

# Missionary Worker.

VOL. 8.

LONDON, WEDNESDAY, AUGUST 17, 1904.

No. 17.

## General Meeting for Ireland.

THE Irish meeting will be held in Belfast, in William Street Chambers, William Street, South, commencing Tuesday, August 16th at 8 p.m., and closing Sunday night, August 21st. Elder W. A. Spicer, from the Mission Board in America, Elder O. A. Olsen, Dr. A. B. Olsen, and other efficient help will (D.V.) attend this meeting.

We are confident that the Lord desires this meeting, and that He wishes to accomplish much for His people at that time. The circumstances demand that careful study should be given the work at this time, and the brethren of the Irish Mission will greatly appreciate the help that God is providing from abroad.

We trust that many of our people will be present to receive the blessings which God will bestow at this gathering, and that not a single family will be left unrepresented. We have not only reached an important time in the history of the *world*, but also a critical time in the Lord's work. Nothing is more fitting under the circumstances than that God's children should meet together for a season to search the Word, to pray for light and become able to meet the conditions in this day as Christ met them in His.

Difficulties confront every part of the Lord's work in this field at present. The canvassing, the sanitarium, and the ministerial work, all require thoughtful consideration. We trust the brethren generally throughout the field will all feel that God has laid upon them a part to act in the directing of all these branches, which are but parts of the one great Gospel which is to enlighten the earth.

The message has now penetrated the darkness of the south, and some are keeping the Sabbath within thirty miles of Cork. Much interest is manifested there at present, and the brethren in the north should select a worker for that field at the coming general meeting. We expect a representative from the south at the meeting, who will make a strong plea to prosecute the work in that part of the island.

As the time of the meeting is short, all should attend from the very first. This will be necessary in order to expedite the business part of the work without allowing it to interfere with the preaching services.

Apartment will be secured for all coming in from localities outside the city. If all will write stating what train they will come on, they will be met and taken to apartments with but little trouble. State what kind of room is desired, and whether one room or two, a single bed or a double, etc.

Begin to pray now, brethren and sisters, for the Lord to open the way for you to attend this meeting, and to prepare our hearts for the reception of the blessings which He will most assuredly bestow. We are planning a baptismal service to take place on the Sabbath, and all desiring to be baptized should come prepared.

Hoping to see you soon, and that we may be refreshed and built up in the Lord Jesus, I remain, Yours in the work,

Laurel Cottage,

W. HUTCHINSON.

Suffolk Street, Ballymena.

## Grimsby.

NEXT to the Lord Jesus come the angels! "Are they not all ministering Spirits?" Heb. i. 14.

Truly the experiences in giving this message are most remarkable, and indeed one would be safe in saying miraculous.

Last week I found a trained nurse now keeping a house-shop in the suburbs of Manchester. The lady said, "For three years I have been looking for Granose Flakes, having first seen and used them in Battle Creek, Michigan."

I am pleased to say she is an enthusiastic advocate of healthful living, and eager for more light on the subject. I got an order and she accepted an invitation to the Leicester camp meeting.

Brother Davies some time previously had sold *Good Healths* there and the nurse was one who took a copy (she will now sell the magazine herself.) And so the dear Lord used

us, one as a fisher and the other as a hunter in the matter. I would thank God for calling me to have a part in the work, and I pray that everyone of us may be kept till Jesus comes.

Yours faithfully in the blessed hope,

W. H. JOHNSON.

### Tayport, Scotland.

THE work in Tayport opened up under favourable conditions on July 4th, and from that time there has been a steady and increasing interest. The tabernacle which we procured from the Welsh Mission has been thoroughly overhauled and painted inside and out, and presents, with its new seats and tastily arranged interior, a very pleasant meeting place. Brethren Scott and Haining have been working hard to make it comfortable, and we believe that their efforts will be rewarded.

We had the privilege of speaking in the tabernacle on Wednesdays the 6th and 20th of July. We were glad on these two occasions to note the cordial reception given to the Word spoken, and at the latter visit could not but appreciate the fervent "Amens" that we occasionally heard during the discourse on the 2,300 days. We look forward to future blessings with the Tayport company.

W. A. WESTWORTH.

### Glasgow.

ON July 2nd we had the privilege of spending a good day with the Glasgow church. It was the occasion of the regular quarterly service. After the Sabbath-school and the preaching service we were privileged to lead forward seven dear souls in baptism. The service was a solemn one, and was followed by the ordinance of washing and the Lord's supper. The Spirit came near, and a desire for fuller consecration filled our souls. We were together for five hours or more, but the time passed quickly as we communed with the Father above.

