NEVADA, IOWA

NUMBER 36

The Helpful Influence of Union College

The hand of providence directed the brethren in establishing Union College for the purpose of training men and women to become efficient workers in the vineyard of the Lord. During the years many have left its doors answering the calls for service in the various walks of life. It has been instrumental in changing the perspective and course of life of many young men and women who have found that Christian education means more than the pursuit of a certain course of study. It involves the development of the physical, as well as the mental and spiritual powers.

The school family has been greatly handicapped in its social activities because the college had no place to accommodate such gatherings. The president and the manager of the college have presented most urgent appeals to the board of directors for a much-needed recreation building. Their request has now been granted by the board, with the understanding that the money must be in hand before proceeding with the project. The students have been organized into groups, and they are appealing to parents and friends for contributions. Please do not disappoint them in their campaign, but send them a liberal offering if you can.

E. H. OSWALD

True Education at Our College

True education "is the harmonious development of the physical, the mental, and the spiritual powers." Union College has been somewhat handicapped this present school year in meeting this objective in view of the fact that

our old gymnasium building, from a structural viewpoint, was considered unsafe and city authorities condemned it. This left our Medical Cadet Corps classes and physical education classes without a proper meeting place.

We have over five hundred students, staff members, and employees at Union College this school year: we need a place where the school family can meet for social activities. A recreation building would also be a great help in maintaining a good, strong health program in our school.

Our board of directors, in giving study to our needs, voted to construct a new recreation building, and in order to help finance this project, the school family has launched a campaign to raise \$4,500.00. An enthusiastic spirit is being manifested by the students, and as they write to you for a contribution, we hope you will respond liberally.

Remember Union College is our college—"The college of the Golden Cords."
H. C. HARTMAN

Please Apply the Golden Rule

If you could visit Union College and observe the enthusiasm shown by the students in the plans for the new recreation hall, you surely would be interested in it too. Naturally it was a disappointment to them to be denied the use of the old gymnasium in the fall when that building was condemned as unsafe by the city officials. Although it was inadequate in size to really meet the needs of so large a student group, it has served the purpose to a certain extent through the years; but without even that the faculty and students both felt its loss keenly.

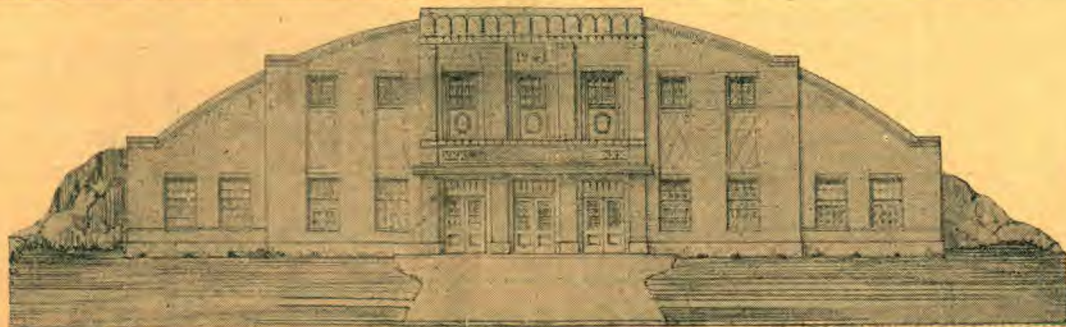

So when the college board gave consideration and approval to the plans

for a new and enlarged recreation hall, both the faculty and students were happy indeed to participate in the plans for raising the necessary funds. The amount allotted for the students to raise was \$4,500.00, which is not a large average amount for each one, nor will raising it in the field entail any great hardship or sacrifice on the part of those invited to contribute. So when you receive a letter from one of the students there, please respond promptly with what you can give to help them in this worthy effort. May I suggest the application of the "Golden Rule"—that you send to the student what you would like to receive if you were in his or her place.
A. R. SMOUSE

Union College News Items

The student body at Union College recently voted to become responsible for the raising of \$4,500 toward the expense of the new recreational hall. The campaign was launched February 6, and will continue until March 6. The student body organized into geographically determined groups, with James Chase, a junior from South Dakota, as president. Vice-presidents are: for the Northern Union, Harold Wernick, a sophomore from Iowa; for the Central Union, Harold Roll, a sophomore from Missouri; for the Southwestern Union, Rosa Lee Hassenpflug, a senior from Texas; for the cosmopolitan group, Marjorie Schweder, a post graduate from New York. Faculty advisers are H. C. Hartman, business manager; E. B. Ogden, head of the department of mathematics; and R. W. Woods, chairman of the department of physics.

Premedical students at Union College recently accepted for entrance to the College of Medical Evangelists at Loma

Linda, California, are: Norman Campbell, junior of Scotts Bluff, Nebraska; Clarence Hilliard, sophomore from Iowa, who was recently inducted into the army; Alfred Mazart, junior from New York; Rolland Olson, junior from Minnesota; James Reece, junior from Colorado; Frances Reisinger, junior from North Dakota; Vaughn Westermeyer, junior from Mississippi; and James Carter, junior from Missouri.

