IT SHOULD NOT HAVE HAPPENED!

"This is the anniversary that should never have happened!" exclaimed J. Harold Shultz, superintendent of the Voice of Prophecy printing department, when asked for his comment in connection with the staff pledge of over \$2,500 to be given on Voice of Prophecy Day, October 9, in honor of Elder H. M. S. Richards' 35th year of continuous radio broadcasting.

Elder Shultz continued, "I am sure that if the rest of us had been as faithful as Elder H. M. S. Richards, we should all have been in the Kingdom of Heaven ere this. As I see it, the best way to make certain that the gospel will be taken 'to every nation, and kindred, and tongue, and people,' in the shortest possible time, is to devote our lives, as well as our financial resources, to an all-out effort at this critical time in earth's history. We are taking too much time and spending too much money on sending probes to the moon and photographing Mars. Instead of messages and pictures from outer space, let us send out God's message of salvation and finish up the work here in this crime-and-disease-ridden planet; then we can hear the message from the Chief Architect of all the worlds, 'Well done . . .'"

The staff pledge was presented to Elder Richards upon his return from a six-week, sixteen-state camp-meeting tour. Each staff member has promised to give a multiple of thirty-five on October 9: 35 dimes, 35 quarters, 35 half-dollars, dollars, or larger amounts, in this one-hundred-per-cent participation project.

H. M. S. Richards began his radio evangelism 35 years ago when radio was still in its infancy, and is now heard every Sunday over approximately 650 stations across the United States and Canada, and daily on 65 outlets. The minds of millions have been turned to Christ through Elder Richards' radio ministry.

When the "35 Times" program was suggested to the Voice of Prophecy staff, everyone wanted to have a part because they felt that the radio ministry is one of the best ways to bring the gospel of Jesus Christ to the people. Here are some personal comments:

Louise Francis, who helps in preparation of the continuities for the broadcasts, said: "It is a special thrill to have a part in remembering this milestone in H. M. S. Richards' radio ministry. In giving something for each year of his continuous broadcasting, it drives home how long he has been a blessing to people in radio land."

Said T. Rose Curtis, copy editor and librarian: "I worked for thirty-seven years as secretary, librarian, or editor in the General Conference offices; but I have never felt closer to the heart of the soul-winning program than during the seven years I have now been with The Voice of Prophecy. I feel privileged to give my bit in celebration of Elder Richards' 35 years on the air."

Renee Iles, switchboard operator, said, "It is a wonderful work and it makes me feel good to be able to help in some way. It is good to know that I have had some little part in helping to give the gospel to others."

Addressograph superintendent Lloyd Maguire thinks that "if we get behind the program and show an interest ourselves, it will do a lot to help the over-all giving of the people on voice of Prophecy Offering Day, October 9."

"On the occasion of H. M. S. Richards' 35th anniversary of radio preaching, it is a great joy for me to make this special offering," Elder Wayne Hooper, director of music programming said. "Through the 20 years it has been my honor to work side-by-side with him, I have seen no slowing down of his zeal to find new ways to reach more people with Bible truth."

True, this 35th anniversary of proclaiming the message *should never have happened!*

Every "35 Times" gift on Sabbath, October 9, can help lessen the number of anniversaries. And isn't this exactly what we are all working and praying for?

A Special Bible Course for Our Jewish Friends

The marvelous heritage given by the Jews to humanity is graphically recorded in the Old Testament and many parts of the New. There has been a tremendous history. A talented people for centuries they have served as thought leaders for human kind. Today many thoughtful Jewish people are giving careful consideration to their history and also to the Christian concept. As never before they are willing to carefully study the significance of Christ's first coming and the contribution He made to mankind. Thoughtful, perceptive Jews are beginning to

Herb Silver, pastor of the Times Square Center, and J. M. Hoffman, Center
director, discuss means of contacting the 400,000 Jewish families in the New
York area with the glad tidings of Christ's love and return. These two leaders
in the Jewish program are responsible with Elder Wesley Amundsen for imple-
menting a strong city-wide program that will lead Jewish folk to accept Christ.

ask whether or not it is possible that
Christ was indeed the Messiah.