The reports of Brother Aplin of the public services in Glasgow are encouraging, and there are a number who are seeking for light, and who are giving encouraging signs of surrender to the message.

W. A. WESTWORTH.

### Edinburgh, and Other Places.

THE work in Edinburgh is not as encouraging as we should like to report for the past few weeks. The holiday season has wrought havoc with us, there being many away who were

steadily acknowledging the truths presented. The enemy seems to be after individuals who are seeking light. But though the attendance has dropped, and especially so when the Sabbath truth was urged, still we are not discouraged. Some have taken their stand for the truth, and on a recent Sabbath we saw a number of strangers out to the service, among them some who have signified their intention of following the Master.

Others are returning from their holidays, and their interest is seen by their speedy return to the tent. We are making plans to thoroughly advertise the general meetings, and believe that this will be a means of attracting the people to the tent. And here again can a large attendance of our people help in the work. Our attendance we are glad to report is composed of regular hearers who manifest a deep interest to know all the points of our faith.

REPORTS from Inverness tell us that the brethren there are meeting with many interested people, and that they are called to give Bible readings and talks to souls that are seeking the truth. This is "ideal" canvassing work.

BROTHER GRIEVE recently reported the best week of his work at Aberdeen and vicinity. The Sabbath-school at Aberdeen now numbers nineteen. For this we thank the Lord. May God bless the work there.

ON Monday the 18th ult., we were called to Kirkcaldy on business connected with *Good Health* work. We were glad to see some of the dear souls there, and to know their courage in the message.

W. A. WESTWORTH.

"JUST where thou art lift up thy voice,  
And sing the song that stirs thy heart;  
Reach forth thy strong and eager hand  
To lift, to save just where thou art."

### The Welsh General Meeting.

ARE you planning to attend the camp meeting at Barry Dock? The meeting will begin Friday evening, August 19th, to continue over Sunday August 28th. The following will be the daily programme:—

Devotional meeting, 6.30 to 7.30 a.m.  
Breakfast, 8 a.m.  
Young people's meeting, 9.30 to 10.30 a.m.  
Ministers' meeting, 9.30 to 10.30 a.m.  
Conference, 10.45 to 12.30.  
Dinner, 1 p.m.  
Study, 2.30 to 3.30 p.m.  
Conference, 4 to 5.30 p.m.  
Tea, 6 p.m.  
Sermon, preceded by song service, 7.30 p.m.

**Programme of Conference.**

WEDNESDAY, August 24th, 10.45 a.m. : First Conference session,—appointment of committees.

THURSDAY, August 25th, 10.45 a.m. : Education, address by Prof. Salisbury; 4 p.m. : Publishing work, led by W. C. Sisley.

FRIDAY, August 26th, 10.45 a.m. : Conference, report of committees.

SUNDAY, August 28th, 9 a.m. : The health work, address by Dr. Olsen. 4 p.m. : Last meeting of Conference. 7.20 p.m. : Farewell service.

The Newport church and the Swansea company have decided to discontinue their Sabbath and Sunday services during the last week of the camp-meeting, in order that all the workers may attend the meeting. No doubt the Cardiff church will do the same.

Besides the ministers and workers of the Welsh Mission, we will have the following brethren with us: O. A. Olsen, W. A. Spicer, E. E. Andross, Prof. Salisbury, Dr. Olsen, and W. C. Sisley.

Come, brethren and sisters of Wales, let us make an earnest effort to attend this meeting.

A. F. BALLENGER.

BROTHER S. TRASK is in Haverford West, Wales, at present, studying the canvass of "Bible Readings" with Brother Wm. Olmstead. Brother Trask has been selling "Christ Our Saviour."

**Barry Dock, Wales.**

ON Sunday, July 10th, we began meetings in a tent pitched on the main thoroughfare of Barry Dock. We had thought that we would get good audiences to hear the truth, but in this we were deceived; up to the present the battle has gone hard, and only a few seem to have any desire to hear. However, we are of good courage, believing that God brought us here, and that He has a work for us to do, some precious souls to bring out of Babylon, and some lessons to learn. He wants us to learn quickly so as to be more useful in this good work.

Our company in human flesh is a weak one: Brother Rodd and myself, Sister Swann, and Brother Cole to care for the tent. But while we feel our weakness, this leads us to seek help from Him who only can help. Our God is a great God, and we ask Him to be Strength in our weakness, and to be Wisdom in our great need.

