Draftees Wrongly Assigned

Seventh-day Adventist youth are still going into the Army and Navy. And the consideration shown their conscientious convictions regarding non-combatant service and Sabbath observance in time of war is in danger of being lost unless they give greater attention than some of our recent inductees have done.

We are having more difficulties regarding wrong assignments now than in time of war. Young men who have obtained their 1-A-O classification submit to assignment to the infantry, field artillery, and other combatant units, and make no protest against it, and say nothing about it to regional representatives of the War Service Commission. We learn nothing of it until trouble results, and then the damage is done.

Men classified 1-A-O are rightly eligible for only one assignment in the Army, and that is to the Medical Department. In the Navy it is to the Hospital Corps. Any other assignment is a violation of their noncombatant status, an ignoring of their O classification. And if they consent to, and take combatant basic training, they should not be surprised later to have their officers claim that they are not genuine noncombatants, for they have, without protest, submitted to combatant training.

We learn that our 1-A-O men have been told by officers that it makes no difference now that the fighting is over, whether they drill and train with arms or not. Some have been told, "You are not going to kill anybody. The war is over, this is merely physical training. Take the gun."

It does make a difference. It establishes a precedent. It lets your church down. It disregards your classification. It denies your established right to non-combatant recognition, and a non-combatant status. It puts you on record as not being concerned about your non-combatant classification. And it is bound to create trouble for you, and for others, later.

What has happened, very likely, is that the Seventh-day Adventist youth now being inducted, together with their parents, paid little heed three and four years ago, to the instruction then published in our papers giving information about the directives, regulations and orders which the Lord enabled us to obtain which recognized and provided for the noncombatant status, classifica-

tion, and assignment of our men. They were not then affected.

Now, however, without having informed themselves, they find themselves in service. Officers are in charge who, many times, are equally uninformed regarding the provisions worked out years ago to safeguard the non-combatant status. Hostilities have ended, and nobody seems to think it is of any consequence today whether a man is in a combatant or non-combatant assignment. So carelessness and laxity have developed.

I cannot emphasize too strongly the importance of holding what we have gained. It required the courageous devotion and faithfulness of many loyal soldiers to obtain the recognition God worked out for us. It ought not lightly to be tossed away.

We urge parents and youth to be true to the teaching of the church, to

insist on the rights and privileges and concessions gained over the years, to maintain the noncombatant status. Our regional representatives are still in the field. They can be called on at any time.

If you need help and information, ask for it. We will make it available immediately. If you are not informed who to write to in the various States of the United States, then write to me at 6840 Eastern Avenue, Washington 12, D. C., and help and information will be forthcoming at once.

If and when wrong classification or assignment occurs, protest. Continue that protest until you are rightly classified and assigned. Your non-combatant convictions have been given formal recognition and provision made for you to maintain them. You have come into a noble heritage. It cost something to obtain it. Do not throw it away. Live up to your faith.

Student Colporteur Work

The month of June should see a goodly number of students enter the literature work. There is a three-fold reason why young people from our schools should engage in the literature ministry as they prepare themselves for a place of usefulness in the cause of God:

1. Personal benefits to students who engage in soul-winning work;
 2. Benefits received by the one purchasing message-filled literature;
 3. Financial help to student who returns to school for further training.
- To this date (June 21) seventeen students have already entered the field and some wonderful experiences are taking place. Melvin Bankhead, working in the Oregon Conference, relates one of his recent experiences as follows:

"About 5:45 p. m. last Monday, I called on the last home for the day.

I began to canvass the lady of the house and found that she was interested, but before I could close the order, her husband, a logger, came home from work. She promptly excused herself from the room to finish preparing supper. While she was in the kitchen her husband came into the living room where I was seated and asked me what I was doing. I gave him a brief canvass on the health book I had shown his wife. He wasn't at all interested and said that he didn't care about having a work of that type in the home. I told him that his wife was interested in getting it. He then walked out into the kitchen and I thought my sale was lost. Pretty soon his wife came back into the room and asked me what the price was. After I told her, she asked her husband for \$2 and by the Lord's help, I took the order with a \$2 deposit."