To encourage the increasing interest
in the Christian concept and the min-
istry of Christ on the part of many
Jewish people, Faith for Today has
developed a special Israelite Heritage
Bible course. Dealing with the great
outline of Jewish history, it provides
a careful review of the Holy Scriptures
and, of course, places primary emphasis
on the marvelous prophecies and color-
ful history of the Old Testament.

Reference is frequently made in the
lessons to the Hebrew Bible translated
into English by Alexander Harkavy
as well as the King James version.
Hebrew terminology is used through-
out to clarify Bible texts. Best of all,
the outline of prophecies lay a strong
foundation for presentation of New
Testament truth. As these prophecies
are currently presented in the Old
Testament, the student's mind can eas-
ily grasp the significance of fulfilling
New Testament events and prophecies.

Currently 1,654 students from all de-
nominations and every part of the
world are taking the Israelite Heritage
course.

Comments from students demonstrate
its impact. A youthful Jew, 23 years
old, writes: "I consider this course
sound and logical, as well as spiritually
uplifting—it gives me faith."

Still another Jewish student states:
"I truly believe this course is one that
does justice to the Ten Commandments
as does the Holy Scripture."

Elder Wesley
Amundsen, secre-
tary of the Isra-
elite Heritage
Institute, is spear-
heading an active
evangelistic pro-
gram for Jewish
friends. He is in-
terested in the co-
operation of every
church member in
reaching Jewish friends and neigh-
bors in their communities with in-
formation about the Israelite Heritage
Bible Course.

In your vicinity it is likely there
are many Jewish folk, a number of
whom are prominent in the community.
Why not enroll them immediately in
the Israelite Heritage Institute? Write
to Faith for Today for a supply of
Israelite Heritage Institute enrollment
cards. And tell your Jewish friends
about the course and the values which
it has. We know of no other course
just like it, designed to reach folk of
the Jewish faith. You may know a
doctor, lawyer, or a university profes-
sor of the Jewish faith who would
greatly appreciate the material which
this course includes.

In our interest in leading souls to
Christ, let us not overlook our Jewish
friends. Historically it has been diffi-
cult to reach them with the message
of Christ, but now we have a golden
opportunity to help lead them to the
Master.

SUPPORT

"Self-Supporting" Stewards

Practically every week our loyal and princely pastors from the far flung areas of this world write letters similar to the one received from an Adventist nurse:

"Dear Brother Mazat,

"Thank you ever so much for your very encouraging letter. It has put new life in me to continue to do my part for God. . . I am so glad that you are interested in the self-supporting work that I am doing, and know that you will send me as many copies of the *Signs* as is humanly possible.

"You asked about those accepting Jesus as their Saviour from sin as a result of reading the *Signs*. Seventeen of my *Signs* readers have already been baptized.

"Some of the *Signs* I gave to one of our workers, who used them during his evangelistic meetings. First he used the magazines as a basis for his topics, and then he shared the magazines with the interested visitors. At the close of the crusade, sixty people were baptized.

"I am praying that the Lord will move on the hearts of our believers in the homeland that they will give you more funds for the *Signs* World Ministry, so that many more will hear about the Blessed Hope. May heaven's richest blessings be always yours.

"Sincerely your sister in Christ,
"Alice M. D., R. N."

Your such appreciated participation is appreciated. Kindly place your order for *Signs* World Ministry with your church missionary secretary or with your Book and Bible House. In clubs of five or more the cost is only \$2.75 per subscription.

Juliaetta Bible School

Monday evening, August 9, a program was presented for the parents and friends of the children who attended the Vacation Bible School held at the Juliaetta, Idaho, Seventh-day Adventist church. Certificates were given for work completed. Of the 54 children attending, six were from Adventist homes.

