Mrs. E. Phinette Crandall, adopted daughter of Jasper Wayne.

She Raised the Jasper Wayne Award

THE Jasper Wayne Ingathering award this year has a special significance for Mrs. E. Phinette Crandall of Kalkaska, Mich. First of all, she was rebaptized this fall, and secondly, she is an adopted daughter of Jasper Wayne.

The story begins in the early 1900's in Iowa. Jasper Wayne was out Ingathering and came to a home needing help. Mrs. Crandall, then a young girl, was sitting in front of her home when Mr. Wayne came by and asked for her mother and father. She told him her father was in the house sick. The mother had separated from her husband and was elsewhere.

Seeing the need, Jasper Wayne got food and coal for the home and a doctor for the father. The father could not take care of the child, so Mr. Wayne offered to "borrow" her for six weeks; but this ended up as an adoption, as the father died two years later.

Many times Phinette accompanied her foster father on his Ingathering notes with Mrs. Myers, they renewed their girlhood acquaintanceship that

journeys in Iowa, traveling from town to town in the buggy and using the paper *Signs of the Times* for the Ingathering solicitation.

Looking back on these experiences now, Mrs. Crandall relates: "Jasper Wayne was one of the kindest men I ever knew. He was gentle, patient, and never raised his voice. He was a good man."

After her marriage to a nonchurch member, Mrs. Crandall drifted away from the church, though, as she says, "every time you make a move, the Bible convicts you." It was this conviction that led her to attend church in Kalkaska where a company is meeting weekly.

It wasn't long until Mrs. Crandall met the pastor, Eld. D. B. Myers, Traverse City; and when she compared

began when both were students at Oak Park Academy in Iowa.

It is quite natural that Mrs. Crandall would have an interest in the Ingathering, and quite appropriate that she has qualified for the Jasper Wayne award.

V.O.P. Reaches Jail

Although many of our Voice of Prophecy students are not baptized as soon as they finish the course, the lessons often make a deep impression that bears fruit later on.

Recently a young man living in South Thailand was arrested for committing a certain crime. While he was in jail he began to think of his past life and especially of what he had learned from studying the Voice of Prophecy lessons. The course had meant so much to him that he decided to tell others about it. So he wrote to

Setting the Sights Sky High

The challenge of the gospel commission continually demands men of daring who are prepared to do unusual exploits in missionary witnessing. Such men are to be found in almost every land on earth.

In the vast territory of the South Australian Conference there are hundreds of isolated areas far removed from the densely populated coastal areas. The challenge of this unentered territory has been met by Brother John Silver, Book and Bible House manager of the conference. In addition to carrying a heavy load in his responsibilities, he has packed into every moment of his spare time flying lessons in the hope that one day he will have the privilege of taking the gospel to the people of the inland.

Bible Emphasis Week

The words of admonition which Jesus gave to His disciples, and all who should come after them, are just as applicable today as they were when they came from the divine lips of our Saviour. "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness." 2 Timothy 3:16. And again in John 5:39: "Search the scriptures, for in them ye think ye have eternal life, and they are they which testify of Me."

Jere D. Smith

The study of the Scriptures through the years since the days of Christ has been a strength and a help to all who would follow Him. Every year, of course, should be an emphasis year on the study of the Word of God, but the Sabbath School Department of the General Conference has set aside the year 1962 as a time when special emphasis shall be placed on the Bible and its proper place in our Sabbath schools throughout the world.

It is not enough merely to study from the Sacred Word on intermittent occasions, but it should be studied daily with the same regularity that one partakes of his physical food. Wherever the Lord's Word is found and wherever it is revered and observed, there is a great change in the hearts and lives of individuals. In some parts of our own country and in some of the atheistic lands, as well as portions of the earth where heathenism prevails, it is evident to those who travel in these parts of the world that the hearts and lives of men and women are far removed from righteous living, but, whether it be in the darkest jungles or in civilized lands, when people regularly study the Word of God and apply these wonderful principles to their own hearts and lives, there are great changes for the better.

May we urge our people everywhere to constantly make these words applicable in their own daily lives, not only through the year 1962, but so long as the world stands.

JERE D. SMITH, *President, Lake Union Conference*

Last July Brother Silver obtained his private pilot's license and, with a great deal of sacrifice, purchased an Auster Mark 3F highwinged monoplane. The Auster is a two-place, side-by-side, long-range plane with 23 cubic feet of luggage space.

