Providential Experiences in Soul Winning

The readers of our union paper will be glad to know about some very remarkable experiences that have come to our attention, through the reading of our foreign literature.

An old Adventist brother living on a farm in the middle West felt impressed by the Spirit of God to do missionary work among his neighbors. So he gathered up his tracts and papers and started out. On a certain farm he gave away some Scandinavian papers to a Lutheran family. These papers, we are told, "had been laying around the house for a time," when one morning the husband gathered them up to throw them in the stove. As he picked up the papers an article about the Sabbath question attracted his attention, and so instead of going to the stove he sat down to read it. He and his wife then read all the papers with a growing interest, with the result that within a few weeks' time they both started to keep the Sabbath. Some time later a daughter, who was married to a Methodist lay preacher, came with her husband "to set her parents right." The result of this visit was that the daughter and her husband kept the following Sabbath. Later another daughter joined the group, making five persons keeping the Sabbath.

Sometime ago we sat in the home of a Norwegian family listening to their remarkable experience of conversion. They were at the time living on a farm in the great Northwest—many miles from their nearest neighbor.

Early one morning a stranger driving a horse and buggy stopped at their house. He had two second-hand Norwegian books and offered them

for sale. One was entitled "The Great Controversy between Christ and Satan," by Mrs. E. G. White. The farmer bought this book from the stranger for a few cents. In three years this man and his wife read this book through three times. Then they made up their minds that they would keep the seventh-day Sabbath—father, mother and seven children. Shortly after this, one of our student colporteurs found them and told them how to get in touch with our people.

A short while ago our attention was called to an experience about some Italian literature that twice crossed the Atlantic Ocean and came back with saving power.

Italian believers in New York City sent some literature to Florence, Italy, for free distribution. Part of this literature fell into the hands of a man who read it with interest and then sent it to a friend in Triesti, Italy. This man also read it and then mailed the tracts to a brother in the United States. This brother read the literature with interest and twice sent for more tracts. This Italian man and his wife, after awhile, started to keep the Sabbath and were baptized by one of our ministers.

It would be easy to multiply these remarkable experiences, but space forbids. Our foreign literature certainly brings results, and should be scattered far and near as the leaves of autumn.

March 4, 1944 is Home-Foreign Day. A program for this Sabbath has been prepared and will appear in the *Church Officers' Gazette*. If possible, use the program material prepared for your church service Sabbath, March 4. Give a stirring talk on the home missionary service. Lay plans to reach the foreign

language sections of your city and district with the message now.

During the *Signs* campaign remember that the *Signs* can also be had in the German, Italian, Swedish and Danish-Norwegian languages, and that the foreign *Signs* are counted as part of your total goal for your church.

We also print monthly magazines in the Spanish, Ukrainian, Icelandic and French languages, and your Book and Bible House can supply you with literature in about twenty-five different languages.

When you go out doing missionary work, please do not pass by the foreigners, nor think that most of these now prefer to read English.

Use foreign literature freely and it will bring large dividends in souls.

LOUIS HALSWICK,
General Secretary,
Bureau of Home Missions.

For Temperance

The attention of our readers is called to a radio broadcast being sponsored by the California Temperance Federation. The speaker is Dr. Titus A. Frazee, the executive director of the organization. He is on station KMTR, Los Angeles, 570 Kilocycles, on Sunday afternoons at 3:15 under the title of "Sunday Visitor," and on Tuesday and Thursday mornings at 10:45 under the title of "Talks and Tunes." This, of course, is in the interest of temperance, and since we are cooperating with the organization in their effort to secure an additional 50,000 signatures in order to place local option on the ballot, we felt you would like to know of this program and invite your friends and neighbors to listen in.—C.L.B.

Deferment of Pre-Professional Students Limited

Effective February 15, 1944, a limitation will be placed on the number of pre-professional students to be deferred.

The reasons for the change in policy are stated in a new Activity and Occupational Bulletin No. 33-6, as follows:

"The current needs in connection with the war effort require a change in the policy governing the occupational deferment of students. The Army and Navy Specialized Training Program is providing for the specialized training of a large number of men. This number will furnish a supply of persons in scientific and specialized fields and certain professions adequate for the needs of the armed forces. Therefore, students occupationally deferred should be limited to a number sufficient to meet civilian needs in war production and in support of the war effort."

The wording of the new provision

covering pre-professional student eligibility for deferment follows:

"*Undergraduate preprofessional students.*—A student in premedical, pre-dental, preveterinary, preosteopathic, and pretheological fields should be considered for occupational deferment if he is a full-time student in good standing in a recognized college or university, and if it is certified:

(a) By the institution that he is pursuing a course of study in one of these pre-professional fields and if he continues his progress he will complete such preprofessional course of study within 24 months from the date of certification;

(b) By a recognized medical, dental, veterinary, osteopathic, or theological school that he is accepted for admission and will be admitted to undertake professional studies upon completion of his preprofessional work; and

(c) By the National Roster of Scientific and Specialized Personnel of the War Manpower Commission that the certification of the institution as to his course of study and competence, and as to his prospective date of completion is correct to the best of its knowledge and belief, and that his deferment, if granted, will be within the quota for such professional students."

The provision the new directive makes for establishing preprofessional student quotas is explained thus:

"*Student quota, preprofessional fields.*—A national quota has been established for students who may be occupationally deferred at any one time by reason of pursuing courses of study in premedicine, pre-dentistry, preveterinary medicine, preosteopathy, and pretheology. This quota provides:

(a) That the total number of pre-professional students occupationally deferred at any one time does not exceed 50 per cent of the total average number of students in schools of medicine, dentistry, veterinary medicine, osteopathy, or theology, respectively, in the years 1938-1939 and 1939-1940, and

(b) The total number of students occupationally deferred at any one time who have been accepted for admission by such school does not exceed that part of the capacity of such school available for civilian students in the entering classes for which such students have been accepted.