Helpers from the Troy and Deary churches drove 16 miles daily to make this school a success.

Compliments from many of the parents made the effort seem worth while, and a Story Hour is the follow up, which is being held in the church basement on Sabbath afternoon from 2:00-3:00 p.m.

typing and shorthand find them to be valuable assets—in college, business, other professions and everyday living.

In college, for instance, engineering students are required to make lab reports quite frequently (nearly every week). These reports should be typed, and they vary in length from five to ten pages.

Take a moment to determine the cost of a paper eight pages long at 30 cents a page (and you furnish the paper), and 35 cents a page for a carbon copy. Then think of the number of papers that would be required during the school year. For an engineering student this cost would probably average about \$5 to \$10 a month—IF, he had to have someone do the typing for him. Not only engineering students, but ALL students are required to make reports or research papers, etc. The ability to type is becoming a MUST.

Shorthand is a versatile skill! It is a real convenience when trying to take notes—whether in the classroom, on the telephone or whenever the need arises. I heard of a minister who took shorthand, and many years later said he was never sorry. Often while listening to someone else speak, he used it to take notes that would be valuable to him.

Shorthand is a skill that may help open doors to other varied and interesting careers such as art, advertising, publishing and management. Many highly competitive fields as these might require years to get a good start; but through one's shorthand skill, a secretarial position may be the *quickest* way to get "in the door." For the office worker, the ability to use shorthand always rewards with higher-paying jobs, more interesting work and better opportunity for advancement. And, best of all, shorthand is fun.

This year we are planning to offer a course in office practice. It is especially for those who are definitely interested in a business career, or further education in this field. It will briefly

touch on almost every phase of business and acquaint the student with current terminology, methods, and machines used in business. Those students planning to continue their education in secretarial or business will find this an introductory course to many of the college requirements.

This briefly outlines some of our plans for the coming year. I hope all who can will plan now to take advantage of these classes.

Colporteur Contact Attends Church

Have you ever had the experience of answering your telephone and having the caller say: "What time is your service tomorrow? I want to attend your church." This happened to Mrs. Searson on a recent Friday as she was doing some work at the Mountlake Terrace church. Mrs. Fallis, the lady who called, said that in June, Joy Hiten (a student colporteur), contacted her at her home and showed her a nice set of volumes, but she was unable to buy them. Joy gave her a small book entitled, *Great Controversy*. "I have read almost all of this volume," she said, "and it is just what I need. I would like to attend your church."

I spoke at the Mountlake Terrace church that Sabbath morning and after church I had the privilege of meeting this lady. As she looked over the reading rack for something more on the Sabbath she said, "I want to know how to keep the Sabbath right." I understand that she was at church with her children the following Sabbath, too.

This *Great Controversy* that was given to this lady, along with thousands of other books and tracts that our literature evangelists give away each year, are purchased with the money that you church members give on Colporteur Rally Day. This year Colporteur Rally Day is September 4, and the offering received on that day will go to buy books and tracts for our literature evangelists to use in reaching the lost and erring. I pray that each of you will give an extra large offering.

They Had Nothing to Say!

What a most tragic moment we may be forced to encounter when, much to our sorrow, some of our children may be found missing and we are asked by our Saviour, "Where is the flock, thy beautiful flock?" and, "Had you really done everything in your power to place them in our schools to train them for eternity?"

