## The Field

### A Great Campaign

At the autumn council of the General and the North American Division Conference, it was decided to request all our laborers in evangelical work and all our institutional workers to donate their salary for the last week in May to the relief of our institutions from their burden of debt. This action was reaffirmed at the spring meeting held at Loma Linda, March 25-29.

The proceeds received from this offering are to be applied on the debts of the institutions, or used in such way as may be thought best in the union conference where they are raised.

At the recent session of the Pacific Union Conference, held in Oakland, March 11-22, a plan was adopted for raising \$150,000 for the educational work in the union. In this plan, it is expected that all workers in our institutions will

take hold heartily to raise this fund by contributing a portion of their salary, not one week only, but until at least one share each, amounting to \$50, has been paid. There may of course be exceptions to this in a few cases; but we believe the Lord will put the spirit of sacrifice into the hearts of these workers, that will enable them to do what is apparently impossible.

If we do not generally adopt precisely the same plan in the matter of setting aside our salary for the last week in May, we should do much more than that by taking at least one of the three thousand shares into which the \$150,000 fund has been divided, and if we can not pay for it at once, set aside weekly or monthly a certain sum from our salary till the amount subscribed has been paid.

This campaign is to begin in real earnest throughout the Pacific Union Conference the *first day of June, 1914*, and is to continue vigorously till the entire amount of \$150,000 has been raised. Even though your church or institution is not immediately visited, and you are not personally solicited for your subscription within the next few weeks, you must remember that the campaign began June 1, and that as soon as possible you will be personally solicited for your contribution toward this fund.

We are entering upon this campaign expecting to succeed, for we are sure of the Lord's help, and that we shall have the united support of the entire body of believers throughout this union conference, embracing all of California, Nevada, Utah, and Arizona. The plan will be fully set forth in future numbers of the RECORDER, and it will be kept ever before its readers. Elder G. W. Reaser has been released from his work as pres-

ident of the Arizona Conference to give his entire time to this campaign.

For years we have been burdened with debt which must now be paid; and by the united effort of all who are looking for redemption in Israel in the *very near future*, this burden can be lifted without injuring any one financially. By doing this, we will lift a burden from this work that is almost unbearable, and will relieve the officers of our conferences and the members of our school boards of perplexities that no one can ever understand till he is compelled to wrestle with them day and night as some of us are.

The time to strike has come. The day of deliverance for our educational work has dawned. We now call upon every church officer in our ranks to stand ready to pass on, without delay, the command from his conference officers to advance. We urge you to make every effort to curtail your plans that call for the expenditure of money for the erection of church or school buildings or the making of extensive improvements, just as far as is consistent with the general advance move we are making throughout the earth to finish this work. Whatever the apparent necessity at this time, even though you are able to raise all the money to complete the buildings or to make the improvements desired, before proceeding with such expenditure be sure to take counsel with your conference president and secure his full approval of your plans. This provision is embodied in the general plan adopted by the delegates at the union conference, and constitutes a very essential part of it. It must be strictly adhered to in order to insure success.

E. E. Andross,  
Pres. Pacific Union Conf.

### The Boulder Sanitarium

After leaving California March 29, it was the privilege of the writer, in company with Brother L. M. Bowen, to spend about ten days at our sanitarium at Boulder, Colorado. The city of Boulder has a population of about 15,000 people, and it is located nearly thirty miles to the northwest of Denver. It is reached by two lines of steam railroad—the Colorado Southern and the Union Pacific. An inter-urban electric road runs direct from Denver to Boulder, making hourly trips, and it is by this line that most of the traffic is carried.

Boulder is an educational center, as the Colorado state university is located there, and around this institution a fine class of people have settled. The immediate surrounding country is devoted to coal mining and farming. On account of the fuel supply being so close at hand, coal for both steam and domestic purposes is supplied at very reasonable rates.

The sanitarium property comprises a tract of ninety acres of land situated just outside the corporate limits of the city. From the city line it extends back on the mountainside. Very little of the soil is tillable, because of the gravel and rock formation. The location, however, is quite ideal for a sanitarium. From the porch of the institution the city can be overlooked, while from the dining-room on the fourth floor an excellent view of the surrounding country is obtained.

