"Then They that Feared the Lord Spake Often One to Another"

VOL. 28

ANGWIN, CALIF., OCT 18, 1928

No. 11

## The Autumn Council

The writer left a few days early, inasmuch as the General Conference Committee were called to meet in New York to study some of the problems of that great city. So I had the privilege of three days in New York. We had a meeting of the General Conference Committee together with the local committee, studying over the city church problem. Then on the following day we were advised to visit the city, so one of the brethren took us out over part of the city in an automobile. Then we went down underground on the subway and visited various parts of the city. It seems wonderful the way the traffic is handled there. It is almost impossible to get along on the surface, there are such crowds of people and so many vehicles of all sorts moving about, and it is exceedingly slow. Then they have the overhead railways too, and many people travel that way. This was my first experience in a subway. Truly, New York is a great city. It has walls great and high, that is, the walls of the great skyscrapers, and the streets seem like great canyons, with rivers of people running down.

On Sabbath, some of the visiting ministers were asked to speak to the churches in and about the city of New York. To my great pleasure, I was asked to speak to the negroes at Harlem in the church of which Elder Humphreys is pastor. The church was crowded to the doors and the galleries were full. So I had a wonderful congregation. They wanted me to talk on Island Missions, which I did, and I had a very responsive congregation. They also have the problem of housing their people, as the church is now too small.

On the following Sabbath while we were at the Council in Springfield, I

PACIFIC UNION CONFERENCE S. D. A. Sixty-Cent-a-Week Fund Statement for Thirty-Nine Weeks Nine Months Ending September 30, 1928

B. M. EMERSON, Treasurer.

was asked to go back to New York and speak to the Temple Church, which I did, so I had the opportunity of seeing many of our people and realize that they have a great work to do in that wonderful city. The distance from New York to Springfield is about 135 miles, through the beautiful New England country. The grass was green all along the way, interspersed with wild flowers, and the leaves of the trees were now beginning to turn to their beautiful autumn tints. To the Westerner, at least, this was a most beautiful sight. Certainly the country is very pleasant to live in this season of the year. Both in New York and

up in Massachusetts, we saw many historic spots, reminding us of the early English settlements. At Springfield, where the conference was held, our meetings were conducted in the Congregational Church. This is a very old church, dating back to the early days. Springfield is a fine city for conventions. It has good hotels and accommodations.

One of the first items we studied at our council was the reorganization of the work in Europe. Instead of being one Division Conference as heretofore, the European field is divided into four Divisions. The Northern Division includes the countries of Great Britain and Scan-

dinavia. Elder L. H. Christian is the president of this Division. Then the countries of Central Europe such as Germany and others, are a Division over which Elder O. Schuberth is president. And then the southern part of Europe, or Latin countries, is a Division under Brother A. V. Olson. These three brethren were all in attendance at the Council and reported. The fourth Division is that of Russia, over which Brother H. L. Lobsak is the president. He was not able to be present at our meeting. The work has grown fast in Europe and there are many perplexities in carrying on the work, and sometimes in dealing with the governments it seemed wiser to have the division along the lines we have indicated. This is another step in the onward progress of God's work in the earth.

We had wonderful reports from other sections of the field. Africa was represented by Elder Branson, the president of that Division, and he told us of the wonderful leadings of the Lord in that field. Elder I. H. Evans and Brother C. C. Crisler were present from the Far East, and some other missionaries from that field on furlough were present also. Elder Haynes from South America reported for the great Neglected Continent, and Inter-America was represented by Elder Andross, its president.

It seemed good to hear all these brethren relate the wonderful leadings of God in their respective fields. As these and other brethren reported the progress of work throughout the world, some wonderful facts were presented of how the work has grown since its organization in 1863, when we had approximately 3,500 members in the denomination, and these were mostly located in the eastern part of the United States.