Brother Preston Smith, also working in the Oregon Conference, recently placed six orders for *Bible Readings* one day. Brother Smith gives his experience as follows:

"Last Monday when I was out, the Lord blessed me with six orders. At one place I visited a man of about 40 who invited me in. This was not his home but his parents' home and they were Lutherans. I canvassed him for

Bible Readings and for some reason stopped after the prophecies (no doubt the Lord impressed me to). I suggested that Father's Day was coming soon and that a work of this kind would make a fine present. He did not order the book, however, but had me leave my name and address. As you know, generally you never hear from them. The whole thing slipped my mind for I wasn't counting on the order. Then on Thursday a card came requesting that I deliver the book on or before Saturday. I delivered *Bible Readings* that night. I found that the older man was interested in prophecy. May the Lord bless him that he may find the truth as he studies the book."

Wonderful possibilities and rich experiences await the students who wholeheartedly engage in literature evangelism. God will use His literature workers in a powerful way if He is permitted to do so. May the Lord impress upon the hearts of others who ought to be in the field that time is very short and NOW is our day of opportunity for winning souls to the message. Interested students who desire to have a part in the literature ministry will contact their conference Publishing Department secretary at once.

Prophetic Faith of Our Fathers

More and more our positions on prophecy will come under challenge as the last conflict intensifies. We must be able to give a sound and convincing answer to every one who asks us. We need to know the hidden strength of our historic fundamentals in prophetic interpretation. We need to know how and when the confusion and departures on prophetic exposition all about us came into the Protestant churches that have swerved away from the sound

positions of their founding fathers. We need to know just how sturdy and invulnerable our positions are on the great outline prophecies—on the year-day principle, the 1260 years, or the 2300 years, and scores of other points—particularly the focal point of 1844.

You will find all these, and the answer to hundreds of other vital questions, in the new *Prophetic Faith of Our Fathers* set. It is the result of thirteen years of intensive research by LeRoy Edwin Froom, editor of *The Ministry*. Thousands of dollars have been invested by the General Conference in gathering the full evidence from the Old World and the New. Volume III is now available—755 pages of text with complete documentation, and a full index and bibliography.

Impressively illustrated with thirty-two full pages of facsimile reproductions and six double-page graphic charts, this work is at once history of prophetic interpretation, a handbook of ready reference, and a virtual encyclopedia of reliable information and verified sources and authorities on prophetic exposition. It is a must volume for the Seventh-day Adventist who wishes to be informed in this important field. Only \$4.50, it is now available through your Book and Bible House.

Notice is hereby given that the regular business session of the Upper Columbia Mission Society of Seventh-day Adventists will be held in connection with the business session of the Upper Columbia Conference of Seventh-day Adventists on the camp grounds at College Place, Washington. The first meeting will convene July 25, 1946, at 10:30 a. m. The purpose of this meeting is to elect officers for the ensuing term and to transact such other business as may properly come before the delegates. Delegates to the Upper Columbia Conference session are recognized delegates to the Mission Society meeting.

Loyalty To Missions

The most important event on the summer schedule of the denominational program calendar is the Mid-Summer offering, which this year comes on July 6. Unprecedented opportunities are before the people of God. Hitherto restricted liberties have been completely restored in many lands. It was a marvelous cablegram which reached

the delegates assembled at the General Conference session, that our denomination has just been granted equal status in Rumania with that of the state church. The believers there are rejoicing in this victory.

Japan is pleading for our missionaries to come. All restrictions have been removed. The islands of the sea are calling for our missionaries. As I listened to the earnest appeals from every land of earth (except Russia) at the time of the General Conference session, my heart was touched as I saw the response of our people to these many calls. Out of some 316 official calls, only about 88 remained to be filled at the time of the session. Missionaries who have already given the best years of their lives to foreign service are anxious to return as soon as possible. There was a wonderful spirit of service manifest throughout the General Conference session.