Brother Silver is convinced that Adventists should follow the lead of other

denominations and regularly take spiritual help to isolated areas. He hopes that this can be done by operating a monthly circuit taking Voice of Prophecy papers, Faith for Today telecast films, and 20th Century film-strips, as well as small books, missions magazines, and medical and dental supplies. —Condensed from the *Australasian Record*.

A.A. Nineteen students are taking Driver Training this semester. The class is making good progress. The class work is nearly half done, and most students have completed at least a third of their required driving time. A new sign has been made up for one of the training cars. It fits on top of the car, and will stand upright when needed, or lie back when not needed.

A.A. The maintenance truck was almost lost on campus recently. While hauling topsoil to fill in a low spot on the front lawn, Howard Butcher dropped the left rear wheel of the truck into a long-forgotten cesspool that served the Lady Lamson Hall, which was razed some eight or nine years ago. This, of course, now gives the maintenance crew another fill-in job.

A.A. Adelphian Academy library has seven girls who serve as library assistants. They have repaired at least 100 books since the beginning of school. Many magazines have been bound. The average circulation of books has been almost 250 per week.

A.A. Under the sponsorship of Duane Butherus, this year's "Bell Echoes" is being expanded to 96 pages. Reg Smith, a junior, is editing the publication this year and is attempting to turn out a unique book that will represent a break from the usual, both in organization and appearance.

B.C.A. Students are enjoying organized team sports in the gym at noon. Organized by Erich Bekowies, volleyball teams will be playing tournaments. Girls' teams and boys' teams have been formed. Basketball season will soon open, and students have taken a new interest in the game of handball played with the volleyball.

B.V.A. The campus has been landscaped with 250 evergreens and shade trees.

B.V.A. The Student Association just completed a week of emphasis on courtesy. Students and teachers alike were reminded that the true Christian will be known by his genuine sympathy and respect for all men.

B.V.A. Students working at the Harris Pine Mills are especially busy filling Christmas rush orders.

C.L.A. The science lab has added new adjustable-height stools to make it more adaptable for all students taking science lab courses and also to conserve space.

G.L.A. The G.L.A. Missionary Volunteer Society has a very active Master Guide Club, with approximately 25 members. Six of these definitely plan to receive their Master Guide pins this year. On a recent Sunday evening club members joined in a "cook-out" as part of their training in camp craft. A fireside devotional period climaxed the evening.

Thanksgiving Baskets

The 18 Pathfinders of Columbus, Wis., with their counselors and directors, went out on Wednesday evening, November 22, to collect food for Thanksgiving baskets. They received 160 cans of food plus \$7.50 in cash which they spent for fresh fruits and vegetables. The food which they collected amounted to approximately \$55. Pumpkins, potatoes, squash, and apples were donated by the director.

On Thanksgiving morning they distributed the food to seven needy families in the community. All the families were genuinely grateful and thankful for the baskets.

They also received some clothing which they plan to distribute before Christmas. *JERRY CLARK, Director*

Closing the Books

The month of December is an important time for individuals and organizations. The business for the year will be completed. We will be expected to give an account of our stewardship after the month closes.

It would be well for us to check on ourselves before the books are closed for the year. Have we been faithful stewards in all respects? This includes the use of our time, taking advantage of opportunities which come to us, and the management of our money. Time and opportunities are gone forever. If we have failed to remember the Lord's

When we pay our tithe we are merely returning to the Lord that which is His. Our liberality and interest in the advancement of God's work is shown by the free-will offerings given. Let us be sure we have done our part in providing funds for missions.

Also, we should feel the same in providing means for the building program at Broadview Academy, and for local church needs. To be a faithful steward includes the entire program of the church.

Let us make a careful examination of our stewardship before we close the books for 1961.

erality of our union conference, and the ready response of our church members the funds rolled in.

Our church members have provided to date \$26,821.75 for this project. The month of December should swell this total considerably as the final pledges are paid. With the close of this year the Harris Pine Mills project will be regarded as finished. The building, 120 by 340 feet, was erected at a cost of \$187,476.34. It will be completely paid for by the end of this year. Beginning with the new year our united efforts will be turned into the development of Timber Ridge Camp.

Clearing the ground for the new plant building started in July, 1960. Building operations got under way in August. In November the newly appointed branch manager, Ray Olmstead, arrived to start limited operations in a building that was still unfinished. By January, 1961, the dream had been realized and the plant was a going concern. God had fulfilled His promises.