About eleven years later, the first missionary was sent to a foreign field, but it was not until 1894 that the first work was begun in heathen lands. We cannot take time to recount all the wonderful evidences that God has been in the movement, but it might be well to mention just a few facts. In its early days, all our preaching was in two or three languages, principally the English. In 1915, however, we were conducting work in 74 non-Christian and non-Protestant lands, and at that time were employing quite a good number of languages. In 1915, our membership had grown to 136,879 throughout the world.

But notice this very remarkable growth, at the end of 1927, the membership stood at 274,064, which means a gain of 137,185 since 1915. In other words, the membership of the denomination has more than doubled during the past twelve years. That is, for every one hundred members in 1915, there are now 202.22.

Another very startling comparison brought out at the Fall Council was the following: This work is now conducted in 279 languages. In 1921, the denomination was conducting work in 179 languages, an increase of 100 languages in six years, or a new language added every 22 days. Isn't it a startling thing to know that the Message is going so fast that every twenty-two days during the last six years another tongue was being employed to tell the story. We look back to Pentecost at the gift of tongues and think of the miracle God is working in a little different way. Is this not a gift of tongues also?

Another thing that will be very interesting to our people is that the foreign budget voted at this Fall Council was the largest ever,—\$4,500,000. You know, we must plan the work ahead in these foreign countries and the leaders must know exactly, or as nearly as they can, how much is coming to them; so we planned the budget for 1929, basing it on the gifts for 1927, for we don't know yet what 1928 is to yield. Then we make a bit of a spring in the budget, based on the normal growth, and so about four and a half millions were planned for to distribute among these great fields. This seems very wonderful that God's people are able to give so largely to the far-away lands. But if you could hear the insistent pleas from these fields you would know that we are not yet giving as largely as we ought. The harvest truly is great and the laborers are few.

Another item of interest was the gift of a rich man in Denver who has asked us to accept a gift from him of \$300,000 for the starting of a sanitarium in Denver. The money is all ready for us and he has even picked out a very beautiful piece of land which he will secure for us for part of the sum that he gives, and besides this great gift, he is willing to assist us through his influence in other ways. This gentleman was once a patient at the Glendale Sanitarium. He was greatly helped physically and heard something of our message. He endeav-

ored to make a gift to one of the helpers in the institution and was greatly surprised when this young man said that he didn't accept any gratuities, that the institution paid him a salary. This was a new thing and he said, led him to believe that we had something of special value in our sanitarium work. He was afterward a patient in another one of our sanitariums and also received good treatment and which impressed him. So he has now been led to make this great offering. The brethren are negotiating with him now over this matter and the probabilities are that the new sanitarium will be started. This time, according to his own plans, it must be free of debt. And so it will not come to the denomination as a burden such as our other sanitariums have brought in building them up. This item was considered very carefully at the Fall Council.

There are other items of interest, but I must not make my account too long. But I hasten on these few words so that you may see far and near the work is growing and God is leading on His people. Let us all be of good courage and as the needs of the field, especially in the heathen lands, are so great, let us be more liberal than ever so that the work may be quickly finished.

J. E. FULTON.

## Adventists Steer Clear of Politics

The above title was used to introduce an editorial in the Springfield, Massachusetts, *Daily News* on September 29. The editorial follows:

"Our sincere compliments to the Seventh-day Adventists who are now holding their world convention in Springfield, on their sensible action on the prohibition question in the resolution adopted while in session here. Their position is in striking contrast to that of certain other denominations and serves as a rebuke to others, although not drawn with that object in view.

"The Adventists, while strong supporters of prohibition and committed to throw the support of their publications throughout the country to the cause of temperance, took the ground in adopting a formal set of resolutions at the convention that the church is a religious body and not a political institution. Accordingly the names of candidates and parties were omitted from the resolutions. The text of the resolution as finally passed, after a detailed discussion on the part of the committee in charge of that phase of the work, reads as follows:

"Resolved, That we, the delegates to the biennial session of the General Conference of Seventh-day Adventists in convention assembled at Springfield, Massachusetts, September 27, 1928, do hereby reaffirm our belief in the fundamental principles of temperance, and pledge ourselves to support prohibition by every legitimate Christian method, and be it further

"Resolved, That we urge the members of our churches and all advocates of temperance to continue the distribution of large quantities of the special prohibition number of the *Signs of the Times* and *Present Truth*, and other temperance literature."

