Harvest Ingathering Results

Last week was really the best week in our Ingathering effort so far this year. Here are the amounts reported for the week:

Arizona	\$ 431.38
California	3,088.00
Central California	1,449.00
Northern California	717.00
Nevada	(Over the goal)
Southeastern Calif.	1,753.63
Southern California	4,093.21
Utah Mission	21.86

The total raised during the week was \$11,554.28. That is simply wonderful, and to God be all the praise and glory. Adding the above amounts to our previous report, we stand as follows:

Arizona	\$ 2,052.92
California	12,003.00
Central California	5,298.00
Northern California	2,418.97
Nevada	3,008.00
Southeastern Calif.	10,762.40
Southern California	25,254.50
Utah Mission	774.93

Total \$61,572.72

Again we appeal to every worker and every church member in the Pacific Union Conference to continue to pray and to work until we have raised at least \$100,000 in this campaign for the needy mission fields. God is going before us and is wonderfully blessing us in this effort.

Watch for the reappearance of the Harvest Ingathering device next week, and work to help fill in the squares.

A Letter From China

Dear Brothers and Sisters in the Pacific Union Conference:

Another seven-year furlough period has nearly passed and we plan, the Lord willing, to leave for the homeland soon after our general meeting next February. The last furlough we labored in the Pacific Union, where Mrs. Nagel's people live—at Glendale. Before coming to China, twenty years ago next year, we labored in Southern California. You have always had a warm place in our hearts, and it will be going home to return again.

During these nearly twenty years, you have, most of you, lifted hard in offerings for mission work. God knows all the love-gifts, and such will surely be fully rewarded. But there is great danger that prosperity will prove the eternal ruin of many of our dear people. Worldliness has a fearful hold upon many, and the awful fact faces us that we are now living in the very closing days of test for the church. Last evening we were made so happy to receive the "Christian Standards" number of the PACIFIC UNION RECORDER. For the good work so well begun, for the united action taken, we have waited and prayed for a long time. We are so glad that Pacific Union could take the lead in real reform and standard lifting.

But there are many dangers everywhere. It will never satisfy God to have the church come up on a few points, we must come up on every point in which we have failed to meet God's ideal. Will you judge me out of place if I mention one grave danger? Unfaithfulness in using the money God has entrusted to us will bring the frown of God upon many. We have all been

guilty here, and may He give us a true, repentant heart—a heart that turns with loathing from all these things He hates. Who has not been guilty in spending God's money for things he did not need? This is the great curse upon many of us.

Then, many of us do not pay our tithe. Brethren, let me say it slowly, distinctly, but so emphatically, that you will not fail to hear,—The Seventh-day Adventist who does not pay an honest tithe into the treasury of the Lord has no more hope of Heaven than the darkest heathen bandit here in China. And, in the end, the punishment of the Seventh-day Adventist will be many times greater than the bandit's punishment, for his light is many-fold brighter.

As I have been thinking of returning home again and joining those who are working to lift the standard over there, many nights I have been unable to sleep as I have thought upon the large amount of means spent for needless things, things God never told His children to buy. Doubtless there are many who will not agree with me, but I am fully persuaded in my own mind that this is the case. How many of you will dare to stand before the blessed Master and tell Him it was really necessary that you purchase certain modern inventions? The devil has used great cunning in having one thing after another invented to take the means of God's children.

The time has come for us all to act our faith. Fine homes, fine furniture, fine cars, and the like do not give the trumpet a certain sound. But I must not write more. The standard is high. Jesus can help you reach it if you will repent and put away your worldliness and live alone for Him. May God help each one to do this. Everything should

be brought into line with the Bible and the Testimonies. The days for final preparation are so short, at best. May God bless you.

With Christian love,
S. A. NAGEL.