The elevation of over 5,000 feet, with the inland location, gives this part of Colorado a very dry climate at all seasons of the year. The winters are much milder than those experienced in eastern Nebraska. Because the summer season is very pleasant, many people come from the Eastern and Southern States to enjoy the cool, fresh, invigorating atmosphere that Colorado furnishes.

The present sanitarium plant consists of the main building, a hospital building, and the east cottage. Besides, there are a number of small one and two room frame cottages and tent houses. The power and heating plant is in a building that adjoins the food factory and store building.

The capacity of the sanitarium during the summer season is taxed to its utmost. The past summer was the best in the history of the institution. The records show that at one time there

were 157 guests cared for, and others had to be turned away because of lack of accommodations. This heavy run of guests continued for about twelve weeks during 1913, which was much longer than usual; and since the summer season closed, the regular patronage has been much greater than heretofore. As a result of this good patronage, the institution has been able to show a nice operating gain, and to make some substantial reductions in its obligations that have been handed down from former poorer years.

Dr. Green is the medical superintendent, and with his excellent family of workers, is very hopeful that brighter days are in store for the Boulder Sanitarium. The management is seeking to do better work this year than ever before. The aim is not to benefit the physical needs of mankind only, but for the spiritual as well. It is for this last-named purpose that our institutions have a work to do in this world for frail humanity; but when they fail in fulfilling this purpose, it is but a short time until the high standard of health principles is lost sight of, and there is little difference between the sanitarium and the ordinary hospital. From such failures our sanitarium faculties should ever seek to be delivered.

Washington, D. C. J. J. Ireland.

### Sacramento Camp-Meeting

By the time this word is in the hands of our readers, the work on the camp grounds will be about finished, and a few days later we will be extending the hand of greeting to our good people. This is the last chance we will have, through these columns, to extend an invitation for all to share these annual blessings with us. We are glad to receive word that some are coming who have never enjoyed such privileges. One brother wrote saying three more were coming, so he ordered another tent.

We are glad to tell you that we will have excellent help. We expect at least two North American Division Conference workers, besides Elder E. E. Andross, Elder J. O. Corliss, and other union conference men.

We are expecting one of the best meetings that has ever been held. We know the Holy Spirit's power will be greatly manifested. The times demand it, and the Lord's people are praying for

it. I have never felt more confident of Heaven's blessing than at this time. We can make it a Pentecost if we will. All should go from this meeting with a new and rich experience. We may expect great things of the Lord, and not be disappointed in the least. Is there anything we need more than a baptism of the Holy Spirit just now? When I read the invitations from our workers last week, I said to myself, "This will surely bring our people to this holy convocation if anything will." The last word I have to leave with you is, "Come."  
C. L. Taggart.

### NORTHERN CALIFORNIA

#### Capital City Camp-Meeting

Faithful efforts have been put forth, during the last few days, which have raised up a small city of tents on the grounds for our Sacramento camp-meeting. Every effort is being made to provide for the comfort of those who attend.

The railroad companies have granted us the usual courtesy, and between the dates of June 1 and June 10, tickets can be secured on the receipt certificate plan from the Southern Pacific, the Santa Fe, the Northern Electric, the Central California Traction, and the Tidewater Southern. Return tickets will be sold, and the receipt certificate honored at one third return fare from the camp grounds to your homes, between the dates of June 10 and June 25. This of course is with the understanding that fifty certificates shall be turned in to the conference secretary on the camp ground by June 10. All please remember to leave your certificates with the conference secretary in the conference office tent on the camp ground as soon as you arrive. This will materially expedite and assist in securing an early date for the return tickets.

A few days ago, notice was placed in the RECORDER that the Tidewater Southern would charge full rates; but since that date, they have informed us that they will be glad to sell tickets on the receipt certificate plan for one and one third fare round trip. Do not forget to ask the ticket agent, when purchasing your ticket, for the receipt certificate, which must be signed by him; for if you fail to secure such a receipt, no reduction will be made on your return ticket.