The procedure necessary to obtain

National Roster approval of students' occupational deferments is set forth as follows:

"*Function of the National Roster.*—The National Roster of Scientific and Specialized Personnel of the War Manpower Commission will certify to requests for occupational deferment of students under this bulletin as follows:

(a) Request for occupational deferment of a registrant who will graduate on or before July 1, 1944 (Part 1, B, 1, of this bulletin) will be prepared by the institution in which the registrant is a student and will be forwarded to the National Roster. The National Roster will, if such is the case, certify that the statements of the institution as to the course of study and competence of the registrant and that if he continues his progress he will graduate from such course of study on or before July 1, 1944, are true to the best of its knowledge and belief; and

(b) Request for occupational deferment of a registrant in chemistry, engineering, geology, geophysics, or physics (Part 1, B, 2 of this Bulletin) or in premedicine, pre-dentistry, preveterinary medicine, preosteopathy, or pretheology (Part 1, C, 2 of this Bulletin) will be prepared by the institution in which the registrant is a student and will be forwarded to the National Roster. The National Roster will, if such is the case, certify on the request that the statements of the institution as to the course of study and competence and prospective date of completion of the registrant are correct to the best of its knowledge and belief and that the registrant's deferment, if granted, will not exceed the quota established for such students.

"If the National Roster cannot truthfully make such certification, it will not certify to the request. The National Roster will return the request for occupational deferment of students, whether certified to or not, to the institution which prepared the request.

"*Requests for student deferment.*—The institution in which the registrant is a student will file requests for the occupational deferment of such student with the local board as follows:

(a) For a student who has reached his eighteenth birthday but has not reached his twenty-second birthday, in duplicate on DSS Form 42 Special; and

(b) For a student who is 22 years of age or older, on DSS Form 42."

News Briefs

President L. R. Rasmussen and Business Manager K. F. Ambs of La Sierra College were visitors here February 9. They came to confer with President H. J. Klooster and Dean

P. W. Christian on school problems.

Last Saturday evening's program had a patriotic theme. It was given by the children of the grade school. Miss Myrtle Maxwell, the normal director, and her assistant teachers, Miss Mavis Smith, Mrs. June Ehrler, and Mrs. Bernice Hanson, were in charge. An offering was taken for the purchase of school equipment.

Prof. N. E. Paulin, director of the College band, announces a concert for next Saturday evening, the 26th. The band of 35 members will present a program of popular marches and overtures.

I. C. Emmerson, manager of the College store, is reported improving after two weeks of rest and treatment at the St. Helena Sanitarium, following a heart attack which he suffered February 5.

The speaker at the church service February 12 was Elder Alonzo Baker, of Los Angeles. His subject was "If not Christ, Whom?"

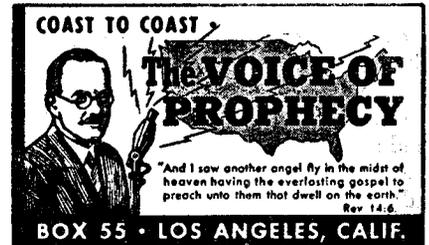

George Kiyabu, a Japanese student in attendance here up to 1942, reports that six Japanese have been baptized as a result of his work in a Colorado relocation center. The other Japanese students who left Pacific Union College in 1942 are continuing their education at Union, Emmanuel Missionary, and other colleges of the Middle West.

After two months of negotiation, the WPB has authorized the College to purchase a new school bus for service between the college and the sanitarium.

A new Smyth book sewing machine for edition binding has recently been installed and is in operation in the Angwin Bindery. Jack Sherman, of Mountain View, is now the bindery manager.

A recently drilled well on the college property nearly doubles the former water supply. It delivers 100 gallons a minute.

The spring quarter opens March 27. Many courses will be open to students not now in attendance. For information, write to President H. J. Klooster, Angwin, California.

(Elder R. M. Whitsett, Voice of Prophecy secretary for the Inter-American Division, has been at our home office here in Glendale for a few days and we have asked him to bring a short report to our readers this week.—FWD)

Radio preaching is truly the *air-arm* of the message. It now has a definite place in the denomination's offensive plans for covering the earth with the glad tidings of the soon return of Jesus. The new slogan, "from coast to coast and pole to pole" describes the phenomenal growth of the Voice of Prophecy in two years. Every Sunday millions of people may now hear the Advent message over more than 450 radio stations in the English, Spanish, and Portuguese languages throughout the entire Western Hemisphere.

Today we bring you a report from the Inter-American Division, were God has so marvelously blessed the Spanish broadcasts, known in that language as *La Voz de la Profecia*. Fifty-five million people live in the Inter-American Division, which includes all the islands and countries of the Caribbean, namely Cuba, Jamaica, Haiti, Dominican Republic, Puerto Rico, Virgin Islands, Trinidad, and the British, French, and Dutch West Indies; in South America the three Guianas, Venezuela, and Colombia; in Central America, Panama, Costa Rica, Nicaragua, Honduras, El Salvador, Guatemala, British Honduras, and Mexico. Provision has been made to broadcast in every country except Guatemala and British Honduras, and they are covered from nearby stations.

Starting slowly at first, the work soon spread until thirty-four stations were on the air before the end of 1943, and arrangements have about been completed for seventy powerful radio stations during 1944. The greatest single blessing within the last few weeks has been the providential opening in Mexico where we hope to add the thirty-two station "Radio Mil" chain to our radio log. A great victory, for Mexico has long prohibited any religious communi-

cation whatsoever, but tentative approval has been given, as long as *La Voz de la Profecia* originates in the States. Among anti-Protestant countries, Colombia hears the message each week over four stations, and we are adding two others; Venezuela will soon be represented in the radio log by the addition of powerful transmitters in Caracas and Maracaibo.

