Evangelism---Warning the Cities

W. H. BRANSON

A GAIN the counsel of God through His servant rings out to the church regarding her responsibility in warning the world of its impending doom and of saving as many as possible out of the coming destruction.

"We all need to be wide awake, that, as the way opens, we may advance the work in the large cities. We are far behind in following the light given to enter these cities and erect memorials for God. Step by step we are to lead souls into the full light of truth. And we are to continue the work until a church is organized and a humble house of worship built. I am greatly encouraged to believe that many not of our faith will help considerably by their means. The light given me is that in many places . . . help will be given by such persons.

"Workers in cities should read carefully the tenth and eleventh chapters of Hebrews, and appropriate to themselves the instruction that these chapters contain. The eleventh chapter is a record of the experiences of the faithful. Those who work for God in the cities must go forward in faith, doing their very best. As they watch and work and pray, God will hear and answer their petitions. They will obtain an experience that will be invaluable to them in their after work. 'Faith is the substance of things hoped for, the evidence of things not seen.' Heb. 11:1."—*Testimonies*, vol. 7, pp. 40, 41.

"We must do more than we have done to reach the people of our cities. We are not to erect large buildings in the cities, but over and over again the light has been given me that we should establish in all our cities small plants which shall be centers of influence.

"The Lord has a message for our cities, and this message we are to proclaim in our camp meetings, and by other public efforts, and also through our publications."—*Ibid.*, p. 115.

"The solemn, sacred message of warning must be proclaimed in the most difficult fields and in the most sinful cities, in every place where the light of the great threefold gospel message has not yet dawned."—*Gospel Workers*, p. 27.

"The large halls in our cities should be secured, that the third angel's message may be proclaimed by human lips. *Thousands* will appreciate the message. . . . They know not what the faith of Seventh-day Adventists is. Why do not the church members communicate that which they have received? Why this negligence? Why this selfish neglect when souls are at stake? *Why is there not now something being done in larger measure than has been done?* . . . The plea is, There will be a saving of time, money, and labor. *Let the saving be done in other lines.* But when souls are to be labored for, and the truth is to come before those who know it not, let us not talk of limiting on this line. **A WORLD IS TO BE WARNED.**"—*Letter 35, 1895.*—*China Division Reporter*, Hong Kong.

Missions Extension Offering—September 10

Lake Union Schools Show Large Gain

FIVE THOUSAND TWO HUNDRED AND NINETY-THREE children and young people had the privilege of attending one of our schools last year. The comparative closing reports show that this was an increase of three hundred twenty-five over the previous year.

It will soon be time for school bells to ring again. We are wondering how many will be attending our schools this coming year. We are hoping and praying that many who were denied the privilege of a Christian training last year may have that opportunity this year.

The accompanying comparative report will be of interest to all.

Publishing Department Recommendations

The Publishing Department Recommendations which appear below were adopted at the recent conference session held during the Wisconsin camp meeting. Similar recommendations were adopted by other conferences throughout the Lake Union.

Whereas the servant of the Lord makes a definite appeal in her writings for a strong force of colporteurs, and whereas the present number of colporteurs in the conference is inadequate to do the work outlined by the Spirit of Prophecy, we recommend

1. That our district leaders, pastors, local elders, and all workers consider even more seriously the responsibility that rests upon them to encourage representative individuals to engage in the colporteur work and that these individuals be promptly directed to the Publishing Department of the conference for consideration.

2. That special consideration be given to placing pioneer-spirited colporteurs in

the numerous dark counties, which are not being reached with the Third Angel's Message as effectively as would be possible were these needy areas manned with soul-winning colporteurs.

Whereas our periodicals are especially adapted to reaching a class of people who might not be reached with one of our book colporteurs, or who might not buy a book if contacted, and whereas, our periodicals are most adaptable for selling in the business districts of cities and towns, we recommend

That definite emphasis be placed on recruiting representative women to specialize in this particular field of soul winning in harmony with the specific counsel from the Messenger of God.

These recommendations set before us a very definite need. It is our hope that they will be vigorously carried out now that they have been adopted. The urgency of the hour calls for a whole-hearted response on the part of each one of us, "while it is day: the night cometh, when no man can work."

Make your response known at once to your conference Publishing Department Secretary if you wish to engage in the colporteur ministry, or desire to suggest the name of someone else for the work.

ACADEMY OPENS SEPTEMBER 11

On Tuesday, August 16, there were 24 ministers and their wives cleaning windows and floors and moving furniture into the rooms so the students will find their rooms ready when they arrive on the opening day of Wisconsin Academy on September 11 at Columbus. They all journeyed from Portage after taking down the camp meeting tents and each conference worker donated six hours to prepare the building for school opening.