Upon arriving in Sacramento, if you

come over the Central California Trac-tion, which connects with the Tidewater and the Southern and the Santa Fe in Stockton, you should get off at Twenty-ninth and X streets, Sacramento. Should you come into Sacramento on the Southern Pacific, take a J or P Street car going up-town, which will take you direct to the camp ground. Should you come in by the Northern Electric, take a J Street car going up-town, which will take you direct to the camp ground. Representatives from the camp ground will meet Southern Pacific trains Wednesday and Thursday, June 10 and 11.

Those who desire stop-over privileges on the going trip can secure such without extra expense by informing the ticket agent of their wishes, but no stop-overs are permitted on the return trip.

Again we wish to call attention to the necessity of placing your orders for tents early. We have already received a good number, but know the tendency is for many to wait until they reach the camp ground, and the two previous years have taught us that many are thus disappointed in securing tents. Remember that the rates on tents are \$2.50 for the 10 x 12; extra for burlap, 50 cents; extra for fly, 50 cents; 12 x 17 tent, \$3.50; extra for burlap, 75 cents; extra for fly, 75 cents. From present indications, we will have the largest camp-meeting that has been held in this territory. More orders for tents have been received up to the present time than in the corresponding time in any previous year. Send your orders to the Northern California Conference, as early as possible, telling us what furniture you wish in your tents, and we will endeavor to accommodate you.

Verah MacPherson,  
*Treasurer.*

**California Camp-Meeting**  
**June 23 to July 5**  
**Fruitvale — East Oakland**

Once more we wish to call attention to our coming camp-meeting. Do not forget the time or place, and above all, do not forget the meeting.

Ever since God brought His people out of Egypt, He has appointed convocations for them. Annual gatherings—feasts and fasts—were to be held. These meetings were to be filled with lessons and teaching commemorative

and typical, calculated to inspire faith in God's leading in the past, and to inspire faith in the future.

So it is now. Almost from the beginning of our history we have had camp-meetings. What an inspiration they have been! What a great help in the progress of our work!

The meeting for this conference this year will not be less important than any that have preceded it. Think over your experience in camp-meetings in the past. What would you take in exchange for the blessings you have received? I hear from many the answer, "Not for worlds would I exchange them," and they would not. Some will be thus blessed this year. Some fathers and mothers will bring their boys and girls, and they will be converted. Some will bring friends and neighbors, and they will accept the truth and start in the upward way. All who come with the right spirit will be greatly blessed.

We shall have good help at the meeting. Our local conference laborers will all be there, of course; also Elders E. E. Andross, E. J. Hibbard, F. M. Burg, M. E. Cady, and Meade McGuire. Elder C. S. Longacre expects to be present. Others outside the union conference will come, and they will represent all departments of our work. Certainly there will be a great feast of good things. The message moves rapidly on, and we need to attend these yearly meetings in order to keep abreast of the times. Those who fail to go are in danger of losing their interest in the work.

I recently asked one of our church elders if they had selected their delegates yet. "No," was the reply, "we do not know as any one will go from our church, and so we have not selected any." In another place where we attended meeting, the church was electing delegates, and the leader said they did not know whom to select, "for," said he, "everybody in the church is going." Which church do you think will receive the greater blessing?

Do not come to the meeting simply on the Sabbath and then remain at home the rest of the week. The meeting will do you little or no good if you do. Come to the meeting. Camp on the ground, and stay every day till the close. Do not come in the evening and go home after service is over, leaving the laborers there with only a few for the day. You need the whole meeting.

*Come at the beginning. Stay till the close.*

E. W. Farnsworth,  
*Pres. Cal. Conf.*

## How to Reach the Oakland Camp-Meeting

Parties coming through San Francisco on the steam cars, with their baggage checked, should transfer on the Southern Pacific ferry, and take train at the ferry for Fruitvale. Leaving the train at Fruitvale, take street-car on Fruitvale Avenue north to the boulevard, and transfer to Fifty-fifth Avenue car east to Harrington Avenue. The camp will then appear in sight.

Persons getting off trains at Sixteenth Street station, take Allendale street-car direct for the camp without change or transfer.