The same spirit is taking possession of our workers in the homeland. In one of the larger conferences in North America a call was recently made to the working staff who would be willing to go overseas in mission service if the call came to them, and there was a one-hundred per cent response on the part of the workers in this large conference. We can truly say "amen" to this spirit of missions.

I believe our people as a whole have the same spirit of loyalty and sacrifice for missions. With the wonderful possibilities and opportunities opening to us let us rally as never before to the Mid-Summer offering July 6. May God grant that we shall respond to this call with a heart of liberality and sacrifice while it is day, for the night cometh when no man can work.

Camp Meeting Information

We are pleased to give herewith camp meeting information which will be of help to our people in planning for their camp meeting accommodations. The list below gives the prices that will prevail this year. These are the same as in former years with one or two exceptions:

Tents, 10x12, each, \$3.00.

Floors, 12x14, each, \$2.00.
Floors, 10x12, each, \$1.00.
Half floors, 12x14, each, \$1.25.
Half floors, 10x12, each, \$1.00.
Springs and Trusses, each, \$0.25.
Steel cot and pad, each, \$0.50.
Canvas cot, each, \$0.35.
Straw for ticks, each, \$0.25.
Tables, each, \$0.25.
Chairs, each, \$0.10.
Lumber, per foot, \$0.03.
Camping site only, each, \$0.50.

The college will have in the neighborhood of fifty rooms available in its dormitories. These rooms each contain two single beds, without bedding. The price will, no doubt, be the same or only slightly higher than in 1944. The rate then was only \$6.50 for the full room for ten days. Those interested in securing a room in the college dormitories should write immediately to Dean L. B. Losey. They will appreciate a deposit with your order for reservation. The college desires to cooperate with the conference in giving our people the best of service, and it will help greatly if those interested in a room will write Dean Losey so he will know how to plan to provide for all.

We understand that accommodations in the village will be limited this summer, and most of our people will no doubt wish to reserve a tent for their use during the meetings. Please make reservations immediately by sending in your requests to the conference office.

We are looking forward to a real spiritual feast this year. We trust that many of our believers are planning to spend the full time at camp meeting.

Blue Mountain Associated M. V. Picnic

The old fashioned July 4 picnic which was announced in last week's GLEANER will be held in the old Boy Scout Camp on the Walla Walla River east of Milton where there is plenty of room for games of all kinds. Turn east at the south edge of Milton on the paved road near the Umatilla cannery. Watch for picnic signs all the way. The distance from Milton is about 13 miles. Bring a picnic lunch and wear shoes and clothes that you can hike and play in.

The following churches and M. V. societies are cordially invited to participate in this event: Pendleton, Milton, Hermiston, Pasco, Wallula, Dayton, Waitsburg, Touchet, Walla Walla, College Place and any other companies or isolated members in this area. Games and activities will begin before noon and continue throughout the day.

Music at the Academy

This past school year has been full of many musical activities. An active girls' sextet was organized within the first few weeks of school. This group has made several appearances at the evangelistic meetings in Spokane and at several churches in our conferences.

There were 64 members in the choir this year. Their outstanding appearance was in Spokane at the evangelistic effort. The choir is a necessary item each Sabbath for church services.

The band has made real progress this year under the direction of George Chalker. There were 25 members in the band. Many of these members had never played a horn or any other kind of instrument until they joined the band. Before the school year was over the band had put on a Saturday night program, besides playing for other events such as the Amateur Hour, campaigns, and for the Associated Students meetings.

Other musical organizations are: the girls' trio and the "Cornet."

The piano department under Mrs. Witzel has been well filled this year. Besides performing on various recitals, piano students play for chapel, accompany for special songs, and learn to play for their own entertainment.

Camp Meeting Notice

Due to the extreme shortage of materials and equipment, we are asking all who possibly can to bring their own bed ticks, mattresses and bed springs, also tables and chairs. The demand this year is unusually large, and the supply short. To be safe bring your own.