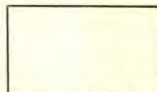

The boxed spaces below give us a vivid visualization of how much argument, explanation, or excuses we may be able to muster together in a most hopeless, futile attempt to explain away our neglect, refusal, or what we might have thought was better judgment, and better school facilities for our children, to stand justified before the King of Kings and Lord of Lords:

Church Members and Leaders

O, let us cooperate with God now and seek Him most earnestly in behalf of our children, to help us save our precious youth for Him! Before the clay or mortar sets, while there is yet time, while their hearts are still tender, let us do all we can to fulfill God's requirements and counsel to us, by enrolling them in the schools where they belong, so that if, most unfortunately, they should still be lost through the most vicious deceitfulness of Satan, that we may still find favor with God for having done our level best to follow His direction, and at least be cleared ourselves, as through the words of Ezekiel (3:19) "thou hast delivered thy soul." Dear fathers, mothers, and young people, this is a life and death proposition! Are we ready to give it the attention it deserves, NOW? Is Your Child Ready for School?

Vacations are soon to end and once again boys and girls and young people will enter the doors of our schools for further education and training in preparation for life. Will your child be enrolled in one of our schools? I sincerely trust and hope so!

Cost factors may be a problem, but truly and realistically parents cannot afford to send their children elsewhere! By doing so, the price we as parents may be called upon to pay may be too high!

"To bring man back into harmony with God, so to elevate and enoble his moral nature that he may again reflect the image of the Creator, is the great purpose of all the education and discipline of life." CT pp. 49-50.

May God grant us keen discernment and safe cautious judgment to hold first things first in behalf of our children and youth, and thus do all in our power to place them under such favorable influences so as to enable God's image to be truly reflected by our precious children. Let us all join forces to save our precious children for God and for eternity.

Thirty-One Years of Addiction

About a month ago a devout worker in one of the popular Protestant churches in the City of Seattle called the writer, stating that she had relatives who were Seventh-day Adventists and was acquainted with the work we were doing for those addicted to both alcohol and tobacco. She wondered if I would be willing to help her mother-in-law stop smoking. The main reason for wanting her to stop smoking was the fact that when she came to visit her, she smoked in her house before her children, and the daughter-in-law did not have nerve enough to ask her not to (this she confided in me in our telephone conversation).

The writer conducts a stop-smoking program over the telephone daily, and God has blessed this type of program from the very beginning. The above-mentioned lady was no exception. She followed the writer's counsel to the letter, and at the end of five days, she had victory in her grasp. She had smoked for thirty-one continuous years, and upon being asked the question of how she started, she replied, "I seemed

to have a continuous sore throat, and one day my brother handed me a cigarette called "cool" which he said would help my sore throat. From that very day on I was caught in the trap. I talked to my physician about it, and he said, 'Why stop if it makes your throat feel good?'"

In a telephone conversation with her today she stated how happy she was to be free from a habit that had controlled her for thirty-one years. The writer asked of the several steps that are used to help in breaking the habit, which one was the most effective for her. She stated without hesitation that it was the fresh fruit and the fruit juices that helped curb the craving. She went on to say that she intended to use this simple method to help others break the habit.

This is in harmony with the statement made by the servant of the Lord in *Medical Ministry*, page 178, "If they desire to labor in uplifting others from the pit of destruction from which they themselves were rescued, give them opportunity."

Co-Ordinated Layman- Television Evangelism For Oregon

Laymen of the Oregon Conference will deliver Bibles and Bible lessons to homes in their communities this fall. These study helps will correspond to materials used on the TV Bible Class program. The participation of laymen in this program of making house-to-house contacts will result in a giant Bible class extending virtually all over the Oregon Conference.

Beginning on September 19 the new series of Bible lessons, "The Bible Speaks," will be used as the basis of study on the TV Bible Class. As each question is asked, the Bible reference and Bible page number will be given showing where the answering text may be found. The word or words answering the question will be written on the TV screen and those viewing the program in their homes will be invited to copy the answers on their lesson sheets.

Lesson sheets and Bibles identical in page numbering to the one used by the instructor on the TV Bible Class are to be delivered to the homes of those requesting them by the members of our churches. Weekly or bi-weekly visits will keep the students supplied with lessons for the forthcoming telecasts. The laymen will pick up and grade the completed lessons. Upon the completion of ten lessons of the 24-lesson course, the Bible becomes the property of the student. A certificate of graduation will be delivered upon completion of the course.