All parties coming from Oakland, or through Oakland from the north, should take the Fifty-fifth Avenue car at the corner of Thirteenth Street and Broadway, coming direct to the camp on Harrington Avenue without change or transfer.

Those who have baggage to be checked on the train should check it to Fruitvale.

All who come from San Jose and the south should get off at Fruitvale, take street-car to the boulevard, transfer, and come direct to Harrington Avenue and the camp. E. W. Farnsworth.

## Railroad Rates to Oakland Camp-Meeting

Notice has been received from the Southern Pacific, Santa Fe, Northwestern Pacific, and Western Pacific railroad companies that they have arranged the usual reduced round-trip rate of one and one third single fare to the Oakland camp-meeting on the receipt certificate plan. Tickets will be on sale for the going trip, June 13 to July 5 inclusive; and for the returning, June 23 to July 10 inclusive. Stop-over privileges can be secured on the going trip by making the necessary arrangements when the ticket is purchased. No stop-overs will be allowed on the return trip.

### Special Notice

When purchasing a ticket, be sure to ask the agent for a receipt for the fare paid, stating that you are going to attend the Seventh-day Adventist camp-meeting at Oakland. This receipt, when signed upon the camp ground by the secretary of the meeting, will serve as a certificate upon which the agent at Oakland will sell a return ticket at one third of the rate paid in going to the meeting.

The following is a quotation from the letter received from the Southern

Pacific Company: "Please impress upon your delegates the necessity for their complying strictly with the conditions outlined above. If, through any fault of their own, they are unable to receive the benefit of the reduced rates, carriers are no longer in position to make adjustment or refund." If receipt is not secured at the time the going ticket is purchased, return ticket can not be secured at the reduced rate. Fifty full-fare tickets, each for an amount not less than twenty-five cents, with receipts, must be secured before a reduction on the return sale of any ticket will be allowed.

H. B. Thomas.

### Tents

Rents on tents for the camp-meeting held at Oakland will be as follows:

12 by 17 tent .....	\$3.50
12 by 17 tent fly .....	.75
12 by 17 tent burlap .....	.75

Total for 12 by 17 tent .....\$5.00

10 by 12 tent .....	\$2.50
10 by 12 tent fly .....	.50
10 by 12 tent burlap .....	.50

Total for 10 by 12 tent .....\$3.50

Tent orders should be mailed at once either to Elder A. Brorsen, 844 Thirty-fourth Street, Oakland, or to the conference office, 537 Twenty-fifth Street, Oakland, California.

Watch the columns of the RECORDER for further announcements of the Oakland camp-meeting.

H. B. Thomas,  
Assistant Sec.

### Pacific Press Notes

Our Portland office just sends us its sales report for May, showing a gain of \$2,500 over May of last year. Brother W. R. Beatty writes from the Roseburg (southern Oregon) camp-meeting that the prospects for the book work there are the brightest they have ever been.

This morning's mail brings a letter from Brother J. A. P. Green, dated April 12. The envelope bears evidences of its long delay. There is enclosed a picture of the U. S. S. Rhode Island, on which two of our colporteurs, Martin and Carrasco, took refuge for four days during the bombardment of Tampico by the Constitutionalists. He gives the following quotation from a letter from one of our brethren in the interior:

"The third day of January, while all

were in the Sabbath-school, a part of the rebels entered the church. One of them came in with his horse, and was about to take away one of the young girls, when three of the brethren fought with him. The brethren were thrown down and beaten, and afterwards taken to the jail, where they spent three days. The soldiers returned and burned every school book in the church. The brethren are again free and rejoicing in the Lord."

In spite of these conditions, Brother Green reports a number of subscriptions for the Spanish *Signs of the Times* and for various books as well. He says cannon-balls are not big enough to frighten his men. He sends quite an account of the incidents connected with our work in Tampico; but as it appears in their Spanish paper, I will not be able to reproduce it till I use a dictionary. Brother Green is now in the States, but has ordered prospectuses, with the expectation of working the northern part of Mexico, where conditions are a little more stable, he says.