Good News

At a recent meeting of the Pacific Press Board it was voted to offer the foreign Signs at the same price as the English, namely, \$1.25 for single subscriptions and \$1.00 in the club.

D. E. REINER

Tobacco Indicted

The article on Tobacco, by Gene Tunney, found in the *Youth's Instructor*, January 27, 1942, issue, should be read by the entire OUTLOOK family, old and young. This article has been given prominent space in many magazines and periodicals throughout the country, and is reprinted from the *Reader's Digest* of December 1941. Notice the warning, "you will have many diseases, and will die young," which closes the article.

From this excellent article, we quote: "But nicotine isn't the only toxic substance found in tobacco. When you inhale, you take carbon monoxide, ammonia, carbolic acid, pyridine, and a host of tarry substances into your lungs—and through them into your blood stream. . . Arsenic, sprayed on tobacco plants to kill insects, remains in the processed tobacco in measurable quantity. The scorching heat of the smoke itself, . . . sears the mucous membrane of nose, throat, and lungs, reducing your resistance to colds and other respiratory diseases."

A few remarks about one of the above poisonous substances, carbon monoxide, may be appropriate in this connection. I keep my car in a garage in which is a large sign, prominently displayed, with the following warning in large letters: SHUT OFF YOUR MOTOR AND LIVE, CARBON MONOXIDE KILLS. When I see a person smoking, I think of the carbon monoxide that is taken into the system, and that it slowly "kills"—destroys the body.

From a reprint, originally found in the *American Journal of Medical Sciences*, 202:336, 1941, under the subject, "Tobacco Smoke and High Altitudes," the following is gleaned:

"Carbon monoxide poisoning as a result of inhaling tobacco smoke may be a factor which impairs resistance to anoxia at high altitudes. In eighteen subjects who inhaled the smoke from

twenty cigarettes over a period of eight or nine hours, the average carbon monoxide saturation in the arterial blood was 5.7 per cent. Nine of the subjects later smoked the same amount in a period of seven hours and had from 5 to 10 per cent carbon monoxide saturation. . . Airplane pilots flying at 1,000 to 12,000 feet ordinarily do not require added oxygen, but with a hemoglobin saturation of between 6 per cent and 10 per cent with carbon monoxide, oxygen-want is present in the tissues."

Anoxia, anoxemia here refers to the lack of oxygen in the blood. Carbon monoxide has such a great combining power with the hemoglobin of the blood that it prevents oxygen from uniting with hemoglobin. Normally oxygen enters the lungs, passes through the delicate membranes there, unites with the hemoglobin, and is carried through the circulatory system to all parts of the body, giving life, reviving, restoring, and rebuilding. Carbon monoxide displaces the oxygen and prevents it from uniting with the hemoglobin; it forms its own poisonous union with the hemoglobin, thus bringing destruction, weakness, and loss of function.

Some of the symptoms of anoxemia are: asphyxia (suffocation) with cyanosis, muscular incoordination, intense irritability, grave disturbances in judgment, and unconsciousness. Some individuals faint with slight exposure; in others, unconsciousness is sometimes preceded by convulsions. There may also be nausea, vomiting, a rapid heart, and a marked muscular weakness. With but slight exertion, breathing becomes extremely labored and muscular weakness increases in proportion to the exercise. Headache, dizziness, mental dullness, and abnormalities of vision are common. Weakness in the legs and mental confusion may also be experienced before unconsciousness develops. This mental confusion may interfere with attempts at escape.

Someone may mention that airplane pilots have oxygen for such emergencies. Even so, this is not effective at all times. We quote further from the above-mentioned article: ". . . but with a hemoglobin saturation of between 6 per cent and 10 per cent with carbon monoxide, oxygen-want is present in the tissues. Even at 33,700 feet, with a pilot inhaling 100 per cent oxygen, some tissue anoxia would occur." The reason for this air-hunger or "oxygen-want" is that carbon monoxide unites with the hemoglobin in such a fixed combination that even pure oxygen cannot be absorbed by the blood to the fullest extent. So with a 6 to 10 per cent deficiency in absorbing power, there will be a corresponding

decrease in mental and physical efficiency.

Surely not one of our number should be found to be a tobacco addict—slave,—not a single one defiled with the poisons of the tobacco weed.

GEM THOUGHT

In every page, whether history, or precept, or prophecy, the Old Testament Scriptures are irradiated with the glory of the Son of God.—D. A. 211.

Missionary Volunteers on March

After thirty-five years of continuous marching in battle array against the enemy of souls, we have marshalled an army of 150,000 Missionary Volunteers. Each fifth year, save one, has brought an increased enlistment from the "youth-power" available.

For every 50 young people connected with the church (estimated) these were Missionary Volunteer members:

This army has proved that it is always on the alert, always on the offensive, always on the march. "They have enlisted in Christ's army. The warfare is before them, and they enter it bravely and cheerfully, fighting against their natural inclinations and selfish desires, bringing the will into subjection to the will of Christ. Daily they seek the Lord for grace to obey Him, and they are strengthened and helped. This is true conversion." — *Messages to Young People*, p. 74.