The results are most encouraging. Although started only recently, the Bible school enrollments are rapidly approaching twenty thousand and growing at the rate of a thousand a week. The people of Inter-America treasure each lesson sheet as they would gold and silver, for many homes have never seen a Bible. Reverently they study the sacred quotations and divine instruction, and very few drop out for lack of interest. In this way the message is advancing faster than ever before.

Men of means and people of high rank have responded to the radio seed sowing. At long last a means has been found to reach the wealthy and distinguished people of Spanish America. Over in Puerto Rico, Brother Stanley Folkenberg reports that the wife of a former resident commissioner to the United States, the former speaker of the Puerto Rico House, a noted civil engineer, one of the most prosperous contractors, and often the entire membership of local Protestant churches have enrolled in the Bible course and demonstrated great interest in the message. Elder Noel Kinzer of Central America says that his office is swamped with radio mail and Bible school enrollments, and additional help must be employed to care for the work.

The radio stations of two large army camps now present our program on a sustaining basis, and many local stations have offered to broadcast for us without charge. The island of Cuba has excellent coverage with the CMQ chain, and at last count, over nine thousand were enrolled. As yet, we have not been cut off any station, although there has been some opposition in anti-Protestant countries. God is overruling in behalf of His work, and 1944 should be the "big" year for radio.

God's messenger said, "A great work is to be accomplished; broader plans must be laid; a voice must go forth to arouse the nations!" *Vol. 5, p. 187*. The centennial year of the Advent move-

ment, 1944, should be the greatest year for radio and every other kind of evangelism in our history. The time has come to marshal our forces for the final offensive. ROBERT M. WHITSETT.

Malay Language Books Needed

The Malay Language Department of Walla Walla College is in need of Malay books such as Old and New Testaments, grammars, dictionaries, etc. If there are returned missionaries, or others, who have such books and would be willing to spare them to Walla Walla, please correspond with Elder E. C. Schmidt, Walla Walla College, College Place, Washington.

Doubtless all of our people know something of the plans which the General Conference Committee on Missions Advance has made in regard to the teaching of various languages in some of our colleges. This work is being carried on successfully in many of our institutions. We have a fine class studying the Malay language at Walla Walla College. They are handicapped, however, in not being able to get the Malay books which they should have. This is due, primarily, to war restrictions.

If there are those who can assist the work at Walla Walla College by furnishing any books in the Malay language it will be a real contribution to the work and will be highly appreciated by the Committee on Missions Advance and by the Department of Education of the General Conference.

A Glimpse of Our Work at St. Helena Sanitarium

To give our people an idea of the work that goes on day after day in our sanitariums we relate this incident. A man came to the St. Helena Sanitarium with a serious addiction to the use of a certain drug and our doctors felt that only prayer could help him, and informed the patient of that fact. Here he learned to commit his case to the Great Physician, and miraculous results followed. The office nurse of one of our doctors has recently received from the wife of this patient the following letter:

"Dear Mrs. ———:

"Many times this past summer I have wanted to write you, but felt that you and Dr. ——— would be—as I was—so bitterly disappointed that Mr. ——— was not physically or mentally able to get along without the quieting capsules. "We spent several weeks in ——— and returned twice for a checkup. Finally my son-in-law and daughter drove us on December 3, once more. Ever since leaving St. Helena, we have had morning daily reading, and I bought him a little Testament from which he read every day, and we said our prayers together.

"I often read from the Book aloud while he went to sleep, and so on the evening of December 3, I read again about the Pharisee and the Publican, and he repeated after me, 'God be merciful to me a sinner,' then he asked me to hold his hand while he went to sleep, and so I did, and he didn't awaken—a most beautiful ending for a noble and upright life. I wanted you to know this, for it was our dear Dr. ——— who showed him the power of prayer. God bless you for that."

Present Truth for February

No. 27—The Great Image of Daniel II.

Can war-shattered nations be united into one world? The prophet Daniel gave the answer in his interpretation of the king's dream long centuries before this question had gained the importance it has today. Many will read with more than ordinary interest how history bears out the accuracy of this prophecy that reveals the universal kingdom of our day.

No. 28—Matthew XXIV.

Christ's forecast of coming events as recorded by Matthew remains the most thrilling description of the events that are omens of a better day. Having witnessed only "the beginning of sorrows," men's hearts are failing them for fear, but they may be comforted with the Saviour's promises and the blessed hope of His soon coming.

Only with an understanding of the Bible can men be comforted in these trying times. The homes where you place the *Present Truth* this year will more readily find the "mountain peaks of peace that the universal storm cannot destroy." Send a year's subscription to friends and relatives for only 50 cents. Order from your Book and Bible House.

Picture From North Africa

Our readers will be interested in the accompanying snapshot of a group of our believers in North Africa. Friends will notice Dr. Milford Nelson, and Dr. Arnold Tait, and several other servicemen in the picture. It is wonderful how God's people get together for Sabbath meetings the world over.

Let us continue to pray for the men in the service and our people who are under the impact of war in the battle areas.

In Appreciation

As the year 1943 is closing I feel it a privilege to write a few lines especially in appreciation for the splendid literature which we have received from our people in the States for our work on the Canal Zone and Panama.

The loyalty and faithfulness of our people in the homeland in keeping us well supplied with this message-filled literature has been greatly appreciated both in the use that we have been able to make of it with and for our men in service and also our churches, especially in Panama City. Eternity alone will reveal the true fruitage of the many thousands of our papers and booklets circulated in these parts. So the literature received during 1943 has been gratefully received and all of it has been used to good advantage.

