## Missionaries to Appear on Television May 20

Seventh-day Adventist medical missionaries, Dr. and Mrs. Ralph F. Waddell, will be guests on the Billie Burke television program on Tuesday, May 20 at 5 p.m. The program is carried by Los Angeles station KTTV on Channel 11.

The Waddells, who are returning to Bangkok, Thailand, June 29, will be interviewed by Miss Burke. She will question them about Adventist medical missionary work in the Far East and about the Bangkok Sanitarium and Hospital of which Dr. Waddell is director.

Appearance of Dr. and Mrs. Waddell on TV will reflect the expanding activities of the Public Relations Department of the Pacific Union which arranged for them to be on the program. The department is endeavoring to use every means possible to advance the work of the church.

Residents of Southern California are invited to tune in the Billie Burke program on May 20 at 5 p.m. on KTTV Channel 11.

## Marine Draft to End

For the past year the Marine Corps as well as the Army has been taking draftees. It is now announced that this will stop after the allotment made in May.

The Army, of course, will continue taking draftees, but it will be the only branch of the military service which will do so after May.

When the Marine Corps began taking draftees it caused us more than usual concern, for the Marine Corps is a wholly combat outfit, having no tradition of noncombat training. Consequently, understandings and arrangements had to be worked out by which 1-A-O men taken into the Marine Corps

would be trained as noncombatants. This was all done and regulations and directives required were issued. The Marine Corps did not like it; we did not like it; our men have had some hard times, but it has worked out finally satisfactorily.

Our men who have entered the Marine Corps through the draft during the past year will, of course, serve their time there. It is gratifying to know that no others will be thus assigned after the May allotment.

CARLYLE B. HAYNES.

## La Sierra College

### Summer School Starts June 16

Applications are being accepted for the first session of summer school, which will open on June 16, reports Mary I. Champion, registrar. Courses are being offered in nearly every department of the college during the summer.

Registration for first term will be on June 15. The second term will start on July 28. Dormitory rooms will be available for the summer. Persons interested in attending summer school here should write to the Director of the Summer Session, La Sierra College, Arlington, California.

### Tour of U. S. Planned for Summer

An eight-week directed tour of Southern, Eastern, and Mid-Western United States is being planned for the coming summer by the La Sierra College field school in education. The tour will grant six semester hours of upper division credit and is planned especially for teachers in denominational schools.

Plans call for the tour to begin June 16 and end August 8. The students will cover almost 8,000 miles, stopping at points of historic and literary interest in 14 states and the province of On-

tario, Canada. Of particular interest to literature instructors will be visits to the Evangeline country in Louisiana; to Charleston, South Carolina, a literary shrine of the South; and to Hannibal, Missouri, the home of Mark Twain.

Students of the Civil War will be particularly interested in the visit to Vicksburg and the Tennessee battle areas; the trip from Chattanooga to Atlanta, following Sherman's march to the sea; seeing Gettysburg; and touring the Lincoln country in Kentucky, southern Indiana, and central Illinois. East coast cities of significance in both early and modern American development are included on the route of the proposed tour.

Cost of the trip for each student, including tuition, travel expense, board and room, and purchase of a limited number of souvenirs and teaching aids, is estimated at approximately \$400. Persons interested in going on the tour should write to Dr. Wilfred J. Airey, Professor of History, La Sierra College, Arlington, California.

### New Chemistry Head Appointed

The new head of the Chemistry department at La Sierra College, Dr. William D. Leach, will begin his work here with the summer session. Dr. Leach has been teaching chemistry at Pasadena City College for twenty years. He also taught at Southern Missionary College, and was for five years a research consultant to our institutional work in Australia. He holds a Bachelor of Arts degree from Union College, a Master's degree from the University of Southern California, and a Ph.D. from California Institute of Technology.

In Dr. Leach's research work he was the first person to isolate growth hormones from vegetable material, and continues to be interested in research as well as teaching.

The administration of the college is particularly fortunate in being able to

### Step by Step with TV Interests

Frequently we receive letters that illustrate great principles which we like to emphasize. The following was written by a Lutheran lady who from the first has not been prejudiced against the name Seventh-day Adventist. However, she frequently became anxious to find out some of the answers that were further along in the book. In each case she was told to continue studying the Bible Course, and that the answers would naturally unfold. This she did with wonderful results, as the letter will show.

"The course has meant the enfolding of two great factors in my life. It has taught me to look within myself first, and find myself, by thinking differently and trying to do the will of God each day.

"The other is the real knowledge I have received from this study. I have

been to many churches, always trying to find *that something* that was always lacking. But with Seventh-day Adventists I have found that for which I searched. I am so very much at ease. I now rest in the promises and obey His commandments.

"The study of the prophecies, especially Daniel and Revelation, is so remarkably unfolded to me by this study. I know God has directed me in the path of righteousness through the channel of the Seventh-day Adventist Church.

"My many thanks for all you have done for me and for the many, many books and pamphlets which you have sent. God bless you all."

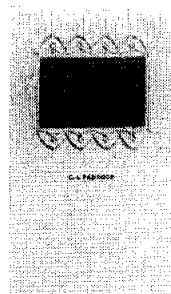

It is abundantly possible that this "bruised reed or smoking flax" could have been quenched by answering some questions out of order. As far as possible individuals should be encouraged tactfully to follow the sequence in the studies so that the answers to their questions can naturally follow.

### C.M.E. Student is Award Winner

A sophomore at C.M.E.'s School of Medicine, John Holloway, brought recognition to the denomination's medical education center by tying for second prize in a nation-wide contest open to the country's 30,000 medical students.

## LIFE'S DETOURS

Do you have friends or relatives who may be in trouble? There has just come from the press a very attractive little booklet that is just the ideal thing to send to persons who may have had financial reverses, some disappointment, death in the family, interruption in plans caused by calls to the armed services or any who may be passing through some discouraging experience. **Life's Detours** is the answer.