Ray Olmstead has informed us that during the first shipping season they shipped approximately one third of a million dollars' worth of goods. He estimates that the current season will see a million dollars' worth of finished goods placed on the market. The ex-

Our Youth Say "Thanks"

TO OUR church members, church leaders, and pastors our youth say "THANKS." And to their expression of gratitude we add our own.

When our academy shop burned to the ground in the early hours of March 11, 1960, the clouds of despair settled over many of our students. Their opportunity for earning a portion of their school expenses had been destroyed by the fire. In this hour of extremity faith fastened itself to the promises of God. We requested the prayers of our people to the end that a more glorious achievement might emerge from the ashes of our tragedy.

God heard the petitions of old and young. The members of the board of Harris Pine Mills, Pendleton, Ore., responded favorably to our earnest appeal for this denominationally owned industry to operate a branch on our

campus. Then started the almost insurmountable task of planning and erecting a modern plant building. The cost we estimated would exceed \$175,000. The funds had to be secured. Through the recovery of our insurance, the lib-

pansion possibilities are intriguing. Student earnings during the first year of operation have totaled \$30,344.59. This included the early months when only a limited number of students were employed. The highest amount paid students in any one month is \$4,519.17. The average number of students employed has been 50. All of this reflects excellent management. The future prospects are unusually bright.

And so we say "THANKS" to our members for their sacrificial gifts to this worthy undertaking. For the time being this job is done, although the expansion of the plant may become a necessity as the volume of business increases. We also express our gratitude to the organizations that made the establishment of this industry possible. Our deepest gratitude is directed to our heavenly Father who filled our hearts with faith and courage in the hour of our tragedy.

Tabernacle Sing to Be Accompanied by Mass Band

Music! Music! Music! The Battle Creek Tabernacle Sabbath school mem-

bers will have just this on 13th Sabbath, December 30.

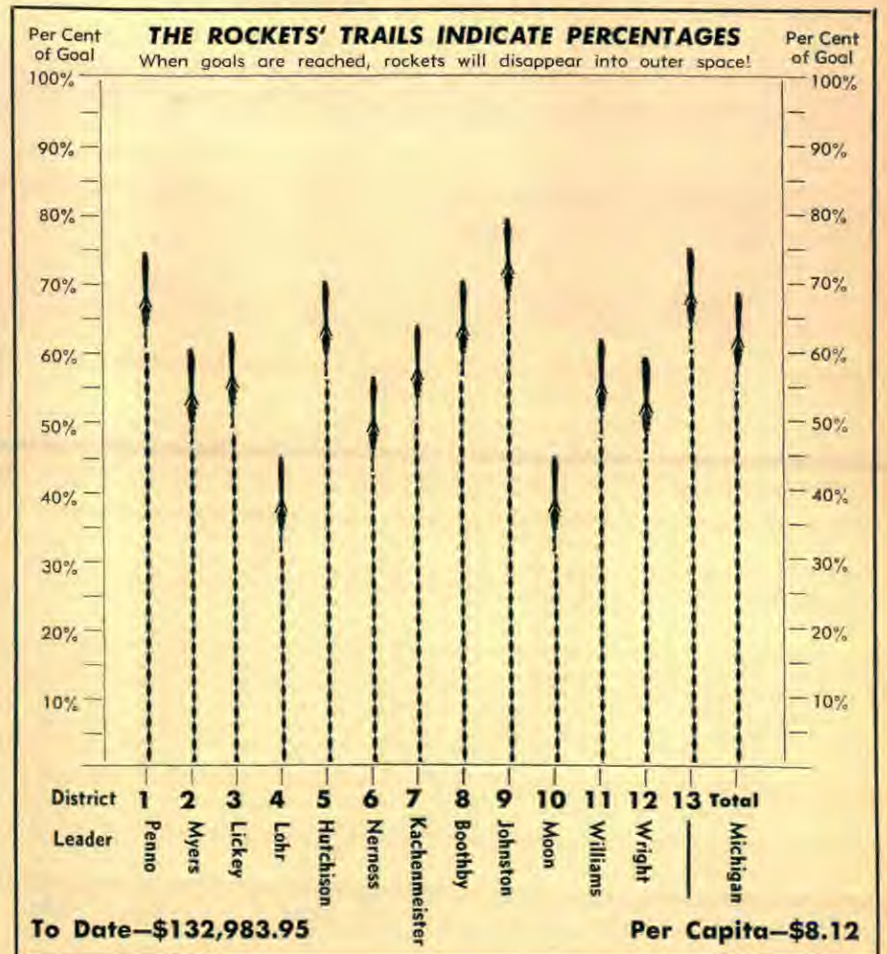

An 80-piece band, under the direction of Miss Adell Haughey, will play band music preceding the early starting time of 9:20. This group will be made up of the Battle Creek Academy elementary and high school bands, plus former students returned for the holidays.