The new furniture has arrived from Rockford, Illinois, and it is so attractive and beautiful that I wish I could be a student once again to enjoy those lovely new rooms all equipped with brand new beds, mattresses, mirrors, study tables and electric fixtures.

The campus has been graded by a giant bulldozer and what fun awaits the students when they help to landscape the campus with new shrubs and trees.

The new tunnel carries all the water pipes, steam pipes and electric wires from the power plant to the new dormitory. The top side of the tunnel provides a new cement sidewalk right through the campus.

The lovely new kitchen, all newly equipped with electric stoves, work tables, and deep freezers will attract the girls. The new dining-room tables and all new silverware and dishes will appeal to the eye.

Principal Lease already reports 110 applications and many more students are planning to attend Wisconsin Academy. Just think of the pleasure and satisfaction of being in the student body the very first year at Columbus. What a unique pleasure to be a charter member attending the very first year at Wisconsin Academy. It's truly a grand school. A welcome awaits you on *September 11*.

NEW RADIO SCHEDULE

THE Voice of Prophecy radio broadcast in Illinois is now heard over The American Broadcasting System as well as the Mutual System. These stations practically blanket all of Illinois. I wish that our people would invite their neighbors to listen to the broadcast.

If any of our churches desire radio logs for distribution they can obtain the same by writing to our office.

The stations over which the Voice of Prophecy broadcast is now heard are as follows:

| | Station | Kilocycle | Time |
|-------------|---------|-----------|------------|
| Bloomington | WGBC | 1230 | 10:00 A.M. |
| Chicago | WENR | 890 | 12:00 Noon |
| Chicago | WGN | 720 | 9:30 A.M. |
| Herrin | WGPF | 1340 | 9:30 A.M. |
| Moline | WQUA | 1230 | 9:30 A.M. |

Note: Senior Camp will begin at 3:00 P.M., September 2 and will close at 3:00 P.M., September 4. Bring your own bedding. Married couples—due to present camp facilities, will have to sleep separately.

BROADVIEW ACADEMY'S WORK OPPORTUNITIES

Broadview Academy, as it opens in September, offers opportunity for ambitious, capable young men to work in the College Wood Products while carrying a three-quarter school load. These young men must be at least sixteen years of age. If interested apply to the Principal.

LEE TAYLOR, Principal

ADDIS-HALL WEDDING

Miss Helen Addis of Indianapolis and Ralph Hall, of Cleveland, Ohio, were united in marriage at the Indianapolis South Side Church on Sunday, August 14. The church was beautifully decorated, and a large group of relatives and friends were present at the ceremony. All wished the young couple happiness in their future life together.

HELD ANNUAL MEETING

SABBATH, August 20, was a high day at Sullivan. It was the day of the annual district meeting. The church was full, so full that some of the children sat around the edge of the platform.

The speaker in the morning was Elder Bunker, who brought a thrilling message of hope for the days

ahead. Dinner was served on the lawn, with enough for everyone, in true Indiana style. In the afternoon, Elder C. W. Pruitt, the new district leader, spoke and presented a stirring message which came home to the hearts of all present.

It was with reluctance it seemed, that everyone went home. It just seemed so good to meet with others of like faith and to hear the sermons.

A CALL TO THE LADIES

"WOMEN as well as men can engage in the work of hiding the Truth where it can work out and be made manifest. They can take their place in the work at this crisis, and the Lord will work through them. If they are imbued with a sense of their duty, and labor under the influence of the Spirit of God, they will have just the self-possession required for this time. The Savior will reflect upon these self-sacrificing women the light of His countenance; and this will give them a power that will exceed that of men. They can do in families a work that men cannot do, a work that reaches the inner life. They can come close to the hearts of those whom men cannot reach. Their work is needed. Discreet and humble women can do a good work in explaining the Truth to the people in their homes. The Word of God thus explained will do its leavening work, and through its influence whole families will be converted." Test. Vol. IX, pp. 128, 129.

As we have gone from home to home with some of these self-sacrificing ladies, observing them in action, we have seen more and more why Sister White wrote, "If there were twenty women where now there is one, who would make this holy mission their cherished work, we should see many more converted to the Truth." *R. & H.* Jan. 2, 1879.