But, like any great army, new recruits are a necessity for further progress and additional victories. A recruiting station is located in each Missionary Volunteer Society. Enlist now. The cause needs you. Opportunities for promotion abound for the wide-awake, aggressive youth. Officer-training schools offer courses in leadership and personal development. Corporals, sergeants, lieutenants, captains, are much needed in these serious days.

In your heart, pledge allegiance to our General; in your church, join His organized forces; and in your Missionary Volunteer Society, definitely enlist and influence other young people to join the ranks of the Missionary Volunteer army. Then — Forward, March!

JEWEL HATCHER
General Conference
Young People's Department
of Missionary Volunteers

Your Questionnaire Soon

To the men who registered on February 16 will be mailed, before long, their Selective Service Questionnaires. These questionnaires will begin to be mailed out some time after March 9. Local Selective Service Boards will hold a meeting on March 9 for the purpose of shuffling and serially numbering registration cards. Then the registrants will be listed in the order of their serial numbers. One copy of the List of Registrants will be posted in a public place, in or near the office of the Local Board, and other copies will be distributed to the press, radio, and other mediums of publication.

Some time after March 9, the "third national lottery," or drawing of serial numbers will take place. This will provide order numbers for all registrants. After these order numbers are thus obtained, Local Boards will begin to mail out questionnaires to their registrants. They will be mailed at the rate of about fifty daily, in strict accord with the order numbers. If your order number is low, you will get your questionnaire among the first. If it is high, your questionnaire will be correspondingly delayed in reaching you. What the questionnaire requires in the way of information has already been explained.

When you send or take in your questionnaire, you are to ask for Form 47, the Special Form for Conscientious Objectors. On this you are to give substantiating evidence of your claim to conscientious objection to war, and your claim to exemption from combatant service. Information on how to do all this, and the answers to give to all the questions contained in Form 47, you may secure from the leaflet "Filling Out the Special Form for Conscientious Objectors." When the Special Form is ready to be returned, you are to attach to it a leaflet entitled "Seventh-day Adventists and Civil Government."

Detailed instruction on everything connected with classification may be obtained from the leaflet, "Information and Instruction for Seventh-day Adventist Noncombatant Selective Service Registrants" and all of these leaflets may be obtained either from your church clerk or from your conference M. V. Department free of charge.

CARLYLE B. HAYNES

"At Evening Time It Shall Be Light"

The sun may set beneath the clouds,
Life's mission seem quite all in vain;
And through the conflict so severe
The heart may break with anxious pain.

And yet a smile we here may wear
With spirit brave, and hope so bright,
God speaks His blessed peace within.
"At evening time it shall be light."

The storms of jealousy may rage,
And furiously spring forth, beat high.
The life work that is true to God
Shall ever live and never die,
E'en though the grave its lot may be.
The life work lives eternally,
So let us patient work with might,
"At evening time it shall be light."

We think of Thee, O lovely Lord,
Thy faultlessness in act and word;
So hated, so despised, oppressed,
Thy precious soul found here no rest.
Why should we think of self at all?

Compared to Thee we are so small;
O help us then thy faith to fight.
"At evening time it shall be light."

O let Thy gentle Spirit, Lord,
Direct each act, and thought, and word,
And help us choose from day to day
To walk the new and living way
Of grace and charity divine;
Thy righteousness, O may it shine
Within our hearts 'til all is right.
"At evening time it shall be light."

"Time is Short"

"Time is Short" is the poster sign being put up in the great munition and arms plants throughout the country. This is true in a sense many do not realize. It is truer than many who are familiar with the prophecies know.

Because "Time is Short," the makers of defense materials are urging every worker to increase his efficiency by bringing a greater degree of devotion to his labors.

Because "Time is Short," President Roosevelt is calling upon the nation to attempt the impossible. Staggering tasks requiring prodigious efforts are being assigned.

Because "Time is Short," our Leader from the skies is calling us to greater missionary sacrifices. The hour has come to seize the *Signs of the Times* opportunity and give as never before to provide this full message journal to relatives and friends, and interested ones.

Dark county and other interests make it possible for the conference to profitably use 500 *Signs of the Times*. Will you help now? Delay means untold loss. Even our dollar is shrinking in value. Subscribe now—be responsible for scores of *Signs of the Times* subscriptions for "Time is Short."

DEWITT S. OSGOOD

A Visit to the Gackle Church

All-day Sabbath services were recently held at Gackle. The church was well filled, and the believers were happy over having raised their full *Signs of the Times* quota. Most of the subscriptions were for the *Zeichen der Zeit*. The afternoon meeting was particularly for young people.

Elder Braun is holding a series of meetings in the church and reports both a good attendance and interest. We were happy indeed to become ac-

quainted with our believers at Gackle and pray that God will richly bless the missionary program of the church.

DEWITT S. OSGOOD

Commendable Student Loyalty

Student school loyalty is always commendable, and we are especially pleased when the student body in our schools heartily supports the program of the institution.

Now we hear that the student enthusiasm for the new Union College recreation hall is running high. Some of our North Dakota representatives at Lincoln will be writing to those in the home conference, soliciting their help. I've already been asked and am happy to respond. We're sure that North Dakota believers will be cooperative.