It will help the reader to realize that the sun is shining behind the clouds and that God loves us in times of stress and trial.

With each booklet will come an envelope just the right size for mailing the booklet. The price is five for a dollar. Be sure to include sales tax in California and 15 cents for mailing and wrapping for the first five copies ordered and 4 cents additional for each additional five copies.

**Order from Your Book and Bible House**

He won a \$500 check for writing a 12,000-word dissertation on the "Steroid Hormones in the Treatment of Rheumatoid Arthritis." The Schering Award Competition for 1951 awarded a total of \$2300 to four students, the other three being from Harvard, George Washington and Columbia.

Dean Harold Shryock of C.M.E.'s School of Medicine commented: "This has brought added recognition to the church at large and to the College of Medical Evangelists. This tangible evidence of accomplishment not only inspires those of us on the faculty, but should bring pride to those educators, church leaders and members in Michigan. C.M.E. aims to serve our youth by adequately training them in the healing arts professions. This accomplishment of John Holloway encourages us to believe we are achieving this aim."

### New England Sanitarium

The New England Sanitarium and Hospital will reach another milestone in its providential history since 1902 by celebrating Founders' Day during the week end of August 1-3. The events:

Commencement Ceremonies.  
Dedication of the new \$104,000 church.

Alumnae Homecoming.  
Former Employees' Homecoming.  
Constituency Meeting.

A large marquee will be erected on the lawn, in which will be enticing booths for all the Sanitarium departments.

Hundreds of easy chairs will be placed in the shade of the spacious grounds; and it will be a vacation for you in '52.

You are invited to attend this great Founders' Day celebration August 1-3. Come and see what God hath wrought!

B. M. HEALD,

Extension Secretary.

### W.W.C. History Book Report

Walla Walla College reports that a "Sixty Year History" of its life span is being compiled and is expected to be ready for distribution at the sixtieth anniversary Founders' Day, December 7, 1952. The book will contain 400 seven by ten inch pages, profusely illustrated with hundreds of pictures of school life and activities in the various periods.

Scores of people are working on this project and many others are contributing information and pictures. The story will begin with the 1843 Whitman emigration to the Northwest. It will describe the development of Adventist missions in the Northwest, and lead up to the establishment of a college in 1892. From that date the story will center around the college and its community. It will be filled with comparisons, contrasts, anecdotes, unusual providences, and interesting experiences. It is believed that everyone who has ever been connected with the college, or lived in its vicinity will wish to both read and own the book. Pre-publication orders are being accepted at \$5. Checks or money orders made payable to Walla Walla College, labelled "History Book," will be acknowledged by numbered receipt. It is important that orders be placed early, as the quantity to be printed will be determined by the number of orders.

### Family Camp

July 3-6 is the date for our family camp for Master Guides and Pathfinder Leaders. While the program will be especially designed for persons in these two classes, yet we want to encourage any who are interested in this type of work for boys and girls to be with us.

Teaching personnel for the camp is now complete, and it promises to be a great line-up for an intensive program of leadership training. We shall study the M.V. Pathfinder leadership training course as a part of our work. There will not be an idle moment through the time of the camp.

*Investiture:* Saturday night we will have a Master Guide investiture. All who are ready for the investiture service, be sure to bring your cards to this camp, and plan on being invested. All who are already Master Guides, please bring your regalia.

*Cost:* Charges will be at a minimum. A folder will announce the complete program and the charges. Watch for announcement when this program is

ready. It will be distributed through the local churches.

Other camps for 1952 are:

Boys' Junior—June 15-22

Boys' Earliteen—June 22-July 1

Girls' Junior—July 6-13

Girls' Earliteen—July 13-22

Senior Pioneer—August 27 to September 3

Applications are rolling in. Make sure yours is in plenty of time for the \$1.00 discount for early applications.

*Counselors:* We are still in need of counselors for camp. Can you arrange to spend a week or ten days at camp helping in the directing of boys and girls? If so, please send me a card asking for a counselor application blank.

### Name Tapes Available

Every article that is taken to camp should be clearly marked for instant identification. Boys and girls have a bit of difficulty in remembering what their possessions look like. We go through the lost and found box every day at camp council, and endeavor to find the owners, yet we end each camping season with a large box of unidentified items. *Everything* should be marked.

We are not in the name tape business, but we wrote to a company to get prices. They sent us order blanks, and we would be happy to supply you with one, if you want inexpensive name tapes. They cost \$1 per hundred, are available in the sew-on type or the iron-on. Drop us a card and we'll send you an order blank.

Make sure *every* article has a name on it, flashlights, clothing (including every handkerchief and stocking), knives; just *everything* that is taken.

Thank you for your cooperation.

HENRY T. BERGH.

### Investitures in the Arroyo Grande District

For weeks and months, yes even for years, some had been working and looking forward with joyful anticipation to investiture.

When Elder Bergh came into the Arroyo Grande district to conduct the investitures he stopped in Paso Robles first. There he met with the beaming faces of the children from the church school. They were well prepared for the program which they so beautifully gave. And they were well prepared for

the thrill which they got upon being invested in the classes for which they had worked.

Monday evening found the San Luis Obispo, Santa Maria, and the Arroyo Grande churches pouring into a rented hall for their investiture service. Only one individual was missing from the group which received sixty pins for their achievements. The program was well rendered and gave evidence of careful planning and hard work.

The pictures of Wawona junior camp given by Elder Bergh made the juniors want to be there this coming summer. The book display by Elder C. S. Johnson of the Book and Bible House gave us a chance to obtain more good books for our libraries and for gifts. The investitures were well attended and many were thrilled with the possibilities of youth leadership.

### Turlock District

On Sabbath, April 19, at the morning service of the Turlock church, 20 candidates were baptized into the fellowship of God's commandment-keeping people. Fifteen of those baptized joined the Turlock church, one the Hughson church, and four the Livingston church. Fourteen were boys and girls from the Turlock church school who had given a good account of themselves; they had the approval of their teachers and parents as well as that of the pastor who conducted them through a baptismal class. Once again the value of Christian education has been emphasized. Parents cannot afford to permit their children to attend school where the principles of Christ are not upheld.