"In the above expression of the convention the delegates go far enough to show their interest in prohibition, while steering clear of a course that would lay them open to the criticism that has been justly heaped on certain other denominations. The latter have entered the field of politics in a brazen fashion and in a manner tending to create discord and unpleasantness between religious bodies at a time when such condi-

tions ought to be avoided wherever possible. The Adventists, therefore, are entitled to the congratulation of those who would see all the various religious bodies working in harmony for the betterment of man in general, rather than as political organizations engendering strife, rancor and hatred."

## The Work in Salt Lake City

On my return trip from the Fall Council held at Springfield, Massachusetts, the writer stopped off at Salt Lake City to spend the Sabbath with the two churches there, and to counsel with the brethren over the work in that field.

During the morning service, I spent the time with Elder B. W. Brown and his church, and I spoke to the colored brethren at the Liberty Park church in the afternoon. Our brethren and sisters in both of these churches are due great credit for their labor and sacrifice in building of the work. Elder Brown and his wife have led the white brethren and sisters in a wonderful improvement in their church property. Besides thoroughly renovating the building and putting in arched windows, which give the building a very good appearance, the church has been newly painted, and it is a very inviting place to strangers and those who worship there regularly.

A new property has been purchased at a very low cost, for church school. The building, which is of brick, and which was a dwelling, has been greatly changed, painted, and fixed up until we have a fine school room of ample size. Included in the purchase is a vacant lot, which adjoins the school. Brother Brown deserves much credit for his untiring efforts and faithful work in securing this property and transforming it into a school of which they can be justly proud.

The brethren and sisters of the Liberty Park Church are, as ever, very active in missionary work. They have recently dedicated their new church building free of debt. It was a pleasure to me to speak to the brethren of the work of God in the earth and they heartily responded to the Word preached. Several of the members of the Liberty Park Church are filling trusted positions in connections with the railway, and are given the Sabbath off, and are held in good reputation.

Our brethren spoke very appreciatively of the help given to them in build-

ing their church by Elder J. A. Neilsen. Brother Neilsen has worked in the Utah field for about nine years, and no one could have worked more faithfully in a most trying field than has this brother. Perhaps few men could remain so long in such a field and hold the love and esteem of the brethren and sisters as Brother Neilsen has. If he is transferred to another field, according to his desire, it will be regretted by many of our brethren and sisters in Utah, who regard him as a true Christian leader.

J. E. FULTON.

## Offering For The Colored Work

From time to time the great and growing colored section of our country is brought before us. Readers of the RECORDER will remember the statements made in the Spirit of Prophecy about the importance of this work. Sister White says, "I am burdened, heavily burdened for the work among the colored people." And she tells us that we should take a deep interest in helping to establish our work more fully among these people.

God has greatly blessed through the years; but still there is much to accomplish. We send many thousands of dollars across the waters to help in far-away lands. We should not forget these needy people right at our doors, who when they have received the truth have proved themselves to be burden-bearers for the cause and liberal givers.

Let us remember the following quotation from the Spirit of Prophecy:

"My dear brethren and sisters, Christ is now saying to you: 'Lift up your eyes and look on this Southern field; for it needs workers—sowers of the seed, and reapers. It needs your means for the maintenance of these workers.' The grace of Christ is unlimited, it is God's free gift. Then why should not this neglected people have some hope and courage and faith brought into their lives? There is sunshine in the heart for all who will accept Christ."—*Vol. IX, p. 226.*

May all our brethren and sisters throughout the Pacific Union Conference give liberally for the extension of the colored work on October 27.