Truly our literature ministry is a mighty factor in the promulgation of the message. We have been told that, "in a large degree through our publish-

ing houses is to be accomplished the work of that other angel who comes down from heaven with great power, and who lightens the earth with his glory." *Vol. 7, p. 140.* The scripture on which the above inspired comment is made is Revelation 18:1. "And after these things I saw another angel come down from heaven, having great power: and the earth was lightened with his glory." Thus it is the blessed privilege of every believer to have a part in the work of that special angel in the circulation of our precious truth-filled literature.

You who have been sending us literature for use in these parts during 1943 have been doing angelic work with us on the Canal Zone and Panama. We are glad to be your agents in passing out the literature.

We solicit your continuation in keeping us well supplied with literature during 1944. This is a most eventful, historic year in our denominational work. It ought to be the year of the greatest advance in missionary activities that we have ever witnessed in these one hundred years of the three-fold message.

Again we do sincerely thank you all who have so faithfully and generously supplied us during the past year—and assure you that we will continue to use to good advantage every copy of *Review*, *Signs*, *Instructor*, *Little Friend*, or whatever literature you may send to us.

Send all literature to the writer.

Farewell to Antelope Valley

In October 1941 we came to the Antelope Valley to cast our lot with the faithful members of the Seventh-day Adventist churches of Lancaster and Newhall. A call has now come from our conference committee to take up work with the Bellflower and Norwalk churches.

As we look back upon the past two and a fourth years we feel to thank our Heavenly Father for the manifestations of His blessings upon the work in this valley. The church membership at Lan-

caster was 37 when we took up work among them, and they now have 69 members. While much of this gain is due to a natural migration of many of our members from the city districts to rural sections, we are thankful to be able to report fourteen baptisms. On the other hand our membership at Newhall is much smaller than it was when we came, due largely to the fact that many of our members have left that district for other sections where labor conditions are more favorable.

During the past two years we were able to add the finishing touches to the Newhall church and dedicate it free of debt. Because of war conditions we have been unable to go forward with the church building program which was planned for Lancaster. We keenly regret that we are unable to leave behind us such a memorial at Lancaster.

There is a wonderful spirit of cooperation and brotherly love in both the Lancaster and Newhall churches, and we have appreciated the privilege of working among these dear people. May God continue to add His blessings to the work that has been done in this valley. We bespeak for Elder Lane the same support and cooperation that we have enjoyed.

C. C. MORLAN.

The Call of God

Throughout the history of the church, God has often sent stirring messages to His people. However, in these last days He has given many such messages to the remnant church. One of the most beautiful appeals to engage in Dorcas and Home Missionary endeavor is found in "Prophets and Kings," pages 718, 719:

"In the night of spiritual darkness God's glory is to shine forth through His church in lifting up the bowed down and comforting those that mourn."

"All around us are heard the wails of a world's sorrow. On every hand are the needy and distressed. It is ours to aid in relieving and softening life's hardships and misery. The wants of the soul, only the love of Christ can satisfy. If Christ is abiding in us, our hearts will be full of divine sympathy. The sealed fountains of earnest, Christ-like love will be unsealed.

"There are many from whom hope has departed. Bring back the sunshine to them. Many have lost their courage.

Speak to them words of cheer. Pray for them. There are those who need the bread of life. Read to them from the word of God. Upon many is a soul-sickness which no earthly balm can reach nor physician heal. Pray for these souls. Bring them to Jesus. Tell them that there is a balm in Gilead and a Physician there.

"Light is a blessing, a universal blessing, pouring forth its treasures on a world unthankful, unholy, demoralized. So it is with the light of the Sun of Righteousness. The whole earth, wrapped as it is in the darkness of sin, and sorrow, and pain, is to be lighted with the knowledge of God's love. From no sect, rank, or class of people is the light shining from heaven's throne to be excluded.

"The message of hope and mercy is to be carried to the ends of the earth."

Let us pray for a universal response to this beautiful appeal to the remnant church.

La Crescenta Clinic

"In every city where we have a church, there is need of a place where treatment can be given. . . . The building might be inelegant and even rude, but it should be furnished with facilities for giving simple treatments. These, skillfully employed, would prove a blessing, not only to our own people, but to their neighbors, and might be the means of calling the attention of many to health principles." *Vol. 6, p. 113.*

The above instruction, practically applied by the La Crescenta church, resulted in the establishment, some years ago, of a free clinic which now uses 1400 square feet of floor space. This gives our physiotherapy department sufficient room to be quite complete. With ten treatment tables, showers, full baths, electric light cabinets and need-

ed electric apparatus, almost any desired treatment may be given.

Every Tuesday the clinic is open all day, male nurses treating men and boys in the forenoon, and women nurses caring for women and girl patients in the afternoon. All examinations are given, and treatments prescribed, by the competent physician in charge; and both groups of nurses are directed by registered nurses. All give their services without pay.

A period of devotion and consecration is held at noon by the Bible Instructor who also acts as receptionist. In this capacity she finds opportunity to place many of our books and papers in the hands of waiting patients, and to guide the conversation into spiritual channels. Our circulating library is active, and our large supply of magazines has been greatly augmented by gifts from the publishers of *Health and Life and Health*.

The clinic sponsors several Home Nursing and Nutrition classes each year, and those finishing the former course give efficient help in the treatment rooms. Several First Aid classes have also been conducted.

We have been fortunate in having Mrs. H. W. Vollmer as instructor in Nutrition and Health Cookery, and appreciate greatly the food demonstrations given by Miss Della Reising, dietitian for the Loma Linda Food Company. The influence of this efficient help has reached and changed the diet of many homes.