Turlock has one of the finest of church schools. Three faithful teachers instruct 75 children in grades one to eight. The three-acre school plant is located one mile outside the city. There is a modern stucco school building having tile roof and a large auditorium seating one thousand. The garage which also accommodates bicycles and other storage, is a 40 x 40 ft. building and houses the school bus and teachers' cars. When school is dismissed, the teachers find residence in two modern school homes located on the school plot.

The work of the Turlock Dorcas Society, under the direction of Sister Gertrude Smith, is attracting much attention. More than \$4,000 worth of wel-

fare work has been contributed to the needy, in food and clothing, since the first of the year. The County Welfare Department, and the Red Cross, have publicly declared that there is one organization to be depended on for help when needed, and that is the Turlock Dorcas Society. This achievement of our society has made better Ingathering possible, which is especially needed at this time. Some individuals contacted by the society are now taking Bible lessons, and expect to join the church in the near future.

Brother Clyde Baldwin, one of the elders of the Livingston church, was recently notified by an elderly Japanese that he wanted to see him. The man told Brother Baldwin that when he was

in Tokyo there was sickness in his family, and one of our nurses helped them and acquainted them with our work. He added, "You people are doing such a fine work I want to give \$100 for missions Ingathering." Our influence is far reaching, and when we properly represent our Master in daily living and in the various occupations of life it is bound to bear fruit for the Kingdom of God. Pray for the advancement of God's work in the Turlock area.

### The Voice of Prophecy

So far we have 430 diplomas ready for the big graduation to be conducted during Youth's Congress next month. We are going to fall short of our goal unless our students hurry and *complete* their courses. Many have started but

Our church members may assist us greatly by securing new enrollees to replace the ones who have discontinued. Especially would we urge that older students be encouraged to take the course.

Due to the Ingathering campaign some of our church members will be unable to complete their courses by May 22. Therefore it seems best to extend the deadline to June 8. Please send in your lessons immediately and avoid the last-minute rush. Lessons from non-Adventists, however, are acceptable up to June 18. Please do not wait to the last day or you may miss being in the largest Voice of Prophecy graduation ever conducted in the Hawaiian Islands and perhaps the whole world!

### Kailua Bible Auditorium Baptism

Climaxing the evangelistic efforts of the Kailua, Oahu church, a baptism of eleven was held on Sabbath afternoon, April 19.

This could really be called a baptism in which the entire church had a part. Several laymembers rejoiced to see neighbors and friends follow the example of Jesus. Our faithful school teacher, Alice Kondo, presented several students for baptism, some of whom came from non-Adventist homes.

For the past three or four months every member faithfully supported the

public meetings being held in the Kailua Bible Auditorium. This baptism was only the first fruits. Several who had hoped to be ready for this service found it necessary to wait until later.

Each of those baptized, and most of those preparing for the rite, have completed at least one Voice of Prophecy Bible Correspondence course, and some have completed as many as four.

The closing night of the meetings another graduation was held for those who had finished one or more of the various correspondence courses offered. At this service more than forty individuals received diplomas and certificates of graduation.

Among the graduates were four boys from the Koolau Boys' School who were able to obtain special permission to be present. These boys are from the group that Brother Lester Bennett conducts a Branch Sabbath school for every Sabbath at 6:30 a.m.

### Biblical Easter Celebration

Sabbath afternoon of April 12 the four rural Oahu churches crowded into the Wahiawa church to commemorate the resurrection of our Lord in true Biblical fashion. But it was more than that, as ten dear souls were baptized and joined the various churches of the district.

This happy occasion was made possible by the united efforts of pastor and laymen. Two candidates were found during the Ingathering campaign last

year. Aiea members gave the Bible studies and brought them to the Lord. It was especially gratifying that four candidates were youth from Adventist homes and attending church school or academy. Still others are looking forward to participation in this sacred rite.

One sister who presented herself for re-baptism attributes her desire to return to the Lord to the prayers of interested members. She urges that we pray for all the backsliders. It pays.

### Maricopa Indian Mission

Nineteen Bible Course certificates were issued to adults and children at the Maricopa Indian Mission Thursday night, May 1. There was an overflow crowd in attendance at the meeting which was conducted by Elders E. W. Storing, R. L. Hubbs, and C. E. Eldridge.

Elder Eldridge deserves much of the credit for these Bible Courses, as he is the head of the 20th Century Bible School in the Arizona Conference. He presented the certificates, which included the Jr. Voice of Prophecy, Courses I and II. The students had made these courses up into folders with pretty covers and had them displayed very attractively.

Eight Busy Bee and eight Sunbeam pins were presented by Elder Hubbs. Also, thirteen honors in flowers were given to these children, who showed by their display of 35 different flowers gathered from the surrounding fields that they were well deserved.

A motion picture, "Winning Them to God," was shown by Elder Storing.

Very special credit should be given to Brother and Sister Wilfred Rathbun who have so capably instructed these Indian students, and who are, in a large way, responsible for the above report.

### Salt Lake City

Another successful Ingathering campaign has drawn to a close in Salt Lake City. Sabbath, April 26, we reached our goal of a Minuteman church and had over one hundred dollars overflow by Sunday night. We have in hand \$2,022 cash. More overflow is to come in.

Surely the Lord inspired our people in Salt Lake to do a quick work, for just as we were finishing our Ingathering the heavy spring runoff of snow water from the nearby canyons began to deluge the city. Salt Lake City is experiencing flood conditions never known in the valley before.

About one fourth of the city is inundated and to prevent millions of dollars further damage to the city in general, designated streets are sandbagged and turned into swift running canals. Thousands of volunteer workers are kept busy especially at night as the runoff is increased to release pressure on reservoirs and dams. There is yet about five times more water above the reservoirs than they are able to hold. Runoff is coming one month early and twice as fast as had been anticipated. City officials asked the State Civil Defense Council to declare a "state of emergency."