Brethren, pray for us, that victory may be ours in Jesus' name. W. H. MEREDITH.

**Health Notes.**

THE recent meeting in Leicester brought together a number of earnest workers from various parts of the North England Conference, and it was truly encouraging to learn of the good experiences that different ones are having.

SISTER MCPHERSON, whom the Lord has greatly blessed in introducing the health journal in Nottingham, is taking Sister Pretty, of King's Heath, Birmingham, to connect with her in the work and to get a good experience. Successful workers can double their usefulness by connecting with them in this way the less experienced ones.

BROTHER AND SISTER MCGREGOR are doing an important work in introducing *Good Health* in Leicester. Brother McGregor's health has not been the best, but with care and treatment we trust he will soon be able to take up the work with vigour.

WE still have a few thousand copies of the August number of *Good Health*. This number is very freely illustrated, and suited to the season of the year. Workers desiring a further supply would do well to send in their orders at once.

THE other day we chanced to sit opposite a lady patient at the Sanitarium, and came to ask the question, "How did you first learn about this place." The answer came immediately, "My neighbour, Mrs. —, brought me a copy of *Good Health*, and asked me to take it monthly, which I did, and also *Present Truth*."

HOW many WORKER readers are remembering to introduce our literature to their neighbours? Those who are neglecting such opportunities may be sorry for it some day. Why should we not feel a very deep personal interest in the welfare, physical and spiritual, of those who live near us? Surely this is as God would have it. Let us remember that in the day of judgment we must give account of unused opportunities. The very busiest of us can find some time to spread the truths committed to our trust. As a people we have better health than the average; we spend less time on beds of sickness. This is realised at once when one

remembers that the average Britisher has from nine to twelve days of bed fast sickness every year. Should it not be our joy to spend at least a part of the time saved from sickness as a result of knowing how to live, in passing this knowledge on to others?

—o—

IT was voted at a recent meeting that we urge upon all our people to take some copies of *Good Health* regularly, and endeavour to secure regular customers for them among their friends. Let us take hold without delay, and the work will go forward as God would have it go.

—o—

WE are always glad to learn of the experiences of the workers. You are all remembered in our prayers, that God may strengthen you in a special manner, and give you a daily fitting up for the important work committed to you.

M. E. O.

—o—

### The British Union Conference.

THE second annual session of the British Union Conference was held in connection with the North England Conference, at Leicester, August 1-5, 1904.

#### First Meeting.

The President, Elder O. A. Olsen, was in the chair. The following delegates responded to the roll call:—

IRELAND: Dr. J. J. Bell and S. Joyce.

SCOTLAND: W. A. Westworth.

WALES: W. Read.

NORTH ENGLAND: E. E. Andross, S. G. Haughey, S. S. Barnard, G. Hawkins, H. Spencer, C. H. Castle, J. Gillatt, D. A. Parsons, J. W. McCord, and W. H. Jessup.

SOUTH ENGLAND: O. A. Olsen, W. C. Sisley, H. R. Salisbury, Dr. A. B. Olsen, A. Bacon, W. T. Bartlett, T. C. O'Donnell, J. Heide, M. E. Olsen, W. R. White, and A. R. Hitchin.

The report of the chairman embraced the most important features of the work in the British field as a whole for the past year. From it we select a few statistics, which we think will be of general interest:—

Labourers, 11; ministers, 13; licentiates, 20; Bible workers, 21; making a total of 65,—an increase of 14 for the year. Number of churches, 25; membership, 963,—an increase of 145; unorganised companies, 19; membership, 183; isolated members, 93, giving as the present number of believers 1,243,—an increase for the year of 137. During the year 206 persons have been baptized and eight churches organised. The combined tithe for

the year was £3,166 10 6½; Sabbath-school Offerings, £144 15 1½; First-day Offerings, £32 10 4½; Annual Offerings, £142 15 11; other offerings, £49 8 9 making a total of £3,536 0 8½. During the year about 172 people have been engaged in selling our literature, the total amount of book sales for the year being £10,838 14 6. The tithe for the year 1902 was £2,594 15 2½, and for the year 1903, £3,080 4 11½,—an increase of £485 9 9½.

The working committees for the session were then chosen, formed as follows:—

*On Nominations*, W. A. Westworth, S. Joyce, S. G. Haughey, W. Read, and W. T. Bartlett.