The orders for tents keep rolling in, but we are going to do our best to provide quarters for everyone. Since two years ago over 250 tent frames have been built, and we have purchased 300 tents, but still we are behind in our supply. Some may need to take locations that are less desirable than others, but come to enjoy the meetings, and we will do our best to supply your needs.

GLADSTONE PARK CAMP GROUND.

Sutherlin Group Organized For Lay Evangelism

When Elder J. R. Patterson moved from California back into the Sutherlin Valley to retire, he immediately sensed the needs as well as the possibilities of the lay members of the Sutherlin church. He determined, God helping and leading him, to organize a class in lay evangelism. His plan met a hearty response, and twenty-seven members (eleven men, twelve women and four juniors) enrolled for the course.

We meet once a week for recitation, discussion and practical demonstration. How eagerly we look forward to these weekly spiritual feasts and how thankful we are to have Elder Patterson for our instructor and counselor. Having been in the Lord's work as a minister for forty years, in the colporteur and institutional work for an additional ten, and having been intimately acquainted with Sister E. G. White and her family, is it any wonder he can inspire in the hearts of his students that same deep passion for souls with which his own heart is aflame?

We have had but four lessons to date, but we feel we have been greatly helped and inspired already. Even now we are beginning to see results. Some of the members are actively engaged in giving Bible studies, others have wonderful openings which they plan to follow up to God's glory.

Perhaps the most humble beginning which had the most far-reaching repercussions was that started by a lay member in the Rice Hill community. This sister began laying plans for meetings to be held for a group of negro railroad workers camped near her home. God gave her favor in the eyes of her neighbors and she was given the use of the Grange Community Hall for Sunday night meetings. With Elder Patterson giving the message from the pulpit and lay members assisting in every way possible, the attendance has increased rapidly. The coming Sunday night meeting promises to fill the large hall to capacity as an entire Christian church from a near-by town is coming to hear the message. It was necessary to announce from the pulpit that anyone wishing to come and be assured of a seat, bring his own chair and come early.

How mightily is God's Holy Spirit working upon and moving the hearts of men to hear His last warning message. How it should stir our hearts to greater zeal and love for our Master—greater and more consecrated effort for the cause we love! Not only are souls being prepared to take their stand for God and His truth, but members of the lay evangelism class are enabled to see put into actual working practice the technical knowledge and spiritual counsel given at each class meeting. What is being done in this center can readily be duplicated throughout our entire union conference territory.

Investiture at Missoula

Sabbath June 8, was a high day at the Missoula church. It was a day which will long be remembered by young and old, because this day culminated the increasing enthusiasm

which had been carried forward so energetically by all the candidates during the weeks and months prior to this important occasion.

Special mention should be given to Mrs. R. L. Badgley, the wife of the pastor, who has worked untiringly for the past months to make this significant occasion possible.

It was my happy privilege to invest during the 11 o'clock service, 39 candidates in all of the progressive classes: six Sunbeams; three Builders; ten Friends; six Companions; four Comrades, and ten Master Comrades. I believe this was the largest investiture service ever to be held in the Montana Conference.

Many and varied were the remarks made pertaining to the investiture service, such as, "I have never seen such an impressive investiture service before," or, "I wish I were young again," or "I am going to be in the next investiture service."

Truly the Lord was with us and gave us a good service. As we think of the Montana youth, and especially the Missoula young people, our hearts are made happy for we see the enthusiastic, energetic youth on the forward march, preparing themselves in a greater measure for wider service in the "Youth for Truth," program.

ARTHUR PATZER.

"The message of Christ's soon coming is to be given to all the nations of the earth. Vigilant, untiring effort is required to overcome the forces of the enemy. Our part is not to sit still and weep and wring our hands, but to arise and work for time and for eternity."

Arlington Effort

The Arlington tabernacle effort has closed. Sunday night, June 16, marked the end of this series of meetings which began in March. To date there have been twenty-three baptisms, three re-baptisms, and two taken in on profession of faith. Four churches have shared in the joy of souls born into the kingdom of God on earth. As we recount deliverance from drink, tobacco and other evil habits, we are led to praise God for the demonstration of His power to have men and women.