Salt Lake City just experienced its worst winter in history and the floods are the result of the very heavy snow fall. Yet God's work has progressed in a wonderful way. Baptismal classes were carried on most successfully all winter. Six more were baptized during the first quarter of this year, bringing our total to 25 for the past twelve months. More

are getting ready for our next baptism. This we feel is a real victory for the message, here in the citadel of Mormonism. It is not easy to work among the Mormon people. Their religion is based upon spiritualism and thus one of the most difficult in the world to meet. The Mormon people as a whole are wonderful friends and neighbors and the truth of a soon-coming Saviour must be brought to them. As we view our work for the past year we feel the time is ripe to reap. Our work has been established in Utah for many years, yet we have not grown as we should. This must change and by God's grace it is changing. Remember to pray for our work.

A. FRANK PURCELL.

### Andrew Fearing Appointments

Another new church was organized in the Nevada-Utah Conference on May 10 in Moab, Utah. Moab is in the southeastern section of Utah and is a beautiful oasis in the midst of some of the most scenic territory in the west. Elder Fearing directed in this church organization. He also conducted a number of evangelistic services in Moab at the same time.

Friday evening and Sabbath morning, May 16 and 17, Elder Fearing will meet with the Ogden church.

A special series of evangelistic sermons will begin in Elko, Nevada, on Sunday evening, May 18, and continue nightly throughout the following week. Elder Fearing will present these sermons in connection with Brother Mulvihill's evangelistic campaign in the Knights of Pythias Hall.

The membership at Bishop, California, will want to start planning for a series of evangelistic revival services to be held in their church beginning on Tuesday evening, June 10, and continuing each night throughout the week.

We especially invite our isolated believers located nearby to attend the services in these various cities and share the fellowship and blessings of the Lord.

### Camp Meeting

Prospects for our proposed camp meeting at Lake Tahoe, July 11-19, are much improved. Word has reached us that work is going forward on the repairing of the lodge, and best of all, that the snow is melting rapidly. A heavy rain and warm weather at Lake Tahoe have done much to remove the heavy

snowfall. We ask our members to continue to pray that conditions will so prevail that we may have our camp meeting fellowship. I. E. ANUNSEN.

### Reno Church

Sabbath April 26, the great brass bell which for over fifty years had faithfully reminded the residents of Reno that the seventh day is the Sabbath of the Lord, was tolled for the last time in the bell tower of the old church. It will be taken down and placed in the new Seventh-day Adventist church now under construction.

For many years the Reno church has needed a new building and now, through their efforts and the generosity of the local, union, and General Conference organizations, their dream is coming true. The men have laid up the last brick on the outside walls, bringing the first phase of construction nearly to completion. The plumbing, heating, and electrical utilities are now being installed.

The church members now give consideration to the second phase of construction—the interior finishing—and have set about to raise additional funds. The service was truly inspiring to participate in—boys, girls, men, and women bringing their gifts until over \$9,000 was raised by a church of 148 members. When the pledges from all the members are in, we hope to have \$10,000. In addition, we believe that many non-Adventist friends and others will contribute a considerable sum with which to finish what will be one of the most unadorned yet beautiful churches in Reno. ### Youth Thrilled With Congress

After it was all over, a large crowd was still standing there on the platform, anxious to meet Berkley Jones and Brother and Sister Slaybaugh. But before it was over, before the final solo by Del Delker marked the close of another thrilling Adventist conclave, the attendance at the May 3 annual youth congress at La Sierra College overflowed every seat and standing space in the auditorium, continued into the La Sierra church (where loud speakers

relayed the program) and spilled over onto the lawns all over the campus.

Highlight of the meeting was the relating of their conversion-healing miracle by the Slaybaughs and Berkley Jones. But other features added their contributions too. The Lighthouse radio broadcast—conducted entirely by youth in Riverside—provided inspiration and excellent music. Bill Hubbs of San Bernardino told how the Lord has helped him win one after another since his own baptism just a month or two ago. Del Delker sang many beautiful solos. President H. H. Hicks challenged the youth to "Win by Sharing." And, in a fast-moving episode, fourteen young people were invested as Missionary Volunteer Master Guides.

Elder Charles Martin, conference M.V. secretary, was in charge of the congress. Elder J. R. Nelson, Pacific Union M.V. secretary, and others, assisted.

Comments passed by many as they returned to their homes in the evening testified to the fact that this was undoubtedly among the most helpful youth congresses in a long time.

### Evangelism Through the Vacation Bible School

Christ was anxious that in our busy program of preparing souls for the kingdom we would not overlook the priceless value of the souls of children and youth; therefore, in His final charge to Peter first of all He said, "Feed my lambs."

A boy or girl saved for Christ means that a life in its entirety has been plucked from the burning. If rightly guided, its talents and energies can be used for the cause of God.

This is the appraisal the Lord places upon our endeavors to reach their youthful hearts. "The soul of the little child that believes in Christ is as precious in His sight as are the angels in heaven." Vol. 4, p. 591. And then again He challenges us in this way: "We may bring hundreds and thousands of children to Christ if we will work for them." *Counsels to Teachers*, p. 172.

Realizing this, why then should we not exploit every avenue possible in this thrilling field of child evangelism.

In an endeavor to help our churches meet this need we have encouraged each pastor to open the doors of his church to the children and teen-agers of his community at some time during

the summer months for two or three weeks of a vacation Bible school.

Last year five such vacation Bible schools were conducted in our conference, and every pastor was well pleased with the splendid success that attended the effort.

One pastor stated that two of his finest baptisms resulted from a contact first made through a teen-ager who attended his vacation Bible school. Both she and her mother were baptized.

Another pastor says there are nine new members in his Sabbath school who were first contacted through his vacation Bible school.