J. E. FULTON.

### HELP BUILD LOMA LINDA SANITARIUM

Opportunity is presented for those desiring a country home in Southern California to assist Loma Linda in its new building program. The funds from the sale of the land go directly into the new building fund. We offer 2½ acre units in subdivision known as Yucaipa Little Farms, located near Loma Linda, set with full-bearing apple trees, and opportunity for combination of poultry and fruit, thus providing a good income. Excellent market through membership in our own community co-operative water company and marketing organization. Super-abundance of water for irrigation at low rates. Beautiful location and healthful climate, at elevation of 2,500 feet. One-half of the tract is already sold, and buildings are being erected. Do not miss this opportunity. Write us at once for full particulars. Terms very reasonable. G. H. Curtis, Business Manager, Loma Linda Sanitarium, Loma Linda, Calif., or F. E. Eastman, Business Manager, White Memorial Hospital, 312 N. Boyle Ave., Los Angeles, Calif.

### Important Announcement

The time has arrived, the need is great, the call is urgent for one of the most spiritual colporteur institutes that has ever been conducted in the Arizona Conference. Since traveling over Arizona in the interest of the Harvest Ingathering work, and seeing the many cities and communities without a worker I am more convinced of the fact that we should have at least ten or twelve regular colporteurs in Arizona.

I trust that as the readers of the RECORDER see this announcement, several will respond by making definite arrangements to be present the opening day of our institute and receive the training that will aid you to answer the call to service by going out with our truth filled literature to those who know not the message for this time. Elder Remsen has laid definite plans to be with us during the whole week.

Remember the date, Nov. 3-11. The place, Phoenix.

J. F. KENT,  
Field Miss'y Sec'y.

### Arizona Conference

Churches	Goal	Received
Conference	\$ 800.00	\$ 566.84
Flagstaff	60.00	13.80
Glendale	350.00	47.64
Globe-Miami	260.00 over	304.45
Phoenix-English	1,880.00	184.25
Phoenix-Spanish	600.00	151.30
Prescott	240.00	156.05
Tucson	320.00	162.57
So'omonville	110.00	
Yuma	450.00	34.64
		\$1,621.54
Conference Goal		\$3,500.00
Received		1,621.24
		\$1,878.46

In spite of the many calls for money this fall, we have never found the people more considerate of our work. One individual, who has been giving \$10.00, gave us \$50.00 this year. Another who gave us \$5.00 last fall gladly gave us \$25.00 this year.

One of the leading business men of one city who has turned us down in past years greeted us in a very friendly manner and before we could give our brief canvass, he took the list and put his name down for a nice donation, with the remark that he was more than glad for the privilege of donating to such a cause.

Brethren, the Lord is going before us and impressing hearts to give to His cause. Are we willing to follow His leading and go and ask for an offering?

HOME MISSIONARY DEPARTMENT.

### With Our Junior and Senior Missionary Volunteers

A little girl, not yet eight years old, has worked a little more than ten hours and received nearly \$20.00. Last evening after she had worked from house to house for more than an hour and was tired, her father said: "Well, Harvest Ingathering will soon be over." Immediately she replied, "I don't want it to be over, and I'll be glad when Big Week comes." She knows joy of service.

"All should have a part in this good work, even though some may be able to give only a small amount." After presenting Harvest Ingathering, this is what a Missionary Volunteer told the band of blind people to whom she reads once a week at the Home for the Blind in Oakland. Not many days later this Missionary Volunteer received \$5.00 as an of-

fering from her blind friends. They considered it a privilege to give.

This report so full of courage comes from one of the San Jose church school teachers: "We are most thoroughly enjoying our Harvest Ingathering this year. We go out every afternoon after school from four to five in street work, also on Saturday nights. Last night we received \$7.69, and the senior Missionary Volunteers who were out singing received \$15.00. The Lord is surely blessing us. Although we have more than reached our goal, not one of the children want to stop. It isn't any trouble to get boys and girls to work. Our school has something over \$96.00 now."

Fruitvale tried out the singing method last evening for the first time, and with four solicitors, received \$15.00 in an hour and a quarter. The band plans to go out at least twice a week. It always works this way—those who go once are anxious to go again.

Golden Gate Academy students had a happy time in their field day last Thursday. They brought in \$140.92.