*On Recommendations*, W. C. Sisley, E. E. Andross, H. R. Salisbury, A. F. Ballenger, Dr. A. B. Olsen, W. A. Westworth, and Dr. J. J. Bell.

*On Credentials and Licences*, L. R. Conradi, E. E. Andross, and W. A. Spicer.

*On Auditing*, W. T. Bartlett, S. S. Barnard, S. Joyce, and J. Loveday.

On motion the meeting adjourned to 2 o'clock, Tuesday, August 2nd.

#### Second Meeting.

This meeting was given up to the consideration of the educational work. Prof. Salisbury led in the discussion by giving a brief review of the work of Duncombe Hall College. No better recommendation for the work of the school could be given than the fact that students had left there as missionaries to many parts of the world field, as well as to our own British field; the North England Conference has chosen one of our own students as secretary of the Conference, while one of the tent companies of the South England Conference is manned by Duncombe Hall College students.

A large number of students paid their entire way last year by canvassing. These generally were among the best students,—among the six who took honours in the finals, four had worked their way through the year.

This year a preparatory school will be started to fit students for the more advanced work of the College.

A valuable feature of the school work is the opportunity afforded for missionary talks by workers passing through London to mission fields. This inspires a keen interest among the students in the fields beyond.

The prospects before the school have never been so bright as now. Application for admittance are coming in not only from our own country, but also from America and the continent. The facilities provided by our new quarters in Manor Gardens, include a home for a large number of the younger students, who thus will be surrounded by a positive Christian influence.

Brother H. Spencer gave a brief report of the Kettering Church School, which was opened January 4, 1904, by Sister C. H. Castle, who, because of ill health, was obliged to give up the work a few weeks later. Sister Raywell, of Hull, took charge of the school March 1st. At the close of the school for the summer, the attendance numbered twenty-seven, two of these having come in from the outside. The subjects taught are Bible, geography, history, grammar, arithmetic, botany, physiology, and sewing. Thus far, the school has been able to pay its way.

A resolution reading as follows was presented by the Committee on recommendations:—

*Whereas*, There is a lack of properly qualified labourers to meet the calls coming from needy fields at home and abroad; therefore,—

*Resolved*, That we consider as one part of our missionary work to search out promising young men and women, and encourage them to enter our Missionary Training College.

In speaking to this recommendation, Elder Spicer said that he had watched the growth and work of our school, and was glad to see that it emphasised the spiritual side of man's education, for we must teach the heart as well as the head. Elder Olsen also spoke appreciatingly of the work the school is doing, urging all present to remember the school, and assist in filling it with young men and women to be trained for the missionary fields. Elder L. R. Conradi, who was present from Germany, expressed his gratitude to God for a school in England, and hoped we would soon be sending workers to Africa and other fields.

The resolution was carried unanimously.

#### The Third Meeting.

The third meeting was held at 2 p.m., Wednesday, August 3rd. This session was occupied by the eleventh annual meeting of the stockholders of the International Tract Society. Of the 1,050 issued shares of the Society, 1,014 were represented at the meeting.

The secretary, W. C. Sisley, presented the balance sheet for the year ending June 30, 1904, which showed a net gain of £927 0 3 $\frac{3}{4}$ . In connection with this, Brother Sisley stated that by the faithful work of the brethren in the field, literature to the amount of £17,396 0 4 has been sold, a gain over the previous year of £1,219 14 2; *Good Health* is now self-supporting, while the loss on *Present Truth* has been reduced to a very low figure. A new gas engine, two presses, and a large amount of type has

been added to the institution, which are used constantly on our own denominational work, no commercial work whatever being done.

The report of the secretary was adopted.

The chairman stated that the terms of two of the directors expire this year,—those of W. C. Sisley and W. T. Bartlett. It was moved by W. A. Spicer, and seconded by H. R. Salisbury, that these brethren be reappointed to the two vacancies. Carried unanimously.

The Committee on Recommendations then presented the following:—

*Whereas*, The Lord has so abundantly blessed the International Tract Society the past year, both financially and in opportunities of getting the printed page before the people; and,—

*Whereas*, Our American brethren for years have contributed most generously of their men and means to assist in the establishment of the work in this field, our balance sheet showing that the International Tract Society alone has received £8,000, therefore,—

*Resolved*, As a recognition of their co-operation, and as a small expression of our heartfelt gratitude for what has been done for us, that we donate to the build-fund at Washington, the sum of £200.