For parts of the conference where the TV Bible Class is not seen, a 15-minute radio program has been prepared. The program called, "The Bible Speaks," covers the same lesson material as that covered on the telecast. These tapes will be made available without charge to areas where churches or individuals wish to sponsor the program.

On the two Sabbath afternoons immediately preceding the release of the first telecast in the new series, our members will visit homes explaining the free Bible offer and offering the Bible and the first two lessons to those who are interested in participating.

The Bible offer will be made each week on the telecast. The requests received will be sent back to the nearest church so that our members can deliver the Bible and make the contact. Since the local churches will be providing the Bibles and the lessons, our own members will naturally not send in for this free offer.

What an inspiring picture it is to contemplate: God's special message for these last days beamed into every home in Oregon by radio or television and an army of dedicated laymen literally carrying the Bread of Life from home to home. What a privilege is ours that we might become part of this picture.

Evangelistic Results in Salem

On two Sabbaths last spring the congregations of the East Salem church and the Salem Central church filled the Central church to overflowing in union worship services. Baptisms were conducted on both Sabbaths with Elders J. D. Trude and H. A. Peckham officiating. Seventy-five members were added to the area churches in the two services.

Elders Trude and Peckham, both of whom have served as conference evangelists in the past, were joined in these meetings by the Knowles-Hiner Evangelistic Team. The assistant pastor of the Central church, Calvin Smith, and his wife also gave valuable assistance to the evangelistic program.

The members of our Salem churches gave enthusiastic support to the meetings. Many did not miss a single night. The limitations of space make it impossible to list the names of those who gave unselfishly of their time to serve in various capacities. Among those who brought friends and neighbors to the meetings were some of the Adventist law students at Willamette University.

One student had the joy of seeing the manager of the department building where he and his wife live unite with the church. This lady testified that she had been searching all her life for what she found at the meetings.

How thankful she is that one of her tenants invited her to attend. She has made a beautiful scrapbook incorporating the printed sermons and other souvenirs of the meetings.

A fine young couple who were baptized traced their interest in attending the meetings to their young son who is attending the Salem church school at the suggestion of the mother's aunt who is an Adventist. The parents were so pleased with what their son was learning in church school and Sabbath school that they decided to see what the church might have to offer them. After attending the meetings the young father decided that the truth that he had found was worth the adjustment of a change of employment which in his case was necessary in order that he might keep the Sabbath. On the basis of past experience we know that God will bless this young man in finding other employment as he severs his connections with a large firm for which he has worked for many years.

A mother's prayers were answered as she saw her daughter return to the fold and bring her husband with her. Just one year earlier another daughter had had the same experience in the Grants Pass meetings. What a reward to the faith of this praying mother to have both daughters with their husbands back in the church.

An Ingathering contact of four years ago bore fruit as a mother and two fine sons were baptized. The boys had been attending a Catholic parochial school.

A number of those baptized were trophies of the Sabbath school and branch Sabbath school work. What wonderful soul-winning possibilities there are in every Sabbath school! Some of the Sabbath school teachers who built up their class membership by visitation and the giving of Bible studies and who had the joy of seeing members of their Sabbath school classes baptized were Mrs. Etta Gage Givens, Al Davis, and Lloyd Budd.

Twenty of the new members mentioned that they were regular viewers of the TV Bible Class. Of these, four traced their original interest in the

message to the TV Bible Class. Three of the four had enrolled in the 20th Century Bible Course as a result of the offer on the TV Bible Class. One lady mentioned that she had not missed one of the Sunday telecasts for the past nine months.

Wherever "the men and women comprising our church membership rally to the work, and unite their efforts with those of ministers and church officers" (*Gospel Workers*, p. 352) we catch a vision of the way in which the work of God is going to be finished in this earth.