Here is your opportunity to do a work to which the Lord is calling many of you. We are holding a Colporteur Soul-Winning and Beginners Class, at the South Side Church in Indianapolis, September 23-25. Here you will receive instruction and inspiration to be a success in the cause of God. Many of you can do only part-time work because of family responsibilities, but do not permit that to hinder you from working for God. Arrange your work so that you can put in ten or twenty hours each week. Please write to us and we will explain how to make preparations for the work and to attend our Rally. Write: F. A. UNGER, *Publishing Department Secretary*, 3266 N. Meridian St., Indianapolis 7, Ind.

NON-MEMBERS INTERESTED

(Continued from last issue.)

In the Morgan Park church effort ushers, visitors, finance and flower committees were selected from the local church, and what a blessing it is proving to the members to be yoked with Christ in a soul-winning campaign.

It is remarkable to note the interest that is manifested by those of the community who are not members of our church. One young man volunteered to use his sound-equipped station wagon to advertise our meetings. He is driving through the village of Morgan Park inviting the people to attend the Community Bible Institute. Large crowds turn out each night.

Many expressed themselves, Sunday night, August 7, as planning to keep the commandments of God. Please remember the meetings in your prayers; plead with the Lord to save the honest in heart.

NEWS NOTE

ELDER OBED KLEIN has secured the use of the Lake Orion township hall for evangelistic services this fall and plans to open meetings there Sunday night, September 11. They have also established a two-teacher school for the coming year in Pontiac.

BARNETT-TEEGARDEN WEDDING

THE historic Wright church was the scene of a beautiful wedding on Sunday afternoon, August 14, when Miss Mary Barnett of Coopersville, Michigan, was united in marriage to Stuart Teegarden of Berrien Springs.

Both Mr. and Mrs. Teegarden attended Emmanuel Missionary College where Mr. Teegarden was graduated with the class of 1949.

A large group of relatives and friends attended the wedding. Following the wedding a reception was held on the spacious lawn of the Barnett home.

Mr. and Mrs. Teegarden will make their home in Cicero, Indiana, where they will teach the church school this coming winter. W. A. NELSON

Why Doesn't our Work Accomplish More?

THIS is the question which is asked about as often as any other question regarding our missionary activity. The rapid passing of time demands that more and more investigation be given this question. It is increasingly necessary that we find some way to step up the tempo of our missionary endeavor and success in order to keep pace with the ever-increasing signs of Christ's very soon return.

Inasmuch as, "Men will believe, not what the minister preaches but what the church lives." (CHRISTIAN SERVICE, p. 26) it may be that this is the answer to the question. The Lord has said, "The suffering and destitute of all classes are our neighbors; and when their wants are brought to our knowledge, it is our duty to relieve them as far

IT IS HERE — DECISION DAY!

Yes, Decision Day is here! Where will our youth continue their education? Many will attend public school, due to financial reasons beyond their control. To ignore our responsibility to these youth is to pass by an opportunity to save souls. No one would want this recorded in heaven.

I am making this open appeal to our pastors, church boards, Dorcas societies and church members to search out our youth and see that plans can be arranged so they can attend Adelphian Academy. This is a wonderful field of missionary service. If some of our people with means do not know of any young person they can assist, then I will invite them to send their means to the principal. I want to assure you that there are those youth that would be able to attend Adelphian by your assistance.

Pastors, church boards and church members, today is Decision Day! Study plans and ways to get every worthy young person into Adelphian academy this fall. Let us persevere to this end. V. E. GARBER, *Principal*

Tomorrow

as possible . . . First, meet the temporal necessities of the needy, and relieve their physical wants and suffering, and you will then find an open avenue to the heart, where you may plant the good seeds of virtue and religion." (TEST. Vol. IV, p. 226, 227).

Too often in the past our missionary program has been long on doctrine and short on meeting the needs of humanity.

The time is here for planning the fall and winter missionary program of the Michigan churches. This article is written with the hope that this pointed counsel along with that found in Vol. III, pages 512 to 521 will provoke serious study. We usually think of this work as being done by the Dorcas Society. This in its fullness is

to include the entire church membership, the ladies directly and the men indirectly.

Michigan churches carrying on a strong humanitarian program in the community are also churches baptizing a goodly number of people. Fall Dorcas Federation meetings will soon be held. Every church is asked to send a strong representation. Workers, Elders, and Missionary Leaders are asked to give full support to the church humanitarian and welfare program especially sponsored by the Dorcas Society.

S. M. McCORMICK

THOSE FIVE-YEAR-OLDS — III

RECENT educational and scientific research strikingly verifies the counsel of the Spirit of Prophecy regarding sending children to school too early. As long ago as 1873 we were given definite instruction concerning formal school entrance and pre-school development of children. Of the more than 2,000,000 children entering the first grade in the public schools in the United States each year, one out of every four experiences failure and must repeat the grade. Even those, too young ones, who do not fail may suffer severe nerve strain plus physical and mental enfeeblement.