Field Day

The Harvest Ingathering Field Day at Southern California Junior College was as usual a success; over forty cars volunteered and about two hundred students, teachers, and church members took part. Confidence in our work is being established and the people are glad to contribute to its support. The first farmer-neighbor I called upon, cheerfully gave \$2.00 and the second farmer gave \$5.00, while the merchants freely contributed in larger amounts. Elder Casebeer and myself gathered \$70.00 in a very short time in the small town of Arlington. One lady expressed the wish that she were a Seventh-day Adventist because of the impression she received while at Loma Linda.

The Missionary Volunteer meeting, held at the Chapel hour the following day, and the following Friday evening meeting was devoted to the hearing of experiences from those who took part in the work.

A considerable sum was gathered by some of our faithful students at the Southern California fair held at Riverside, and another company was assigned to work among the Mexican people. An organ was transported to two thickly settled districts and open air meetings were conducted; the financial proceeds were not the best, but a splendid spirit was manifested by the people. The amount gathered to date is about \$500 and the work is still on.

(Note: A later report gives the total to October 18 as \$700.)

To The Church School Children in California

Dear Boys and Girls:

Since coming to this country we have met several of the boys and girls who have sent us memory verse cards, and some of those who, over a year ago, gathered pictures for Mrs. Frances Fry Howell to send us to help us make some geography charts. When we left Rusangu Mission the box had not yet arrived. It had been held up at Beira.

As we passed through Beira, Elder Robinson found it in the packing shed there, and sent it on. Although we did not see the pretty things that you sent, we have recently received word that the box has safely arrived at the Mission, and we wish to thank you for the trouble you have taken in sending these to us.

Many of the natives who come to the school have seen scarcely anything beyond their own villages of pole and mud huts. They scarcely believe us when we tell them about trains that run under the ground, or on bridges high over the roads, or of canoes that can hold as many people as they could find in ten villages, or of huts built one on top of another, until they reach higher than the tree tops, nearly as high as the mountains. When we show the pictures, they know that we have been telling the truth, and are more willing to believe what we tell them about other things.

What a pleasure it will be to meet some of the poor people from Africa, who have never seen anything prettier than a string of beads, and go for a walk with them about the streets of the New Jerusalem, and over the fields of the beautiful new earth!

Your friend,
ELLA M. ROBINSON.

Elder Johnson returned to the office last Sunday from the Fall Council. He brought excellent reports of this gathering. He is busily engaged in Harvest Ingathering at present.

We are glad to welcome Brother Elmer Smith of California. He has charge of the music in the effort being conducted by Elder Spear. We are having a good meeting. Brothers and sisters, pray for the success of these meetings.

Harvest Ingathering is in full swing here now. Never have the business men responded more willingly. Let each member do his part in helping put Arizona over the goal.

Elder David Voth, from the Union

office, spent two days with Brother J. F. Kent in the soliciting of Harvest Ingathering in Phoenix. They had wonderful success.

Reports from the Arizona Academy are very encouraging.

It is now time to place standing orders for the year 1929 for the Picture Roll, Memory Verse Cards and Color Sets. The price of the Picture Roll for one year is \$4.25, and the prices of the Memory Verse Cards and Color Sets are 20 cents a set for one year.

An occasional evening is spent, as I find the time, writing to friends and acquaintances for Harvest Ingathering donations.

Recently I received three crisp one-dollar bills from a friend away down on the west coast of Mexico. Evidently he failed to note the address on the top of my letterhead as he merely addressed the envelope with my name, then "Harvest Ingathering for Missions" and the city.

It may be that such would be sufficient down there in Mexico, but here in

Bulbs

The Humboldt Academy Board desires to establish the raising of bulbs and flowers as an industry for the students of Humboldt Academy, and will greatly appreciate donations of bulbs to plant for this purpose. Any having bulbs to donate, please communicate with Professor L. M. Stump, care of Humboldt Academy, Eureka, California.

The enrollment of academic students is now 114, and every effort is being made to provide employment for the students.