What can be done by the boys and girls in Harvest Ingathering when they do not have territory in which to work? Mountain View Church School has demonstrated one thing that can be done. They conducted a food sale and realized \$52.00 for Harvest Ingathering. "Where there's a will, there's a way."

This word came from a mother at King City: "Our little girl, eight years old, has been out and took in \$3.25 in her can. She is the only child in our little church, and she would like to get a bookmark." "EVERYONE CAN HAVE A PART."

### Central California

2524 Mariposa St. Telephone 2-0521  
H. H. Hicks, Pres. C. C. Mattison, Sec.  
Mail address: Box 1304, Fresno, Calif.

### Schools

Our schools have opened in a good strong way. Although we find we have one less school, we have the same number of teachers and about the same total enrollment. Wasco was forced to drop their school this year and Dinuba has suffered a big slump in enrollment. We have been disappointed in these latter developments, especially the slump at Dinuba for the school board has built up a good school and provided excellent teachers, but many of the children of the "Israelites went down to the Philistines to sharpen" their spears and swords and to fashion their armor. See I Sam. 13: 19, 20.

Shafter added another teacher, yet Miss England has 28 enrolled in the

first and second grades. Miss Stoops has about the same number in her seventh and eighth grade room, and Brother Paulson has an enrollment of 24 in the ninth and tenth grades. Brother Hunter and Mrs. Paulson have a few less, yet the total enrollment for the school is close to one hundred and thirty.

I have visited nine of the schools and twenty-two teachers and I find their work well organized and a splendid spirit of cooperation. The Harvest Ingathering work is the next project, and we plan to lead the children into this practical missionary work and close our campaign this month.

May we have the prayers of all our people for these teachers and students who are cooperating with us in carrying out the Lord's plan.

A. E. GREEN.

## News From The Evangelistic Field

Our tabernacle meetings in Fresno started out most auspiciously last Sunday, October 7, with our full vested choir and orchestra on the job. The flying start with which the meetings opened augurs well for a successful, short and lively campaign.

With the closing up of the summer effort in Chowchilla our tabernacle company is once more complete consisting of Elder H. M. S. Richards, speaker, C. C. Ellis, associate, Henry de Fluiter, song evangelist, Mrs. Button and Mrs. Miller, Bible teachers.

Last Monday saw the beginning of what promises to be a most successful health class in connection with our Fresno tabernacle meetings. Sixty people signed cards desiring to take the complete course. Dr. Ching and Brother Blackwelder have this phase of the work in charge. The health class is being conducted in connection with the Home Missionary Department in charge of Elder Huenergardt.

Our new special tabernacle edition of the "Gospel in Song" has arrived and is now being used in our meetings. Beside the regular songs that compose the book it contains sixteen pages of Mr. de Fluiter's original gospel songs. People express themselves as delighted with the brilliancy and spiritual nature of both words and music. Suffice to say that the burden of most of these songs is the

second coming of Christ. The price of the book is the same as for the old book, 35 cents the copy. Order from your Book and Bible House.

Next Sunday, October 14th, Elder W. B. Lindsay opens his evangelistic campaign for Wasco and vicinity. Brother Hayes A. Davis will be his associate and we bespeak for them a successful campaign. They will have the hearty cooperation of the Shafter churches and we are sure that Brother Abe Taves will give a good account of himself and choir as a valuable aid in the meetings.

Elder C. C. Ellis has just closed a short summer evangelistic campaign for Chowchilla and vicinity. Although the time is extremely short for presenting all the truth in its completeness, the result thus far not only shows considerable interest but ten or more are contemplating baptism as the result of this effort.

## Nevada

Telephone Reno 2238-J  
J. H. McEachern, Pres. Lulu P. Wilcox, Sec.  
452 Ralston St., Reno, Nevada

## From Field and Office

Elder McEachern is back at the office from his trip to the Fall Council. He states that they had a most wonderful meeting, but that he is glad to be back in Nevada.