Brother W. T. Bartlett, in speaking to the resolution, said that it seemed a small matter for this field to vote back to America money out of funds which they had given us, and proposed, in order to make the donation more personal, that we add to the £200 a subscription taken among the congregation. This was done, and £10 8 6 was collected in money and pledges. O. A. Olsen, E. E. Andross, S. Joyce, and J. Heide spoke in favour of the resolution, on which a rising vote was taken. The vote was unanimous for the recommendation.

#### The Fourth Meeting.

The fourth meeting was held at 10.30 a.m., Thursday, August 4th. The Chairman, Brother W. C. Sisley, presided.

The first part of this meeting was occupied by the legal meeting of the International Health Association. The secretary of the Association, Brother Barnard, gave a short statement regarding the work of the food factory at Birmingham, and then read the balance sheet for the year ending, June 30, 1904. This showed a net gain of £602 18 9 $\frac{3}{4}$ . Brother Barnard expressed the hope that the next year might make even a better showing than the past year had done.

The report of the Committee on Nominations was then read. The following names were presented as Directors for the coming year: W. C. Sisley, W. T. Bartlett, Dr. A. B. Olsen, S. Joyce, S. S. Barnard. Auditor, George Vallance.

The report was accepted.

The legal meeting of the Good Health Associa-

tion was then held. W. C. Sisley was in the chair. The secretary, Dr. A. B. Olsen, after reading the minutes of the previous meeting, gave an account of the work and progress of the Caterham and Leicester Sanitariums, and Dr. Bell, that of the Belfast Sanitarium. We were much impressed by the opportunities which are afforded by these institutions of teaching the message. Several have already accepted the truth through having come to our institutions. Those who do not accept, treat the Sabbath with great regard while with us. Usually, the patients will not allow more than the most necessary treatments to be given them, and often on Friday afternoons go into the kitchen and help the workers in getting everything done before the Sabbath.

### Fifth Meeting.

The fifth and last meeting of the British Union Conference was held at 10.30 a.m., August 5th. The first business was the rendering of the treasurer's report. This will appear in a later number of the WORKER, so we only remark here that it was unanimously adopted.

The Committee on Credentials and Licences brought forward their report as follows:—

*For credentials, C. A. Olsen.*

*For licences, W. T. Bartlett, M. E. Olsen.*

*For ordination and credentials, H. R. Salisbury.*

The vote in favour of this report was unanimous.

The Committee on Nominations then presented their report:—

President, O. A. Olsen.

Vice-president, E. E. Andross.

Secretary and Treasurer, A. Bacon,

Executive Committee, O. A. Olsen, E. E. Andross, W. A. Westworth, A. F. Ballenger, W. Hutchinson, W. C. Sisley, H. R. Salisbury, Dr. A. B. Olsen.

Auditor, S. S. Barnard.

The report was adopted by a rising vote.

The meeting was now thrown open to the consideration of the remainder of the report of the Committee on Resolutions. The first resolution brought forth hearty remarks of appreciation from several:—

*Whereas, The reports of all our Conferences and mission fields, the Tract Society, and individual workers, show the past year to have been one of great success in the publishing work,—*

*Resolved, That we above all thank the Lord for His prospering hand that has guided the work, and—*

*That, We also express our appreciation of the faithful efforts of our canvassers and other workers, and recognise the great extent to which we are indebted to them for the results attained.*

The next resolution read:—

*Whereas, Present Truth and Good Health have been used by the Lord in bringing people into the truth and in opening the way for more personal work, therefore,—*

*Resolved, That we feel an individual responsibility in increasing the circulation of these papers by every means possible: encouraging local lists, the taking of yearly subscriptions, their use in missionary correspondence, etc., etc., and furthermore,—*

*Resolved, That we especially ask our ministers and Bible workers to urge upon the brethren and sisters in the field the importance of giving all our literature the widest possible circulation.*

In speaking to this resolution, Brother Bartlett, the editor of *Present Truth*, expressed his appreciation of what the workers in the field were doing for the paper, and stated that the entire success of *Present Truth* depended upon their faithfulness in presenting it before the people and in presenting it properly.

A recess until 2 p.m. now seemed advisable, but before separating a resolution relating to the school work was presented by the Committee:—

*Whereas, A good library is indispensable to the proper carrying on of the work of our Training College,—*

*Resolved, That we do our part toward raising a fund of sixty pounds for this purpose.*

This was adopted heartily, and a collection amounting to £4 19 7 was taken in money and pledges.

Elder Spicer also mentioned a coloured brother present from British East Africa who desired to get a training in our College that he might return to teach his people the truth. It seemed that to help this young man through the school would be a good investment, and a collection was taken up toward his expenses.