Our clinic patients responded very liberally last fall to an invitation to contribute to Harvest Gathering.

We feel most grateful to the Lord for His guidance and blessing which have enabled our clinic workers to win nine precious souls for His Kingdom during the past year and a half, and for the prospect of several more to take their stand for the truth. We claim the promise, "When in faith the human agent does all he can to combat disease, using the simple methods of treatment that God has provided, his efforts will be blessed of God." *Vol. 9, p. 164.*

MRS. GEO. H. BREINGAN,
Clinic Secretary.

Glendale Radio Reading Room

It was July 29, 1943, that the Glendale Radio Reading Room opened its

doors and its heart to the public. From the first we were sure there would be wide opportunity for service, but little did we realize just how far-reaching that service might be. Today as I think back over the last six months, I know we have come far, and looking into the future a great field can be seen ripening into a rich harvest.

In the sales department we not only sell Bibles, books, pictures, and plaques, but inject into the hearts of our customers a desire for definite systematic Bible study. Eight people are studying regularly each week, two of whom are attending church. Many others are planning for lessons. We have made many friends and feel that any prejudice that might have existed has been broken down.

One of our earliest customers was a very independent little English lady. She was handled carefully and now she attends church and is entirely different in her ways. She is so happy, and is just as kind as she was irritable before. She has had only a few studies—just one now and then, and she still holds to her ideas gleaned from the study of "Unity," but we have hopes that in time she will come into the full light of our message.

A lady who has been a Christian Scientist for nine years comes each week. When we finish a lesson she always says, "Well, I believe that, but I just won't believe everything you are going to give me." So far she has studied over a period of more than three months and is still being convinced.

Thursday night marked the opening of a series of meetings with Elder Phillip Knox as speaker and Harold Graham conducting the music. Naturally, we are expecting and preparing for great things because God is leading.

ESTA A. WYRICK.

Biltmore Meetings

The attendance at the Biltmore Theatre, Fifth and Grand, Los Angeles, is continuing without any decrease, even though the testing truths have been presented. Elder Knox is still conducting three meetings every Sunday, at 11:00 a.m., 2:00 p.m., and 3:30 p.m. It is really gratifying to see the large two o'clock audience remain interested to the very end of the last meeting.

God is blessing in the delivery of His word, and we know that the truth is taking root in many hearts.

Just recently Elder Knox has added another feature to his unique and interesting program, which gives promise of added results. After the third meeting is dismissed a Bible class of over 100 gather in a group for discussion of the lesson (the new Voice of Prophecy course) which they study at home during the week. The class members, during their home study, mark the texts in their Bibles and their lessons, with answers written out, are carefully preserved in notebooks which they bring to class.

This Biltmore meeting is a most profitable place to visit on Sundays. Not only for you, but for those friends and neighbors you are endeavoring to bring to Christ.

News Items

The Religious Liberty offering on Sabbath, January 29, amounted to approximately \$3,500. We greatly appreciate this liberal offering and we are sure more will come in in the next few months.

Elder E. M. Davis, Elder F. W. Miller, and Mrs. T. Fullerton, a Bible worker, are attending the Health Evangelism course in Loma Linda. This course lasts about two months.

Miss Helen Cooper from the Michigan Conference has just connected with our office as one of our stenographers and office secretaries. We welcome Miss Cooper to the Southern California Conference.

Our radio work is growing continually, and those taking the correspondence school studies are increasing from week to week. In our radio office we now have three full-time workers looking after this work. Sister Rachel Swan of the Central church has just joined us and is helping in our radio office. We also extend to her a welcome.

Our colporteurs are delivering close to 3,000 worth of books a week at present. Let us continue to remember them in our prayers. They are not only delivering books, but they are all interested in winning souls, and the Lord is giving them some wonderful experiences.

The Newspaper Pulpit articles written by Elder R. F. Cottrell and appear-

ing in the leading newspapers in Los Angeles, are creating quite an interest. The course that is offered has a good response and a good many are already enrolled. These articles are reaching approximately eight or nine hundred thousand homes every week.

The evangelistic effort conducted by Elder Schierman and his company in Long Beach is growing in attendance and interest. Sunday night, February 13, the hall was full to capacity and good attention was given to the sermon.

Bishop School

Realizing the need of giving our children a Christian education, the members of the Bishop church voted to establish a church school last year. Now in its second year the school is making good progress with an enrollment of nine. Five of these children are from non-Adventist homes. The education and training they are receiving from Mrs. Carrie Brown is making a profound impression upon their parents.

Our school premises have been greatly improved during this school year. Playground equipment has been installed, the teacher's apartment has been papered and painted, and the school room floor has been sanded and re-finished.

An Urgent Appeal— Please Take Note

There is a most critical need right now for a strong corps of single copy and subscription magazine workers to help cover the Los Angeles territory. Anyone who can devote even a few hours a day or week to this highly important work should give it serious thought.

When one considers the great number of individuals that are influenced in a single day by the magazine workers as they carry on their work in the business sections, it helps us to understand how much good a worker of this type can accomplish.

In one day a single copy worker will often meet between 60 and 100 people. Each of these individuals thus receive a knowledge of our truth.

The 1944 Signs Campaign

"If there is one work more important than another, it is that of getting our publications before the public, thus leading them to search the Scriptures." "Christian Service," p. 145.

As we are now preparing for the 1944 Signs campaign in every church in our conference, we are reminded again of the mighty power of the Signs of the Times as an evangelizing agency.

The church members in our field believe that "papers and books are the Lord's means of keeping the message for this time continually before the people." Vol. 6, p. 315. The record of the last few years of Signs progress reveals how this interest in Signs circulation has grown. The following figures tell only a part of the story of loyalty in spreading the message through the Signs.