Sabbath school will open with a fanfare, "God of Our Fathers," and Leslie Iles will lead the congregation in the singing. All six Sabbath school divisions will join the adults in the inspirational sing. To add luster to the singing of these dynamic hymns will be the newly installed pipe organ, along with the instruments.

Erich Bekowies will direct the com-

Lansing Sponsors V.O.P. Broadcast

Listeners in the mid-Michigan area will have an opportunity to hear the Voice of Prophecy on WMRT-AM and FM, beginning Sunday, December 24. The program will be heard 10:15 to 10:45 a.m.

WMRT, 1010 kilocycles, is a new station in the Lansing area. Since it has a directional antenna, it is heard best north and west of Lansing.

The broadcast is being sponsored by the Lansing church.

Meetings at Marion

An inspiring series of evangelistic services was held at the V.F.W. Hall at Marion, Mich., September 23 through October 14.

Pastor William Edsell was the speaker, assisted by Eld. E. J. Zager and Eld. D. E. Mackintosh. Five persons were baptized, and five more interested people are receiving additional study help.

As we meet our friends and neighbors, we find the meetings have left a distinctive mark on many. With God's help and the faithful work of our lay members, we feel many more will accept this truth under the leadership of Pastor Edsell.

A member of the Marion church was in prayer continuously through the night preceding the meetings. God answers prayer, so we are sure we have not yet received our full harvest from the effort.

Educators to Study E.M.C. Teacher-Training Programs

Three representatives of the General Conference Department of Education visited E.M.C. December 13 to 17 to study the teacher-education programs of the college. The three representatives are associate secretaries of the Department of Education and include Dr. Thomas S. Geraty, Dr. Richard Hammill, and Prof. George M. Mathews.

While on campus the group visited both the Campus Elementary School and the Emmanuel Missionary College Academy, and will confer with the faculty of the Department of Education as well as others who are involved in the education of teachers. The purpose of the visit is to inspect the program and facilities for teacher education, and to acquaint the faculty with needs and trends in the education of teachers for the schools of the denomination.

Thomas S. Geraty

Dr. Geraty is responsible for the over-all supervision of 75 Adventist senior academies in the United States and Canada. Educated at Pacific Union College and the University of Southern California, Dr. Geraty has served the denomination in the Far Eastern and Middle East divisions.

Dr. Hammill, who is also editor of the *Journal of True Education*, was educated at Walla Walla College, the Seventh-day Adventist Theological Seminary, and the University of Chicago. Dr. Hammill served as a missionary Bible teacher in the Far East and as academic dean of Southern Missionary College, and has been a member of the General Conference Department of Education since 1955.

Prof. George M. Mathews is well known in the Lake Union Conference, having served as Educational superintendent of the Michigan Conference, head of the Department of Education at E.M.C., and assistant to the president, and as Educational secretary of the Lake Union Conference. Professor Mathews gives special direction to more than four thousand elementary schools operated by the church through-

out the world field. Educated at Union College and the University of Denver, he has been a member of the General Conference Department of Education since 1948.

In recent weeks the group has been visiting Pacific Union College, Walla Walla College, and Canadian Union College.

New College Press Manager

Oliver K. Wilson, E.M.C. class of 1960, was recently chosen general manager of the College Press. He replaces W. D. Jemson, who has accepted an invitation to the Far Eastern Division to serve as manager of the Philippine Publishing House in Manila.

Mr. Wilson, a business administration major, is a former employee of Burch Printers, Benton Harbor, Mich. He has been employed in printshops since his secondary school days at Mount Vernon Academy. Prior to his

employment at Burch Printers he was employed in a commercial shop at Washington, D.C., the Pacific Press, Brookfield, Ill., and the Washington Missionary College Press.

Mr. and Mrs. Wilson have three children—Carolyn, Jimmy, and Oliver, Jr. Carolyn graduated from E.M.C. in 1960, Jimmy is a student in the Campus Elementary School, and Oliver, Jr., is a senior in the Emmanuel Missionary College Academy.