The Knowles-Hiner Evangelistic Team is scheduled to begin in Tillamook, Friday evening, October 1. Please send names and addresses of those who should receive invitations, together with whatever information you can supply regarding the nature of the interest to:

Schools Plan Field Trips

Teachers in the 45 Oregon Conference elementary schools have already begun planning field trips for their 2,500 students who will flock to the classrooms next Tuesday. They know that tours outside the schoolroom are meaningful learning tools, too.

Falls City children and escorts aboard a prop jet on tour of the International Airport.

Falls City children climbing up the ladder off the "MV Clunepark" at the Portland Harbor.

In a fall field tour last year, Mrs. Irene Reich took her 14 Falls City students in grades 1-4 to the Portland Public Docks and the International Airport. At the docks they inspected a Scottish tramp ship loaded with steel, hides, coffee beans, hay, and jute for both import and export traffic. At the airport they boarded a 40-passenger prop jet. Answering their thank-you letters, Capt. George Grierson of the *MV Clunepark* expressed appreciation for the conduct of Seventh-day Adventist children.

Are your children registered for Christian education this fall? True education is the harmonious development of the spiritual, mental, physical, and cultural powers.

Teacher Leaves for Africa

A new science teacher will meet classes at Portland Union Academy next week, for Mr. Richard Gibbon is en route to Africa.

Called to Kanola Academy, Liberia, West Africa, Mr. Gibbon left PUA just after receiving for the school a grant from Tektronix, money to buy upgrading equipment. He now will teach science and mathematics where rather primitive equipment is available, for of deeper concern is the school's need for a tractor.

In the above two pictures are seen part of the group of 75 people received into the Salem area churches on two recent Sabbaths.

Mr. and Mrs. Richard Gibbon, Bruce, and Cynthia have moved from Portland Union Academy to Kanola Academy, Liberia.

There are 180 students in grades 4-12 at Kanola. Of the 12 staff members, three are peace corps teachers. The school is located on a 70-acre tract, most of which has been cleared. Young

Bruce and Cynthia will need to adjust to a tropical climate.

Mr. Gibbon completed requirements for the Master's degree at La Sierra College during his three-year stay at PUA. Mrs. Gibbon taught home economics one year.

Columbia Academy News

◆ New tables have been set in place in the commercial room of Columbia Academy. This is the first step in modernization of the Business Education department. New chairs are due soon and new books are to be added also. The L-shaped, adjustable, metal and plastic tables will be a big improvement, but the new equipment is not the only improvement in the Business Education department.

Columbia Academy now offers a second year of shorthand for students interested in Secretarial Science. This will make it possible for a student to go to work in an office upon graduation and thus earn much of his way through college. Office workers with shorthand skill are always in demand. If a student takes typing in his freshman year, he can take Shorthand I while a sopho-

more, Shorthand II as a junior and Office Practice and Bookkeeping during the senior year. The Office Practice course will afford secretarial students a chance to put the final polish on their secretarial skills.

◆ Columbia Academy's fourth annual Leadership Council will be held September 2-4. Student officers of the various organizations will arrive on the campus by noon, September 2, and will then travel to a near-by mountain camp. The next two and a half days will be spent in an intensive study of the basic physical, social, spiritual and mental aims of a Seventh-day Adventist school, and how best the student organization can support these goals and aims. In addition, student leaders will gain confidence and skill in leading their organizations as they plan with staff members and other students for the activities of their organization for the coming school year.

Since the camp is located in an ideal recreational area, the students will be able to have breaks from their planning sessions to swim, hike and play games. It is felt that the pleasant association, the planning and the recreation go far toward getting the school year off to a good start.

MONTANA

Stamps Needed for Dormitory Rug

Summers in Montana are short but glorious! I had hoped to have a rug in the boys' dormitory by the opening of school. I know it takes time to fill a stamp book. To date we have fifty full books and ten that are nearly full.