News Notes

From the thirty-four opening reports which have come in from the various church schools, we find that 55 new students have been gathered in this year. In Hollister, every Seventh-day Adventist child is in the church school; in Healdsburg every child in grades 7 to 10; in Miramonte (Mountain View) every one in the seventh and eighth grades; and at Sanitarium every Seventh-day Adventist child in grades 1 to 3. Let us continue the good work until all have been gathered in.

The San Jose church is doing better in Harvest Ingathering than ever before. We believe more have been taking part, and a real enthusiastic interest is manifested.

"Be strong . . . and work for I am with you, saith the Lord." Claiming this promise, Junior and Senior Missionary Volunteers have gone forward in Harvest Ingathering and have enjoyed great blessing. The indications are that the goal of \$4,600 will soon be reached.

Just an encouraging word from one of our M. V. Harvest Ingathering solicitors. After telling a man on the street about our work, he gladly gave an offering and accepted a tract and our annual report. Later the same solicitor called at his home. He said he had just finished reading the tract and found it

so interesting that he wanted half a dozen to give to his friends. His parting words were, "You are doing a great work, and I know that God will prosper you in it."

The Alameda church has set a worthy example. In the campaign with the special Sabbath number of the *Signs of the Times*, the members visited EVERY home in the city of Alameda, and to date about 75 per cent of the church membership have taken part in the Ingathering campaign.

A young salesman that calls at our office every week has been reading "Great Controversy", which was lent to him by the conference secretary-treasurer. He is becoming much interested. This young man is quite a student of history and is keenly alive on the question of religious liberty. We trust the power hidden in "Great Controversy" may draw him to the Master.

The worship hour each Sunday morning in our office is a source of great inspiration to the workers present. The theme dwelt upon by our president, Elder Roberts, on Sunday morning, October 14, was the golden rule as practised by Jesus Himself while here on earth—a good example indeed for office workers to follow while engaged in the promotion of God's work in these last days.

Brother D. K. Royar, who returned to the work a few months ago after an absence of seven years due to illness, says: "I find a net increase in membership of over sixteen hundred in this short time. This serves as a good object lesson of how verily there is a going in the tops of the mulberry trees. The spirit of real co-operation throughout the conference is also noticeable and this gives us courage while looking forward to the speedy finishing of the work."

Elder Owen Troy reports three baptisms as a direct result of the recent activities of his church in medical missionary work. He considers this only a beginning of what will be accomplished through this phase of the work.

Good success continues to attend the

meetings conducted by Elders Troy and Johnson at the Seventh Street Tabernacle. At many of the meetings Dr. V. C. Hamilton gives a ten or fifteen minute lecture on the health phase of the message. He also maintains consultation hours during the week at the clinic in the tabernacle. This service is much appreciated by the people and is creating a good interest to hear the Bible truths.

Word from the Berkeley church indicates that they are interested in the advancement of the Lord's work. Over half of their ingathering goal is reached. The singing method is being used successfully in gathering funds. Sabbath services are well attended. Professor G. W. Rine, the pastor, gave a well directed discourse on the subject of tithing on a recent Sabbath.

Now that the General Conference has taken action to give the home missionary department a definite place in the program of the church each Sabbath, it will enable every member of the Sabbath school to join in the soul-saving work of the church.

Faithful

It is most encouraging to note the faithfulness and devotion of our isolated and Conference Church members. Sister Fred Mathwig, writing for their family from their mountain home near Ben Hur, says they are conducting a small home Sabbath school at Brother and Sister Irwin's home, and she sends in tithe, Sabbath school and Harvest Ingathering offerings for the family.

Dear old Mother Brown of Coalinga, 84 years of age, sends in her tithe regularly and has also sent in her full goal of \$10.00 for the Harvest Ingathering fund. She has no church privileges and requests an interest in our prayers.

Are You Doing Your Duty?

It was my privilege to be associated with the Corcoran, Hanford English and Hanford Spanish churches in the Harvest Ingathering work. They have

done their duty, their goals are reached, and they will be only too glad to tell you how they did it.

