

As the World Seeks Peace

"Psychiatrist Found Hanged"—these were the words of a headline in a recent morning newspaper. The article that followed stated that this man had held the rank of number-one psychiatrist, a top authority. As I read this account of a man who had studied the workings of the human mind, and who had important degrees after his name, I thought of the 8,000,000 alcoholics and addicted drinkers in the United States, ninety-five per cent of whom are among the average or intellectual group of our country.

The wisdom of this world does not satisfy the deeper longings of the heart. We are told in the book *Temperance*, page 132: "Lift up Jesus, crying, 'Behold, the Lamb of God, that taketh away the sin of the world!' John 1:29, A.R.V. *He alone can satisfy the craving of the heart, and give peace to the soul.*" (Italics supplied.)

God has entrusted us with a knowledge of His saving grace in a world where men and women everywhere are seeking to satisfy the deeper longings of the heart by so-called pleasure instigated by Satan, the destroyer of souls. These intemperate habits of using stimulants or depressants are universal, from the devil worshipers in Borneo to the Christian nations of the Western Hemisphere.

In regard to tobacco, a stimulant, Mrs. White states: "Multitudes have fallen victims to its poisonous influence. They have surely murdered themselves by this slow poison."—*Ibid.*, page 57.

She also states, "Strong drink is regarded by many as the only solace in trouble;" then adds this sobering thought: "but this need not be, if, instead of acting the part of the priest and Levite, professed Christians would follow the example of the good Samaritan."—*Ibid.*, page 127.

Yes, God has entrusted to us a knowledge of His saving grace. In a world that is made insensible to the gospel through intemperance, "Publications upon health reform will reach many who will not see or read anything upon important Bible subjects. The gratification of every perverted appetite is doing its work of death. Intemperance must be met. With united, intelligent effort make known the evils of beclouding the powers that God has given, with wine and strong drinks. The truth must come to the people upon health reform. This is essential in order to arrest the attention in regard to Bible truth. . . .

"Many of those looked upon as hopelessly depraved, will, if properly

Five Hundred Missionaries Kept From Serving!

Can it really be so? Is it possible? Could the fact that 38.5 per cent of our church members are not attending Sabbath school mean that we are keeping five hundred missionaries from serving?

Let's analyze the statement. During 1960 our Sabbath school members throughout the Pacific Union Conference gave a little over \$1,500,000 to missions through the Sabbath school. This entire amount was sent on to the General Conference, where it was used toward the support of some 2,000 missionaries working in 189 countries in

instructed in regard to their unhealthful practices, be arrested with the truth. Then they may be elevated, ennobled, sanctified, fit vessels for the Master's use. Go with your hands full of proper reading matter, and your heart full of the love of Christ for their souls, reaching them where they are." *Ibid.*, pages 251, 252.

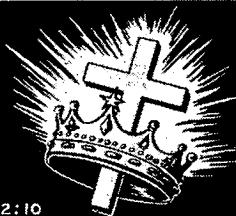

"I feel distressed as I look upon our people and know that they are holding (Continued on page 2)

791 languages. Now let us assume that the \$1,500,000 was given by only 61.5 per cent of our total church membership, for statistics reveal that only that percentage is attending Sabbath school. This undeniably reveals the fact that if 100 per cent of our church membership participated in the Sabbath school to the same extent as the 61.5 per cent did in 1960, we would have sent on to the General Conference over \$2,400,000, or \$900,000 more. Now some algebra. If \$1,500,000 support 2,000 missionaries, then \$2,400,000 would support

upwards of 3,000 missionaries, so the title of this article is a conservative statement. We must, however, also assume that all of the 38.5 per cent who denied themselves the blessings of attendance at the Sabbath school did not deny themselves the blessings of giving to support our world-wide mission program.

You say, "This is a serious situation," and we agree. The Sabbath school needs you, but of greater importance—"You need the Sabbath school." Just think of the blessings that people from "every nation, kindred, tongue and people" have been denied because five hundred missionaries have been kept from serving. This almost overwhelms us. Now think of the blessings that 38.5 per cent of our church membership have missed because they have not participated in the program of the Sabbath school, and then the many who not only have stayed away from Sabbath school but have also denied themselves the blessings that come from giving.

Something to think about, isn't it? "Five hundred missionaries kept from serving!" Are you responsible?

What Will You Give for Freedom?