DEWITT S. OSGOOD

News Notes

From Fortuna, North Dakota, comes a letter of enthusiastic appreciation for the tracts being sent out according to our North Dakota Dark County program. We quote in part: "For sometime past I have been receiving leaflets and have been reading them with very much interest. Just like the two received today regarding the change of the Sabbath and the growth of the Catholic church. . . regardless of your denomination, I hope to continue receiving the leaflets, as I enjoy reading them, for they explain and make the Bible more interesting. I know of many homes that I would like to see these leaflets mailed to, and I am willing to offer help that some of these homes may be provided." S. A. G. Encouraged by letters like this, shall we not press on in an even larger endeavor to bring the message for this time to those in North Dakota who are sitting in darkness?

At present Elder Glenn Fillman is assisting with the Medical Cadet Corps training at Maplewood Academy, Hutchinson, Minnesota.

Sabbath School Secretaries! The Book and Bible House is now able to fill your order for the book, "So You're the Secretary." This book was prepared for the benefit of the Sabbath School secretaries, to make your work more enjoyable and your reports more interesting. Why not avail yourself of this good help now?

At this writing Elder Aaboe is attending the Colporteur Institute at Sioux Falls, South Dakota. Elder Osgood also spent a little time at the institute. Several colporteurs from our conference are in attendance, and we trust their work will go forward more

successfully as a result of the instruction received at the institute.

Elder W. R. Archbold and Brother W. R. Dennis called at the office Tuesday, February 10, en route to Minot.

Baptism at Lehr

An intensive evangelistic campaign was held at Lehr during January 10-24, with a good attendance throughout the series. Elder Braun lectured in German each evening, except Wednesday and Saturday nights when the writer spoke in English. The English lectures were illustrated with colored films. A story hour for the children was an added feature. The Lord blessed with favorable weather so that we could visit all the people in their homes. On Monday afternoon of each week a baptismal class was conducted at Streeter for those of that church who desired baptism.

On Sunday, January 25, the candidates and friends came to Jamestown, where the brethren of the church had made preparation for the service and about 200 had gathered to witness the baptism. The Spirit of the Lord was present as seventeen new believers made their covenant with God through baptism. May the Lord grant that they may all grow stronger in truth day by day, and all have a place in the earth made new.

News from the Radio Work

Many of the readers of the OUTLOOK are also faithful "givers" to the radio program, which is being broadcast over station WHO at Des Moines. When one invests money in something, he likes to see the result; and it is for this purpose that I am writing this article. We have just one reason for carrying on the "Prophecy in the News" program, and that is to bring this message to the people—people who would not think of going to an Adventist church, but who will listen to the radio. Our aim is to save souls.

As the program is put on the air from week to week, it is an act of faith, and God is blessing. The results are most gratifying, and we believe you will be interested in what your dollars are doing and what dividends your investments are paying. We are herewith quoting for you some letters that have just come in through the mail.

"Gentlemen: I listened to your last Sunday broadcast for the first time, and am quite interested. If it is convenient for you, I would like to have any literature you can send me, that I might study it. Very truly yours, Mrs. P. E. T."

"Gentlemen: While listening to your broadcast on January 25, I understood your announcer to say that you were giving free a "Correspondence Course" on the Bible. Now if I heard right, I would be very glad to get this course, also would be very glad to pay for this course if I was able to do so, but I am just a horse cotton farmer, age sixty-three, with barely enough income to get by on, but I do love the study of God's Word. I am a Missionary Baptist and am teaching an adult class in Sunday school. If this course is not entirely free, please do not go to the expense of writing, as I am sure I will not be able to send any money. With best wishes for you and your work, I am respectfully, Your brother in Christ, Robert W. M." This letter came from Alabama.

Here is one from Manitonlin Island,

Ontario, Canada:

"Dear Pastor Lee: I am writing a few lines to let you know how much I appreciated your broadcast last Sunday, it being the first one I have heard. I just happened to tune in WHO and recognized from the minute I tuned in that it was our message. I am a Seventh-day Adventist. Since we are isolated and never have the privilege of hearing any of our ministers, it is a real blessing to hear it by radio. Will you kindly let me know if you have any other broadcasts over WHO, as it is a station with good reception here both day and night. The reception of the "Voice of Prophecy" stations here is not good, so I hope that the Lord will provide a way by which you may continue to use WHO. Wishing you the Lord's blessing, I am Sincerely yours, W. B. G."

Another lady not of our faith, from South Dakota, who is taking the lessons by correspondence writes as follows:

"Mr. Lee: You said we could ask you questions. Tell me what you think of Jehovah's Witnesses. One comes here and leaves her literature. It is good. It admonishes us all through each book to look to Jesus for life everlasting. They talk against the churches, as they say they have no power; and, Mr. Lee, this is true of all the churches I have attended. Our minister is a good man, but he has no power. You go away from church more hungry than you come. He attends every basketball game, every play given at the school, carnivals, fairs, etc. I stay at home lots of times

on Sunday to hear the radio sermons, and I feel better for it. Is this right? I am very hungry to be born again. Our church has lots of entertainments, bazaars, suppers, etc., but I have never known of one real conversion and I was brought up in this church and am forty-six years old now. Do you blame Jehovah's witnesses for what they say about the churches? Mrs. M. S."