1938	9,145
1939	9,790
1940	10,345
1941	17,114
1942	23,069
1943	26,798

"In enlightening and confirming souls in the truth, the publications will do a far greater work than can be accomplished by the ministry of the word alone." *Id.*

"Let us now, by the wise use of periodicals and books, preach the word with determined energy, that the world may understand the message." "Christian Service," p. 146.

The Signs is our great denominational weekly missionary journal. We rejoice to see the wonderful progress from year to year. This year—1944—is the seventieth anniversary of the Signs of the Times and the centennial of the launching of the great Advent movement. Everyone will want to make this the greatest year of all.

Conference Session—March 5

The regular biennial session of the Southeastern California Conference will be held in the new church, 1314 North Broadway, Santa Ana, California, Sunday, March 5, beginning at 10 a.m.

We realize that our people are exceedingly busy and that travel is curtailed during these war times, yet we believe Heaven will be pleased if a large delegation is present at this meeting. We urge each church to study ways and means of sending its full quota of elected delegates.

The Lord's business makes demands upon us, but doubtless the inspiration of this gathering will be well worth the effort put forth. We hope for a good representation from every church.

"The Barrels Fight, Too"

Navy Seabee artisans in the South Pacific weld empty gasoline barrels into a pipe line to carry water to advancing jungle fighters.

The gasoline delivered in these barrels fights—and the drums fight, too. This is typical of the resourcefulness which makes American fighting men superior to any in the world.

Under government by regulation in the Axis countries, dictators do the thinking for the masses. In America, every citizen is an individual. These American individuals think for themselves. Millions of Americans or their ancestors came to this country to find freedom of expression, freedom of religion. These American individuals will do their own religious thinking.

The present Signs campaign calls upon us to place the gospel of present truth in the hands of our fellowmen. In 1943 we placed about 16,000 Signs in Southeastern California. A growing sense of loyalty to God calls upon us in 1944 for at least 20,000 subscriptions. This is an increase of twenty-five per cent. If every church will maintain an increase of twenty-five per cent, our 20,000 goal will be reached.

Here is an opportunity for us as

members, leaders, and workers in the churches to demonstrate OUR resourcefulness. Resourcefulness in finding the money to pay for these Signs, and resourcefulness in placing the subscriptions in the hands of people who are sensitive to the leadings of the Holy Spirit.

We may not be called to weld empty gasoline barrels into pipe lines to carry water to the jungle fighters, but we can weld our influence and our resources into a powerful force that will carry the Water of Life to men and women all around us.

First Signs Report Marvelous

A message received this morning from E. D. Dinsmore, the missionary secretary of the El Centro church, reads as follows: "509 subscriptions to the Signs. Goal reached today." The El Centro church has an official membership of 116. In 1942 the church raised 114 subscriptions. In 1943 they quadrupled the record of 1942 and turned in 454 subscriptions. Feeling that the church had done exceptionally well in 1943, but yet very anxious that it should take no backward steps, we suggested a goal of 455 for 1944.

Great was our surprise, and greater our satisfaction to receive this message that the church has raised 509 subscriptions, which is nearly four and a half per member. Congratulations, El Centro. We believe this first report will be both an inspiration and an incentive to all our churches. This is the time to double our efforts for the saving of souls. As more Signs means more souls, while we can, let us make the 1944 Signs campaign another great success for the work of God. Shall we not each one increase our former lists by twenty-five per cent? This will enable us to reach the 20,000 goal set for the conference.

No Reservation or Restriction

In my visits to secure funds, I found some who seem to think that if we accept money from the Government for our institution, that the Federal Government will take control of the Paradise Valley Sanitarium. To disabuse the mind of those who may entertain such thoughts, let me again quote the closing paragraph of the official Grant Offer dated December 10, 1943, and

signed by the Assistant Federal Works Administrator:

"Nothing herein shall be construed as vesting in any department or agency of the United States power to exercise any supervision or control over such facilities, nor shall any of the provisions hereof be construed as prescribing or affecting your administration or personnel in the maintenance and operation of such facilities."

For many years other governments besides our own have made grants to our work for the building of institutions, sanitariums, hospitals, schools, etc. Those grants have been accepted and have been a great blessing. There never have arisen any questions regarding government control. This grant has come in answer to prayers. It has come because the Lord, years ago, foresaw the great work that this institution is to do, not only in bringing souls to the truth, but in training workers for the mission fields.

In Special Testimonies I find, "Our brethren in charge of our sanitarium work must not be left destitute of sufficient means to carry on the medical missionary work in an acceptable way; and just now, when our people in Southern California are struggling to build up a strong work in that important missionary field, we should study ways and means of strengthening their hands."

While the writer has had the opportunity to call on but few persons, yet the response has been most gratifying; and, while we need large sums, we would not exclude any one from giving because they cannot give a large amount. Whatever the Lord impresses you to give whether large or small, the Lord will bless it and it will be gratefully received.

Sabbath, after preaching a sermon in a small church, I mentioned the fact that the conference committee had requested me to lead out in raising the funds needed to meet the requirements. I made no appeal, but as I was entering my car I heard someone calling me. I turned back and a young man just out of school and working on the farm said timidly, "Elder Passebois, could I give a little donation to the sanitarium?" I answered "Surely!" Then I saw a ten-dollar bill in his hand which he gave to me, and to my surprise with the ten-dollar bill there were two twenty-dollar bills, in all fifty dollars.