Early this year the Supreme Court of the United States will deliver its formal opinion relative to the constitutionality of state Sunday laws. Hearings on the instant cases were held last December 7. The ultimate decision as rendered will establish judicial precedent and will mark a milestone in constitutional history.

The current Sunday law cases, combined with a broad spectrum of other religious liberty issues facing the world generally, point to the months ahead as dramatic ones.

Whatever the event or issue, *Liberty* magazine has achieved its objective of summarizing and analyzing in dynamic form the fundamental challenges to and victories for religious freedom.

Six colorful issues of *Liberty* are published each year. On Sabbath, January 21, each dollar that you place in the offering plate of your church will provide a complimentary year's subscription to some civic leader in California.

Glendale Academy Temperance Club Promotes Bumper Strips

The Glendale Union Academy Temperance Club, with a membership of about 60 students, has been carrying on a very active temperance program. The first activity of the year was a field trip to Glendale Municipal Court. Chapel programs have included speakers such as Deputy Lee Stahl of the Los Angeles County Sheriffs Narcotic Detail, speaking on narcotics, and Elder F. A. Soper, editor of *Listen* magazine. One of the most successful activities has been a project to put the "Safety Demands Sober Drivers" bumper strip on hundreds of Glendale cars, with the bumper strips provided through the courtesy of the Southern California Conference MV Department.

In promoting these strips, our first contact was a call upon Glendale Chief of Police Carl R. Eggers and Traffic Lieutenant Charles M. Kneller. These men gave their hearty approval to the project, and we made an appointment for the club officers to put these bumper strips on Glendale police cars. Pictures of Temperance Club officers putting on these strips appeared in two local newspapers. Chief Eggers also invited representatives of the club to attend the December meeting of Operation Safety to present the bumper strips to officials there.

A Temperance bumper strip is placed. Shown are, left to right: Glendale Chief of Police Carl R. Eggers; Traffic Lieutenant Charles M. Kneller; Glendale Union Academy Temperance Club vice president, Sally Brown; and the club president, Gordon Bietz.

At this luncheon, Gordon Bietz, Temperance Club president, explained our project, after which about 500 bumper strips were distributed to representatives of various local organizations. The Burbank Police Department also took bumper strips for their patrol cars. Then a few days later Gordon Bietz made a brief talk at the Rotary Club, and at the close of the meeting about 200 more strips were distributed.

Bumper strips have also been distributed by club members to several local Adventist churches, so that altogether about 1,600 bumper strips have been used. **JOE ENGELKEMIER, Sponsor,** Glendale Academy Temperance Club.

Ingathering Victory

Nevada-Utah does it again! INGATHERING VICTORY has been achieved!

On January 3 the total amount of Ingathering received in the conference was \$28,441.36. This is more than an average of \$20 per member.

We thank God for His signal blessing on the efforts of all our members as they faithfully supported this campaign. The school children loyally did their part, too. Without the help of every one the goal could not have been attained.

Many of our members went out night after night, often in bitterly cold weather, to solicit funds for the work of God. One family in Reno brought

in over \$500 total through their faithful participation in the caroling program.

These diligent efforts of our members proved successful and the result has been a glorious VICTORY. A hearty THANK YOU to each one who participated in this campaign. Faithfulness has paid off!

Coordinated Evangelism in Hawaii

December 19 was a very important day for the pastors of Hawaiian Mission. Planes from the neighboring islands brought our pastors together with the pastors of Oahu in the Honolulu Central church where a new plan called "Coordinated Evangelism" was to be discussed. First, Elder B. W. Mattison presented a spiritual challenge to each pastor to do his best in soul winning along with the laymen. He stated that we must not draw back, but go forth with a new vigor to urge people to accept Christ regardless of the cost. The individual who accepts Christ may have trials to bear, but we must not limit the power of God to help them out of their difficulties and make of them strong Christians, he said. Several statements were read from the Spirit of prophecy on the subject of winning our neighbors to Christ, and then the objective of "Coordinated Evangelism" was set forth in this brief statement of purpose:

Coordinated Evangelism is an effort to apply the above counsel [Spirit of prophecy statements] by uniting all the departments of the local church and Mission into an all-out evangelistic thrust. It proposes to send out church members two by two in Bible study teams, presenting one cottage meeting per week for eight weeks, followed by some type of public follow-up campaign in which the pastor, with the help of all the church, will endeavor to bind off the interest.