As letters like this come in, we know that God is leading us to these hungry souls. This lady is sending in answers to the test questions on the Shuler Lessons that show she is really studying. Nor is this an isolated case. You will be made happy along with me to know that several hundred are taking these lessons, and you will be interested in the next letter.

"Dear Radio Pastor: We are so glad you are able to continue the good work for six months longer, which seems like such a short time. Thank you very much for the copy of the radio broadcasts. We always pass them on. I can truly say I have found the Bible what I always thought, but could not understand it like I have since studying lesson one. Sorry to be sending it in so late, but was ill and unable to read. I want you to know this Bible course is the answer to my prayers. Mrs. G. H."

Here is just one more, and it comes from Bear Lake, Michigan.

"Dear Brother, and may the Lord bless you. I am a man seventy-nine years old lacking a few days. Yesterday lying on my back, I listened to your sermon, but did not get all of it. I have my radio right by my bed, so I can turn it on and I am confined most all the time to my bed. I cannot use my legs or my feet. Have not stood on my feet since 1928. I have been a cripple since September 12, 1888. I am living in a little shanty all alone on my daughter's place. Your sermon is the first one I have heard in four and a half years. Can you please send a copy of the one of January 25? I was reading in my Bible, Judges 9 and 10, and laid down my Bible to listen to your sermon. There was some static, so I did not get it all. I have been in the truth since the month of May 1889. I study the Sabbath school lesson every day and make it a rule to start on New Year's morning to read my Bible through. Beside all of my studying, I generally read it through twice a year. Yours in the blessed hope, E. A. M."

After reading these letters, do you feel that it has been worth while giving of your means to keep the "Prophecy in the News" program on the air? They are just a sample of what is coming in all the time from all over the country. To be exact, we have

heard from twenty-four states besides the Canadian provinces. WHO is one of the most powerful stations in the United States. We are asking the readers of the *OUTLOOK* to remember us in your prayers, that we may see a rich harvest of souls from this air "arm of the message."

L. C. LEE

Wedding Bells

Wedding bells rang on February 1 when Fred Metzger, of Pittsburgh, Pennsylvania, and Marion Dailey, a former voice student at both Union and Emmanuel Missionary Colleges, were united in holy wedlock in a beautiful home ceremony. An arch of white was entwined with foliage, and a heavy white angora rug took the place of a prayer cushion, with potted plants and tall white candles flanking both sides. After the ceremony a reception was held at the home.

We wish this young couple much of the blessing of heaven as they found another Christian home in Pittsburgh, where they plan to reside and attend the German Adventist church. The writer was especially happy to officiate at this ceremony because of a long-standing friendship with the groom.

"Signs" in Minnesota

We have definite records of fourteen new believers who are rejoicing in the advent message and who are baptized members of our churches because of the influence of the *Signs* in Minnesota during the past two years. Scores of others have been interested and have expressed appreciation for its weekly visits. If you know of interested persons or have a burden for someone, send the *Signs*. A year of the *Signs* is equivalent to approximately four hundred varied and timely sermons, and it costs only \$1.25 during the campaign dates to have it sent direct from the publishers to the individual every week of the year. Surely this is the time to win souls through the circulation of the *Signs*. Order through the missionary secretary of your church or the Minnesota Book and Bible House.

G. E. HUTCHES

News Notes

Six people were baptized by Elder V. A. Lidner at the St. Paul Eastside

church, Sabbath, January 10. His Sunday night meetings there continue well attended and another baptism is planned for the near future. Two of those baptized by Elder Lidner became interested through the reading of the *Signs* and started attending the meetings.

Elder J. C. Harder visited Thief River Falls and Red Lake Falls on Sabbath, February 7, in the interest of the *Signs* and reports fifty-two subscriptions, while the combined goals totaled only thirty-five.

The Red Wing church and Hastings company responded on Sabbath, February 7, with forty-seven subscriptions to the *Signs*, though their goals total only thirty-two.

The annual Maplewood Academy board meeting will be held at Hutchinson, Wednesday, February 18.

Every church and company should give immediate attention to the circulation of the *Signs* while the special price prevails. Arrangements have been made providing the same price on the foreign *Signs* as on the English during the campaign.

Elder I. J. Woodman, of the Pacific Press, will meet the following appointments in our conference: Albert Lea, March 4, 7:30 P. M.; Austin, March 5, 7:30 P. M.; Mankato, March 6, 7:30 P. M.; Minneapolis First English, March 7, 11:00 A. M.; Minneapolis Auditorium, March 7, 3:00 P. M.

Elder G. E. Nord will visit Brainerd, March 12, 7:30 P. M.; the Duluth Scandinavian church, March 13, 7:30 P. M.; and the Duluth First English church, March 14, 11:00 A. M.

"Voice of Prophecy" Radio Program

A real thrill comes to me every Sunday evening at six o'clock when the "Voice of Prophecy" program comes over the radio. We should remind our friends and neighbors to listen.