The November, 1939 issue of *Childhood Education* suggest these three remedies: 1. Raise the age for school entrance if we are to continue to use the present school program. An added year of development would in many instances give the maturity needed for hurdling the nearly insurmountable barriers set up in the first grade. Children are being forced to read before they are able to focus properly or to see the printed page clearly. Pressure is being exerted to secure expression from these little ones even before they have had enough experience. 2. Revise completely the first grade program,—yes, possibly, even the whole program of grades one through three. Remove all promotion obstacles created by over-emphasis on subject-matter areas and tool-subject skills. Take four full school years to complete grades 1 to 3, not including any pre-school (or kindergarten) attendance. 3. Provide appropriate kindergartens which give opportunity for desirable growth, maturity, and orientation previous to first grade entrance.

These suggestions given above are good, but which one or ones shall we follow? Will providing kindergartens

solve the physical problem of eye focus mentioned in suggestion 1? Will kindergarten training alone hasten the maturity needed for this first grade work? Maturity of the body, mind, and social being cannot be speeded up, and an effort to do so results only in injury.

Educators and lawmakers of the world are deeply confused over this issue of the proper age for school entrance and are not at all agreed as to what course is best to follow.

How grateful we should be that we, as a people, have the answer. It was given long before the educators of the world were even aware of the problem. In 1873 Sister White gave this counsel:

"The system of education carried out for generations back has been destructive to health and even life itself . . .

"Parents should be the only teachers of their children until they have reached eight or ten years of age . . . The only schoolroom for children from eight to ten years of age should be in the open air, amid the opening flowers and nature's beautiful scenery. And their only textbook should be the treasures of nature." Vol. III, pp. 135, 137.

It will be seen, then, that postponement of the age of school entrance is the remedy suggested by God. Later we will examine the reasons given by Divine inspiration. D. V. COWIN

(To be continued)

C. L. A. TO OPEN SEPTEMBER 5

SEPTEMBER 5 will mark the opening of another fine school year. All indications are that we will have a good enrollment. We have room for some more boys this year as well as more work for them. The Academy is developing some additional farm land and can use a lot of help in this program. On August the first, a new industry was started at Cedar Lake known as the Cedar Lake Mill. At present, we are busy building white Birch fire logs. We expect to branch out into other lines and thus create a lot more work for young men.

Today is the time for our young people to prepare their lives for service as well as for eternal life.

A sacrifice now will pay rich dividends in the very near future. If you have not decided as to your course for this year, why not plan to attend your Academy. There is time for you

to send in your application blank. Write or call Cedar Lake Academy and make plans for the coming school year. May your decision be the right and wise one. God is calling all youth to prepare for useful service.

R. O. STONE, Principal

I. THOU SHALT BREATHE PURE FRESH AIR

"AND the Lord God formed man of the dust of the ground and breathed into his nostrils the breath of life; and man became a living soul." Gen. 2:7.

"We are more dependent upon the air we breathe than upon the food we eat. Men and women, young and old, who desire health, and who would enjoy active life, should remember that they cannot have these without a good circulation. Whatever their business and inclinations, they should make up their minds to exercise in the open air as much as they can. They should feel it a religious duty to overcome the conditions of health which have kept them confined indoors, deprived of exercise in the open air." C. H. p. 173.

God gave man the breath of life. He placed man in a beautiful garden with the pure air all about him. God gave Adam and Eve work to do, exercise of body and mind. He expects man to use his lungs and fill them with pure air; not the air containing the poison gases of crowded gatherings, the smoke of tobacco or the exhaust gases of engines.

Every morning before breakfast each of us should exercise, preferably in productive labor, until we have filled our lungs many times with pure, fresh air. Next best is artificial exercise or calisthenics, or ten to twenty deep breaths before an open window. This will stimulate the circulation and help prepare one's body for the day's work. Early in the morning Christ was usually found in the open air, communing with God's first book and getting his morning exercise. We are to do as Christ did; we are to live as Christ lived. Let us breathe the breath of life which God gave us to maintain or regain the life which He gave us.

"Exercise in the fresh air should be prescribed as a life-giving necessity." M.H. p. 265.

"The more nearly we come into harmony with God's original plan, the more favorable will be our position for the recovery and preservation of health." C.H. p. 174.

EMC Home Economics*(Continued from page 6)*

our banquet at Christmas time, with its tinsel and frolic, along with your colorful pastel dresses. Also, for the dinners the cookery classes will serve in the spring.