These pastors gathered a strong group of lay workers about them who understood children and enjoyed working with them. They organized carefully, planning a daily morning program similar to the following:

- 9:00- 9:10—Opening Exercises  
 Song Service  
 Lord's Prayer  
 Salute the Flag  
 Offering
- 9:10- 9:30—"Adventures In the Bible"  
 9:30- 9:50—Bible Lesson Workbooks  
 9:50-10:05—Games
- 10:05-11:00—Handcraft (Vocational Honor)
- 11:00-11:15—Calisthenics and Marching Drills
- 11:15-11:45—Stories or Progressive Classwork
- 11:45-11:55—Songs and Closing Exercises

Church members went from door to door giving a verbal invitation to the children and leaving a printed announcement. In every case the attendance grew as the program progressed, and one junior girl expressed the general reaction when she said, "I wish we could have vacation Bible school all summer long!"

Along with the evangelistic potential of this plan we should also realize that our own boys and girls are greatly benefited and encouraged along the pathway

of righteousness as they too participate.

We must face the facts. According to a recent survey made by Elders Keld J. Reynolds and L. A. Skinner, we are not doing enough to shepherd our primary and junior boys and girls. Startling as it may seem, we lose 26.8% of those baptized before the age of fifteen. Yet this is our most fruitful field of evangelism—we must do more to hold them.

In view of this fact surely the Lord would be pleased to see a strong vacation Bible school conducted in every church during the summer months of 1952.

### The Euphonic Male Choir

The fourteen voice Euphonic Male Choir, consisting of business men of Loma Linda and surrounding communities, began to take shape in June 1949. All members have joined voluntarily because of the joy and satisfaction they get from singing God's message.

The choir has Esther Nixon-Atchley, as its leader and director. A graduate of Pacific Union College, Mrs. Atchley has continued voice studies. As director of this choir she also appears as soloist.

The choir has had many opportunities to share in the spreading of the third angel's message. They have been requested to sing and have sung in communities, churches, and evangelistic meetings in California, and Nevada, including the 1950 General Conference at San Francisco. Now they have had two record albums made; one featuring the choir alone, the other with their directress, Esther Nixon-Atchley, soprano soloist, accompanied by the choir.

### Good News from Southern

Those who are acquainted with Elder Arthur W. Spalding know that he writes excellent articles for our youth, and that he also is the author of a number of books for children and young people. "Sister White" is the title of a book written for children but also one in which adults will be delighted.

This life of Ellen G. White is a delightfully new presentation of the personality and character of the human

instrument God used to bring counsel and guidance to His last-day church. It is filled with interesting anecdotes and incidents from the author's personal association with Mrs. White, and not published before. The beginning of the Advent Movement, the hardships and trials of the pioneers, and other stories about Mrs. White are told with a charm that will interest, please, and instruct all Primary children. If a child reads this book or has it read to him it will cause him to have a desire to read books written by Ellen G. White.

### Newbury Park Academy News Notes

*Annual Fair* The Newbury Park Academy held its annual fair and open house on Sunday, March 30. Exhibitions from the dairy, farm, poultry, science department, hobby clubs, Spanish department, music department, and different types of missionary activities were displayed in the academy gymnasium. A booth for the fine Medical Cadet Corps gave an idea of the excellent training the boys and girls are receiving. The three splendid shops with their complete sets of fine tools displayed, were also open, showing the Farm Mechanics, Woodworking and

### Open House

Federated Dorcas Societies of the Southern California Conference are preparing for an open house. There will be a display of floral designs; flowers of all descriptions that can be used for Sabbath school. Also arts and crafts which will be of interest to all. The date: June 8, 9, 10. The place: 3200 Post Street, Los Angeles. The time: 11:30 a.m. to 3 p.m. There will be a bride and bridesmaid display, something new, something special, that will interest all. Bring your friends and spend a pleasant hour. If anyone has a special piece of work and would like to exhibit it, please phone CA 6136. Dorcas leaders, please call. There will be plenty of parking facilities at the Lincoln Park school playground. All are welcome.

 EVANGELISM SUMMER  
 CAMP

Carpentry, and Auto Mechanics shops. Along with friends and parents, 230 eighth-graders visiting Newbury Park on March 31 saw these displays. On Sunday and Monday afternoons a program was presented to the parents and friends. This included numbers from the choir, band, girls' vocal trio, trombone trio, clarinet trio, and several solos. The trampoline team also presented some items. Each student and faculty member feels that they have had a very good year thus far in all their spiritual, mental, and physical activities. Each student is striving more diligently for the goal of perfection, especially after Elder Graham Maxwell from Pacific Union College gave the spring Week of Prayer studies, pointing out that perfection should be our goal if we are to attain eternal life.

**Ingathering** The Newbury Park Academy swung into action when 72 students and faculty members, using all available cars on the campus, went out for an evening of singing bands and solicitation for Ingathering. All felt rewarded when they returned with \$98 for their first evening's work. The second evening they brought in \$101.

**Band Activities** The Newbury Park Academy Band took part in the Band Festival held recently at La Sierra College. Nearly three hundred band members from the various academies played together under the baton of Lester Oaks, guest conductor and coordinator of instrumental music for Riverside City Schools, and the conductors of the various bands.

**Pageant** An interesting pageant of the history of America was presented on a recent Saturday night by the students. The chorus was especially featured. The fine new velour curtains on the gymnasium stage were appreciated.

**Commencement Week** The 27 seniors of Newbury Park Academy have practically completed their plans for the Commencement week end, May 30 to June 1. The speakers chosen are, Principal Frank E. Rice, Elder D. R. Loutzenhiser, and Elder John Osborn.

### Readiness for Camp Meeting

"What is so rare as a day in June." Then, if ever, come perfect days—and camp meeting, June 19-29.

Camp meeting is a time to which scores of young people look forward. No other occasion brings such encouraging returns. This year very careful con-

sideration is being given to make the program for the youth tent the most spiritual ever. Among the speakers engaged for the youth meetings will be: Elders H. M. S. Richards, Arthur Roth, Arthur Bietz, Thomas Blinco, Edward Heppenstall, and Clark Smith.