Think of it brethren and sisters! Here is a lad who out of his hard-earned money gave fifty dollars. This is the spirit that God will bless. Immediately, my mind went back to the time and place when the multitude had been with Jesus. They had nothing to eat, but a lad had five barley loaves and a couple of fish, and the Saviour's blessing multiplied them so that five thousand adult men were fed and they were all satisfied, and twelve baskets were filled of the left over.

We are very grateful for the thousands, for the five-hundreds, the three-hundreds, fifties, and for every other gift received or promised.

As you read this, I would like to make a request. Please, as you lay the paper down, would you not take time to pray, and ask God what He would have you do with this request for funds? And if God tells you to give a thousand dollars, or five hundred, whatever He may impress you to give, remember that He will not only bless the gift, but the giver as well.

L. F. PASSEBOIS.

For Our Service Men

At recent conference committee meetings considerable study has been given to the problem of taking care of our service men in the San Diego area. It was felt that something must be done to provide a place where these Seventh-day Adventist boys could go for relaxation and Christian counsel as well as make provision for a place for them to stay while they are in this area away from their camps. We are happy to report that the conference has purchased a large two-story dwelling that is suitable for this purpose at a cost of \$8,500 including the furnishings.

The Dorcas societies of the surrounding churches are planning to cooperate with this endeavor and we are looking forward to a great work. Elder Cantwell, who will live on the premises, will supervise operation of the home.

We feel sure that this Christian home that is being provided by the South-eastern California Conference for Seventh-day Adventist service men will cause many to renew their allegiance to the Master and cause them to determine to remain true to the principles of this message throughout their service for their country. We invite you to pray for our service men and for the success of this project.

Making Up the 500

The mail this week brought in the good word from East San Diego that a Bible Service Training Class has now been organized in that church. Another class has also been started at La Sierra under the personal direction of the pastor. This now brings the total of classes functioning in the conference up to fourteen.

From El Cajon, Sister Madge Williams, the instructor, furnishes us with the following list of members who have committed themselves to the program of taking their Bibles in their hands and going from door to door and home to home to give the message: Mrs. Geraldine Moore, Mrs. Helen Ball, Mrs. Orale Brown, Miss Jacquelin Finley, Mr. Ross Hall, Mr. and Mrs. Geo. Finley, Mr. and Mrs. Vernon Jones, Mr. and Mrs. Alvin Robinson, Mr. and Mrs. Edward Scott, Mrs. Madge Williams, Mrs. Minnie Parker.

Paradise Valley supplies twenty-one names to the honor roll of the five hundred. The instructor of this latter class is Brother J. N. Clapp, associate chaplain of the Sanitarium and elder of the Lemon Grove church. The members of the class are: Mr. Einar Dixner, Miss Muriel Dick, Miss May Diebel, Miss Kathryn Goertzen, Mr. W. B. Eekhout, Mrs. R. W. Ross, Mrs. Ellen Wood, Mrs. Della Stewart, Mrs. G. A. Swenson, Mrs. Cora Partridge, Mrs. Lois Fabian, Miss Kathryn Haynal, Mrs. H. H. Clary, Mr. Jonathan Knittel, Mr. Edward Lowe, Mrs. Bertha M. Loone, Miss Mary Perry, Dr. H. W. Hartzell, Mrs. H. W. Hartzell, Mr. D. M. Twiggs, Mr. H. N. Brass.

News Notes

Elder Earl R. Reynolds, who has recently taken over the supervision of the Redlands district, plans to begin a series of meetings in the very near future. Cooperating with him is the Loma Linda Health Evangelism School and they are even now conducting a Victory Cooking School in advance of the effort under the leadership of Miss Della Reiswig. The cooking school is being well attended and we feel sure that as these agencies cooperate together we shall see a successful campaign in Redlands. Associated with Elder Reynolds in his evangelistic work is Brother J. Norvell Brown.

Brother L. C. Caviness is enjoying good attendance in his series of meetings at Banning. He has secured the Recreation Center Building, which is a very favorable location. Brother Hoff is assisting in this effort and will carry forward a strong home study program in connection with these meetings.

The Spanish work in Brawley is growing rapidly under the leadership of Brother A. V. Serra. Twenty-one were reported at Sabbath school last Sabbath. Brother Serra is planning to open a series of public meetings for the Spanish-speaking people in the newly acquired tabernacle. We greatly appreciate the help that Dr. A. H. Foster has given in purchasing and remodeling these facilities. We trust that each one will pray for this good work among our Spanish people in Brawley and may we soon see an organized Spanish church in this place.

1943 Harvest Ingathering

Words cannot express our gratitude to God and our appreciation to our workers, church officers and members for the marvelous accomplishments in the Ingathering campaign for 1943! The total amount was but a few dollars short of reaching \$70,000, with an increase of more than \$20,000 over the preceding year!

The overflow from the churches totaled \$26,451. The per capita for every member in the conference registers \$8.93. Two of our larger churches show an overflow of more than \$3,000 each. While the conference per capita is a little under \$9, yet we have twenty churches with a minimum of Minute Man standing of \$12.55 and ranging all the way up to \$36.68 per member!

We rejoice, too, in the amount of comeback that the conference has sent to the churches, totaling altogether \$9,256.94. Two of our churches each received more than \$1,000. We are sure that this \$9,000 will prove a real blessing to the churches. The report shows that every church in the conference received some comeback, indicating that every church reached its goal.

Again we say our hearts are filled

with gratitude to the Lord and appreciation to all who had a part in making such a report possible.

Central California Scales New Heights

Looking back upon the tapestry of 1943 now locked in the archives of the past, with the Psalmist we are led to exclaim, "This is the Lord's doing and it is marvelous in our eyes." To reach a total of approximately seventy-thousand dollars for the waiting fields beyond the Golden Gate brings honor to the loyal hearts scattered throughout the length and breadth of this part of the Lord's vineyard. Central California has never before attained such heights in Ingathering accomplishments. A gain of \$20,414.06 over 1942 is a most remarkable showing; and for this commendable and magnificent achievement we thank our noble band of workers and members. To God we ascribe all the glory and honor. Let us consider that we have just begun a great ADVANCE.