Every letter I receive from our colporteurs calls for prayer in their behalf. Brethren and sisters, remember them at the throne of grace. Write them a letter of encouragement. We will forward their mail from here.

A. P. HANSON.

Financial Reports

The first school month is past and reports are coming in from our school board treasurers giving the financial report of the first month. What an index of our heart interests these reports are! Where our treasure is, there will our hearts be also. Already we know where extra efforts will have to be made to keep our schools going. What a pity we do not realize how our failure to be prompt and faithful in our promises affect the teachers, the school, the church, the conference, and God in Heaven. Why not pay several months in advance, before our money is spent, for the months of January, February, and March are critical ones for most church schools.

Book Wanted

"Outline of Missionary History" by Mason is now out of print, but many copies are no doubt in the homes of some of our people. We need a few more copies for our History of Missions classes. \$1.00 will be paid for second-hand copies. Write at once to A. E. Green, Box 1304, Fresno, California.

Victory

A jubilee, victory, and praise service was held in the high school auditorium in Dinuba by the Dinuba English, Dinuba German and Orosi churches Saturday evening, October 13. The reason for this service being that the churches above-named had gone over the top in their Harvest Ingathering goal. The German church did not have the entire amount of cash in to put them over the top, but had pledges that were considered good to make up the small amount that they lacked.

Brother H. A. Davis had charge of the work in this district and the Lord has greatly blessed his work. The mem-

bers of these churches co-operated loyally and as a result of a two weeks' campaign they achieved the splendid results of putting their district over the top.

Recitations were given by the children, special songs were sung and speeches were made by the writer, Brother Davis and Brother Brauer, chairman of the meeting. We rejoice to see these districts go over the top. The first district to reach its full quota embraced the churches of Hanford English, Hanford Mexican, and Corcoran with Brother A. P. Hanson in charge of this district. They finished several days ahead of the Dinuba district. Other districts will soon be over the top. Nine of our churches have reached their goal and when this is being read many others will have reached this coveted position.

Let every district leader and every church elder determine that their churches shall have reached their full quota in the Harvest Ingathering not later than November 10. Let us work and pray to this end.

From Field And Office

It is expected that Elder Emanuel Remsen will visit our field at an early date and spend some time with our churches in the interests of the colporteur work.

Elder McEachern, Brother Sauder, and Brother Peak left the office the morning of October 15 for the southern part of our conference. It was expected that Brother Peak would stay at Lone Pine for a time to take care of the interests there, while the others would go on to Ely.

Brother Oscar Gerhart has recently gone to Ely to look after the interest that the colporteurs have awakened. Brother Radke writes that they expect it will be possible to have a Sabbath school at Ruth, as well as at Ely. Let us remember to pray for the work in this center.

Several orders have reached our office for Prohibition literature. We are

glad to see the interest that is being taken at this time and we trust each church will plan to cover your territory with some of the special literature. If you have not now placed your order, be sure to do so at an early date.

The Pacific Branch of the Pacific Press are suggesting that there are fifteen in our field who should now be planning to take up work with the Home Workers' Books during the fall and winter. If the Lord is impressing you to do this, will you not write to the Book and Bible House at once and we shall be glad to give you full information about the books and the carrying case.

We have been sorry to learn of the serious illness of Brother L. V. Kitchen at Winnemucca, but in response to earnest prayer, the last word was that he was improving.

This morning's mail brought a good remittance of Harvest Ingathering funds from the Lakeview church. There are only two members left to do the work at that place, but they are doing their best in all lines of endeavor. The Lord is blessing them and some not of our faith are meeting with them in their Sabbath school.

News-O-Graphs

Elder W. M. Adams spoke at the eleven o'clock hour in the Lodi (English) church Sabbath, October 13. He gave an interesting report of the Fall Council, relating many incidents which show the rapid progress of the Message in all parts of the world. The work is onward; let us each be faithful in doing our part, for the reward is promised to the doers.