### Cedar Falls Summer Camps

Boys' — Ages 9-11, July 6-13

Ages 12-15, July 20-29

Girls' — Ages 9-11, August 3-10

Ages 12-15, August 17-26

We are anxious that every eligible junior camper, ages 9-15, will have the thrill of coming to Cedar Falls this summer. An excellent program has been planned, emphasizing out-door activities.

Circulars introducing a plan to help the juniors earn their way to camp have been sent out to the missionary secretary of each church. MILLER BROCKETT.

### Simi Valley Church Organized

It was a joyous day for the Moorpark company on March 29 when they were organized into the Simi Valley S.D.A. church, with twenty-seven charter members. Elder R. R. Bietz, president of our conference, gave a challenging message on the fundamentals of our faith that are the pillars of our spiritual edifice. R. G. Lewis, conference secretary-treasurer offered the devotional prayer. Worshipful musical selections were provided by local talent.

In similarity to any structure to be

built, there has been foundational ground work laid through the years. Nineteen years ago a group of less than a dozen held a branch Sabbath school in Moorpark for about six months, in the exact place where the present church was organized. During the intervening years active laymen have held Bible studies, cottage meetings, and laymen efforts.

Brother Harry Schrillo is well known in the valley, and five or six years ago held meetings in his home in Santa Susana, and later in the local Lions Club. This interest was largely garnered by the organization of the Newbury Park Academy church.

The right arm of the message has done its work in opening the door into this region. Dr. J. O. Jones has a medical center in the valley, with Miss Rae Anna Brown as the "missionary nurse" as she is known. Their influence is felt far and wide. The writer visited a housewarming the leaders of the community gave to our doctor and his family when they moved into their new home. The hostess, one of the leading Methodists of the community said, "I'm sure you are a Seventh-day Adventist like our doctor, for it is plainly written upon your faces. You must have something in your religion that we do not have."

About three years ago two brothers, Harry and Leonard Mead, held a laymen's effort in Simi. Harry Mead owned a blacksmith's shop, where the effort was held two nights a week for several weeks. Each evening before the meeting they would cover the machine and implements, and unfold the chairs. They made themselves a little pulpit, and recorded gospel songs on a wire recorder that would play as their accompaniment in the song service. They dedicated a tomato crop to pay for advertising expenses, of which about \$100 remains toward a new church building.

The only conference-sponsored evangelistic effort was held last autumn in Moorpark. The tent first used here was swept down by the wind, and on March 15, the first date set for the church to organize, bridges and roadbeds were swept away by torrential rains. Erection of the lighthouse has been achieved regardless of 'quake, wind, and storm, to spread abroad its beams to this community.

The charter members are: Mrs. Bertha Apperson, Rae Anna Brown, Mrs. Grace Collins, Mrs. Joyce Crarry, James

### Sabbath School Picture Rolls

Practically every Sabbath school in our conference is providing amply for its children in the field of visual education through the picture rolls. This is one of the very best aids we have. Most of the Sabbath school secretaries are faithful in sending their used picture rolls on to the mission field. We supply a typed label to each secretary each quarter for this purpose. All that needs to be done is to wrap and mail the rolls. You might ask, are they used? Does the result justify the expense in time and money? Here is a tangible answer received from Brother Mansell, director of the work in East Africa:

"Dear Brother Kott: Thank you for the Picture Rolls and your letter dated November 18 which I believe I answered. The Picture Rolls came and we are putting them to good use.

"You would be happy to see the natives look at the pictures and ask questions. And better still, to see the lay preachers handle the material. This is a Catholic country and the priests are giving much trouble, having us surrounded.

"By the use of the Rolls, we have in the hearers' classes over 1000 souls. I hope to baptize at least 300 next year if they can be well prepared. The pictures make an impression on the people. The Lord can use such material to cause the natives to believe the message, because they are greatly impressed by visible things and pictures—so it is the R. C. church is so successful in deceiving by images. Please send us all you can. We can use this year another 25 easily. Thank you for what you can do. Five in a package registered is best. Mark 'No

value, printed matter.' Most sincerely, E. Mansell."

Think of it! *One thousand souls* in the hearers' class and *three hundred* planning to be baptized! Surely, it pays and also points out to us that the Sabbath school is designed and blessed of God to be one of our greatest and most effectual soul-winning agencies. It is doing a similar work throughout the world. Shall we be more faithful in joining wholeheartedly in its every endeavor?

CLARENCE C. KOTT.

### Camp Meeting

#### Meditation and Prayer Hour

Upon the suggestion of one of our laymen, we are planning something new at our camp meeting this year. Even though we have family worship in all the tents early in the morning, and a devotional meeting at 8:30, it is felt that a short period of prayer and meditation shortly after dinner would bring real spiritual help to all those participating. We are therefore planning each day a meditation and prayer period, 1:45 to 2:15. The program will be somewhat as follows:

1:45-1:50 Organ music

1:50-1:55 Sermonette

1:55-2:15 Prayer bands

The various prayer bands for the adults will meet in the large auditorium, and the young people's prayer bands will meet in the large Youth's tent. We believe that this period of meditation and prayer will bring many spiritual blessings to all. Surely, in this climactic day the people of the Lord need to spend more time on their knees. We are planning the entire camp meeting program with the thought in mind that our greatest need is that of spiritual regeneration. We pray that the Holy Spirit's workings will be evident in every meeting conducted.