The pastors carefully studied the plan as it was presented step by step until all understood how it was to operate. A vote was taken and the group of pastors as a whole voted enthusiastically to implement this program in their local churches. They were convinced that such a program would bring more souls to Christ as the ministry and laymen work together. The observation

was also made that such a program meets the divine blueprint as laid down by the Bible and the Spirit of prophecy.

The suggested timetable for this major "evangelistic thrust" will be:

- February 11—Rally Sabbath
- February 11-18—Training Period
- February 19-April 15—A Series of Eight Bible Studies
- April 15—Follow-up Campaign

Every willing layman in Hawaii is needed to make this plan a rousing success. If you haven't volunteered to help in the Coordinated Evangelism program in your local church, do so at once. What a thrill to know that throughout Hawaii we are all working on the same time schedule! Remember, God is counting on you to "help win more than one in sixty-one."

Central Colporteurs Make History

Into non-Seventh-day Adventist homes during 1960 went \$204,000 worth of Seventh-day Adventist literature in Central California Conference. This is the largest delivery record in the history of this conference, placing Central California in fourth place among the conferences of the United States. In addition, your faithful literature evangelists prayed in 5,917 homes, and enrolled 7,895 in Bible correspondence courses. The Voice of Prophecy tells us that at least one in each 150 of these applicants will result quite immediately in a baptism. The colporteurs gave away 31,417 pieces of free gospel literature, took 111 people to church with them, and started studies with 237. Known baptisms as a direct result of their efforts during 1960-14. There will be hundreds more, I'm sure.

Paradise Valley School of Nursing

The capping exercise at the Paradise Valley School of Nursing was conducted December 17 under the direction of the school faculty. Administrator Frank E. Rice gave the address, encouraging the young people to be true to Bible standards and God's world-wide work of medical missionary nursing.

Mrs. Rosalie Wainer led the class in the recitation of the Nightingale Pledge. Mrs. Marjorie Stowe, instructor in Fundamentals of Nursing, pre-

sented the class to Mr. Rice for regular membership in the school.

The charge was given by Miss Bertha F. Parker, director of the School of Nursing, exhorting the young people to cherish their caps and chevrons, remembering that the caps and chevrons are symbols of all that is fine in nursing. She urged that they endeavor to be the "King's (sons and) daughters all glorious within," striving each day to be the "finest nurses, the kindest nurses, and the most considerate." The class of 26 students representing ten states is as follows: Constance Benedick, Carolyn Blumberg, Alma Bustamante, Marian Cheneweth, Eloise Diaz, Karen Eder, Ellen Fall, Ardyth Gilbert, Connie Hager, Kenneth Haynes, Ivaleen Higgins, Lavonne Hurd, Lilly Koyano, Janie Loadholt, Norma McNealley, Jimmie Matory, Naomi Miller, Patricia Moran, Ruby Murphy, George Myers, Felisa Narito, Beverly Parfitt, Suzanne Pifer, Gloria Premier, Janice Southwick, and Carol Zerbe.

The world needs today what it needed two thousand years ago—a revelation of Jesus Christ. In ministering to the sick one has the opportunity to serve as Christ served as He went about doing good and healing all who were oppressed, Who spent more time in healing and teaching than He did in preaching.

Those interested in studying nursing at the Paradise Valley School of Nursing should get their applications in soon. The school is accredited by the National League for Nursing, approved by the State of California, and also approved by the Board of Regents of the General Conference of Seventh-day Adventists.

The importance of the religious liberty work was discussed and counsel was given by Elder Johns as to the importance of special efforts being put forth in the legislature in Sacramento. Instruction was given on how to watch for bills and how to organize to cover the important areas each day. Elder Gabriel Arregui was elected as chairman of a special committee to see that every bill is at least scanned each day, and the ministers will take turns in going to the Capitol, five days a week during the entire session, and report on the bills.

This activity reflects a deep interest in the cause of freedom in America and especially in relation to religious freedom.

These men will be in a strategic legislative center at Sacramento, the State Capital, and will be a strong factor in the constant vigilance that must be maintained in the separation of church and state.

They will also watch for legislation along educational lines, labor relations, and civil rights.

This is the first organization of its type set up in the Pacific Union, and pioneering work will be done by the group on all phases of religious liberty. We solicit your prayers as we seek to keep in touch with our times in this great State of California.

W. B. BRISTOW, *Secretary,*
 Religious Liberty Department.