Brother O. B. Stevens visited the Orland and Corning churches October 18 and 19 in the interests of the Harvest Ingathering campaign, and helped solicit in the business sections of those towns. Sabbath was spent with the Woodland church.

Elder David Voth, Home Missionary secretary of the Union, recently spent several days in our conference, promoting the Ingathering work. He preached in the Lodi (German) church on Sabbath morning, October 20; and visited several of the other churches in company with Brother Stevens.

On Tuesday, October 16, the Lodi Academy and Normal teachers and students went out Ingathering. They report some very interesting experiences, and God blessed them with over \$265 for missions. The total raised by our conference up to that date was \$2,418.97, with reports coming in every day. The work is going slowly in some parts of our field because of unfavorable conditions; but we hope to cover our territory within the allotted time, and go "over the top" in funds gathered for missions.

Our conference Sabbath school secretary, Mrs. Ella H. Osborne, reports that our conference reached Dollar Day on the Thirteenth Sabbath of the third quarter. The Lodi (English) School made Double Dollar Day; and the German members had the next largest offering, \$194.02. Sonora, with a membership of 17, gave \$74.20 on Dollar Day.

A Sabbath school has been organized at MacDoel, with eleven members enrolled. We welcome them into our Conference Sabbath school family, which now numbers 2,526.

The superintendent of the Paradise Sabbath school writes concerning her preparations for the Thirteenth Sabbath program in December: "Brother and Sister Hunter are our oldest Sabbath school members—in their seventies—and I shall ask them to repeat the senior Memory Verses for the last six months of this year. They already know them for the quarter just closed." A good example!

The Investment offering for the first three quarters of 1927 amounted to \$90.03; for the same period of 1928, \$191.16; a gain of \$101.13. We hope to gather in at least \$2.00 a member, which will mean over \$4,500 for missions. If you haven't already made an

investment, begin NOW to lay something aside for the Investment Fund.

Ingathering Follow-up Tracts

The other day as we opened our mail, we found inquiries from a number of interested persons asking for the free Bible Studies which have been promised. And for your encouragement, we are passing them on to you, for who knows, perhaps you, dear reader, have been the instrument in the hands of God to create that interest.

No. 1. "Dear Sir: Received the tracts referred to. Thanking you for prompt response for which I enclose stamps for twelve more tracts. They are all good reading. Preferring 'What and Where is Heaven.' I am sending them out by mail, hoping they may find their way into hungry hearts to know a better way of life. Thanking you again in advance, Yours truly." (From Redlands.)

No. 2. "Please send to the following address your offer of a free course of interesting reading matter on a variety of Bible subjects." (From Missouri.)

No. 3. "I have just read the little tract through very carefully, 'The Life Beyond,' and enjoyed it very much indeed. I expect to enjoy the realities of it in full some day; I am enjoying the assurance of it now which I assure you is exceeding precious. I hope and pray that the reading of this little tract may lead many thoughtless souls to a serious consideration of preparing for that greatest of all blessings. I will be pleased if you will enter my name on your list and send me from time to time your articles on Bible study, also a few copies of this one, 'The Life Beyond.' Thanking you, I am yours very sincerely." (From Ontario.)

When we read these most earnest requests, it truly cheers our hearts, brethren and sisters, to know that in 1928 the spirit of God still lingers and works on the hearts of honest men and women.

As you gather funds for the fields beyond, dear reader, remember that Christianity is made up of little acts of kindness, words of love and tender pity—possibly, too, we might add a tract given

out in the name of the Master.

Let us avail ourselves of every privilege in connection with the 1928 Ingathering program for soon this work is to be brought to a final finish.

