Oregon Evangelism

The "It Is Written" program is the pivotal thrust for Oregon soul-winning. A carefully designed plan of Conference-wide evangelism has been arranged under the direction of Elder Don Gray. Every member will be given opportunity to participate in a witnessing service in his or her local community.

To facilitate the plan, the Conference departmental staff has been organized into four rally teams. These teams will conduct fifteen "It Is Written" rallies on Sabbath afternoons during the month of September. Team members will assist in church services throughout the Conference to inspire the constituency with the blessing and potential of the witnessing ministry.

Each church member is urged to attend the nearest rally. Materials will be available for your use with careful explanations. These services will provide opportunity for more involvement by more members than ever before in the history of our Conference. The greater the participation, the greater the potential for more men and women

to receive Jesus Christ as a personal Saviour. When everyone in every community, in every Conference, has been given this opportunity, the Saviour will come in person. Is this your best hope?

Please notice carefully the time and place for each rally.

Church Fair Booths Are Important

The Dallas church, under the leadership of Pastor Lester Storz, is the proud possessor of the First Prize

Booth award from the Polk County Fair. This distinctive recognition was published in the local newspaper with the accompanying picture submitted by Pastor Storz.

Seventh-day Adventists have a timely message to tell and to show others. Attractive fair booths prove that people, even official people, do hear and see. The health emphasis which has been divinely given is now relevant, scientific fact. Men and women everywhere want to know about a healthier, happier way of life. A fair booth with this theme is an effective means of showing them that way.

Cedar Creek District VBS

Cedar Creek and Woodland churches held a joint Vacation Bible School in June at the Cedar Creek school and gymnasium on Hayes Route, six miles east of the small town of Woodland, Washington.

Average attendance throughout the VBS was 45, and 60 percent were non-Adventists.

Mrs. Guy Ekman was VBS director, with Mrs. Frank Blehm assisting. Pastor John Littlefield was the junior leader; Mrs. J. L. Hillman, primary leader; Mrs. Kenneth Wilkes and Mrs. Marian Gift as kindergarten leaders.

Mrs. Marvin Krieger and Mrs. Bill Woods were craft instructors and had many interesting crafts for the youngsters.

Each day Mrs. Bruce Brunson had nature surprises along with her stories such as a colt, goat, birds, and kittens.

Invitations were sent to all parents to attend closing exercises and to view the crafts on display. Certificates were also given to each boy and girl who attended. Refreshments were given to all before leaving.

Mrs. Ekman, along with her staff, felt it was a good Vacation Bible School and that each child who attended acquired a broader view of what the Bible means.

An average attendance of 45 included 27 non-Adventists at the Cedar Creek district Vacation Bible School.

Mrs. Marvin Krieger, VBS crafts instructor, prepared interesting projects for all ages.

Health Emphasis Week

October 4-10 has been set as Health Emphasis Week for Seventh-day Adventist churches in North America. The General Conference Department of Health recommends an emphasis on nutrition education.

Wherever an instructor is available, a cooking school may be held for the church and the community. Dietitians, home economics instructors, home nutritionists who have completed the 30-hour home nutrition training course, and other qualified personnel could conduct an effective cooking school.

In areas where it is impossible to secure an instructor, a group study

program of *Counsels on Diet and Foods*, using the study guide, *Prosper and Be in Health*, is suggested. There is also a set of lessons published by Pacific Press entitled *Everyday Nutrition*. The guide and the lessons may be obtained through the Book and Bible House.

Each church should plan some special emphasis for health week. God has given a message that affects the whole man. Those of us who claim and proclaim the message should experience the wholeness that our Maker intends. What better way to proclaim a positive witness to your neighbors and other associates.

Amacitia Campout

Amacitia Boys' Club of Columbia Academy is going on a campout.

Early Friday morning, October 3, buses and cars will depart for Silver Creek Youth Camp near Silver Creek Falls. The weekend will feature group games on Friday and Sunday, special Sabbath speakers, an organized hike around the falls on Sabbath afternoon, and a surprise feature Saturday night. Boys will be housed in small camps with the intriguing names of "Trickle Falls," "Bear Creek," "Hillside," and "Hemlock."

It is not too late to attend Columbia Academy, the school too small for you to become lost in the crowd. Join in the fun at Silver Creek Falls.

United Evangelism Thrust Rallies

Evangelism is the first work of the Church. God has a Church in the world for the express purpose of giving His saving message. Are we faithful to this task of love committed to us? In order for us to fulfill the plan of God, we must devise larger plans, and carry them forward to the finishing of God's work. There must be united and harmonious effort put forth for the salvation of the lost.

JIM O. BROWN - JIM HINER

'It Just Hit Me!'

Ramona Grant said at a recent meeting, when asked why she was canvassing, "It just hit me one day that colporteur would be the greatest way to share my faith and hasten the return of our Saviour. For many months I've looked forward to colporteur and now my dreams are coming true. I love working for my Lord and am so happy I'm able to go from door to door, even if there are trying times. I've had so many wonderful experiences seeing changes that take place when the Holy Spirit is present in homes, that it's just tremendous! I love it! Next year I plan to start secondary education in college."

Denise Altman responded this way:

Denise Altman

Ramona Grant

"There are two basic reasons why I decided to canvass. First, the change it has brought about in so many other student colporteurs' lives. I felt I had never done any real missionary work for the Lord, and I needed something to help my Christian experience. Second, I felt the Lord called me to this work; he opened many doors. Literature evangelism is the most wonderful work in the world. I have found the assurance that God promised—a truly new life in Christ! Prayer has become a vital part in my life and faith is growing. The opportunity to place this literature in homes and tell of the wonderful love of Jesus and His soon coming, is rewarding far above any other work."