The speakers and topics for the meditation and prayer services, beginning June 20, are as follows:

Friday, B. F. Williams—"Importance of Prayer"

Sabbath, A. E. Webb—"The Power of Prayer"

Sunday, D. R. Guild—"The Prayer of Thanksgiving"

Monday, J. D. Rhodes—"The Prayer of Confession"

Tuesday, A. C. Lien—"Public Prayer"

Wednesday, S. O. Martin—"Secret Prayer"

Thursday, Don Reynolds—"Prayer for Others"

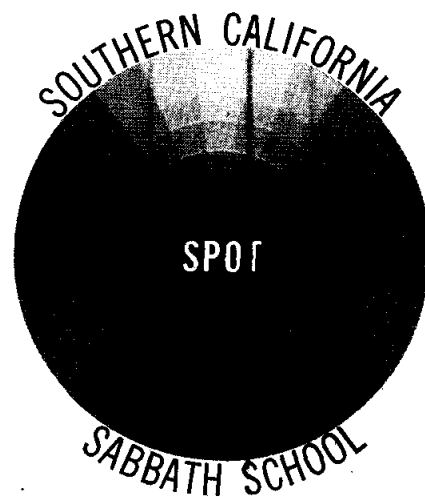

Friday, W. A. Dunn—"Prayer Meetings"

Sabbath, Merrill Enright—"Prayer for Healing"

Sunday, Win. G. Wirth—"The Perfect Prayer"

Continue to remember us as we prepare for this spiritual feast.

R. R. BIETZ.

The Seventh-day Adventist Church is organized for service, and in a life of service to Christ our connection with the church and the Sabbath school is one of the first steps. Loyalty to Christ demands the faithful performance of church duties. Among these, one of the most enjoyable and profitable is the work of the Sabbath school—for member, teacher and officer. This is an important part of the training of young people, and a Sabbath school that is imbued with the Master's life will lead the young man or the young woman directly to efforts for the world without.

Today in America the Bible is unchained. It can be carried by every young man and young woman to Sabbath school. It can be carried to the doors of truth-seeking men and women everywhere. There is no better avenue than the Sabbath school to help us as young people to "search the Scriptures," and then also to bid us, "go ye, and serve."

The work of consistently and regularly studying the Scriptures is a great and important work, and it is committed to God's young people today. In doing this they will be greatly benefited, for obedience to God's plan will not go unrewarded whether it be as a faithful

member or an enthusiastic teacher, or a consecrated leader. "The Lord calls for young men and young women to gird themselves for lifelong earnest labor in the Sabbath school work."

E. W. DUNBAR.

### Southern California Happenings

**Convention:** Elders Brockett and Simonson and Brother Don Palmer are in Washington, D.C. attending a Missionary Volunteer and Educational Institute.

**Lynwood Campground:** Our constituency will be glad to know that the new building under construction on our campground will house the camp meeting store, the hot foods and the Loma Linda Foods and hot sandwiches. This building is going to be a fine addition to our already splendid campground buildings. We know that you people will be greatly pleased to have these added facilities which will help us in operating a smoother and more efficient camp meeting program.

#### Camp Meeting

The young people of Northern California will be glad to know that very special plans are being made for the senior youth meetings at Lodi, June 12-21. Louis Venden will be in charge of the music for our youth tent, and among others, Elders Edward Heppenstall and D. A. Delafield will be featured in our services. Round-table discussions will be conducted on various youth problems. All young people who possibly can do so should arrange to be present for these meetings.

#### Summer Camp

Posters and application folders are being sent to pastors, M.V. leaders, and church elders. A free souvenir "Pinecrest" comb will be sent to the first 75 who send in applications for the early-teen and J.M.V. camps; to the first 50 who apply for the senior youth camp and Redwood Creek camp. Several new and different activities will be featured in the various camps this summer.

#### Earn Your Way

Those who care to earn their own way to camp may write to the Publishing Department, P.O. Box 149, Oakland 4, and ask for free instructions and sup-

plies for selling subscriptions or single copies of *Life and Health*.

#### Pathfinders

Our first Pathfinder bulletin has been mailed to the various Pathfinder leaders. About forty clubs are functioning in Northern California. We are anxious for the clubs to bring displays of their activities to camp meeting. We will have a good place to arrange these items.

### Napa Pathfinders

For three weeks the Pathfinders of Napa had been anxiously waiting for the afternoon of April 3. It was then that a tour of Travis Air Base, through the cooperation of Lt. Col. D. M. Hyland, had been scheduled. Finally the day arrived.

When we drove up to the main gate three military policemen met us and escorted us to our parking place. We then boarded a "mule train." As we traveled through the base our guide explained the different features and answered our many questions.

We were eventually escorted to restricted area and given a close-up of the famous B-36, the largest military airplane. Eventually we assembled in the briefing room. Here the purpose and functions of the Travis Air Base were explained and more questions were answered.

Our guide, T-Sgt. Lee Elms, then directed us to a C-97 transport plane, comparable in size to the famous B-29. The captain took us entirely through his plane and explained its various features. This type of plane is used to fly

the wounded soldiers from the Korean war area. The accompanying photograph shows the Pathfinders assembled in front of the C-97.

### Conference Press Meeting

On Sunday, April 20, over ninety ministers and press secretaries from Northern California met in the Sacramento Central church for an all-day conference.

J. R. Ferren, of the General Conference was present to lead out in the instruction. Elder H. B. Westcott, from Central California, presented a brief, but inspiring devotional service. Bill Oliphant, from the Pacific Union, also contributed to the discussions.

The Junior Dorcas society of the Central Sacramento church furnished an appetizing meal.

Judging by the interest and enthusiasm manifested by all who were present at the conference we may look for even greater coverage of activities of the Adventist churches of Northern California.

GLENN FILLMAN.

### Camp Meeting, 1952

We know many of you are interested in the coming camp meeting, and no doubt some of you are wondering about the program and the speakers. We have arranged with Dr. P. E. Quimby of Pacific Union College to give a study on the book of Daniel at 10 to 10:45 a.m. which will continue throughout camp meeting time. There will be a very interesting feature pertaining to

the home and related subjects in the afternoon during the hour of 2:45 to 3:45.

For the evening speakers we have been promised the following help through the General Conference: Elder W. A. Fagal and his Faith for Today television group, Elder D. A. Delafield of the *Review and Herald*, the Voice of Prophecy group, Dr. Edward Heppinstall and Elder A. L. Maxwell.