Here is a letter I want to pass on to you:

"Sunday afternoon I called up a number of patients and asked them to listen in on WLOL at six o'clock. Right after the program was over, a retired lumberman called me and thanked me for letting him know. He said the singing was the most beautiful he had ever heard over the radio. He wondered if I would send for a copy of the sermon for him. This morning he came into the office and thanked me again and gave me a dollar to send to the station. He said he had all he could do to keep from calling up some of his friends to listen in, but he would miss some of the program himself if he did. He said his wife

got down her dusty Bible and read Daniel 2. He felt we should give more programs like this over the radio. When he was a boy, there were six brothers and they were very poor. For pastime each evening, each boy would read a chapter aloud until they had gone through the Bible twice. He said, "This all came back to me as I heard that wonderful sermon." (Signed) Mrs. C. J. Martinson.

This is truly a program that brings rejoicing to our hearts, but let us not just be content to listen ourselves. We should be constantly reminding those around us of this wonderful opportunity to hear a real truth-filled message by radio. G. E. HUTCHES

Investment

Sabbath school officers in our conference will soon be receiving the 1942 Investment program and goal sheet. We trust that every Sabbath school member will try to help us reach our goal again this year. We are pleased to report that our 1941 Investment goal of \$1,500.00 has been more than reached. To date \$1,556.08 has been reported. We are again setting our goal for \$1,500.00 and trusting that we shall again surpass this amount.

We are herewith listing for you the amounts raised by the various Sabbath schools during 1941:

Swan Lake	136.43
Tolstoy	117.73
Bowdle	115.65
Leola	113.39
Sioux Falls	88.41
Hot Springs	74.56
Bison	72.69
Conference	69.42
Greenway	64.70
Batesland	63.85
Aberdeen	62.01
Brookfield	50.79

Dorcas Societies

Our South Dakota Dorcas societies are accomplishing big things! The following societies report \$1,025.36 raised the last quarter of 1941: Bowdle, Spearfish, Watertown, Madison, Greenway, Chamberlain, Batesland, Swan Lake, Leola, Mobridge, Sioux Falls, Mitchell, Redfield, Aberdeen, Ash Grove, Custer, Lead, Colman, Hot Springs, and Red Shirt Table. They have contributed more than \$150.00 to the bathroom equipment being installed at Plainview Academy. Most of the funds have come from the Northwest Federation in Elder Reile's district. The societies making \$25.00 contributions are Aberdeen, Leola, Bowdle, and Mobridge. The other societies have contributed from \$5.00 to \$15.00 toward this project. Brother Peters will be giving a more detailed report on this at a later date.

We certainly appreciate the work of our Dorcas workers. And best of all, they are planning greater things for '42. Watch the reports!

News Items

Elder H. L. Rudy spent a few hours at our academy on his return from visits in the conference. He met with the teachers Sabbath afternoon, February 7, for a brief prayer and devotional meeting.

Brother C. A. Lindquist, with his bookmobile, has been visiting our believers west of the river the past few weeks. He reports having had some very good visits with the people there, and that many are happy for the privilege of securing more of our message-filled literature. Soon he will be calling at the homes in Aberdeen and vicinity.

You have often heard related experiences of the faithfulness of some of our believers in foreign lands who walk many miles to attend Sabbath school. An example of such faithfulness on the part of one of our South Dakota members recently came to our attention. There is an Adventist family living twenty-one miles from the

church; and since they have no car or telephone, the mother and her three oldest children ranging from five to eleven years of age walk about three miles each Sabbath morning to catch a ride to town with a neighbor so that they may be present for Sabbath school by one o'clock in the afternoon. Her husband is not an Adventist, but he cares for the younger children while she and the older ones attend Sabbath services. The love of Jesus is surely in this woman's heart, and she will be rewarded for her faithfulness.

The Plainview Academy school board met at the academy February 9.

Are you interested in securing a lesson help for children up to four years of age? *Bible Stories for the Cradle Roll, Book V*, contains the Bible and Nature stories to fill this need, and also bedtime stories for the kindergarten years. The price of this book in cloth binding is \$1.50. You may order from your Book and Bible House.

Elder Rudy spent two days at the Union Colporteur Institute held at Sioux Falls recently. February 10 he went to Lincoln, Nebraska, in the interest of the conference. From there he went to Minneapolis, Minnesota, for the Northern Union Conference Committee meeting.

Sabbath school teachers, parents, leaders of young people's societies, leaders of mothers' societies, and any others interested in the spiritual teaching of nature—here is a book you will want. *The Ministry of Nature*, by H. W. Clark, is a compilation of object lessons, illustrations, and gems of prose and poetry from various sources, with several quotations from famous writers. Over 100 pages, 200 separate topics, 1,000 items. A special feature is the arrangement of references to individual kinds of animals, birds, plants, trees, etc., under the main headings, so that similar items are brought close together for ready reference. The items are short in order to save the time of the busy teacher. The book is beautifully illustrated with several full page half-tones and many pen sketches that may be used as illustrative material for talks. The price is \$1.25 postpaid. Order from your Book and Bible House.

Miss Doris Franklin, of Good Thunder, Minnesota, has been visiting her sister, Muriel Franklin, one of our conference stenographers, for the past two weeks.

Mr. H. J. Perkins spent several days at the Union Colporteur Institute at Sioux Falls this past week.