Thank God for the new day that has dawned for the work in its final sweep toward its ultimate triumphant climax.

S.D.A. Young People Make Gift to Service Men

A very liberal response by M.V. societies and churches to the call for servicemen's funds has made it possible to continue our efforts in behalf of the men and women in Government service.

Recently it was our privilege to provide for the chaplain of the 47th General Hospital an individual Communion set. This unit may be used for field or hospital where individuals desire to partake of the sacred emblems. The 47th General Hospital is staffed by Seventh-day Adventist officers.

Elder I. C. Pound is distributing 1,000 Temperance Signs throughout the army posts and subscriptions to our periodicals are being renewed for the reading rooms at many camps. A few days ago Mrs. W. E. Whalin brought in another two dozen Draftee Kits which she and two helpers, Mrs. Grace Morgan and Mrs. Eva Brophy, are making up entirely as a voluntary service in behalf of our soldiers. This brings a total of 320 the number provided and we are glad to express deep gratitude to these ladies for this unselfish ministry.

Auburn Organizes M. V. Society

After a lapse of one year when young people were scarce, Auburn enthusiastically launched a live youth program Sabbath, February 5, 1944. At 4:00 p.m. Sabbath the writer made a few remarks preceding the installation of the new officers. Leader, Mr. Robert Whalin; assistant leader, Mrs. Mary Knittle; secretary, Miss Grace Younk-

ers; assistant secretary, Private Giem; sponsor, Mrs. H. E. McWhinney. Members were then invited to subscribe to the M. V. Pledge and were welcomed into fellowship with members of other societies in the conference.

Elder O. A. Hall, district leader, has taken a special interest in the young people and we are sure this new society gives promise of a bright future. The new De Witt General Hospital near Auburn has brought several service men to the church. It was a pleasure for the writer to meet Sgt. Gregerson and Pvt. Giem on this visit. The Junior society is flourishing under Mrs. Marguerite Fox, and the Junior Sabbath school division was doing splendid work with Mrs. Kindopp as leader. Meetings of the senior society are announced for 4:00 each Sabbath afternoon.

Women Colporteurs

"Women as well as men can engage in the work of hiding the truth where it can work out and be made manifest. They can take their place in the work at this crisis, and the Lord will work through them. If they are imbued with a sense of their duty, and labor under the influence of the Spirit of God, they will have just the self-possession required for this time. The Saviour will reflect upon these self-sacrificing women the light of His countenance, and this will give them a power that will exceed that of men. They can do in families a work that man cannot do, a work that reaches the inner life. They can come close to the hearts of those whom men cannot reach. *Their work is needed.* Discreet and humble women can do a good work in explaining the truth to the people in their homes. The word of God, thus explained, will do its leavening work, and through its influence whole families will be converted." *Vol. 9, p. 128, 129.*

In the Northern California Conference we have a number of these good women colporteurs. One of them came into our office this week and asked for her two weeks' vacation money. We figured up her hours worked for 1943 and found that she had qualified. She had worked 1,350 hours, averaging 30 hours each week for 45 weeks, and her sales were \$1,353.80, deliveries, \$1,353.80; and this was all done with *Health Magazines*, selling each one for

15 cents. That means that Sister Lawrence visited 8,366 homes during those forty-five weeks, and she has had a number of good experiences while meeting the people. Sister Lawrence is not a young woman, nearly seventy years of age. God has given her strength to accomplish a great work. And she has started to make 1944 a better year. What this dear sister has done many others can do. For further information write to George H. Carter, Box 149, Oakland 4, California.

Nevada-Utah Colporteur Institute

It is a very happy privilege for colporteurs from all parts of the field to get together for a whole week and get acquainted and discuss the problems of common interest. That was the way the colporteurs of Nevada-Utah expressed themselves as our institute came to a close February 10, 1944. While together, each colporteur set an individual goal, and as these goals are reached, our reports will show a great increase in the amount of literature placed in this field.

Sabbath afternoon the service included a symposium consisting of the colporteurs telling thrilling stories of experiences they had had in placing the printed page in the homes, having prayer with the sad and discouraged, and having long talks with some, who as a result were led to think more seriously of their own salvation.

Since this was the last institute in the Pacific Union, we were not favored with the presence of Elder Blunden of the General Conference, but we were glad to have Elder E. M. Fishell, the Pacific Union Conference field missionary secretary with us. Elder Fishell expressed his pleasure in meeting with our splendid group of colporteurs.

As far as we can learn, for books delivered, the colporteurs of Nevada-Utah have the highest sales per hour in the Pacific Union Conference; averaging \$14.48 worth of books delivered for every hour worked.

How Much Does Your Newspaper Cost You?

You will probably reply, "About three cents a day." But is that all you are paying for it? How much of your precious leisure time do you spend in reading that paper? There are wise men and women who jealously hoard their spare time in order to use it for something very much worth while.

A high school or college course is only a beginning. Forward-looking men and women study all their lives, and they make the best progress when they are doing this work under the guidance of sympathetic and competent teachers. Thousands of men and women are filling positions of trust today because some years ago they enrolled for one or more courses with The Home Study Institute.

We offer instruction in college and high school subjects, and our work is accepted at full value in a large sisterhood of educational institutions. Our courses in Bible, History, English, Modern Languages, and Commercial subjects are up to date and attractive.

On the farms and in the cities there are many thousands of men and women who could devote at least fifteen min-