The faithfulness of many of our own people is sincerely appreciated. Their attendance, prayers, and bringing others to meeting have, with the blessing of God, been the largest single factor of soul-winning value. A word of appreciation is also appropriate for the energetic effort put forth by Brother and Sister Frank Phillips, and Mrs. Bina Russell, who assisted with the visiting, and Mrs. Lyman for her part with the Phillips in making the music enjoyable. To Brother Phillips goes my personal gratitude for the many burdens he bore uncomplainingly in connection with the meetings and the district.

May God yet give us a goodly number

from the ones who recognize this message to be the truth of God, but for one reason or another have held back from taking their vows to God.

L. E. LYMAN.

General Conference Assistance For Camp Meeting

We are glad to report to our conference members that we are to have good help from the General Conference for our conference session and camp meeting season which begins Wednesday night, July 10. We have received word that Elders A. F. Tarr from India, Royce Vail from Africa, E. L. Branson from Egypt, and T. J. Michael from our General Conference headquarters will be with us. Those who were not privileged to attend the General Conference session recently closed in Wash-

ington, D. C., I am sure will want to be present and hear the stirring messages that these three missionaries from the foreign fields will bring us. Elder T. J. Michael always has a good message for our people.

In addition to these brethren we of course will have Elder Anderson, our union conference president, with us and the other officers of our union conference.

From the orders that have come in for rooms and tents thus far, I am sure we will have the largest camp meeting in the history of our conference. May we all pray that it will not only be the largest but the most spiritual and inspiring series of meetings that we have ever attended. Surely the time is short and we need the inspiration of just such a meeting.

DON H. SPILLMAN.

Young People's Department of the Conference

For some time we have realized that with a growing conference such as ours, the problem of our young people's work is one of the most serious confronting us at the present time. Last year in our junior camps at Orcas Island we had over 300 juniors. We feel that this is excellent and we are hopeful of having at least that many attend our camp at North Bend this year. However, these camps only occupy two weeks out of the year. We believe that there is a great need for a definite program for our youth throughout the remainder of the year.

Elder W. L. Schoepflin, our Missionary Volunteer and Educational secretary, has done excellent work in these two departments during the last several years. However, with our growing educational work and expanding school program, it has been impossible for him to spend as much time with the young people's end of his department as he would desire. Realizing that the youth of this movement constitute our most valuable asset and realizing that something should be done to assist them not only in a spiritual but in a social way, the conference committee has given study to the problem and we feel something very tangible has been arrived at. It was voted at a recent committee meeting to place a call for a competent, experienced young people's leader to join our working force at the conference headquarters. This has been done and we are glad to report to our constituency that Elder Cree Sandefur of the Iowa Conference has accepted our call and will be with us shortly after the first of August. Elder Sandefur, while a young man, has had years of experience in our young people's work both in evangelism and in junior camp

and progressive class work. He loves juniors and assured me personally back at the General Conference session that he would do all in his power to make a success of the work here.

We feel that this will accomplish two things—it will strengthen materially the entire young people's set-up in our conference and it will also allow Elder Schoepflin to spend more time with the teachers and the schools, thus materially strengthening our educational program. We are hopeful that Elder Sandefur will arrive in time for at least a portion of our junior camps at North Bend, and we know that all of our juniors will want to be there to meet him. We trust that all of our members will continue to pray for the work of our young people in this conference.

DON H. SPILLMAN.

Church School Health Report

I am very happy to be able to bring this report to you of our health program of the past year. Out of 1411 students examined, there were 501 defective. I trust these will be corrected during these vacation months. Total corrections this year were 529. This is very good. Seven hundred twenty-five children had perfect health habits and 573 were gold star students (no known defect and perfect health habits). We had thirty-one gold star banner rooms (half or over gold star students), and six 100 per cent perfect