That makes about half the number we must have to finish the project. So many lovely letters and stamps have been received. You know I could not do all these things for Mt. Ellis Academy without your help. Please look and see if you can spare a book or some loose stamps of Gold Bond, Gold Strike or S&H Green Stamps. If every one would help a little, we could have a lovely rug and pad before school begins. I have received \$22 cash in addition to the stamp books. I think you are so wonderful.

If you have a way to help a worthy student attend Mt. Ellis this year, we would appreciate hearing from you. Several would love to come but must have the help of someone.

I can still use Betty Crocker Coupons. I am placing fifty more place settings of Twin Star table service in the cafeteria in September.

Thank you over and over for your help in these projects. May God's richest blessings be yours now and always!

Dedication of W. I. Smith Hall

Tributes to Dr. Walter Irvine Smith, teacher, academic dean, college president, education department chairman, and world education leader were given by speakers at a luncheon and at 2:30 dedication ceremonies for Walter I. Smith Hall honoring him, Sunday, August 22.

President William H. Shephard in the official dedication paid tribute to Doctor Smith as a Christian educator who "elevated" the office of president during his administration.

Dr. T. S. Geraty, associate secretary of the education department of the General Conference and keynote speaker, said, "The man whom we honor, whose name will be inscribed upon the bronze plaque of this building—W. I. Smith—has already been enshrined in the hearts and lives and memories of thousands of his students and colleagues. The lengthened shadow has been cast, not only athwart the campuses of which he has served as teacher and administrator, but also across the oceans as with educational statesmanship he has counseled the constituency of the Seventh-day Adventist Church. Dr. W. I. Smith has been a Christian educator who daily sat at the feet of the Master Teacher; and all who are privileged to teach and those who are privileged to learn in these halls will do well to emulate the Great Exemplar, Jesus, and His underteacher, W. I. Smith."

Elder J. T. Porter, educational secretary of the North Pacific Union, spoke of the "dream come true" in the realization of W. I. Smith Hall. Elder Porter then outlined a four-step, long-range program now accomplished at Walla Walla College: (1) construction and operation of Rogers School as a center for elementary practice teaching; (2) the new Walla Walla Valley Academy as a center for secondary practice teaching; (3) strengthening and enlarging the professional education department's faculty; and (4) construction of W. I. Smith Hall as a center for teacher training and research.

Also participating in the program was Dr. Wendell C. Allen, assistant superintendent for teacher education and certification, State of Washington, who complimented WWC on the number and caliber of its graduates and the fine record in teacher training education.

Open house of W. I. Smith Hall drew more than 350 who found facilities, displays, and exhibits outstanding.

Special exhibits were in the curriculum library, the audio-visual labora-

tory, and the demonstration classroom in which a group of second graders were involved in a variety of activities under three experienced teachers.

Other attractions were displays in Modern Math, Elementary Science, Social Studies, Phonics and Reading, and Administration Workshop.

College Receives Gifts

The close rapport between Doctor and Mrs. W. I. Smith and their family and Walla Walla College was perpetuated by two gifts presented by the two sons of the couple at Sunday, August 22, events on the WWC campus.

High point of the luncheon at 1 o'clock was the presentation of a portrait of his father by Maurice Smith, oldest son of the educator, himself a former member of the WWC faculty. The oil portrait done by the well-known portrait painter, Ro Rivera of Redlands, California, was accepted by President William H. Shephard and has now been given a permanent place in the lobby of the W. I. Smith Hall.

Climaxing the dedication ceremony Sunday afternoon was the presentation of a monetary gift from Dr. W. I. Smith and his son Dr. Louis Smith, the latter chairman of the department of surgery at Loma Linda University. The generous gift will provide for continuous additions to the curriculum library in W. I. Smith Hall.

Ties of the faculty to WWC—the school of his father's pride—were enumerated by Dr. Louis Smith. In 1957 WWC had conferred upon Dr. W.