Nevada has now passed its conference goal of \$3,000 for the Harvest Ingathering. The General Conference goal was reached on October 1, and the Conference goal on the 4th. We are thankful for the faithful efforts of our members over the field and know that they have received many blessings in the work. Nevada was the second conference in the North American Division to reach this goal. We are expecting to see each of our churches yet reach their individual goals, for the workers in the foreign lands are looking to us to "hold the ropes" for them. Let us not fail them.

Sister McEachern very kindly looked after correspondence and the filling of orders while Mrs. Wilcox spent two weeks in the field in the Harvest Ingathering work.

Brother Sauder, Brother Peake, Sister Tatum, and Mrs. Wilcox returned to

the office on October 4 after a strenuous two weeks in the eastern part of the conference. We visited Austin, Eureka, Ely, Wells, Elko, Lamoille, Carlin, Battle Mountain, and Winnemucca, traveling over thirteen hundred miles. In the two weeks, we met with two sisters whose membership is in the conference church and two others who are keeping the Sabbath and with whom we had been corresponding. In addition to this, we met with a small group which the colporteurs have interested at Ely. We found many who seemed honest in heart and were interested in the work of the mission fields across the waters and our hearts longed to see more workers in Nevada, that these people might be reached with the third angel's message.

People are now beginning to think of the holiday season and the time for purchasing gifts. Let us think of it as an opportunity for placing copies of our good, truth-filled books in the hands of our neighbors. Write us for a copy of how to "Turn Your Spare Hours Into Cash." The suggested books are more attractive than ever and will be sure to appeal to you and your friends. We should be glad to write you all about them.

Brother Radke writes: "We had prayer meeting Wednesday and Sabbath school this week and expect to hold meetings regularly while we are here."

We have a good Sabbath school organized Junior and Senior departments." Brother Van Steenburg and Brother Radke are doing colporteur work at Ely and have found a number of interested ones. Some have heard the message in other places and some have received books which have been placed in other years. The Lord has promised that His Word shall not return unto Him void, and we are thankful for the good interest that has been shown. Let us continue to pray for our faithful colporteurs that the Lord will give them large returns for their efforts, and that we shall have a monument for Him at Ely.

Brother Oscar Gerhart is in the southern part of the conference holding an effort with the Mt. Whitney church in Lone Pine.

MRS. LULU P. WILCOX.

Brazil has a population of about twenty million people with a territory as great as the United States without Alaska.

## News-O-Graphs

The superintendent of schools for Shasta County appeared greatly pleased with the work we are doing as represented by the Harvest Ingathering work. He, and also the sheriff of that county, gave a nice offering to this fund.

Fine reports are coming into the office of the Harvest Ingathering efforts. How about YOUR report? It is time that *all* had a part. Watch the Bulletin for your church.

Sister Waterbury of Clarksburg sent in \$14.00; and reported that the Harvest Ingathering work was just getting started there. Fine!

Elder W. M. Adams has returned from the Springfield, Massachusetts, Fall Council; and reports a very wonderful meeting. According to the reports, God is finishing His work. May each one of us finish our work and be ready for the appearing of the Lord Jesus.

A banker was approached with our Harvest Ingathering magazine; and he expressed his surprise at the magnitude of our work, saying, "How do you support so great an enterprise? You people are doing a wonderful work?" The answer was "We give what we can, and then our friends help us." This man gave \$50.00, and said he wished it were more.

Just look at the Harvest Ingathering Bulletin again, and you will see a star opposite the name of the Galt church. This means that Galt is the first to go "over the top"—and Elder Shepard reports that they will do still more. That sounds good, and it is good. Who will be the next to reach the Harvest Ingathering goal?

One member said "I didn't believe in setting goals; received only \$2.50 in the Harvest Ingathering campaign. The next year I set my goal at \$5.00 and received \$7.50. The following year my goal was \$10.00 and I gathered in \$12.50. This year I set my goal at

\$15.00, and expect to go over the top."

Ten dear souls have now been baptized at Auburn as the result of the tent effort there this summer by Elder M. J. King and company. Brethren King and Jefferson have now moved to Yuba City to begin work in that city and Marysville.