These girls graduated from Auburn Academy last year and are working together in God's vineyard. The love of God radiates from their faces as they witness for Him.

Investment Exceeds Expectation

My previous experience with Investment caused me concern as I surveyed the accomplishments of our church upon arrival in Kirkland nearly three years ago. We had begun to see the results of investing our interests in God's work more fully. That very year we had traveled around the world. As an Investment covenant, we promised ten percent of our travel budget not spent. The Lord richly blessed,

and we had our first big year for Investment. This taught us a wonderful lesson.

Amazing results can happen over what may at first appear to be a moderately promising Investment project. Our largest single return resulted from the decision of two members, Glen Brown and Richard Davis, who do landscaping. As a result of business contacts with a fertilizer dealer, they were offered twenty-five cents for every cubic yard bought through their recommendations. They, in return, decided to make this their Investment project. How surprised we all were when the Lord caused this project to grow and grow until it reached approximately \$315!

Sister Helen Thorburn and her husband agreed they would raise \$100 as their first experience in really supporting Investment. She may have some difficulty getting around due to a handicapped leg, but this certainly did not prevent her from sewing. She made sixty aprons and sold them. She saved over \$13 in pennies, and with the help of her daughter, Lucy Smith, made a quilt for the sale. Sister Lucy Smith contributed \$115 by knitting slippers and mittens. Her sons made hotpads and they sold many of them at camp meeting.

A large number of the members did their share by raising gardens, giving a portion of overtime, saving change and baby sitting. There are many who have taken God as their partner and are unsung heroes for Investment. The enthusiastic primary department led the younger members with over \$260. Our earliten department brought in \$115. The fall sale resulted with approximately an additional \$300.

Our goal was set at \$1,800. When the first of October arrived, our total had passed \$1,400 and my hopes of our reaching this new high goal began to rise. Two weeks in advance of Investment Day, we requested that our people turn in their offerings on Investment Sabbath. I knew where some of the \$400 was coming, but as Invest-

ment Day dawned, I was a bit nervous as to where the remainder would come. Upon my arrival at Sabbath school on that Investment Day, I was not quite prepared for the surprise when the treasurer handed me the tally to date for Investment—\$1,900! When the Investment offering was taken that day, our hearts were greatly cheered when we saw Kirkland's Investment soar to a total of \$2,474. It is marvelous what God can do when we co-operate with Him.

Kirkland has become a truly Investment-minded church. As of August 1, 1969, we have \$1,002 for Investment. We are looking forward to reaching a goal of \$3,000 this year.

Washington Book and Bible House To Be Open One Sunday a Month

Those of our Washington Conference membership who attended the last constituency meeting in April will remember that there was some discussion concerning the opening of the Book and Bible House on some night or Sundays to accommodate those who cannot make it during the present working hours. We do appreciate the suggestions and letters that have come to us since then and after careful consideration we have decided to open our Bible House on a trial basis the first Sunday of every month from 10 a.m. to 4 p.m. This trial will be conducted from September 7 through the month of May, 1970. If a sufficient number of customers do their shopping on these Sundays we will probably

Physical Activities Program at Gem State Academy

More and more people are working at being physically fit. We are be-

ginning to realize that a physically fit person gets more enjoyment out of life. Sister White wrote many years ago that "the time spent in physical exercise is not lost."

At Gem State Academy we want each student to get involved with physical activities. Freshman and sophomore boys and girls work at physical fitness in their P.E. classes. For the third year, we are offering the seniors a class called Recreational Leadership. This class is designed to give each senior physical activity as well as help them prepare to be leaders in the youth activities of the church such as Pathfinders.

Aside from the P.E. classes, those who want even more physical exercise get involved in our intramural program. This is not limited to just the fellows. The girls enjoy baseball and volleyball intramurals. Each year in the spring special emphasis is put upon physical fitness and to those who succeed goes the President's Award for physical fitness.

If you are planning to come to Gem State Academy, we hope you will plan to participate.

Walla Walla College

Health Services

New students must have physical examinations before college registration can be completed September 22 and 23.

In order to speed up the registration process and save time, students are advised by Dr. J. D. Losey, college physician, to have the examinations before coming to college.

New Director

Mrs. Helen L. Spechko arrived last week from Genesee, Idaho, and has assumed her duties as Director of Health Service for the campus.

Widow of the late Dr. Philip D. Spechko, the new Director of Health Service, graduate nurse with both office and hospital experience, is mother of four: a college graduate, a college senior and two academy students. She succeeds Mrs. Herbert Stratton, who has joined the WWC Clinical Division faculty in Portland.

Mrs. Spechko has charge of the

Health Center where 12 beds are available for students requiring treatment or minor hospitalization.

For surgery or severe illnesses patients are referred to the Walla Walla General Hospital. Under Dr. Losey's direction Adventist doctors of the Walla Walla area are available on a rotating schedule, one each day at the Health Center. They are Doctors I. C. Bohlman, Glenn C. Bolton, John Potts, and W. L. Unterseher. Dr. Jess Hutson is on standby duty. A nurse is on duty at all hours.

The College Health Center does not as yet have the personnel for care and treatment of severe emotional disorders. Long-range plans are in the making for such service, however.

Christian physicians and nurses are ready to guard the health of students who come to WWC.