H. A. RENTFRO.

Progress

May I call your attention to the Missionary Volunteer societies in Southeastern California Conference? It has been some time since we have reported through the RECORDER, but our work is moving on in a strong way. In visiting San Diego district a week ago, we found University Heights with an interesting society. One feature that was remarkable was the gathering in of the young people not of our faith. This truly is the highest type of missionary work. We surely are proud of the fine work being done by the young people of the Paradise Valley Sanitarium. An inspirational meeting is held each Friday evening, then on Sabbath afternoon, three or four auto loads drive about fifteen miles to the County Hospital and give an interesting program to the men first, then to the women. The nice part about this is that the young people take charge of the whole program. It does one's heart good to see the appreciation on the faces of those listening. After the meeting, literature is distributed. When the literature is being distributed, one can hear expressions like this,— "Have you my paper for me today?" "I surely enjoy this kind of literature." "I would not miss reading this for anything." "I can hardly wait until the week passes." "I read every word." From the hospital, the young people go to the parlor of the tubercular hospital and sing and pray. The patients are in their rooms and so they cannot be seen, but the matron says that they look forward to the time when they can hear the pretty music and the prayer in their behalf. Besides this, six or eight Bible readings are given each week. These are regular appointments and to date several are keeping the Sabbath as a result of this work.

Dear young people, if you are not having a part in work such as I have just described, you are missing the great objective of life, and also the thrill that comes from accomplishing something worth while. The young people from

Paradise Valley, being helped by the young people of East San Diego, are holding an evangelistic effort in a little suburb of San Diego by the name of Encanto. Elder Semmens, chaplain and Bible teacher of the Paradise Valley Sanitarium, gives the talk, but the music and orchestra, the distributing of literature and bills, and the Bible studies are conducted by the young people. This is just an example of what can be done and what is being done by our young people. If your society lacks interest and seems to be losing heart, get into real service and see what can be done. Officers, get together and lay definite plans for definite results, then work these plans and God will bless.

About seventy applications have come in this month for Bible Year certificates. If you started the Bible Year and are a little behind, make an effort to finish it before the close of the year. The work is onward and let us be sure that we are in the work with all there is of us.

G. E. MANN.

Fifty Years

On the evening after the Sabbath, September 9, about 300 friends of Mr. and Mrs. L. D. Avery-Stuttle met in honor of their fiftieth wedding anniversary. The program of the evening was in charge of Elder H. C. Lacey, pastor of the local church. Letters and telegrams from absent friends were read, among them messages from the editors of the *Review and Herald* and the *Signs of the Times* in appreciation of the many poetical contributions with which Sister Avery-Stuttle has enriched the columns of our church papers. The prayers and loving wishes of friends the world over follow the honored couple as they walk hand-in-hand along life's highway.

Items

Elder P. E. Brodersen has returned from the Fall Council and brings encouraging reports of the work being accomplished in the world-wide field.

The total Sabbath school offerings for the third quarter amounted to \$27,904.36, which is 37 cents per capita. Perhaps this quarter will see the forty cent goal reached.

The Sabbath school offerings by quarters follow:

First	\$23,420.51
Second	23,979.32
Third	27,904.36
Nine months	\$75,304.19

We are pleased to welcome Lincoln Park and Santa Monica to the Honor Roll of Sabbath schools reaching the forty cent goal. Alhambra and Exposition Park reached the goal the second quarter and are still with us. We certainly appreciate the faithful work done by these members of our Sabbath schools.

Miss Leland has been visiting the church schools in the interest of Junior Missionary Volunteer work. To date 35 J. M. V. societies have been organized, and the Juniors are working hard to earn the Busy Bee, Upstreamer, Friend and Companion pins.

Long Beach Academy

The Biology class has started an aquarium. Recently a trip was made to the beach to collect more sea animals.

A class in shorthand was begun this year, and is being much appreciated by its members.

Mr. Dorsey Hadley is taking the work of Miss Esther Olson who was recently called to her home in Minnesota because of her father's illness.

Glendale Academy

The Glendale Academy has the largest enrollment in its history, 144 students to date. There are 159 in grades one to eight.

Prayer bands, under the leadership of the teachers, meet at the close of the chapel period on Monday, which is set aside for devotional day. Professor Madsen, Bible teacher, plans to organize a ministerial band soon. The Missionary Volunteer society presents a program every second Wednesday.