Brother and Sister Peter Lauritsen of Los Angeles, California, have been visiting Elder and Mrs. Adams of Lodi; and returned home last week. Mrs. Lauritsen is Mrs. Adams' mother.

Elder J. G. White reports that the interest in the meetings he is conducting four times a week in the church at Sacramento is increasing; and he anticipates a good response. Sister Bertha Unruh, our Bible-worker, is assisting in the effort.

Wilmington	240.00	80.00
A Friend		125.00

The above report of amounts received totals, \$21,161.29.

You will notice seven churches are now "over the top," and several others are crowding in to see which will be the next one over.

This week the Florence Ave. school and Glendale 7th grade went out Harvest Ingathering. Besides gathering in the shekels they also gathered a goodly supply of canned goods and clothes, which can be used in home missionary work. In a drug store one girl was given a nice fountain pen which can be sold for missions. The Juniors are enthusiastic about soliciting and it is hard to get them home once we're in the field. Unfortunately the day chosen as field day by the Los Angeles Academy was the beginning of the rainy season and so the students could only work two or three hours, but in spite of that handicap \$154.32 was brought back to help the cause of missions.

### Hollywood Stadium

Recently it was announced that the meetings to be held in the Philharmonic Auditorium had been postponed.

In the meantime, we have decided to use the Hollywood Stadium instead. The Stadium, located at 1628 El Centro Street, is in the very center of Hollywood, has a seating capacity of five thousand. Arrangements have been made for the use of this auditorium six consecutive nights, beginning October 27.

The opening lectures on the wonders of God's great universe will be illustrated with the latest and best screen pictures of the heavens, photographed through the world's greatest telescopes. It will be greatly appreciated if you will begin at once to plan how you may best succeed in getting a large number of your unconverted or worldly friends to attend these meetings with you. Don't forget the date, October 27 to November 1. PHILLIP KNOX.

## Advertisements

### SPECIAL NOTICE—TERMS

Reference from the conference president must accompany requests for advertising space in the RECORDER where individuals are not personally known to the RECORDER.

Advertising rate: 50 words or less, first insertion, \$ 1.00. Each additional insertion, if run consecutively, 50 cents. No advertisement will be accepted unless cash accompanies the same. Real estate advertisements acceptable only when referring to a specific property, and only one property.

We will appreciate learning the whereabouts of Mrs. Esther A. Sutherland, Widow of A. M. Sutherland.

S. DONALDSON.

*We could easily evangelize South America, if we had the heart.*

## A Good Report

During the last four weeks we have averaged nearly \$10,000 a week in our Harvest Ingathering in the Pacific Union Conference. Let us continue at this rate a little longer and we will be able to send \$100,000 to the needy mission fields as a result of our Ingathering effort this year. You who have been waiting for a more favorable time, join us at once in this glorious work of gathering in souls and funds for the kingdom of God. Every square in our device on this page should be filled in before the campaign is over. Will you help us?

Notice the following comparisons and the very encouraging gains that have been made over the campaign of last year.

	1927	1928	Gain
	Oct. 12	Oct. 10	
Arizona .....	\$ 1,211.85	\$ 1,621.54	\$ 409.69
California .....	7,132.35	8,915.00	1,782.65
Central California .....	2,259.49	3,849.00	1,589.51
Nevada .....	1,387.43	3,008.00	1,620.57
Northern California .....	1,841.19	1,701.87	
Southeastern California .....	8,269.37	9,008.77	739.40
Southern California .....	12,286.10	21,161.29	8,875.19
Utah .....	695.52	753.07	57.55
	\$35,083.30	\$50,018.54	\$14,935.24

A gain of nearly \$15,000 has been made this year over last year up to the same time of the campaign. On account of the local conditions Northern California does not show a gain, but we will see this conference coming up from now on.

Let us take new courage and all lift together, and we will be surprised what we can accomplish for God in a short time.

DAVID VOTH.

## Pacific Union Conference Harvest Ingathering Goal for 1928—\$100,000