Plates of our first Russian book, "Mystery Unfolded," have just been received from Russia, and an edition of 4,000 copies will be printed from them immediately. This book will sell for \$2.00 in the cloth, and probably a half leather binding will also be added, at about \$3.50. There are many Russian people in western Canada, and there are several colonies in the States as well. "Great Controversy" in the same language will follow within the next six or eight months. An edition will be published for us in Riga, Russia, and our Russian brethren will retain a thousand or fifteen hundred for their own use. If it should pass the Russian censor, they will sell it through their colporteurs. Otherwise its sales will be confined to our own people.

Two hundred copies of "Glorious Appearing," Portuguese, have just been received from Lisbon. The regular price will be fifty cents a copy; but more than half of them were slightly damaged *en route*, and will be sold for forty cents each. A thousand copies of "Steps to Christ" and "Christ Our Saviour" in the same language are now on the way from Brazil, and will be here within two or three weeks. Their price will be \$1.00 and \$1.25, as they are somewhat larger than regular editions of these books in English. These Por-

tuguese publications will help us to carry the message into many homes from which we have been excluded heretofore. Let us use them liberally.

June 1, 1914.

### Mountain View School

For some time our church at Mountain View has felt very much the need of greater facilities in their church school, and for two years it has planned and worked to provide these, but the way did not seem to open for the definite step to be taken until a few weeks ago. The ninth and tenth grades were very much needed.

Arrangements have now been completed for these grades, and instructors have been secured. Brother and Sister Lashier, formerly of Healdsburg, will take the six upper grades; and Miss Pearl Smith, who has so efficiently conducted the primary grades for two years, will continue with them.

The adding of these two grades calls for a larger building, as the present one is taxed to its capacity, and the outlook is for about twenty new scholars. A committee has been at work on plans, and in a few hours' time they secured pledges to cover more than half of the expense. This is good, considering the splendid example of liberality manifested on the part of this church, in our union conference educational fund now under promotion.

A spirit of courage is seen, and all are taking hold in confidence that we will have a strong school of ten grades this year, efficiently equipped, and doing good work for our children and youth.

### Sonoma Church School

On the evening of Sunday, May 24, I arrived at Sonoma to spend a few days' vacation. Fortunately the church school program was to be given that night, and of course I was there.

A goodly number of patrons and neighbors were present, showing a live interest in church school work. It was noticeable that not one person left before the program was ended, and I am sure all enjoyed the practical recitations, dialogues, etc. The room was made more cheery by its neat decorations of flowers and verdure, which are plentiful in Sonoma.

Surely Brother Sanders and wife can enjoy their rest from school work, knowing that their work has been faithfully done.  
Prescott C. Pierce.

## To Church School Teachers

Your vacation is just at hand. Perhaps it has already begun. No doubt you are thinking about those studies you will need to pursue in order to obtain a higher grade certificate. The Fireside Correspondence School is able to help you, and would like to do so. We will start you at once, and let you pay the tuition by instalments, or in any other way that will better suit your convenience. Write at once for calendar, stating what subjects you would like to take up.

## "Acts of the Apostles"

To assist in the study of the present series of Sabbath-school lessons, you ought by all means to have at hand "The Acts of the Apostles." For the historical data, and for the application of the practical lessons Paul teaches throughout his epistles to the Romans and to the Corinthians, there is no help that will compare with that given in this book. One lesson, for example, deals with civil government. "We are to recognize human government," says "The Acts of the Apostles," page 69, "and teach obedience to it as a sacred duty, within its legitimate sphere. But when its claims conflict with the claims of God, we must obey God rather than man." This is only one reference on this important subject.

The relation of the Gentiles to God's plan of salvation constantly enters into the lessons of the quarter. The quotations bearing on this subject are easily found, and throw great light on its study. On the studies bringing in the sacrifice of Christ, the unity essential in the work of the church, and practical lessons of obedience to the law, special help is given. In each case, the general index enables you to find exactly what you want.