Two Harvest Ingathering field days, in which the majority of the students participated, netted \$485.

Harvest Ingathering Gleanings

Ingathering work by the students in the schools is well under way. The Glendale Academy heads the list of academies with over \$500. Long Beach has \$120, and Los Angeles Academy has \$154.

Compton, Glendale Sanitarium, Pasadena and Paso Robles are over the top this week in H. I.

The elementary schools are led by Hawthorne with over \$120. Others are hustling. Six girls from the Glendale sixth grade were out with a teacher after school Tuesday and gathered over, \$13.

Santa Barbara's church school goal was \$20.00 and they have \$20.54, and are trying to double their goal. Arroyo Grande has \$21.87 already and the Juniors are still working.

The amount left to be raised in order to reach our Harvest Ingathering goal is considerably less than one-half of the whole. We have reached the top of the goal hill and are coming down on the homeward side. The going down is always easier because we are nearing home and the goal is constantly in sight. Surely our conference is doing remarkably well in this year's campaign.

Every village on the eight inhabited Islands of Fiji has built for itself a church, and a house for its native minister.

Remember The Date

November 1 to December 31.

Only during this period may orders be sent in for subscriptions to be entered on the *Present Truth Special Weekly* list. Any time during this period subscriptions may be sent in for *Present Truth* to be mailed weekly to relatives, friends, or others, beginning January 1, 1929. The papers are to be supplied in connected serial form, beginning with the first issue of either annual division desired. We recommend the first annual division for all new readers.

If desired, the subscriptions may be given for the entire three annual divisions, which make up the full series, Nos. 1-76. Price 75c domestic; \$1.50 Canada and foreign; but either of the annual divisions may be supplied separately if desired at 25c domestic; 50c Canada and foreign. All subscriptions sent in with 25c for the Weekly List without any annual division being specified, will be filled with the first annual division. If 50c is the amount sent in with the order and no special divisions requested, the first and second divisions, Nos. 1-52 will be supplied. If 75c is sent, the first, second, and third divisions, Nos. 1-76 will be supplied on all domestic subscriptions. Foreign orders sent without the division being specified will be handled in the same way but the subscription prices will be just double the amount of the domestic subscriptions.

All subscriptions sent in for the Special Weekly List will be filled in regular serial order, from the papers published during 1926, 1927, and 1928 according to the annual di-

vision specified, either by name or amount of remittance.

Fruit And Nuts Requested

The Beech Mountain Industrial Academy of Banner's Elk, North Carolina, is facing another cold, fruitless winter. As a result of the late frosts, nearly all the fruit was killed. Are there any of the brethren and sisters of California who would be interested in sending, prepaid, some dried fruit of any kind? We would also greatly appreciate some walnuts or almonds. We thank you sincerely for your liberality. Beech Mountain Industrial Academy, Banner's Elk, N. C. Freight depot, Elk Park, N. C.

C. A. TAYLOR, *Principal*.

(Note: We advise that anyone answering this request first communicate with Brother Taylor.)

Elder Parmelee, director of District 17, reports that one man who gave \$50 last year doubled his donation this year. Another man last year gave \$100 in response to a letter and this year proposes to give fifty cents for every dollar the church raises.

A Gem

The new setting of the literary gem, "Thoughts from the Mount of Blessing," is one of great beauty. The book has been reset in new, easily read, modern type, and printed on a larger page with wide margins. There are forty-one illustrations, five of which are original paintings reproduced in full color.

Beautifully Embossed Cover

The new, heavily embossed cover with title in gilt gives the book an entirely new appearance, making it a very appropriate gift book for any occasion. The embossed cover faithfully depicts a mountain-side scene.

It Sells Well

The book, especially in its new form, is well adapted for selling in large numbers. The embossed cover and colored full-page illustrations make such an attractive combination that it will sell very easily, especially during the holiday season. The usual discounts are available to those who buy for re-sale.