To Publish New Bulletin

Vice-president F. A. Meier has announced that a new bulletin will be off the press by December 31. The publication, entitled *E.M.C. Profile*, will double as a public relations and new-student bulletin.

E.M.C. Profile is designed to acquaint prospective students with life and learning at E.M.C., and will feature a pictorial record of E.M.C. ideals, admission to college, academic highlights, E.M.C. outside the classroom, and views of the campus. The 36-page bulletin will be the first official E.M.C. publication to be produced on the new offset equipment purchased by the College Press during the past few months.

It is expected that the new bulletin will be sent to all prospective students at the time of their initial inquiry concerning the college and its program. The new publication is in harmony with the recent trend of colleges and universities to restrict distribution of the annual bulletin to students who have been admitted or who are returning to college.

"Can You Top This?"

Good news has just been received from Eld. O. L. Johnston, leader of District 8 from Kalamazoo, Mich. He relates the following experience of an unusual Ingathering story of a woman who is not a member of our church but who goes Ingathering.

Thus far this year she has walked 625 miles and distributed 1,338 pieces of Ingathering literature. Her daughter is an Adventist, and the goal of this 70-year-old worker for Christ and her granddaughter is \$300. At present they have raised \$251. The grandmother alone has personally raised \$146, making house-to-house contacts for Christ through the Ingathering appeal. She has five receipt books filled with \$1.00 receipts that she has received from this method of Ingathering.

Her most outstanding experience, no doubt, in her contact with the public is a woman who is suffering from pemphigus. Treatment of this disease is discussed in the Ingathering appeal *These Times* magazine on page seven. When this suffering woman discovered that, she contacted Elder Johnston for information on how to treat this difficult disease, asking for further information and help regarding it and promising a large substantial offering to this organization if by receiving further treatment through our organization she can be relieved and cured of this malady.

Another faithful church member, according to Elder Johnston, is 78 years of age and partially infirm. She has been appointed leader of a small Ingathering band, and it had been doing very well until the last report was taken which revealed that \$25 was needed to put them over their goal. This good sister, who believes that with God all things are possible, said to her pastor, Elder Johnston, "Some of our members are not able to go out and so I am going to go house to house and make this balance."

Think of it, fellow Michigan church members! A lady, partially infirm, with periodic spells of dizziness, age 78, still going beyond the call of duty giving second-mile service for Christ in her heroic Ingathering exploits!

What these dear sisters have done for Christ, in the 1962 Ingathering appeal, others can do and will during the all-important month of December. It will mean the difference between success and failure in your church's attainment.

WE ARE IN—GATHERING FOR SOULS!

Ingathering Total Ahead of Last Year

Our \$100,000 week seems to be a bit elusive, but we are surely right at it. This week \$98,189.97 was reported. Michigan and Illinois are running right along with 55 per cent of their goals. Illinois has the highest per capita so far. Three of our conferences are now past the half-way mark. Wisconsin and Lake Region are pulling out the stops and will soon be abreast of the rest. The union is still over \$31,000 ahead of last year.

We have some 35 Victory churches now; also about 15 Vanguard churches for the union. Most of all we are thankful for the wonderful spirit that is seen on every hand. All are working as best they can, and a real missionary zeal is in evidence as we travel here and there. We are encouraged with the interest in soul winning. We believe there will be souls in the kingdom from our work this year.

Now winter weather is beginning to be felt, and this is the time that will put us to the test. Remember that the measure of the man is what it takes to stop him. We wouldn't let a snowflake stop us, would we? I know that is not so. May God bless you all.

VERNON FLORY, *Lake Union Home Missionary Secretary*

Nothing is impossible with Christ, and His cause knows no defeat. We appeal to our members everywhere throughout Michigan to expend yourselves in Ingathering service for Christ during this appropriate season of the year when the public is geared to the spirit of giving and sharing their blessings with others.

We appeal to each one of you to match these Ingathering experiences in your own second-mile service for Christ by raising and giving your individual Vanguard goal of \$25, the Golden Van-

guard of \$50, the Diamond Vanguard of \$75, the Crown Vanguard of \$100, or even the Jasper Wayne goal of \$130. Thereby assist your church and the conference as a whole in striking a real blow for the advance of God's cause around the earth and making the 1962 Ingathering Crusade a new record of attainment in this our centennial year.

Remember, "TOGETHER WE CAN DO IT—LET'S GO!"