On meeting again at 2 p.m., the following resolutions were read and discussed heartily by the canvassing brethren:—

*Whereas, "Our Day" and "Coming King" give our workers opportunities of reaching people who cannot be reached by Present Truth or Good Health; and—*

*Whereas, These are to be the first two numbers of a series of papers dealing with different phases of our message; therefore,—*

*Resolved, That we give this entire series the widest possible circulation during the coming year, at the same time not allowing this to hinder the circulation of Present Truth or Good Health.*

*Whereas, The cash system adopted by our publishing house has proved a help both to the Office and to the workers,—*

*Resolved, That we reiterate our approval of the system and support it by our influence and example.*

*Whereas, Special numbers of periodicals are bought in great quantities at Christmas time; and,—*

## The Missionary Worker.

Printed Fortnightly. Annual Subscription, 1s. 6d

Address all communications to

*The Worker, 451 Holloway Road, London, N.*

IN the city of Washington, D.C., where the centre of our work has now located, two series of tent meetings are in progress.

BROTHER W. C. SISLEY spent last week in Switzerland, looking after business connected with the General European Conference, of which Brother Sisley is treasurer.

THE North England Conference at Leicester elected as its secretary, Miss Loveday; as treasurer, Mrs. M. Barnard. All communications to Miss Loveday should be sent to 173 Harrow Road, Leicester; to Mrs. Barnard, 74 Legge Street, Birmingham.

WHILE the collection was being taken at the Leicester meeting for a library for Duncombe Hall College, Professor Salisbury stated that donations of books that would be useful to the students would be thankfully received. If any of our readers have books they would like to give to this worthy cause, they will please correspond with Professor Salisbury.

IT was with great sadness that the brethren and sisters of the North England Conference said good-bye to Brother and Sister Castle at the Leicester meeting, the 5th inst. Brother and Sister Castle have been in our field nearly two years,—Brother Castle as secretary and treasurer of the North England Conference, and Sister Castle as secretary of the Sabbath school Department. They were most successful in their efforts to organise the work in that field; in order to carry on their work more intelligently, they became personally acquainted with the larger part of the members of that Conference, and they carry away with them the love and esteem of all. Brother Castle's condition of health demanded immediate change of climate, but it was with much reluctance that he followed the medical advice given him and left the field to which he had become greatly attached. He went from us strongly confident that the Lord would yet spare him many years in which to work for Him. Let us all pray that this may be so.

NEXT week we shall publish a special number of the WORKER, containing a report of the North England Conference proceedings.

MISS L. F. GOW, of Newcastle, N.S.W., Australia, left London the 11th inst. to join the nurses' training class at Caterham.

DR. R. H. AND MRS. DR. R. H. HARRIS, from the Battle Creek Sanitarium, are now in Edinburgh, preparing to take the English medical degrees.

FROM a letter recently received, we learn that a son, weight eleven pounds, has recently come to the home of Brother and Sister Olmstead, of Haverford West, Wales.

### The Welsh Meeting.

TO all our dear brethren and sisters in Wales we give a most earnest invitation to attend the General Meeting at Barry Dock. This is the way to find the tent: Book to Barry Dock Station, inquire for Greenwood Street and Holton Road (near Gas Works), and six minutes from the station will bring you to the tent. We are only a little way from a beautiful stretch of sand on the sea shore, Barry Island. Apartments will not be dear, and we will have a supply of health foods on hand. You may write to me at 8 Kendrick Street, Barry Dock. W. H. MEREDITH.

### Important Notice to Students.

THOSE who have not already made formal application to attend either the Preparatory School or the Training College, opening September 7th, should do so at once, in order to insure a place being reserved. This refers to the old students as well as to those who are planning to come for the first time.

Students not living in London should plan to arrive here not later than Tuesday afternoon, September 6th. The session opens at 9 o'clock, Wednesday morning, in the chapel at No. 12 Manor Gardens, Holloway, N.

If there is anyone who has not yet received a prospectus of the school, he should apply at once and one will be immediately forwarded.

H. R. SALISBURY.

WANTED:—BY a working man: a housekeeper to look after an invalid wife; Sabbath-keeper preferred. Address, M. Croft, 5 Dalton Terrace, Paisley Street, Hull.

WANTED:—A girl about 15 years of age to nurse a baby of two years. Apply to C. Salway, 9 Limestone Terrace, Mansfield Woodhouse, Nottingham.