Word has been received from a number of our members living in the southern part of the state that the Voice of Prophecy broadcast reaches

them best from Kansas City, KITE, 1590 on your radio dial.

Elder Scherr met with the Ash Grove church Sabbath, February 7, and reports that this is the first church to reach its 1942 *Signs* goal. Ash Grove had a goal of 31 *Signs* last year, but to date this year has received 47 subscriptions, and more are to come in later.

Elder Rudy met with the Mitchell church Sabbath, February 7, and brings in the good news that it has reached its *Signs* goal for this year. Mr. Perkins also reports that Watertown has raised its *Signs* quota. Who will be next?

Is This Armageddon?

This striking and dramatic question appears on the third page of the March issue of the *Watchman Magazine*, introducing a masterly contribution from the pen of its editor and presenting a clear, doctrinal analysis of the present world catastrophe. Referring to the recent attack on Pearl Harbor and subsequent tragic events in the Pacific area, he says that this development "surprised no one who has lived in the East, but to most Americans it was disillusioning. The world beheld a nation ready to challenge the man-power of the West, and those who know Japan are fully aware that she will never be satisfied with the conquest of the East. She must be stopped, or she will overrun the world."

Every believer in the nearness of the second coming of Christ should read this excellent portrayal of graphic developments and realize their relation to the close of human probation. Its factual outline of passing events and clear presentation of a vital doctrinal truth of the third angel's message, will help to confirm our convictions that we are very near the end.

But this is only one of many interesting and unusual features of the March *Watchman* which is now in circulation. R. R. Senson, our Manila correspondent, throws considerable light on the Pacific sector of our tragic world situation in his article entitled, "As Philippine Independence Approaches." Elder Wesley Amundsen, of Inter-America, also presents a fine study of our international entanglements under the caption "Swords or Plowshares?"

In the March issue of *Watchman* you will also find Mr. J. Edgar Hoover's third contribution to its columns on "Law Enforcement in a Crisis." As director of the Federal Bureau of Investigation, he speaks with the voice of authority on portentous undercurrents in the social life of our own America, and also emphasizes the ne-

cessity of a return to the great fundamental ideals which formed the major structure of our national life in other days.

You will want to read this and succeeding issues of the *Watchman* during this passing year, and also place it in the hand of your friends and neighbors. *Watchman* costs only five cents per copy in quantities of ten or more, and sells for ten cents per copy. You can subscribe for yourself and your friends for only sixty cents a year. Order through your Book and Bible House. "Win with *Watchman* in '42."

Be Thankful for Your Medical Cadet Corps

Seventh-day Adventists should be regarded as conscientious "cooperators" rather than "objectors," for they believe that loyalty to God is not incompatible with loyalty to government.

An article in the April issue of *Life and Health*, "Sensitive Consciences Create an Army of Medical Cadets," tells of the training of eight thousand Seventh-day Adventist men for service as medical soldiers and quotes a statement of appreciation on behalf of the surgeon general of the army that "the whole conception and method of furthering the objectives of the medical cadet corps movement show an insight into the needs of our times that runs far in advance of the foresight and determination of our average citizenry."

Wherever this article is read, prejudice against Seventh-day Adventists and their attitude toward war will be removed. Distribute *Life and Health* in your neighborhood and enjoy the thrill of being regarded as a cooperator rather than an objector. *Life and Health* is only \$1.00 a year, or ten cents a copy, with 50 per cent discount to those who are accepted as representatives. (Special rates for Canada and foreign countries on request.) Order from your Book and Bible House.

Your Health

How do you meet the commonest problem of health? Do you take one of the hundreds of advertised remedies, or do you cooperate with nature's plan for your health? Arthur N. Donaldson, M. D., discusses the major disease of America today—constipation. Read the first of his two simple, straightforward articles in the March *Health*.

Gene Tunney assailed tobacco in a remarkable article in the *Reader's Digest* recently. Why is tobacco advertising a major American fraud?

Alonzo L. Baker answers this question in a thought-provoking article you will want to read and pass on to your friends.

"Reducing by Magic." Every woman interested in a reducing diet will keep the March issue of *Health* for reference, for it contains a fourteen-day diet planned by Ruth Little, dietitian at Paradise Valley Sanitarium and Hospital. This healthful vegetarian diet averages 1,000 calories a day. It gives 42 complete meals and recipes for tasty dishes. Readers already declare that it is worth a year's subscription to *Health*.

The deadly streptococcus is a germ which causes many diseases such as: septic sore throat, erysipelas, rheumatic fever, and a score of other infections. How is modern medicine combating this deadly enemy? Paul A. Teschner, M. D., Assistant Director of the Bureau of Health Education, American Medical Association, answers with a fascinating article in the new *Health*.

You are missing 30 articles and features on health and American physical defense if you have not subscribed to the modern journal, "A Doctor's Magazine for Everybody." For only 75 cents you may receive a year's subscription to *Health*. Your Book and Bible House will gladly receive your order today.

