended. They were guided by a consecrated group of counselors, and on Sabbath sixty-six of them gave their young, energetic hearts to Jesus.

The camp craft, games, food, campfires and spiritual activities of the Illinois 1944 Junior Camp will be a challenge to those to come.

WISCONSIN

Something new has been added to the M. V. program of the Badger State. The prediction is that the newcomer will grow and develop into a

competitive project for Waupaca's Camp Wijumivo. Reference is being made to Camp Wijumivo for the northwest section of Wisconsin. Sixty-seven juniors gathered at the Federal camp on Lake Pigeon near Drummond, 32 miles south of Superior. The camp is new, the buildings up-to-date in every respect, and located in the Chequamegon National Forest where wild life abounds. Many deer were seen during the camp session.

The campfire circle was founded on the shore of beautiful Pigeon Lake. The lake is large, dotted with a picturesque island. The camp is completely isolated and circled with exquisite scenery.

For ten golden days the juniors of northwest Wisconsin followed the trail; sang, played, ate, and slept in as wholesome a setting as can be found anywhere. Forty-one accepted the Sabbath invitation to follow their Master Comrade all the way.

Two 1944 junior camps for Wisconsin are a compliment to its M. V. secretary M. J. Perepelitza, and to his fine corps of workers.