Naturally there will be additional features and meetings of interest for both young and old. We are looking forward to a real spiritual feast during this camp meeting, and we trust that you will lay your plans now and arrange for accommodations and plan to be present with the entire family.

### News Notes

We are happy to report to you baptisms during the month of April and those added by profession of faith, reported by the following: A. Catalano, 1; J. D. Hardt, 8; Claude Hall, 6; R. C. McPherson, 4; B. W. Mattison, 7; H. C. Retzer, 17; D. G. Sather, 3; L. E. Tucker, 7; and D. N. Wall, 8; making a total of 61 for the month.

Sacramento Central church has reached its Ingathering goal and exceeded it, but they do not plan to stop there. The singing bands will continue to work and the proceeds will be turned over to their sister church, Oak Park. We trust all our churches are doing their best to reach and exceed their Ingathering goals by the time of camp meeting. Oakland Japanese is the first Minuteman church.

### Special Camp Meeting Bulletin

A supply of our special camp meeting bulletin has gone to each church in the conference. If you have not received a copy of this bulletin please secure one from your church missionary secretary, or contact us.

You will be interested in the many special sales and free gifts which will be offered as attractive features during camp meeting. Also, bear in mind that a 10% discount will be in effect on all trade books, and 15% discount on Bibles. This will be an exceptional opportunity for you to increase your home library as well as to secure literature for missionary purposes.

We will look for you at the Lodi Camp Meeting, June 12-21.

### Books for Graduation Gifts

What more appropriate gift could one make at graduation time than a good book? A writer in the *Publishers' Weekly* stated:

"The book trade accepts as good competition watches at one end of the scale of giving, and flowers at the other; but books are a gift suitable at any age level—at elementary graduations, at high school graduations, at college graduations, books fit in each case into the dignity and significance of the occasion."

Your Book and Bible House has a large stock of character-building books suitable for all ages, as well as our important denominational books and a good selection of Bibles. We solicit your consideration of a good book when choosing a graduation gift.

V. D. DORTCH.

### Yosemite National Park Sabbath School

The world-famous Yosemite Park is visited by many thousands of tourists. Among these are many hundreds of Seventh-day Adventists.

The government grants free camping space for tents and trailers. The government, the Protestant churches, and the Curry Company have built a large, beautiful Church Bowl for religious services. Regular Sabbath worship is held there beginning the middle of May and closing the Sabbath of Labor Day week end. Our first meeting will be May 17, Sabbath school at 10 a.m., preaching at 11 a.m.

Come, bringing your camping neighbors, with a missionary spirit in your hearts and your musical instruments in your hands.

Many of our General Conference and other ministers and foreign missionaries on furlough spend part of their vacation in this beautiful, restful park. We have choice guest speakers throughout the summer months.

When it is too cool for using the Church Bowl, the meetings are held in the church at "The Old Village Store." Notices of religious meetings are posted on all bulletin boards in all public places.

Pray for us and all the visitors.

F. H. AND MRS. CONWAY.

The *Index* to the Writings of Mrs. E. G. White is just as inestimable an aid in an intelligent study of her writings as the concordance is to the study of the Bible. It is difficult to be without either, and, therefore, it should be in the library of every Bible student.

C. BECKER.

### La Sierra College

(Continued from Page 1)

announce to the constituency and students of La Sierra College this addition to our staff. Prof. Raymond Shelden has been acting head of the department since the retirement of Prof. Louis C. Palmer last summer on account of health problems. Professor Shelden will continue as a full-time member of the department. Another fortunate addition to the staff is Mrs. Louella Kretschmar, who has been on the staff of Walla Walla College as an assistant professor for a number of years. She holds a Master's degree from the University of Washington. Further announcement as to Mrs. Kretschmar's work will appear later.

### President Tours Inter-America

Dr. G. T. Anderson, president of La Sierra College, is touring denominational schools in the Inter-American Division during this month. Dr. Anderson was requested to visit the schools in order to unify the educational program in these colleges and academies and to consider mutual problems.

Dr. Anderson was invited to conduct the week of prayer at the West Indian Training College in Jamaica, and, although he was unable to spend the whole week at that school, he led the devotional exercises on the days he was there.

He will return to La Sierra on May 26. During the trip he will visit schools in Cuba, Santo Domingo, Haiti, Colombia, Panama, Costa Rica, Guatemala, and Mexico.

### Orchestra to Play May 17

The L.S.C. Symphony Orchestra, conducted by Prof. Alfred Walters, will give its final concert of the school year in H.M.A. at 8 o'clock the evening of May 17. The program will include a

piano concerto by Prof. H. Allen Crow, accompanied by the entire orchestra. The college choir will join the orchestra in two numbers. There will be no admission charge.

### These Times Honored

In competition with other religious publications of the Protestant churches in the United States and Canada, *These Times* magazine was recently awarded second place for "eminence in general effectiveness" at the thirty-third annual Associated Church Press Convention in Washington, D.C., April 18.

Judging was done by Dr. Frank Mott of the University of Missouri, School of Journalism. In commenting on the award he said: "*These Times* has a first-class cover, good printing and layout. It has excellent journalistic feeling. It looks interesting and is." Another one of the judges said, "The Kodachrome covers used by *These Times* are of excellent quality." Another citation by another judge called special attention to the "excellence of illustration" in *These Times* magazine.

*These Times* was awarded a specially inscribed scroll reading: "The Associated Church Press of the United States and Canada makes this award of merit. *These Times* in competition with other member publications of The Associated Church Press for the year 1951 is awarded second place for eminence in general effectiveness."

There are now 111 Protestant church magazines and periodicals represented in the Associated Church Press, which has its conference annually. Among the magazines represented are some of the most influential and some with the largest circulation in the United States. It was indeed a signal honor for *These Times* to be awarded so high a rating among these powerful and influential publications.