In fact, you can find something bearing on practically every point brought out in the quarter's lessons, to add to your store of knowledge and to make them intensely interesting and profitable. 401 pages of this book are devoted to the life of Paul. 61 of these relate to his experiences in Rome. Although containing more than 600 pages, this book

PUBLISHED WEEKLY BY THE  
PACIFIC UNION CONFERENCE OF  
SEVENTH-DAY ADVENTISTS  
Mountain View - - - - California  
Subscription Price - - Fifty Cents a Year

EDITORIAL COMMITTEE  
E. E. Andross, E. W. Farnsworth, J. H. Behrens, C. L. Taggart, G. W. Reaser, F. M. Burg, W. M. Adams.

Entered as second-class matter July 6, 1906, at the Post-office at Mountain View, California, under the Act of Congress of March 3, 1879.

THURSDAY, JUNE 4, 1914

Elder J. H. Behrens spent a short time at Mountain View the first of the week, previous to leaving on Tuesday for his new field of labor in North Carolina.

## Change of Headquarters

Following the biennial meeting of the union conference held in Oakland in March, the union conference committee gave careful study to the work in the field, and it was decided to move the conference headquarters to the vicinity of Los Angeles.

We have been looking about for a location, and have finally decided on some very suitable rooms at 1108 A Broadway, Glendale. These are located near the corner of Broadway and Brand Boulevard, very conveniently situated for the Glendale car line, and all together we believe the location will be suitable for our work. It is away from the noise of the city of Los Angeles, and yet sufficiently near to be within easy reach. The cars run from Sixth and Main streets, Los Angeles, to Glendale, every fifteen minutes, occupying about twenty-five minutes on the trip.

The office will be moved at once, and all mail for the union conference office should be addressed as above. The PACIFIC UNION RECORDER will be published at Loma Linda, by the College Press, but all manuscript for the paper should be sent to the union conference office.

Our first camp-meeting of the season was held at Fresno, and was a blessed success. The Lord came very near at the beginning of the meeting, and His presence was more and more manifest to the close.

We believe the camp-meetings to be held this summer will be seasons of great refreshing. E. E. Andross.

## Confidence at Home

A corps of workers are conducting a strong effort in San Francisco. They realize the value of literature in connection with their work, and last Sunday morning one of their number presented the matter at the chapel service of the Pacific Press. The employees responded by furnishing a club of 100 copies of the *Signs* weekly for three months. Other neighboring churches will also contribute to this effort, until it is well supplied with silent workers. This demonstrates that another missionary is honored in his own country. The Pacific Press workers have confidence in the *Signs*. They are now using about four hundred copies.

## Big Things Ahead

The winning of one soul to Christ this year, by each member, is a big thing. It is well to start early, and also to bring into use every agency designed for accomplishing this. Were we to work alone, how fruitless would be our efforts! How good it is that we have such able agencies to cooperate with us, particularly in our literature! The *Signs of the Times* weekly is a real, genuine, dependable comrade in missionary endeavor. Our leading brethren are doing all they can to make it a pioneer missionary for us. Let us use it freely. The publishers will mail copies to separate names for us at sixty-five cents each for six months when five or more are ordered at one time. Let us try five. \$3.25 for a six-month investment in five missionaries is not large. Look at the possibilities.

## She Was Faithful

A little black fourteen-year-old girl in Haiti has become a member of our Missionary Volunteer organization. Her society is away in the interior. Under all circumstances it would be difficult to make the journey to the coast, but during the recent uprising it was positively dangerous as well; yet that girl walked a hundred and fifty miles to take her society report to Sister Prieger, who has charge of the young people's work in the Haitien Mission. She was determined to do her part of God's work in Haiti faithfully. To her that meant diligent service and faithful reporting. Should it mean less to you and to me?—Surely not. She was faithful in her part of God's work. Are you?

Matilda Erickson.

## The "Signs" Is for Sale

The *Signs of the Times* weekly! Of course it is. And several years ago it was sold, thousands of copies of it. But somehow we have got the idea that only our ten-cent magazines could be sold. We have a good field for both, and now our people are calling for a five-cent journal. And our pioneer missionary paper answers the call. Let us not lose sight of the fact that the *Signs*, with its wealth of truth-filled articles, will be accepted at five cents a copy and read with interest. Encourage others to try it. Try it yourself. The price is two and a half cents a copy in quantities of five or more. Order through the tract society.