Obituaries

Jones.—Effie E., was born on December 25, 1881, at Half Rock, Missouri, and quietly fell asleep on January 22, 1942, at her home in Long Beach, California, being 60 years of age. Soon after the close of the American Civil War, her father and mother, Elder and Mrs. N. W. Allee, accepted the message of Christ's return, and devoted their lives to its proclamation. Their daughter Effie received a major portion of her education at Union College, College View, Nebraska, and Graysville Academy, in Tennessee. At an early age she was baptized by her father, who also was privileged to officiate at her marriage on March 4, 1902, to Delwin A. Jones, of Sioux Falls, South Dakota. In 1919 they removed to Long Beach, California, where our sister led an active life until about eight months ago, when she was stricken with serious illness. She cherished the hope of her Lord's appearing, and was able to continue the daily study of the Sabbath school lessons until within a few days of her death. The funeral services, held in the First Presbyterian Church of Long Beach and conducted by Elders Phillip Knox, R. F. Cottrell, and L. E.

Schick, were attended by a large, sympathetic congregation. She is survived by her husband; her son and daughter, Harold A. Jones, of Long Beach, and Mrs. Veda Egan, of North Hollywood; a brother, Jacob H. Allee, of Spokane, Washington; two grandsons, Harold A. Jones, Jr., and Harold F. Egan; also an extended circle of other relatives and friends. She sleeps, but her loved ones are comforted with the hope of the joyous reunion.

R. F. Cottrell.

Dusbabek.—Anna Sophia was born in the state of Wisconsin January 12, 1871, and passed away at Mitchell, South Dakota, January 11, 1942. She was a member of the Mitchell Seventh-day Adventist church and was always a true follower of her blessed Saviour. Even though ill for three years or more, she attended church services whenever she could do so. Those left to cherish her memory are her son, Harold Dusbabek, of Mitchell, one brother, and two grandchildren. The funeral service was conducted in the Mitchell Seventh-day Adventist church.

E. R. Lauda.

Hunt.—Ada Webb Hunt was born January 3, 1886 at La Crosse, Wisconsin, and passed to her rest at the Mounds Park Hospital, St. Paul, Minnesota, December 30, 1941. She was united in marriage with John Hunt on July 31, 1906, at Winona, Minnesota, and their home was blessed with two children. She is mourned by her husband; a son, Forest; and a daughter, Grace, Mrs. Iverson, of St. Paul; also her aged mother and six grandchildren, besides three sisters and one brother. For twelve years she was a member of the First St. Paul Adventist church, and was held in high esteem by all who knew her. She loved her Saviour, and found her source of strength at the throne of grace. Funeral services were held at the First St. Paul church on January 2, 1942, and our sister rests at the Roselawn Cemetery until the Life-giver calls her forth to eternal joy and life everlasting. May God comfort those left behind, especially her companion.

N. R. Nelson

Burley.—Elder S. G. Burley was born in Bogoslov, Kiev, Russia, September 24, 1884, and died in his sleep Sabbath morning, December 27, 1941, at the age of 57. He was born a Greek Catholic and devoted his youthful years to the Catholic church in serving as altar boy and studying for the priesthood. During this time he became acquainted with the Baptist religion and at the age of eighteen was baptized into that church. However, his religious zeal caused him to keep on searching, and it wasn't long until he became a member of the Seventh-day Adventist church. He was persecuted in his homeland by relatives and friends, so he left Russia to come to Canada, anxious to learn more of this newly-found religion. As a result he attended Battleford Academy, in Canada, and Union College, in the States.

He carried a great burden for the Russian work, and particularly for the young people. He believed strongly that the young people should be thoroughly converted, for they would be the ones to finish this work; so wherever he work-

ed, his heart was with the young people. Elder O. A. Olsen called him to North Dakota, where he raised up and cared for several Russian churches, besides starting a Russian department in Sheyenne River Academy. Here he became acquainted with Beatrice Tucker, who was teaching at the Academy, and they were married September 4, 1912.

After eight years of service for the Russian people in North Dakota, he was called to Chicago where he raised up another church and again started a Russian department, this time in the Swedish Seminary, at La Grange, Illinois. At the same time he worked for the Brookfield Branch of the Pacific Press, editing and translating "The Signs of the Times," Sabbath school Quarterlies, Harvest Ingathering papers, and other periodicals in the Russian language.

After four years of work in and around Chicago, the Mission Board called him to work in Riga, Latvia. Here he organized another church and worked strenuously, under trying circumstances for a period of time.

Then he returned to America and worked in Virginia and New Jersey until the Illinois Conference called him back to Chicago. This time he connected with Broadview College as head of the Russian department, which position he held until all the foreign departments were removed from the College. After that he pastored the Russian churches, translated and edited all the Russian periodicals.

His last year or so was spent in educating himself in Language arts at the Chicago University. About two months ago he moved his family and his wife's parents to Lincoln, where he had planned to carry on his studies and also to be near his son, Eugene, while he was finishing his work at the college. These plans, however, were broken by his sudden death, by which he leaves to mourn, his wife, Beatrice; his son, Eugene; one sister, Mrs. Johnson, in Montana; one sister and nephew in Tallinn, Estonia; his parents-in-law, Mr. and Mrs. H. B. Tucker; many converts, and a host of friends.

The bereaved ones are thankful for the promises of God and live in the blessed hope of meeting him once more on the shores where they will never part again.