"We are expecting a large enrollment in our new class in Household Economics. You see, girls, this covers a practical scope in financial and time budgeting, also, 'buymanship' in the household. Then there is the ever practical course in Art in Everyday Living, with its emphasis on flower and furniture arrangement. We will be glad to welcome you to participation in all of our interests, come September."

The frigidaire listened respectfully in frozen silence; the machine dripped its whirr to take notice; the washer shifted out of "dry", and the stove glowed.

BEATRICE HOLQUIST

OBITUARIES

Courtney.—Frances Ardell Parker was born at Wisconsin Rapids, Nov. 3, 1866. She was married to George Courtney of Tilsonberg, Ontario, Canada, April 17, 1883, settling in Wisconsin Rapids, Wis. In 1908 they moved to Milton Junction, Wis. She became a Seventh-day Adventist nearly fifty years ago, and was a faithful member at her death, August 3, 1949, aged 82 years. Left to mourn their loss are one daughter, Mrs. Arthur Holmes; two sons, Alfred and Charles, all of Milton Junction, Wis.; nine grandchildren; twelve great-grandchildren; and one

sister. The funeral service was held in the Seventh-day Adventist church in Milton Junction, Wis., and was conducted by the writer.

Albert G. Johnson

Levens.—Joseph L. Levens was born at Oconto, Wis., July 25, 1889, and died at his home at 1117 Fisher Street, Superior, Wis., Aug. 11, 1949. His death was caused by cancer. He leaves three sons, Duane and Lawrence of Superior and Donald of Chicago, two daughters, Gueneth of Chicago and Mrs. Doris Peterson of Minneapolis. His father is still living, also six sisters and three brothers. He served for a number of years at different times on the Wisconsin Conference executive committee and was a member of the college board of Emmanuel Missionary College at the time of his death.

He was chief grain inspector for the State of Wisconsin, having entered the grain inspection business in 1923. Prior to that time he served for 13 years with the Nye-Jenks grain and elevator companies of the Northwest. The Superior Evening Telegram, writing of his death, said, "Levens established himself as an international authority on grain inspection through the development of a grain chart which has been used extensively in standardizing grain testing procedure. The chart which was copyrighted by Levens is distributed through the Wisconsin Grain Commission and is used in at least 17 universities and agricultural colleges in the United States, South America and Australia."

A special service for the relatives and immediate members of the family was conducted by Elder John W. Boyd, of the Superior church, at the Downs Funeral Home. Services were conducted from the church by the writer, assisted by Elder Boyd and Elder J. M. Jackson, publishing secretary of the Northern Union. He was laid to rest in beautiful Greenwood Cemetery to await the coming of Jesus.

EMMANUEL MISSIONARY COLLEGE

The Machine, the Frigidaire, Stove, and the Washer

ALL was quiet in the Home Economics Building on the campus of Emmanuel Missionary College. The mistress had retired; all was quiet until suddenly the ice box broke its frigid silence. The bread rose in the oven to listen to the ensuing conversation; "Do you know that last year I contributed to the efforts of the Home Economic girls, as they turned out dozens and dozens of pies, cookies, rolls and bread? I am the indispensable around here!"

"You can't get away with that," answered the stove, "had it not been for my warm embrace, all your deeds would not have come to fruition in golden loaves, creamy pies, angel food cakes and fragrant rolls. I am the irresistible!"

"There, there," piped the machine. "Both of you please remember some of my honors portrayed in the fashion pageant of suits, coats, dresses, and even hats. There were many girls in this class turning garments out of 582 yards of cloth which are now adding color and finesse north, south,

AUBREY H. RULKOETTER, Ph. D.,

Assistant Professor in Home Economics

"It is essential for every youth to have a thorough acquaintance with every-day duties."—EDUCATION, P. 216.

'HOME ECONOMICS BUILDING

east and west, wherever they are. I am the accomplisher!"

Just then the Westinghouse washer in the corner automatically snapped to "dry"—caustically inferring an opinion of the trend of the conversation.

"You do not carry *all* the honors, I'd have you know. I am the one that 'DUZ' it." (You will be interested to know that each year, out of courtesy to us, Westinghouse changes all their appliances for new ones.)

Electrically, they all giggled, "The Home Economics teacher must be having a dream downstairs, for she is enumerating plans for the entertainment and instruction of all those girls she will welcome in a few weeks, as part of the department of Home Economics. Sh-h-h! Let's listen in!" they chorused.

"Yes, papering, painting, and colorful curtains have brightened our workshops. You will like them, girls. It will serve as a fitting background for
